Portland Water Bureau - Bull Run Filtration Project

Dear Lyda Hakes,

Thank you for inquiring about our ability to provide water services through the Portland Water Bureau (Water Bureau). Your proposed project located in Gresham, Oregon across from 35319 SE Carpenter Lane is adjacent to our facilities and is not served by nearby Pleasant Home Water District (Figure 1 & 2). The Water Bureau has capacity to serve your anticipated load.

The owner is responsible for costs associated with the permitting, construction of, and connection to the water distribution system. The project's design team will need to assure that the final design meets code requirements.

Sincerely,

Kristin A Calvert

Kris Calvert
Supervisor, Portland Water Bureau Development Services
