Number	Response Date	Response Text
1	7/31/2012	Rockwood Library is the community's "unofficial" community center. This has been so for a number of years and will continue to be so for some time to come. It is a multi-cultural center, and does a great job of providing services to the multi-cultural communities. People of all ages use this library. My sister has a lower salary now, due to the economic situation, and she checks out videos from the library often. Magazines are popular because they are expendable in this economy, but still enjoyed.
2	7/31/2012	Seems pretty well used
3	7/31/2012	Very will used. It is a important part of the community
4	7/31/2012	who cares?
5	7/31/2012	Quite well - It is always buzzing with quiet activity...
6	7/31/2012	very busy
7	7/31/2012	Well used.
8	7/31/2012	Very well. The Hillsdale Library gets so much natural light since its renovation, and there are always plenty of people there.
9	7/31/2012	regular activity
10	7/31/2012	The Hillsdale library is a great resource for the Hillsdale community. Kids from the local schools utilize it. It's always been a busy place.
11	7/31/2012	I don't know
12	7/31/2012	The NW branch always seems very busy, and well used. It seems to be a real hub of neighborhood activity.
13	7/31/2012	Very well used
14	7/31/2012	I's very crowded
15	7/31/2012	I don't understand this question. How much is it used? Is it used in proper ways?
16	7/31/2012	The Albina library is always quite busy when I'm there.
17	7/31/2012	Very.

18	7/31/2012	The Belmont location is always pretty busy, even with it's limited selection. I think the majority of people are using it for activities and pickup.
19	7/31/2012	I would say it is very well used.
20	7/31/2012	I believe it is very well used, being downtown. Whenever I am there I see plenty of people using all aspects of the facility. The Hillsdale library also seems essential to their neighborhood.
21	7/31/2012	Always busy.
22	7/31/2012	Well-used!
23	7/31/2012	Extremely!! There is always a crowd waiting to get in before opening.
24	7/31/2012	Very well used. Sometimes it's difficult to find a place to park.
25	7/31/2012	Always busy- used by people of all ages.
26	7/31/2012	Very
27	7/31/2012	I am not inside often, but in the area frequently...and people are always coming and going in and out of the building.
28	7/31/2012	It's loved and well-used!
29	7/31/2012	Seems to be very well used.
30	7/31/2012	It always seems very busy! (Belmont) It's small but cozy and I can always get books fast there!
31	7/31/2012	they are busy and seem to be efficient getting the materials i want and the computer services i need.
32	7/31/2012	Very well used.
33	7/31/2012	Holgate Library is always busy with kids using computers and doing homework, people reading or using the computer and groups of people attending the great programs for the public.
34	7/31/2012	Extremely well used... I wouldn't know considering I haven't been to the library in a very long time. Multnomah County Libraries and I don't have a very good standing right now...
35	7/31/2012	Ambiguous question. In terms of by me and my family, not as much as we used to. In terms of people we see going there, a fair amount from when we've gone there/driven by.
36	7/31/2012	Always busy, variety of ages.
37	7/31/2012	Very well used
38	7/31/2012	Very well used. There are always lots of people coming and going from Central as well as looking at books, reading, and using computers inside.
39	7/30/2012	The Kenton Library is great! It always seems to have a healthy number of people in it, but never feels over-crowded. I'm typically able to find a couple of "impulse" check outs, as well as utilize the hold/transfer system to have items available for pick up closer to my home. [] My brother, who is currently living with me while he looks for a job, used the Kenton Library daily. He's able to check his email and use the wi-fi to check job listings and other information. It's been a great resource for him!
40	7/30/2012	A lot. I have to really look for parking sometimes for my library
41	7/30/2012	Usually very busy whenever I go in

42	7/30/2012	The Hillsdale branch is always busy. People in this neighborhood love the library and use it often.
43	7/30/2012	Very well used, very busy. Hard to find a place to sit and read or use personal computer. Good turn out for kid's storytime.
44	7/30/2012	well used, but not packed like central library or belmont
45	7/30/2012	Well used. I'd use it more if there were a branch in Montavilla.
46	7/30/2012	Very well.
47	7/30/2012	Every time my husband and I visit the library, there are lots of kids and teens as well as adults and families using the library. Sundays are especially busy! If people aren't in church on Sunday, it seems like they're at the library.
48	7/30/2012	Very. I love it.
49	7/30/2012	All the branches that we go to regularly always seem to be very busy. I have to wait in line to ask a question or check out materials (if not using the self check). This is not a bad thing!
50	7/30/2012	Always lots of people there during the day.
51	7/30/2012	It always seems to be busy. At opening time there is always a line of people waiting to get in.
52	7/30/2012	Whenever me and my family go to the library, therer are always many people there on the computers or looking for books.
53	7/30/2012	The Kenton and Gresham Libraries are very well used, in my opinion. It always appears busy when I am there to check out books
54	7/30/2012	I know that the three libraries I have mentioned above, Central, Sellwood, & Woodstock are well used by all age groups. But, to have them all open at the same days seems ridiculous. Only Central, located on on SW 10th. should be open all the days of the week and for longer hours (Mon. - Thurs., 8:00am - 10:00pm; Fri. - Sat., 8:00am - 8:00pm; Sun., 12:00pm - 8:00pm). As to the parking the City of Portland should validate free rides on Max for those who want to go downtown to use the facilities of the Central Labrary. As to libraries that are close in proximity to each other they should be open everyother day, i.e. Sellwood & Woodstock.
55	7/30/2012	it's always busy
56	7/30/2012	Very well from my personal observations
57	7/30/2012	I use it every week or so, but access the library every day via the website.
58	7/30/2012	It is extremely busy and for the amount of traffic, it seems like it would have more resources and a wider selection.
59	7/30/2012	My local library seems busy every time I go, which is at least once a week if not more.
60	7/30/2012	Seems to be used alot. I question whether everyone there is using it as a library. some appear to be using it as a shelter.
61	7/30/2012	Very well used.
62	7/30/2012	The branches, when I have been in them, always seem busy (maybe too much so? or that could be the children...)
63	7/30/2012	Very well used.

64	7/30/2012	Both Sellwood and Belmont branches are busy each time we visit. Oftentimes, seating space is at a premium.
65	7/29/2012	It seems to be very busy every time we visit.
66	7/29/2012	it seems that it is very well used and is always full.
67	7/29/2012	Very well used. It is always busy.
68	7/29/2012	It seems like it is pretty well used - everytime I go in I probably see at least a dozen people. The Belmont library Page Turners bookclub is often well attended, with 15-20 people showing up regularly.
69	7/29/2012	Very!
70	7/29/2012	Very well used.
71	7/29/2012	It is always busy. People reading, using the internet, checking items out, etc.
72	7/29/2012	very busy all the time. Need to be open more hours
73	7/29/2012	It's usually busy
74	7/29/2012	Well used.
75	7/29/2012	Always busy!
76	7/29/2012	It's a very busy place and a vital community resource.
77	7/29/2012	It always seems pretty busy.
78	7/29/2012	Very well, busy every time.
79	7/29/2012	My husband picks up audio books that I order. The 2 libraries indicated are well used.
80	7/29/2012	Always full of folks!
81	7/29/2012	The rumor is that Central is second - busiest after Brooklyn.
82	7/29/2012	It is always busy.
83	7/29/2012	not sure
84	7/29/2012	I usually go to the Hillsdale Library. Every time I have been there I have noticed many people using the libraries many functions, including the computers, kids story times and checking out books. This library seems to be well used by the community.
85	7/29/2012	It is not empty
86	7/29/2012	Very well--high volume.
87	7/29/2012	VERY! It is a wonderful asset to our city.
88	7/29/2012	Very actively used anytime I visit.
89	7/28/2012	The St. Johns location always seems to be busy when I visit the library
90	7/28/2012	I am not live there anymore, but when I was, I really enjoy the resources you have because that help me formy homeworks. Thanks for that. Greetings.
91	7/28/2012	The central library is used VERY intensely.

92	7/28/2012	I find the Gresham Library to be continually busy no matter what time of day I come. Its unfortunate that due to change of hours, we are not able to come as often as we used too. The 5pm closure is a definite deterrent to working people that use the library after work. I visualize school children unable to use the library because of weekday closures; and unusual hours. Does this mean that Oregon Libraries do not care for education any longer. Very sad.
93	7/28/2012	The library is usually crowded.
94	7/28/2012	very popular
95	7/28/2012	My perception is that it is well used. I usually place books on hold from home and then visit the library to pick up the books.
96	7/28/2012	St. Johns is very well used, and is well supported by the local community.
97	7/28/2012	Very well used.
98	7/28/2012	quite frequently, I appreciate the longer hours twice a week, it helps with my schedule working 11 hour days
99	7/28/2012	Our Woodstock library is very well used. There are usually people lined up to get inside before the doors are opened.
100	7/28/2012	Very well, always busy
101	7/28/2012	There is a continuous group of people here using the services provided. Its also like a refuge and a safe place to come and study, look for work, other areas of interest, read, check out books. I'm thankful it is here.
102	7/28/2012	very well, it's always busy.
103	7/28/2012	Don't know. I'm really only interested in ebooks for the Kindle via Library2Go.
104	7/28/2012	Very well used, it is always busy.
105	7/28/2012	Plenty
106	7/28/2012	Both North Portland and Albina always seem to be fairly busy. They are a LOT more used than the libraries I went to in California.
107	7/28/2012	It is a vibrant, well-used community center, used by school children--a place for them to do homework, etc. after school, younger tots and their parents, and the computers are often all being used and their are many people using laptops. Plus, the yearly tax help program. All the staff at the Woodstock library are so helpful, and the gals at the information desk, though they often have a number of people to help, always give me the unhurried help I need.
108	7/28/2012	Very well used. If anything, it is prone to be overcrowded. But the staff handle it well.
109	7/28/2012	Busy
110	7/28/2012	Very
111	7/28/2012	Very well
112	7/28/2012	very

113	7/28/2012	You don't need to ask me that. You know. It would get more use from me and many others if they returned the library to what it used to be. During the Belmont remodeling they ruined everything! Worst of all the chairs and tables were removed, the #1 feature of a library, and now there is nowhere to sit except on the floor, which happens a lot every day. They installed way more self service checkouts (which replaced the chairs and table) so now the librarians have nothing to do much of the time. You could reopen on Mondays again if you had one or two less librarians per shift. At the least you'd save money. Those self service checkouts are poorly designed and the library while acknowledging that has refused to fix them. I refuse to support the library until they get new directors who know how to save money and run a people friendly library.
114	7/28/2012	It is used a great deal but holds are taking over the physical space...
115	7/28/2012	It is busy, full of people of all ages, with lots of media and books circulating. I love to use the "holds" feature.
116	7/28/2012	Extremely well. Albina and Hollywood are always full of adults and children, and there are always people checking out materials when I'm there. I occasionally visit other branches, and I've never been to one that wasn't full of activity.
117	7/28/2012	I only pick up my HOLDS and then leave; I cannot say how well used it is.
118	7/28/2012	Extremely well used.
119	7/28/2012	Very well used
120	7/28/2012	Extremely well used. Husband says I have a branch of the library at our house I have so many books
121	7/28/2012	Very well used.
122	7/28/2012	Well used
123	7/28/2012	extremely
124	7/28/2012	Very well used!
125	7/28/2012	Both the Kenton and Hollywood libraries, which I frequent most often, seem quite busy. The Kenton library has an especially lovely sense of community. It feels very family and neighborhood oriented. The Storytime librarian, Diana, has taken great care to learn every child's name.
126	7/28/2012	Very well used. There are almost always many people using the computers and reading in the library when I visit.
127	7/27/2012	the Hollywood Library is too small for the number of people who use it. Sometimes there are so many people there it is hard to find a place to be.
128	7/27/2012	Very well used
129	7/27/2012	Very well!
130	7/27/2012	Very well used. Almost always busy.
131	7/27/2012	Very well used.
132	7/27/2012	Very well, always people there.
133	7/27/2012	seemingly well used.
134	7/27/2012	Very well used

135	7/27/2012	Epecially crowded Saturdays
136	7/27/2012	very busy
137	7/27/2012	overused
138	7/27/2012	Busy all the time
139	7/27/2012	Extremely well used. This is a critically important asset in our community.
140	7/27/2012	There are always people there and the programs seem to get attendance as well.
141	7/27/2012	very well used. By mothers with small children to book clubbers to teenagers/early 20's surfing the net to seniors browsing/checking out the books.
142	7/27/2012	Pretty well, I see at least ten other people there basically anytime that I go to the library.
143	7/27/2012	It is busy every weekend. There is usually a 10 minute wait for computer access. Sometimes a wait for the catalog.
144	7/27/2012	Very
145	7/27/2012	well used
146	7/27/2012	Always busy, highly used.
147	7/27/2012	The North Portland branch, which is my local branch, is always extremely busy. I am always glad to see so many people of all ages making use of such a fantastic community resource. I also use the Central Library and I am amazed to see how many people are in there each and every time I visit.
148	7/27/2012	Appears very well used. Lots of people always in there.
149	7/27/2012	always busy when I go
150	7/27/2012	Very well used
151	7/27/2012	it's always crowded and always a wait for a computer
152	7/27/2012	I use it frequently. I love it.
153	7/27/2012	Very well
154	7/27/2012	very much always busy alot of people. I LOVE IT
155	7/27/2012	Very well used.
156	7/27/2012	The St Johns Library is often busy, filled with people.
157	7/27/2012	Always busy
158	7/27/2012	We go there frequently,although usually only to browse and to pickup and drop off checked out books. It's almost always quite busy. I used to use the Central branch much more when I worked nearby, but now I use the local library almost exclusively.
159	7/27/2012	I used to use it all the time to rent DVDs but fell out of the habit.
160	7/27/2012	I resent this question, as you are not asking it honestly. Please ask honest questions on your surveys (rather than leading questions to obtain the results you desire). Shame on you.
161	7/26/2012	Consistently full of all ages, nationalities, interests.
162	7/26/2012	It's always a lively place full of people!
163	7/26/2012	used
164	7/26/2012	Always busy when I'm there.

165	7/26/2012	very
166	7/26/2012	Very
167	7/26/2012	There are always people around. I think its very well used.
168	7/26/2012	I think the Gregory Library is offering an excellent service for our neighborhood. The library offers a great educational place for the diverse community who lives in our neighborhood. For example, the Cully neighborhood has a diverse low-medium income ethnic group. I noticed how much students from African American, Hispanics, Caucasian and Ethiopian use the library services. Next, the senior and adult population from Cully and Rose City neighborhoods also use the library services.
169	7/26/2012	All libraries I use are generally very busy when I stop by. I don't use the library computers, but many do. I enjoy being able to find reference materials, books for pleasure reading, music and DVDs at my local library!
170	7/26/2012	very well
171	7/26/2012	Fantastic!
172	7/26/2012	Seems very heavily used.
173	7/26/2012	It looks busy every time I go in.
174	7/26/2012	not really sure as I use the ebook system remotely
175	7/26/2012	It seems pretty full of library-goers each time I walk in.
176	7/26/2012	Very--it is often full of people at the seating areas.
177	7/26/2012	Very well used (and well loved)! I especially appreciate the access to e-materials since I am a Kindle user now.
178	7/26/2012	very
179	7/26/2012	Midland always has many, many people using it. It is very important to me to see it remain as excellent as it has been.
180	7/26/2012	By me, or in general? By me, it is used extremely well. I love it! By everybody else, I don't know.
181	7/26/2012	seems well used when I visit. Plenty of people around
182	7/26/2012	I mostly use online services and book reservations
183	7/26/2012	Very
184	7/26/2012	It's always busy.
185	7/25/2012	it is well used by me. i don't know about others
186	7/25/2012	Very well used as far as I can tell. Always busy in there.
187	7/25/2012	It is a popular place.
188	7/25/2012	Extremely busy and crowded. It is so well used that I often cannot find a place to park.

189	7/25/2012	I use my local library so frequently it is like a second home to me. I can not even imagine it not being there - it would be like losing a big chunk of my life. My thirst for knowledge is fulfilled because of the library.
190	7/25/2012	Excellent service ! from reception to out side door
191	7/25/2012	Very
192	7/25/2012	All library branches I go to are well used and appear to have high circulation.
193	7/25/2012	I don't know.
194	7/25/2012	Seems pretty heavily used when I pop in.
195	7/25/2012	Very well! It's always busy whenever I'm there after school hours and in the early evening!
196	7/25/2012	Quite
197	7/25/2012	It's very busy
198	7/25/2012	busy on most days
199	7/25/2012	It seems to be pretty busy when I drop by, which is at least once a week :).
200	7/25/2012	Belmont Library is always busy. Even when it is closed, people are dropping books in the window, or hoping to get in.
201	7/25/2012	Very. People waiting out side the doors daily for it to open in the mornings.
202	7/25/2012	it is very popular. There are always lines of people waiting for the library to open. There are always waiting lists for people to use the computers. It is a small library, so there are very rarely the books that I am looking for and I usually have to reserve them online and then wait until they arrive at my library. I love the library!
203	7/25/2012	I'm not there enough to say.
204	7/25/2012	I live in Chinatown, so the central library is my home branch.[] Of course, it is filled with people every time I go! We need our libraries more than ever in these times. They bring people together, in a positive and supportive environment. Also one sees young and old people being brought into contact, in the pursuit of information, or recreation.[] A free and democratic society is founded on the idea of a well informed and educated population. The libraries are a critical and integral part of that system. I cannot praise the library enough, nor adequately express my gratitude and love for it. Funding the library should never even be a question, in my opinion!
205	7/25/2012	Very well used- the Belmont branch is always quite busy
206	7/25/2012	Very - always lots of people, even waiting for the library to open.
207	7/25/2012	The library is always busy,people using computers,classes being given
208	7/25/2012	As far as I can tell, it's well used. Every time I go in, it's full of people.
209	7/25/2012	There is always a line before the doors open and I've never seen it empty.
210	7/25/2012	Our local library is generally very busy. It's a big part of the community.
211	7/25/2012	always looks busy and happy in there, a joy to step into the local branch (Albina) at pretty much any time

212	7/25/2012	Seems pretty well-used
213	7/25/2012	Definitely well used, usually busy on Belmont. Central is a madhouse as we all know. I have never seen this library empty. Also the Librarians that read the stories for the children, actually know some of the children by name and if they do not know their names they still greet them. I have personally used the computers and have had to go on the wait-list at times. I've taken my nephew to the story-time for preschooler's and there have always been a good amount of children. We have borrowed books, books on CD, and have put books on hold online. I would say it is very well used.
214	7/25/2012	It seems well-used. When we go (mostly on weekends) there are lots of people utilizing a multitude of services.
215	7/25/2012	It's especially crowded now on Tuesdays.
216	7/25/2012	Very well used
217	7/25/2012	It is always busy with kids and people on every computer. always, always, busy.
218	7/25/2012	Very! I'm never at the Central Library without witnessing streams of people entering and leaving, and every floor/department is well-subscribed with readers and researchers.
219	7/25/2012	there are always people, including myself, outside the Belmont branch, waiting for the doors to open.[]
220	7/25/2012	The Central library is very busy every single time I'm there
221	7/25/2012	It always seems to have people using computers, looking through book shelves and DVDs.
222	7/25/2012	The library is a huge bonus to the community. Children study and enjoy literature there, parents find great books for their kids. Adults come to get help navigating on-line data bases. People meet there for interesting and informative programs that are free and unique. We love our Libraries!!
223	7/25/2012	Quite.
224	7/24/2012	Very well used. It is constantly busy.
225	7/24/2012	usually very busy
226	7/24/2012	It's always busy when I go there.
227	7/24/2012	Very
228	7/24/2012	Hollywood always seems to be busy, and people arrive on Mondays in droves... and now have to leave :(
229	7/24/2012	Central is ALWAYS busy.
230	7/24/2012	I see people there every day I visit.
231	7/24/2012	Very
232	7/24/2012	I always see people at the branches and computer use seems very popular.
233	7/24/2012	Always busy with people - young and old
234	7/24/2012	Very
235	7/24/2012	Heavily used-always crowded
236	7/24/2012	It is quite busy usually.
237	7/24/2012	very
238	7/24/2012	Very well!

239	7/24/2012	<p>always seems to have a semi-full house when I visit; staff is very friendly</p> <p>Okay, so I'm following up from the other day because I find I have more to say.[] (Which means I filled this out once already, so you can disregard the answers to the multiple-choice sections this time; I'm just filling them in to get to the comments parts.)[]</p> <p>[]</p> <p>So after filling out the survey last time, I went back and tried to figure out how to check out e-books online, which is why I had been on the site in the first place (before finding your survey, which of course was not possible to pass up).[]</p> <p>[]</p> <p>Turns out you can't even begin really unless you type in your library card number and PIN. (Apparently, I mean. I'm assuming that if I *had* typed these in, I would have gotten somewhere useful.) Well, all right, if that's the way you want to do it. So I typed in my card number and hit the 'forgot PIN' option, since I never had a PIN and I figured it would tell me how to get one.[]</p> <p>[]</p>
240	7/24/2012	<p>It didn't. It didn't do anything. The page didn't change except that the number I'd typed in disappeared. The page just sat there waiting for me to type in my number again. No error message, no explanation, no nothing.[]</p> <p>[]</p> <p>Now, I'm sure my card is expired. Haven't used it for years, and a library card is such a sensitive high-security thing that they do have to expire periodically or how would you ever know WHO was reading books for free? It could be terrorists! Or people reading too many books perhaps and thereby costing somebody money. Somehow? So of course the cards must expire. Which I expected. And I expected the site would explain that and direct me to a page where I could renew online, and I'd do so and we'd get on with it.[]</p> <p>[]</p> <p>But that's not what the site did. It didn't do anything.[]</p> <p>[]</p> <p>So here you are asking me for money, and here I am wondering why on earth I'd voluntarily give you any. Since you don't seem to have joined this millennium -- it's twelve years old already, and the internet is of course much older than that -- and since you seem more interested in *stopping* me from reading ebooks online than in making it possible for me to do so.[]</p> <p>[]</p>
241	7/24/2012	<p>In fact I'm wondering -- and this isn't the first time, but it's the first time anyone has asked -- why I need a library card at all in</p> <p>It appears to get really good use!</p>
242	7/24/2012	<p>Very much - always pleasantly busy.</p>
243	7/24/2012	<p>very well used. People wait for it in the morning.</p>
244	7/24/2012	<p>Very. Every time I go to the N. Portland library it is a bustling community hot spot. Its location on the 72 bus line and proximity to PCC makes it a perfect place to find books, CDs, DVDs, comics, etc. as well as see some of the folks in my neighborhood. Even when I arrive near closing time to drop off some materials, the library is full of people. I wouldn't have it any other way.</p>

260	7/24/2012	Quite well
261	7/24/2012	All of the libraries I use in the system are used heavily and important resources for myself and many of my friends
262	7/24/2012	The Sellwood library is a hub of the community. There are always patrons utilizing its services.
263	7/24/2012	It always seems busy.
264	7/24/2012	very very good
265	7/24/2012	It seems always busy.
266	7/24/2012	very well used
267	7/24/2012	well used
268	7/24/2012	Everytime I go into the library it is busy. There are people all ages looking at books, using the computers, and asking questions or seeking help.
269	7/24/2012	It is always busy when I visit.
270	7/24/2012	Pretty well used, I think.
271	7/24/2012	Very well. Computers are always busy.
272	7/24/2012	Always seems busy, from families with young children, to all ages using the computers.
273	7/24/2012	very - always crowded.
274	7/24/2012	very
275	7/24/2012	Seems busy.
276	7/24/2012	Very well used!
277	7/24/2012	The Gresham Library is always busy, but I believe the elimination of some hours would be okay. Especially if an alternative location (Troutdale) was open during the day that Gresham was closed.
278	7/24/2012	Extremely well used, the community needs the library to be open, it is an invaluable resource for so many people.
279	7/24/2012	Very well! There are always people there when I stop by.
280	7/23/2012	It is always busy. Our whole family enjoys going there at least once a week and sometimes more. It is conveniently located with easy access from our home.
281	7/23/2012	Our library always seems to be busy & is very valuable to our community.
282	7/23/2012	very well used
283	7/23/2012	There are always at least a dozen people in the library when I visit; there are people of all ages and the computers (in particular) are almost always in use.
284	7/23/2012	Very well. It is always busy and active when I go.

285	7/23/2012	The parking lot is always full and that doesn't count the many parents that drop their children off and pick them up later. So I would say the Midland Branch is very well used. They offer free events that are well attended. The computers are a sought after commodity. A published survey that was taken of the area indicated that this region is comprised of low income families, many of which require ESL classes. The resources available at this library as well as the sensitivity of the people that work at the library are not a luxury; they are a necessity. Thank you for your fine service. I hope we will soon have the library open on Mondays in the future.
286	7/23/2012	Always packed.
287	7/23/2012	well used
288	7/23/2012	The St. John's library is always busy. A line forms at the door prior to opening and it hums all day and weekend. Not knowing the library was closed on Mondays now, my daughter and I went last week, and we were two of about 8 people who showed up to use the library at that time only to be turned away.
289	7/23/2012	Woodstock library appears to be quite busy every time I visit there.
290	7/23/2012	NW is a small location, but with the sharing ability within the library system we can always get what we want easily. We love our libraries.
291	7/23/2012	I use mail from central
292	7/23/2012	The Woodstock branch is always busy.
293	7/23/2012	Very!
294	7/23/2012	Always busy when I am there.
295	7/23/2012	Seems to be fairly well used.
296	7/23/2012	Every time I visit the NW public library branch it's full & there are no parking spots available. There is always a wait for popular titles, and all the computers are being used. It is a very busy and a community gathering place.
297	7/23/2012	Very, very well used. I live across the street and regularly see folks lining up when the doors open in order to obtain internet access, use the computers, read magazines and check out books ("non-holdable" new releases).
298	7/23/2012	Very well used. Gregory Heights is always busy.
299	7/23/2012	Every time I go there seems to be quite a few people not crowded but well used.
300	7/23/2012	very
301	7/23/2012	They always seem busy with people.
302	7/23/2012	It seems to be constantly busy.
303	7/23/2012	It appears very well used.
304	7/23/2012	It is always crowded when I go in. I mostly use the library to request or place holds on materials and then pick them up. I usually browse a bit when I am in the building as well.
305	7/23/2012	very well
306	7/23/2012	Very well used.
307	7/23/2012	My family uses it 2-3 times a week. I cannot imagine not having it.

308	7/23/2012	It seems no matter what time of day I go to the Holgate branch it is busy. I see a mix of ages from very young to senior citizens.
309	7/23/2012	great, lots of people, good staff--alas, tough parking.
310	7/23/2012	There are always patrons in the library checking out new materials. The children in the libraries are always engaged and take advantage of the story hours, etc.
311	7/23/2012	The Albina branch always seems busy and full of people, so I would say it gets used well.
312	7/23/2012	It seems to be very active in all aspects Holgate Branch is always busy and that is a good thing. ☐
313	7/23/2012	☐ Library branches in disadvantaged neighborhoods should have the highest priority. Low income families need the services provided desparately.
314	7/23/2012	Seems pretty busy most days.
315	7/23/2012	Very well used - always full of people.
316	7/23/2012	seems very well used...
317	7/23/2012	It always seems busy. Lots of people on computers, in the stacks and at tables. Lots of children too
318	7/23/2012	It always seems to be very busy when I'm there!
319	7/23/2012	very
320	7/23/2012	It's nice but has way too many homeless folks walking around. I would use it more often if it didn't resemble a homeless shelter.
321	7/23/2012	It seems very well used when I am there which is Fridays, weekends and after 6:00 on weekday evenings. I see a wide range of individual uses: young people on the computer, young families with children looking at books, seniors.
322	7/23/2012	seems quite busy every time I go
323	7/23/2012	very well used

327	7/23/2012	very well

329	7/23/2012	Very busy most times I am there.
330	7/23/2012	Our local library is a lifeline for us. We do not have access to TV.
331	7/23/2012	Very well used
332	7/23/2012	I would say it is well used -- there are always people there, and there is often a line before it opens.
333	7/23/2012	always packed with people
334	7/23/2012	Always seems busy when I drop in.

335	7/23/2012	Very!
336	7/23/2012	We are new near the Belmont Library and are not yet familiar with its patterns. The Woodstock library, where we were before, appeared well-used whenever we were there.
337	7/23/2012	Very busy, well used
338	7/23/2012	no very well
339	7/23/2012	Very busy all the time

341	7/23/2012	Very. There are always people using the computers, parents with children and the conference room has meetings going on.
342	7/23/2012	Belmont is always bustling, especially with people getting books and media on hold.
343	7/23/2012	VERY!
344	7/23/2012	Question is not specific enough.
345	7/23/2012	I always see many people there browsing the shelves, returning/picking up items, and using the computers. The hold shelves are always filled with books so you know people are requesting them.
346	7/23/2012	It's busy all the time, so I guess it is successfully utilized.
347	7/23/2012	Very well used
348	7/23/2012	Very well-used - there are so many holds, that they have had to reduce the number of books shelved.
349	7/23/2012	too well!
350	7/23/2012	It seems very well used. There are always people in the library when I visit
351	7/23/2012	It always seems to be extremely busy, in all areas but especially the computer access.
352	7/23/2012	Very well.
353	7/23/2012	I think it is well used. My room mate picks up many books, media materials that we both share and enjoy. It is wonderful to have this library close to home.
354	7/23/2012	I don't know for sure. But whenever I go there I see plenty of people.
355	7/22/2012	It always looks really busy.
356	7/22/2012	VERY busy
357	7/22/2012	well used
358	7/22/2012	always lots of people. usually people standing outside waiting for it to open.
359	7/22/2012	Very well used. It's always busy.
360	7/22/2012	I always see a lot of people in the library when I go in.
361	7/22/2012	Very well used. Always busy when open, but adequate service has been available. I don't know if there will be sufficient staffing since the July 1 reductions.
362	7/22/2012	Extremely
363	7/22/2012	I am most familiar with the Rockwood branch, and there are always several people there when I go in. When I get there around opening time, there are always a couple other people waiting for it to open. The "hold" rack seems to always be full and the computers are well used.
364	7/22/2012	very

- 365 7/22/2012 We love our Woodstock library... as a family we can ride our bikes there and enjoy looking through books...so thankful that we can go on line to make requests that we can have transferred to our neighborhood library and pick them up there.... Portland has great libraries... let's keep them open!!!

- 367 7/22/2012 Very well used
- 368 7/22/2012 There are always lots of people there when I go.
- 369 7/22/2012 my closest branch is on 80th ne sandy . point is the area is in transition and i feel uncomfortable walking the to blocks off my bus line w/ my three year old. we dont actully visit location unless i am picking up stuff i request on line. not used who be my view. thou i belive that is changing.
I have no way of rating this. Compared to what, and how would I know?[]

- 370 7/22/2012 (In answer to question 2 above, I said I hardly ever use the library. That's true now. A few years back I used it regularly, and came to this site today to see what the situation is with borrowing e-books [before getting side-tracked into this survey]. If it turns out to be possible, I'll use the library more again.)
- 371 7/22/2012 I'm not sure what you mean by this, but the libraries I use are consistently full and busy with lines in the customer service area and self serve check out
- 372 7/22/2012 I would say that the Woodstock library is used fairly often by many of the families in the community as a resource for books and media.
- 373 7/22/2012 The parking lot is alway full and I see many on the computers.
- 374 7/22/2012 Most times I visit all the computer stations and public seating areas are occupied and there are others looking through the stacks.
- 375 7/22/2012 seems well used.
- 376 7/22/2012 Appears to be very well used.
- 377 7/22/2012 well used
- 378 7/22/2012 I think that my library is very popular, but it does not look run down at all.
- 379 7/22/2012 It is extremely busy!
- 380 7/22/2012 very well used
- 381 7/22/2012 Very well used. Always lots of people there whenever I visit.
- 382 7/22/2012 It seems to be always busy and well used. It's a terrific resource for our neighborhood!
- 383 7/22/2012 ok - very busy after school (wilson hi). parking underneath often full; parking otherwise difficult. lots of computer users.
- 384 7/22/2012 There are always people in the library when I'm there.
- 385 7/22/2012 We as a family use it all the time, and our branch seems always busy with a lot of traffic.
- 386 7/22/2012 It's busy everytime I go there. People are using the computers and reading. The parking lot is always full.

387	7/22/2012	The local Kenton branch is used a lot by the local families. I tend to avoid it because I feel unwelcome (no family). I'm not a grump, kid's are awesome, but I like a cozy quiet place to read. Glad to see the "community" space though. The library presence is really supporting the growth in the area.
388	7/22/2012	Usually busy
389	7/22/2012	There is a lot of traffic in and out of the library! It is an important resource for the community for job seekers and researchers. Also very important to keep kids engaged in learning and learning to read!
390	7/22/2012	I love my local library. It's a fantastic resource. The people that work there are kind and helpful and it's always a pleasure to go there. I rely heavily on the inter-library loan system and am so thankful for it.
391	7/22/2012	Very well used
392	7/22/2012	How would I know? It is always busy ...
393	7/22/2012	always busy
394	7/22/2012	Very well used
395	7/22/2012	Very well.
396	7/22/2012	Our local libraries are constantly busy! There always seems to be a line waiting to use the computers, and the holds shelves seem to always be full. I am constantly finding a stack of hold on the books I am interested in. It seems to be a great place for youth (perhaps students off of school) to meet, study, do homework, and find joy.¶ ¶ I personally love to use our libraries for research on current projects I am working on--everything with making my own soap to starting a non-profit to bolster learning and the arts in our community.
397	7/22/2012	The library is full of people all of the time. I have space issues and it makes it hard to look for books during peak hours.
398	7/22/2012	We use the library a great deal, nearly every weekend. Both of my kids regularly checkout and read 8 or 9 books a weeks.
399	7/22/2012	The Belmont Library is an Amazing library with the most helpful staff around. It's always busy when I go visit. I'm very thankful for this library and the staff!! Thank YOU!! Blessings-Kris Hendrickson
400	7/22/2012	Very well used by others
401	7/22/2012	It is always very busy. I used to live by the Albina branch and frequent that one weekly, and that one was always busy, too.
402	7/22/2012	My guess is that you would have better data on that than I would - at least I hope so. But there always seem to be people there.
403	7/22/2012	Belmont is always busy, there is a line that forms prior to the opening daily.
404	7/22/2012	Very well used
405	7/22/2012	always a flurry of people in there and the hold shelf is packed every time i go to pick up my materials!

406	7/22/2012	The Hollywood library is a great library! I really never could have wished for a better place to spend my summer. Every time go to the library it seems to be buzzing. I was really disappointed when I heard that the branches would all be closed on Mondays and that the hours were being cut. So many people rely on the library when I have been in the library in July it seems to be more crowded because of the cut hours. Please fix this problem...
407	7/22/2012	It is always full of people - hard to get a seat at one of the tables to read magazines.[] The programs are very full, you have to get there early.
408	7/22/2012	Very well used, there are always people there, and long hold lists for popular and new books.
		overly well used. The original Belmont building has some sort of historical designation so when it was remodeled the original building could not be torn down or[] changed although it could be added to.[]
409	7/22/2012	We are lucky that a big walgreen parking lot is next door as our parking lot is[] full usually. Because our parking lot is small we only have one handicapped space.[] Now that we can do our own check outs I don't see the huge lines and crush of people we used to have. [] I personally would come into Belmont more, but I am disabled and can not sit[] on chairs without arms (I can't stand long) something I alerted the Belmont staff about. I miss browsing there as much as I would like to find new authors. Instead I get my holds picked up and use the library on line.
410	7/22/2012	There is generally a line of people waiting for it to open and throughout the day it remains busy.
411	7/22/2012	It's a busy and popular place
412	7/22/2012	pretty good, I always see people there.
413	7/22/2012	It is a real asset to the community and seems frequented by many.
414	7/22/2012	I is very well used, it is always busy and serves a great community center.
415	7/22/2012	very well; it is a community hot spot
416	7/21/2012	The parking lot at Midland seems almost full every time I'm there to check out books
417	7/21/2012	It is always crowded every time I go in there. I would describe it as extremely well used.
418	7/21/2012	very well used
419	7/21/2012	very. It seems that it is always crowded when i go to look for resources or return books.
420	7/21/2012	It always seems busy when we go.
421	7/21/2012	the library always has citizens using it whenever it's open, a small detail is the location of the CD's, they are on shelves 6" from the floor, as a 6' 4" adult, it is virtually impossible to go thru the CD section to pick out some music
422	7/21/2012	about normal
423	7/21/2012	Very
424	7/21/2012	Quite busy.
425	7/21/2012	very well used

426	7/21/2012	Very well.
427	7/21/2012	Hillsdale is usually filled with patrons when I visit. There always seems to be a cross-section of people: all ages, parents with young children, people on computers, etc.
428	7/21/2012	I think it is moderately-well to well used. There are always people visiting when I am there, and I always see cars in the lot when I drive by, which is often.
429	7/21/2012	It seems quite busy.
430	7/21/2012	High usage in Hillsdale, close to Wilson High School.
431	7/21/2012	Hollywood is always busy when I visit the branch. It is a great location!
432	7/21/2012	The libraries are always busy; especially now with the reduced hours.
433	7/21/2012	packed!
434	7/21/2012	It seems to be very well used by a variety of community members. The children and school aged programs are especially beneficial in our neighborhood.
435	7/21/2012	The Salem library seems in constant use by the community. It is a valued resource for all of us.
436	7/21/2012	I don't fully understand the question.
437	7/21/2012	Whenever I go there, I see many people using the library. It has huge resources to meet the diversified needs of people who come to the library. People of all ages visit the library : students, adults and kids.. Besides checking in and checking out books and DVDs from the library, some sit there and read books or browse newspapers and magazines . Others use the computers or work on their PC and make print out of their documents. The library is always busy, and at certain hours and days it is filled to capacity. It has friendly, courteous and helpful staff. I see them offering fast and friendly service that encourages readers to visit the library more often.
438	7/21/2012	The local branch is always packed with people
439	7/21/2012	I see quite a few people there every time I go. I think it's a valuable community resource.
440	7/21/2012	It's always busy when I go in, so I can say that it is well used.
441	7/21/2012	It always seems busy
442	7/21/2012	Our Sellwood library is in constant use by so many people in our neighborhood!! It's always busy..please don't take it away.
443	7/21/2012	It is very busy most of the time. I would say it is very well used.
444	7/21/2012	It is fairly used
445	7/21/2012	EXTREMELY well used. It is one of the busiest branches in the system.
446	7/21/2012	Very well used by the community
447	7/21/2012	Pretty busy. Many children & adults attend.
448	7/21/2012	very well used
449	7/21/2012	It is always fairly busy.
450	7/21/2012	Very well used.
451	7/21/2012	Our library is hopping!

452	7/21/2012	I don't really understand the question...Do you mean, How much do I use my library (the branch which is closest to my home)? Or, how many people in general, use the closest library to my home? Or, how well used is the "facility", "books", "bathrooms", "computers" which are in my local library? Kinda vague question... I guess I will answer the first question which I wrote at the top. Well to be honest, I haven't utilized my local library much since I have a computer & Internet access now. I would say the last time I went was approx. 3 months ago. I used to go quite often, approx. 4-5 times/per week.
453	7/21/2012	It is very well used, and my day off's are only Sunday and Monday and after voting yes on the measure, only to have one of the days I had to be able to bring my daughter down to the library stripped away from me, makes me very upset..... I believe that instead of taking a day away, why don't you just split Tuesday's hours with Wednesday's and have those 2 days only open for 5 hours each, and a full day restored to Monday. That makes more sense.
454	7/21/2012	It is always busy any time I go in.
455	7/21/2012	Usually crowded
456	7/21/2012	Very!!
457	7/20/2012	Very busy since I have been attended within the last year. I have had too wait for use of the computer on just about every occasion.
458	7/20/2012	I always see many people there, and so many books on hold. It's part of how I judge a neighborhood by it's books on hold.
459	7/20/2012	there is often a line waiting for the library to open - every time I'm there it's a (quiet) buzz of activity - seems well-used and well-loved!
460	7/20/2012	normal usage i guess
461	7/20/2012	Very. It's always full of activity and people. We love our library and couldn't imagine living without being able to do the reading programs and check out books.
462	7/20/2012	Fairly well. The Wednesday program for toddlers is very well attended and the library often has patrons lined up outside before they open.
463	7/20/2012	The library is always bustling with folks and it is well-kept.
464	7/20/2012	Well used.
465	7/20/2012	Very well used!
466	7/20/2012	Very well used, it is always busy and full of people.
467	7/20/2012	extremely busy
468	7/20/2012	It is very well used.
469	7/20/2012	It is always busy and important to the neighborhood.
470	7/20/2012	Excellent!!
471	7/20/2012	Very
472	7/20/2012	used heavily
473	7/20/2012	Always seems pretty busy. (Central) Hollywood branch also seems busy.

474	7/20/2012	It seems to be busy no matter what day of the week or time of day I am there. I am self employed and therefore visit the library at varying times and days due to an ever changing work schedule.
475	7/20/2012	Very well used. My family and I really enjoy having this amazing resource in our community. I used it for work resources (im a nurse)and for entertainment (music, movies, books).
476	7/20/2012	Alot
477	7/20/2012	Let's put it this way, do I use the library based on the assessed property value...yes. Would I agree to the increased value to continue the libraries open door policy...yes. As a community service, this is a very valuable diamond in the rough for all.
478	7/20/2012	It's usually very crowded when I go there.
479	7/20/2012	Very busy.
480	7/20/2012	It seems to always be busy in ours!!
481	7/20/2012	It seems pretty well used.
482	7/20/2012	It seems to be very well used. Whenever we are there--and we go at various times during the week, both day and evening--it seems like there are many people there for a variety of reasons.
483	7/20/2012	Quite well. The Rockwood library strikes me for it's multi-ethnic flavor. It has a large selection of Russian and/or Ukraine material and a large number of patrons taking advantage of that.
484	7/20/2012	Very--it's never empty
485	7/20/2012	Well
486	7/20/2012	The libraries I visit always seem to be busy.
487	7/20/2012	I regularly visit one of four sites. All show heavy usage each and every time I visit.
488	7/20/2012	A wonderful community resource
489	7/20/2012	Belmont and Holgate are always busy when I'm there.
490	7/20/2012	It seems to be very active and well used.
491	7/20/2012	Every time I go, I see people everywhere.
492	7/20/2012	The Woodstock Branch is closest to my house. Every time I visit, it is quite busy.
493	7/20/2012	There are always lots of people when I go. The parking lot is often full and street parking can be hard to find.
494	7/20/2012	It has become the hub of our community.
495	7/20/2012	All of the libraries that I visit are well frequented. I try to avoid the Central Library because it is so busy, and the Hollywood library has a lot of traffic for such a small space.
496	7/20/2012	Very well used. Always busy but never too crowded
497	7/20/2012	Very! It always seems busy.
498	7/20/2012	The Central Library is VERY well used as far as I can tell.
499	7/20/2012	It seems fairly busy every time I am there.
500	7/20/2012	Very well used.

501	7/20/2012	The reason I do not use the library more often is that it is too well used by homeless. Twice i went into the bathroom to find someone using the sink as a place to clean up. And one of those times, i found signs of drug use. It's a shame because the central library is so beautiful and i'm just tired of the homeless taking advantage of free shelter.
502	7/20/2012	very well
503	7/20/2012	Always very busy and staff is always helpful but stretched.
504	7/20/2012	It is packed at Central. I use Rockwood a lot less, but when I do, it is also full.
505	7/20/2012	The Northwest Branch appears to be very well used by both children and adults
506	7/20/2012	Both Gresham and Midland always seem to be full of people whenever I go there - people on computers, doing research, looking for books on the shelves, etc. All areas seem to be used extensively.
507	7/20/2012	Very well used.
508	7/20/2012	Extremely busy at almost all times
509	7/20/2012	Very usefull to get informations I need them, such as DVD self help and entertainements.
510	7/20/2012	It seems to be very well used
511	7/20/2012	I go twice a week. It's always very busy, although I never have to wait to check out.
512	7/20/2012	Very well used. There always seems to be alot of people there whenever I visit.
513	7/20/2012	always many people there!
514	7/20/2012	It's got old used books and is full of people
515	7/20/2012	it is used too well. There is no place to sit anywhere, it is extremely loud (including the staff) and the place feels cramped and stuffy. Unfortunately, the actual book collection was greatly reduced to make room for holds.
516	7/20/2012	Very well used! Whatever time of day I am there, all of the computers are being used and there are many others in the library.
517	7/20/2012	By us? We visit maybe once a month to pick up items on hold. The library seems busy most of the time.
518	7/20/2012	I love my north Portland Library. Christopher Cuttone is always friendly and so helpful and full of great ideas
519	7/20/2012	busy. lots of people all the time. parking lot nearly full when I coe..
520	7/20/2012	well attended
521	7/20/2012	There are many people at the local library when I go there, and they seem to be all over. So I would say it is well used, and people seem to be using all parts of it.

522	7/20/2012	I don't feel it's used to its capacity for the right reasons. All of the libraries have become day care centers for the homeless and the occupants are unsanitary, hoarding the places at the computers while sleeping/dozing. If and when they finally relinquish their spot it smells so terribly that the patron waiting for a spot is reluctant to occupy it. As much as we sympathize with the homeless situation we feel that our libraries should not be a day time shelter for them.
523	7/20/2012	At capacity during busy times. Sometimes I can't find a place to sit.
524	7/20/2012	very well used.
525	7/20/2012	It's always busy when I'm there.
526	7/20/2012	seems to be very well used
527	7/20/2012	Very well used. People are waiting to get in mornings, kid-programs get filled, people are always there.
528	7/20/2012	The Hollywood Library is well used! A lot of people and children especially love going to their neighborhood library.
529	7/20/2012	The Belmont Library is well used and well loved. So is the one on Woodstock! If this question is regarding how well we use the library (unsure what it's asking exactly), we do use the library often. At least every other week or every week. The library resources (books, educational dvd's for my toddler to learn from, etc.) have been a huge blessing to us.
530	7/20/2012	Always see people waiting for it to open!
531	7/20/2012	Very
532	7/20/2012	It is always busy
533	7/20/2012	I'm new to PDX, but my impression is that both the libraries I use are actively and positively used by a broad spectrum of residents.
534	7/20/2012	Always seems to be busy when we are there. I love going to the library! We use it constantly.
535	7/20/2012	It's extremely well-used. There's always a crowd every time I go.
536	7/20/2012	very. there's a multitude of people present in the middle of the day.
537	7/20/2012	There are always a lot of folks there.
538	7/20/2012	very
539	7/20/2012	do not know
540	7/20/2012	I use it as a tool for reading and considering reading my own books their
541	7/20/2012	I see a lot of people there, it's an awesome library and people at my school often go there after school or for homework.
542	7/20/2012	For the central library, very well used.
543	7/20/2012	I'd say the Hollywood location is very well used. The N Portland location is used but not as well.
544	7/20/2012	It seems busy every time I'm there no matter what day.
545	7/20/2012	It's always busy when I'm there, and I love the Central library!
546	7/20/2012	Always seems crowded and well used
547	7/20/2012	very well used
548	7/20/2012	Always busy.
549	7/20/2012	

550	7/20/2012	used well. especially by families with young children
551	7/20/2012	I believe it is utilized well by the neighborhood. Until the cut backs I used the computer every evening when my Local Union post the jobs for the next work day. These postings open Monday - Friday at 5 PM, due to the cut back in hours I have had to rely on a neighbors computer to check.
552	7/20/2012	Capitol Hill seems to be very well used by the neighborhood.
553	7/20/2012	I believe it is very well used. There is always a variety of people there of differing ages and ethnicities.
554	7/20/2012	used a lot-usually busy- lots of people picking up holds; people accessing the computers; school age kids gathering to talk and study; kids, teens, and families browsing the juvenile and young adult areas; people just talking with each other-hanging out; lots of music CD's, DVD's, and talking books checked out;
555	7/20/2012	Both Hollywood and Albina are usually pretty busy from what I've seen.
556	7/20/2012	the place is always packed and people of all ages are engaged with the services available
557	7/19/2012	Extremely well used
558	7/19/2012	It is always full of activity and patrons. Very well used--there is always a crowd. Before opening and after closing there is also usually a group of 5-10 people milling about waiting for opening, wrapping up their visit, or lamenting the fact that they just missed it. The computers and tables are frequently full. Classes, story times, and events appear well attended. We go at least once a week, sometimes more often.
559	7/19/2012	
560	7/19/2012	Incredibly busy
561	7/19/2012	Very, very well used!
562	7/19/2012	Very well used.
563	7/19/2012	The computers at the Gresham library are always full. My family only uses the library to check out books and other media.
564	7/19/2012	there are lots of people there all the time. other than frequency of use, how do you measure "well used"? do you mean is it old and run down, lacking materials and staff? I don't know what you are wanting to know from this question.
565	7/19/2012	I think use at Central is way down, aside from street kids and homeless folk who seem to sit in there all day. At times I'm almost uncomfortable using the computers due to some of the behavior.
566	7/19/2012	The library is always bustling no matter when I am there. It provides computer access to members of the community who cannot afford their own. It is a vital part of the community.
567	7/19/2012	frequently used, no complaints
568	7/19/2012	Very well, often do not have a place to sit down.
569	7/19/2012	Quite. There is always a gentle bustle going on at the Hollywood branch. Not overcrowded, but always busy.
570	7/19/2012	Very well.

571	7/19/2012	Crowded since hours decreased.
572	7/19/2012	at least once a week, usually more
573	7/19/2012	I use your Outreach service for seniors.
574	7/19/2012	Pretty well used, always people coming in and out all day. Never sparse but also never packed.
575	7/19/2012	Very, I think.
576	7/19/2012	very well used
577	7/19/2012	used well
578	7/19/2012	Both Hillsdale and Central are vary heavily used by the public.
579	7/19/2012	Very well used. High traffic volume.
580	7/19/2012	Very well used The Belmont Library is a very busy place. I always see a line at the door when it opens, and there are always many people there when I visit. ☐
581	7/19/2012	☐ As for us, my children always have library books in the house. We make good use of our library.
582	7/19/2012	Well used. Always busy, good amount of ppeople reading, checking out items, using computers. (Based on Holgate)
583	7/19/2012	It appears to be well used, when I am there it is often quite busy.
584	7/19/2012	Lots
585	7/19/2012	VERY popular
586	7/19/2012	Gregory Heights library is always busy. Computers are usually all in use.
587	7/19/2012	Way too busy.
588	7/19/2012	Well. We use FVRL libraries more often because they don't charge overdue fees.
589	7/19/2012	maximally! I remember the Belmont branch before the remodeling of many years ago. Very happy to have my tax dollars going to upgrading our libraries, fixing bridges & pot holes and adding light rail. And defending our nation if she were ever to come under attack. Very happy with what I still think of as the new Belmont branch. Stellar staff, lovely place.☐ The Main branch downtown is someplace I have had mixed experiences with. I understand the challenges of serving a mixed clientele. The staff there deserve extra pay for some of the sleaze bags that provoke troubles there. Everything else about the place, considering the attack they have suffered due to underfunding, is superb. What a beautiful building! ☐ I have been to the Hollywood branch a couple of times and have found it to be typical, i.e., great building, wonderful staff, awesome books (when they are in). ☐ Basically, I love the county library system, but, we need to take a look at alternate funding.
591	7/19/2012	Always people there. It is a resource for the homeless in downtown Portland.
592	7/19/2012	Pretty well used. Both locations are normally busy when I visit them.

593	7/19/2012	Very! It's right by Jefferson high school and Ethos Music Center and I see families in there all the time and folks on the computer ALL the time. This library services a large party of low income and middle income families, educators and creative people in the area. I wouldn't be able to do some of my work and it's just an invaluable resource for me personally! I LOVE that library. Please continue and support this branch! ☺ Thank you!!!!!!!!!!!!!!!!!!!!!!
594	7/19/2012	It is always busy!
595	7/19/2012	There are always patrons in the library when I go.
596	7/19/2012	The Belmont seems well-loved all the time. It's always quite full of activity.
597	7/19/2012	VERY
598	7/19/2012	Each time I visit my local library it is always busy!!!
599	7/19/2012	We find the two libraries which we use, Central and Sellwood, to be extremely well used by both young and old
600	7/19/2012	very well
601	7/19/2012	always plenty full!
602	7/19/2012	Very well. Albina is one of the smaller branches and situated in a walkable neighborhood. Its standing room only on weekends, particularly in the children's section.
603	7/19/2012	Always used. Always people using computers, checking out books, kids with moms, etc.
604	7/19/2012	generally busy inside
605	7/19/2012	Very well used
606	7/19/2012	It seems to be in constant moderate to heavy use.
607	7/19/2012	Very. There are always a ton of people there when we go.
608	7/19/2012	always a lot of folks there taking advantage of the many things offered. Quite well, as near as I can tell. I go there about 10 times per year and there are always 10 - 20 patrons there, of all ages and several races.☺
609	7/19/2012	My own usage has dropped some this last year as I am pursuing an interest in 3D modeling where published material is too far behind what is happening in the field to be useful. I expect to go back to using the Library more in the next year or so. Using on-line catalogs with pickup of materials at my local branch has been very important, and will be so again.
610	7/19/2012	It is always busy! The NW library is very well used.
611	7/19/2012	very well used
612	7/19/2012	It's always busy. People lined up every morning at opening time. Lots of people using the computers. The children's special activities draws many parents with their children. Private spaces for audio/computer work are frequently occupied. People of all ages will be selecting books from the shelves. The library employees are always friendly and helpful.
613	7/19/2012	There are always people there
614	7/19/2012	Always busy. A real community asset.

615	7/19/2012	We use the library often and love it very much.
616	7/19/2012	It's consistently busy.
617	7/19/2012	The Central Library is the heart and soul of the entire library system in Portland. I see people in it all the time.
618	7/19/2012	very. There is always alot of people and children there. I use the North Portland branch, but also the kenton and freemont branches frequently. And sometimes we use the other braches. I always find the library well used at each of those locations.

622	7/19/2012	Serves as a community resource and refuge.
623	7/19/2012	Very
624	7/19/2012	Well used and loved. It makes the neighborhood, and is the anchor for N. Denver.
625	7/19/2012	always full when i go in there!
626	7/19/2012	It is usually very busy.
627	7/19/2012	Extremely well used -- usually busy
628	7/19/2012	The Midland library is ALWAYS busy. The computers are heavily used and sometimes we've been turned away for storytime.
629	7/19/2012	very well. often crowded with lots of children and teens and adults. some just stopping in to pick things up, others staying for hours or all day.
630	7/19/2012	Belmont and Central are always busy. Belmont is far too small for the population it serves. It is really quite sad that the abandoned East Portland branch has substantially more square footage.
631	7/19/2012	well used, always busy
632	7/19/2012	Very busy at the branches. Like ordering books online and then picking them up at a branch.
633	7/19/2012	Very well used by our neighborhood.
634	7/19/2012	I'm not quite sure what you are asking. How many people are there? It is usually always busy when I am there (Albina - lot's of kids and computer users) Hollywood (a mix of everyone) I mostly just drop off books at the North PDX location. I would love to see more of a book selection at Albina, but I know it's small. I would also love to see some of the older books weedec to leave more relevant options not hidden.
635	7/19/2012	I access the library as a resource tool through interlibrary loan. I also use the video collections extensively as affordable entertainment. I prefer to get books from the library instead of purchase them. I use the library for both inspiration and relaxation.
636	7/19/2012	It always seems busy.
637	7/19/2012	Very well
638	7/19/2012	very

639	7/19/2012	There are always lots of people there when I go.
640	7/19/2012	Very. It is a hub in the neighborhood. I can hardly go in there without seeing someone I know. It is a vital and energetic part of our neighborhood culture.

645	7/19/2012	It is always busy; it doesn't matter which branch I decide to visit either.

649	7/19/2012	always many people at the branch
650	7/19/2012	Library is well used. Computers are nearly always busy. Ages range from little children to elders whether on computers, using own laptop, or grouping at a table.
651	7/19/2012	it is always full of people no matter what time of day i go in. i am very glad we have this library in st johns. i do not know what i would do if it wasn't here.
652	7/19/2012	By whom? Not sure I understand the question. I use it a few times a month, and it's usually fairly busy, but I would think the library would have records that indicate how often each branch is used?
653	7/19/2012	Not sure, seems to be always somewhat busy.
654	7/19/2012	Very busy at all hours
655	7/19/2012	Very much used
656	7/19/2012	Very well used. It is always very busy with people who are researching, reading or looking for other media.

661	7/19/2012	Busy always
662	7/19/2012	I normally go to borrow books from the Center Library and return books to the Hollywood Library. It is very convenient that Hollywood library is close to where I live.
663	7/19/2012	Use has increased steadily over the years we have visited Gregory Heights. There are almost always a good crowd of people there.

668	7/18/2012	very busy most days

669	7/18/2012	very-
670	7/18/2012	there seems to be plenty of people inside if that's what you mean
671	7/18/2012	Kenton Library seems very well-used, lots of kids' programs. NorthPortland (assume that's the Killingsworth one) is always busy, lots of kids, especially after school.
672	7/18/2012	It always seems busy.
673	7/18/2012	Very well used
674	7/18/2012	Hollywood is always busy.
675	7/18/2012	one of the busiest in the country
676	7/18/2012	Albina is our local library, and it is always in use. It appears that it is most actively used by young readers, but it is a convenient pickup location for held books as well.
677	7/18/2012	It is always busy
678	7/18/2012	Our library is such an incredible asset to our community and my family. As a single mom you have played such an incredible role in my life - as my partner in crime - as a beacon of hope - you, the incredible connector. You have made me feel rich even during dark times. Dark times like when the electricity was turned off from loss of wages. But reading in the dark with flashlights on... thank you! It was a fun way to get through the darkness.
679	7/18/2012	It's always busy.
680	7/18/2012	very-always busy with diverse age groups, ethnicity, etc
681	7/18/2012	Seems very well used

685	7/18/2012	Very well
686	7/18/2012	always busy
687	7/18/2012	Everytime I go in there, every seat in the computer lab is filled, every shelf has people looking for books, all of the checkout stations are in use and there are children all over the reading rooms.
688	7/18/2012	Our libraries are well used especially Hollywood, which can be very busy.
689	7/18/2012	It's very busy.
690	7/18/2012	Very well. There is always a multitude of activity occurring. I use it for a number of purposes myself. Open 7 days a week is important to me.
691	7/18/2012	Very Busy...
692	7/18/2012	Seems to be very busy whenever I pass by.
693	7/18/2012	It's almost always crowded.
694	7/18/2012	Extremely busy
695	7/18/2012	Always busy, lots of folks on computers. Parking lot is very small and is always full. Have to circle often to get a space and it's very tight.

696	7/18/2012	The place is full most of the time. On the days they have childrens' programs, there is always a big waiting line at least 15 minutes before the library opens and the library seems to have a significant number of users throughout the day.
697	7/18/2012	It is usually busy when I am there.
698	7/18/2012	Very well used. When I pick up hold books that I have requested to be sent to my branch, I always marvel at how many books are being moved and held for so many patrons! it is a fantastic service.
699	7/18/2012	Very well used, it seems. There are always people waiting for it to open in the morning, and usuallu multiple people checking out items when I go in to pick up things. I usually put things on hold then go to the local branch (Woodstock) to pick up items.
700	7/18/2012	Hollywood has people standing at the door every day before it is open. The lines lines are always 20 deep on the csmall kids days.
701	7/18/2012	seems like it is always always busy. there are lines out front before the doors open every day
702	7/18/2012	Extremely well; constantly busy at the Gresham branch. This library is a very necessary part of the Gresham community. It would be very upsetting, frustrating and sad if its doors were to ever close for good. We need the library in this community. It serves a huge amount of people on a daily basis.
703	7/18/2012	Quite, I would say
704	7/18/2012	It's always busy when we are there, right up until closing time.
705	7/18/2012	Very well used!
706	7/18/2012	It is always busy, parking is at a premium , most people in our neighborhood walk or bike to it. There should be more bike parking, out of the way of foot traffic.
707	7/18/2012	It is always packed full of people when we go. :)
708	7/18/2012	I go a couple times a week - read quite a bit. Central Library is an inexpensive and convenient resource for books. It seems to be very busy there whenever I go, although that is typically mid-day during the week.
709	7/18/2012	It's become a community gathering and resource place. Each visit, I see many patrons using computers. The summer reading program for kids is also popular.
710	7/18/2012	good
711	7/18/2012	Very well
712	7/18/2012	for its small size, it seems to have a good stream of demand and good programs for youth.
713	7/18/2012	Very
714	7/18/2012	My Hollywood Library is the hub of the neighborhood!!! busy with lots of children and adults on a daily basis.
715	7/18/2012	Usually very crowded(midland) we will use more and more as kids get older
716	7/18/2012	I LOVE going to the library. I am a busy Realtor but always find time to go at least once or twice a week to the library. I also love how I can put books on hold and then go pick them up. I will always support libraries. They are an important part of our community I believe. My passion is reading but it is hard to afford the nearly 30.00 per new book fee at a book store. :) Thank-you, Teresa Boring

717	7/18/2012	I believe it is very well used.
718	7/18/2012	Very well used.

724	7/18/2012	It seems quite well attended when I do visit the library.
725	7/18/2012	don't know
726	7/18/2012	very
727	7/18/2012	The Belmont and Central libraries are always packed. A few days ago, I happened to arrive at the Belmont library a few minutes before they opened and there was a line of about 20 people waiting to get in.
728	7/18/2012	We do lots of research at our local library besides checking out lots of books. We also use them online after hours. We probably go every two weeks, but that option was not available above.
729	7/18/2012	Hollywood library is very well used. there is always a steady flow of people coming and going. the computers always have a line.
730	7/18/2012	Very. It is a community institution critical to the social, cultural, environmental and economic sustainability of Portland, Oregon.
731	7/18/2012	Very well used; crowded on most weekends.
732	7/18/2012	Always busy
733	7/18/2012	I take my Grand kids often in-between their Mother taking them my card is not used as much as them
734	7/18/2012	The Kenton branch is always quite busy whenever we are there. People looking for books, using the computers, and attending children's events. There are often people lined up at the door before opening time.

744	7/18/2012	Well used
745	7/18/2012	Very. I always see it busy.
746	7/18/2012	I've been accessing the library a great deal more due to current economic recession.
747	7/18/2012	The Hollywood branch is well used.
748	7/18/2012	Very well used.
749	7/18/2012	Seems VERY well-used; our Storytimes always seem to fill up with many people being turned away, and there's always a line of folks outside before the Woodstock branch even opens!
750	7/18/2012	There always seems to be a lot of people there.
751	7/18/2012	Nicely.
752	7/18/2012	It is always busy.
753	7/18/2012	It is in a convenient location downtown. I live a few blocks away.
754	7/18/2012	It's a beehive in there.
755	7/18/2012	The Woodstock Library is always very busy.
756	7/18/2012	Always very busy. Wish I lived in walking distance so I didn't have to try to find parking.
757	7/18/2012	They are always busy. A very good and helpful resource for the community
758	7/18/2012	Very! We occasionally take our neighbor children, who love the computers, and there is always a crowd. I've enjoyed several of the activity programs and know a few folks that attend the knitting group. Nice variety of services.
759	7/18/2012	Very
760	7/18/2012	I live about equal distance between Woodstock and Sellwood-Moreland libraries, and I believe each is used by many in the community, though I prefer to use Central Library as I am often downtown, I can often find whatever it is I'm looking for there, and I love the architecture and setting.
761	7/18/2012	Very!
762	7/18/2012	Well used
763	7/18/2012	Very well used! Belmont Library is our main library, and it is always very habitated, active, and vibrant with use. It totally smells of BO and that means that real people go there.
764	7/18/2012	Very well used, it always seems busy.
765	7/18/2012	It is well used
766	7/18/2012	It always seems to be busy in all areas. I love the ease of access and online features provided.
767	7/18/2012	When ever i go in,the library is packed. many are students who do not have computer access at home. these services are vital for equal access to all people -no matter their economic status.
768	7/18/2012	The children's section is always full!
769	7/18/2012	I think it is great! Online searches and pick up and return notices are perfect.
770	7/18/2012	Always seems busy. The computers are always full; kids reading or taking out piles of books; little ones making their presence known
771	7/18/2012	Always busy
772	7/18/2012	Always seems busy to me.

773	7/18/2012	Most of the time there are lots of people, though it's rarely crowded.
774	7/18/2012	It's always busy when I am there. People reading periodicals, children reading books and people using the internet.
775	7/18/2012	Always busy.
776	7/18/2012	very, they always seem to be busy
777	7/18/2012	the downtown one is well used
778	7/18/2012	It always is full of people of all ages
779	7/18/2012	very busy and well used.
780	7/18/2012	very
781	7/18/2012	My library is very active, although it is small. The computers seem to almost always be in use, which I consider a good thing. Generally, I access the catalog from home, so that isn't a problem for me. Another piece of evidence I see is the wall of books that people have on hold. This shows that although there may seem to be a small number of people who are physically present in the library at any moment when compared to a facility like Hillsdale, there are a large number of people who do use my branch. I especially appreciate the branch's welcoming attitude toward minority populations, as I think it is critical. This is evidenced by the kids I see who make the library a second home.
782	7/18/2012	well used
783	7/18/2012	It's always full of people.
784	7/18/2012	Very well used. It is always bustling.
785	7/18/2012	There are a lot a people who use the library on the daily basis for computer access to connect with friends and family and as a job hunting tool. Even though I use the library almost every day and sign the levy in May 2012 that ask for more funding in order to keep the library going on usual. I find the new strategy for asking more money after you have cut hours to be offensive; and your funding practice suspect. You missed represented yourself in order to get your bill past; and no you are continuing that same bait and switch tactic. I will not be voting for the levy in November; because of your poor money management and fraudulent practices. My only hope is that others do the same; and, hold your institution accountable.
786	7/18/2012	It appears to be quite busy every time I go in.
787	7/18/2012	The central library is always busy. The troutdale one never seems very busy.
788	7/18/2012	It seems to be in good condition, though I wish it were a but bigger. I got spoiled by the library in Eugene. However, I am very impressed at home quick the materials I have on hokd come it. Very efficient. The Gresham library seems to be used by a lot of job seekers as well.
789	7/18/2012	I love the library.
790	7/18/2012	Extremely well - it is almost always busy.
791	7/18/2012	I think it's used quite a lot. It seems busy when I am there.
792	7/18/2012	The Kenton and Hollywood are almost always full. The North Portland library is a little less than full.

793	7/18/2012	From the times I visit I feel that the libraries are well used and are a critically vital link to education and information. So many people that did not finish their formal education can continue to learn by accessing the books and other media at the library. know from my grandchildren that the books and information they need are not always available in the in-school library. Keep up the good work.
794	7/18/2012	A lot.
795	7/18/2012	Very well used.
796	7/18/2012	very well used - lots of activites, book clubs - always see people we know there. good location
797	7/18/2012	seems busy
798	7/18/2012	I believe a great deal of people go to it.
799	7/18/2012	Well. It's a great community resource and meeting place for my child and his friends.
800	7/18/2012	very, always busy when I am there It is always busy when I come to visit, if that is any indicator. I moved out of downtown, and into Washington County, so although I love the Central Library, I don't find myself able to visit as often as I'd like. Go Libraries! Good luck with your funding :)
801	7/18/2012	It always busr whenever I'm there.
802	7/18/2012	I think it is pretty popular, but that could be because it is downtown and a hangout for a lot of people
803	7/18/2012	I would say my main source of the library is the Woodstock branch and it is always full when I go. Sometimes I have to wait 1/2 hour or more for access to a computer.
804	7/18/2012	very well used
805	7/18/2012	Our library is very well used, often parking lot is full. Library branch is often visited by both children and adults in large numbers. Very important resource for our area of Portland.
806	7/17/2012	It always seems to have a lot of people in it when I visit. I would say approximately at least 30 people when I go in at various times of the day.
807	7/17/2012	Very well used!
808	7/17/2012	Pretty full all of the time
809	7/17/2012	There are always patrons at the Hollywood branch. There is also plenty of helpful staff to answer questions.
810	7/17/2012	very well useful
811	7/17/2012	Extremely well used. Great location. Opportunities to meet with other residents at my community library.
812	7/17/2012	good
813	7/17/2012	The Belmont branch is always busy whenever I go there.
814	7/17/2012	VERY WELL USED. IT IS ALWAYS BUSY WHEN I AM THERE.
815	7/17/2012	From all appearances, the times that I frequent the library use has ranged from moderate to busy (after school programs??).
816	7/17/2012	Always busy when I'm there.
817	7/17/2012	Always crowded.
818	7/17/2012	Extremely.
819	7/17/2012	

820	7/17/2012	It is very well used. There are always people waiting when the doors open.
821	7/17/2012	Kenton and Central libraries are very well used and important to the surrounding communities and the city as a whole.
822	7/17/2012	Very! It is tiny and sees a lot of hold traffic and computer terminal use.
823	7/17/2012	The Albina library is always busy when I go in (mid-day). Lots of children and parents, but also adults without kids along like myself.
824	7/17/2012	Midland library is always busy with patrons looking for books, computer access, citizenship classes, storytimes and many other popular programs. Midland library is an information, entertainment and literacy hub for all the new immigrants and low income families that live in its vicinity and thus plays a very important role in the life of this community.
825	7/17/2012	It's a great library and we truly enjoy going to the Belmont location.
826	7/17/2012	All the branches we visit are usually pretty crowded.
827	7/17/2012	My family use the library as a resource, constantly. We always notice that the libraries are full of other people, but it seems that most everyone is respectful of each other and the library (i.e. books, computers, staff, bathrooms). The Multnomah County Libraries are wonderful places and we hope they can continue to be there for us and all the other citizens.
828	7/17/2012	I would say it is used a lot.
829	7/17/2012	Fairly well used, but it is so small I often have to go downtown instead.
830	7/17/2012	Always is busy/When I am taking care of my mom I go to the Gresham branch and while it is busy it is not as busy as Midland.i am 59 and have been using the midline Branch for ever.
831	7/17/2012	It is busy
832	7/17/2012	Very well used! I am amazed at the flocks of folks there each time go!
833	7/17/2012	quite well
834	7/17/2012	very
835	7/17/2012	Belmont branch is very well used. It is always busy. Even though it was enlarged within the last ten years' it looks very bedraggled. Carpet is dirty. The new book selection is very small, when compared to the new books at Hollywood, Woodstock or Sellwood. (Other branches that we use; based on our car trips). I use the online research component from home for genealogy and other research
836	7/17/2012	The classes for 0-4 year olds are extremely busy. We always make sure to get there a little early so we can get in. We love Maria and so does our daughter. She always looks forward to Friday!
837	7/17/2012	Very well used.
838	7/17/2012	It appears to be very well used.
839	7/17/2012	I always see a considerable amount of people in the Hollywood library, there never seems to be an ebb in library-goers. As for myself, I go there a few times a week, and check out a ton of material.
840	7/17/2012	Extremely well used.

841	7/17/2012	Seems to be fairly busy most of the times I go in.
842	7/17/2012	Our library is always busy!
843	7/17/2012	Each time I am there it seems filled with folks. The childrens section is busy, most all the computer terminals are filled, and folks picking up videos, things on hold. I would say the Fairview library is well used.
844	7/17/2012	Very well used--I see many people there often.
845	7/17/2012	Always busy but never overcrowded. Just right.
846	7/17/2012	It's always fairly crowded when I go there, whether I go midday or late afternoon, weekday or weekend.
847	7/17/2012	Seems quite busy.
848	7/17/2012	I see people in and out all the time! The interior is very well kept up given the amount of traffic.
849	7/17/2012	seems to be fairly busy
850	7/17/2012	I often see a lot of people there and many items on the hold shelves.
851	7/17/2012	We use it heavily.
852	7/17/2012	Very well used, usually busy
853	7/17/2012	Very well used; always has many people in it.
854	7/17/2012	I would say it is well used. Every time I visit the library it is busy. When I drive by it is busy. Well implies also a value and not just volume. The children's section seems to frequently have programs for reading.
855	7/17/2012	I always see lots of people there.
856	7/17/2012	Very well used. It's difficult to find parking!

860	7/17/2012	Pretty well used
861	7/17/2012	very well used as far as I know
862	7/17/2012	It's always full when I'm there. And the patrons are quite diverse, doing diverse activities.
863	7/17/2012	Used very well - always pretty busy!
864	7/17/2012	Very well!
865	7/17/2012	If by how well used you mean how busy is it, I would say very well used. Whenever we are there, it is full of people, using various services and programs.
866	7/17/2012	Very well!
867	7/17/2012	It appears to be well used. The Book Babies group we attend is often full.

870	7/17/2012	Fairly well from what I can see

871	7/17/2012	Very! There are always tons of people at all the libraries we use, and often lines of people waiting for the doors to open!
872	7/17/2012	Very. Kenton is always busy and that's great!

876	7/17/2012	There are always many using the services no matter what time I go.
877	7/17/2012	Mostly just for picking up holds, but occasionally for research with child
878	7/17/2012	Extremely. I see people down here all day every day (Central), not only checking material out and logging onto Internet computers but also attending various events.
879	7/17/2012	very - it is usually packed and I often see a line waiting for a computer.
880	7/17/2012	Very well used.....always busy.

885	7/17/2012	always very busy!
886	7/17/2012	It seems busy any time I'm there. I frequently drive by the Hollywood Library and that place is always crazy busy.
887	7/17/2012	Very well used.
888	7/17/2012	Very. I always hear from people about the wonderful readings/programs they attend and always see people in there. It is well loved.

899	7/17/2012	very well used
900	7/17/2012	Patrons are gathered around the door before opening time, often with children in tow. Hold shelves are stuffed full. At most times of day, seating is mostly occupied.
901	7/17/2012	The Central Library is near my work and is a huge destination for workers during the week. It's very busy. People on the bus are generally reading library books when I stop to notice.

902	7/17/2012	Fairly well-used, I suppose.
903	7/17/2012	It's always busy
904	7/17/2012	When ever I go to the library there are always people there. Reading, looking at magazines (saves money) and using the computer. The library is so important I can't imagine life without it. Please keep the libraries open thank you.
905	7/17/2012	The Kenton Library, our most frequented library, seems to be thriving whenever we are there. Lots of activity, lots of folks on the computers, lots of kids exploring the books. It's a valuable community resource.

907	7/17/2012	The Central Library is used very heavily.
908	7/17/2012	Very well used - it always seems to be busy and full of folks.
909	7/17/2012	Not sure, as I'm not there that often. However, it always seems fairly busy when I'm there.
910	7/17/2012	Both of my nearby libraries are always busy
911	7/17/2012	Seems always busy.
912	7/17/2012	Always busy!
913	7/17/2012	very
914	7/17/2012	Very! It is a wonderful place. :)
915	7/17/2012	Always busy when I visit.
916	7/17/2012	very busy with children. wish the builders had considered sound and put partitions or something to baffle noise. you can hear through the glass on the stairs all sorts of noise going on inside. also,
917	7/17/2012	Seems busy a lot of the time.
918	7/17/2012	My partner Verity makes great use of the library, checking out many books on tape and novels. I check out items here and there, but definitely appreciate that the library is there as an option.
919	7/17/2012	Very well used. It is busy whenever I go in, even with a steady stream of people after hours to return materials.
920	7/17/2012	When attending book babies sometimes its shoulder to shoulder. So I would say the young childrens programs are very well used. Also when we go to book babies there are always a good amount of people using the library.
921	7/17/2012	We attend book babies and love it. Many parents/caregivers use this service. There are days we are almost shoulder to shoulder!

930	7/17/2012	Very well used.
931	7/17/2012	Everyone uses both libraries I use. They are always full of people computing, browsing, getting help, in classes, and happy kids everywhere. Our Portland libraries are a joy to visit.
932	7/17/2012	Always busy
933	7/17/2012	Greatly utilized.
934	7/17/2012	It's normally pretty busy
935	7/17/2012	It's always busy when I'm there.
936	7/17/2012	The branch is well used by people of all ages using multiple services. There are many programs that appear to be well attended.
937	7/17/2012	My perception of how many people are in the library at the same time as I am: one-quarter to one-half full. People utilize all areas of the library space. Don't know how skillfully patrons use the library's resources.
938	7/17/2012	Extremely well used. It is a vibrant, essential hub for our neighborhood. I've seldom been in the Belmont library when it hasn't been packed with people of all ages doing a variety of activities.
939	7/17/2012	very!
940	7/17/2012	All 3 branches we visit are very well used by all types of users. We often visit Hillsdale to browse the shelves, but parking is difficult. Because it's closer to us and easier to park, we use Capitol Hill for hold pickup, book return, and some browsing. Recently I have been visiting the Central Library more for certain subjects like art and computer books.
941	7/17/2012	Both branches we use are always busy. Most computers are in use at all times. The librarians are busy shelving and answering questions.
942	7/17/2012	Extremely popular. I would guess it to be one of the busiest in the bunch.
943	7/17/2012	It always looks busy when I stop in.
944	7/17/2012	Seems to be busy whenever I go there.
945	7/17/2012	Very.
946	7/17/2012	very
947	7/17/2012	Very well used
948	7/17/2012	it always seems to have people in it! staff is nice and helpful. I like the option of a library and it would suck if they got rid of them, growing up in a small town the library was a place to gather with friends and such its nice having one in my neighborhood thank you
949	7/17/2012	We use the library extensively. The library always seems well used when we visit.
950	7/17/2012	Moderately.
951	7/17/2012	Not sure if i understand the question, but I think our local library is wonderfully well used. All three of our 'local' libraries always seem busy, with lots of wonderful energy. The people working at the library are always helpful and happily so; the kids area always has some kids eagerly searching for their next books and parents reading to the kids the libraries are an integral part of the community

952	7/17/2012	very
953	7/17/2012	seems fairly busy when i've been in there
954	7/17/2012	Extremely well used. It is a valuable resource to my family and the community.
955	7/17/2012	Our Midland library is used frequently
956	7/17/2012	Well-it is always busy with lots of people there for multiple uses. People line up waiting for it to open.
957	7/17/2012	Always very busy.
958	7/17/2012	Really well used :) People are always there and they are very helpful there. I never leave without the book I came for, or at least, getting it on hold :)
959	7/17/2012	Always in use by folks using many different library offerings.
960	7/17/2012	It seems busy, but not as bad as others i used to go to (like se Belmont) I think it is very well used. There seems to be a high rate of turn-over in terms of the books and movies that are on the shelves. I don't think I've ever gone in to find it empty, and usually there are many people using the computers and/or browsing the shelves.
961	7/17/2012	Seems to always be busy but not over crowded.all resources appear to be taken advantage of.
962	7/17/2012	It is always very busy when we are there and class sizes are big.
963	7/17/2012	It seems very well used.
964	7/17/2012	Well used, but needs some new material to keep people coming.
965	7/17/2012	very well used.
966	7/17/2012	Every time I visit the Belmont branch it is busy with people using the computers and checking out/ returning materials. There is often a line outside the door before it opens. It seems to be a well used community resource.
967	7/17/2012	Always so busy! [] I wish it were bigger, especially with a bigger kids' section.
968	7/17/2012	always seems busy when I'm there
969	7/17/2012	great
970	7/17/2012	very...always people there!
971	7/17/2012	Very well used! The three branches I use are always busy when I'm there.
972	7/17/2012	Extremely well used! There is always a good number of people in the library. I used to go at least weekly, sometimes a couple times a week but have lately been too busy.
973	7/17/2012	Very well.
974	7/17/2012	Very well used. Seems there are people there all the time.
975	7/17/2012	Seems busy and well used when we've been there.
976	7/17/2012	Fairview is very small, but seems to be well used.
977	7/17/2012	There are always patrons at the libraries I frequent. I always see people quietly reading books or magazines, checking out materials, and using the computers and the internet. I am less familiar with how well special programs are attended since I have not attended any myself.
978	7/17/2012	

979	7/17/2012	Very well used. It's always busy. Even when I'm just picking up books I've requested on your website, I see at least 10 -15 people using the library. There may be others in the isles that I don't see.
980	7/17/2012	The closest library to me is Troutdale, a small branch that has a great deal of its public space occupied by computers, however, there is a room available for meetings and groups (I have used it to organize school work). There are a small portion of books, videos, etc. available as space allows (bookshelves). When in school (university), I am there most days the library is open. This library is used very well about five days a week, although they are not always the same days or hours - fluxation depends on time of day and day of week.
981	7/17/2012	Very well used. There is never a shortage of people in the branch when I am there.
982	7/17/2012	Pretty well used.
983	7/17/2012	VERY
984	7/17/2012	Well used.
985	7/17/2012	It is usually pretty busy when I am there.
986	7/17/2012	It appears to be used well, but I really have no way of knowing.
987	7/17/2012	Very busy
988	7/17/2012	is well used, quite busy
989	7/17/2012	Very well used, it's always busy!
990	7/17/2012	Very well used. There are always people in line, people at the computers, people coming in and out. The library seems to be a center point for the neighborhood.
991	7/17/2012	Often I see a line outside starting about 1/2 hour before opening. The only other place I know of with this is the DMV!
992	7/17/2012	Very well, always busy. Parking hard some times.
993	7/17/2012	It is very well used. There are always at least 30 other people in the library.
994	7/17/2012	I'm not sure if It understand this question. The Hollywood library seems busy regularly but I don't know if this is what you're asking because you would know that better than me. I'm not sure how well the patrons who are there are using it or what you consider well-used.
995	7/17/2012	It's usually an active setting with folks reading newspapers, checking out books, children reading with a dog, using computers and spending quiet times.
996	7/17/2012	It appears very well used judging by the amount of people in the library whenever I'm in there and by the amount of holds on books I'm interested in checking out.
997	7/17/2012	It is always busy with most of the computers in use.
998	7/17/2012	It's fairly busy everytime I go there

		Very well used! Always busy and energized.[] []
999	7/17/2012	I would very much like to see the Teen Lounges offered at the Central Library location![] [] I would also like the volunteer opportunities to be more flexible. With my sons living with me half time (and half time in Washington County), they are unable to offer a weekly volunteer time slot that is on the same day each week. They would like to volunteer but can't meet the guidelines as they are now.
1000	7/17/2012	The NW library is always very active with people and projects. The staff are very helpful and courteous.
1001	7/17/2012	The belmont library is well organized and easy to manage.
1002	7/17/2012	It seems pretty busy all the time.
1003	7/17/2012	Very well
1004	7/17/2012	It is very well used.
1005	7/17/2012	Very well, Hillsdale seems to be crowded all the time and full of patrons of all ages. It is a very important place to my life as a writer and educator, and the Multnomah County Library provides me with easy access to rich resources.
1006	7/17/2012	Don't know statistics but Hollywood is always busy when I am there!
1007	7/17/2012	Seems quite busy, a community center almost.
1008	7/17/2012	Very well used
1009	7/17/2012	very well used
1010	7/17/2012	Whenever I visit, there are usually several people using the library facilities. A few people in each area.
1011	7/17/2012	A very great deal.
1012	7/17/2012	seems to be well used...?
1013	7/17/2012	I think my local library is very well used. I always see lines outside the libraries right before opening time (when I might be driving by). I think all of our libraries are well used and appreciated.
1014	7/17/2012	This library always is busy, which is great to see. I have recently returned to this area and am getting reacquainted with the area. They have been a big help.
1015	7/17/2012	It is very a very well-used community asset!
1016	7/17/2012	Very. It's always bustling when we are there.
1017	7/17/2012	Very well
1018	7/17/2012	very well used
1019	7/17/2012	Usually pretty busy at any given point. People browsing books and other media, computers are usually all in use.
1020	7/17/2012	It seems to be very well used. There are always people using it when I am there.
1021	7/17/2012	It appears very busy each time I drop in.
1022	7/16/2012	Albina Library is very well used. Story times are usually full. After school hours are very busy.

1023	7/16/2012	It always seems pretty busy! I think NoPo is a good size, and central is great!
1024	7/16/2012	It's really busy. A few days ago there were almost no open seats.
1025	7/16/2012	Very well used, with many people frequenting it every time I visit.
1026	7/16/2012	Extremely. Always filled with people on the computers, at the tables, in the children's library. A veritable hive of activity.
1027	7/16/2012	We are halfway between Albina and Hollywood. Both are usually very busy and active, although not uncomfortably so.
1028	7/16/2012	my concern is how to fund it, I think u guys should still have the 1hr free, but if u want more time, pay \$1.00,
1029	7/16/2012	It's always been pretty busy when I've been in there. It's in a good neighborhood, and a good location.
1030	7/16/2012	Busy, however many of the people who use it seem to transients relying on the library for shelter.
1031	7/16/2012	Very well used. Always busy with a broad group of customers.
1032	7/16/2012	Portland libraries are fantastic and should be funded more rather than less. In my opinion, the more access people have to libraries, the better off our country will be. I find the Portland library system to do a good job at being contemporary and providing the sort of services its customers want and need.
1033	7/16/2012	It's highly appreciated since it allows lots of people internet access and the opportunity to read books when buying them is out of the question.
1034	7/16/2012	very, there is always lots of folks in there checking out books.
1035	7/16/2012	Very well used! It's always full of library users of all ages and the staff are always busy.

1037	7/16/2012	It seems very well used. Usually quite busy and sometimes hard to find parking.
1038	7/16/2012	Always full of happy, busy patrons and helpful staff -- it could be a Richard Scary cartoon.
1039	7/16/2012	Well used, but not overrun.
1040	7/16/2012	Very well. Always bustling with activity. It is an appreciated part of the community. I already dread the closure on Mondays. I hope it is overridden and doesn't last.
1041	7/16/2012	Very!! Always busy.
1042	7/16/2012	Both libraries are always busy.
1043	7/16/2012	The library seems full or close to it often. Granted, central library has a few more vagrants using it than the other branches I visit (Belmont, Hollywood). Either way it still seems there are relatively high numbers of users in the library each time I go.
1044	7/16/2012	Extremely well-used
1045	7/16/2012	Very well, as far as I know
1046	7/16/2012	Sorry... I do not understand the question. (If you are asking about the level of utilization, well, the libraries we use regularly generally seem pretty busy. And the story-hours we go to are generally at-capacity.)
1047	7/16/2012	The Kenton Library is always filled with people. Computers are always taken and there is rarely a place to sit.

1048	7/16/2012	It is always a busy place. I have never been the only one there. Usually there are 5-15 others.
1049	7/16/2012	Very busy
1050	7/16/2012	The library is constantly bustling with activity. There are always lots of people checking out books, using the computers, using the private rooms, roaming the stacks and otherwise taking advantage of the resources the library has to offer.
1051	7/16/2012	crowded, parking lot full. busy busy
1052	7/16/2012	It's always very busy when I stop in.
1053	7/16/2012	It's a popular place!
1054	7/16/2012	Appears to be quite busy most times I've been there.
1055	7/16/2012	sometimes more used than parking can accommodate
1056	7/16/2012	Lots of traffic in the library each time I am there. I use it A LOT!
1057	7/16/2012	It's extremely well used and very important to our community.
1058	7/16/2012	Well used
1059	7/16/2012	They are both quite busy. I pickup holds regularly at our neighborhood library
1060	7/16/2012	it always seems to have a decent number of people using the computers, and people browsing the shelves.
1061	7/16/2012	Albina is almost always very busy when I visit!
1062	7/16/2012	Quite well used. I usually see a line out front if I arrive before opening, and there are always people inside.
1063	7/16/2012	I used to spend a great deal of time at the North Portland library, and it was always extremely busy and well-used.
1064	7/16/2012	It always seems pretty busy.
1065	7/16/2012	Always very busy! There are always several people at the doors before opening time; the computers are always busy, quiet rooms have waiting lists; there are hundreds of books and other media on the hold shelves; there are always people at the reading tables and programs go on at many times.
1066	7/16/2012	very
1067	7/16/2012	Always busy.
1068	7/16/2012	The Hollywood branch seems to be one of the most popular ones. It's also fairly modern and has a decent selection.
1069	7/16/2012	very!
1070	7/16/2012	Always busy.
1071	7/16/2012	It's always busy when I go in, usually with two or three people checking materials out while I am.
1072	7/16/2012	Seems to be well used - each time I'm there, there are a lot of people inside and many coming and going. I would think that this is a question that Multnomah County is better informed to answer.
1073	7/16/2012	Very busy at Holgate, which is where I typically go.
1074	7/16/2012	I have gone to the library to ask for help with projects. They are immensely helpful and their knowledge saved me countless hours of fruitless research.

1075	7/16/2012	Usually quite busy no matter time or day of week.
1076	7/16/2012	Very.
1077	7/16/2012	Very, it seems! There are often community groups gathered at the library, and it's a great source of neighborhood information.
1078	7/16/2012	VERY!!!!!!!!!!
1079	7/16/2012	Its always busy...
1080	7/16/2012	On the evening that we use it is usually busy with the parking lot full, each table with at least one person at it, people in the stacks or checking out.
1081	7/16/2012	When we are there it is always well-populated with a lot of foot traffic and browsers.
1082	7/16/2012	Very well used. Lots of people using computers, browsing, etc.
1083	7/16/2012	It's always busy when I visit.
1084	7/16/2012	The branches I visit are always very busy with library patrons using a variety of services.
1085	7/16/2012	Very well
1086	7/16/2012	Seems to be well-used--always a lot of people at computers, several walking the aisles, many shelves of Hold items for pickup.
1087	7/16/2012	very well used--there's always lots of people there, using the computers, kids' programs, teen programs, as well as people just checking out books.
1088	7/16/2012	I'm amazed at the number of people and the diversity of those that frequent the library. The St. John's and Kenton branches are always busy. The library provides a wonderful resource to the community and I would hate to see services cut any further.
1089	7/16/2012	always busy
1090	7/16/2012	Seems to be popular enough.
1091	7/16/2012	very well
1092	7/16/2012	Always busy.
1093	7/16/2012	always seems busy when I'm there
1094	7/16/2012	Very well used. It's always packed with people.
1095	7/16/2012	I really love the new Troutdale Library,It seems to be well used when ever I stop in. I see the computers being put to good use and often the community room is also in use. Great selection of new books is almost always available there.
1096	7/16/2012	Very well
1097	7/16/2012	In my opinon the local library is very, very well used. As it is amost always extremely busy.
1098	7/16/2012	Very well, always crowded.
1099	7/16/2012	I have never seen a more busy library than the Hollywood library.
1100	7/16/2012	All are pretty busy whenever I go in; I think Belmont is busiest of all.
1101	7/16/2012	Very well, it usually is pretty busy whenever I've been in.
1102	7/16/2012	It is used a fair amount.
1103	7/16/2012	it is a heavily used library. it tends to be full during our visits.

1104	7/16/2012	Heavily used, I believe.
1105	7/16/2012	Most people in our Northwest Neighborhood use the Library located on NW Thurman
1106	7/16/2012	Always busy and filled with people when I go to my local library
1107	7/16/2012	I'm not sure what this question is asking.
1108	7/16/2012	Very!! Of course it depends on the day and the time but on the whole, the Sellwood Library seems to be heavily used.
1109	7/16/2012	The North Portland branch is always active. We usually just browse books and other media and check things out, but my children have participated in the summer reading programs regularly in the past (they getting too old for it now). My book club usually participates in the Everybody reads selection and we have attended talks and presentations (music and dance) inspired by the Everybody reads selections in the past.
1110	7/16/2012	Whenever I go, the computers are all being used and there seems to be events for children every time I'm there.
1111	7/16/2012	I have never been to a "quiet" library in PDX, and I like that. The Midland Library is, by my personal observation, heavily relied upon by area residents for many services - media and book loans, computer services, ballot drop-off, children's library services, etc. Similarly the Central Library is a nexus for the city. Portland's library system is heavily used and this is a GOOD thing, one of the things that not only gives me pride for my city (PDX), but also reassures me that there will always be a source of information available to the people of Portland due to the high rate of library usership.
1112	7/16/2012	Always busy.
1113	7/16/2012	They have all the resources I need.
1114	7/16/2012	It seems that they are busy every time we go. My son (age 7) and I go a lot during the summer, less often during the school year.
1115	7/16/2012	It is a fabulous system that should be funded fully for 7 day a week operation.
1116	7/16/2012	It always seems extremely well used - lots of people bustling about, lots of books and other media on the hold shelves, lots of kids at storytime.
1117	7/16/2012	very well used and loved. amazing staff and resources.
1118	7/16/2012	Belmont Library is brimming with people; a line forms at the door before opening; strollers abound during story time. Parking lot is often full.
1119	7/16/2012	hollywood ius the closest its small but it gets the job done.
1120	7/16/2012	I don't know what you mean by this question. The NW library is small but we find everything we need either by holding items online or just browsing. It's in a convenient location for us and my son's school uses it as well. We have started checking ou items other than books (DVD's/CD's) and are planning to attend an event this week. It is well used!
1121	7/16/2012	Albina always seems busy. Hollywood fluctuates as does Central
1122	7/16/2012	Very well used. Always crowded.

1123	7/16/2012	Central is usually busy in the lobby. Sometimes there's not a line at North Portland & Kenton desks, but tables are always full.
1124	7/16/2012	Seems like a LOT
1125	7/16/2012	My local library always has people streaming in and out, borrowing books, using the computer and attending classes, it is used and loved frequently every day.
1126	7/16/2012	It seems to be very busy most of the time!
1127	7/16/2012	Seems busy when I am there.
1128	7/16/2012	Very heavily.
1129	7/16/2012	It always seems bustling.
1130	7/16/2012	It looks pretty full (~60 - 70% of seats seem occupied) whenever I visit.
1131	7/16/2012	Poorly worded question. I have been to all but one branch and have observed all branches used by job seekers, after school tutors, and students studying and using internet services. All great services for the public.
1132	7/16/2012	Must be quite well-used. Usually I have to reserve a book and wait for it to come in.
1133	7/16/2012	It's always busy!
1134	7/16/2012	When I go, I usually know what I want and make it a quick trip. I love just going to the holds shelf, getting my stuff, and doing a self-check out. I have noticed that the place is always quite busy. People seem to be enjoying it and the staff has always been helpful to me.
1135	7/16/2012	very
1136	7/16/2012	High usage continually.
1137	7/16/2012	I would consider the NW Branch my local library as it is the closest to my house. It is well-used and appreciated by the neighborhood residents. There is often a line to use the computers and I also see quite a few children using it. I generally only go there to pick up books that I've reserved online because there isn't a large selection of general readership titles.
1138	7/16/2012	Very well used.
1139	7/16/2012	very
1140	7/16/2012	Always fairly crowded
1141	7/16/2012	almost always seems busy when we are there
1142	7/16/2012	very!
1143	7/16/2012	It appears to be quiet busy; well-used.
1144	7/16/2012	None, I've had some fees pile up and haven't had an opportunity to pay them off, so I can't take anything out.
1145	7/16/2012	The Gresham branch is busy every time I go there, but especially busy on weekends.
1146	7/16/2012	There are always a lot of people in the library - many are using the computers.
1147	7/16/2012	Very well !
1148	7/16/2012	Usually busy when i am there.
1149	7/16/2012	The Midland library has been busy every time I've visited.

1150	7/16/2012	It is full every time I go in to pick up materials. I always see a lot of young people using computers and reading books. I am so glad they have a positive play to go.
1151	7/16/2012	It always seems very busy when I go to it (Gresham branch). I think that if more current resources were available (sciences and outdoor activities are the two main areas for me), I would use the library even more.
1152	7/16/2012	looks well used and would like to keep going.
1153	7/16/2012	moderately busy
1154	7/16/2012	Extremely! We love our library!
1155	7/16/2012	very, always lots of people there
1156	7/16/2012	seems busy all the time
1157	7/16/2012	It is rather well used.The library,it's staff,and material available,are well organized.
1158	7/16/2012	I'd say very well used. There are always many people there, there is a children's story time often when I am there , and the back room seems to be reserved for different classes or meetings.
1159	7/16/2012	Extensively, there are always lots of people there at any of the libraries I've ever visited.
1160	7/16/2012	I don't know that I could adequately answer this
1161	7/16/2012	Seems crowded most of the time.
1162	7/16/2012	Very well used.
1163	7/16/2012	Both Kenton and St. John's seem extremely well used. Kenton in particular offers excellent children's programs.
1164	7/16/2012	There are always many people, no matter when I go. I would say it is a vital part of the community, particularly now that we have no bookstore.
1165	7/16/2012	Very. Hillsdale is usually crowded when I am there.
1166	7/16/2012	very

1172	7/16/2012	It is always busy.
1173	7/16/2012	Seems busy nearly all the time
1174	7/16/2012	moderately used during the times I go in to pick up items.
1175	7/16/2012	There are always lots of people when I go to any of the branches I go to and the same seems to be true at the Central library when I am down there
1176	7/16/2012	Seems well used.

1178	7/16/2012	Seems to be very well used by many different types of people
1179	7/16/2012	All three libraries that I use are usually busy.

1180	7/16/2012	Always busy.
1181	7/16/2012	It's amazing -- always crowded whatever time we go. Very popular library.
1182	7/16/2012	Very
1183	7/16/2012	It always seems to have a large number of people there. It appears to be well-loved.
1184	7/16/2012	Very, very well indeed. Belmont Library is a cornerstone of inner Southeast Portland neighborhoods. It is a delightfully charming building which I take note of even when it's packed with people.
1185	7/16/2012	It always seems busy.
1186	7/16/2012	very
1187	7/16/2012	Always busy!

1192	7/16/2012	Heavily
1193	7/16/2012	The Hollywood location seems quite busy.
1194	7/16/2012	Very well used. I always when I go in, see alot of families in there When I visit Albina Branch I always see it well used, meaning there are always a variety of age levels using the library for various reasons.
1195	7/16/2012	In case there is no space for comments later I will add some here. I use the library regulary usually from September to May. My visits are about 2 to 3 times a week. I appreciate access to magazines, newspapers and reference materials.
1196	7/16/2012	It is well used in our community.
1197	7/16/2012	Very well used
1198	7/16/2012	It seems to be used a lot by local residents.
1199	7/16/2012	Very well

1203	7/16/2012	Every time I go to the Gresham library its packed. Which I think is fantastic.
1204	7/16/2012	I don't understand what this question is asking.
1205	7/16/2012	I think it is pretty well used, but doesn't usually seem overly crowded.
1206	7/16/2012	I'd say pretty used I guess. I go there a lot. I get almost everything ever there and I don't know what I'd do without it...
1207	7/16/2012	It usually seems pretty busy when I go there.

1216	7/16/2012	It's always full of people whenever I'm there.
1217	7/16/2012	It's extremely vibrant with all types of users. I've been using this branch for over twenty years. It has been part of every aspect of my life from gardening to parenting to the death of my old parents. It seems a vital hub of the neighborhood.

1226	7/16/2012	I wish more people would take advantage of it!
1227	7/16/2012	The central library has a lot of activity, there are always people reading and using the tables and computers. I personally reserve my books online and just walk in to pick them up and then walk out.

1233	7/16/2012	very well, it is always very busy.
1234	7/16/2012	Very
1235	7/16/2012	I have never seen less than 20 patrons in the library, usually there are many more than that. The use seems like what a busy retail store would hope for; continuous, with customer turnover and substantial activity.
1236	7/16/2012	My local libraries always seem full of activity.

1237	7/16/2012	Belmont branch is very busy and very small for the amount of traffic. Having the computerized checkout really undid a bottleneck for getting books out of the library.
1238	7/16/2012	Very well -- patrons are lining up at opening time and the place is often full throughout the day. The Internet access is quite popular.
1239	7/16/2012	I use the Belmont library most often, and it is always full of people checking out materials, using the computers, and talking with the librarians.

1252	7/16/2012	Hollywood is VERY busy which is good
1253	7/16/2012	seems busy most of the time--the parking lot is usually full.
1254	7/16/2012	Both Central and Woodstock always have plenty of patrons whenever I go. I work downtown so I use Central mostly during the work week. Woodstock is my neighborhood library, which I access on the weekends.
1255	7/16/2012	Busy, and very well used.
1256	7/16/2012	Very well used.
1257	7/16/2012	The Capitol Hill branch seems to be very well used.
1258	7/16/2012	Very well used
1259	7/16/2012	Seems busy whenever I'm there. When I visit off-hours (just before or after open/close) to drop off books, there is often someone else dropping off books.
1260	7/16/2012	I'd say "well used".
1261	7/16/2012	Busy everyday!! We use the online library system then go to the library to pick up our held books.
1262	7/16/2012	It is busy when I am there.
1263	7/16/2012	always busy
1264	7/16/2012	It's always busy when I go there. Lots of parents and kids, lots of computer use.

1265	7/16/2012	Very well used.

1268	7/16/2012	the branch is incredibly busy and so is the central library, but in a different way
1269	7/16/2012	heavily used. It is a beautiful space.
1270	7/16/2012	very well used! it is nearly always busy, but not chaotic, and there is a broad demographic of folks who use the library's resources.
1271	7/16/2012	pretty well used
1272	7/16/2012	All of the libraries I visit are very well used.
1273	7/16/2012	It always seems busy when I have been there, and the small garage parking is often completely full.
1274	7/16/2012	I feel it is fairly well used. The computers are in use, programs are attended and there is a steady flow of people returning and checking out material.
1275	7/16/2012	Very! The Albina branch is always hoppin'. I am so happy to have this branch so close to my home!
1276	7/16/2012	always a crowd at the Hillsdale library. such a great institution!
1277	7/16/2012	Both are very well used there are always people using computers, looking at books, participating events and using the library as a source of information.
1278	7/16/2012	Very, there are always lots of people at our library of all ages.
1279	7/16/2012	It seems to be heavily used from opening to closing.

1281	7/16/2012	Very well used. Always busy.
1282	7/16/2012	Well used.
1283	7/16/2012	Don't know
1284	7/16/2012	From all appearances, the Gresham library is very well used. Families, students, seniors - everyone uses this library.
1285	7/16/2012	There's always a fair amount of people in the library all the time, usually they're standing in line to enter the library in the morning (about 20 minutes before the doors open).
1286	7/16/2012	Very well used. All the computers are always being used both by children and adults.
1287	7/16/2012	Central is highly used and under capacity for internet access in that area.
1288	7/16/2012	My local library, Midland Library, is used a lot. Whenever I go in to check out books, there is always people browsing or using the computers.
1289	7/16/2012	When unemployed I used the computer and internet resources. I still use the computers and printers to print documents. I frequently check out movies and with blockbuster and hollywood stores being gone this is more and more my choice. I check out books to read to my boys and have utilized various book readings and activities for my toddlers. Sundays were great but week nights after work is when I visit the most now.
1290	7/16/2012	Very well used. There are always lots of people there -- lots of them on the computers. The children's area always has lots o kids and parents.

1291	7/16/2012	always busy - like to see so many children there also
1292	7/16/2012	Very well used. Always lots of people there!
1293	7/16/2012	Every time I've been in Midland or Central they seems to be very busy with folks reasearching, reading, computing or surfing the internet, and checking out items.
1294	7/16/2012	Very well used! I love it.
1295	7/16/2012	I don't know but it always seems busy.
1296	7/16/2012	It seems like it is well used.
1297	7/16/2012	Fairly well
1298	7/16/2012	Very! There's usually a line out-front before it opens, and often 2-3 people waiting to check out. It's a small facility, but it bustles!
1299	7/15/2012	I think the library is well-used.
1300	7/15/2012	There have always been children and adults browsing the racks and/or on the computers when I was there.
1301	7/15/2012	The library seems very well used. I usually have to wait for at least 15 minutes to use a computer, hold shelves are often almost full & there is a steady stream of people coming in.
1302	7/15/2012	seems pretty popular, especially folks with kids
1303	7/15/2012	It always seems to have patrons and many of the books I've searched for in the catalog are checked out, many have holds. I'd say the library is well used.
1304	7/15/2012	It is always packed with people of all ages. It feels like a community center.
1305	7/15/2012	Very well used.
1306	7/15/2012	I think it is fairly well used.
1307	7/15/2012	It seems to be well used, especially the computers that have access to the internet.
1308	7/15/2012	I know from my own expirience this is just preserving are own freedoms.
1309	7/15/2012	North Portland is always busy..very high energy. I volunteer at this location for that reason. The Sellwood library is very quiet but I assume it is also important to the community
1310	7/15/2012	I have never been in the library when there was not a significant number of people utilizing the services, primarily online on one of the computers, with the reference librarian, browsing, picking up reserves, etc.
1311	7/15/2012	The Central Library is used, but not abused. People like that a library is a tangible place opposed to the internet. People seem to enjoy reading a book and not a nook. Our library is not well used, it's well respected.
1312	7/15/2012	well. There are always ton of folks here.
1313	7/15/2012	It's always full of people. Sometimes excessively full.
1314	7/15/2012	It is always busy.
1315	7/15/2012	very well, it always seems to be busy.

1316	7/15/2012	In all cases and at most times, the three libraries I frequent are heavily used by all ages: young, teens, parents and seniors. Every computer is always being used. There's a bustle and energy to the full utilization of these libraries.
1317	7/15/2012	busy, bustling most hours.[] Wide variety of users.
1318	7/15/2012	I don't understand the question: do you mean "well used" as in a lot of people use the branch I most use? I wouldn't know -- compared to what? Other branches? On a per capita basis? How many people in a certain physical area surrounding the branch? Or do you mean: are the many services offered by my branch well used by the patrons entering the branch (or "used well"). How could I possibly know this? I'm surprised that highly-educated people would even think to come up with such a poorly chosen question; it's vague, ill-defined, meaningless as to effect. But I can tell you that every time (2-3 times/week) that I use the Central branch, there IS a lot of people there (if that answers your question).
1319	7/15/2012	Extremely
1320	7/15/2012	I would love to see more children's activities in the north Portland library
1321	7/15/2012	seems to be somewhat popular, but it's never packed that i have seen
1322	7/15/2012	Our main library is Central and it is VERY WELL USED!!!
1323	7/15/2012	I rarely see the parking lot empty when the library is open. My biggest frustration is the changing hours and the reduction of services.
1324	7/15/2012	Every time I have gone in it has been very busy; a wonderful sight
1325	7/15/2012	Overly
1326	7/15/2012	very
1327	7/15/2012	The Gresham Library is very well used. There are always a lot of people present. It is well maintained.
1328	7/15/2012	Very well It is always busy everytime I go there. There are never spots available in the parking lot. I went to drop off books last
1329	7/15/2012	Monday (one of the first when it was closed) and there was a steady stream of people trying to get in, who weren't aware of the reduction in hours and who were not pleased!
1330	7/15/2012	OUR LIBRARY IS ALWAYS FULL OF PATRONS....ALWAYS
1331	7/15/2012	Parking lot always crowded- very well used. I'm always pleased to see so much going on.
1332	7/15/2012	very busy at every hour
1333	7/15/2012	Very well used. Always full of people of all ages.
1334	7/15/2012	Very well used.....very busy!
1335	7/15/2012	IT IS ALWAYS BUSY, ACTIVE LEARNING GOING ON,LOTS OF HELP,[] RESERVES IN USE
1336	7/15/2012	Very well used.
1337	7/15/2012	Usually fairly busy.
1338	7/15/2012	Very well used, people line up before it opens.
1339	7/15/2012	It's always busy.

1340	7/15/2012	I don't understand the question. By me or by others? There are always people there when I go. I reserve books online and walk the dog over to pick them up. I don't hang out there.
1341	7/15/2012	There is always a nice crowd.
1342	7/15/2012	unsure
1343	7/15/2012	Very - there are always people there of all ages, using computers, reading books, participating in story hours,etc. It seems like quite the gathering place in my neighborhood.
1344	7/15/2012	very much
1345	7/15/2012	Very well used I love the libraries I use. This is where I get 99% of my reading materials. My fiance is currently (and recently) unemployed so having a library that's close by is even more important to us. []
1346	7/15/2012	The Belmont location is within walking distance to my home. The Hollywood location is within walking distance from where I work. I really appreciate the convenience. [] Being able to check out books from other locations is SUPER!
1347	7/15/2012	It is pretty good
1348	7/15/2012	Central Library is very well used.
1349	7/15/2012	There's always a bunch of people there when I visit.
1350	7/15/2012	Very well
1351	7/15/2012	It seems pretty high traffic every time I go. My daughter and I also go to weekly story time on Saturday mornings which is always packed.
1352	7/15/2012	It looks busy when I drive by it.
1353	7/15/2012	Very, there is always a regular flow of people of all kinds. I've actually reccomended the Gregory Heights Library location to my family & friends. I research & check out materials for myself & others. Enjoyed the reading programs they had for children when I was young. The library has always felt like a safe & comforting place to be.
1354	7/15/2012	Rockwood is VERY busy and is used heavily by all age groups! This has really been brought home to me since I began volunteering there. There is generally a crowd waiting for the doors to open. The "Hold Shelves" get really full each day the library is open, as the new holds are added. The branch pulls and sends a large number of books to other branches to meet hold requests. People come for all kinds of activities, not simply check out, and receive excellent help in multiple languages. The staff is wonderful, friendly, and truly helpful in working with patrons. Everyone feels really welcome there. I do not know the branch circulation rate, but I can say that the building is truly busy and bustling the whole time the library is open. People are not pleased about the cut in hours.
1355	7/15/2012	whats next? parks, beaches, education?[] post offices? tax the rich more. greedy whiners
1356	7/15/2012	well used

1357	7/15/2012	There are always people in the library; I think it is an important asset to the community.
1358	7/15/2012	Wonderful. The library is always packed and everyone seems glad to be there.
1359	7/15/2012	Very busy.
1360	7/15/2012	there always seems to be a line of people waiting for computer access at the rockwood location. there are always children with parents in the children's section as well.
1361	7/15/2012	It is always busy when I am there.
1362	7/15/2012	on average
1363	7/15/2012	It seems very well used by the community
1364	7/15/2012	Both libraries seem to be packed every time i go to either of them, especially the computers.
1365	7/15/2012	There are activities and helpful personnel there every time I go. The library online catalog makes all my library request work well. I can only go after work and I work 6 days a week.
1366	7/15/2012	Very
1367	7/15/2012	Very well used. It is always crowded when I go there, no matter what day of the week/time it is.
1368	7/15/2012	Looks well-used to me. Busy all the time.
1369	7/15/2012	Seems pretty busy most of the time.
1370	7/15/2012	Always busy
1371	7/15/2012	It's always busy when I go in. It would be nice to have more evening hours in the summer.
1372	7/15/2012	The library is always full of people of all ages when I have visited.
1373	7/15/2012	It seems to be busy most of the time! I see a lot of people everyday.
1374	7/15/2012	It's always busy and we make multiple weekend trips to the Kenton branch.
1375	7/15/2012	Very. It is always busy when we visit, no matter the time or day.
1376	7/15/2012	Very well used.
1377	7/15/2012	Well
1378	7/15/2012	very busy
1379	7/15/2012	seems to be busy whenever I'm there!
1380	7/15/2012	The Belmont branch seems to always be busy. More so now that the days and hours have been changed.
1381	7/15/2012	on a scale of 1- 10? 8 to 9.
1382	7/15/2012	The Holgate library is pretty packed daily. It is a safe place for kids to go. I don't see as many people in the North Portland branch. The layout feels more uncomfortable to me and it is not very kid friendly. Mid seems to be pretty packed as well and the room dedicated as a computer lab is great.

1410	7/15/2012	Very. Midland and Hollywood are constantly packed with people, and the lines for computer access are always long.
1411	7/15/2012	Very well used. It is always busy.
1412	7/15/2012	Both are vferly busy. I don't like to go to Hillsdale (closest to me) because parking is so limited and I consider it dangerous at night in winter when it is dark out.
1413	7/15/2012	Very busy every time I visit.
1414	7/15/2012	It is always busy when I am there.
1415	7/15/2012	Very busy! All ages seem to be there whenever I stop in. Computers are always in use; people are checking out many materials, classes and programs are fully attended.
1416	7/15/2012	The Gresham library is very active. Now that summer is here, we seem to have many groups of teens and the younger kids too. During the fall I noticed group of teens in on-line and other programs coming to the library. Seniors seem to be great users. When I go to other parts of the city I try to check in at the libraries ... audio myster books! Every library seems to be active with a variety of people. I am so thankful for the service.
1417	7/15/2012	Always seems busy and active.
1418	7/15/2012	I think quite well used. Lots of books on hold shelves; depending on the time of day it can be quite busy with students doing homework or research.
1419	7/15/2012	Always seems busy when I am there (evenings, weekends) and the number of books on the holds shelves suggests to me that many people are using it as their library home base.
1420	7/15/2012	It's always seems busy no matter what time of day I visit.
1421	7/15/2012	Not sure
1422	7/15/2012	Don't understand question!
1423	7/15/2012	very well
1424	7/15/2012	Very well used. Belmont is our neighborhood library and it's always busy. There's a buzz of community there that is very heartening. I regularly put books on hold and have them sent there for pickup so it feels like it's a huge branch, while the selection is pretty small. The kids love the children's section and we recently had a great experience with a librarian helping them to pick out some fun summer reading. We also love the summer reading program.
1425	7/15/2012	Computer stations mostly full most of the time...have waiting line.. Lots of young families...
1426	7/15/2012	Is question is ambiguous. I'll guess you are asking whether my community uses our local library a lot, a little, or something in between. I believe my library, Belmont, is used a lot.
1427	7/15/2012	It is used a lot, every time I have been in there are a lot of people in it using the computers, kids in classes/reading groups, people checking out books.
1428	7/15/2012	Very well used.
1429	7/15/2012	the best place for a homeless person to use the bathroom
1430	7/15/2012	Busy place

1431	7/15/2012	very well used
1432	7/15/2012	busy
1433	7/15/2012	Very well. Always inhabited!
1434	7/15/2012	very well used
1435	7/15/2012	It looks busy every time I go there.
1436	7/15/2012	I would say its used pretty good, considering its in a good neighborhood that utilizes the library a lot.
1437	7/15/2012	Midland is always busy. Gregory Heights is easier to go in for a quick visit.
1438	7/15/2012	The Belmont library is frequently overcrowded. The librarians are always helpful, knowledgeable and professional under trying circumstances. We regard them as saints for all the extraneous issues they have to put up with. Due to a lot of people/patrons who camp out there on any given day, the smells can be a bit overbearing and that is putting it lightly. I would say well used and appreciated.
1439	7/15/2012	I think that it is well used. Whenever I go into the library, it is being well used.
1440	7/15/2012	The library seems to be used quite a bit by people. It is usually too loud for me, people have forgotten to be quiet in a library and not treat this place like a day care.
1441	7/15/2012	It is always busy.
1442	7/15/2012	Our local branch always seems to be busy, the computer area especially, with people checking out books and parents with their children looking for books or sitting and reading.
1443	7/15/2012	Very well used. There are always people in when I go in, some sitting and reading, some browsing, many coming in to check out or return books. It's always busy!
1444	7/15/2012	There are always people there.....it seems very well-used.
1445	7/15/2012	It is always busy, and people are always waiting when the doors are about to be opened, and having to be shown the door at closing time.
1446	7/15/2012	I have never seen one busier or better run
1447	7/15/2012	i have no idea. woodstock always seems bustlin' when i'm in there...
1448	7/15/2012	seems to always be full
1449	7/15/2012	Very well used.
1450	7/15/2012	Very well used.
1451	7/15/2012	once a month
1452	7/15/2012	Very well. It's always full of people.
1453	7/15/2012	We are there several times a week and participate in the summer reading program, the books for babies activities and some of the other holiday activities. It is always busy, with lots of customers.
1454	7/15/2012	It is A very busy place. I Have never been there and not had to wait in line to check out! And I say that with a smile!
1455	7/15/2012	Very. The parking lot is always full of cars from open to close.
1456	7/15/2012	It is always very busy.
1457	7/15/2012	Seems to be very well used. Often the parking lot is almost completely full. Computers are always full. Kids section is almost always full too.

1458	7/15/2012	It always appears busy whenever we go there.
1459	7/15/2012	Every time I go, there are lots of people there, so I think it is very well used.
1460	7/15/2012	Albina library is walking distance from our house in the thriving Sabin neighborhood. Albina is also located in Fremont Place Square, sharing sidewalks with Whole Foods, Starbucks, and other retail shops. Our family of four visits Albina about 3 times a week. For over 5 years, we and our neighbors attend the popular family story time every Friday with librarian, Ms. Nina. The librarians are also needed in guidance with checking out appropriate books and media for our young and school aged children. Ms. Nina also goes to Sabin Elementary for visits and story time, and organizes class visits to Albina library. The Albina library is our jumping off point for community involvement. It is where we learn about events, parks and recreation, outreach programs, small businesses, and more. It is where we teach our children to read and learn about things they love. It is where we drop our votes! It is our hub.
1461	7/15/2012	Well used, and even better loved.
1462	7/15/2012	very well
1463	7/15/2012	It has constant usage, especially for the computers. It is also a pleasant quiet place to study, so it has plenty of students that go there.
1464	7/15/2012	The Gresham branch is very well used and is organized with helpful staff. For me the staffing is very important and is the key for me in finding what I am looking for.
1465	7/15/2012	VERY well used. Often have to put things on hold to get them to check out. The storytimes for kids are usually busy or full.
1466	7/15/2012	very well
1467	7/15/2012	well enough
1468	7/15/2012	Out of the five branches that I visit regularly, there isn't a slow moment. They are usually busy and I enjoy having accessibility to these public services. It's ironic that hours are being reduced during the summer, when the library is busiest and most needed. I am a school teacher and it is important that young children have frequent access to the library over the summer to maintain critical reading skills.
1469	7/15/2012	extremely well used
1470	7/15/2012	Always busy when I am there.
1471	7/15/2012	I used to use it quite a bit - especially growing up. Now I use an ereader and would like to have more ease of checking out ebooks.
1472	7/15/2012	It is always busy during story hour. Before I had a computer, I had to wait for a computer at the library. And if you don't get to bookbabies early, you miss out, because it fills up fast.
1473	7/15/2012	Full all the time!
1474	7/15/2012	Well!
1475	7/15/2012	The three local branches, which I use, appear to be well populated.
1476	7/15/2012	Our local library is used very often, probably daily for some. Many people cannot afford to treat their families to wonderful books and media. I myself love to listen to books on cd's as I drive back and forth to work and could not afford to buy them. I really treasure the libraries!

1477	7/15/2012	I believe that the library is used a lot by the local community, I am disappointed that the hours have been cut back to only 6 days
1478	7/15/2012	very
1479	7/15/2012	the community uses this library very often
1480	7/15/2012	Very well used.
1481	7/15/2012	The Belmont branch is heavily trafficked by a wide range of community members. The kids section usually has at least one and often multiple families in it, the computers are generally in use or have a waiting list going, lots of people use the hold system, etc.
1482	7/15/2012	The librarians always seem busy.
1483	7/15/2012	The libraries (Hollywood and Belmont) are busy and used by all ages of people. I don't want to see any hours cut and I will vote to support you. Thank you
1484	7/15/2012	It is extremely well used
1485	7/15/2012	Very well used.
1486	7/15/2012	Whenever I am there, the library is always busy. Other people are there to check out books, peruse CDs and DVDs, use the computers, and attend class/events. Even though it's busy, the staff are always available to help and are very friendly. The library is a community hub, not just for resources but for people to come together.
1487	7/15/2012	well
1488	7/15/2012	Very well used.
1489	7/15/2012	It always seems very busy in there. Books I look for are usually checked out but there seems to still be a good selection. I enjoy the toddler story time with my son and it is always full.
1490	7/15/2012	Very well used, we love the light and airy architectural design
1491	7/15/2012	Very!
1492	7/15/2012	The library is a gathering place for all community members. We are always surrounded by children after school. There are shelves of ordered books waiting to be picked up each day. The libraries should be open every day and for longer hours. They do so much for everyone.
1493	7/15/2012	It seems there are always a lot of people in our library. I'm usually in and out picking up books or other media that I've ordered online, but my daughter uses the computers and resources when doing homework. During the day it seems like there are lots of parents with young children in addition to the regular patrons.
1494	7/15/2012	It is always busy whenever I go in there - minimum of 2 times per week.
1495	7/15/2012	Very. It is always crowded when I go in.
1496	7/15/2012	When I first got laid off 4 years ago I was there many times every week it was my life source for entertainment and job info...I think it is VERY VERY important for all who are struggling in these hard times. Where else can you go for free to get so much help? I am STILL unemployed and enjoy their services. However with NO INCOME I really don't want to see my property taxes increase. My unemployment ran out OVER 2 years ago and my savings is going FAST!

1497	7/15/2012	Midland is usually 80-100% occupied - parking, chairs, computers. We've been there after work - late afternoon, and weekends anytime.
1498	7/15/2012	It is always busy.
1499	7/15/2012	People are there each time I visit...
1500	7/15/2012	The Hollywood library is usually pretty full of people when I visit--both people reading or using the computers and people browsing and checking out materials.
1501	7/15/2012	Fairly well used. I always see a good number of people there.
1502	7/15/2012	Very well used. There are always people waiting for the doors to open. The people who use the libraries are very diverse.
1503	7/15/2012	Less than I would have expected.
1504	7/15/2012	Both libraries in my SE neighborhood are busy every time I visit. I love the DVD's and hold system. I support them and use them constantly.
1505	7/15/2012	I live equidistant from two libraries. Rockwood is well used by many very loud children on the computers. So well used by them in fact that although it is more convenient to other errands, I don't do anything there anymore but pick up hold books. Midland is always full of people and I typically have to look for a minute to find an open seat to read at.
1506	7/15/2012	Very well used
1507	7/15/2012	There are always people in all areas. I would say it is well used.
1508	7/15/2012	It is very well-used! There have been times when almost all the parking spaces in and around the library have been full. My daughter regularly puts materials on hold and picks them up when they arrive. I am retired and able to read the many books I have accumulated over my working years, so don't use it as often. But it is a boon to be able to read books as they are published without waiting to buy them in paperback.
1509	7/15/2012	Always seems very busy.
1510	7/15/2012	Midland Library is always busy. I have never seen it not busy.
1511	7/15/2012	Very well used -- love it!
1512	7/15/2012	It's usually busy
1513	7/15/2012	It is absolutely packed every time I go in.
1514	7/15/2012	I think my local library is used a lot. I don't go there often because its smaller so its a little louder. But i love the central library.
1515	7/15/2012	It is very busy
1516	7/15/2012	Always busy
1517	7/15/2012	Very
1518	7/15/2012	It seems pretty busy whenever I go in.
1519	7/15/2012	Very well used. This is a great library, always active, full of people from many different ages and cultures. People are waiting for the doors to open and have to get kicked out when they are closing.
1520	7/15/2012	?

1521	7/15/2012	It's always busy (not in the bad sense).
1522	7/15/2012	Very well used.
1523	7/15/2012	always busy
1524	7/15/2012	It seems pretty busy whenever I stop by. Computers a filled and there is more often then not a line to check out books.
1525	7/15/2012	always busy!
1526	7/15/2012	Very well used. There are always people there, of all ages and from all aspects of our neighborhood.
1527	7/15/2012	Our library has a high rate of circulation, and often the parking lot is full because so many people come to get help with language learning, computer skills, etc. Our library is practically a community college. For eight years I was a homeschooling partent, and we checked out stacks of books weekly. My students felt very at home in this library, and my kids were always given courteous assistance with their research needs. Staff there still recognise me when I come in. My students love Midland as a second home where they always find good books and helpful staff.
1528	7/15/2012	We attend the african american story time on 122nd library
1529	7/15/2012	It's always crowded. I guess that's a good thing.
1530	7/15/2012	Every time I'm in there, there are lots of people using the library in all of its capacities. Often, I have to wait for the use of a computer.
1531	7/14/2012	always busy.
1532	7/14/2012	extremely heavily used
1533	7/14/2012	Sellwood always seems quite active
1534	7/14/2012	Well and thoroughly!
1535	7/14/2012	Well!
1536	7/14/2012	Really well used. Usually a lot of folks there.
1537	7/14/2012	Always busy!!!
1538	7/14/2012	It's busy when I am there. Parking is bad. Limited hours on Sat & Sun is smart. Closing all library's on Monday is practical and smart use of library funds.
1539	7/14/2012	Alot
1540	7/14/2012	used, always busy when we are there
1541	7/14/2012	very well
1542	7/14/2012	Always busy
1543	7/14/2012	very
1544	7/14/2012	The library is very well used.
1545	7/14/2012	very well used
1546	7/14/2012	fine
1547	7/14/2012	Excellent.
1548	7/14/2012	The Midland library is very well used--it is a necessary resource for our community. I would be heartbroken to lose it.

1549	7/14/2012	It seems to me that every time I am there, the library is being used well. The staff is very helpful.
1550	7/14/2012	Very well used I'd say! There are always folks milling about. Every one I know uses the Library services. I brag about it to my friends in other states.
1551	7/14/2012	very well used
1552	7/14/2012	I live in Sellwood so that is the primary "local" library I use. It is very well used - a real hub of the local community. I go there everyday and there are always children, parents, young people, seniors engaged in activities, reading, researching online and so forth.
1553	7/14/2012	Very well used
1554	7/14/2012	It always seems quite busy.
1555	7/14/2012	Its always busy when I'm there. I'd say plenty.
1556	7/14/2012	Looks like plenty of folks use it
1557	7/14/2012	very
1558	7/14/2012	Very well used.
1559	7/14/2012	Very busy
1560	7/14/2012	It always seems busy.
1561	7/14/2012	We go to Central, Albina and Hollywood regularly and all are always busy. We go to Belmont from time to time and it is always busy when we go.
1562	7/14/2012	Library appears to busy all the time.
1563	7/14/2012	Seems very active and busy each time I visit.
1564	7/14/2012	Usually a wait list for the computers, but often not more than 10-15 minutes. Lots of people of all ages
1565	7/14/2012	It always is busy when I go.
1566	7/14/2012	So far using well, however; the changing of maded on the hours of operations were not feel me happy. I hope is will be something chaning to made it back as usual.
1567	7/14/2012	Belmont, Gresham and Midland are usually busy and half full with people when I visit.
1568	7/14/2012	It appears to be very well used. Always has customers and people at the tables. Presents great programs. And has helpful librarians.
1569	7/14/2012	The Belmont location is always busy,people are waiting for computers, using the community spaces and waiting outside for it to open. I love this space.
1570	7/14/2012	Appears to be well used.
1571	7/14/2012	Good
1572	7/14/2012	Central is, of course heavily used all day long. Albino, in part because if it's proximity to a Whole Foods and a residential neighborhood is also well used.
1573	7/14/2012	always very busy
1574	7/14/2012	The computer section and the children's section are all crowded. There are usually 40-45 people when I go.
1575	7/14/2012	I'd say that it is quite well used. Central is always bustling, and people are always willing to help me.
1576	7/14/2012	I always see lots of kids at my Kenton library.

1577	7/14/2012	very well used. Staff is wonderful.
1578	7/14/2012	very busy
1579	7/14/2012	always busy
1580	7/14/2012	It seems to be occupied quite thouroughly at all times open.
1581	7/14/2012	very busy library but also used by many as a baby sitting (also adult) for many immigrant families
1582	7/14/2012	Intensively. Every time I walk into the library, people with armloads of books are checking out. All computers providing internet access are in use.
1583	7/14/2012	VERY WELL USED
1584	7/14/2012	Always busy, usually with young families
1585	7/14/2012	I live just a few blocks from the Central Library, and it's very well used.
1586	7/14/2012	The facilities are well used and vibrant whenever I go in. [] Almost always, I have to wait for several other holds to clear before I am next to use the media.
1587	7/14/2012	It seems always to be busy but never over crowded.
1588	7/14/2012	Pretty well. There are always people in there.
1589	7/14/2012	Gresham library is always busy. So many people are on the computers, it is hard to find an available one just to look up a book. It is the same experience at Fairview.
1590	7/14/2012	I feel that this library is one of the nicer ones that I have been in. I am always seeing people here coming and going and the computers are used well. Its a great way to run into neighbors as well.
1591	7/14/2012	always active
1592	7/14/2012	The central Library is quite well used by folks of all economic stature. As well the library is near Portalnd State University and many students go there as well. I have attended many community meetings at several the local Portland Libraries. Portland has a lack of library resources and could do better as far as spending more cash for local libraries. [] [] .ed granshaw
1593	7/14/2012	Generally very well used, but not as busy as some branches I have used previously, i.e. Central and Midland. Usage probably about par with Hollywood, from my observations. The Midland library is used to capacity. The library parking lot is always full to over-flowing. It should have been made bigger. The artwork on the outside of the building faces the street with much car traffic but where the patrons cannot appreciate much of it since the quotations cannot be read at 35 MPH. They should have been put near the entrance where the patrons walking in could read them. [] []
1594	7/14/2012	The staff is pleasant and competent. The computer system is great for check out and renewal, and I often use the electronic download of ebooks.
1595	7/14/2012	Very well used. There are always lots of families and also people using the computer resources, ad well as adults checking out books. It is always bustling!
1596	7/14/2012	very well

1597	7/14/2012	We use our nearest library (as well as others in town) regularly. We are on a tight budget, do not have the Internet or the ability to check out videos or buy books. We are so thankful to have the children's programming too. Thank you for all the services you offer!
1598	7/14/2012	As far as I can see, it is well used, never too crowded, but never empty either.
1599	7/14/2012	very, very well used! Always busy.
1600	7/14/2012	The Belmont library is consistently packed and the Woodstock and Sellwood libraries are usually busy when we are there. The Belmont library is looking a bit rundown -- the Sellwood and Woodstock libraries are in good shape.
1601	7/14/2012	Some times we go there, however I work downtown so I go to the central library much more often
1602	7/14/2012	My local library (Albina) seems very well-used. It's a very busy branch! It seems like it may need a larger building at some point.
1603	7/14/2012	busy most days and evenings
1604	7/14/2012	Always very busy.
1605	7/14/2012	Holgate is always busy and their patron base is uniquely diverse. Many people go for foreign materials or storytime in different languages. I have seen groups of children on many occasions. The computer queue is always full. ☐ ☐ Hollywood is much bigger but also stays busy. I use the printer there often since I don't have one at home and often need to print school material.
1606	7/14/2012	Very well used. People of all ages, which is one of the things I like.
1607	7/14/2012	I think they are very well used. It always seems full, but not usually "crowded."
1608	7/14/2012	The Belmont and Hollywood are the most visited by myself, and appear to be bustling at all times (except parade days . . . and that kind of distraction), even tho busy, are well and quietly run. My thanks.
1609	7/14/2012	It's always busy.
1610	7/14/2012	Very popular and social, used in all different kinds of ways.
1611	7/14/2012	Central is rather busy but a very large facility so it is never overwhelming
1612	7/14/2012	Well
1613	7/14/2012	Woodstock branch is very well used. It seems to be bustling and busy a lot of the time.
1614	7/14/2012	It is always busy and bustling.
1615	7/14/2012	Very
1616	7/14/2012	It's very busy. Kids and adults are using it all the time. It's a great location,...near the bus and across the street from a little park.
1617	7/14/2012	Very well used. Constant flow of people in and out of multiple areas/sections of the library.
1618	7/14/2012	Our Gresham library is always busy. I've gone to the library on many different days and times and it is always busy with people coming and going.
1619	7/14/2012	Very well used.

1620	7/14/2012	It is always busy when I go in there!!
1621	7/14/2012	It appears to be full every time I go to the library. The computers are always being used and it can be difficult to find a catalog computer for finding books amongst all the internet computers. I am happy I don't have to use a computer for internet searches because they seem to be quite popular.
1622	7/14/2012	Well used
1623	7/14/2012	Very well used and it's an important asset to me, as it must also be to the many, many users of whom I always observe when I encounter this valuable resource.
1624	7/14/2012	very well
1625	7/14/2012	I always see lots of people there. Any day, any time.
1626	7/14/2012	It seems busy everytime I have been in there!
1627	7/14/2012	Busy every time I make a visit. Customer computers are always in use and often there is a line waiting for their turn.
1628	7/14/2012	With the current hour changes, there have been many times that I and others have been waiting at the doors when the new hours allowed them to open. [] There are times when this (Capitol) branch is swamped with children. Many who appear to have no parent on site.
1629	7/14/2012	always seems busy
1630	7/14/2012	since I'm disabled I get my books from the outreach program
1631	7/14/2012	Very well used.
1632	7/14/2012	My local library - the Belmont branch - is one of the busiest libraries I've ever encountered. Without fail, no matter what day of the week or time of day, the library has people crowding the computers, searching through the movies selection, seeking books, and asking the librarian questions. I even bonded with my boyfriend over our love and use of this library.
1633	7/14/2012	It's always busy whenever I visit any of the local branches.
1634	7/14/2012	There are always many people using the computers;
1635	7/14/2012	I see the libraies as a valuable asset to the community. They let me see other people reading, especially parents and kids, which is a pleasant side of life.
1636	7/14/2012	Could be busier.
1637	7/14/2012	Very well for students and computer use.
1638	7/14/2012	I'm not usually in there for very long, but there are always people in there. At Hollywood, it seems like most of the computers are full when I'm there.

1639	7/14/2012	My use of the library system is not limited to one branch. I use the Hollywood, Midland, and Sellwood Branches. The Hollywood is by far my most favorite. But asking a person to choose is like asking which of your children do you like the most. In more than 20 years of visiting the library I have never had a bad experience. Where do you find these people ? The staff has always been friendly and professional. I like being in the library even when there is no reason, I can read at home. I can study and write there too. But not always.
1640	7/14/2012	looks pretty busy when I go. I go mostly to pick up reserved materials.
1641	7/14/2012	The branches are all very well used. I see many people with families checking out books for their children.
1642	7/14/2012	My local library is Belmont. I see folks lining up at the door waiting to go inside twenty minutes before the library is even open! Also, any library to go to volunteer at is filled with people participating in events and programs. As a volunteer in the computer labs, I am amazed at how the computer classes MCL and the Job Seekers Lab has really given folks hope that they can get help with daily use of computers and looking for work. Even though this was not the original mission of the library, I have found that these services help others in a no cost/no stress environment.
1643	7/14/2012	Our library is the lifeblood to our community. I would be lost without the use of this part of our city. Please keep it open especially for us who are on a fixed income. I look forward to coming to Central or Belmont every other day to see what books, DVD's are on the shelves. Thank you for the wonderful service to all.
1644	7/14/2012	The various branches I use seem to be pretty well used; the two I use most often (Central and Holgate) are usually filled with patrons, particularly in the computer areas.
1645	7/14/2012	I don't care.
1646	7/14/2012	I believe it is very well used. Whenever I go in, either on my own time or as a volunteer, there are always a large number of people on the computers, checking out books, or (specifically in the Northwest Library) arriving for one of the story times for parents and their children.
1647	7/14/2012	Very well used. Always a lot of people there when I go
1648	7/14/2012	We love our library and we want it funded properly. BRING THE OLD LIBRARY HOURS BACK!!!
1649	7/14/2012	The Hillsdale library is always full of people when I visit. I generally visit during the weekends and usually during this time there is limited parking, but the library has several people milling about and most of the computers have a person using them. I have also visited on the weekdays, though rarely due to my schedule. I have never seen the library empty or less than a dozen people.
1650	7/14/2012	Both Appear to be well used.
1651	7/14/2012	It's very well used. Everytime I'm there, it is bustling with activity. Sometimes I like just being there to take in the atmosphere. It's not just a practical asset but also aesthetic boon for the city of Portland.

1652	7/14/2012	Both are like community centers and ports of knowledge in a storm of ignorance.
1653	7/14/2012	Library staff know the answer better than patrons! Usually all of the computer stations are full, meaning one has to wait to search the catalog for a topic or book. The library is usually full to crowded when I am there.
1654	7/14/2012	Woodstock branch is always pleasantly busy/ near crowded on the weekend
1655	7/14/2012	I think it has the highest circulation for a branch in the US, or at least I have heard so.
1656	7/14/2012	It always seems busy
1657	7/14/2012	both central and NW are used constantly
1658	7/14/2012	The usage at Midland is high to very high
1659	7/14/2012	There are often a lot of people using it.
1660	7/14/2012	very well used, always packed with patrons - after work and weekends
1661	7/14/2012	well i think they need to buy more of the classics like gone with the wind and of mice and men couses those are one of many great book.
1662	7/14/2012	Very! When I first got my card and started going to the library on a regular basis, I was quite surprised to discover how busy it always seems to be. I found that to be exciting ... that so many people use the library and its resources.
1663	7/14/2012	VERY CROWDED ALL THE TIMES I HAVE BEEN THERE
1664	7/14/2012	I think it is used a great deal. It is akways busy when I am there.
1665	7/14/2012	always seems busy.
1666	7/14/2012	Very well used
1667	7/14/2012	It is always so busy that there is not normally a place to sit. It would be nice if there was more room to look at books without leaning against the wall or sitting on a small child's chair.
1668	7/14/2012	There always seem to be a variety of patrons there, with most of the computers in use.
1669	7/14/2012	always busy
1670	7/14/2012	I use it well as a delivery station for books I reserve out of the central collection
1671	7/14/2012	My library is well-used. Whenever I go there the library is always full of people checking out materials, reading, browsing, or using computers. I find it rare if when I enter through the library doors there isn't at least one other person entering or leaving at the same time.
1672	7/14/2012	Its always busy.
1673	7/14/2012	very
1674	7/14/2012	Always people filling the computers and I see people looking up books
1675	7/14/2012	Extremely, extremely well.
1676	7/14/2012	Always full
1677	7/14/2012	Very well used
1678	7/14/2012	It is always bustling.
1679	7/14/2012	very

1680	7/14/2012	Very well used! There is always a line to get in at opening time, no matter the day, and there are always a good number of people using the library when I'm there.
1681	7/14/2012	The Library is always buxy when I go whether it is early in the day or at closing time. The librarians always are pleasant when I ask a question about a book or how to use the "card catalog".
1682	7/14/2012	Very well used. Always people there at all hours.
1683	7/14/2012	VERY.
1684	7/14/2012	I don't know how to answer this question?
1685	7/14/2012	Whenever I stop at the library, it is busy so that must mean it is well used.
1686	7/14/2012	Always busy
1687	7/14/2012	Popular and well-used.
1688	7/14/2012	My neighborhood library in Northwest Portland, is small, however, almost always, VERY busy...every chair occupied, all methods of checkout being used and often people waiting, several mothers helping or reading to their children, etc. I love the Central Portland Library and use it when I am downtown. It always seems to me to be full of activity.
1689	7/14/2012	Always busy in there with lots of books on hold.
1690	7/14/2012	Moderately high. There's usually an open checkout kiosk, but the computers are always full and I always end up passing a patron in the narrow aisles, at some point.
1691	7/14/2012	Both are usually quite busy when I go. Quite the hub of activity for the neighborhood
1692	7/14/2012	well- trying to attend computer classes
1693	7/14/2012	I am very impressed and satisfied with our library. More hours later in the evening would be great, but I understand your funding challenges.
1694	7/14/2012	always seems busy and full of people.
1695	7/14/2012	always busy
1696	7/14/2012	I just joined the Library a month ago and I just love it. I'm still exploring what the library has to offer. I hope to use it more and more.
1697	7/14/2012	Supposedly one of the busiest.
1698	7/14/2012	There are always people coming and going as well as on the computers at the branch.
1699	7/14/2012	always busy when I am there
1700	7/14/2012	Always busy. I think I heard it was the busiest branch, per capita, of all of them.
1701	7/14/2012	It always seems very busy and full.
1702	7/14/2012	It is always extremely busy. On weekends, it is hard to find parking there are so many patrons.
1703	7/14/2012	I see up to 30 or more people in there every time I'm there
1704	7/14/2012	Very
1705	7/14/2012	Always seems very busy....children's program room is too small to accommodate all those interested in attending....programs are limited by a sign up sheet and then some get turned away.

1706	7/14/2012	I don't go into the branch much anymore as I use library2go and download most of my books, but I feel it is important to keep the branches open so everyone has access. Many social services have been cut or eliminated in our communities due to budget shortfalls, but the library should not be one of them. Information and education are the cornerstone of a strong community and I believe should be accessible to everyone. As a home owner, I fully support the our library system and the taxes needed to support it.
1707	7/14/2012	It is packed every day.
1708	7/14/2012	Very.
1709	7/14/2012	Midland library is always buzzing with activity. I am a flight attendant and have odd hours so visit the library at various hours on different days. I don't recall it ever being "quiet". The parking lot is adequate however. I always find a place to park.
1710	7/14/2012	it always seems to be very busy
1711	7/14/2012	It is always busy in there so guess it is used a LOT.
1712	7/14/2012	When I go, I see many people there.
1713	7/14/2012	not sure I understand the question...it seems busy if that's what you're asking
1714	7/14/2012	I always see 10 to 20 plus people there any time of day. It is well used but at times it seems overstaffed. It seems that the libraries could be open more at little extra cost if the staff were not all working the same compressed hours. I have to admit that it was a bit of a shock to vote yes on the levy and then hear that library hours would be going down.
1715	7/14/2012	
1716	7/14/2012	Busy every time I am there. It is wonderful
1717	7/14/2012	There are always many people there, and the garage is often close to full.
1718	7/14/2012	Very busy.
1719	7/14/2012	We see it as a strong community center as are all of the neighborhood libraries. They are the anchor "store" for each community.
1720	7/14/2012	Looks busy all the time.
1721	7/14/2012	I see people of all ages every time I go. It's a vital community gathering place.
1722	7/14/2012	Very well used. My daughter and I check out books regularly. We often check them out on-line and pick them up at one of the libraries. Sometimes we just browse the stacks.
1723	7/14/2012	It seems pretty busy most of the time.
1724	7/14/2012	Very well used. There are always people lined up at the door before opening. Many people ride their bikes and walk to this neighborhood library.
1725	7/14/2012	Very!
1726	7/14/2012	Very well used.
1727	7/14/2012	Always busy!
1728	7/14/2012	Very well used, it is very small and without a lot of books.
1729	7/14/2012	I primarily use Central, since it is across the street from my office. It seems VERY well used, no matter what time I go.

1730	7/14/2012	The libraries that we go to are both always busy, many adults and children enjoying the books and computers.
1731	7/14/2012	Since I very seldom use the library I have a hard time finding what I am looking for. The library is very busy.
1732	7/14/2012	Very!!!
1733	7/14/2012	very busy
1734	7/14/2012	Seems to be used often by the community, especially the young.
1735	7/14/2012	Seems very busy all the time
1736	7/14/2012	very
1737	7/14/2012	Central is my go to choice, Hollywood for graphic novels, both busy always. I use the North Portland brach for a quick drop off for returns, but I also go there if I want to walk instead of ride my bike. What I like about North Portland is that I always see students from Franklin High School and PCC. Albina should expand. When I worked @ WildOats, now WholeFoods, all of my customers borrowed there. So many times I would go in to pick up a hold and run into a regular customer. And I've heard great things about Kenton. I guess I want to say that all branches in N/NE/Central are busy when ever I go. NW even on the rare occasions I make it there.
1738	7/14/2012	It is very well used....always busy.
1739	7/14/2012	My kids and I are going to start going to the library more often with the kids learning to read. I myself like to read and haven't used the lirbrary in the past but when we visited the Gresham library (this week) I seen plenty of Items that I will come back to check out. As for the library being well used there was a lot of people there when we stopped by.
1740	7/14/2012	Very well used!
1741	7/14/2012	It is a busy library. But, the Hollywood Library is too small. I wish they had more room and programming for kids.
1742	7/14/2012	Very well used!
1743	7/14/2012	I love to use Internet access in the library for researching, emailing, and do some of my projects. I always get help from the library staff to find out the needed books. I love the helpful staff, the envirnoment, and the library resources there. However, there are many library users in the Holgate Library. I could not get a chair to sit down reading the book and no space for using the computer.
1744	7/14/2012	ITS VERY INPORTANT TO YOUNG AND OLD. IT THE AMERICA WAY OF KNOWLEGE, RESOURCES, PROGAMS, COMPUTER ACCESS AND FOR ME AT THAT TIME OF YEAR FREE TAX REFUNDS HELP. AS CHILREN LOOK IN WONDER AT ALL THOSE BOOKS. AT THE LIBRARY IT POSSIBLE THAT THE HUMAN RACE
1745	7/14/2012	It is a real home for the kids. I can't imagine life without it.
1746	7/14/2012	It always seems busy when I am there.
1747	7/14/2012	Well used, I believe. I don't go there often, as the Central Library is more convenient for me.

1748	7/14/2012	Always busy, but still accessible.
1749	7/14/2012	Given its size & the population density of the neighborhood it serves, I'd say very well used.
1750	7/14/2012	There are always a large amount of people there when I go, utilizing many of the different resources the libraries provide.
1751	7/14/2012	Troutdale library is too small, too few books -my children & I usually end up putting books on hold when there to come back & pick up. Too small & odd being in a busy strip mall.
1752	7/14/2012	VERY well used!
1753	7/14/2012	There are always people coming and going from our little library (Capitol Hill). It is a wonderful community center with very helpful librarians. We call it Tasha's Library because of Natasha Forrester's amazing children's storytimes. My kids love her and all the parents love what she does for our children and their love of reading and playing. She ties the two together wonderfully. She regularly has her storytime room at capacity, so I'd say that the hours we attend the library it is especially "well used."
1754	7/14/2012	I only know that on the rare occasions that I do visit, it seems to be well used. Full parking lot, all computers are usually taken and it generally just looks busy.
1755	7/14/2012	It is very well used. I have the number memorized because I use the library website so often.
1756	7/14/2012	Very well used. It is always busy. They have great children's programs. I love my branch.
1757	7/14/2012	I always see people using the library when I am there.
1758	7/14/2012	I don't know
1759	7/14/2012	very well, there are always people checking out books and media, using the computers, using the community space, participating in kids' programs and just reading
1760	7/14/2012	Great!
1761	7/14/2012	Almost too well used. Belmont is our closest library, but it is too crowded to be enjoyable. I will use it to pick up books I've ordered, but the space is way too small and with the limited hours there are no "off-peak" hours.
1762	7/14/2012	Always busy and the parking lot is always near full :)
1763	7/14/2012	It appears to be very busy every time I am there.
1764	7/14/2012	Busy, popular, well used by kids, adults for books, computer access
1765	7/14/2012	Always busy!
1766	7/14/2012	Both are always active.
1767	7/14/2012	It's OK.
1768	7/14/2012	very well used - never less than 30 people inside, computers are always full
1769	7/14/2012	It seems to be busy most of the time and is well stocked with books and resources
1770	7/14/2012	Very well - always full, parking is hard at times it's so well used.
1771	7/14/2012	Very well used. It is an essential part of the community.
1772	7/14/2012	Busy

1773	7/14/2012	It seems very well used. Every time I go to Belmont, there is a queue for the computers and often not much space to sit. Albina is slightly less crowded but there are always people there. The computers are a big resource for people. I used them a great deal when I first moved to Portland when I was looking for a job and a place to live. The library is a beautiful institution that I appreciate and value tremendously.
1774	7/14/2012	very well used. always very busy
1775	7/14/2012	always seems to be busy
1776	7/14/2012	The Hollywood library is very busy and active. In the summer there are many children being read to, etc. The computers are busy and the place is buzzing.
1777	7/14/2012	Seems to be well used?
1778	7/14/2012	Everytime I stop by, there seems to be lots of activity. We use it very often, and are so thankful to have it nearby.
1779	7/14/2012	Seems to be
1780	7/14/2012	It is often busy when I am there, I would not want to have to rely on public access to the internet via the Library system due to the ever-present demand and number of children "playing", albeit understandably so...
1781	7/14/2012	Capitol Hill branch seems to be used extensively
1782	7/14/2012	Very well used!
1783	7/14/2012	it is used frequently
1784	7/14/2012	It usually seems busy. Only a few times was there more than a ten or fifteen minute wait for the computers I wanted.
1785	7/14/2012	It seems to be very busy, when I visit. There are lots of people and children.[] What are we supposed to do without the libraries? Technology is not for everyone, I still prefer to read, as do most people from my generation! No matter what, books are still very necessary!
1786	7/14/2012	Unknown information to me
1787	7/14/2012	seems busy every time i'm there.
1788	7/14/2012	I'm not sure how to answer this question. We live overseas and come back once a year and typically use the library once or twice in the summer. It is a great library, full of the resources we need.
1789	7/14/2012	very well used, it is always busy when I visit
1790	7/14/2012	The Belmont location always has folks lining up outside before it opens. It seems very busy whenever I go...so I would have to say that it appears well used.
1791	7/14/2012	Very busy, every time I am there it is packed!
1792	7/14/2012	Always very busy when I'm there and when I walk by.
1793	7/14/2012	always looks busy to me

1794	7/14/2012	This library always seems to be busy. I love that the young ones are so comfortable with being there. I am grateful young adults have a special space upstairs. Shocked and chagrined that the holds shelf has gotten so big. Our branch could use more space to meet the needs of all the folks who represent so many cultures, especially non-English speaking seniors. Their grand children seem disrespectful toward them.
1795	7/14/2012	The library branch we use most, Woodstock, is virtually always quite busy. We go there once or twice a week, usually on a weekday during the morning or early afternoon. The Holgate branch, which we occasionally visit, is sometimes moderately busy.
1796	7/14/2012	Fairly well-used.
1797	7/14/2012	Very well used.
1798	7/14/2012	It's always busy!
1799	7/14/2012	It is always well used by all ages
1800	7/14/2012	Very well used. The parking lot is always full.
1801	7/14/2012	Very
1802	7/14/2012	The Midland Library always appears to be busy with folks, young and old alike, doing a variety of things.
1803	7/14/2012	It is constantly in use by a wide range of patrons who are there for a multitude of reasons.
1804	7/14/2012	we love it so much!
1805	7/14/2012	very well used
1806	7/14/2012	always a full parking lot - many people waiting to use the free internet - sometimes it's hard to walk the aisles need the computers.
1807	7/14/2012	There's alot of people who come to the Gresham Branch. People of all ages come for books, computer access or for meetings/clubs/classes.
1808	7/14/2012	The Belmont Library appears to be very well-used by the community.
1809	7/14/2012	Well used.
1810	7/14/2012	once past sometimes obnoxious petition gatherers, it is nearly 2/3+ full any time i have been in.
1811	7/14/2012	It often seems busy. Librarians are usually engaged in helping people at computers or the desk. There often seem to be activities happening, particularly for children.
1812	7/14/2012	Belmont is frequently full. Not crowded; just full.
1813	7/14/2012	Very!
1814	7/14/2012	It always seems to have a lot of people in it. Sometimes i have to wait to check out a book but not long. The hold shelves are always full.
1815	7/14/2012	Usually quite busy, with people of many ages and ethnic backgrounds using the library.
1816	7/14/2012	It is always full, I use it when ever I am in town. I generly chek out mutiple items. It is my favorite place and I would love to suport it. The library always helps me therw hard times.
1817	7/14/2012	I usually go to Midland, and it is always busy. Hard to use a computer because there is always a long wait. We need more libraries.

1818	7/14/2012	The Midland branch is constantly abuzz with people....I love it!
1819	7/14/2012	I most often frequent the Midland library and feel that it is very well used. The parking lot (during open hours) is usually at least three-fourths full if not completely, and on many occasions I have actually been unable to find a place to park at all. Though it may briefly irritate me, that hardly lasts long as I am quite happy to see the library used so well. ¶ I realize many people may use the library solely for it's internet access however I personally use it most often for picking up holds, and often, for wandering around and simply browsing. It is my happy place.
1820	7/14/2012	There are always many people doing all sorts of different things
1821	7/14/2012	Very
1822	7/14/2012	There are always several people looking for books in the shelves, reading at tables, using computers, and checking out material either electronically or from the librarian. Also, the conference room is usually being used,
1823	7/14/2012	the PC are usually busy; many family and children
1824	7/14/2012	We love are library i get movies my kid get books its so convenyent for us an most people are nice there an it quite too
1825	7/14/2012	very busy
1826	7/14/2012	It seems like the community makes good use of our little library in St. Johns.
1827	7/14/2012	I don't know. Some of my friends use it for on line books. I might read magazines.
1828	7/14/2012	Very well used I use it as a resource in checking out a book to see if I like it then I will go to the book store and buy it if the book is worth buying. This saves me money in and helps decide on buying the books. So the resource for looking for information thur the library is great and alot of people use this.¶ I
1829	7/14/2012	
1830	7/14/2012	always a good population in both north portland and kenton every time we stop by
1831	7/14/2012	Hillsdale is the branch closest to my home. It is very well-used.
1832	7/14/2012	There are always folks in the library, in all the branches I frequent.
1833	7/14/2012	Quite well. The computers are always full.
1834	7/14/2012	It is very well used.
1835	7/14/2012	Very
1836	7/14/2012	I would say it is extremely busy most of the time.
1837	7/14/2012	The Sellwood branch seems like it is well used by people of all ages, year round.
1838	7/14/2012	I go to the library at all times during the day and it always seems very busy.
1839	7/14/2012	I think it is well used.
1840	7/14/2012	very well used
1841	7/14/2012	I don't know
1842	7/14/2012	Always busy

1843	7/14/2012	I don't know. I rarely use it. When I am there, it seems that the computer stations are all full, but chairs and tables are wide open. I am always alone when I use the "card catalog" computer. Rarely do I encounter people down the aisles.
1844	7/14/2012	Very well. The library is often full of people.
1845	7/14/2012	.
1846	7/14/2012	Very well in the Woodstock community.
1847	7/14/2012	Very. Lots of people on computers, reading books, magazines
1848	7/14/2012	It's packed almost all of the time! I love it.
1849	7/14/2012	Always seems to have a lot of people, and it seems like the community room is in use a lot, too. Small, but a good place!
1850	7/14/2012	Central library is very well used actually so is Kenton and Hollywood.
1851	7/14/2012	It seems busy when I go in. A lot of young families
1852	7/14/2012	I feel like it is used quite frequently. Many of our friends are there often. We LOVE Natasha for our storytimes!! We have been going there since my 5 year old was just a few months old! She is the reason why many people use the library.
1853	7/14/2012	That I'm not sure but I'd say it's pretty well used
1854	7/14/2012	very well!! always occupied by computer users, families, students (during school yr) etc
1855	7/14/2012	I feel like every time that I am in the library it is always packed. I loving being able to see the community using the library.
1856	7/14/2012	Very well used. I greatly appreciate the helpful staff and the nice vibes at Kenton Library.
1857	7/14/2012	always seems to be a lot of people there involved in something
1858	7/14/2012	fair
1859	7/14/2012	Well
1860	7/14/2012	Very Well Used, in my opinion.
1861	7/14/2012	Extremely well!
1862	7/14/2012	Very well used. It's always full of people.
1863	7/14/2012	Very! It is always packed! Parking lot is full, every computer terminal is in use...
1864	7/14/2012	It's always very busy.
1865	7/14/2012	seems to be busy when I am there
1866	7/14/2012	I have visited the library twice since moving into my home and it appears the library is well used and popular.
1867	7/14/2012	Hollywood is always busy
1868	7/14/2012	It always seems to be busy
1869	7/14/2012	It is very busy
1870	7/13/2012	Woodstock Library appears to be very well used. I always see a line of people waiting for it to open.

1871	7/13/2012	We go there about once a week or several times a month, often to pick up holds or drop materials off. We may also peruse a little for anything that might catch our eye.
1872	7/13/2012	The computers are always being used and there are a lot of people there.
1873	7/13/2012	Very well used! There were 20 people in our tot time at the library today, maybe more.
1874	7/13/2012	good
1875	7/13/2012	Very well used :)
1876	7/13/2012	Very well used
1877	7/13/2012	Very...both branches are always crowded when I stop in.
1878	7/13/2012	Well used
1879	7/13/2012	Very well used. There are always many people using the library.
1880	7/13/2012	I'm not sure i understand the question. I mostly just order books & movies online and stop in to pick them up and drop them off. It generally looks busy in there.
1881	7/13/2012	very
1882	7/13/2012	VERY well used.
1883	7/13/2012	I think it's well used. There are always a few folks in there every time I go in.
1884	7/13/2012	I go to library at least once a week to reading material and computer access (Wi-Fi).
1885	7/13/2012	Very I always see a bunch of people at everyone I go to
1886	7/13/2012	Heavy
1887	7/13/2012	Extremely! I believe it is one of the busiest libraries in the system.
1888	7/13/2012	Well
1889	7/13/2012	Very well used.
1890	7/13/2012	our library system is the best in us!! I am very grateful to have it as a great resource
1891	7/13/2012	All of the visits I've made to the various Multnomah County Libraries seem well used by the community and very embedded for the families I know in each community including my own family.
1892	7/13/2012	Very well
1893	7/13/2012	very
1894	7/13/2012	Our local library is an invaluable resource and I am extremely grateful to have it around.
1895	7/13/2012	there are always people there when I go, and I have noted people waiting there for it to open.
1896	7/13/2012	It is always busy.
1897	7/13/2012	It is very well used. Central is the one I use most.
1898	7/13/2012	Fairly well used, especially Midland.
1899	7/13/2012	There are always plenty of people at the library. All ages as well. A lot of people seem to come there to do research/homework or use the computer.
1900	7/13/2012	It is always busy when we are there. Often on the weekend the kids section will be well-picked through, which tells me lots o other families with small children are checking out books.

1901	7/13/2012	The library closest to me is the Holgate branch. Every time I go there are always lots of people; most of the computers are usually in use and there are always people at the information booth. My library is used primarily by foreign-language speakers, or so it would seem from the people I see there most often. I usually visit it on weekdays in the afternoon.
1902	7/13/2012	seems to be pretty good. I am not really sure what you mean by "well used".
1903	7/13/2012	For a relatively small physical space, I think the library is VERY well used. I often speak to other families who come from other areas of the city to attend the Northwest children's story time.
1904	7/13/2012	I believe my library is well used. There is always a line before it opens and the place is normally bustling with a diversity of people. There seems to be employees at each check stand that is either checking customers out or providing information. I also believe that many users have items sent to the Belmont branch. It seems that the area for reserved items is always full of books and media waiting to be picked up.
1905	7/13/2012	very well used
1906	7/13/2012	Busy, busy, busy.
1907	7/13/2012	I'm not sure how this question is meant to be interpreted. If you mean how frequently it is used by other patrons, I don't have a frame of reference by which to judge. If you mean how is it physically treated by patrons, I believe that it is treated respectfully. If you mean to ask about its condition, or the stock of book titles available, I'd say that the Midland library is in excellent condition, and the Belmont branch is a bit below average.
1908	7/13/2012	It often seems busy. At least, folks are using all the pc's. I am not sure what Fairview's circ is, but lot young people are there in the afternoons.
1909	7/13/2012	usually very busy and well maintained
1910	7/13/2012	North Portland's library seems pretty popular - I've arrived in the mornigs to find several people waiting outside. Being that it seems to be a low income area, I feel it's very important to keep this library up and running. It provides resources to the community that residents may otherwise not have.
1911	7/13/2012	Well used -usually busy.
1912	7/13/2012	its always full of kids and young adults
1913	7/13/2012	Very well, it's always very busy.
1914	7/13/2012	I don't understand the question. How "well used"??
1915	7/13/2012	Seems like it's busy every Saturday that I go.
1916	7/13/2012	Pretty busy, but not as heavy as the Killingsworth library.
1917	7/13/2012	Very well. Whenever my children and I go there there are lots of people using the librays' services.
1918	7/13/2012	very well. I am always impressed and pleased to see so many of the children from the neighborhood using the library. They represent many different countries and cultures and to see that they are comfortable using the library and it's many services is wonderful.
1919	7/13/2012	I am at the library a lot and it doesn't matter what time it is, they are always busy.
1920	7/13/2012	Very well used. In fact, it is always relatively crowded

1921	7/13/2012	VERY!
1922	7/13/2012	very busy
1923	7/13/2012	Very well used, always busy, and with a wide age group from tots to seniors.
1924	7/13/2012	busy
1925	7/13/2012	fine
1926	7/13/2012	well used
1927	7/13/2012	Seems to be well used, allows a nice group of folks there when I go in.
1928	7/13/2012	It is very busy.
1929	7/13/2012	It always seems busy when I'm there.
1930	7/13/2012	Pretty well used. Every time I'm there it seems like there are a lot of people participating in programs or just doing research. Definitely leans more towards parents and younger children as far as heaviest usage goes.
1931	7/13/2012	It's still one of the older cards, so well used
1932	7/13/2012	Very.
1933	7/13/2012	Very well used. There are patrons using my library (Hollywood Branch) at all hours of the day, every day it is open.
1934	7/13/2012	It's always busy.
1935	7/13/2012	It is always busy.
1936	7/13/2012	for business I use it 3 times a week. Very inconvenient to print out on Sunday then have to ship on Monday. two trips into town. All books and music is borrowed, With out it I would have a psychological problem.[] [] Has you pay been cut. I survive on donations 250 per month
1937	7/13/2012	Very well-used! I most often visit the North Portland branch and it is almost always close to capacity.
1938	7/13/2012	it is usually very busy
1939	7/13/2012	Seems to be pretty well used. There are always people there....
1940	7/13/2012	It always seems to be at capacity because it is a very small space -- Albina branch at NE 15th & Fremont.[] [] By the way, you need an editor, "branches" is misspelled in the first page.
1941	7/13/2012	It appears pretty active. There are always a lot of people/kids around.
1942	7/13/2012	They're always packed with people. I love the library system in Portland. I moved from Redding, Calif. 5 years ago and there was nothing to compare to this!
1943	7/13/2012	VERY well used I assume.
1944	7/13/2012	It seems quite busy when I am there
1945	7/13/2012	I see a lot of people in the library all the time, so that means to me that is is used quite a bit.
1946	7/13/2012	It,s always crowded!

1947	7/13/2012	I don't know how well it is used, but I really appreciate it.
1948	7/13/2012	very busy and small
1949	7/13/2012	Midland always seems busy! We are frequent users online as well.
1950	7/13/2012	Holgate is my local library and it's very busy! I appreciate very much the ability to have materials delivered there via the hold system so that I can get in and back out again quickly. There are enough self-checkout stations so that I rarely have to wait in line, but I'm glad I don't have to use the computers down there, it seems there is always a line.
1951	7/13/2012	Just about right, I think.
1952	7/13/2012	It always seems busy when I go there with lots of people, families, kids. It is a well liked and used library.
1953	7/13/2012	I'm there at least once a week, and there always seems to be many users of the computers and people browsing DVDs.
1954	7/13/2012	Woodstock library is always busy and is a wonderful community resource.
1955	7/13/2012	very well used it seems
1956	7/13/2012	Busy!!
1957	7/13/2012	It seems well-used. There are always people in it and I appreciate that I can take my grandkids there when they are over for the day to participate in whatever activity is happening.
1958	7/13/2012	Seems to be very well used.
1959	7/13/2012	Very well used. The cutback is unacceptable.
1960	7/13/2012	It's used a whole lot.
1961	7/13/2012	Heavily used.
1962	7/13/2012	very high usage
1963	7/13/2012	Very, all branches have constant activity and provide a vital service as community centers for Portland. The availability of study rooms and PC time has been vital to me for job searches. I spent a portion of last summer doing research for my firm (I am a field archaeologist) and the library system had access to several vital documents including one book that we had not encountered before.
1964	7/13/2012	Very well used.
1965	7/13/2012	The Hollywood library seems quite busy, probably one of the busier ones.
1966	7/13/2012	aLWAYS SEEMS PRETTY BUSY WHEN i HAVE BEEN THERE
1967	7/13/2012	There is always something going on when I come to the library: the computers are being used, people are browsing the stacks, people are reading at the tables.
1968	7/13/2012	The Central Library always is a busy and active place every time we attend. Thanks, Ellie
1969	7/13/2012	It is always busy when I am there. I never have trouble getting service, but there is often a very short delay because of the number of visitors using the library.
1970	7/13/2012	It's busy all the time. I don't use a computer, but they seem occupied all of the time. Young children's programs were often filled and difficult to attend without standing in a line.

1971	7/13/2012	During the school year it is quite busy at times as students are doing homework and parents might be browsing while students work. Computers are in high use during this time. Summer months at least during my visits the usage might decline a bit due to the schools being out for the summer.
1972	7/13/2012	Very well used. There's always a good number of people there.
1973	7/13/2012	So busy that it's difficult to get in to any of the book babies or toddler reading programs. The line out the door before the library opens makes you think you might be going to a rock concert. We could use more programs spaced more often throughout the week to accommodate everyone.
1974	7/13/2012	Always busy.
1975	7/13/2012	The place is always busy with people utilizing the library services .
1976	7/13/2012	Very
1977	7/13/2012	The branches that I frequent always seem to be fairly busy. I use a wheelchair, and am especially appreciative of the consistently excellent accessibility.
1978	7/13/2012	medium
1979	7/13/2012	Well kept.
1980	7/13/2012	Extremely busy at all times since such a small library - need to get there early in the day for more current books and computer access
1981	7/13/2012	The Central library is extremely well used by downtown inhabitants and visitors!
1982	7/13/2012	good, clean, excenllent, convenience locations
1983	7/13/2012	This question is confusing. There are always a lot of people...
1984	7/13/2012	there are always people in there when I go
1985	7/13/2012	It is often busy.
1986	7/13/2012	very well used...I primarily go to the library for books for my three year old. Our neighborhood, sellwood, has a ton of kids, so I it always seems to have other families in there at the same time as us.
1987	7/13/2012	It is always busy when I visit with my granddaughters.
1988	7/13/2012	There is always people at the library
1989	7/13/2012	The impression I get from my visits to the library is that there are no shortage of other people interested in perusing the stacks.
1990	7/13/2012	VERY BUSY[] I checked daily use, though it is usually 2 or 3 days per week, because i know many will not fill survey.
1991	7/13/2012	There is always a lot of people going in and out and using it for many purposes.
1992	7/13/2012	It is always busy when I am there. Most of the computers are occupied, and many people checking out books(both adults and children). The Elementary School across the street uses it with groups of students frequently, and I've also seen tutoring sessions in progress there. I love the St. Johns Library!
1993	7/13/2012	Hollywood branch is very well used. Just sit outside the door and note the number of people who come and go. The number is staggering. People of all ages make use of the library for its various services.
1994	7/13/2012	Very well.
1995	7/13/2012	I'm not sure what this means...

1996	7/13/2012	It is always busy!
1997	7/13/2012	It is used very well, other than the funding cuts, I am impressed with the facility as well as the staff.
1998	7/13/2012	Although a smaller library, I feel the Sellwood library is very well used - particularly by the many young families that live in the immediate neighborhood.
1999	7/13/2012	very well used
2000	7/13/2012	Extremely
2001	7/13/2012	Very well used!
2002	7/13/2012	The branches we visit are always crowded and there are usually people in line to speak to a librarian. I feel like it's always busy, and it seems to me that people are using it in a lot of different ways. Albina's location is terrific, since it's on an 'anchor' corner with a grocery and other well-used services. I wish there were a way for this branch to expand a little -- it could really use more square footage!
2003	7/13/2012	Always busy.
2004	7/13/2012	Appears VERY well used, especially by families and kids.
2005	7/13/2012	The computers are always fully occupied, children's section always has at least one family sitting and reading together, the toddler story times are popular, and for being a small branch it is well-stocked with materials. It's location is convenient for the Hawthorne/Belmont/Tabor neighborhoods, so it is well-loved and utilized.
2006	7/13/2012	Very well used. Belmont is always busy.
2007	7/13/2012	There are always lots of people there but never seems to be overcrowded
2008	7/13/2012	well!
2009	7/13/2012	quite well, I think
2010	7/13/2012	Very
2011	7/13/2012	Very
2012	7/13/2012	I enjoy my library because it has a safe environment for me to get my work done. It has a lot of books I enjoy reading. I wouldn't mind it being closed for a day if they could stay open longer.
2013	7/13/2012	very well used!
2014	7/13/2012	Very well used and busy. Could use some more books / more frequent changes of titles.
2015	7/13/2012	Always busy when I'm there.
2016	7/13/2012	typically busy... most/all stations used, but library not crowded
2017	7/13/2012	Yo man, peeps always at the 'brary. Always.
2018	7/13/2012	Always seems busy.
2019	7/13/2012	it is always busy
2020	7/13/2012	The NW location seems pretty busy at all hours, filled with kids and adults. The computers are almost always nearly full. It's a well-loved community spot
2021	7/13/2012	moderately well used.
2022	7/13/2012	There always seem to be people there.
2023	7/13/2012	The Hollywood branch always seems busy when I go.
2024	7/13/2012	

2025	7/13/2012	The biggest problem is finding a parking place most of the day! Otherwise, there always seem to be a number of people there even when there are no scheduled activities.
2026	7/13/2012	Always very busy. In fact, busy enough that parking can be limited.
2027	7/13/2012	All the computers seem to be in use whenever I'm there.
2028	7/13/2012	Very well used. I see a lot of people every time I visit, and there are many books in the "reserved for pickup" shelves whenever I stop by to pick up books unavailable on my Kindle. [] [] I love being able to search your catalog online, such a convenience -- but I love visiting Central Library just as much, though less frequently than I once did. The staff is so friendly and helpful, it is a pleasure to just drop in and browse.
2029	7/13/2012	seems to be very full all of the time
2030	7/13/2012	Very busy, very lively, lots of kids and teenagers
2031	7/13/2012	I think it's very well-used - and an essential amenity in the community.
2032	7/13/2012	I go, on average, twice a week. The library is always busy when I am there.
2033	7/13/2012	very well used
2034	7/13/2012	I believe that Albina is one of the busiest libraries in the city?
2035	7/13/2012	VERY. And well loved.
2036	7/13/2012	It's the Central library so it is well used.
2037	7/13/2012	Albina library is always hopping when i am there.
2038	7/13/2012	The central library is very well used - it is always crowded, at any time or any day of the week.
2039	7/13/2012	The central library is both fabulous in appearance and service from staff. Despite being in an area of Portland frequented by individuals of questionable sanity level, the librarians as well as security staff maintain a friendly and relaxing environment. I am homeless, and feel welcome and at peace every time I visit. I am not sure as to why the funding was cut, or where it was re-directed to, but I would very much enjoy spending more time at the library.
2040	7/13/2012	Very well-used every day
2041	7/13/2012	Highly used
2042	7/13/2012	Seems pretty well used as best I can tell
2043	7/13/2012	Do not know
2044	7/13/2012	It seems to be very well used being the only one close to NW and NW being a big neighborhood for walking/biking. We go more than once a month but not necessarily weekly that I know of.
2045	7/13/2012	Silly question. I don't know the statistics. The computer stations are usually full.
2046	7/13/2012	Not very.
2047	7/13/2012	there are always several people in each of the libraries we frequent.
2048	7/13/2012	Apparently VERY well-used.
2049	7/13/2012	heavily, crowded.
2050	7/13/2012	Very well.

2051	7/13/2012	Extremely well used
2052	7/13/2012	It is always full of people. I've never been there when it wasn't busy and I go to both locations frequently and at different times of the day and week.
2053	7/13/2012	Very well used. However, it has become a day care center, a drop in center for addicts and the mentally ill, who should be in other care, a geriatric day care center - very distressing from a digital librarian.
2054	7/13/2012	They appear busy. Especially the computers.
2055	7/13/2012	Belmont is very well used--almost always crowded.
2056	7/13/2012	It is very well frequented.. it is a great resource for the community and it encourages a sense of community. The resources that it offers the community, in addition to its just being open, are immensely important to me and to others.
2057	7/13/2012	The library is very well-used. The central location always has a number of people in it, and on weekends there is usually a group of people waiting to get into the library. Reduced hours may hurt the community as a whole because of that. I access the library on the weekends mainly, because I work M-F, but I have many friends who are already seeing the impact of having the library closed on Mondays.
2058	7/13/2012	My local library branch is heavily used, always busy when I go there. Lot's of families with young children in the children's area, teens, people on the computers. It's a happening place for my community!
2059	7/13/2012	Seems busy, but not crowded
2060	7/13/2012	Used to be used ALL the time, now I'm in college, so I'm only home a few times a year... still borrow for those times though, I love to read.
2061	7/13/2012	Our use is limited
2062	7/13/2012	Not well used by serious researchers. Mostly online gamers and bums. The library system is a significantly important resource for my husband and I.
2063	7/13/2012	We are learning to use its online resources more. However, going to the library is often needed to pick up materials or to return things. I use your resources to help solve business problems as well.
2064	7/13/2012	Busy
2065	7/13/2012	The Kenton Library is never empty. The Computers are always occupied. I don't use the computers, but when I was looking for a job, it was a great place to go to crank out applications and search with free wireless.
2066	7/13/2012	VERY!!
2067	7/13/2012	fine
2068	7/13/2012	very well used- I think but it is not local- its the central branch

2071	7/13/2012	It always seems busy! Computers especially.
2072	7/13/2012	it's good.
2073	7/13/2012	seems popular, but not over-used. i am new to the kenton branch. my previous branches (belmont and nw) were really crowded.
2074	7/13/2012	There are always people there.
2075	7/13/2012	Our local library is extremely important and used weekly. My daughter and I make at least 3 trips a week to the library. It is an important place for families and people in the neighborhood and cutting funding to libraries should be at the bottom of the list, like schools but the sad reality is that it is not! My daughter loves to read and watch DVD's from the library. The mere action of just going there, returning books, looking at the DVD's and checking out new books is exciting and empowering to her. We go to weekly book readings and events that take place at our local library. Like the kitchen, I feel the library is the heart of the neighborhood and promotes literacy, community and empowers people to read!
2076	7/13/2012	Both seem pretty busy most of the time.
2077	7/13/2012	The libraries my family uses are always very busy.

2103	7/13/2012	Excellent! A valuable component of our community The computers are always occupied. There are typically a dozen people walking around the book shelves. Frequently there is a small line at the check out station. I visit the branch during the week rather than on the weekends, so I'd say it is well
2104	7/13/2012	used. [] The staff are great.
2105	7/13/2012	What metric, subjective or otherwise, am I supposed to use to determine this? Is it supposed to be just a 'general feeling' sort of thing?
2106	7/13/2012	This library has many patrons whenever I have been here. It is a hub of activity! All parking places in the area are constantly full during Library hours and the place is abuzz with
2107	7/13/2012	activity from opening to closing. I recently moved here from Southern Oregon and the best thing about Portland is the library system!

2124	7/13/2012	By me? Very well. I visit it during one of my days off every week, and know that when I am there or at any of the other branches, there are always people using it.
2125	7/13/2012	I don't know. I order library materials online for home delivery via U.S. Mail several times per year, I don't visit the library except to return material if I don't return them by mail
2126	7/13/2012	We visit the Albina branch several times a week. It is always busy, both with children and adults. The computers are always well used as well.

2130	7/13/2012	It is always busy. People come to use the internet, read periodicals, do research, job search, read books, and many other things. Even so, I always find a seat. I enjoy the atmosphere. There are always people going to the help desk, but there are enough librarians to keep it running smoothly. The staff is friendly, competent, and willing to do whatever it takes to meet the needs of patrons.
2131	7/13/2012	IDK
2132	7/13/2012	It's pretty busy. Looks as though computers are used and the children's area are always full of kids. Programs are hit and miss at some of the locations.

2135	7/13/2012	Very, it is always busy
2136	7/13/2012	Intensive use
2137	7/13/2012	I don't understand the question. If you mean do I think the library is well used, the answer is yes, it is always crowded and I find it hard to book times for computer access so I do a lot from home.
2138	7/13/2012	Very well. Always full and active when I stop by. (Almost always hard to find parking. Wish Hillsdale had a short-stop or drive-by stop for returning books.)
2139	7/13/2012	You can answer that.
2140	7/13/2012	The place is always bustling!

2146	7/13/2012	I love being able to hold my books online and pick them up at my local library. To me it feels a good use of sharing materials and not having to purchase materials for each location. I usually just pop in to check out my books and leave.
2147	7/13/2012	There are always people in the library and the book babies event is always well attended
2148	7/13/2012	Always is quite busy.

2153	7/13/2012	Heavy
2154	7/13/2012	When I go to the library, I see a good number of people looking at books, using the computers, etc. I feel the library is well used by local paritioners.
2155	7/13/2012	My local library is very accessible to get to and has a variety of catalog that I can go through. If I can't find what I want I am assured I can have someone help me locate it.

2160	7/13/2012	Our local library is used often for our kids enjoyment and education. They look forward to the trips to the library and what that entails by means of turning in items for exchange of new items to check out.They take great pride in owning a library card. Also, the Gresham library is very busy and a great hub of knowledge.
2161	7/13/2012	Poorly written question. ☐ Our local library is well used???
2162	7/13/2012	To me it seems extremely well used. Anytime I have ever been there it is full of people, very busy. I used to visit the NW branch frequently and the same was true there.

2168	7/13/2012	Very well used. There are always people at the computers or children there.

2169	7/13/2012	The library is the ONLY place that I can go to get my adhd and dyslexic eight year old excited about books and reading. And there seem to be a great deal of other parents in my neighborhood that feel the same and populate it not just for their kids but for themselves aswell. Every time ive gone
2170	7/13/2012	Albina is a very busy location. It of course could even be a larger space and be well used.

2174	7/13/2012	Quite well-attended
2175	7/13/2012	Extremely well used. When ever I pick up books from the reserved shelf, I'm astonished to see how many books are being reserved. I use the library at least once a week, my family overall uses it even more often than that!
2176	7/13/2012	Well used
2177	7/13/2012	They both seem quite well-used, and well-loved.

2179	7/13/2012	frequently there always seem to be at least 6 or more people.
2180	7/13/2012	Very well but primarily by the same group of people
2181	7/13/2012	Pretty busy place most of the time.
2182	7/13/2012	Very.
2183	7/13/2012	very much so!
2184	7/13/2012	I have never been to a branch that wasn't very very busy. We go to Central most often, but we stop by whatever branch is closest when we're out and about.
2185	7/13/2012	It is always busy, and full of children.
2186	7/13/2012	I love my library. It is valuable resource for our growing family and our community. Please keep it open and functioning at its highest capacity.
2187	7/13/2012	I would say very. Computers are always in use and adults and children are always there.
2188	7/13/2012	There seems to be constant demand for public computers and chairs at the reading tables. The hold shelves are also typically full of materials, from what I can tell.
2189	7/13/2012	I have no problems with my library I go to. The staff and volunteers are great. I am sad about the changes but see it as something that needs to be done.
2190	7/13/2012	Seems to be a popular place
2191	7/13/2012	It seems to be well used -- most or all computers are being used, families are in the children's area, there's a short line for the resource person - tables have more than one person at them, some are full - quiet rooms have folks in them - there's a wait to check out books.
2192	7/13/2012	It is very comfortably used. Just the right amount of traffic for my taste.

2193	7/13/2012	Every time I am in my local library it is always busy with patrons. I especially like to see all the children's programs and when I see children there enjoying books. My husband and I use the online checkout system and my dad had books delivered to him when he was a shut in.
2194	7/13/2012	I'd say it is very well used. There are always many people there whenever I go.
2195	7/13/2012	Very popular.

2197	7/13/2012	I think it is very well used by people
2198	7/13/2012	Woodstock is almost always full. It's hard to find a seat most days. Central is wonderfully big; and while it is easy to find a seat or a quiet place in the stacks, the check-out stations seem to service a steady stream of people.
2199	7/13/2012	Woodstock is almost always full. It's hard to find a seat most days. Central is wonderfully big; and while it is easy to find a seat or a quiet place in the stacks, the check-out stations seem to service a steady stream of people.

2202	7/13/2012	It always appears to be busy to me
2203	7/13/2012	VERY well used. Always many people there--impressive variety of ages and general appearance. Lots of readers in this area. Usually have to place books and music on hold as the Woodstock copy is in use.
2204	7/13/2012	always crowded when I am there.
2205	7/13/2012	If there were more books available at the branch, I would use it more. I always have to order books and tapes online to pick them up at the Belmont branch.
2206	7/13/2012	Our family most often goes there for children's events. These events are always well attended. In fact, the story times are often at full capacity (according to the sign-in sheets at the door). Then, in general, I've never been in any MultCo Library branch and ever felt that it was underused at any time.
2207	7/13/2012	It seems pretty busy every time I go in.
2208	7/13/2012	Not sure, but I love it!

2216	7/13/2012	well used

2217	7/13/2012	New smaller library.
2218	7/13/2012	Seems always busy.
2219	7/13/2012	Our local library is very well used. It is located on the same block as Jefferson High School and is across the street from PCC Cascade. There is a bus stop in front of the library and the community it serves is vast and under-served. My 13 year old daughter visits the library at least every other day if not daily. She has been engaged along with several of her friends by the excellent children's librarian to volunteer and participate in a year around teen council group. She has met other friends through these opportunities and considers this activity highly important in her life. I see the library full of frequent users, and there is always a great number of youth as well as retired or disabled visitors present

2227	7/13/2012	It is well used with many adults and children.
2228	7/13/2012	Very. It's almost always crowded, and lots of children around after schools gets out (ie. James John Elementary & The Montessori House of St, Johns).
2229	7/13/2012	I think it's used pretty well.
2230	7/13/2012	Midland: Extremely well-used. We go mid-week (Tuesday/Wednesday) and there are always patrons sitting and reading, usually a line waiting for computer access, and every childrens' program and computer lab is well-attended. Special programs can overflow the parking lot as well as the meeting room. There are always families there, as frequently to read and get books as for programs. Each week we see several other regular patrons who are there as often as we are, as well, and the reference librarians are rarely idle.
2231	7/13/2012	It's always busy and full of people.
2232	7/13/2012	It is really good. I love all of the great books there, but I think there should be some more selection and audio tapes for middle aged kids.
2233	7/13/2012	There are always a number of people present when I arrive. I think it is more a well used place than a quiet place.

2240	7/13/2012	Very
2241	7/13/2012	Very well used. Almost a constant buzz of activity, across generations. A true neighborhood hub. When my kids were in school we couldn't go into the library without seeing someone we knew from the community.
2242	7/13/2012	It seems quite busy
2243	7/13/2012	Always well used. Would love to see it open more. Libraries are a community hub. Cutting library funding is a travesty.
2244	7/13/2012	It gets incredibly heavy use, people even wait for the opening hour.
2245	7/13/2012	It seems very busy whenever we go there.
2246	7/13/2012	I've been to 7 of the Multnomah county libraries, including the three that my family and I frequent most often, and I can say honestly that the libraries are extremely well used! There are always lots of people in each of the libraries that I go to every single visit.
2247	7/13/2012	very used. it is always busy when I go in.

2249	7/13/2012	My children and I rotate visiting the Gresham and Rockwood locations. Both locations appear busy, but not overcrowded, every time we visit. My boys have participated in programs for young children. Also, our homeowner's association reserves a room on a quarterly basis for our neighborhood meetings.
2250	7/13/2012	It's very well used and crowded at times.
2251	7/13/2012	Hillsdale is busy! Lots of families and people in the library when I'm there....
2252	7/13/2012	Very they park up all the available parking in the neighborhood and make it hard for the locals to get to their driveways. (Woodstock)
2253	7/13/2012	It's always busy when I'm there.
2254	7/13/2012	Very
2255	7/13/2012	Extremely. Always busy with children, parents and teens.
2256	7/13/2012	Very. Lots of people there of all ages, many people filling the magazine section, reading or researching. Always full story times for kids, etc.

2262	7/13/2012	It is always busy when I go. I have gone on a number of different days of the week at a variety of times in the day. The reference librarians are busy (and friendly).
2263	7/13/2012	It's very useful on everything, I really liked because we I spend great time whit my family.
2264	7/13/2012	Very well used! Always a delight to go in and see all the young readers.
2265	7/13/2012	My daughter goes weekly to Woodstock with my two grandchildren to get books. I go weekly to Central to get books.
2266	7/13/2012	Lots of traffic all the time.
2267	7/13/2012	Average to well used.
2268	7/13/2012	Not sure
2269	7/13/2012	Our Woodstock branch always has a line at the door before the library opens. I have never seen less than 25 people in the library every time I go, and it is a small library.

2280	7/13/2012	very well used
2281	7/13/2012	Very busy anytime I've been there.
2282	7/13/2012	Both branches I visit are always bustling, but not in a crowded way or in a way that makes for long waits being helped. Our Central branch is among the fixtures which define our city--I was born in this city.
2283	7/13/2012	Our local Hillsdale library is very well used and thankfully is a relatively new and beautiful building. There are three schools within two blocks and it is a unifying element in our community.
2284	7/13/2012	Central is the best library on the West Coast.[] We also have very positive feelings about Hillsdale.
2285	7/13/2012	I frequent the Rockwood, Fairview and Central Branches. The Central and Rockwood branches are usually pretty well used. When you asked "how well used is your local library" I am not certain as to what you are asking.
2286	7/13/2012	Albina is always teeming with people. It is a wonderful community resource for everyone.

2287	7/13/2012	Appears to have a lot of people there whenever I go.
2288	7/13/2012	this question is worded strangely. I use the library well.
2289	7/13/2012	full alot of the times
2290	7/13/2012	It seems that there are always several people there - using the computers, talking to the librarians, reading. It seems aa bit busier now that school is out. MOthers bring their young children and check out books with them.
2291	7/13/2012	I don't know as I very seldom use it. It seems like there are always a lot of kids and people on the computers when I am there. I don't understand why we have to be a school so to speak for all these people. I always thought the library was for information and not teaching. I don't want to pay for all these people who have all these kids and can't afford to buy books for them. Maybe there should be a class on how expensive it is to have children from cradle to adulthood.
2292	7/13/2012	The book babies and toddler classes are always packed.
2293	7/13/2012	Not sure
2294	7/13/2012	It is always busy. The people are lined up waiting for the doors to open.
2295	7/13/2012	Midland is generally pretty busy, I'm in there a couple of times a week and I've never seen it empty. There's always classes or gatherings scheduled and people using the resources.
2296	7/13/2012	I think it's used frequently.
2297	7/13/2012	Very well
2298	7/13/2012	Well used.
2299	7/13/2012	very used every single time I am there
2300	7/13/2012	It's well-loved, but not shabby. The new check-out terminals are wonderful. The only addition I would like to see would be more books!
2301	7/13/2012	Well used
2302	7/13/2012	Always busy when I go.
2303	7/13/2012	Don't know. My husband usually takes my son to check out books as something to do.
2304	7/13/2012	The Kenton library always seems busy. Its been a great addition to the local area. □ The Central library is amazing!
2305	7/13/2012	VERY WELL USED
2306	7/13/2012	very well used.
2307	7/13/2012	Well used
2308	7/13/2012	While we don't visit it frequently, it always appears to be busy as it is in a central and great location in our neighborhood (as all libraries should be).
2309	7/13/2012	Very
2310	7/13/2012	very- I go at all times of the day, and it is always busy
2311	7/13/2012	seems fairly busy when we go
2312	7/13/2012	The parking lot always seems to be nearly full, and there are always lots of people of all ages there.
2313	7/13/2012	VERY WELL USED!!!! It's one of the greatest businesses/organizations in Kenton.

2314	7/13/2012	Very
2315	7/13/2012	Central Library is always busy! I'm disappointed the hours were cut because it will make the times the library is open even more busy.
2316	7/13/2012	It's always filled with people whenever I go.
2317	7/13/2012	Very!
2318	7/13/2012	It's always crowded.
2319	7/13/2012	very well used, always busy
2320	7/13/2012	Very
2321	7/13/2012	Fairly well
2322	7/13/2012	Not entirely sure
2323	7/13/2012	There are always others at the library when I visit it - families, adults on the computers, and young children reading books.
2324	7/13/2012	I'm not sure what this question means. There are always plenty of people in there using it in various ways.
2325	7/13/2012	very well
2326	7/13/2012	Don't know what you mean. I like my local one.
2327	7/13/2012	I would say it is well-used. There are always people using the computers, browsing books, reading to their kids and checking out materials.
2328	7/13/2012	Our library branch is small, so my husband and I typically visit it to pick up library materials that are on hold (transported from other branches.) We visit weekly -- there's nothing like the treat of free books!

2329	7/13/2012	<p>I see the Midland library jammed with people, especially using the computers. Personally, I could not have the quality of life I have without the library. I am almost 62, unemployed, really retired, and the books I checkout from the library enrich my life. I think I have learned more reading primarily the non-fiction books from Midland than I ever did getting a B.S. in economics from Portland State University. I see the library as the best return on my tax dollars. I personally think we should abolish the public schools and build more public libraries and let people of all ages go to the library to learn on the computer or by reading. I could never, ever afford to buy the books I am checking out to read. I probably every month checkout books which would cost me 120 dollars to buy. This is the public service I most use. I think the library system is incredibly well managed. It is such a calm and soothing place to go. I love the fact anyone has access to it, no matter how much money you have. The library gives people access to knowledge, which is self-directed, unlike the schools. This is the best library system, but some libraries, like the one on Holgate lack books, so I go to Midland. I see so many people on the computers and think many have no other computer. I saw one lady on a computer completing an employment application for Fred Meyer. The library connects people to the digital world, if they have no other access. The library is used. Midland always has a jammed parking lot. I say shut the schools and I use the library a lot and enjoy some of their class in the past. It is such a good program and they are very helpful at the library.</p>
2330	7/13/2012	It has always been busy when I'm there.
2331	7/13/2012	Very busy most of the time.
2332	7/13/2012	It's always a busy place.
2333	7/13/2012	very well used. It's always full of people.
2334	7/13/2012	The Belmont library is well used by the community; there are always lots of other people milling about when we have stopped in.
2335	7/13/2012	Extremely. I love the Hollywood Branch.
2336	7/13/2012	It's always busy when go in there!
2337	7/13/2012	Since I use Central I'd have to say extensively.
2338	7/13/2012	In terms of...?
2339	7/13/2012	very well used. It is usually quite crowded whenever I go there
2340	7/13/2012	It seems to be pretty busy all the time. I'm usually in and out so I am not entirely sure.
2341	7/13/2012	It's always busy when I'm there.
2342	7/13/2012	Both the Woodstock and Holgate libraries are usually quite busy, all days of the week.
2343	7/13/2012	

2344	7/13/2012	The Gresham Library looks very well used. I've spent hours researching history at the Downtown Library and even online research as well. The shorter hours that libraries are open often keep me from the library.
2345	7/13/2012	Very well used
2346	7/13/2012	very! there always seems to be at least 15 other people utilizing the belmont library's services when i am there.
2347	7/13/2012	Very well used.
2348	7/13/2012	very
2349	7/13/2012	Always busy.
2350	7/13/2012	very well used
2351	7/13/2012	Very well used.
2352	7/13/2012	The library branches are in constant use. An enormous cross-section of society in Multnomah County is always there, Moms AND Dads with babies, toddlers, small children, teens. Young people, old people, professional people, students, rich, poor. There are always people of many different racial backgrounds to be found, everyone sharing these same resources. The MultCo library system is extremely well used and, I must say, extremely well managed and attended by its employees.
2353	7/13/2012	Always packed.
2354	7/13/2012	we use it very well
2355	7/13/2012	Very! Generally quite full of seekers.
2356	7/13/2012	Very, always busy.
2357	7/13/2012	I can not say but I do like libraries
2358	7/13/2012	very busy
2359	7/13/2012	Based on the cars in the parking lot, I believe that the Gregory Heights library is heavily used. Both Gregory Heights and Hollywood appear to have many clients when I visit them.
2360	7/13/2012	It's always a very busy place with the computers all in use, the kid section full of happy little voices and plenty of adults perusing the many aisles of books
2361	7/13/2012	It seems very well used with lines outside before opening, many people usiing the tables and desks, and a good flow of people checking out materials.
2362	7/13/2012	I don't know. I pick up books on hold and am not there long.
2363	7/13/2012	There are always people there. Not sure about volume.
2364	7/13/2012	very well
2365	7/13/2012	Woodstock and Belmont libraries are closest to my house and are always in heavy use whenever I am there. I also know several families who allow their 4th & 5th grade kids from Woodstock Elementary to head to the library after school to do homework and read, in lieu of childcare. As long as the kids behave, I think this is a valuable service to the community.
2366	7/13/2012	Very well used
2367	7/13/2012	Don't know.

2368	7/13/2012	I would say well used. There are always people there.
2369	7/13/2012	very well used by the transient and street kid population.
2370	7/13/2012	It is always crowded.
2371	7/13/2012	Very well used Full of people
2372	7/13/2012	Very
2373	7/13/2012	Very busy!
2374	7/13/2012	Very
2375	7/13/2012	Well used
2376	7/13/2012	Appears to be busy most of the time.
2377	7/13/2012	Seems very well used to us. Almost always there are people in all sections of the library when we're there. We see friends there all the time!
2378	7/13/2012	We are in Sellwood and that branch is used *A LOT*
2379	7/13/2012	Libraries are used not enough in this day and age but we need to keep them in order to preserve the habit of reading in a way that bookstores do not promote. We need to move away from only buying new-to-print books and not replacing old copies of well loved classics as well as allocating too big a budget to computers and not enough to books in general. Our local library is used by the low income and high income families who make up our neighbourhood. It may be very small but holds come in fairly quickly and I'd rather have a few smaller branches than only a few farther away large branches.
2380	7/13/2012	My local library is the Capitol Hill branch. It is well used and usually fairly busy. I also use the downtown library regularly during the school year. It too is busy, but when it is cold outside the majority of patrons seem to be people who came in looking for a warm place.
2381	7/13/2012	It is always busy.
2382	7/13/2012	There are always people in it. I've never been at any of those branches and thought "Wow there's no one here today." I love the library.
2383	7/13/2012	Always busy
2384	7/13/2012	The Belmont branch is always busy. There is always a small group waiting for the doors to open each morning.
2385	7/13/2012	I have never seen that library without people in it either checking out books or just viewing the web. I would guess that the library gets about 75 people a day, but that is just my estimate.
2386	7/13/2012	Always seems busy. Often, however, the librarians are rude.
2387	7/13/2012	If "well used" is referring to the popularity of the library, than the library that I use most often (Central Library) is very well used.
2388	7/13/2012	Very well used
2389	7/13/2012	It seems like it's pretty busy whenever I'm in there
2390	7/13/2012	don't know

2391	7/13/2012	Very much so ! Every day of the week all of them are busy !
2392	7/13/2012	always busy
2393	7/13/2012	very well used
2394	7/13/2012	Belmont is very well used, and the staff is very friendly and helpful
2395	7/13/2012	Every time I go in, it seems to be busy
2396	7/13/2012	Seems steadily busy all days.
2397	7/13/2012	just nice
2398	7/13/2012	I always see people waiting at the door before it opens, and they are never empty.
2399	7/13/2012	always busy
2400	7/13/2012	alot, very
2401	7/13/2012	Very well used. There are always people there.
2402	7/13/2012	Both the Rockwood and Central libraries are extremely busy every time I am in them.
2403	7/13/2012	Very well used, particularly by young families and youths.
2404	7/13/2012	It is always busy
2405	7/13/2012	The libraries are always busy. The are extremely well-used and deserve more funding and should be open longer hours. This is a resource that should be open as much as possible.
2406	7/13/2012	Very well based on every time I go in
2407	7/13/2012	Belmont is my primary library and I've never been there when Belmont isn't bustling & busy. People returning stacks of books, cking our STACKS of books and DVD's/CD's. Families during school session is from 3 till closing and it is always busy. Week-ends are particularly well used, parents w/children. It's a true outing! For fun & learning. Computers are constantly busy as are the reading hours for youngsters and parents.[] [] I'm a Senior Citizen and libraries are as important to my life as the Symphony, live theatre, Art Museum and health care. I am convinced a community with active libraries are an absolute necessity for a civilized community.
2408	7/13/2012	I always see quite a few people there, so I would say it is well used.
2409	7/13/2012	Very, I think.
2410	7/13/2012	It seems always busy -- full of families, young children, and people using the computers.
2411	7/13/2012	We are very pleased with our Library. The people are very nice and polite and that makes it worth going to the Library There always alot of people in there, looking at books or working on the their Lap tops or computers.
2412	7/13/2012	It is always full of people

2413	7/13/2012	I've always used my Library. It has been a god-send since being disabled 34 years ago. I have developed rheumatoid arthritis that has crippled my hands as well which makes holding books difficult, sooo.... having library outreach and "library to go" audiobooks has enriched my life immencely. I am increasingly confined to my home and what a blessing having our local library and its wonderful services has been for me!
2414	7/13/2012	There always seem to be people there when I drop by, but I usually only drop by quickly to pick up my books on hold, so I can't really say.
2415	7/13/2012	Every time I visit the local library there is always a large number of people there. I would say the library is very well used.
2416	7/13/2012	Every time I have been there it has been fairly busy.
2417	7/13/2012	Pretty good
2418	7/13/2012	Our little branch is always busy. Seems well used, but computers have unfortunately taken over a large part of the library's footprint. They might be consolidated toward the rear of library. Touch screens would eliminate the constant clicking of keys while enabling new media to be incorporated in the library.
2419	7/13/2012	Quite well-used.
2420	7/13/2012	Well.
2421	7/13/2012	Very well used. I see lots of people in it every time I go.
2422	7/13/2012	Its always very busy
2423	7/13/2012	Always seems busy
2424	7/13/2012	very
2425	7/13/2012	It appears to be well-used.
2426	7/13/2012	very well used at all hours
2427	7/13/2012	Remarkably well.
2428	7/13/2012	Excellent! Love Hollywood Library
2429	7/13/2012	Very - sometimes hard to get in the door.
2430	7/13/2012	always busy, but comfortably so.
2431	7/13/2012	
2432	7/13/2012	I used to live right by it and rent more. Now i'm farther away and have been absorbed in the Game of Thrones series which my friend lent me. So I really don't visit very often. I know that probably isn't the answer to your question but their you go.
2433	7/12/2012	Whenever I am there, quite well used. There is considerable traffic and many are reading, not just checking out audios and videos.
2434	7/12/2012	I see loads of kids during the Summer checking out books,using the computers,participating in the Summer Reading Program. Adults are there as well during the Summer as well as other seasons.
2435	7/12/2012	very
2436	7/12/2012	Very well used!

2437	7/12/2012	My library seems to be very well-used. There are usually lots of people at story times, the computers are always in use, and there is frequently a line of people waiting for it to open.
2438	7/12/2012	Busy, although not a lot of browsers b/c it has a small selection. It is so convenient to pick up a book on hold here! I would hate to see that service cut.
2439	7/12/2012	very
2440	7/12/2012	Seems very busy any time I'm there.
2441	7/12/2012	always full
2442	7/12/2012	always seems busy

2446	7/12/2012	It always looks busy to me.
2447	7/12/2012	Very busy
2448	7/12/2012	Well used, always fairly crowded.
2449	7/12/2012	It is always busy.
2450	7/12/2012	I feel that the Gresham branch is highly used.
2451	7/12/2012	Very busy.
2452	7/12/2012	Always bustling
2453	7/12/2012	Extremely well used. It's always busy.
2454	7/12/2012	The Troutdale branch is busy every time I go there (at least 15 people).
2455	7/12/2012	I've seen people reading books, using internet, readng to children within the library. Many people will have one less resource to educate their children and instill them the habit of reading. I enjoy very much going to the library and choose a book to read yself or my child and would like to have the tme to read all the books the library has.
2456	7/12/2012	Very well used by all age groups and by people with varied socio-econonmic backgrounds.
2457	7/12/2012	From what I can tell, very well.
2458	7/12/2012	Depends on time of day. Usually active.
2459	7/12/2012	Extremely well used, especially by me!!
2460	7/12/2012	extremely well used I love it!!!
2461	7/12/2012	I do not use as often since my twins were born.
2462	7/12/2012	I'm not sure. We just moved here in the last year. The few times I have gone into the library, titles that I had hoped to check out were not available. I also hoped to find an audio book, but could not find one that looked interesting.
2463	7/12/2012	It seems you would have better information than me. I will say that when I go in to pick up books there is usually a good crowd.
2464	7/12/2012	Seems to be very busy

2465	7/12/2012	Always busy. Vibrant environment.
2466	7/12/2012	Not sure.
2467	7/12/2012	It appears to be well utilized on a daily basis by a wide range of people.
2468	7/12/2012	The Gresham branch is always busy with computer users and people using the access for their own laptops. The kids section is another popular area for parents to read to their kids and access take home material. [] The DVDs, CDs and audio books are in big demand also.[] The branch is well stocked in all areas, and the staff helps patrons obtain material from other branches if requested.
2469	7/12/2012	Too many homeless
2470	7/12/2012	very well used. Lots of people are there all the time.
2471	7/12/2012	Very. Always busy.
2472	7/12/2012	very well used
2473	7/12/2012	Always seems fairly busy, depending upon time of day, day of week, season of year. Computers always busy (I don't use them).

2477	7/12/2012	Very
2478	7/12/2012	Always very busy. We love it and use it almost exclusively for our reading needs.
2479	7/12/2012	It's always busy This library is blooming with activity all the time. There are so many families, moms and kids- teenagers throughout the day.
2480	7/12/2012	(I have been spending a lot of time here) .[] I was so thrilled to find that I had moved in to a town whose library was open seven days a week!
2481	7/12/2012	Quite well used. There always seem to be plenty of people there.
2482	7/12/2012	Used very well
2483	7/12/2012	well
2484	7/12/2012	Very well :)
2485	7/12/2012	Generally pretty busy, reasonably. Busy buy enjoyable.
2486	7/12/2012	Very well used. Always plenty of people in there every time we visit.
2487	7/12/2012	They seem quite well used
2488	7/12/2012	Very, especially the Belmont and Central location.
2489	7/12/2012	Whenever we visit the library, generally the Central Library, it seems to be doing a bustling business.
2490	7/12/2012	It seems reasonably busy with a goodly number of users. Time doesn't seem to make a lot of difference, though rarely I don' have the wait time
2491	7/12/2012	Very well-used, there are always people there.
2492	7/12/2012	Very well used, always busy.

2493	7/12/2012	Always packed with kids and adults both

2495	7/12/2012	very well used
2496	7/12/2012	Appears to be very busy all the time. Sometimes, a mad house! :)
2497	7/12/2012	Very used by the community.
2498	7/12/2012	It seems to always be busy.
2499	7/12/2012	Mobbed at times (like after school, children's story time); never UNcrowded. It has always been a "happening" place
2500	7/12/2012	Very Busy!
2501	7/12/2012	Our library is used by many, many people. The parking lot is at least 3/4 full. Many different age groups use the Midland Library.
2502	7/12/2012	Well staffed by lovely people, clean pleasant space, good information concerning community activities, events for children and seniors. Well used
2503	7/12/2012	Very well!
2504	7/12/2012	Looks like it is very well used.
2505	7/12/2012	it's tiny so very well used. as well, the main library downtown on 10th is so overrun by street people we cannot visit it or utilize it. The last time we tried someone urinated on our car at 2 in the afternoon.
2506	7/12/2012	The Albina & Hollywood are always full when I drive by, so I would say USED A LOT!
2507	7/12/2012	It is a small branch and is always busy when I am there. very well, it is a wonderful place for sitting and reading during cold and warm months, a refuge for people who are without a physical home. Wonderful extended times on the computers, and the daily job lab, as well as interesting and creative presentations.¶
2508	7/12/2012	I find it saddening that there is always more money for other projects, yet education and healthcare seem to be those areas that are "cut".
2509	7/12/2012	Both Holgate and Woodstock are VERY well used. The parking lot is always full and there are always lots of people inside. I love having the ability to pick up books I put on hold at either of these two branches. Thanks SO much!
2510	7/12/2012	It is very busy after work and on weekends, especially
2511	7/12/2012	Very well used, always busy.
2512	7/12/2012	Very well used -- always busy
2513	7/12/2012	Very well
2514	7/12/2012	Well.
2515	7/12/2012	Very, it is new so quite popular.
2516	7/12/2012	I use it often... i think the building its self is in good standing
2517	7/12/2012	Very well used. The computers are almost always full and the tables are crowded. The story time has to turn away families as it so so popular.
2518	7/12/2012	It is always busy.

2519	7/12/2012	The Holgate library always seems pretty crowded whenever I go there.
2520	7/12/2012	Appears well used every time I have gone.
2521	7/12/2012	There are always a lot of visitors in the libraries I go to.
2522	7/12/2012	very well used-always busy
2523	7/12/2012	My local library is very well used in my community.
2524	7/12/2012	Almost always very busy
2525	7/12/2012	Always seems busy
2526	7/12/2012	How do I judge???
2527	7/12/2012	Midland library is always packed. The computers usually have a waitlist, and the place is crowded in general.
2528	7/12/2012	seems to be busy much of the time
2529	7/12/2012	always full of people including lots of children
2530	7/12/2012	Very
2531	7/12/2012	It's always extremely busy - lots of people of all ages.
2532	7/12/2012	I think it is used heavily.
2533	7/12/2012	Seems very busy all the time
2534	7/12/2012	it is always busy when we go, mainly on the weekend
2535	7/12/2012	Extremely. Programs really crowded, books hard to find sometimes.
2536	7/12/2012	Very well as far as I notice. Computers are often all taken, many people in the isles reading books and browsing the shelves.
2537	7/12/2012	Gresham branch is always busy (I use it the most) but the other branches also seem to always have lots of patrons when I'm there.
2538	7/12/2012	Very busy. The computers are almost ALWAYS in use. There are always a lot of books and movies on the hold shelves in the library. Even though the library is small people find places to sit and read magazines and newspapers. [] The library is a vibrant part of the community, centrally located and used by young and old alike.
2539	7/12/2012	It is always busy. So it is a definite asset to our neighborhood
2540	7/12/2012	It is always busy, although I have only lived here for 2 months. I love this library and would not want to see it closed.
2541	7/12/2012	Seats are full, computers are busy and staff is attentive to patrons
2542	7/12/2012	Always busy
2543	7/12/2012	Seems to be light to moderate in comparison with other branches I've used regularly in the past (North Portland, Holgate, St. John's, Woodstock).
2544	7/12/2012	I use the library almost daily when I'm in town. I travel a lot. Central is a very, very busy branch!
2545	7/12/2012	well used
2546	7/12/2012	Don't understand this question.

2547	7/12/2012	Not sure how to answer that, it seemed maintained and busy the last time I was there.
2548	7/12/2012	very well used
2549	7/12/2012	Always busy
2550	7/12/2012	Central Library is always filled with people.
2551	7/12/2012	I can only speak for the times I am at the library. I cannot speak to how well used the facility is. No one can, unless they're at the facility every open hour of every day.
2552	7/12/2012	Very-always seems busy
2553	7/12/2012	It's always busy when I go there - no matter what day or time.
2554	7/12/2012	always lots of people there
2555	7/12/2012	yes i used books for reading
2556	7/12/2012	Very well. It's smallish, but I've never seen it with fewer than 20 or so people at least.
2557	7/12/2012	Good
2558	7/12/2012	I see you're turning this survey into an opportunity to gather data about my use of the library, but what I want to tell you is that I feel absolutely blindsided by the decision to close the library one day per week! No one said anything about it as I was being asked to pay higher taxes - which I did support (now I wish I hadn't - I certainly won't next time). Why don't you just ask for the money you need to run the library? Don't ask me to pay and then withdraw services! Your actions strike me as underhanded and treacherous - probably not intentionally so, but that's how they strike me. I'm certainly not giving any more support to the library until I get some assurance of EXACTLY what services you intend to maintain in future. You've badly damaged your credibility.
2559	7/12/2012	Very well used.
2560	7/12/2012	Always busy, always a lot of people there
2561	7/12/2012	Always hopping!!
2562	7/12/2012	It always is busy.
2563	7/12/2012	Appears busy
2564	7/12/2012	Very well used-usually busy
2565	7/12/2012	always busy..all times of day!!!
2566	7/12/2012	It is always quite busy when I am there.
2567	7/12/2012	All three of the libraries that we frequent seem to be busy during all business hours. The toddler story times (which we attend every few months) are always full and all the kids have a really good time.
2568	7/12/2012	There appears to be many people who are in the library when I visit
2569	7/12/2012	Kenton: very! Nice facility and I prefer it now over the crowded Central, tho' Central's larger selection of books (I prefer browsing the stacks for fun and casual "must reads) makes me a happier camper. Still, I'm finding good selections of books at Kenton.
2570	7/12/2012	always full when I am there - at both branches

2571	7/12/2012	Belmont Library is very busy, used by patrons of all ages. The Belmont staff provides good service. I was dismayed on Monday, 7/9 to learn all Multnomah libraries will be closed on Mondays until further notice. When I visited the branch twice in June, I did not see a posted notice of pending Monday closures.
2572	7/12/2012	very
2573	7/12/2012	Our library is always a hub of activity. It is well utilized by the neighborhood.
2574	7/12/2012	always at least a handful of folks; sometimes crowded; facilities appear well used (tired)
2575	7/12/2012	Very well used by children, people who come in to read magazines, people who use the computers, adults and seniors who browse and check out books.
2576	7/12/2012	Not as much as I would like it to be. You should have many more funds.
2577	7/12/2012	it's frequently busy
2578	7/12/2012	very well; popular programs; considerate staff; inestimable resource for the community
2579	7/12/2012	When I visit, there are always people of all ages using the library.
2580	7/12/2012	I have no idea what you mean by this question.
2581	7/12/2012	Very well used. It's always busy and there are always activities going on.
2582	7/12/2012	VERY well-used. Sometimes the computer terminals are all in use, and it's hard to maneuver behind those tables to look at books. Very well used. Every time I go in there is a good crowd enjoying its services. The computers are usually full...and when
2583	7/12/2012	there is a wait time for them it usually isn't too long.[] It's a great place!
2584	7/12/2012	Very. There are always lots of people using all of the libraries we use any time we go.
2585	7/12/2012	Very well.
2586	7/12/2012	Don't know
2587	7/12/2012	Every branch I use always seems packed with users.
2588	7/12/2012	Very. Always pretty crowded, esp. w/ kids.
2589	7/12/2012	I'm not sure what this question means. It seems to always be busy?
2590	7/12/2012	Very well used by individuals and families
2591	7/12/2012	Very.
2592	7/12/2012	It is used extensively.
2593	7/12/2012	Extremely. I can't recall a time I have been there and not seen it full of people, which is great.
2594	7/12/2012	Very.
2595	7/12/2012	Seems like many people use Hollywood and Central everyday. Large homeless and smelly population, but that's apparently what the community wants. I see people with young children
2596	7/12/2012	too. [] They're always quite busy, always a line to self check out.
2597	7/12/2012	very well used, it seems

2598	7/12/2012	When I go to the library there is generally quite a few people there and sometimes I have to wait to use a computer or other media. Often I find that I need to put books on hold because they are already checked out.
2599	7/12/2012	very well used... I think? (this question is poorly worded)
2600	7/12/2012	We see many people using our neighborhood library.
2601	7/12/2012	Every time I'm in there it seems to be very busy. I know my friends with kids go there at least once a week with their families.
2602	7/12/2012	I'm always happy to see people there -- not too many to make my visit comfortable, but enough to see that my community loves its library. I am sick at the thought of closing one day a week. Communities need libraries.
2603	7/12/2012	It is well used; there are a lot of people in the central branch.
2604	7/12/2012	Very well used. I think you mismanage the money allocated for the libraries and when Oregonians voted for the stupid lottery we were promised that schools and libraries would be funded and there would never be an issue. It is disgraceful the way this state abuses and mismanages funds. The libraries should remain open 7 days a week and cut the salaries & benefits of those that work there.
2605	7/12/2012	Very well used, it is always busy
2606	7/12/2012	Very well used, I always see people coming and going whenever I am there and there's usually twenty to thirty people roaming around or using the computers (at the Hollywood location).
2607	7/12/2012	It's always busy!
2608	7/12/2012	It's always pretty busy. The computers and table sections are generally full.
2609	7/12/2012	It seems very well used. The Midland parking lot is nearly always full when we go there.
2610	7/12/2012	Very well used. Sometimes there's a queue to access a computer or check out materials.
2611	7/12/2012	Very well used.
2612	7/12/2012	It almost always busy whenever I go there
2613	7/12/2012	central library is my local library. it is heavily used.
2614	7/12/2012	Very well used. It is full every time we go there.
2615	7/12/2012	There are always, always, always, people at Belmont. This branch is VERY well used.
2616	7/12/2012	always busy
2617	7/12/2012	Very -- it's always busy.
2618	7/12/2012	Always busy.
2619	7/12/2012	Both libraries that I visit seem well used; they're always fairly busy.
2620	7/12/2012	It seems to me that Gresham is always busy. This is a good thing!
2621	7/12/2012	very
2622	7/12/2012	I use my local library, the Belmont branch, A LOT, and every time I go in there, it is packed with people, so I think I can safely say that it is well used and well loved.
2623	7/12/2012	

2624	7/12/2012	My local library is used frequently and I love going there. Portland library's are unique and I hate to see the funding cut.
2625	7/12/2012	checking out books, attending cultural social lectures and open receptions gatherings, attend crafts so I use the library as updating myself as well as resource network.
2626	7/12/2012	Always busy; staff always helpful and courteous.
2627	7/12/2012	Seems pretty busy.
2628	7/12/2012	very well-used as can be seen
2629	7/12/2012	There are always people there when I visit the library.
2630	7/12/2012	Every time I go (to Hollywood or Belmont locations) they are busy with lots of people. I would spend more time reading or studying there but it is too loud for me to study in. But everyone is pleasant
2631	7/12/2012	Very well used. Always busy. Parking can be difficult.
2632	7/12/2012	Very well used, always people in there.
2633	7/12/2012	?
2634	7/12/2012	Extremely. It's always busy.
2635	7/12/2012	There are always people in there. Sometimes too many! It's popular and loved.
2636	7/12/2012	This library is always really busy when I visit. Most times, the tables and computers are all full. The shelves where the books are kept until patrons pick them up are overflowing. It seems like this library is very popular.
2637	7/12/2012	There are many people every time I have used the library. The computers usually have a wait time and people prusing the bookshelves. A busy place.
2638	7/12/2012	very good !
2639	7/12/2012	My library is used all the time.[] I plan my visits at hours that I know there will be minimum use. During the school year it is in the am. During the summer, it is whenever I can get there.[] It is very difficult to use computers as there is great demand. I have to make a reservation to get access. [] I want to have service 7 days a week and would vote to do that.
2640	7/12/2012	IT is used very well every time i go there is at least 10 other people.
2641	7/12/2012	I'm not sure what you're asking exactly but it appears to be very well used. Belmont is always crowded. Always.
2642	7/12/2012	The Woodstock branch is ALWAYS busy when I visit, which is usually on Fridays, and parking is often scarce.
2643	7/12/2012	very well used
2644	7/12/2012	Very heavily and well used.
2645	7/12/2012	very well used
2646	7/12/2012	Very well used. It is small but usually has a "full house," though not overly crowded. The staff is wonderful- (Albina branch)

2647	7/12/2012	very well used
2648	7/12/2012	Hillsdale always seems to be modestly buzzing. It would say it is a well used resource.
2649	7/12/2012	Very busy
2650	7/12/2012	Extremely. It's a hub of activity for users of all ages. I see it as a vital, wonderful asset that I can't imagine our life without.
2651	7/12/2012	I always see people there using the computers and picking up materials.
2652	7/12/2012	Very. They always seems to be a crowd.
2653	7/12/2012	Very well used, very well loved.
2654	7/12/2012	Very well used...this is a poorly worded question, what are you trying to get at?
2655	7/12/2012	Always packed.
2656	7/12/2012	Very
2657	7/12/2012	Very well used. It is excellent assistance for many things.
2658	7/12/2012	Our NW Library is very well used. My 7 year old son and I go to the library at least twice a week. We have lived in NW/Pearl for over 1 year now and I have consistently noticed a negative attitude at the NW library location. We moved from Laurelhurst. We previously visited the Hollywood Branch and never had any issues with the staff. It has been such a bothersome issue for me that I decided to let you know (and coincidentally I received your survey request). NOT all the staff is rude but 1-2 woman are consistently rude and seem troubled by any customer service question/assistance. I have to say that it is extremely irritating and unacceptable. My family and I voted for the library tax levy. My husband and I own several rentals in Portland and choose to use the public library. It is disappointing to experience rude behavior. Additionally, the summer months require LONGER hours NOT shorter. It is disappointing to see the library hours reduced. This is not acceptable. The schools are closed -- what options are provided for parents? The hours of the libraries need to be reconsidered. The public library provides a great service to the public. We, the public, PAY for this service. The hours need to serve the public and if you need to hire other staff then you should do so.
2659	7/12/2012	It seems to be always busy with many patrons.
2660	7/12/2012	It is always busy every time I have gone in. I believe it is a crucial community space that we cannot live without.
2661	7/12/2012	Very busy
2662	7/12/2012	Very
2663	7/12/2012	Very
2664	7/12/2012	very, very busy
2665	7/12/2012	It always seems busy to me. Computers occupied. Lots of kids.
2666	7/12/2012	Very
2667	7/12/2012	it always seems to be quite busy. I would say very well used.
2668	7/12/2012	We mostly visit the Belmont library each month.
2669	7/12/2012	Both are very well used.
2670	7/12/2012	I always see lots of people in there. I actually go at least twice a week but you had no place for it. All the employees are very pleasant and helpful. It's a happy place to be.

2671	7/12/2012	very
2672	7/12/2012	Seems to be very busy many times and the staff is so nice at Gregory Heights.
2673	7/12/2012	Belmont-well used but small and limited catalog.
2674	7/12/2012	We go to local library which may be not in the county more often.
2675	7/12/2012	very well used. by me, and many others!
2676	7/12/2012	Quite busy
2677	7/12/2012	Very well
2678	7/12/2012	Very busy
2679	7/12/2012	it is very well used
2680	7/12/2012	Seems busy to be quite busy when I visit
2681	7/12/2012	Very well used.
2682	7/12/2012	good
2683	7/12/2012	it always seems to be busy when I'm there. So, I'd say it is very well used.
2684	7/12/2012	Seems like it is well used
2685	7/12/2012	many people
2686	7/12/2012	very well used. The Hillsdale branch is always busy!
2687	7/12/2012	☐ The staff are friendly and helpful
2688	7/12/2012	Very well used.
2689	7/12/2012	Quite well There are always cars parked in the parking area when the library is open..Most computers are in constant use.
2690	7/12/2012	It is very well used. I often see a line of people waiting for the library to open.
2691	7/12/2012	We love the Kenton library, we use it for the Summer Reading Program, the Last Minute Section, books on CD, DVD's, computers, etc. It's wonderful and near our house, plus it's in the heart of the Kenton neighborhood!
2692	7/12/2012	Gresham seems well used; always busy with patrons but never too crowded.
2693	7/12/2012	don't know
2694	7/12/2012	On the occasions I go there, it seems to be very well used
2695	7/12/2012	Extremely well used.
2696	7/12/2012	It seems pretty well-used. It is extremely well used. It is always busy and people streaming in and out, adults alone and with their children, teenagers etc. The library staff has always been very polite, friendly and helpful. And teaching me (after many year of not using it) how to navigate the systems. I appreciate the libraries so much more now.
2697	7/12/2012	
2698	7/12/2012	People are always in it using a variety of services.

2699	7/12/2012	It is almost always rather full. From the people on the computers to the mothers with their children, finding books or going to a scheduled program to people just reading and then those of us either browsing or picking up our next book to read or study. The library is an amazing resource and place of solace for so many of us.
2700	7/12/2012	Very well-used, from what I can tell. I believe our Hollywood branch is the gem of that neighborhood!
2701	7/12/2012	Both libraries we go to most often appear to be very well used...always busy with lots of people.
2702	7/12/2012	Fairly well, There are always families there on the weekends.
2703	7/12/2012	pretty well used
2704	7/12/2012	Always seems busy.
2705	7/12/2012	Very well used and appreciated.
2706	7/12/2012	It seems quite busy most of the time.
2707	7/12/2012	Belmont is busy, Woodstock is ok, Hillsdale is great.
2708	7/12/2012	I find that every time I go into the libraries, they are full of people. I see them using the computers, doing homework, doing research and reading. Libraries serve a huge purpose in our communities and need to stay! Especially in this economy, people cannot afford to buy books, or have the internet and the library fills that for them. We also have quite a few people out of work, and need help with their resumes, and looking for work, and the library staff is able to help them with that.
2709	7/12/2012	It's always busy. People arrive way before the opening hours, and are turned away. I would be lost without it. It's an important part of my life.
2710	7/12/2012	Very
2711	7/12/2012	Very busy at both library's I use. Infact, I am often on a waitlist.
2712	7/12/2012	Always busy, but seem to have enough computers when I vist
2713	7/12/2012	I think our library is extremely well used. Constant action!
2714	7/12/2012	My library has a very hight user rate for computers, books, hanging out and reading, etc.
2715	7/12/2012	Very well used
2716	7/12/2012	Looks very well used, to me. I was at Hollywood on a weekday, around 2pm, and about 80% of the seats were taken.
2717	7/12/2012	Very
2718	7/12/2012	Amazing! The number of users that I see, the variety of ages, and the span of ethnic and visually different clothing is impressive. Parents and kids interact as they choose books and DVDs. I see students being tutored. The structure is beautiful, energy efficient, and it is kept clean. Staff are available to interact with patrons, but are not pushy.[] I am a newcomer to Portland and am so appreciative to this Library.[] The Main Library downtown is a beautiful place.
2719	7/12/2012	Very well used; it seems to be busy all the time.
2720	7/12/2012	VERY well used
2721	7/12/2012	Very well used

2722	7/12/2012	very
2723	7/12/2012	It appears to be well used.
2724	7/12/2012	Extremely well used. There's always a large amount of people in the library when I go, using the computers and browsing in the aisles.
2725	7/12/2012	It seems to be well used.
2726	7/12/2012	Very.
2727	7/12/2012	Very
2728	7/12/2012	I think the ones go to are popular
2729	7/12/2012	There usually seems to be a parking lot full of cars whenever I stop by the Midland library. On Tuesday, July 3rd, (which was the day after the library had been closed) I needed to return a book that was due that day. There were absolutely no parking spaces available. In addition to that, there were about a dozen or so cars driving up and down each row looking for parking spaces. After quite a while, I along with several others, parked along the side so that I could quickly run in to return my book. The effects of the library having been closed the day before was definately felt on that day!
2730	7/12/2012	Belmont branch is always busy. It is a vibrant community space.
2731	7/12/2012	I think it says it all that it earned a national award for accessibility.
2732	7/12/2012	My local library seems to be a well used library that offers many services for the local community.
2733	7/12/2012	Our Troutdale branch is well used.
2734	7/12/2012	There is always a crowd there, ranging from old folks to young mothers and thei kids.
2735	7/12/2012	It is usually crowded
2736	7/12/2012	Extremely well used.
2737	7/12/2012	always seems busy
2738	7/12/2012	Very well used during the day from opening to closing from my experience. The computers and video/audio tapes are well used as is the children's section. Lots of browsers as well in mystery, new ficiton, non-fiction.
2739	7/12/2012	The small space is always filled with neighborhood people of all ages.
2740	7/12/2012	always busy
2741	7/12/2012	What do you mean by used?
2742	7/12/2012	I love my local library! There are always people there.
2743	7/12/2012	This branch always has a lot of people there using the computers, reading, picking up reserved books, & children using the computers with stories on them. In my opinion this is a very popular & well used library branch which is why a seven day a week schedule is preferred.
2744	7/12/2012	Extremely busy at all times by all ages. This library serves 140,000 people, so never has a "slow" time.

2745	7/12/2012	The Hollywood Branch is always full of children and adults browsing through books, sitting reading magazines, using the computers, getting help finding books and articles from the reference librarians. □ It always makes me feel good about the city I live in to see how many people use the library and all the adults who encourage young children to read by bringing them to the library.
2746	7/12/2012	Always bustling.
2747	7/12/2012	Very busy most days.
2748	7/12/2012	all seem well used and busy.
2749	7/12/2012	Extremely! Each time we visit the library, it is bustling with activity.
2750	7/12/2012	Very well used. There's usually a crowd that gathers before the library opens, and there are always a lot of people in the library - children, seniors, teens. It's a great library and a focal point of the community.
2751	7/12/2012	Very well used (Central Branch).
2752	7/12/2012	The Central Library IS my local library, and it always seems very busy
2753	7/12/2012	It's always very busy.

2759	7/12/2012	It seems to be lively place; I have the impression it is very well used.
2760	7/12/2012	Extremely so. Its a wonderful addition to Hillsdale and adds a great deal to the quality of life here. I work at home in my studio and frequently use their facilities.
2761	7/12/2012	It seems very well used. Always busy when I am there
2762	7/12/2012	seems very busy to me. Belmont has a line outside when they open every day.
2763	7/12/2012	very well used.
2764	7/12/2012	very

2766	7/12/2012	unknown
2767	7/12/2012	Well-used - there are usually people there reading and using computers.
2768	7/12/2012	Very well used. Always appears busy.
2769	7/12/2012	It always seems fairly busy.
2770	7/12/2012	very well. the community is present using resources of all kinds. a busy place (North Portland Branch).
2771	7/12/2012	Don't know

2772	7/12/2012	It is used daily by several people. When I pass by I see several people waiting outside the doors to get in to check out books for their children or to use the computer. The computer is the most used in the library by those without access to a computer at home. When I go to the library, there are already twenty people in the library. The Holgate Branch is filled with children from the neighborhood for story telling and wanting to check out books for their parents to read to them.
2773	7/12/2012	I always see people in there. Storytimes are packed, and people are always using the computers. It is great that they offer internet/computer access for those who cannot afford it.
2774	7/12/2012	Fairly well-used but likely could use increased traffic
2775	7/12/2012	We love our library, it has everything we need. We check out book, and play kid computer games.
2776	7/12/2012	It's always busy, but not overwhelmingly so.
2777	7/12/2012	not very
2778	7/12/2012	seems very well used, always people there when I am there.
2779	7/12/2012	I believe it is well used.
2780	7/12/2012	Very well used. It has meeting places, that groups I belong to have used, it has a great summer reading program for kids. Books I want on line are there in a reasonable amount of time. The computer section is used heavily. The restrooms are clean. The staff is friendly and helpful. Volunteers seem welcomed.
2781	7/12/2012	well used.
2782	7/12/2012	very

2785	7/12/2012	Very busy
2786	7/12/2012	Belmont -- ALWAYS busy.
2787	7/12/2012	It is always packed. Sometimes I can barely find parking, and that is at all hours of the day.
2788	7/12/2012	It is used extensively
2789	7/12/2012	Extremely well used (and loved)
2790	7/12/2012	Very well used. Always a lot of appropriate activity going on.
2791	7/12/2012	It's always busy when I'm there.
2792	7/12/2012	There are always many people using the libraries during random hours when I visit. I occasionally even have to wait for someone else before I can check out my material. That's not a complaint - the wait is never more than a minute or so. It's an example of how much the library is used.
2793	7/12/2012	Very busy at all times.
2794	7/12/2012	Everytime I have been to the branches, they are always full of people, using computers, browsing through the selections or picking up books on hold. The hold shelf is always packed full of books. I love the interlibrary system.
2795	7/12/2012	very well used, for information, entertainment, and for community.
2796	7/12/2012	always busy - regarding use above, I checked monthly - but often it is 2 to 3 times per month

2797	7/12/2012	very well used, very busy
2798	7/12/2012	I would say the hollywood library is heavily used.

2803	7/12/2012	Very well used. It always appears to be busy.
2804	7/12/2012	My most local library is very well used! It's actually quite crowded and a bit too noisy - Holgate could definitely fill a bigger building with ease. St Johns is very well-loved and moderately busy. Troutdale, I find, is the quietest, but is also the newest. It's still growing, and the community seems to love it.
2805	7/12/2012	Extremely well used. Always busy.
2806	7/12/2012	My local library is always bustling with activity and patrons.
2807	7/12/2012	Very.
2808	7/12/2012	Very well used
2809	7/12/2012	They are all well-loved and used. They are the rock of the neighborhood. They are a clean, safe community center through economic prosperity, as well as downturns.
2810	7/12/2012	medium
2811	7/12/2012	Very well
2812	7/12/2012	very well used
2813	7/12/2012	the Holgate library is extremely busy and well used and a bit run down.
2814	7/12/2012	Busting at the seams! It is always busy. Very well used! It is jumping with activity. I do wish the collection were larger and that there was more space for tables, etc.
2815	7/12/2012	 The librarians are fantastically helpful. I am very thankful for this branch.
2816	7/12/2012	very well used
2817	7/12/2012	Seems to be always busy!
2818	7/12/2012	The Hollywood & Main branches that I use appear to be quite busy. I know that I use them on a regular basis - weekly.
2819	7/12/2012	Very
2820	7/12/2012	How would I know? I don't live in the library. When I am there, there usually is about 10-15 people.
2821	7/12/2012	It always seems busy with a nice, mixed age group of patrons. The computers seem popular although we are there for the books & magazines.
2822	7/12/2012	Everytime I go in I see lots of people in there waiting on internet computers. The book checkout is running at normal rates for number of staff.
2823	7/12/2012	It is always busy.

2824	7/12/2012	There are always people there when we go there. We have noticed all ages of people using the library.
2825	7/12/2012	The Kenton library is the heart of the revitalization of Kenton
2826	7/12/2012	Busy!
2827	7/12/2012	Usually all computers are in use with other patrons browsing the shelves, reading periodicals or studying, ages ranging from toddlers to seniors. Very well used.
2828	7/12/2012	There seems to be a dozen or more people there each time I go. People using the computers, but also families reading to their children and adults checking out books. It's a smaller library, but it seems to be getting a lot of use.
2829	7/12/2012	My local library is very well used. There are always lots of people when I hurry in to pick up my book on hold. People using computers, browsing books, checking books out...
2830	7/12/2012	It looks well used. There are always people there browsing and using computers.
2831	7/12/2012	Very. It always seems very busy when I visit.
2832	7/12/2012	It appears to be quite well used.
2833	7/12/2012	My local library is used a lot. i study there, find information for projects i have and also use the kids program for my children ages 7 and 5.
2834	7/12/2012	Very.
2835	7/12/2012	Belmont & Hollywood are both typically quite busy when i'm there.
2836	7/12/2012	Very well - always seems to be busy. Sometimes hard to find parking right next to the building. I enjoy this library very much.
2837	7/12/2012	I think it is very well used and maybe to help off set the cost there were an out right charge for checking out books like maybe a quarter. I love having the access and the care and thoughtfulness of the librarians when the need arises.
2838	7/12/2012	Albina is my closest library and every time I go, it's very busy. Every computer station is full as are most of the tables. Lots of kids are always there.
2839	7/12/2012	WELL used! Every time I go to the library, it is busy and full of people!
2840	7/12/2012	Seemingly very well used.
2841	7/12/2012	VERY well used. It is always busy!
2842	7/12/2012	The Hollywood branch seems to be consistently bustling with activity. Every time we go in, there are loads of people using computers, checking out books and media and many, many children enjoying the various resources.
2843	7/12/2012	Used fairly well, always busy and bustling
2844	7/12/2012	There are always plenty of people in the library when I pick up & drop off my books or cd's.
2845	7/12/2012	Our Belmont branch seems to be busy at all times, with the computers desks in constant use and a continuous stream of parents and children using the reading rooms and other activities.
2846	7/12/2012	I see a constant flow of users at Hillsdale. Seniors, families with small children. In fact, a pretty complete sampling of the local population.. Lots of kids activities. Lots of computer usage.

2847	7/12/2012	Very
2848	7/12/2012	Extremely well used - all the computers are always busy, there is always a high volume of foot traffic, it seems to me that the library could be open 7 days a week from 8 am to 9 pm.
2849	7/12/2012	I haven't been to the library in years but I know the Woodstock Library is well used because when I walk by there often I always see people going in and out and parking is full.
2850	7/12/2012	Great there are friendly, warm and welcoming. The staff offer there help when ever I need it and arent rude while doing so, I am happy when I come to the Library. Also the work greatly at problem solving.
2851	7/12/2012	Very! It is always busy.
2852	7/12/2012	Great attendance there.
2853	7/12/2012	Our local library is a hub for the neighborhood. From my perspective as a stay at home dad, it's a crucial place to have available for the kids of the neighborhood of which there are many.
2854	7/12/2012	Hillsdale seems to be very active across a number of different usage types
2855	7/12/2012	We often reserve books and then pick them up. It appears that many use the computers at our branch.
2856	7/12/2012	Midland branch is one of the busiest places in the neighborhood. There is usually a waiting line for computers and the books-on-hold area is large with books that hundreds of people have reserved. Midland has a large parking lot that is mostly full of cars any time the library doors are open.
2857	7/12/2012	Well used - generally always busy
2858	7/12/2012	I love my Gresham branch!
2859	7/12/2012	I primarily use the N Portland branch. It seems like it is busy most days I go in. The computers are always being used.
2860	7/12/2012	Very. As the only free internet access for many citizens, the library computers are always in use. Contrain to the opinions of those who want to reduce funding for our libraries, people still read books.
2861	7/12/2012	It is very well used, there are always lots of people in the library whenever I stop by, especially youth.
2862	7/12/2012	Very!
2863	7/12/2012	very well
2864	7/12/2012	The Gresham branch appears to be very busy almost all the time. There are often waiting times to use the computers and many people about. I sometimes bring my grandson to story-times for his age group at Gresham and Midland. Libraries have been so important to me throughout my life. I hope there is no chance of closing branches. [] Margie Hanrahan
2865	7/12/2012	I don't know.
2866	7/12/2012	I think that it's pretty well-used. We tend to go on the weekend. I'll see 1-2 dozen people in the library while we're there. It's never painfully crowded, but there are quite a few people there while we are.

2867	7/12/2012	I usually stop in late afternoon or evening during the week. It is a small branch but the place is usually packed with a good mix of age groups: young kids, parents, school age kids, young adults to seniors. All the computers are usually in use as well as people looking through the stacks, at the movie & music selections as well as newspapers and magazines. The place is hopping!
2868	7/12/2012	GOOD
2869	7/12/2012	Very well used--from story time for children to poetry readings by local poets, plus beautiful book art displays at the Central library downtown. I love it!
2870	7/12/2012	The library system here is very well used. It usually is crowded every time I visit. There usually are short lines of people waiting outside before the doors open. The library system here is an object of pride in what a local government can do for its citizens.
2871	7/12/2012	very well used
2872	7/12/2012	We go the most to Northwest and it is always busy. The other libraries we frequent are always well-patronized too.
2873	7/12/2012	very
2874	7/12/2012	very
2875	7/12/2012	It is always full of people (in a good way). It is a major hub on Woodstock Blvd. There are always families coming in and out of it.
2876	7/12/2012	Very well used.
2877	7/12/2012	I have no complaints. The resources and staff are excellent. I love the children's reading time. It is clean and appears well managed.
2878	7/12/2012	It is supported by the community and always busy.
2879	7/12/2012	Very well used!
2880	7/12/2012	There are always more than a dozen adults and children in the St. Johns Library every time I visit.
2881	7/12/2012	It is very well used. Every time I visit there are always alot of people there. It is often difficult to find a place to sit. I love the library. It is one of the only places left where you can read and study with all the resources that one would need.
2882	7/12/2012	busy
2883	7/12/2012	very well used. almost always busy
2884	7/12/2012	Very
2885	7/12/2012	Not sure what you mean by this question. There appears to always be a lot of people. I prefer to use the Central Library rather than the NW branch because I can browse books and likely find what I'm looking for, whereas I'd have to use holds almost exclusively at the NW branch (they are about equal walking distance from my home).
2886	7/12/2012	Everytime I walk into Hollywood (the one I use most frequently), it is packed with people, there is typically wait time for computers and study rooms. This doesnt bother me, rather it makes me realize how much of a demand there is for this space and its offerings.

2887	7/12/2012	I go to the Gresham branch the most and I would be lost with out the library. It is always busy when I am there....usually in the middle of the day and primarily on week days. I am a "senior". I always see parents with their children. When my grand daughter was young, I often took her to the children's programs in the summer. The computers are always busy ...it's a great place!
2888	7/12/2012	The albina library is often crowded when I visit it.
2889	7/12/2012	North Portland library always seems to be busy.
2890	7/12/2012	Central is in the heart of downtown and is used extensively from opening to closing.
2891	7/12/2012	Always moderately full when I come in.
2892	7/12/2012	Always seems busy! Lines at the door when it doesn't open until 11 am.
2893	7/12/2012	What kind of question is this? Very misleading...yes, it is used a lot, but I would not say it is used well.
2894	7/12/2012	It's usually quite busy.
2895	7/12/2012	They both seem fairly busy, especially Gresham
2896	7/12/2012	I think it is very well used
2897	7/12/2012	extremely well used
2898	7/12/2012	Very
2899	7/12/2012	very and an important community resource
2900	7/12/2012	The Woodstock library always seems busy when I go there. So I would said its well used.
2901	7/12/2012	dtwn branch (most frequently visted), very much so.
2902	7/12/2012	North Portland's small space is usually crowded with patrons, including lots of grade-school and high-school aged students.
2903	7/12/2012	It is always well used, and is a definite asset.
2904	7/12/2012	very well used
2905	7/12/2012	Extremely. Often they are full within ten minutes of any given day they open. And I see all forms of use: computers, young adults, kids, research, moms, etc. It is one of the most critical public services I use as a Portland resident. And it is perhaps the best run public agency in the state.
2906	7/12/2012	Seems like it is always quite busy.
2907	7/12/2012	It's always busy!
2908	7/12/2012	They both always seem busy when I'm there
2909	7/12/2012	There are always people in it, frequently the tables are full and there are several people looking at books. Kids, seniors, a mix of races and ethnicities. It's a small branch, but well used and convenient.
2910	7/12/2012	They are always very busy. The staff is very helpful. Always a lot of people on the computers.
2911	7/12/2012	it is always busy
2912	7/12/2012	VERY
2913	7/12/2012	Very well used .
2914	7/12/2012	its always full
2915	7/12/2012	The parking lot and library is always full when I am there- it is very well used.
2916	7/12/2012	I am not sure what the question is asking, but it is always full of people when I visit.

2917	7/12/2012	Need to beef-up the computers.
2918	7/12/2012	very. There is a line outside every day waiting for it to open
2919	7/12/2012	? Question is confusing. I use infrequently and it is never really that busy...is that what you mean?
2920	7/12/2012	Not well enough- people could be a little more creative and open to other possibilities like lending libraries, local celebrations, meeting places etc.
2921	7/12/2012	Very busy. We go to look at books that we want to download.
2922	7/12/2012	Always busy.
2923	7/12/2012	Seems to have a lot of patronage pretty much all of the time.
2924	7/12/2012	It's always crowded when I go there on any given Tues. Thurs., or Fri.
2925	7/12/2012	There are always people in the libraries and waiting lines for Internet Access.
2926	7/12/2012	Very well used. Lots of people all the time.
2927	7/12/2012	It's pretty well used. It seems proportionate to the size of the space.
2928	7/12/2012	Always full of patrons!
2929	7/12/2012	We love our library and the librarians are really like members of our family! They help us with school projects and business projects. They are always friendly and helpful.
2930	7/12/2012	VERY well used
2931	7/12/2012	Always busy
2932	7/12/2012	I feel that the Central Library is well used. No matter what time of day I go, there is always people in every corner of the building. Many people seem to depend on the library for its services in job support and educational programs. The main reason I do not use the Central Library as frequently as I would like is because the hours are restrictive for my studying. I utilize other places with more expansive hours (PSU library) to meet my needs.
2933	7/12/2012	busy This is a rather vague question. ☐
2934	7/12/2012	☐ "It is used very well!" would be my answer.
2935	7/12/2012	The Albina branch is always busy. People are busy on computers & there is a waiting period to use the computers. There are many little kids loudly reading books or talking with their adults. There are lots of teens as well--reading! Or using computers. This branch has had to nearly double their shelf space to handle all the "holds" they get. It's really amazing how large this section has grown in just a couple of years. This is also how we use the library primarily although I am about to start trying out downloading books.
2936	7/12/2012	Seems to be well used.
2937	7/12/2012	I usually go in the morning on a weekday. The library is almost always very busy with children's programs, people at the computers and in the stacks.
2938	7/12/2012	Very well, sometimes crowded
2939	7/12/2012	It used a lot

2940	7/12/2012	Very!
2941	7/12/2012	It appears to be well used and I really enjoy the ability to access and borrow reading materials for my kindle.
2942	7/12/2012	Very well used based on the number of people there each tim I visit.
2943	7/12/2012	very busy
2944	7/12/2012	Sellwood/Moreland is always busy
2945	7/12/2012	Very well used.
2946	7/12/2012	I think for being so new, it is used quite a bit.
2947	7/12/2012	new facility but have ALWAYS seen quite a few people in there. plus this one is such a nice facilty and location. PS sometimes there is quite a line waiting for library to open
2948	7/12/2012	There are always people using this library and the Kenton Library which is our backup spot.
2949	7/12/2012	Quite well used. Previously we lived near the Albina branch, which was always extremely busy. Since we moved downtown, we've been using the Central Library which seems less busy, but that might be the sheer size, it's certainly not empty or unused! I work near the Belmont branch and it is also always packed.
2950	7/12/2012	
2951	7/12/2012	Always very busy.
2952	7/12/2012	seems to stay busy on a regular basis.
2953	7/12/2012	Very. It is always busy when we are there.
2954	7/12/2012	I love having several library options on the east side of town, and all the libraries that I go to seem to always be busy and well used.
2955	7/12/2012	Very. It is always busy no matter what time of the day or day of the week I go there. It's not a bad busy (the kind where you can't turn around without bumping someone), but it is well used and a hub of activity, which I find encouraging- people are reading and using the library's resources.
2956	7/12/2012	
2957	7/12/2012	Seems busy when I am there
2958	7/12/2012	Belmont is VERY busy and crowded. Cutting service is particularly painful at that branch. We also use Hollywood and Midland but Belmont has always been too crowded PRIOR to the recent cuts. We are grateful to have a library within walking distance but would, of course, appreciate more hours of access.
2959	7/12/2012	Very well from the looks of the crowd of people coming and going from Central Library
2960	7/12/2012	I visit the library 2-3x a week. Computers are always in use. There is usually a group using one of the meeting rooms and on an average about 20 patrons. The staff seems to be always assisting someone. Both locations I use are important part of the community and are well used.
2961	7/12/2012	Very well used!
2962	7/12/2012	Very well used
2963	7/12/2012	Generally very busy in both locations at all times I have been there.

2964	7/12/2012	At Hillsdale this week, Tuesday, July 10, virtually all computers were in use, and librarians were helping adults and youth find books. There were in my estimation between 60 and 80 people in the library and all parking spaces were full. I do not think there were any special programs going on at the time. My niece and I walked to the library, and a librarian named Betsy helped her select a book..I picked up books I had ordered on-line...a great service.
2965	7/12/2012	It is used quite a lot.
2966	7/12/2012	I don't know how to answer that question, it's too open ended. There are always other visitors there when I'm there, I would call it usually busy but not crowded.
2967	7/12/2012	It is always pretty busy
2968	7/12/2012	The branches I go to are always busy. My kids often have to wait to get a pc and I usually have a difficult time reading because of the traffic and noise.
2969	7/12/2012	Very well visited at Hollywood during each of my visits
2970	7/12/2012	All three of the libraries I visit are quite full of people using resources.
2971	7/12/2012	Very well used
2972	7/12/2012	There are always people coming in and out and often there are few table spaces to sit at.
2973	7/12/2012	Very Good
2974	7/12/2012	It's appeared to be very busy every time I've visited.
2975	7/12/2012	well used
2976	7/12/2012	Seems quite busy and computers seem to be in use all the time
2977	7/12/2012	Very well used.
2978	7/12/2012	All branches I visit are busy with patrons whenever I'm there.
2979	7/12/2012	Extremely well used. It is always busy, and the books I am looking for are often already checked out and on hold. It is an inconvenience, but I see it as a good thing because it means the library is being used and the books are being read!
2980	7/12/2012	seems to be busy all the time
2981	7/12/2012	Very well. We go to the library throughout the day and there are families reading, people filling the computers spaces and individuals searching the stacks
2982	7/12/2012	Both the Gregory Heights and the Hollywood libraries are very well-used. Gregory Heights seems primarily used by families with kids, Hollywood is more diverse in terms of age.
2983	7/12/2012	Not sure how to answer--we usually go to Central and it is very well used it seems. the others, Hillsdale and Sellwood, always have people there too when we are there.
2984	7/12/2012	Gresham is fairly busy.[] Holgate seems tiny and under stocked.
2985	7/12/2012	Always seems quite busy (full to nearly full parking lot) whenever we are there.
2986	7/12/2012	Well used. There are always many people accessing books/computers, etc.
2987	7/12/2012	Very well used, it is always packed

2988	7/12/2012	Whenever I visit the Woodstock library (the branch my family uses most often), it is bustling but not crowded.
2989	7/12/2012	Very well used.
2990	7/12/2012	I always see a good number of people in it.
2991	7/12/2012	not aware
2992	7/12/2012	It is very well used
2993	7/12/2012	Central Library is nearly always slammed - lots of folks (and whole classes) milling about, lines at many desks, and a lot of familiar faces that make up the regular crowd.
2994	7/12/2012	Every time I have been to this library I can see that it is well used. There are lots of users. Often the tables are full and most if not all of the computers are being used. Often there's a line to check out materials.
2995	7/12/2012	Very well used!
2996	7/12/2012	always lots of people there when we are there
2997	7/12/2012	It appears to be a busy place
2998	7/12/2012	Very well used. Every time I am at Woodstock there is some kind of activity including kids, the computers are busy and a fair enough number of folks browsing the shelves
2999	7/12/2012	It always looks packed when I'm in there! My roommate and all of my friends are cardholders and frequent it, too.
3000	7/12/2012	Very high use
3001	7/12/2012	Very well used. We are impressed with the selection of materials, quality of programming. There are always plenty of people there when we go. Belmont can be crowded but other branches pleasantly busy.
3002	7/12/2012	Very well used! I love that it is always buzzing with activity -- families looking for books and folks on the computers.
3003	7/12/2012	Looks very well used. There are people in there all the time.
3004	7/12/2012	I've never been to the library near where I live. I've only been to the Central library.
3005	7/12/2012	Hollywood library is our main branch - very popular!
3006	7/12/2012	Both are very well-used.
3007	7/12/2012	Very.
3008	7/12/2012	It's in heavy use most days that I go there.
3009	7/12/2012	a lot!
3010	7/12/2012	A Lot
3011	7/12/2012	I feel that the library is well used by certain individuals. I also feel that the library is a resource that many people do not access and I do not know why.
3012	7/12/2012	There are always people at the computers and browsing the shelves when I visit.
3013	7/12/2012	There are always a lot of children and families at the Belmont location. And the Central library seems very well used.

3014	7/12/2012	We use Ebooks mostly. Have used Freegal also.
3015	7/12/2012	very used, and by a wide range of people
3016	7/12/2012	It's extremely well used
3017	7/12/2012	It is very busy. There is always a wait for computers. The children's programs are very popular. I take my granddaughter to the library weekly. I use the computers as well as check out books.
3018	7/12/2012	It is always very busy. Especially the computers. New books disappear quickly.
3019	7/12/2012	I think it's used well .. there are always a good number of people at the library when we go.
3020	7/12/2012	I use it a lot for reading durring the summer time.
3021	7/12/2012	It's busy whenever I go there.
3022	7/12/2012	How well used? What do you mean by that? Phrase this question better, cuz I don't know what you mean by that. How well do I use it? How well do others use it? How much wear and tear has it sustained? Seriously, I cannot glean what it is you're asking me.
3023	7/12/2012	Very.
3024	7/12/2012	The library always appears full of patrons. Many use the computers while parents read to their children in the children's section. There is the constant bustle of people coming in and out to pick up holds, turn in books, or peruse the DVD/CD sections.
3025	7/12/2012	I believe that it is very well used. It's always busy. most books/CDs/DVDs that request have holds
3026	7/12/2012	Reasonably well.
3027	7/12/2012	It seems to be quite busy every time I go in there.
3028	7/12/2012	It's usually pretty busy
3029	7/12/2012	It is really well used, and here are one example:[] Summer Reading program, this allows for kids to better their reading skills and use the library as a place to grow as a learner and a person inside and out of who they are.
3030	7/12/2012	Very well, I would think. There are always many people using it whenever I am there, which is often.
3031	7/12/2012	extremely busy
3032	7/12/2012	I would say very well used, especially the Belmont and Hollywood locations that our family typically visit.
3033	7/12/2012	Very. It is generally busy with neighbors - lots of folks of all ages and types.
3034	7/12/2012	Very
3035	7/12/2012	They are very well used.
3036	7/12/2012	My husband and I go at least a few times a week to pick up books and movies, as well as CDs. We've also gone there for computer access. We rely heavily on our local library, and it seems to be well-used by our community as well. There's usually quite a few children there with parents and other adults, using the computers, asking questions of the staff, and checking out books and other media. We love our library!

3037	7/12/2012	The Hillsdale library is always busy! I've gone in to use the copy machines, print materials and of course to check out books. There are always people using the computers and the children's area always seems especially populated.
3038	7/12/2012	Kenton library is full of families, seniors, young adults, and teens from all walks of life. It allows our neighborhood access to ideas and materials not easily found otherwise while allowing groups of people whom likely would not meet otherwise to mingle and connect.
3039	7/12/2012	Very. The NW library is always full of people using the computers and families checking out books for children. It is not my local library--I live in SE--but it is on my way to work, and so the NW library is the one I frequent most. I use it to check out children's books for my students at the after school program where I work.
3040	7/12/2012	Very. Always a crowd, often a line at the book return slot.
3041	7/12/2012	Very well used. There are many patrons which use the library for vital computer access for jobs and research as well as those who visit to meet up with students and colleagues for work.
3042	7/12/2012	it seems appropriately busy, but not overwhelmed
3043	7/12/2012	very heavily used
3044	7/12/2012	Too well used. It is not big enough to serve the amount of people who go there>
3045	7/12/2012	I don't really feel as if there is a local library for the Montavilla neighborhood. The closest one of which I'm aware is the Belmont branch library and it appears to receive much use by patrons.
3046	7/12/2012	Gresham Library supports a variety of families regularly through storytimes and summer events. There's also a consistent crowd of Internet users. I love the diversity of library users there every day.
3047	7/12/2012	it is a busy place at times. every time i go in to my branch, there are quite a few people. (15-25). Woodstock, well used.[]
3048	7/12/2012	Holgate also, but it seems a tiny rundown, or at least almost neglected when compared to Woodstock or some of the "NICE" (rich) neighborhoods.
3049	7/12/2012	Seems pretty occupied whenever I've been there.
3050	7/12/2012	Very well used. There are always people in there and there is always a line waiting outside for the doors to open in the morning.
3051	7/12/2012	It is a small branch, but is always packed with people.
3052	7/12/2012	Looks pretty busy to me!!
3053	7/12/2012	Pretty used every time I go
3054	7/12/2012	Extremely well used.
3055	7/12/2012	It's always busy when I'm there!
3056	7/12/2012	I wouldn't know. It seemed very well used when I used go there. But I've been in and out of country lately.
3057	7/12/2012	It appears to be used by the local community and in high demand.
3058	7/12/2012	For myself, I am so happy with the location, (it is also new to the Denver area) I use it for my work also for my stain glass. Am so happy we have this location.

3059	7/12/2012	There are always people there...
3060	7/12/2012	Very well used.
3061	7/12/2012	always busy
3062	7/12/2012	alsways lots of floks using the computer terminals and library
3063	7/12/2012	good
3064	7/12/2012	Quite well used. There are always people there and I often have to put books on hold that I got to get. Which is fine, because I usually find books I wasn't looking for since I have to wait.
3065	7/12/2012	Very well used.
3066	7/12/2012	Very well used. I always see many people there.
3067	7/12/2012	very well
3068	7/12/2012	It always seems busy whenever I go there.
3069	7/12/2012	It seems to be very busy, for which I am grateful. I love libraries.
3070	7/12/2012	Kenton Library is amazing - as the newest in the system (I think), it really shows the best that a library can be - I brag about it all the time. It is a community hub as well as a resource for books, etc. It is ALWAYS hopping with people, esp. children and families.
3071	7/12/2012	VERY. There are always a lot of people in there -- parents and kids, young and older adults using the computers and checking out materials, and some folks sitting at tables reading various materials.
3072	7/12/2012	I think the community depends on it. There is always a line of people waiting for the Woodstock branch to open.
3073	7/12/2012	Since I just came from philippines and I don't know any other place to study for my licensure exam, I have came to consider as my second home as school children consider their schools. When I need to unwind or take my mind off things, I borrow films/educational media to watch.
3074	7/12/2012	Midland brach is very well used. it is always busy.
3075	7/12/2012	It always looks busy when I am there - people using computers, looking for books, checking out books, getting help at the front desk, and working/reading at desks.
3076	7/12/2012	For a very small branch it seems to have a lot of people -- the computers are usually filled, and fair number of youth and adults milling about whenever I go in.
3077	7/12/2012	Don't know
3078	7/12/2012	Very well-used.
3079	7/12/2012	I always see plenty of people present, though it also doubles as a hang-out for the homeless and transient, which is not always pleasant (especially the smell of the people and poor hygiene). In spite of the large numbers of people, I always manage to find a place to sit down and study or read.
3080	7/12/2012	Sellwood is small, so it seems quite busy during my short visits.
3081	7/12/2012	Always busy
3082	7/12/2012	Busy
3083	7/12/2012	often very crowded, although the design makes it more congested than it needs to be.
3084	7/12/2012	it seems to be busy every time I'm there.

3085	7/12/2012	On the average day I would say the Gresham library is fairly packed. Most of the seating and desk are being used and people are roaming the shelves.
3086	7/12/2012	Don't really know but seems to be pretty well used, especially by families.
3087	7/12/2012	Seems to be busy when I go.
3088	7/12/2012	Very well used. It's always busy. No parking spaces in the lot about 1/3 of the times we go there, but that doesn't stop us from going. The computers are always being used by the public.
3089	7/12/2012	The Gresham Library is an important part of our community! Whenever I go to the library it is a busy place... Males and females of all ages and ethnic groups are there.
3090	7/12/2012	when my youngest daughter and i go to the library it is always full of people from diverse cultures and economic status.

3096	7/12/2012	alot!!
3097	7/12/2012	The libraries I go to appear to be very well used. Central, of course, is always busy, as is the Hollywood branch. Gregory Heights also seems busy, although I know that branch less well.
3098	7/12/2012	always full of people!
3099	7/12/2012	The Kenton library is active...part-time daycare?

3107	7/12/2012	All the branches I visit are always well attended.
3108	7/12/2012	Generally busy whenever I go in
3109	7/12/2012	Our local library is fantastic and always seems packed with family's enjoying their time together.
3110	7/12/2012	It's always buzzing on the weekends when I go. And I'm always surprised someone else besides me reads the weekend addition of the Wall Street Journal.
3111	7/12/2012	As an impression only, I'd say it is pretty heavily trafficked.
3112	7/12/2012	Very well

3113	7/12/2012	I believe it's well used as there are always quite a few people there when I go in, about every other week. Also, I see quite a few groups using the meeting room. It's a great library! Sometimes, perhaps once a year or so, I'll go downtown and visit the main library.
3114	7/12/2012	It seems like my community uses it actively
3115	7/12/2012	Always seems to have lots of people there.

3132	7/12/2012	Seems to be very well used. There is always lots of people there.
3133	7/12/2012	Hillsdale seems to be extremely well used by the community. The many computers are almost always being used extensively, and there is often a line for checking out items and for customer service. The staff at Hillsdale is amazingly friendly and patient. When I moved to Portland, this was the first place I came to, and they have remained a vital source of information and services for me.

3142	7/12/2012	I now live in the Westmoreland area, (previously the Alameda/Hollywood area.) . . .The Sellwood Library seems to be busy every time I visit @ different hours, both am & pm, perhaps 8-22 people per visit. (My visits are brief.) This is a very small but well-used & attended library. All ages- youngsters to oldsters, which reflect the neighborhood. The librarians are amazing, they've taught me a few things--and I thought I knew it all! . . . I've always loved books and can no longer afford to buy them.

3152	7/12/2012	Even on slow days the computers are almost all filled.[] There are always meeting and seminars in the meeting rooms, and today there was even person playing guitar for a LARGE group of kids.
3153	7/12/2012	Seems busy most of the time that I am there.
3154	7/12/2012	very!
3155	7/12/2012	Needs more funding-less administrators
3156	7/12/2012	It is always very busy, as is the Central branch which we visit on occasion.
3157	7/12/2012	Moderately well
3158	7/12/2012	Always full when I am there.
3159	7/12/2012	Very well used.
3160	7/12/2012	This is an oddly phrased question, so I will just say I adore the Multnomah Library system! Since I began using it anytime I see a book referenced online, in a blog, in a facebook post, in a magazine on TV that I have interest in I immediately go to the library home page and search for it. If it is available I put a hold on it, I love the transit to my local branch since I don't drive and travel only by pubic transportation. Having the email notifications when my holds are available and my books are due is tremendously helpful with my busy lifestyle. I cannot give any higher praise then this; the library is indeed a center piece of our community, one I cherish and I pray will endure for many years to come! Please support out librarys!

3161	7/12/2012	VERY! The library is always packed with people. The book babies and preschool groups are awesome and dearly loved by many families. We always have at least 12 books checked out between two adults, a 4 year old and a 10 month old. It looks like there are tons more like us every time we visit. We actually go at least every 2 weeks, but there wasn't a choice for that. We LOVE the library! We depend on it, my son is a huge reader and the library has played a big part in that. He has been doing the summer reading program since he was a baby!
3162	7/12/2012	Hollywood is closest and it's packed all the time.
3163	7/12/2012	Very well used.
3164	7/12/2012	Very. It's a great place.
3165	7/12/2012	I haven't been inside the library for over a year. I rarely visit due to internet - I can get all I need online, besides, I only have a few minutes each day to catch something, so after a quick scan of the Oregonian, I'll pop in for a few minutes of elaboration online.
3166	7/12/2012	I usually go to the Hollywood Branch and it is always very busy. During the school year my daughter met her tutor there and used one of the quiet rooms and I go often to check out books
3167	7/12/2012	The Kenton library is a fairly recent addition and I feel it is utilized well. It is a huge asset to this up and coming neighborhood and N Portland.
3168	7/12/2012	very...always people there
3169	7/12/2012	very well used. While I don't go in very often, I walk past it frequently and there's always traffic in and out.
3170	7/12/2012	very well used.
3171	7/12/2012	Very well used.
3172	7/12/2012	Always seems to be busy.
3173	7/12/2012	Fairly.
3174	7/12/2012	Very well used
3175	7/12/2012	Very!
3176	7/12/2012	It's always packed when I go in.
3177	7/12/2012	From the looks of the filled parking underneath, it's used a lot!!
3178	7/12/2012	Fairly well
3179	7/12/2012	I'd say it's fairly well-used. The baby books program - I went once before it switched from Mondays - had lots of moms/babies. There always seem to be a lot of ppl on the computers, reading magazines, using study rooms, and milling about the library. It's a very central and convenient location.
3180	7/12/2012	Rockwood Library is always busy when ever I'm visiting there.
3181	7/12/2012	I think that many families walk to the library and I also see lots of students in high school and college using the study rooms.
3182	7/12/2012	I also see lots of adults who are doing work and job hunting as well. I know friends and I use the library for movie rentals as well as cooking resources and patterns for knitting etc.
3182	7/12/2012	Very. Always people there
3183	7/12/2012	Very well used.

3184	7/12/2012	Very well used.

3189	7/12/2012	VERY!

3191	7/12/2012	Always busy
3192	7/12/2012	Very well used. It is considered part of the community center/heart of Sellwood.
3193	7/12/2012	It is always full of people when I'm there. I have come as it is opening, and found a dozen people waiting to go in.
3194	7/12/2012	I find many people there when we go
3195	7/12/2012	Very well used. There are always a ton of people there. It is really the center of Hollywood neighborhood and business area.
3196	7/12/2012	It is always busy. There are young to old. A variety of races. Staff always are busy helping people.
3197	7/12/2012	Well. It probably seems busier than it is because it is the smallest library I have ever been in; but people pack in like sardines, so obviously everyone thinks it is worth it for whatever they are after.
3198	7/12/2012	The only time it isn't a hubbub of activity is on Halloween. Our Albina library is small but hopping! The Hollywood library is larger, just as busy and much noisier, so I avoid it.
3199	7/12/2012	Very
3200	7/12/2012	Our library is very busy with people of all ages.
3201	7/12/2012	All locations I go to seem to be busy when I am there. Albina is close to my house so I go there in the afternoons or on the weekends. Holgate and Woodstock are close to where I work so I tend to go there during the week days.

3216	7/12/2012	Whenever I drop by, it feels pretty busy.
3217	7/12/2012	Very, but less now that Mult Co put forth a less than adequate funding measure. Thanks?
3218	7/12/2012	Seems well used for a small library, always has a fair amount of people using computers & browsing books, has small groups that meet for various activities.
3219	7/12/2012	We really need to use it more often. It appears to be busy and really is a great location and an important part of our community.
3220	7/12/2012	Literacy is a fundamental need in America. Our library branch is incredibly well used. Not only does it provide a space for continued learning where schools are falling behind. It literally gives kids a safe place to be in a neighborhood where regular gang violence is occurring blocks away.the library is always busy and we also use online services and interlibrary loan.
3221	7/12/2012	Very always busy
3222	7/12/2012	It's in wonderful condition
3223	7/12/2012	Extremely well. The Woodstock branch (as well as St. Johns and Kenton near our old neighborhood) is an integral part of our community.

3233	7/12/2012	Very well used.
3234	7/12/2012	I love the Central library and the fact that I can pick-up books from the location nearest me regardless of where the book is shelved.
3235	7/12/2012	Not having library access would be devastating. It's almost always busy, too, which I am happy about.
3236	7/12/2012	There are always lots of people there when I stop by no matter what day or time.
3237	7/12/2012	Usually seems pretty busy.

3238	7/12/2012	When I am in there it is busy. I've never been in there and not seen the computer being used, books being checked out, people with their laptops set up, adults reading to children. It is THE BEST resource in my neighborhood!!
3239	7/12/2012	there are always 20-35 people in the library. the 8-10 computers are being used at all times, books are being checked out returned, and periodicals are being read

3241	7/12/2012	It usually is very busy with lots of happy people!!
3242	7/12/2012	Both libraries are well populated when I visit them. I have seen the Albina library especially well populated, especially during the summer when school's out.
3243	7/12/2012	I'm not exactly sure what is being asked. We use the libraries often for various personal and professional reasons.
3244	7/12/2012	Seems well utilized.
3245	7/12/2012	It is very busy
3246	7/12/2012	ITS VERY NICE THERE IS ALWAYS A PLACE TO SIT IF NEEDED. I USE IT 1-4 TIMES A WEEK. I AM A INJURED WORKER AND IT IS NICE TO BE ABLE TO ACSESS MOVIES(DVDS) AS WELL AS BOOKS. THE STAFF IS GOOD AND THEY ALL TAKE THE TIME TO TEACH PEOPLE WHO ARE BEHIND THE TECHNOLOGY. AS WELL AS GENERAL KNOWLEDGE!

3267	7/12/2012	It's a busy one. I don't think cutting the hours is fair. When I moved here, it was never open on Mondays. My only one day off at the time. Then, you opened it on Mondays and I was So happy. Now, you're closing it again. What a bummer.
3268	7/12/2012	Hillsdale seems to never be full nor empty. There are always a lot of people coming and going.
3269	7/12/2012	The Belmont Library is very busy all the time.
3270	7/12/2012	Always busy no matter the day or hour. There are people lined up outside on Saturdays and Sundays waiting for library to open. I am referring to Central Library in downtown Portland.
3271	7/12/2012	It's always busy when i am there, which is, unfortunately, usually on Monday. It seems well loved by families with young children, seniors, and various oepole on the computers.
3272	7/12/2012	Very well used. Whenever I go there, there is always a ton of people browsing or using the computers.
3273	7/12/2012	I believe it is well used. Because it is a small branch, I often need to have books transferred from another branch.

3275	7/12/2012	We frequent many branch libraries - we often are at Hollywood and that library is always busy and often does not have the books we are looking for. We love the online hold system and use that constantly.
3276	7/12/2012	Well used. The terminals are often in use, tables have studiers and readers, kids goofing in thur section and often in rooms in classes.
3277	7/12/2012	it's always busy
3278	7/12/2012	The libraries we go to always seem busy when we go there. Being on a fixed income we so value the library as we cannot afford to but books, dvds,etc and we are avid readers, movie and documentary watchers.

3300	7/12/2012	It's busy all the time. I've resorted to putting all books on hold and not bothering to try to find them on shelves. Eventually I get them, often times I've forgotten ordering them.
3301	7/12/2012	Very and for the most part a really enjoyable experience
3302	7/12/2012	Well used.
3303	7/12/2012	? what
3304	7/12/2012	I feel that our library system is an incredible resource and asset for ALL Oregonians. Every time I visit Central Library or a branch, I am impressed by the number and diversity of users that I encounter. 3320	7/12/2012	It looks busy every time I go to the Hollywood Library (the main one I visit)...whether it's a weekend or weekday. Sometimes I end up at Belmont, and that one feels even busier, although it may just feel that way because of the layout.

3324	7/12/2012	Very well used!!!
3325	7/12/2012	I heard that Belmont has the most requests for books than any other library, which is obvious by the way the books-on-hold shelving was rearranged (great!). I've walked past the door in a downpour & been asked by a drenched soul at the door if I was about to open the library. I've seen elders and kids and parents and business people and neighbors and folks I know from other neighborhoods who come here because it is their favorite. I vote here. I get help finding what I need here. I get help when frustrated on the computer here. And I enjoy walking to or driving past this place which always has its doors opening to people coming and going. It's vital to our community!

3376	7/12/2012	It is always busy any time I go
3377	7/12/2012	Very
3378	7/12/2012	i don't go frequently, so i couldn't objectively say, but all my friends are extremely enthusiastic about the library
3379	7/12/2012	very well used - always busy.
3380	7/12/2012	Seems like a lot of folks really use and appreciate the library and the services.
3381	7/12/2012	The few times I have to go and get a print book it is always busy. I prefer ebooks so I use library2go ALOT!
3382	7/12/2012	The Hollywood branch appears to be heavily used.
3383	7/12/2012	Extremely well used! Always a lot of people when we go there!
3384	7/12/2012	I always see people there at all hours, both checking out books and using the computers. Albina appears to provide computer access to young people who don't have computers. This is really important, without this resource they would be academically and socially disadvantaged further than they already are.
3385	7/12/2012	don't know
3386	7/12/2012	Very well used
3387	7/12/2012	No matter the day or hour, it is always busy.
3388	7/12/2012	Very well used.
3389	7/12/2012	Extremely.
3390	7/12/2012	It's an amazing community center, which is indispensable. That being said, you need to say in clear terms what the new levy means in terms of dollars per \$100K. I'm not pleased you give us a rate. Be straight and we'll be straight.

3391	7/12/2012	When we sign up for computer, most of time we only have to wait a short time. When we put the materials on hold, we normally get them at the decent time. When we look for materials, most of the time library carries the items we need. As far as hours, Monday closing day does affect our usage of the library.
3392	7/12/2012	Extremely well used for media, presentations, events, classes and research assistance
3393	7/12/2012	by whom, me? I use it primarily to pick up and drop off books that I've reserved online. I am extremely grateful for this fabulous system!
3394	7/12/2012	It is fairly well used.
3395	7/12/2012	Every time I'm there, many people are utilizing computers, browsing books, exiting and entering the library.
3396	7/12/2012	very much
3397	7/12/2012	well used
3398	7/12/2012	Seems well used.
3399	7/12/2012	Always super busy. Selection not that great-- lots checked out always.
3400	7/12/2012	very. students of all ages, older adults, people there for long periods of time studying, etc.
3401	7/12/2012	Very.
3402	7/12/2012	It is well used.
3403	7/12/2012	The Hollywood branch library is always full of people -of all age groups as far as I can tell- every time I visit (late afternoon and weekends). The weekends seem to be very busy throughout the year.
3404	7/12/2012	I use it frequently. I can not comment on others use.
3405	7/12/2012	Very
3406	7/12/2012	The Central Library is always used, there are so many people going in and out. The Holgate Library is much, much, much smaller. I've noticed that many young students spend their after-school hours here. It is a safe place for kids to hang out and do homework (Sometimes it can be noisy but I'd rather them be at the library than walking the streets). I take the bus everywhere, so I attend the library that is in my immediate area or on the way from one point to the next. I appreciate the library, it keeps me reading, saves me money, and I think it does a lot more good that we give it credit. The staff is always busy; however, helpful and friendly. I probably visit two or three times each month; load up on a bunch of DVDs and books, and devour them at home. I would say the Holgate, the one I most frequent, is very well used. However, under equipped and cramped.
3407	7/12/2012	It seems like there are always a lot of people at the library, whether it's children's book readings or just people using computers, the local library always seems well-used to me.
3408	7/12/2012	Good working condition computer software is extremely dated though creating slow and slightly unreliable access to networks.
3409	7/12/2012	The Albina branch always seems busy and full, but not crowded. I used to be a patron and volunteer at Belmont, and that branch usually seemed over capacity.
3410	7/12/2012	Well-used. there are always people there!

3411	7/12/2012	Very well used.
3412	7/12/2012	Couldn't say exactly; it's usually being used by others when I'm there.
3413	7/12/2012	extremely well used!
3414	7/12/2012	I don't understand the wording of this question. It's heavily used?
3415	7/12/2012	<p>The Northwest library branch is very well used. I visit the Northwest library at least once per week (sometimes many times per week) and it is always busy. The computer terminals are always full, the children's book section is full of children reading and looking at books, and there is always a line at the front counter for checking out books. The staff is very helpful with reading suggestions. The library is always very clean, and the books are in good condition. ☐</p> <p>☐</p> <p>This is a great convenient location for library patrons living in Northwest Portland, and this library is in close proximity to the local schools (Chapman Elementary, MLC, Friendly House, After school programs, etc).</p>
3416	7/12/2012	Extremely well used!
3417	7/12/2012	Seems to have steady business.
3418	7/12/2012	Central Library is well used. Seldom an empty chair.
3419	7/12/2012	Heavily used. Patron's stand outside waiting for it to open.
3420	7/12/2012	there always seems to be people there, especially high school kids (which is so cool to see them using the library!)
3421	7/12/2012	I couldn't believe how many people that use it. Many were on the computers.
3422	7/12/2012	this library is always busy
3423	7/12/2012	Very well used. There always people in the library when I go there regardless of what time I go.
3424	7/12/2012	I don't visit it enough to comment.
3425	7/12/2012	Seems well-used.... always busy
3426	7/12/2012	The Gregory Heights library, my home library now, has often a steady stream of people walking into the building. It seems there are so often families who attend library programming in the extra meeting space. I find the staff helpful yet bogged down with requests that I don't wish to bother them too much.
3427	7/12/2012	It seems to be very popular - always lots of people there
3428	7/12/2012	Seems busy most of the time.
3429	7/12/2012	Central Library always seems very well used.
3430	7/12/2012	It always seems busy and well loved.
3431	7/12/2012	Very well used. In fact, I met 3 people the other day who were as disappointed as I was on Monday when we discovered at the door that the library is now closed on Mondays....my weekly day off.
3432	7/12/2012	More during the school year.
3433	7/12/2012	It seems to be very well used.
3434	7/12/2012	Very
3435	7/12/2012	very well used. families come as a unit which is nice to see.

3436	7/12/2012	I can't think of a time I have visited that I did not see other patrons coming or going.
3437	7/12/2012	super awesome place!
3438	7/12/2012	It's always busy - if you wanted to get a computer you'd have to wait in line.
3439	7/12/2012	very popular
3440	7/12/2012	Well used
3441	7/12/2012	It always seems busy and full of people the times I go there (usually weekend afternoons).
3442	7/12/2012	Very well, I think, because when I come in to borrow books or recorded books, it seems to be busy. People are at the computers, more are waiting in line to use them, young kids are using computers, and still others are browsing the shelves.
3443	7/12/2012	Very heavily used.
3444	7/12/2012	The Midland branch is always very busy.
3445	7/12/2012	Very well used. It's always busy!
3446	7/12/2012	It seems busy and full of people at any time of day that I go into the library.
3447	7/12/2012	It always seems pretty busy.
3448	7/12/2012	I feel the library is well used.
3449	7/12/2012	pretty busy, whenever we visit (ave 1-2 week, mostly Killingsworth & Kenton branches)
3450	7/12/2012	Extremely well used, I have gone there in the morning, in the middle of the day, right before closing, and it is always busy. It sometimes gets busier, but it is never empty, even in summer in beautiful weather. Hollywood and Gregory Heights are always full of either families or people on the computer. □
3451	7/12/2012	Central and midland seem to have more people come in for services (computer usage and holds). Their book aisles are usually empty.
3452	7/12/2012	It seems pretty busy whenever I go there
3453	7/12/2012	very
3454	7/12/2012	Our library seems busy, but not crowded.
3455	7/12/2012	Busy.
3456	7/12/2012	It's used well thank you
3457	7/12/2012	Get what you need often.
3458	7/12/2012	Seems busy every time I'm there.
3459	7/12/2012	It's always quite busy.
3460	7/12/2012	It is very well used. It is often busy and children story times are very popular. It is also very convenient for reserving and picking up books.
3461	7/12/2012	overcrowded
3462	7/12/2012	It is always busy and everyone is very friendly!
3463	7/12/2012	I always see tons of people in it and many young looking families so I would have to say it is heavily used and even more heavily loved!
3464	7/12/2012	Very. Always busy and bustling.
3465	7/12/2012	I do not understand the question.

3466	7/12/2012	Well used. It is always busy with a variety of people.
3467	7/12/2012	There are always people at the Albina branch.
3468	7/12/2012	It always seems to be busy when I visit, especially during the evenings and on weekends.
3469	7/12/2012	It's well attended every time I visit, which is probably closer to two times a week.
3470	7/12/2012	I believe it is used very often I always see quite a few people in the library either on the computers, or reading, and I seen people doing there schoolwork there, and people working on their business. I know it is an great asset to our community. I don't know what we would do without it.
3471	7/12/2012	unknown
3472	7/12/2012	It is busy every time I go there. But the customer service is great and I never have to wait to be helped.
3473	7/12/2012	Very. It always seems well-populated.
3474	7/12/2012	It is busy nearly every day and all the computers are in use there--they could use more.

3476	7/12/2012	well used - hollywood
3477	7/12/2012	The Central Library is a valuable resource for the downtown community and is very heavily used,
3478	7/12/2012	Looks well used whenever I go in.
3479	7/12/2012	always busy, very well used
3480	7/12/2012	Very well. It's always packed.
3481	7/12/2012	LOVE LOVE LOVE it and would miss it sorely if it were not there.
3482	7/12/2012	Every time I go to the Hollywood Branch, it's full of people. I went by on Friday, after the July hours changed an there were four other people trying to get in too.
3483	7/12/2012	It seems pretty well used. Do you mean worn out though? It does not seem wrn out. It seems like people would benefit from more hours though.
3484	7/12/2012	it always seems busy, clean and welcoming.
3485	7/12/2012	People love it! I'm so thankful to have one in my community.
3486	7/12/2012	It seems very busy at our local library. I see people of all ages there.
3487	7/12/2012	Parking lot is always full when I walk by.
3488	7/12/2012	very well used
3489	7/12/2012	Very well used. Great place, nice staff, excellent service.
3490	7/12/2012	My kids and I use our local library a lot. The kids usually sign up for the Summer Reading Program, and use the Library for sources on their School Reading Logs.
3491	7/12/2012	it is always busy....people in line each morning waiting for doors to open
3492	7/12/2012	Always busy
3493	7/12/2012	Crowded every time I come in with all age groups using a variety of sources.
3494	7/12/2012	It is always full of people
3495	7/12/2012	It seems like most people use the Central library for computer access, presumably to access the internet. A few people, including me, actually a read stuff too!
3496	7/12/2012	Very busy

3497	7/12/2012	The library always seems busy whenever I'm there -- I mostly use the Central library, and I feel that is a key place for computer access for Portlanders who lack housing or access to a computer. I love the socio-economic diversity and I think it's critical that this safe, engaging community space be available for as many hours as possible.
3498	7/12/2012	Very well used.
3499	7/12/2012	The library is very popular and the space is often crowded.
3500	7/12/2012	Very busy. Well loved.
3501	7/12/2012	It seems to be well used and is in a great location.
3502	7/12/2012	very well used
3503	7/12/2012	Very well used. Often busy, even on week days.
3504	7/12/2012	Busy, I think!
3505	7/12/2012	very
3506	7/12/2012	They seem to be used quite a bit
3507	7/12/2012	Always busy, lots of people of all ages are there.
3508	7/12/2012	Though it is a small local library (Holgate), it is always full of people taking advantage of the great services provided by the library. Especially during the summer, there are so many people!
3509	7/12/2012	Very well
3510	7/12/2012	Very well used - its always full of people, and there's always a wait for computers.
3511	7/12/2012	Seems pretty well used. There are typically at least 10-20 patrons each time I visit. A majority of services are appear to be getting utilized by patrons each time I visit.
3512	7/12/2012	Very well used.
3513	7/12/2012	Very popular and much used. Librarians in each section and/or service are extremely knowledgeable, patient and helpful.
3514	7/12/2012	It is very well visited throughout the year, but in particular in the summer months.
3515	7/12/2012	ALWAYS busy.
3516	7/12/2012	All those that I go to (Hollywood and Central mostly) seem very well used
3517	7/12/2012	Not sure
3518	7/12/2012	very - Our homeowners association regularly uses one of the meeting rooms and all of us use the library for different things - checking out books, downloading books on Kindle, etc.
3519	7/12/2012	Quite.
3520	7/12/2012	Both Central and Kenton are always crowded whenever I visit.
3521	7/12/2012	It is always busy, day or night.
3522	7/12/2012	very busy.many users are lined up before 10am opening!
3523	7/12/2012	All seem to have several people using the facilities. Always pleased to see people lined up waiting for the library to open on Sunday.
3524	7/12/2012	Very well used. Almost always crowded and busy.
3525	7/12/2012	Very heavily used

3526	7/12/2012	It always seems busy :)
3527	7/12/2012	It appears to be well used. It's always busy and the computers seem to be in constant use.
3528	7/12/2012	Very.well.used
3529	7/11/2012	Seems fairly busy everytime I am there
3530	7/11/2012	Seems pretty popular
3531	7/11/2012	Very well used. Always lots of people in there with smiles on their faces,mostly.
3532	7/11/2012	Extremely. There's always many people in there. It is a stronghold of the community. Very well used, from community events and classes to use of the computers and books. My library, Capital Hill, has a wonderful variety of people who use it every time I'm in there. There are people in a range of ages and from many ethnic and religious backgrounds (based on what they are wearing). My daughter volunteers to help with the Summer Reading program and regularly checks out books.
3533	7/11/2012	
3534	7/11/2012	Very.
3535	7/11/2012	Seems to be fairly well-attended. There're always about 1-2 dozen patrons in there when I'm there.
3536	7/11/2012	Very well used
3537	7/11/2012	Very well used! It is always busy when we are there.
3538	7/11/2012	every time I have been in there it is filled with many people.
3539	7/11/2012	Well Both Kenton and Albina are busy.
3540	7/11/2012	very much so, it's always packed
3541	7/11/2012	There seem to be people coming and going constantly.
3542	7/11/2012	quite well
3543	7/11/2012	very well used
3544	7/11/2012	always seems busy to me, people waiting outside for it to open
3545	7/11/2012	Very well used and beautiful too!
3546	7/11/2012	Very well
3547	7/11/2012	Very. There are always people there. I enjoy using the neighborhood library. However, I'm disturbed by the following: 1. high number of homeless people. I realize that this is a bigger social issue and don't know what the solution is. They are somewhat unsanitary and smelly. 2. People eating in the library. What happened to the old rule of "silence, no food and no drinks"? 3. lack of power outlets for those who use their own laptops.
3548	7/11/2012	
3549	7/11/2012	The NW branch is often very busy with families and homeless people.
3550	7/11/2012	Very well
3551	7/11/2012	Very well used.
3552	7/11/2012	Heavily used, especially internet access.
3553	7/11/2012	Always seems to be busy.
3554	7/11/2012	It seems quite well used by a large variety of ages.

3555	7/11/2012	Whenever I stop in to check out books, the North Portland branch is populated with many faces. I've seen these faces using all of the services the library provides. It's an integral part of our community.
3556	7/11/2012	Very.
3557	7/11/2012	I read to a nursing home resident so the library is a wonderful place to obtain books that she is interested in. I also check out movies to view in the nursing home.
3558	7/11/2012	Almost every table has several readers sitting at them, regardless of the day of the week or time of the day. Most of the computers are being used each time I have visited. I always see young children and youth in abundance, checking out books, both after school hours and during the summer.
3559	7/11/2012	Not sure.
3560	7/11/2012	It appears to be quite busy on the days we visit especially in the children's section.
3561	7/11/2012	Usually busy with young families.
3562	7/11/2012	I dont understand this question?
3563	7/11/2012	Seems to be fairly busy whenever we stop by.
3564	7/11/2012	I usually only get there on the weekends, and it's usually pretty hopping!
3565	7/11/2012	Always busy when I am there. All computers in use
3566	7/11/2012	Extremely busy
3567	7/11/2012	It is always busy.
3568	7/11/2012	It seems to be busy most of the time. Since North Portland is on a bus line and near a school, I think that it is used by a variety of age groups.
3569	7/11/2012	Very well used.
3570	7/11/2012	Fairly busy.
3571	7/11/2012	It's always busy.
3572	7/11/2012	extremely well used!
3573	7/11/2012	It always seems to be very busy!
3574	7/11/2012	Seems like there are lots of people there
3575	7/11/2012	Always a lot of other people there
3576	7/11/2012	It is busy, but that does not necessarily mean it is well used.
3577	7/11/2012	Well used
3578	7/11/2012	Couldn't say, I'm in and out, but there are lots of books on the hold shelf.
3579	7/11/2012	I'm not sure exactly what you're asking here. But, I believe the library has many inefficiencies. At both Northwest and Central I frequently have the impression that the library is a day camp for the homeless. I think many of the library's services could be accessed remotely without the need for a branch to be open all the time. Thus, I feel the library is well used, but that doesn't mean that I think it is being used efficiently.
3580	7/11/2012	It's always busy, and there's a long line at the door 15 minutes before it opens EVERY day.

3581	7/11/2012	Central is very well used. Local branch is not as easy to use for my mother-in-law since handicapped parking is not as easy to get and the entrance is less accessible (particularly since book return is not inside library front area)
3582	7/11/2012	The Kenton Library is always being used. Whenever I go in there, the computers are in use and there are people in all sections of the library. It's a smaller library, but it's set up great and in the perfect location.
3583	7/11/2012	Extremely well used. It is never empty. There are always people at most of the computers and scattered around the whole room. Plus, a lot of those people are teens which is certainly wonderful.
3584	7/11/2012	Very well used. Every time I go there I'm surprised by all the people in the library.
3585	7/11/2012	I would say very highly used as when we arrive, depending on the time, there is usually a line to get on the computer.
3586	7/11/2012	I think it is very well used. There are lots of young children and youth on the premises.
3587	7/11/2012	very well...
3588	7/11/2012	Rather well used.
3589	7/11/2012	Very well used, but not in the sense of being "worn out."
3590	7/11/2012	Very well used. I feel that, regardless of what time or day I stop in there are plenty of people using computers, reading to their kids, or checking out books.
3591	7/11/2012	Seems busy to me.
3592	7/11/2012	Hollywood branch is almost always very busy and the quiet rooms and computers are in high demand. Many many people rely on computer access because their finances keep them from having Internet service or even a working computer at home. The reference desk is always busy, and even though most checking out is done by the customer, the employees behind the service desk are almost always assisting someone and often there is a line.
3593	7/11/2012	Busy
3594	7/11/2012	very well used. There are often many people utilizing the computers and the programs for small children. It can often be too crowded to join in the reading programs for small children (ex: toddler and preschool story times).
3595	7/11/2012	Very well used...always busy
3596	7/11/2012	very well used. often all computers are busy
3597	7/11/2012	The Hollywood library seems to be the most popular. I like to look up materials on the website, put them on hold, then pick them up when they are ready.
3598	7/11/2012	The Hollywood branch seems to be busy whenever I stop by.
3599	7/11/2012	well!
3600	7/11/2012	It always seems to be pretty busy. I love the library. You can check out books, dvds and cds for free! What a concept!
3601	7/11/2012	Extremely well used. Every time I go in the Librarians are busy helping patrons. Two Sundays ago was even more busy. Lots of children and families, elderly, and 20-somethings.

3602	7/11/2012	It is always very busy
3603	7/11/2012	Very well used.
3604	7/11/2012	very well used
3605	7/11/2012	Very - it's wonderful!!!
3606	7/11/2012	well
3607	7/11/2012	very well used. it is always busy and full of life. an amazing community space.
3608	7/11/2012	Very. There are always people here, and I use it all the time.
3609	7/11/2012	Very well!
3610	7/11/2012	I myself visit the Library with my daughter once a week. My husband often goes with her or by himself an additional day a week.
3611	7/11/2012	In what sense do you mean? In terms of apparent numbers of library patrons, I would say that my library branches are quite well used. The central branch in particular can sometimes be sufficiently crowded to be described as actually noisy.
3612	7/11/2012	Well
3613	7/11/2012	very well used
3614	7/11/2012	Very well used. Always busy.
3615	7/11/2012	It always seems busy.
3616	7/11/2012	Hollywood Branch is always very busy, and well used
3617	7/11/2012	It is very useable but needs to be used more after work hours.
3618	7/11/2012	there are always people there when I go to pick up a reserved item that has come in...
3619	7/11/2012	very well used
3620	7/11/2012	We believe it is extremely well used. Every time we visit, no matter the day or the time, the parking lot is pretty well filled. There is usually a waiting list for computer usage (we do not ourselves use it) and the children's library is well used. We have never experienced a library that provides the services ours does (same goes for the whole county) and we will gladly support the larger tax increase in order to cover charges. The library serves a needed and happily used community center for Multnomah's multiple population, particularly, in our view, its children and adolescents.
3621	7/11/2012	It is busy whenever I go so I'm guessing it's well used.

		I have been an avid user of the library system since I was a child, however, in the last 12 years I have really put it to weekly use. I've stopped buying books, DVDs and music; utilizing your vast resources.[]
		[]
3622	7/11/2012	When I was in outside sales, I greatly appreciated your business librarians and their vast knowledge of the data-bases that I could use to segment my business. They are a fabulous resource and extremely knowledgeable.[]
		[]
		Thank you for being so awesome and in the community!![]

3623	7/11/2012	We usually go at the weekend and it always looks busy. Its great for families with young children.
3624	7/11/2012	It seems to be busy whenever I go in. It also offers classes for the community and space for meetings. I think our libraries are invaluable and deserve as much financial support as we can muster. I happily pay my overdue fines because I know they will go back to the library.
3625	7/11/2012	very well
3626	7/11/2012	Very.
3627	7/11/2012	very
3628	7/11/2012	In most cases the library is very busy and only a few times in the last 8 months have I noticed only a few times during mid afternoon that it was not fairly full.
3629	7/11/2012	It appears to be well used. There are always plenty of people there when I go in, and there are always people waiting outside the door before it opens.
3630	7/11/2012	Seems to be very well used. My partner makes at least 2 or 3 trips a month and I many times read the books he has checked out.
3631	7/11/2012	I often see people lined up before they are even open.
3632	7/11/2012	It's generally busy when I'm there. Seems to serve a wide spread of demographics.
3633	7/11/2012	Always busy
3634	7/11/2012	I used alot
3635	7/11/2012	Well used and well loved.
3636	7/11/2012	Very well used, usually busy.
3637	7/11/2012	well used, lots of traffic, lots of collaboration with internet access.
3638	7/11/2012	The Hollywood Branch is very busy. The computers are usually all in use, Parents and children are lined waiting for storytime. People of all ages are selecting books or picking up books on hold to check out. The staff is busy helping people with questions and assisting people with check out or at the computers searching.
3639	7/11/2012	Not sure what you mean by this question.
3640	7/11/2012	It's always busy with a broad mix of all ages.

3641	7/11/2012	It seems to be well used based on my experience, always has at least 10 people there and usually more.
3642	7/11/2012	It is always very busy. People of all ages and income levels.
3643	7/11/2012	Usually seems fairly busy
3644	7/11/2012	Very well used.
3645	7/11/2012	It is very well used. Very important to the community.
3646	7/11/2012	N/A
3647	7/11/2012	It always has lots of people in both libraries we go to. They appear to be well used and are rarely not bustling.
3648	7/11/2012	finding a parking place in the fairly large lot is sometimes a challenge. Usually at least 3/4 full at all times. I go to library about 5 times a week.
3649	7/11/2012	Always bustling with activity. Sometimes wait in lines to use self-checkout machines. Looks like lots of holds on the shelves. Always folks on the computers. Kid's section generally quite active. Seems to be some activity or other occurring every time I'm there.
3650	7/11/2012	It seems to be pretty busy every time I go in.
3651	7/11/2012	Fairly well.
3652	7/11/2012	We live closest to the Hollywood Library and go there most often. We love it and all the county libraries. They are great resources for the community! My children love them (ages 11 and 4) and go there at least weekly or more often. They love the programming there, the children's sections, the computer access (including the children's game), and the teen sections. We'd love to see more to the teen sections (like the Beaverton library has - separate hang out area for teens). But overall, we love the Multnomah County libraries and want them well funded for a long long time! We see many people frequent the libraries we visit.
3653	7/11/2012	It's busy
3654	7/11/2012	There always seems to be a large number of people at both midland and rockwood libraries. Both are on major bus lines and near schools. We go in to one or the other at least twice a week more often in summer
3655	7/11/2012	Very well used.
3656	7/11/2012	Very well used. We uses it all the time to checkout books and audiobooks. It is always very busy (a good thing!).
3657	7/11/2012	It looks busy when I go in to check out books.
3658	7/11/2012	It appears to be well used, the times that I have been there I have noticed that there are enough people there to make it feel full.
3659	7/11/2012	well used
3660	7/11/2012	It always seems busy when I am there
3661	7/11/2012	Very good.
3662	7/11/2012	Very

3663	7/11/2012	Very well used. People are always waiting for it to open in the mornings. On weekends I love seeing all the families there. I even see teenagers there on their own. It makes me really happy to see people of all ages who love the library as much as I do.
3664	7/11/2012	The library is always well attended when I visit.
3665	7/11/2012	It seems to be filled with all ages and races. It looks like it will need double the size as the area grows.
3666	7/11/2012	Both the Hollywood and Woodstock libraries are hives of activities.
3667	7/11/2012	Very
3668	7/11/2012	Very
3669	7/11/2012	Very well used.
3670	7/11/2012	Very!
3671	7/11/2012	The library is a family staple.
3672	7/11/2012	Very well.
		Seems pretty well: The Albina branch is in a block of storefronts that offer several different resources to the community, so it seems like a natural fit. One is likely to see people from all walks of life using it to better their lives.[]
3673	7/11/2012	<p>[]</p> <p>The Belmont one is in a great area between Belmont & Hawthorne. Very bikeable, good kids' & reference resources.[]</p> <p>[]</p> <p>The Central one is beautiful, inside and out, and constitutes an irreplaceable institution for the residents of Multnomah County. I've never been there when it wasn't full of folks, happily finding the resources they need.</p>
3674	7/11/2012	Seems extremely well utilized.
3675	7/11/2012	The libraries I have visited always seem quite busy.
3676	7/11/2012	I go after work and on the weekends and there are always people sitting at the tables or milling around. I consider it well-used during those times.
3677	7/11/2012	appears to be very well used. also appears to be used as a free babysitting service after school hours.
3678	7/11/2012	Feels like Hollywood has a steady flow of people using it.
3679	7/11/2012	The library I go to, the central library, is always used by a LOT of people.
3680	7/11/2012	Gregory Heights, my neighborhood library, seems to be doing a brisk "business". It provides a significant service to it's surrounding neighbors.
3681	7/11/2012	our library rocks!
3682	7/11/2012	very well used
3683	7/11/2012	Very. Always busy. Always people waiting for the doors to open.
3684	7/11/2012	busy
3685	7/11/2012	I see many frequent the beautiful library

3686	7/11/2012	It is always very busy with many activities and uses happening simultaneously.
3687	7/11/2012	It is well-used. There are many people who come and go, picking up book/other media. There are plenty of people who use the computers too. Overall, many people use the Midland library, which is my most visited library.
3688	7/11/2012	Despite being a small branch, my local library (belmont) is fairly busy every time I go there. Because of its small selection and convenient location, it seems to be used primarily as a pickup point for books and media that has been put on hold.
3689	7/11/2012	used quite a bit VERY well (Hollywood & Sellwood-Moreland). □
3690	7/11/2012	I sometimes have to wait to use the 15 min. computers at Hollywood (to do a quick e-mail check, while I am out & about running errands) and there are no 15 min. express internet computers at the Sellwood-Moreland branch. □ Most times the tables with people reading (at both branches) are crowded & there are noisy children too close by for these two libraries to be a comfortable place to do serious work.
3691	7/11/2012	i don't know
3692	7/11/2012	Very, always seems busy.
3693	7/11/2012	iT ALWAYS APPEARS TO BE BUSY
3694	7/11/2012	I use the Central and Belmont libraries the most and they are both extremely busy every time I am there. There are people checking out books, using the computers, attending events, looking at local art or just reading. It's a bustling and vibrant social scene and an amazing community resource.
3695	7/11/2012	Very. It is always full with people reading, using the computer.
3696	7/11/2012	very very well used
3697	7/11/2012	Well loved and adored. Always want more library!
3698	7/11/2012	Definitely necessary- - -use of computers extremely important.
3699	7/11/2012	Always several other people there when I go.
3700	7/11/2012	I use it about once a week to check out audio books, paper books and dvd's. I am planning to buy an electronic reader of some type in the near fututre and plan to download books from the library as well.
3701	7/11/2012	seems very populated everytime I am there, chairs full etc.
3702	7/11/2012	The Belmont library is always busy when I am there. All ages. Lots of people on the computers.
3703	7/11/2012	I think it's used tremendously
3704	7/11/2012	There are always lots of people there
3705	7/11/2012	When we have been there, it has always been full of activity. It is a lovely library enhanced by a park visible throughout. Love it.
3706	7/11/2012	Albina would be local for me, and it appears very well used.
3707	7/11/2012	extremely!
3708	7/11/2012	There are people in there everytime I go either utilizing the computers or checking out books.
3709	7/11/2012	Always busy

3710	7/11/2012	I mainly use the central library, which is always swarming with people.
3711	7/11/2012	Very well used.
3712	7/11/2012	Very well used. Often a crowd. I use a lot of online services such as library search. Wish my card # could be saved on my computer. Although I do mostly on line searches, holds, etc. I then pick up my holds at the library and often broze then. Will also look for special topics.
3713	7/11/2012	Both always seem very busy and well run.
3714	7/11/2012	Very well used.
3715	7/11/2012	We use the library regularly and LOVE the library system!
3716	7/11/2012	very well
3717	7/11/2012	I know for a fact the Hollywood library is heavily used in the Hollywood District. There was an occasion when I had to meet someone near the library, so I will set in my car waiting and notice people parking and entering the library," lots of men and women and children". You can tell when the library is fill because the lack of parking around the library.
3718	7/11/2012	Very busy! I love our library. I use it more and more since I started to pay attention to my library tax! []
3719	7/11/2012	The folks at the Hollywood branch are great. It is always full of life!
3720	7/11/2012	Its always busy
3721	7/11/2012	There are usually quite a few folks who are using thelibrary. The computers are almost always being used, lot's of children using the children;s section.
3722	7/11/2012	It must be used a lot. It is always busy.
3723	7/11/2012	Very well used. Very well used! The Central Library is always hoppin. this question isn't terribly clear, so i'll try. []
3724	7/11/2012	there are many people in and out of the hollywood branch, all the time. this implies a great deal of use. [] used as in worn? looks fresh and delightful to me! [] do people use the library to a full potential? probably not.
3725	7/11/2012	I think it is very well used. I order books over the internet and pit up holds so I don't spend a whole lot of time in the in the stacks.
3726	7/11/2012	It's always busy
3727	7/11/2012	Well used
3728	7/11/2012	seems pretty well used.
3729	7/11/2012	Usually busy and full.
3730	7/11/2012	They seen to always have quite a few people in there whenever I'm there.

3731	7/11/2012	It is always full of people when I visit. If I get there before opening time there are several people sitting in their cars or waiting at the door for it to open.
3732	7/11/2012	The St.Johns library is hopping each time we visit, children, adults both cluster around the computer stations and in the stacks. After a closure day, the return bin is full and the patrons are waiting at the door to come in.
3733	7/11/2012	Very well used
3734	7/11/2012	Every time I go to the library I see many people making use of its resources. It is never empty. The computers are usually all in use and there are quite a few children in the kids' section as well.
3735	7/11/2012	I see people in there all the time. I LOVE the library (my mom was a librarian), but we need to re-vision our libraries, and that vision needs to be better publicized to the public. The old model of the library as a place to check out books needs to be modernized!
3736	7/11/2012	very well
3737	7/11/2012	My library is always full of people when I go in. This would be during the afternoon hours-2pm
3738	7/11/2012	Always busy
3739	7/11/2012	very well used.
3740	7/11/2012	The Woodstock branch always seems to have a fair number of users about. I have never noticed it ever being bereft of patrons.
3741	7/11/2012	It is a rare occasion that I go to the Woodstock branch and it is not filled with people from the neighborhood. I would say that it is a very popular destination for many families in the Woodstock neighborhood.
3742	7/11/2012	It always seems very busy.
3743	7/11/2012	Very!
3744	7/11/2012	always busy when I visit. usually a line outside waiting to get in at opening time.
3745	7/11/2012	Very! There are always lots of people about, and I don't think I've ever seen a vacant computer.
3746	7/11/2012	i use it all the time and there is always, no matter what library i visit, an line before opening. too bad hours are getting cut..again.
3747	7/11/2012	It's nearly always full and busy
3748	7/11/2012	Almost every time I go to the Woodstock library, it is busy.
3749	7/11/2012	It seems pretty busy, depending on time of day, season, weather, etc.
3750	7/11/2012	Very
3751	7/11/2012	very well
3752	7/11/2012	It seems to me it is very well used. My husband uses it more than I do and is very grateful to have access to so many audio c.d.'s and books. [] [] Whenever I go to the library there are always people there using the computers and looking for books.
3753	7/11/2012	It always seems busy.
3754	7/11/2012	Constant flow of people, especially families with youth.

3755	7/11/2012	It is a good learning environment for my childrn to play on the computer and pick out books. The library is always full of people and well used.
3756	7/11/2012	It seems that there is always a line outside before they open. I'd say it's pretty well used.
3757	7/11/2012	The N. Portland library is very well used, and often very crowded.
3758	7/11/2012	As it's currently summer, the libraries are always full and the resources as computers are heavily used. Sometimes the average wait time for computers is over an hour. It's a hassle having to wait but luckily with being in a library there are plenty of books to keep me occupied until my computer opens up. I appreciate the availability of my neighborhood library, Midland Library, because it gives me time to go to the library after my babysitting and chores. It's safe, a cool place to resort to during hot summer days and I can bring my siblings along knowing that there's plenty for us to do and the world is literally at our fingertips. Going to the library with my family is my favorite part of summer when I'm home visiting as I'm an undergrad student at Oregon State University.
3759	7/11/2012	Very well used
3760	7/11/2012	I think pretty well used. I enjoy Hollywood over Belmont because it feels more spacious and less crowded. I love that both are open until 8 a couple nights per week.
3761	7/11/2012	I pay more for less. My property taxes went up and you shorten my access to the library
3762	7/11/2012	Our library is always busy and there is often a line for Internet and other computers. I have come many times in the morning right before they opened just to see a line at the door. As a family we often put things on hold and go get them when they are in so we do not have to go looking for items. Often times our library does not have what we want when we come in and just look for it.
3763	7/11/2012	Albina, my neighborhood branch and the one i use the most was jam-packed yesterday, Tuesday, July 9th at about 1:30 when I dropped by to pick up books on hold...it is never not busy...
3764	7/11/2012	always busy
3765	7/11/2012	It seems busy whenever I go
3766	7/11/2012	Seems to be busy every time I visit.
3767	7/11/2012	Very well used.
3768	7/11/2012	Fairly busy whenever we are there!
3769	7/11/2012	very well used; it's always bustling with activity
3770	7/11/2012	I don't know
3771	7/11/2012	Extremely well used. Hard to find a place to park sometimes!
3772	7/11/2012	For being a rather small library, Albina library, is always full. The selection is not very large in this library but nevertheless it seems to be a popular little spot. I only really go to pick up and drop off books BUT this location is extremely convenient for us that live here in the Northeast.
3773	7/11/2012	The Hollywood library is very well used. I've never been there when there weren't at least 30 people (aside from librarians) in the stacks, at computers, at reading tables, etc.)
3774	7/11/2012	I dont know... i use it every once and awhile
3775	7/11/2012	Extensively. It is always busy when I am there.

3776	7/11/2012	well used.
3777	7/11/2012	Very well used. Always busy.
3778	7/11/2012	Very well used. Many people depend on all the existing locations.
3779	7/11/2012	It seems very busy!
3780	7/11/2012	I'd say very well used.
3781	7/11/2012	Always seems pretty busy to me!
3782	7/11/2012	It is super busy everytime we go! At the toddler storytime, there is always a packed room with Tasha over at Capital Hill Library. Love all the family centered activites at our local libraries.
3783	7/11/2012	Heavy use
3784	7/11/2012	Very well used. It's always crowded, the parking lot is usually full, the computers are all in use and I've never been there at a time when it was empty. It's busy ALL THE TIME.
3785	7/11/2012	It is heavily used.
3786	7/11/2012	very busy
3787	7/11/2012	It seems to be busy
		This question is vague. "How well used is your local library?" could mean:[]
3788	7/11/2012	- How much do I and my family use our nearest branch?[] - How much do I think others (not me or my family) use my local branch?[] - Does "well used" mean frequency of visits? Or amount of items checked out?
3789	7/11/2012	very well used
3790	7/11/2012	very well used
3791	7/11/2012	cannot comment. I am an Oregon resident and voter, but live overseas and am only able to visit the library facility when on home leave. at those times though the library seems very well used, i.e. full of people
3792	7/11/2012	I am so happy that we have a library it hold a world of information
3793	7/11/2012	Very well used. Always plenty of patrons
3794	7/11/2012	Quite popular. Often full with all different age types.
3795	7/11/2012	The Belmont Library, which I use the most - is very well used. It tends to act as a hub for interlibrary loans - due to its small size - but is a great resource. Additionally I enjoy sitting in the Hollywood library to read, there's a bit more room, and I've found that there are a lot of quiet fellow readers there.
3796	7/11/2012	Very well used.
3797	7/11/2012	Seems to be somewhat functional, but Central Library office seems to be frequented by homeless and transcient individuals versus active resource users
3798	7/11/2012	It is extremely busy whenever I visit it.
3799	7/11/2012	In the mornings before Midland opens, at the old hours, there is always a line of people waiting to enter. Everytime I have been there there are many folks using the library. [] We love the many options the library has to offer.

3800	7/11/2012	It seems like regardless of the day or time we go there, the Belmont branch is always full of families. And since the hours change, many mornings folks are lined up outside the door waiting for the library to open.
3801	7/11/2012	Very well used
3802	7/11/2012	too general of a question
3803	7/11/2012	pretty good.
3804	7/11/2012	I don't know how to answer that -- compared to what?
3805	7/11/2012	VEry well - there are always people there and there is a nice social feeling.
3806	7/11/2012	Seems like there are always lots of people there when I go, and cars in the parking lot when I drive by. I wish my local library offered computer access.
3807	7/11/2012	What I have observed is that both of the libraries that I frequent are extremely busy. There are always people on the computers and browsing the stacks. this is true in all of the seasons.
3808	7/11/2012	Heavily used. I wish it were bigger.
3809	7/11/2012	Very well used, there are always people there and there is ususally a wait for the computer.
3810	7/11/2012	Very well used, the libraries are wonderful!
3811	7/11/2012	It seems well used.
3812	7/11/2012	It's always very busy when I visit. There are a variety of ages of people using the computers, books, and programs.
3813	7/11/2012	good
3814	7/11/2012	Belmont Lib is always busy with many people checking out books on the six computers that are often filled to capacity. I go about 3 times a week to pick up or browse. I read from 8 to 15 books a month, mostly non fiction. The MCL is the reason I moved to Portland and have stayed for 12 years. A raise in taxes is fine because if we dont support libraries they will dry up by slow attrition. Being Portland , I would not be surprised to see more taxes go to disabled parking for cyclists. Wake up Portland. I depend on MCL!!
3815	7/11/2012	I don't know.
3816	7/11/2012	All three I use are busy, with noticeable increase in users---- a good sign. The automated checkout system is great. I love the Lucky Day system.[] I use the iPad to search and download books, but the process is cumbersome and not very satisfactory. The selection is poor and that system has a long way to go, but I assume there is a plan. [] I recently visited the Hood River library-----it was nearly empty, the staff people were cold and disinterested. And automobile parking was only at paid meters. What a contrast. Guess Mult. Co. Folks are spoiled. Thank you.
3817	7/11/2012	I think it is a community hub from my observations. Also, I am attached to this branch since I spent a lot of time with my children there when they were young and it was in its old location. The tradition continues; I know that the weekly trip to the Hollywood branch is now a well loved ritual for my daughter and her family.

3818	7/11/2012	Very well used! I've accessed libraries in different communities around the country and have been impressed by the Multnomah County Library system on a number of levels, one being how well used it is.
3819	7/11/2012	it always seems busy but not crowded. it is easy to find a computer or someone to offer assistance
3820	7/11/2012	It appears to be used by folks who use the library as resource for books, computers, job seekers, and children. However, the Central Library (inside and outside) also seems to be a shelter for loiterers.
3821	7/11/2012	Not sure what this means. It's never empty when I'm there.
3822	7/11/2012	very well always busy
3823	7/11/2012	The local library is well used. When I visit the library, there are a lot of people inside using the computers or checking out materials.
3824	7/11/2012	Both libraries always seem busy when I go.
3825	7/11/2012	Very.
3826	7/11/2012	The Northwest branch always seems to be in use, regardless of time of year or time of day.
3827	7/11/2012	Whenever I'm there it is always busy.
3828	7/11/2012	good
3829	7/11/2012	usually quite busy
3830	7/11/2012	How well utilized? It's good. Maybe some coordination with other archives in the city like the historical society would help out.
3831	7/11/2012	Excellent
3832	7/11/2012	WE loved our local library and whenever we were there we found many people of all ages.
3833	7/11/2012	Central is always being used! ... For its intended purposes? Maybe not, but it's definitely a community staple.
3834	7/11/2012	I don't understand this question. Do you mean how busy is it? If so, then it's always busy when I am there.
3835	7/11/2012	Apparently very well used.
3836	7/11/2012	it is very well used...these libraries are hubs of our community life
3837	7/11/2012	Woodstock location is the one I use most frequently and it seems busy each time I visit.
3838	7/11/2012	It's always busy with all age groups. Kids in the reading area with parents, computers occupied, browsing galore. I place A LOT of holds on books and am grateful for that service. During the school year, I tutor students in reading and come in regularly to pick out books related to the students' interest. Always someone ready to help.
3839	7/11/2012	It's difficult to determine. Depending on time of day and day of week, may be rather crowded or almost empty. I like the building, but it's not very big.
3840	7/11/2012	VERY!
3841	7/11/2012	Very
3842	7/11/2012	i feel that the library is well utilized
3843	7/11/2012	Very - I think ours is the branch most used in the entire system!

3844	7/11/2012	Often
3845	7/11/2012	Very. I see people coming in and out all the time.
3846	7/11/2012	Always seems busy and full of life. I love going there and am so happy it is so close by.
3847	7/11/2012	There are always serveral people at my local library.
3848	7/11/2012	It is always busy and the people who work there could not be any nicer or efficient and helpful. We are very happy with the online system as it is in reality another way of helping the environment, less driving back and forth when we want to reserve something or to extend the date to return it.
3849	7/11/2012	Very active place
3850	7/11/2012	It is always well attended, but not crowded. It is perfect and approachable
3851	7/11/2012	Always a lot of people
3852	7/11/2012	Never seen any branch anything but crowded.
3853	7/11/2012	I've never seen it empty. Its always bustling with people, even though the selection is relatively small, due to its size. There are always generations of folks using the computers.
3854	7/11/2012	The Hillsdale library always has a fair amount of people in it. After-school and after-work hours I can depend on the library being full.
3855	7/11/2012	It is pretty busy typically.
3856	7/11/2012	Very
3857	7/11/2012	It's good.
3858	7/11/2012	???? sorry, this is a strange question, what the heck do you mean?[] []
3859	7/11/2012	Belmont Library is well used. How well? What scale would you like? It seems to be well used every time I am in there. My kids and I love going to the library.
3860	7/11/2012	That is an odd question that should have been thought through better by the people preparing this survey. Am I giving an opinion on how it appears to be used by the number of people in there when I am there, meaning it is "well used" due to volume? Am I commenting on "how well" I use the library and what I "use" while there? Not a well targeted question in my opinion.
3861	7/11/2012	It seems to be very busy.
3862	7/11/2012	It is always busy
3863	7/11/2012	I am not sure if I understand this question. The library seems to be busy whenever I am there. But I primarily use the online services and only occassionaly pick up these books or return them after online checkout of books and kindle ebooks.[] [] I would use the library more if you had more kindle books.
3864	7/11/2012	VERY
3865	7/11/2012	Quite well, as far as I can tell. Story time seems to be popular as well as computers.

3866	7/11/2012	Woodstock is well used by everyone in the neighborhood. It is getting harder to get a computer because they are always being used. There is a line when the library opens and you better be one of the first in the door or you have to wait.
3867	7/11/2012	It appears to always have a lot of people who enjoy using it.
3868	7/11/2012	Wood stock and Belmont always seem to be full and active, with many users on the internet. Woodstock seems to also have a number of well attended programs.
3869	7/11/2012	Valuable resource for homework, always seems busy.
3870	7/11/2012	My local library is the Belmont branch, which I know has a very high rate of use.
3871	7/11/2012	There is a line outside of the door before it opens.
3872	7/11/2012	busy
3873	7/11/2012	Very well used.
3874	7/11/2012	Very well used
3875	7/11/2012	very well
3876	7/11/2012	The St Johns library is always full of school age children. It gives the kids a safe place to go and learn. Cutting back the hours/days leaves kids 'looking' for things to do.
3877	7/11/2012	Every time I go there, a lot of people are there, especially at the computers. Before I started school as a graduate student at Lewis & Clark, I would go there weekly to check out books. I go there about twice a month to print things off. I usually can't get there until after 5pm, so I appreciate the later hours. I always find a lot of people there between 5 and 8 pm!
3878	7/11/2012	When I visit the library it is always busy with people of all ages.
3879	7/11/2012	Very busy!!!
3880	7/11/2012	Extremely well used.
3881	7/11/2012	Always busy
3882	7/11/2012	It always seems full of people using it for a variety of reasons.
3883	7/11/2012	I am SO grateful for all it provides. My family has used many of the libraries resources.
3884	7/11/2012	Very well used.
3885	7/11/2012	Very well used, I live in NW Portland and frequently there is no access to the computer and the site is generally too small for the volume it gets for what I need. But I do like being able to pick up books there
3886	7/11/2012	people are always there, it is always busy
3887	7/11/2012	very well used
3888	7/11/2012	Seems very busy with computer stations full every time I visit the library
3889	7/11/2012	The Belmont branch seems to always be full of people reading, using computers, or checking out materials.
3890	7/11/2012	extremely. always busy
3891	7/11/2012	I split my time between Central and Hollywood and there is always a good crowd at both of them.
3892	7/11/2012	They always seem very busy.
3893	7/11/2012	VERY well used.

3894	7/11/2012	I don't understand the question.
3895	7/11/2012	Very
3896	7/11/2012	Seems pretty busy. Many people on computers.
3897	7/11/2012	highly used
3898	7/11/2012	very well
3899	7/11/2012	The libraries that we visit are always full of patrons. I have never visited a branch that isn't full of people. All the branches are filled with happy people, I love the staff every well. Thank you!
3900	7/11/2012	Central is always busy!! Hollywood is used and very busy too. I go to St Johns when I visit my parents, who also use it frequently.
3901	7/11/2012	Busy
3902	7/11/2012	seems lively when we are there
3903	7/11/2012	I've only lived in this area 1 year and been to the library twice but it seems well used. I'm in college, so I don't get as many chances to use the public library as I used to.
3904	7/11/2012	People are always there when I go.
3905	7/11/2012	always busy, but librarians are always available for help, sometimes there is a brief wait. They are smart and always cheerful!
3906	7/11/2012	Very.
3907	7/11/2012	Pretty busy
3908	7/11/2012	very
3909	7/11/2012	it is always busy!
3910	7/11/2012	It's always busy when I visit (evenings & weekends)
3911	7/11/2012	It's always busy as it should be.
3912	7/11/2012	I use the Gresham branch and it seems to always be busy.

- Very well. I started using the Hillsdale library as a small child as soon as it was built. I remember even earlier my excitement when my mother would take me to visit and get to pick out my very own books from the Bookmobile. This converted vehicle was a huge source of wonder and fascination.[]
- []
- But to your question: My wife visits Hillsdale library almost every day. We live on the other side of Wilson High and it's less than a 5 minute walk. I visit probably weekly. We both see heavy use by what appears to be a wide cross-section of neighborhood.[]
- []
- It's doing a great job and we feel SO lucky to have a pleasant upgraded branch as our Home Branch. We place and pickup holds regularly on a wide range of fiction and non-fiction books, CDs, and DVD. []
- []
- I personally won't be terribly inconvenienced by the loss of one day/week of operation, but as a general philosophy I think it's almost an obligation for us to provide as unlimited-as-possible access to our libraries by all.
- 3913 7/11/2012
- 3914 7/11/2012 the gregory heights and woodstock branches are always very busy
- 3915 7/11/2012 Very well used.
- 3916 7/11/2012 It is always busy when I go in there.
- 3917 7/11/2012 fairly busy
- 3918 7/11/2012 Busy every time I go in.
- 3919 7/11/2012 always busy - very kid-friendly, sometimes waiting lines for computers - a necessity for our neighborhood
- 3920 7/11/2012 When I visit, there seems to be many other visitors.
- 3921 7/11/2012 It is very busy every time I go to the St. John's branch.
- 3922 7/11/2012 There are always people there when I go.
- 3923 7/11/2012 Tremendously, always crowded when I visit.
- 3924 7/11/2012 Our lib. is always busy!
- 3925 7/11/2012 Very well - always busy.
- 3926 7/11/2012 It's always busy, no matter what time I go, but very well organized and efficient.
- 3927 7/11/2012 It is in the heart of Sellwood and is a core part of the community. It would be devastating if it were closed. I would do anything to keep it open.
- 3928 7/11/2012 It's very well used. It's almost always busy.
- 3929 7/11/2012 It is usually pretty busy, when I visit I go during lunch on a weekday or on the weekend.
- 3930 7/11/2012 Very well used
- 3931 7/11/2012 Always seems busy. May be the time of day that we are there. ??
- 3932 7/11/2012 the belmont library is always full of people for the PC use and other programs. very dynamic.

3933	7/11/2012	Between me and my kids we check out 5-10 items per week. The library is ALWAYS busy and well staffed. I love the new self checkout system! We all use it almost every time.
3934	7/11/2012	Kenton is usually very busy. I've not been to the North Library location enough to know.
3935	7/11/2012	It's a very popular place...always people (of all ages) waiting for the door to be unlocked in the morning.
3936	7/11/2012	Very busy
3937	7/11/2012	always seems busy
3938	7/11/2012	Very well-used, and in fact often very crowded.
3939	7/11/2012	Always busy!!! It's awesome!
3940	7/11/2012	Very well used! It is always crowded.
3941	7/11/2012	It always seems busy when I come in. They do a great job.
3942	7/11/2012	It is the best place ever.
3943	7/11/2012	Although we do a great deal of our access online, when we visit the libraries, they seem to be well used.
3944	7/11/2012	Very well used, at least on weekends. Always at least a dozen people either browsing for books or using the computers.
3945	7/11/2012	n/a
3946	7/11/2012	I use my library card quite frequently to check out books, movies on DVD, music on CDs.
3947	7/11/2012	VERY! Both the Gregory Heights and Hollywood branches are always bustling when I am there, and I visit at all hours.
3948	7/11/2012	VERY WELL There are always young readers, families, English Language Learners, people using the internet..... always pleasantly
3949	7/11/2012	full.[] Holgate
3950	7/11/2012	Do you mean is it busy...? It is always busy.
3951	7/11/2012	Very well used. Busy almost every time I am there.
3952	7/11/2012	How well used by me or by others? It's always busy whenever I go to the Belmont library, which is typically after 5:00 pm or on the weekends. All the computers are usually being used and there are lots of people looking at and checking out books.
3953	7/11/2012	By me? Not as well as it should be.
3954	7/11/2012	N/a
3955	7/11/2012	The Woodstock library is very popular, there is always a line at the door waiting to get in.
3956	7/11/2012	The three libraries that I use are always fairly busy.
3957	7/11/2012	Always seems busy.
3958	7/11/2012	Central appears very well used
3959	7/11/2012	seems busy most of the time when I am there
3960	7/11/2012	my family visits the library multiple times a week and they get lots of books each time, from kids books, to adult books. my husband and i also get books on tape, music, and dvds.

3961	7/11/2012	The Hollywood library is always busy. I often see very diverse groups of people there. It seems especially use by families with kids.
3962	7/11/2012	Very well used, always busy.
3963	7/11/2012	The central library is always busy. I went on a Monday a week ago and it was closed, that was a big disappointment :(
3964	7/11/2012	The Hollywood branch I visit most is quite busy whenever I am there. That can be both a blessing and a curse. The Multnomah County Library system serves a variety of user and community needs that draw people to them for different purposes. Let me say that I prefer the Central library for those times when I need to find and work with materials. The Central location, understandably, has the most in physical collection. It is also a larger facility and it is easier to find a more quiet and less busy place to read and think - the branches are often pretty noisy..
3965	7/11/2012	Very well, it seems.
3966	7/11/2012	It is very well used.
3967	7/11/2012	Very!
3968	7/11/2012	There are always many other patrons there when my family is there, and some events for kids are "sold out". The hold shelves are generally packed. I would say it is very well used!
3969	7/11/2012	seems to be well used
3970	7/11/2012	It is very well used.
3971	7/11/2012	Theyre always busy
3972	7/11/2012	The Multnomah Library is a beautiful building, well kept, with constant circulation of new materials to match all types of interests, I no longer live in Portland so I do not use the Library but I feel it deserves funding since it is the most diverse and widely used..The Library workers are kind and helpful to everybody.[] [] Security protocol may need a bit of repair since there is the occasional problem with stolen media. (can't find a book because it has been stolen) as well as the random perv using the comps to view unsavory material. (do that on your own time..)[] [] Other than that it's an outstanding piece of Portland's culture that deserves its peoples support.
3973	7/11/2012	The three braches we visit are all extremely well used.
3974	7/11/2012	odd way to phrase the question: for the population of the area, the local library does not seem to be a popular destination.
3975	7/11/2012	More on line than in person
3976	7/11/2012	It seems well used, many people coming and going, computers almost always full, etc.
3977	7/11/2012	Very
3978	7/11/2012	very good

3979	7/11/2012	It is very well used. I believe it is mostly used by folks in the lowest income bracket for it's free resources. It becomes less appealing for the community that pays for it.
3980	7/11/2012	I go to the Troutdale Library. If I do not get there weekly I certainly get there every couple of weeks. I love to read and they have a great selection of books. There always seem to be people at the Troutdale Library utilizing it's services. I love the Troutdale Library. People who work there are always very kind and very helpful.
3981	7/11/2012	Extremely. Just saying "library" makes me feel like I'm on vacation.
3982	7/11/2012	Our local library is always very busy no matter what time we visit.
3983	7/11/2012	For me, if there was enough parking would have utilized better. I spend more time finding the parking than spending time in the library.
3984	7/11/2012	Always busy when I'm there, and it appears to be used by a cross-section of the community.
3985	7/11/2012	Capitol Hill is aging, but still good condition. Hillsdale is very new and clean and resourceful. Also directly across from Wilson High School, so many students use it. Much better than the school library, especially when researching for projects and college.
3986	7/11/2012	Very well used.
3987	7/11/2012	The branches I visit always seem active and well used.
3988	7/11/2012	I would say, very used. There is always a group of people there when I go in.
3989	7/11/2012	Very well used. Some crazy people go there, but I appreciate the diversity and the support it provides people who are interested in bettering themselves, their children, and their community. The library is very valuable to this area, and what is offered through the Multnomah library branches is superb.
3990	7/11/2012	There seem to be many people there each time my husband or I go there.
3991	7/11/2012	Stains, bends, scratches, but the scanner can still read the barcode. :)
3992	7/11/2012	I'm not sure I know what you mean by "used." If by "used" you mean condition, the library in my neighborhood (Woodstock) seems well cared for and in good condition. If by "used" you mean the amount of traffic, I would say the Woodstock branch on some strains at its seams. On those days there is only one or very few seats at the tables and it gets very crowded. It is very small for the number of people who use and love it.
3993	7/11/2012	Very well used
3994	7/11/2012	Busy
3995	7/11/2012	It is almost always busy, but you already know that.
3996	7/11/2012	It seems like it is always busy.
3997	7/11/2012	frequently
3998	7/11/2012	People fill this library branch all day, everyday. It's a downtown historical and cultural anchor.
3999	7/11/2012	Not sure I understand the question. Do people access it? Absolutely.
4000	7/11/2012	????
4001	7/11/2012	Very. I've never seen a library branch *not* bustling with folk using the computers and exploring the collections.

4002	7/11/2012	I would say both Gresham and Troutdale libraries experience very high traffic. There are always people utilizing both when my son and I visit and there is always a line at the door when they first open in the mornings.
4003	7/11/2012	Someone who uses the library only monthly can't judge this.
4004	7/11/2012	Looks busy all the time... But poor choice of books to check out.
4005	7/11/2012	Very! Always hopping when we are there, usually after 4:30pm weekdays or as early as they open on the weekends.
4006	7/11/2012	It is very busy!
4007	7/11/2012	it's always packed when I go inside
4008	7/11/2012	Very well- always full
4009	7/11/2012	Alwyas busy when I am there
4010	7/11/2012	There are always plenty of people when I go.
4011	7/11/2012	always seem fairly busy
4012	7/11/2012	The Hollywood and Gregory Heights library always have good materials not overly used or worn out
4013	7/11/2012	All that we use are well used.
4014	7/11/2012	Often busy
4015	7/11/2012	Very well used!!
4016	7/11/2012	Central is always well used!
4017	7/11/2012	The library is a mainstop in our community. The staff is super! Not having them is a thought that is hard to bear. I wish I could do more for the library.
4018	7/11/2012	I can't imagine a high quality of life for my world w/o a strong library nearby. I use it constantly. Access is nearby, totally efficient, and unbelievably rich in its range of resources. It is a critical hub in my NW community.
4019	7/11/2012	It's always busy when I go...
4020	7/11/2012	Very well used.
4021	7/11/2012	Very well-used. It is always busy.
4022	7/11/2012	Very well, you can see people checking out books, looking at books, and using the programs on the computer.
4023	7/11/2012	Very busy on Sundays afternoons can't get on sometimes.
4024	7/11/2012	Very well used
4025	7/11/2012	search books online, reserve books
4026	7/11/2012	always busy
4027	7/11/2012	seems popular with the homeless for public services
4028	7/11/2012	Fairly busy in the summer for families w kids, active year rond w activities
4029	7/11/2012	It seems busy every time I am there. Usually there is one chair available for me to sit at during my visit. Which is nice. It is busy, but not packed. I guess it is for the person behind me. :)

4030	7/11/2012	It appears to be very well used. The pc's are all being used when I go to the library & the workers all appear to be busy. I think they're doing a great job.
4031	7/11/2012	It could be better.
4032	7/11/2012	It is very used!
4033	7/11/2012	very
4034	7/11/2012	Both libraries I frequent are well used.
4035	7/11/2012	I think it is very well used. It always seems busy when I visit and I've heard good things about the childrens programming from friends with younger kids.
4036	7/11/2012	its all good....
4037	7/11/2012	Well used
4038	7/11/2012	very well used.
4039	7/11/2012	It always seems very busy, with a steady flow of people.
4040	7/11/2012	Very. I fell in love with the central library when I moved here 10 years ago.
4041	7/11/2012	Always busy, with all ages. A vital part of the community.
4042	7/11/2012	Always packed! Building is MUCH too small, and computer resources are in high demand because many area residents do not have computer or internet access at home.
4043	7/11/2012	Its usually bustling with people at almost all computer terminals, and kids hanging out in the children section either using the kid-friendly computers or reading/being read to by an adult. The reserved section appears to be increasing in size, taking up more shelving than I remember in the past.
4044	7/11/2012	very well used
4045	7/11/2012	it is a nice library the workers are very helpful. my mother and sister use it for movies and talking books
4046	7/11/2012	Very well, clean and orderly .
4047	7/11/2012	I used the library much more when my children were young, it seems to be quite active at that time. However, I don't get there very often anymore. It used to be open later and was easier for me to get to. The last few times I have been there, it has seemed pretty empty. However, I believe goes more along the lines of convenience.
4048	7/11/2012	Most people just waste time playing video games on the computers
4049	7/11/2012	It seems to be always busy. Lots of people sitting and reading. Many using the computers.
4050	7/11/2012	North Portland library is always busy in a good way. I always walk to it. They are super helpful with all my library needs.

4051	7/11/2012	Every time I visit the Central Library there are people in every room reading, studying, making copies, using computers, speaking with library workers, browsing shelves of books, audio CD's, movies, and resource materials. The Central Library not only needs all the funding it can get to maintain current levels of excellence, but could use additional funds to expand on its current materials and services. The library system in general is a resource that gets taken for granted by most, but I hold it dearly in my heart. It is something wonderful and beneficial to all. We can't afford to allow ourselves to think that libraries are an area to go cheap to save money.
4052	7/11/2012	central branch is very well used
4053	7/11/2012	Gregory Heights branch seems busy each time I visit. Staff is usually engaged with patrons in service orientated tasks. Staff very attentive to patrons' needs.
4054	7/11/2012	Very.
4055	7/11/2012	Always busy. But staff available and helpful when needed for suggestions and using checkout system
4056	7/11/2012	Very well used - by all ages from young families to senior citizens
4057	7/11/2012	very well
4058	7/11/2012	Always full of people
4059	7/11/2012	Very well-used. Every time I go there it seems to be a hive of activity.
4060	7/11/2012	Both libraries are well used and extremely needed.
4061	7/11/2012	Always busy! Lots of people in the stacks, on computers, sitting at tables reading or working!
4062	7/11/2012	very well used
4063	7/11/2012	very well used
4064	7/11/2012	very.
4065	7/11/2012	It's almost always busy if the parking lot is any indication. Thanks for putting a 15 minute parking sign up for non-electric vehicles on the not very often used electrical charging stations
4066	7/11/2012	It is over used. The belmont Library is way to small and severely crowded with homeless people trying to sleep. Please make a bigger library in inner SE and kick out drooling homeless people.
4067	7/11/2012	Very well used. I've never been there but what all the computers are full, and people are scattered all through the stacks.
4068	7/11/2012	I don't really know but it seems busy when I visit.
4069	7/11/2012	always busy, appears to run efficiently
4070	7/11/2012	Extremely! There are always people there, sometimes lined up outside waiting for it to open
4071	7/11/2012	very
4072	7/11/2012	Very well used, always busy, lots of events and activities.
4073	7/11/2012	It's a very busy place. An important resource for the downtown community.
4074	7/11/2012	Midland Branch is busy most of the time
4075	7/11/2012	It's very well used, I see people in it all the time.
4076	7/11/2012	The computers at the Gresham branch are always in use and most of the time there are people waiting for a computer to use.

4077	7/11/2012	Very well. Always full with people.
4078	7/11/2012	It appears to be very well used.
4079	7/11/2012	Very well used! The library is always busy.
4080	7/11/2012	It's used all the time it's always very busy @ both of them. We love going to the library and my daughter loves going on the computers for games and stories.
4081	7/11/2012	very well used. it is usually crowded in libraries that I use.
4082	7/11/2012	Very well used. It's always bustling (in a quiet, library sort of bustle)
4083	7/11/2012	It is always well used when I visit.
4084	7/11/2012	Very
4085	7/11/2012	Wonderful
4086	7/11/2012	I think that the library is great, except I dont go there that often because of the fees. I don't think that that is fair to have to keep the fee after you have returned the book
4087	7/11/2012	Always busy!
4088	7/11/2012	seems constantly busy
4089	7/11/2012	Very well!
4090	7/11/2012	Alot I am constantly amazed at the abundance and variety of clients of our local
4091	7/11/2012	branch. It demonstrates a community in constant pursuit of information, education, and recreation. I know of no other substitute for this endeavor that is open to all comers, few questions asked, for free!
4092	7/11/2012	Very well used, theCentral branch the only site I know in Portland where groups of folks wait in silent and mannerly crowds awaiting its opening :) I not only appreciate its selections, but also note others, as well as I, using its accomodating facilities (such as cooler temps in summertime, warmer temps in wintertime plus bathroom facilities and, for me, occaional access to the computer when my own PC stalls) plus attractive gift shop.
4093	7/11/2012	It seems to be very well used, by a wide variety of people. There always seem to be families with young children there, as well as adolescents, adults, and older adults.
4094	7/11/2012	i think it is used often by the surrounding community.
4095	7/11/2012	It is constantly busy. I have no problem believing that our libraries have some of the highest use of any in the country (per capita).
4096	7/11/2012	It looks like there is always a lot of people there when I visit. the parking lot is full every day that the library is open. There are people waiting
4097	7/11/2012	at the door for it to open. The computers are well used with a waiting line. It's some times hard to find a seat at a table. The Midland branch is well used.
4098	7/11/2012	Always seems busy
4099	7/11/2012	EXTREMELY busy all the time!
4100	7/11/2012	I think it's pretty well used. It is always busy when we are there.

4101	7/11/2012	Don't know
4102	7/11/2012	It seems very well used to me. Always people there at opening time.
4103	7/11/2012	The library seems busy, and is maintained well.
4104	7/11/2012	Good enough
4105	7/11/2012	Very well used and always many folks in the library and many book pickup shelves as well
4106	7/11/2012	The St. Johns Library is always full of people. It is close to the community center, grade school and community center. We love the library. We recently attended a puppet show that was packed with kids.
4107	7/11/2012	It is always jumping! After growing up in Houston, where the only folks who used the libraries were school kids, as an excuse to go "study" away from home with their friends; or in Spokane, where the libraries weren't open on weekends and always closed early, and the majority of the patrons were the homeless trying to escape the climate, moving here to Portland was library heaven.
4108	7/11/2012	There's always a line when it opens and there's always people in various parts of the library.
4109	7/11/2012	very well used
4110	7/11/2012	I think the library is used very well. Whenever I go into the Albina Library it is bustling with a wide spectrum of community members of many races and ages learning, using computers, reading and searching for books. For me personally, the library is an incredible resource for expanded knowledge with a wide array of reference books, general knowledge, novels, movies and CDs. I love using this resource as often as possible.
4111	7/11/2012	Always seems busy and mostly pleasant to visit.
4112	7/11/2012	I think it is very well used
4113	7/11/2012	It looks very busy to me during the day.
4114	7/11/2012	always busy
4115	7/11/2012	Very-great programs, resources & always busy.
4116	7/11/2012	It always seems busy when i'm there
4117	7/11/2012	I fear it is now being used more for computer needs than written.
4118	7/11/2012	I do not know.
4119	7/11/2012	Steady stream of people in and out over a 2-3 hour period.
4120	7/11/2012	VERY!
4121	7/11/2012	Midland is busy all the time!
4122	7/11/2012	Unknown
4123	7/11/2012	usually busy
4124	7/11/2012	The Midland Library is a busy facility. It seems to be utilized by many. We value the services offered by our library and take full advantage of it frequently.

4125	7/11/2012	Well used!
4126	7/11/2012	hardly used
4127	7/11/2012	very much since the economy went bad in 2008
4128	7/11/2012	Very well used! :)
4129	7/11/2012	very well used.
4130	7/11/2012	It is ok
4131	7/11/2012	Very well used
4132	7/11/2012	Well--it's always busy.
4133	7/11/2012	Both of our neighborhood libraries are very busy, very community oriented. Sometimes parking is more than a block away because they are so busy.
4134	7/11/2012	It appears busy whenever I go, and parking is difficult which also means people are there (that I might not immediately see).
4135	7/11/2012	I feel like it is always busy but not overwhelmed
4136	7/11/2012	Very well used. It is always busy!
4137	7/11/2012	Always seems busy to me! I am normally impressed with the variety of activities and types of groups that meet at the library.
4138	7/11/2012	very well used
4139	7/11/2012	Very!
4140	7/11/2012	It seems quite well used. It is always busy and parking can be challenging because of the amount of people there.
4141	7/11/2012	very well
4142	7/11/2012	very. it's always full.
4143	7/11/2012	very well.
4144	7/11/2012	Very and we feel very fortunate to have this resource and the excellent main library in our community.
4145	7/11/2012	I have never seen any of our libraries empty. Always very busy no matter what time of day.
4146	7/11/2012	It seems well used.
4147	7/11/2012	Belmont is always packed!
4148	7/11/2012	I always see so many people at the library, I'd say it is very well used.
4149	7/11/2012	The Hollywood library is very popular in our community.
4150	7/11/2012	Hollywood Library seems to be a gathering place for a potpourri of people. I appreciate how hard they work to appeal to the diversity of neighbors who live in the the neighborhoods of: Alameda, Beaumont, Sullivan's Gulch and Hollywood.
4151	7/11/2012	very well used
4152	7/11/2012	is always busy when I am there
4153	7/11/2012	Very well used.
4154	7/11/2012	well used

4155	7/11/2012	It seems very very busy when we are there. I think having it open 6 days a week is totally fine. We work our schedule around when it is open so that we can visit it often. It's a great resource, but personally, I think it goes overboard in terms of hours offered. I'd rather stay with the .89 levy and have to deal with the minimal inconvenience of it being open less frequently.
4156	7/11/2012	Looks busy all the time
4157	7/11/2012	wow! always busy. St Johns loves their library.
4158	7/11/2012	Very well used.
4159	7/11/2012	It's always crowded and filled with adults and kids. It's a delight!
4160	7/11/2012	It is always very busy.
4161	7/11/2012	Very well. It seems that the majority of usage revolves around computer usage. However, the book depository is being used very frequently. Therefore, books and other media must be checked out frequently.
4162	7/11/2012	Very
4163	7/11/2012	it always seems to be busy
4164	7/11/2012	As far as I can tell, it's well-used. There are always several people in there when I visit.
4165	7/11/2012	there are always people there, always a line for the computers.
4166	7/11/2012	I would say very well used.
4167	7/11/2012	There is usually a good amount of people there.
4168	7/11/2012	There seems to be a lot of online reserving and hold pick-ups.
4169	7/11/2012	I don't know how well used it is , but every time I go in there it is pretty well full.
4170	7/11/2012	Extremely. It's never so busy that it's unpleasant to be there but there are always people in all parts of the library.
4171	7/11/2012	It's usually pretty busy
4172	7/11/2012	The Sellwood location is the one I go to most frequently and it's always busy when I stop in.
4173	7/11/2012	well used
4174	7/11/2012	very well used
4175	7/11/2012	It always seems busy to me! Also, it's right across the street from James John Elementary, which is great.
4176	7/11/2012	Central library is fantastic. Personnel is always helpful and courteous.
4177	7/11/2012	Very well.
4178	7/11/2012	It seems busy all the time! I go to the North Portland branch most frequently.
4179	7/11/2012	extremely well used!
4180	7/11/2012	It's always busy!
4181	7/11/2012	Pretty well used, always seems busy
4182	7/11/2012	It always seems to be busy when I am there.

4183	7/11/2012	There are always people at the Kenton library. I enjoy taking advantage of the hours it is open. I work 8 to 5 Monday through Friday and love that I can go to the library later on Tuesdays and Wednesdays (open until 8) and on the weekends. There are frequently events and workshops going on in their conference room, and it seems like many people utilize the computer/internet and printing resources.
4184	7/11/2012	I do not go to the Woodstock library, though my home is near the Reed college area. My brother goes there often as he has a mild form of autism and it helps him in his daily life immensely. I go to the downtown library to read older media that is archived and on occasion to look for recorded books.
4185	7/11/2012	I don't understand the question.
4186	7/11/2012	very
4187	7/11/2012	It seems pretty busy in there whenever I'm in. All the computers are in use, and most aisles have a number of people milling about. Lots of kids as well.
4188	7/11/2012	It is busy but I usually get helped quickly. Lines are never a problem, at least when I'm there. Thanks for asking.
4189	7/11/2012	I always see lots of people going in and out.
4190	7/11/2012	There are always people there! Kids, young adults, adults and senior citizens. Hillsdale is a great community and it's library is definitely at the center of this community. It would be a great loss if it was unavailable for daily use.
4191	7/11/2012	The Central Library always appears a buzz when we attend.
4192	7/11/2012	Seems always pleasantly busy - not crowded but full of people
4193	7/11/2012	Extensively from all appearances.
4194	7/11/2012	I always see both the branches I go to with lots of people inside. The computers are in use, I often ask for help with the help staff to locate a book, or research material, or help to understand the new digital e-books reading system. I love the library, and will always use it. I like the printed page far better than digital, sadly, I think the wave of the future will eventually eliminate paper books....
4195	7/11/2012	Great.! I love it.
4196	7/11/2012	It is very well used, not crowded to the point of being uncomfortable but always in use.
4197	7/11/2012	Very well used.
4198	7/11/2012	Very
4199	7/11/2012	We visit the library approx 2 times a month. There is usually about 20 people in there at all times.
4200	7/11/2012	It seems to me that there are always people there when I arrive, but it is probably not as busy as other locations. We appreciate that there is a branch near us.
4201	7/11/2012	it seems to be always fairly busy!
4202	7/11/2012	Very!
4203	7/11/2012	VERY!
4204	7/11/2012	My local branch is constantly active. I visit on a regular basis and always encounter a broad mix of community members engaged in both traditional print and electronic media. My interactions at this branch are always very positive.

4205	7/11/2012	From my perspective, the NoPo library is always busy when I'm there, but I've had little opportunity to see the programs described above in action. As a teacher, I rely on the library for secondary source material for my classes, and I use it for my own research and professional development.
4206	7/11/2012	It is a beautifully used library; every time I go into the Hollywood library, everyone is peaceful, happy, and extremely functional.
4207	7/11/2012	When I have gone to the library, there are a few people there. The majority of the people are on the internet doing who knows what.
4208	7/11/2012	extremely helpful - staff gives usually immediate response - re printing - ordering books - PC - reference material - check out - payment of fines - copying services - restroom facilities - returns - etcetera - children love to come here - very active summer - a service to all ages - all languages
4209	7/11/2012	Very!
4210	7/11/2012	Extremely well used....Our primary, 99% of our visits, branch is Hollywood.
4211	7/11/2012	very well
4212	7/11/2012	it appears to be quite active
4213	7/11/2012	Very well.
4214	7/11/2012	Seems pretty well-used
4215	7/11/2012	I find that it is always being utilized and I believe that there is a large and ongoing demand and need for the continued availability of the library system.
4216	7/11/2012	Always busy and have to wait in line.
4217	7/11/2012	The Library is always full of people of all ages. It is a wonderful feeling to be inside a library. I know that minds and hearts are being filled with words and imaginations are turned on. Information about life in the form of academics is better understood.[] Everyone who utilizes the offerings at the library benefits. rz
4218	7/11/2012	Extremely well used.
4219	7/11/2012	Very well used. Always busy.
4220	7/11/2012	The Hillsdale Library always looks busy. My daughter volunteered there 4 summers with the reading program. To be honest though, I usually use the Lake Oswego library since we own a business in LO and the hold wait is usually pretty short.
4221	7/11/2012	It seems to be busy every time I've been there
4222	7/11/2012	Very. I live near the Central Library and it's always packed.
4223	7/11/2012	Hollywood Branch is always very busy whenever I go there.
4224	7/11/2012	I think well used?
4225	7/11/2012	Very good. There's always a good amount of people there.
4226	7/11/2012	The library is always busy when I come in to drop off/pick up my reserved books.
4227	7/11/2012	I would say that the central Library is used quite frequently.
4228	7/11/2012	I was just there yesterday, and the place was packed. People of all ages, in every section of the library. I love going there.

4229	7/11/2012	Although the Albina Library is very small, we always see many people using, it seems, every inch of the small space. It is heartening to see people from all walks of life together seeking to read and learn. We are impressed by helpful staff and patient patrons. The hold system brings books to our neighborhood in an efficient and well utilized manner. Thank you for having such a dynamic library program.
4230	7/11/2012	Very well. At times it is hard to find a spot to park.
4231	7/11/2012	Very well.
4232	7/11/2012	It is always busy and well used.
4233	7/11/2012	I think it is quite well used, but i don't spend a lot of time there. There are always people there on the computers and childrer reading. I think it's such a community necessity!
4234	7/11/2012	very well used
4235	7/11/2012	Extremely. My boyfriend and I are on a personal status with a few of the libraians as are other members in the community, and many faces are recognizable when walking in not just with library staff and ourselves, but other faces in the community as well. It is a well used and well loved watering hole.
4236	7/11/2012	It is busy when I am there, I try to go on Sunday because that is when parking is available
4237	7/11/2012	it seems to be busy all the time when I go, especially on the weekends
4238	7/11/2012	Extremely! Both Central Library and my neighborhood library are always buzzing with activity when I stop by either one.
4239	7/11/2012	It ALWAYS seems very busy. The computers are always full and there are usually a lot of kiddos/families in the children's area. There is no day of the week when it is not crowded.
4240	7/11/2012	Gresham library is always busy and provides a great service to all ages.
4241	7/11/2012	I use the Central Library and I believe it is very well used. Some of my friends and I are really bumed about the Monday closeur, but understand about budget cuts. The library is such a wonderful resource for so many. I have always utilized every library in whatever town I may be living. I've been told that they've never seen someone so excited about getting their library card more than once. PLEASE KEEP THE LIBRARIES OPEN IN AMERICA!
4242	7/11/2012	well
4243	7/11/2012	Very
4244	7/11/2012	Very well used small library, especially large numbers of kids and teens.
4245	7/11/2012	very well
4246	7/11/2012	I do not know.
4247	7/11/2012	The Library is usually well occupied when I am there.
4248	7/11/2012	Very busy at Troutdale. Maybe a little small for all the activities going on.
4249	7/11/2012	very well
4250	7/11/2012	It seems to be extremely well used.
4251	7/11/2012	Heavily used.
4252	7/11/2012	A lot?

4253	7/11/2012	Very well, always busy.
4254	7/11/2012	Very useful as books provides a lot of informations (Learning is a continuing process)...
4255	7/11/2012	It's pretty used. It's small and we are a growing community. It would be nice to have a little more space to sit and read or study.
4256	7/11/2012	There are always people in the Belmont branch! Once I went right before it opened and there was a line. That warmed my heart. The library is essential!
4257	7/11/2012	It always seems to be full of people and yesterday when I went there was an event for kids going on which was nice to see.
4258	7/11/2012	It was very full of people yesterday, all ages! I am not sure if you are asking if I believe the library is using the space and time well or is I observe many individuals taking advantage of the library.[]
4259	7/11/2012	[] The library is always quite busy when I am there. Many people seem to be using the electronics available as well as checking out books etc.
4260	7/11/2012	Seems to always be busy with people.
4261	7/11/2012	Very well used. When I'm there it is almost always full. Most of the computers are in use, families, lots of people.
4262	7/11/2012	There are a always a number of people in the NW branch so I would say it is well used.
4263	7/11/2012	Monday the library was closed and on Tuesday morning there was a large crowd of people waiting for the doors to open. We believe the Central library should be open all seven days. Several patrons have expressed their unhappiness with the closing of the Central branch on Monday.
4264	7/11/2012	good condition
4265	7/11/2012	Always busy
4266	7/11/2012	I use the central library, which always has people inside. I've often been there at closing when people are still trying to get in.
4267	7/11/2012	Extremely.
4268	7/11/2012	I don't understand the question.[] It's always busy. I think there are too many staff.
4269	7/11/2012	Central is always crazy busy.
4270	7/11/2012	I don't go that often, but there are always people there when I do. It seems like a busy branch.
4271	7/11/2012	my primary library is Woodstock. Whenever I go there to pick up materials for which I placed a "hold" the library is full of people. So I would say the library is well used
4272	7/11/2012	If you mean by people..a steady crowd[] If you mean the building it's pretty new
4273	7/11/2012	Heavily
4274	7/11/2012	The main location I frequent is always pretty busy.

4275	7/11/2012	I think it is very well used. I always get what I want when I want it. I'm very satisfied with the way things are.
4276	7/11/2012	It's busy every time I'm there.
4277	7/11/2012	I use the library for a variety of books and media and see it well used by others as well.
4278	7/11/2012	Very much.
4279	7/11/2012	Our library always seems busy. The children's story times we attend are usually at capacity, all the computers are regularly in use, and there seem to be many shelves of reserved materials awaiting pickup.
4280	7/11/2012	Extremely well used. Overcrowded (Albina branch) most of the time when I am there.
4281	7/11/2012	Very well.
4282	7/11/2012	I don't know.
4283	7/11/2012	fairly well
4284	7/11/2012	Very - both libraries we use always seem to be very busy.
4285	7/11/2012	Every time I go in to pick something up there are at least 25 people (my guess) in the library with kids, seniors, all different ages using resources and asking for help from librarians. I go to the library once or twice a week to browse for books or other media and put things on hold through the internet. The staff there is extremely nice at Kenton Library and have always been helpful with any questions I have.
4286	7/11/2012	The main library and branches with which I am familiar are always very busy with a diverse population of all ages. I see it as a necessary community resource..
4287	7/11/2012	Both of them are always fairly busy
4288	7/11/2012	Extremely well-used
4289	7/11/2012	My local library is well used. There is a line at the door when it opens and patrons are then when it closes. The staff are friendly and the library is well kept. I'm sure there are things that need to be repaired and replaced, but I only use the first floor of my library (central) so I only really know about that.
4290	7/11/2012	Very well used! Always bustling.
4291	7/11/2012	The Library is always busy, it seems to me. Children are being read to, people are working at computers, people like me are picking up books or CDs or movies they've ordered online, etc., etc. When elections are coming up, the ballot boxes are quickly filled up. I check in with the reference librarians fairly often to find out how to search for something I want to know. The librarians are always helpful and gracious.
4292	7/11/2012	I feel that it is well used and offers a great resource. The web features are really great and make its use much easier.
4293	7/11/2012	Very well. Closest to me is Sellwood and it always is full of people.
4294	7/11/2012	Out of the three libraries I use, the downtown central library is the one I visit most often. I think it is a tremendous resource for many people and that it is used extensively.
4295	7/11/2012	Our library (both) always seems to be busy and if I happen to pass by early in the day before it is open there is always a line waiting for patrons to get in.

4296	7/11/2012	It always seems very busy when I stop by. The other day I showed up just before the library opened and there was a huge crowd waiting to get in.
4297	7/11/2012	not sure
4298	7/11/2012	Very. Busy staff, few seats available, computer use high, childrens area full when advertised, shelving for books on hold full with need to expand storage. Building clean and maintained including restrooms.[]
4299	7/11/2012	[] Staff alert to patrons and willing to help.
4300	7/11/2012	very well used. My entire family uses it for various reasons. It is a great community anchor too. There are so many resources we use there. It is also very good place for inspiration for new books to read and things to learn about.
4301	7/11/2012	It seems very busy whenever I go in.
4302	7/11/2012	don't understand the question
4303	7/11/2012	My neighborhood branch is always really busy when I go there which says to me it is well used. Even when I drive by but don't stop in, there are always quite a few people in the library.
4304	7/11/2012	It seems to be very popular- there are always dozens of people there at any given time and there are always lines for the internet.
4305	7/11/2012	Normal
4306	7/11/2012	I think it's very well used.
4307	7/11/2012	well used. both locations I visit seem to be busy when I am there.
4308	7/11/2012	Seems to be well used. Always active.
4309	7/11/2012	It always is in use. It seldom has lines for check out, now that there are self-serve options.
4310	7/11/2012	Very well. However, I usually use the library's elibrary feature instead of going to the physical location.
4311	7/11/2012	Very.
4312	7/11/2012	Belmont location seems always very busy to me, as well as Central.
4313	7/11/2012	seems to always be busy with lines waiting for opening daily
4314	7/11/2012	a lot
4315	7/11/2012	The computers are always in use whenever I'm there. I see many teens and young children at the library, as well as older people who are likely job-searching. The summer reading program seems to draw many younger people in.
4316	7/11/2012	Seems pretty busy to me.
4317	7/11/2012	It is well used.
4318	7/11/2012	Whenever I go in, it seems quite populated. I'm usually only there to pick up/return books but there's always many people in there using the facilities.
4319	7/11/2012	It seems to be always busy whenever I'm there in the evenings.[] It is only more recently that I have limited time amd go so infrequently
4320	7/11/2012	The North Portland library is very well used, it is always full of people when I go there.

4321	7/11/2012	very extremely always busy
4322	7/11/2012	Very well used. It is a delight to see toddlers using the computers. I recently saw a child of about 3 pull up a chair and use her own card to check out books (with mom's supervision) using the computerized checkout. It was a delight. I loved seeing the baby's "onesy" that had the summer reading logo on it displayed as I came in the door.
4323	7/11/2012	I see many people using our local library.
4324	7/11/2012	On a scale of 1-10, 10 being the busiest, our local libraries would be 7
4325	7/11/2012	We have an extremely well used and well run library. I am amazed to see the traffic in and out of Midland Branch.
4326	7/11/2012	Very well used
4327	7/11/2012	Well used
4328	7/11/2012	Albina is always full of people and Hollywood I'd characterize as always busy too. Because it is so much larger, it doesn't seem quite so crowded.
4329	7/11/2012	Very well used. Many times it looks like a daycare center.
4330	7/11/2012	Very well used
4331	7/11/2012	It's always seems to be busy & there's always someone available to help.
4332	7/11/2012	I think it's been a valuable addition to the neighborhood. Every time I visit there are a good number of others there. I love being able to walk to the library.
4333	7/11/2012	Do you mean by us or by all. We love reading and prefer to do it with a book in hand. We like to peruse the shelves to look for books that might be interesting. We also get ideas from news papers, magazines, book stores of what we would like to read. We also check out CDs & DVD's. We buy from your bookstore and your annual sale. Whenever we are in the library, there is always a crowd of people there, using computers, reading, searching for books. We are senior citizens on a fixed income, so that it is beginning to be difficult to support all the taxes. Currently because of taxes, medications, health insurance, food there is little left over for entertainment, which is why we use the library as we do.
4334	7/11/2012	Seems to be very well used.
4335	7/11/2012	always lively on my weekly visits
4336	7/11/2012	very well used, there are always people there and always programs going on.
4337	7/11/2012	It always seems to be busy, and we mostly come on a Sunday.
4338	7/11/2012	Quite busy
4339	7/11/2012	It seems pretty well used, but not overly used.
4340	7/11/2012	(I go to Gresham and Central on occasion). I go almost weekly. I use it for finding or picking up reading material, school material, computers, or getting books through the ILL.
4341	7/11/2012	Very. It is always busy (not crowded though). It is small but there is still a decent selection of newer, current books for adults and children.
4342	7/11/2012	In general, it is always busy.

4343	7/11/2012	always seems to have quite a few people there when I visit to check out books, so probably pretty well used. Unknown how well used for programs.
4344	7/11/2012	very well used. Very busy all the time.
4345	7/11/2012	I think it is well used. The computers are always busy. Not everyone has a computer
4346	7/11/2012	It's a great source of entertainment for my toddler and myself!! We are avid readers in our household (reading at least 15-20 minutes before naptime & bedtime) and the library provides us an amazing variety. I believe that my son's advanced speaking skills are, in part, due to his wide exposure to literature.
4347	7/11/2012	Quite full
4348	7/11/2012	There seems to be a steady flow of people. Its by a high school so a lot of the kids use it.
4349	7/11/2012	Always seems busy. Computers are always in use when I visit. Often there are people waiting outside for the library to open.
4350	7/11/2012	It appears *very* well used - e.g. 7/10/2012 every PC was in use, and the library had an overall "crowded" feel to it (I wish I could give you a head count, but I didn't pay THAT much attention to everyone).
4351	7/11/2012	Busy most of the time - it's a wonderful library!
4352	7/11/2012	it's always crowded when I'm there.
4353	7/11/2012	Fairly well, events are regularly held there and many of my friends go there every to every other weekend.
4354	7/11/2012	Seems like a lot. Especially the computers and the study rooms. The latter are a valuable feature of the Hillsdale Library.
4355	7/11/2012	Pretty well, I wish the music CD's were better arranged (like Fred Meyer). I enjoy checking out music...Also DVD's
4356	7/11/2012	Gregory Heights is an active library, always buzzing. Makes me feel good to walk into such a small space and see how well it is used by everybody from toddlers to seniors, and ethnic groups as well (Hispanic and Vietnamese mostly, I think). There's always something scheduled for the meeting space, it seems, though I haven't yet had a chance to use it myself. The staff is always friendly and helpful. Overall, a wonderful experience.
4357	7/11/2012	It seems to be well use but not overly busy
4358	7/11/2012	It is always busy when we come.
4359	7/11/2012	whenever i attend the library, there are loads of people there! i find it that the library has a good balance, usually enough books in stock to keep my interest, but at times i have to wait for a book to become available.
4360	7/11/2012	Always seems quite full when I visit.
4361	7/11/2012	Always busy inside, and children's programs at capacity.
4362	7/11/2012	Very! Hard to find parking at either the Hollywood or North Portland branches and there is always a bustle of activity inside.

4363	7/11/2012	It appears to be very busy
4364	7/11/2012	Seems pretty busy every time I'm in there.
4365	7/11/2012	The Hollywood branch seems full to capacity at most times when I visit weekly. The computers are busy, children's reading programs are going on and folks are wandering up and down the stacks. I would most strongly support a stable funding base for this incredibly valuable resource for all ages, all walks of life.
4366	7/11/2012	good exelent job, lovely
4367	7/11/2012	Overused. It's not large enough.
4368	7/11/2012	Very well used - lots of foot traffic and hard to find parking nearby when it is open. Only a small wait for terminals, and always some space at tables. There always seem to be 20-50 users in the building.
4369	7/11/2012	Very well used!
4370	7/11/2012	It seems busy every time we're there (North Portland).
4371	7/11/2012	Well.
4372	7/11/2012	Very.
4373	7/11/2012	VERY! Always lots of people there and great service from the employees!
4374	7/11/2012	Very Busy lots of computer use. Large amount of books on hold
4375	7/11/2012	Pretty well used. Do you mean "used well"? Or like "well worn"? Maybe clarify this question.
4376	7/11/2012	usually busy
4377	7/11/2012	Gresham library is always busy. Its so convenient and so close to me.
4378	7/11/2012	very busy all the time
4379	7/11/2012	Very well used. People are always waiting to get in at opening time. Computer stations are regularly in use. Kids are at tables and on the floor reading, or being read to.
4380	7/11/2012	very
4381	7/11/2012	It is typically very busy.
4382	7/11/2012	It is very well used and appreciated by patrons
4383	7/11/2012	It is always busy while I'm there, if that's what you mean. There are always people in each aisle of books, and at all the computers. It's nice having multiple self-checkout stations AND a librarian, so there's almost never a line to check out at Northwest. I do often have to wait in line at Woodstock, but that's because I go there with the kids I nanny and I don't have their card's pin number.
4384	7/11/2012	When I've showed up right before the library was due to open, there is usually a crowd of people (often no fewer than 20-25) waiting to get in. The computers are always occupied, the library is always full of people (no matter the day or hour), and there is substantial shelf space dedicated for patron holds.
4385	7/11/2012	Generally every time we go to the library there are quite a few people inside using the facility as well as checking in and out books. Side rooms usually in use, people at the tables using the computers. Even on Sunday visits there are groups of people within the library.
4386	7/11/2012	Always looks busy.
4387	7/11/2012	The Gresham Library is very well used and always busy when I am in there.

4388	7/11/2012	It seems very well used since there is always a very long wait list for new books.
4389	7/11/2012	I am not there enough to know. I love the mult county library system for its online resources.
4390	7/11/2012	Seems pretty busy when I go in.
4391	7/11/2012	the storytime for kids is sometimes too full and people turned away.
4392	7/11/2012	I feel very well
4393	7/11/2012	It is always busy.
4394	7/11/2012	Very well used.
4395	7/11/2012	Always full to capacity, with excellent employees making the experience.
4396	7/11/2012	Very well
4397	7/11/2012	I usually go at lunchtime to pick up materials I requested online and there are always quite a few people there. All computers are in use almost every time.
4398	7/11/2012	It is always packed with people. I've never been there when there's not a full library of people.
4399	7/11/2012	It seems well used to me...especially the Central Library.
4400	7/11/2012	very
4401	7/11/2012	It seems busy to me.
4402	7/11/2012	The library always seems bustling with activity and people. Both locations that we attend are very well used and appreciated.
4403	7/11/2012	The place seems to be very popular, regardless of day of the week.
4404	7/11/2012	Heavily used as it provides a lot of access and options for people in our community that do not have access to computers & books in their homes.
4405	7/11/2012	Albina never seems to be empty, with a broad spectrum of ages. It ain't just for kids.
4406	7/11/2012	very
4407	7/11/2012	It appears to be well used. When I go in to check out books, it is always full of folks.
4408	7/11/2012	Always very busy with people using the resources.
4409	7/11/2012	Usually it's packed. I go down there to work occasionally and get out of my home office, and it's rare to find a seat available with a power plug.
4410	7/11/2012	I love it, it is the best public library that I have used in my life.
4411	7/11/2012	Fairly well used.
4412	7/11/2012	We visit the library most weekends with the children and check out books for them weekly.
4413	7/11/2012	highly used
4414	7/11/2012	Whenever I go in to pick-up books I reserved online, there are always people on the computers using the Internet. It looks like some people use the library as a "hang-out" rather than a resource for knowledge and literature.
4415	7/11/2012	Very well. It is always busy and very efficient. We're big fans!
4416	7/11/2012	Incredible usage!
4417	7/11/2012	Very busy
4418	7/11/2012	Very Used :)

4419	7/11/2012	Our local library is very heavily used and a focal point for the community.
4420	7/11/2012	Very! (Hollywood)
4421	7/11/2012	The Capital Hill library is very close to my apartment complex and it seems to be used extensively especially by school aged children, many of whom do not have computers at home. It is a busy well used branch. The staff are friendly and helpful and the facility is well maintained. Thank you.
4422	7/11/2012	Always has a large attendance fo young persons- all good
4423	7/11/2012	Good
4424	7/11/2012	Always well attended
4425	7/11/2012	the central library is farly busy i would say
4426	7/11/2012	I download an E- book abut once a week
4427	7/11/2012	Hollywood is always busy. I go pretty close to daily and voted for more money to go to Libraries, then you cut the days!! Very unhappy about that! The Woodstock Branch is very well used. Whenever I visit, which is at least once a week, there are always many people occupying the tables, using the computers, and browsing in the stacks. The library is a wonderful resource in our neighborhood. We would be much the poorer without it.
4428	7/11/2012	¶ Until my retirement three years I also occasionally used the Northwest Portland branch and found it equally useful and much frequented by people from that neighborhood.
4429	7/11/2012	Very well used
4430	7/11/2012	The library is very well used and is a social hub for the community.
4431	7/11/2012	Very well
4432	7/11/2012	It seems to be busy every time I am in there, so I assume it is well used.
4433	7/11/2012	Very. Lots of people of all ages there using it in different ways. The computers are usually full.
4434	7/11/2012	Don't know but there are always a lot of people there whenever I've been there. A lot of people especially myself check books out on line for my Nook. I am a senior.
4435	7/11/2012	Very, very, very well. I have lived many places and used libraries everywhere that I've lived. These are the busiest I've ever seen with many, varied activities taking place at any one given time. It's quite impressive!
4436	7/11/2012	It always looks busy.
4437	7/11/2012	It seems to be heavily used be people of all ages.
4438	7/11/2012	Kenton is extremely well used, lot's of people there all the hours and the staff is very helpful and experienced.
4439	7/11/2012	It always seems very busy. The selection of DVDs is always rotating and the holds shelf is always full.
4440	7/11/2012	Very well used.
4441	7/11/2012	It is always busy and seem well used.
4442	7/11/2012	It seems to be used very much everyday that I am there. Because I travel often for work, I visit on various days.

4443	7/11/2012	Very
4444	7/11/2012	very well used
4445	7/11/2012	Very. Both Central and Hollywood libraries are well populated during the times I visit, usually during the afternoons / early evenings.
4446	7/11/2012	The NW library is usually packed, so I would say well used.
4447	7/11/2012	seems very active
4448	7/11/2012	very well used. ?
4449	7/11/2012	Very well used. It is always busy. We love the library, especially story times and the online requests of books.
4450	7/11/2012	My local library is almost always busy. It looks well used to me.
4451	7/11/2012	It is often busy but courteous.
4452	7/11/2012	Sellwood is always busy. Central is super busy
4453	7/11/2012	I've never not seen a line at this branch, there are always people (and small children) about. It seems a well used resource.
4454	7/11/2012	very well used. always busy, many people on computers, children always coming and going with families.
4455	7/11/2012	Extremely busy, especially computers
4456	7/11/2012	Very well used. There are always people using all the computers any time I've been there, and every time I check out at least one of the other check out station is being used. I see people of all ages, including many parents with children who are checking out books for the children.
4457	7/11/2012	N portland is often full of people inside and out, albino is much quieter it is where I go to pick up books or ask questions b/c I know someone will have time for me, Hollywood seems well used as well and is a common place for folks to meet up. If you mean used as in worn, I would like to see both albino and north be upgraded in terms of shelving space, book condition, and general organization.[] [] .
4458	7/11/2012	The Central library is well used, I feel.
4459	7/11/2012	All seem quite busy when I attend.
4460	7/11/2012	Always VERY busy and on a major bus line
4461	7/11/2012	Always people there.
4462	7/11/2012	convenient. I ate at Whole Foods, then visited the Albina Library.[] I see lots of people, all ages when I am there.
4463	7/11/2012	Hollywood branch is always busy with families and adults working on computers. I find it to be very well used.
4464	7/11/2012	Our local library is well used.
4465	7/11/2012	very :)

4466	7/11/2012	I do not know, however I did not know they had all those resources like job seeking and small business.
4467	7/11/2012	Very well used. I would have to say that it is one of the bussiest, packed with people almost constantly. The employeees are great and work hard to help everyone, but it would be great to have a larger facility. As a parent at Alder Elementary, I see many of the kids and families using the library. This is great since Alder and the Rockwood area have such a high poverty rate. Having access to books and services through the Rockwood library is very helpful. Can't say enough about how great Multnomah County Library system is.
4468	7/11/2012	Over the summer and weekends it is very very packed with people.
4469	7/11/2012	Looks active when ever I stop by, and the parking lot has cars.
4470	7/11/2012	very well
4471	7/11/2012	Very well. It's always busy and I love seeing the kids reading sessions when I come in!
4472	7/11/2012	It seems to be always full of humans...
4473	7/11/2012	It is a very small branch, so it is usually pretty full up. Not overcrowded though.
4474	7/11/2012	central seems to be very well used
4475	7/11/2012	Always busy, always seems to be packed
4476	7/11/2012	This is the most well-used library that I have ever seen in my 71 years.
4477	7/11/2012	I think the majority of our community flourishes from the services available at our local library.
4478	7/11/2012	It has been busy when I have visited. On at least one occasion, there were people waiting at the entrance for the library to open on a weekend day.
4479	7/11/2012	It is always busy.
4480	7/11/2012	I think my local library is very well used. There are always people in the NW branch of the library when I visit. There are always computers in use, kids reading in the children's section and people paroozing the shelves,
4481	7/11/2012	It seems very well used. Every time I go in there are lots of people, both on the computers and in the book aisles.
4482	7/11/2012	very well used. i love the library, keep it up! we must keep reading!
4483	7/11/2012	I see lots of people there, so I assume it's well-used.
4484	7/11/2012	I enjoy the library very much; but my household's use is limited mostly to reserving items (DVDs, books and CDs) on line and then stoppinig by the actual library only to pick up and drop off items.
4485	7/11/2012	The Gresham library is very busy everyday.
4486	7/11/2012	Hmmm? Do not know.
4487	7/11/2012	always seems busy to me!
4488	7/11/2012	? nice library
4489	7/11/2012	Very well used, as far as I can tell.
4490	7/11/2012	very well used
4491	7/11/2012	There are always families, groups, or individuals using the resources

4492	7/11/2012	The Belmont library is always bustling with all sorts of people.
4493	7/11/2012	Very well used. Young families with small children Our family checks out thousands of items every year. We also frequently visit the children's section to look for books with our daughter and enjoy the library activities, as well as participate in the Summer Reading program.[] []
4494	7/11/2012	I've never been in the library (and we visit on average two to three times a week) without seeing at least dozens of people reading, using the computers, and looking for books and other materials.[] [] It's a shame that the hours have been reduced as it makes access more difficult.
4495	7/11/2012	VERY!
4496	7/11/2012	very well used by myself and others in the community ... too much cell phone activity though
4497	7/11/2012	Very
4498	7/11/2012	There are always lots of people at the Woodstock library.
4499	7/11/2012	Very well.
4500	7/11/2012	Very heavily
4501	7/11/2012	Very well used. There are times when the aisles are so full, you have to go around people
4502	7/11/2012	it seems like there are alot of people who use this library. I primarily use Central because I work downtown. Every time I am in there, it is crowded, with people at most computer stations, reading tables in use, etc. I sometimes have to wait for a computer for looking up book locations, but not usually. I never see that library quiet or with few people. []
4503	7/11/2012	I can't speak on the Gresham use because I am in there less frequently, and usually at the end of the day just to pick up or return books, so don't really know how well it is utilized. When I use the drop off box, there is very often a line of cars trying to get to it. It would be very useful to have a drive pass drop box instead of having to park and walk up to the front doors, especially when there is a line, because the cars do get in the way of traffic.
4504	7/11/2012	It's always busy.
4505	7/11/2012	The Woodstock library is great, and very well used!
4506	7/11/2012	Good amount.
4507	7/11/2012	There are always people there...they run a lot of community programs and have friendly librarians.
4508	7/11/2012	It seems to mainly be a place for people to access the internet
4509	7/11/2012	usually pretty busy
4510	7/11/2012	The place is always jumping!
4511	7/11/2012	It's always very, very full.
4512	7/11/2012	Well used, always crowded

4513	7/11/2012	Very! There are great resouces for kids, the computer terminals are often all in use, private rooms are used, I usually see a constant flow in and out while there. ☐ ☐ Love it!
4514	7/11/2012	Well-used. Seems busy whenever I go in. Lots of families with kids.
4515	7/11/2012	Both branches and Central always seem mobbed and being used productively and appropriately.
4516	7/11/2012	Very
4517	7/11/2012	very used always crowded when i am in there
4518	7/11/2012	the librarians at Kenton are doing a wonderful job. I've never been disappointed, they are very helpful and respectful.
4519	7/11/2012	very well used
4520	7/11/2012	Well used- always busy any day or time I go. I always see kids and adults at computers, looking at books, and talking with library staff. The St. Johns library is fantastic!
4521	7/11/2012	Central Library is a downtown hub and a safe place for teenagers, elderly, homeless etc. People who can't afford their own computer or ISP line up outside waiting for the doors to open. It is busy all days and all hours.
4522	7/11/2012	Every time I go to the library, there are a large number of people checking out books or using computers.
4523	7/11/2012	Very well used
4524	7/11/2012	very well used
4525	7/11/2012	I use it a lot. It always seems quite busy.
4526	7/11/2012	From my observations when I'm there, I believe it is VERY WELL USED. Thanks for you great services to our community.
4527	7/11/2012	overly well used - always crowded- always a waiting for computers, no place to sit and wait, so people always sitting and lying on the floor
4528	7/11/2012	Very well used, there are many people in the library any hour of the day that I go.
4529	7/11/2012	Seems crowded.
4530	7/11/2012	it's always packed
4531	7/11/2012	Seems well-used.
4532	7/11/2012	Central more so than Kenton, but both are popular.
4533	7/11/2012	good and organized
4534	7/11/2012	It's busy everytime I go in; it's a great location.
4535	7/11/2012	very! it's busy!
4536	7/11/2012	Very well used. always full and usually a 10-15 minute wait for a computere.
4537	7/11/2012	(I'm not sure what exactly is being asked)
4538	7/11/2012	Very well used.
4539	7/11/2012	Both the NW branch and the Central branch always seem busy when my wife and I visit.

4540	7/11/2012	Very! I live next door and the foot and vehicle traffic is constant. That is in no way a complaint. I love having it there.
4541	7/11/2012	Very well used. There are always visitors--of all ages and using all the resources. I love my library.
4542	7/11/2012	Midland is always busy. The parking lot is always full and the computers are always taken. I feel the hours of operation aren't long enough even before the hour decrease on July 1st.
4543	7/11/2012	Well used
4544	7/11/2012	Its always full of people, so a lot!
4545	7/11/2012	I'd say pretty well used....but I have just moved in recently and have only been there 3 times.
4546	7/11/2012	It's always full of people.
4547	7/11/2012	I have never visited a branch that was not busy.
4548	7/11/2012	Very well used!
4549	7/11/2012	It is always busy in the library. I feel like it is like a community gathering place much like the central water fountain/ town water source in times past.
4550	7/11/2012	not sure
4551	7/11/2012	It is a central aspect to our neighborhood community.
4552	7/11/2012	always busy
4553	7/11/2012	usually pretty busy, but overstaffed. Most folks use the self-check out, but it seems like there are the same number of employees. Now they just talk to each other while customers are trying to read or work on their computer.
4554	7/11/2012	The library seems quite busy at all hours of they day.
4555	7/11/2012	seems busy enough when i go there
4556	7/11/2012	Fairview, Midland, and Central are always well-populated when I visit.
4557	7/11/2012	i think kenton library is definitely well used and loved!
4558	7/11/2012	It's busy all the time,
4559	7/11/2012	Yes.
4560	7/11/2012	Very well used. Wen you do the summer reading, it encourages you to read and also its fun because you get rewarded with prizes after you complete each level. I appreciate having 3 libraries close by.
4561	7/11/2012	The Northwest Library is very accessible in a densely populated neighborhood. There are narrow aisles and sometimes it gets crowded. It's great fun to watch parents reading to their children. It would be nice to have an entire section devoted to that aspect, separate from the general goings on. ¶ In general, I would probably use it more frequently if it weren't so congested, and properly reconstructed to suit everyone.
4562	7/11/2012	Very well used.
4563	7/11/2012	Very. All three of the branches that I visit (two close to my house and one close to my office) are always busy.
4564	7/11/2012	There appears to always people be people at the library using the various services. Every chair is almost always full and a line asking the librarians questions.

4565	7/11/2012	Very.
4566	7/11/2012	Very! In fact, i am amazed at how much all the libraries are used in Multnomah County.
4567	7/11/2012	well used!
4568	7/11/2012	Library is a vital and thriving cornerstone of our community.
4569	7/11/2012	I love to use the library. I feel that it is part of me extension of my home library. Any question me , my children or friends might have, librarians are there for us. They are a hub of useful tailored problem solving team of people, whom I enjoy to recognize outside of library buildings as well.
4570	7/11/2012	very
4571	7/11/2012	They are all usually very busy.
4572	7/11/2012	Always activity at the branch
4573	7/11/2012	Fairly well used. There are always people there when I go in. It's right next to a high school so it gets a lot of student use.
4574	7/11/2012	Very well used.
4575	7/11/2012	So busy, All.The.Time!
4576	7/11/2012	It is very well used. There seem to be a lot of people there whenever I go there.
4577	7/11/2012	Very well used
4578	7/11/2012	very well used. there are always people there and a line for the computers.
4579	7/11/2012	both Hillsdale and Capital Hill computer stations are always full or mostly full whatever time of day I enter. Seem to be lots of children as well - and the 'quiet rooms' are always full.
4580	7/11/2012	Extremely. Might even be over-used.
4581	7/11/2012	Every time I'm there (2- 3 times a month) there are quite a number of people.
4582	7/11/2012	very
4583	7/11/2012	Always well attended when i pass by.
4584	7/11/2012	Usually full wh eb I go in, especially the computers
4585	7/11/2012	Pretty well.
4586	7/11/2012	Busy when I am there
4587	7/11/2012	Seems to be very well used
4588	7/11/2012	There always seems to be at least 2 dozen people in there every time we visit.
4589	7/11/2012	Very well used. Always seems to be at 75% attendance capacity.
4590	7/11/2012	well used, integral part of local community, afaik
4591	7/11/2012	It is always busy when I have stopped by to pick up books and DVDs. The computers are usually all in use.
4592	7/11/2012	We are told that the Hollywood branch is one of the heavily used. It is packed with families and the rest of us!
4593	7/11/2012	Classes are offered upstairs. Activities for the Grandkids. Lots of people use it because its close to the colleges.

4594	7/11/2012	Kenton Library opened about two years ago, and is increasingly being used by more people in the community. I go to the library weekly. It is always crowded which is a good thing, because it means that a lot of people know about this new neighborhood library! I occasionally use the computers to check e-mail or access the Internet/web. I've noticed a lot of people appear to use library's computers for job searches, which is wonderful because many jobs today require on-line applications. I also read magazines and newspapers when I visit the library. Due to the sour economy, I cancelled most of my magazine subscriptions in 2008, and just rely on the library for magazines.
4595	7/11/2012	very well used
4596	7/11/2012	It appears to be busy most of the time.
4597	7/11/2012	It always appears busy.
4598	7/11/2012	seems to be very well used by a wide range of ages and is diverse in the nature of those who visit
4599	7/11/2012	It's VERY busy whenever I am there.
4600	7/11/2012	it seems to always have alot of people there when we go and the kids programs are standing room only. we were so sad to see peter go.
4601	7/11/2012	It is ALWAYS full of People and has so many great community resources. It is very well used and a huge asset to Gresham.
4602	7/11/2012	Our library is always busy. The staff do an excellent job of service. It is well maintained. Process of placing books on hold from other branches is excellent and a service I use regularly.
4603	7/11/2012	Hillsdale always seems to have about as much traffic as the the space and resources will comfortably allow. I use Capitol Hill less frequently, and so don't have recent information or sufficient observations to make an informed comment.
4604	7/11/2012	The central library is always busy and extremely well used.
4605	7/11/2012	I go in monthly. I am not aware of any senior services.
4606	7/11/2012	I think it is very well used, always busy when we go in.
4607	7/11/2012	Pretty well used, I'd say.
4608	7/11/2012	It is well kept up
4609	7/11/2012	Very well as there are always people there at all hours and lines to get in before doors open.
4610	7/11/2012	very
4611	7/11/2012	very well used
4612	7/11/2012	My local library is the Central Library, and it is extremely well used.
4613	7/11/2012	Very well used from my observations.
4614	7/11/2012	The Kenton Library is truly loved and well used, an inviting place that brings the community, neighborhood together.
4615	7/11/2012	I love the library and use it often... I live near the Sellwood branch and it seems pretty busy during the daytimes when I stop in. It appears to be much quieter and not very busy in the evenings when I drive by or the few times I have stopped in at later hours.
4616	7/11/2012	Seems to always be busy.

4617	7/11/2012	Very!
4618	7/11/2012	Always seems busy
4619	7/11/2012	Very well. All the books seem to have waiting lists.
4620	7/11/2012	It seems very well used based on the times we visit. This question is poorly phrased, however: by whom? what's the context for me t evaluate others using the library?
4621	7/11/2012	When ever I am visiting the library branches I frequent there are always people - adults and children there.
4622	7/11/2012	I visit Woodstock once or twice weekly, and I have never been in the library that there weren't several people there. Often, there are no computers available for use, and there have been several times that I have had to wait for a check-out computer, due to the number of people actually checking out at the same time that I am. I have a 5 year old granddaughter that enjoys many of the children's programs offered and who also checks out books and o DVD's every couple of weeks.
4623	7/11/2012	It seems to always be busy.
4624	7/11/2012	All three have pretty heavy traffic when we are there.
4625	7/11/2012	It always seems to be busy whenever my husband or I are there. They seem to have a lot of programs going on so I would say it is well used.
4626	7/11/2012	Whenever I visit Belmont it is always reasonably to very busy.
4627	7/11/2012	Very. Whenever I go ,which is sometimes daily, there are alt of people there. I like to go when they have programs for the children. I like to get ideas about books my great granchildren would like to read, The children live in Upper Michigan. Going to a bookstore is an all day trip for me. Knowing what I want to buy helps alot.
4628	7/11/2012	Midland seems to be always busy.
4629	7/11/2012	very well
4630	7/11/2012	Very well I think.
4631	7/11/2012	Always crowded, very well used.
4632	7/11/2012	Always busy. People wait outside to get in before the opening time.
4633	7/11/2012	extremely busy
4634	7/11/2012	Very well used. Crowds often form outside the door before opening.
4635	7/11/2012	Very well used - always lots of people of all ages.
4636	7/11/2012	ALWAYS BUSY AND FULL, NICE TO SEE IT THAT WAY
4637	7/11/2012	Very well used. When I go, there are always lots of people there using the computers, reading, childern groups or being social.
4638	7/11/2012	

4639	7/11/2012	Highly used, to me it's one of the busier library. It's set-up User Friendly..The Staff are always kind & considerate,they show compassion to each of us & to our request.The Woodstock Library is special to our Community...Closing for one day,I know times are hard,but for those that are less (monetary-wise) & for those that love what this library offers the need for open 7 days is so essential....For our Kids,for the Elderly,heck for people like me...Woodstock Library ROCKS
4640	7/11/2012	well used
4641	7/11/2012	Very.
4642	7/11/2012	It's always packed with users. Although I have always found Central Library always well maintained, clean, and very helpful staff to help me find books, materials or helping with any issues I have.
4643	7/11/2012	Kenton library has been a wonderful addition to the Kenton community and the library system. It is very user friendly and appears to have patrons that span several demographics - all seem to really appreciate this local branch and its services and events.
4644	7/11/2012	Our local library is highly used. Constant stream of users at checkout counter, table space is frequently at capacity, computers are often at maximal use.
4645	7/11/2012	It always seems like there are always many people at the computers and terminals
4646	7/11/2012	Always busy!
4647	7/11/2012	Well used
4648	7/11/2012	I believe it is very well used.
4649	7/11/2012	I always find our branch filled with people of all ages, including a lot of children.
4650	7/11/2012	Both libraries I use are always busy and full of people. If you want to be able to use the computer one usually has to arrive before the library opens. Whenever I have arrived right before the library opens there is always a group of people waiting to get in. I have personally never seen either library not busy.
4651	7/11/2012	there are always plenty of people using the computers at the Albina branch, and the kids programs also seem well attended. Same at Hollywood. Central has plenty of use, but I have to say, the gauntlet of homeless youth and under-serviced mentally ill people that always loiter out front really mars what should be a great public resource.
4652	7/11/2012	well used
4653	7/11/2012	seems pretty busy whenever I go there
4654	7/11/2012	Gregory Heights appears especially well used in the summer time.
4655	7/11/2012	I find the library usually has a fair number of people when I am there.
4656	7/11/2012	The library is in great shape, having just been built. Everytime I go into the library it is "bustling" with people checking out books, children in the kids library reading and using computers, the computers are continually used by adults for checkout purposes as well as research, etc.[] Overall - I'd say it is VERY well used.
4657	7/11/2012	Seems in good repair.
4658	7/11/2012	My local library is always buzzing with activity/ it's very busy and a true community resource center.
4659	7/11/2012	Central Library is always very busy.

4660	7/11/2012	It is always crowded and busy.
4661	7/11/2012	Very well used
4662	7/11/2012	always busy when I go there, especially the computers
4663	7/11/2012	There are always people there when we come. It appears to get good use
4664	7/11/2012	very busy
4665	7/11/2012	Main branch is certainly a vital resource to thousands of Portlanders!
4666	7/11/2012	very well
4667	7/11/2012	Very well
4668	7/11/2012	Very well used
4669	7/11/2012	Extremely well used
4670	7/11/2012	very, there is ALWAYS people in there
4671	7/11/2012	It always seems like people are inside when I go and the computers are busy.
4672	7/11/2012	Very well used
4673	7/11/2012	We do not visit the local libraries often because they are not conveniently located. I've used the reserve system infrequently, although the mail system is the most convenient for our busy lives.
4674	7/11/2012	Very well used! Some days I can not find a place to park.
4675	7/11/2012	Very busy
4676	7/11/2012	Very well. Always seems quite busy!
4677	7/11/2012	It always seems busy when I stop by :)
4678	7/11/2012	Seems full when I am there in the afternoons.
4679	7/11/2012	Always seems to be active with a large use group
4680	7/11/2012	Everytime I go it's fairly full.
4681	7/11/2012	Whenever I visit the Belmont branch, it is always well-attended.
4682	7/11/2012	very well used
4683	7/11/2012	It's used often.
4684	7/11/2012	Always busy, usually crowded
4685	7/11/2012	I believe all 3 of the libraries we frequent are very well used by a strong, numerous cross-section of the communities they're within. There is never a time when I visit any of them that the computer stations aren't completely occupied and there are many patrons involved in some other activities there. (Reading, studying, attending a function, etc.)
4686	7/11/2012	Always busy, never a parking spot available.
4687	7/11/2012	There are always lots of people there. I LOVE our library. My children LOVE the library.
4688	7/11/2012	It appears to be busy during all hours of operation.
4689	7/11/2012	Very well used! It's always busy when I'm in there - it's a great resource for the local community in Rockwood
4690	7/11/2012	borrow novels and DVDs

4691	7/11/2012	The local library always seems busy when I'm there. People checking out books, using tables to read magazines and other resources, using the computers, and lots of children doing the group activities.
4692	7/11/2012	Woodstock Library, seems very busy every time I am there. Lots of young students and older people as well. A small library, but satisfactory for the neighborhood.
4693	7/11/2012	Very well used.
4694	7/11/2012	I have never seen the library when it is not packed with people. My library is very well used. It's a pleasure to be there with so many others doing their thing, too.
4695	7/11/2012	Capital Heights is my current local Library. If you mean how busy, then medium busy. If you mean how efficient are the patrons at using this library, I have no idea.
4696	7/11/2012	It's pretty busy most of the time
4697	7/11/2012	Seems pretty busy whenever I go there or walk by.
4698	7/11/2012	It's always busy
4699	7/11/2012	Very much used.
4700	7/11/2012	It is always busy when I am there. I don't usually have to wait to use the computerized card catalogue, but there are always people using them. Same with the check-out lines.[] When my grandson was small we visited frequently and attended programs for young and school age children. We loved it.
4701	7/11/2012	Wierd question. Surveys should ask questions requiring few words unless you want a box with for additional comments. I see all locations I visit well used. I love your library and especially the children's section with the brass tree.[] It is a symbol for democracy and dialogue, and it offers access to ideas,[] relationships and learning that no other venue can in such an open way.[]
4702	7/11/2012	Like public schools, libraries speak of access, participation and possibility for all.[] Please keep this beautiful part of Portland open and alive.[] [] Pauline Baker[] part-time resident of Portland and Tucson, AZ
4703	7/11/2012	very
4704	7/11/2012	Seems like a lot of people are there when we are and the parking lot is often busy
4705	7/11/2012	Belmont Library is well used but not worn out. Everytime I go (on weekends) I'm amazed how busy it is. And the lines of internet users do not look like property tax payers.
4706	7/11/2012	There are always a lot of people there when we go (on weekends)
4707	7/11/2012	It's always packed on almost every day.
4708	7/11/2012	I absolutely cherish my local library. It is an integral and important part of my life and my personal growth. I will do whatever I can to help save my local library!

4709	7/11/2012	Our library is very busy, serving Portland's young families, immigrants from Somalia and other Middle Eastern, young adults, and Seniors. I believe it is the sole internet provider for many immigrant families. I have almost never seen it empty even on weekday mornings. It is located next to a popular park, and Markham Elementary School, so it's a vital part of our community where everyone gathers.
4710	7/11/2012	Always busy when I am there/ Volunteer groups get a good turn out.
4711	7/11/2012	It's always bustling.
4712	7/11/2012	Very well used.
4713	7/11/2012	Woodstock Branch is a very important and vital part of our community. It always seems to be busy and is a favorite place to take our children.
4714	7/11/2012	Very! The Kenton branch always seems to be busy.
4715	7/11/2012	it is very well used....there are always people coming and going from the Gresham Library. I forgot to mark the Fairview library, but it is also a well used branch...and in a location where people who use it probably can't really get to another library easily....
4716	7/11/2012	Seems to be used a lot.
4717	7/11/2012	Very well used; always busy and bustling.
4718	7/11/2012	It usually has a steady stream of visitors.
4719	7/11/2012	Very well used - there's always lots of people there no matter what time of day. I love that it serves people who can't afford computers, too.
4720	7/11/2012	My local libraries are well used. There are always people doing things in the library. I always see children and senior citizens as well in large numbers taking advantage of the benefits the library has to offer.
4721	7/11/2012	I use it 2-3 times a week. I love talking to fellow patrons there and learning about whatl Movies to watch. We borrow a lot of DVD's and I don't mind waiting a while to get the ones I want. I went on vacation to Glacier Park recently and borrowed 2 wonderful guide books that I took with me. Great information always.
4722	7/11/2012	Always busy with all ages, very helpful and friendly staff. I love it :)))
4723	7/11/2012	Very much so; it is always crowded, with people of all ages. Every area of the library is well used, also (i.e. check-out, computers, story time for small children, etc.).
4724	7/11/2012	People are at Central Library all the time.[] [] I don't think cutting Library hours is a terrible thing as it doesn't need to be open 7 days/week. What I'm most concerned about is maintaining the investment we made a number of years ago in building new and renovating a number of branches. It is a crime if these facilities aren't treated as assets and regularly maintained inside and out.
4725	7/11/2012	My husband and I just moved to the area and got a library card about 1 month ago. We've been to the library 3 times so far.
4726	7/11/2012	Seems consistent, not packed but always has users at the branch.

4727	7/11/2012	It's always got people coming in and out, and there is often a line at the door before it opens. Best of all, it's used by lots of families with young kids.
4728	7/11/2012	Always busy, clean and quiet
4729	7/11/2012	Always very busy
4730	7/11/2012	I think it is very well used, there is always a full parking lot and people using the facility.
4731	7/11/2012	It is pretty used within the community
4732	7/11/2012	Very... there are always people there and in the morning families will be waiting to get in.
4733	7/11/2012	The Gregory Heights library seems to always have a lot of people sitting at tables and working at computers--all ages. On Sundays, when it opens at noon, we often stand outside with other people if we get there too early. I would say it's very well used.
4734	7/11/2012	Heavily
4735	7/11/2012	keeps busy
4736	7/11/2012	always busy
4737	7/11/2012	It seems to be very well used. Every time I have been in recently it has been packed with a wide variety of people using the various resources available.
4738	7/11/2012	Very. Always people. Most computers in use. At least one of private rooms always in use (only 3). I couldn't live without it.
4739	7/11/2012	Extremely well used when I go there.
4740	7/11/2012	always seems busy when I go. ☐ I go 2-3x per week either in am or weekend.
4741	7/11/2012	VERY WELL USED
4742	7/11/2012	Often 10 -20 patrons.
4743	7/11/2012	Really don't know. We usually use the online search for what we want and have it delivered to the library. So we don't spend much time in the library itself.
4744	7/11/2012	Very well. Always people in there- young and old. Awesome place.
4745	7/11/2012	Very much so
4746	7/11/2012	Very well used
4747	7/11/2012	Always busy!! People always waiting until the doors open.
4748	7/11/2012	It is very busy whenever I am there.
4749	7/11/2012	Definately well used. Always filled with info-gathering adults and children.
4750	7/11/2012	There is very rarely a lull in business at the Woodstock Library. There is usually a line at the open of business, and crowd at closing time. The computers are always busy, and the librarians are kept on their toes throughout their shift.
4751	7/11/2012	Always busy!
4752	7/11/2012	From what I recall, well used. Since I started checking e-books out, I tend not to visit the physical library as much.
4753	7/11/2012	always seems busy

4754	7/11/2012	I'm not sure what you mean. My only problem with all the libraries is the noise - they're libraries, not bars. And the staff are frequently the worst.
4755	7/11/2012	Very much.
4756	7/11/2012	always busy
4757	7/11/2012	Very well used.
4758	7/11/2012	I love my library. I look at book on line. I also used it to start a book club.
4759	7/11/2012	very well used, there are always a lot of people in there.
4760	7/11/2012	I think both locations are very well used. Each time I attend the library, it seems to be full of all sorts of activities: reading, computers, programs, etc.
4761	7/11/2012	Very busy. I reserve books online and go to library to pick them up. Judging by the size of the reserve books shelves, other do the same thing. Only in library for 5 min. I did attend some book discussions with Oregon authors and these drew a great crowd.
4762	7/11/2012	I would say all three are fairly well used. Most visits I find the libraries full of patrons. Often times there are no available computers and I have to wait.
4763	7/11/2012	Appears to be quite busy. I have no idea what other priorities and/or reasons other users find themselves in the PUBLIC's library. In my belief it is not my business or right to know what other people are doing in any PUBLIC library. It is their right to be there. For all of us to have open full access to public property and public services. But I have no right knowing anything about any one else or why they use any public library.
4764	7/11/2012	I'm not sure what this means. There are always families, groups and individuals using the facility when I visit
4765	7/11/2012	Always busy.
4766	7/11/2012	Sometimes. I like the feel of the library. It is a very friendly place to visit and meet friends and the community.
4767	7/11/2012	very well used! it always seems busy and well attended.
4768	7/11/2012	Very
4769	7/11/2012	good
4770	7/11/2012	I think the online resources are extremely useful for checking out e-books, and requesting books to be on hold at my requested library. I am not usually aware of other programs offered, due to not seeking them out.
4771	7/11/2012	don't know

4772	7/11/2012	Woodstock is now my "main" library and by "well used" I think you mean does it serve a lot of people. I would say yes. I have seen 5-10 people waiting at the door 15 minutes before opening time. There are many times all the computers and "catalog computers" are in use. There are always lots of young people...and old. [] There are 5 people in our family and we often return and pick up items for each other and I still end up going to the library once a week.
4773	7/11/2012	Albina Library is always busy with readers, children, borrowers.
4774	7/11/2012	It seems very busy every time I go in to pick up books.
4775	7/11/2012	Very
4776	7/11/2012	seems busy whenever I visit.
4777	7/11/2012	It is always busy when I go there.
4778	7/11/2012	very busy.
4779	7/11/2012	Very
4780	7/11/2012	It's always busy. The library in Kenton is a major business and brings many people to the Kenton area. I was so excited to have a branch that I could walk to.
4781	7/11/2012	Very Weyl used
4782	7/11/2012	It is used a lot, especially by school aged students and young mothers.
4783	7/11/2012	Very well used, there are always lots of people there when I go
4784	7/11/2012	Very well used. Both Albina and Hollywood branches are always busy.
4785	7/11/2012	It is often busy when I am there. I usually see at least five or six others around, but often many more. Our local library branches are very well used. At Gregory Heights, there is often a line of people waiting to enter when the library first opens, and there are still many patrons using the library when it is ready to close for the day. The regular programs in the community room usually seem to be well attended, and there are many patrons who take advantage of the summer reading program for kids. The other two branches we use regularly, Hollywood and Midland, are also generally busy with patrons taking advantage of the library's resources and programs.
4786	7/11/2012	
4787	7/11/2012	It always seems busy! I always see tons of people utilizing the library and its resources. The library appears to be a vibrant place and unique
4788	7/11/2012	resource. In particular, the zine library and the African American resource section at the North Portland library are excellent collections. very well used. []
4789	7/11/2012	please keep St. Johns library!!! it's a community center. [] I see lots of children in for story times. I don't think people would just switch to another library over ten miles away.

4790	7/11/2012	people use it
4791	7/11/2012	Very
4792	7/11/2012	It always seems pretty busy when I go; I can never find parking! :)
4793	7/11/2012	Very! It's also very beautiful, which isn't necessarily something that comes with libraries. I found the staff to be as helpful as they could be and the services to be quite efficient. I'm proud of that library.
4794	7/11/2012	very well
4795	7/11/2012	The Sellwood/Moreland library is very well used, particularly by children. There are a number of children in the neighborhood, and I wouldn't be surprised to hear that they are the predominant users. As for Central, which is a block from my office, I would say that it is also very well used, but by a different crowd. The majority of users appear to be adults.
4796	7/11/2012	I am a preschool teacher, so I am in a constant state of hunting for books online, putting them on hold, checking them out and returning them. I use the library more than once or twice a week during my busy seasons!
4797	7/11/2012	always seems busy and actively used
4798	7/11/2012	Always busy
4799	7/11/2012	I rely on my local library branch, as it can be difficult to make it to the main library to pick-up books.
4800	7/11/2012	There are always plenty of people there whenever I go!
4801	7/11/2012	It is always busy, it's actually hard to find parking. I think this is good because so many people are actively literate. I see many families with children every time I go.
4802	7/11/2012	The Belmont branch is very popular. Although relatively small, it has a lot of good materials, and the staff is knowledgeable and helpful.
4803	7/11/2012	not sure
4804	7/11/2012	I am honestly unsure of that, but there are always other patrons there when I check books out and drop them off.
4805	7/11/2012	It is used a lot!
4806	7/11/2012	We frequent Woodstock library often(2-3 times a month) and always see quite a few people in the library.
4807	7/11/2012	Looks busy everytime I go in.
4808	7/11/2012	I use the Central Library about two or three times a month. From what I have seen, it is really well used and there are always patrons in every room of the library. Many others use it to study, read, and do research, like I do.

4809	7/11/2012	It is walking distance from three public schools and several private ones, so there are lots of children and teens in the building. Parents brings younger children to get books and attend the wonderful programs. Adults of all ages use the library as a community center -- meeting friends, using the computers to interact with family or friends, and, always, looking for books. This summer I've seen so many kids happily and proudly presenting their Summer Reading game board and talking about the books they've read. People appreciate the welcoming smiles of library staff. I've seen Hillsdale staff making sure everyone has a positive experience -- from the other-abled adult or teen to the lonely older person to new parents who have brought their baby to the library for the very first time, to the teen who needs a book for school. Well used and well loved is the Hillsdale library.
4810	7/11/2012	It always seems busy when I visit. I notice people using many areas of the library. The children's story times are so popular that they are sometimes full and I can't get in.
4811	7/11/2012	Go down and take a good look.....we need more hr,s and day,s OK
4812	7/11/2012	Very well.
4813	7/11/2012	Very; there are always quite a few people there. It never feels deserted.
4814	7/11/2012	It seems underutilized
4815	7/11/2012	very well. it is always crowded everytime we are there.
4816	7/11/2012	Well, the parking lot is usually full... :~) And there are always activities going on with people attending them. Sometimes a queue of people are checking out materials, although the self-checkout has helped a lot with that.
4817	7/11/2012	Very
4818	7/11/2012	Both Rockwood and Gresham seem to be busy most of the time I'm stopping in to pick up or drop off materials. It seems many are using computers, kids reading books, people asking staff for help. Rockwood is a small place but usually has a fair amount of people there whether it's morning or evening. Most days they have a group standing at the door wating to open.
4819	7/11/2012	Seems pretty busy when I go
4820	7/11/2012	It seems very busy all the time!
4821	7/11/2012	Very well used. I wish it had more funding.
4822	7/11/2012	not sure
4823	7/11/2012	It is always very busy, especially with children. There is often not a seat to be had!
4824	7/11/2012	Always busy...the storytelling classes are always full or close to it.
4825	7/11/2012	Seems well used.
4826	7/11/2012	DK
4827	7/11/2012	It is extensively utilized whenever I am there (once or twice a month) but I drive by almost every day and I always observe patrons coming and/or going.
4828	7/11/2012	Extremely well. Proximity to PCC and Jefferson brings in lots of traffic. Used by all ages. Often have to look around for a place to sit.
4829	7/11/2012	Highly used

4830	7/11/2012	I work downtown near the Central Library so use it frequently, probably 3-4 times weekly. Capitol Hill is the nearest to home but I seldom need to go there.
4831	7/11/2012	Very well used.
4832	7/11/2012	It's always active when I am there.
4833	7/11/2012	Very well used. It is always busy.
4834	7/11/2012	Very well
4835	7/11/2012	Every time I go there it is very very busy on all fronts. Lots of folks at computers and checking out books and videos. Please keep our libraries open. WE NEED ACCESS TO OUR LIBRARIES! It is always well populated when we are there. For us, the later hours are the most important as I am a working, single mom.
4836	7/11/2012	I don't get off work until after five, and often am not home until after six. As a result, the late hours are imperative to keep the system the most functional for our family. Obviously, the weekend hours help as well, but we are traveling out of town every other week.
4837	7/11/2012	It tends to be slower in the mornings but overall it seems actively busy most of the time.
4838	7/11/2012	Very!
4839	7/11/2012	Pretty well
4840	7/11/2012	It always seems pretty busy when I go in there.
4841	7/11/2012	On a scale from one to ten, a seven.
4842	7/11/2012	Every time I go in they have a wait list for the computers.
4843	7/11/2012	Just moved from inner southeast Powell (no nearby library) to NE Ainsworth, I am looking forward to using the North Portland branch. I work near the Kenton library, which I use now and then. I would describe it as pretty well used, certainly never empty. I primarily use the Central branch, which is always hoppin'.
4844	7/11/2012	Kenton is very busy. There are usually 30-50 patrons at the branch when I'm there.
4845	7/11/2012	Very well
4846	7/11/2012	Extremely...there are always crowds of people in the St Johns branch.
4847	7/11/2012	seems to be very busy all the time
4848	7/11/2012	Very busy
4849	7/11/2012	Seems busy every time I am there. I think it is very well used.
4850	7/11/2012	Very well used and the service is good
4851	7/11/2012	Intensively!
4852	7/11/2012	It's extremely busy every day.
4853	7/11/2012	It seems pretty popular
4854	7/11/2012	Always busy serving patrons. I often see others returning materials after hours.
4855	7/11/2012	The Midland library is busy constantly. We use the Hollywood and Albina as well....good to see that they are also very busy places. I think the whole city takes advantage of the Central library for its beauty and great resources.

4856	7/11/2012	Very. It's usually busy-- full of all ages and ethnicities. The staff is hard-working and helpful, trying to get everyone's information needs met. Kids, especially, use it ALL summer.
4857	7/11/2012	Its never empty when I go, but not usually packed either. Seems like a steady stream of people, more so in winter.
4858	7/11/2012	Always lots of users there. Always people waiting for internet use. Are they all using the net for educational/library type purposes? or are they letting the taxpayer fund their high speed internet? If the library restricted or charged for that, how much could be saved? Also your library system has more movies than Blockbuster. We use this feature "big time". Good for us not so good for the taxpayer. We don't even go to Blockbuster anymore. How much could be saved by only buying educational/non-fiction titles? We're big supporters/users of the library system but restricting the days and hours seems like a political move to get us to vote for additional funding. Don't dispute that they couldn't meet the budget but there must be a multitude of other ways to have made it! I just gave you two possible ways. I suppose the the pollsters have told them that restricting days/hours would be a good strategy to get the vote and I'm sure they're right, but this is deceptive and very poor management and you guys/gals should be assamed of yourselves for backing it! Arn't you loosing just a little bit of sleep? Will be voting against this and most likely you people next time around.
4859	7/11/2012	it always seems busy when I go in on Sundays
4860	7/11/2012	It's a great resource that we rely on!
4861	7/11/2012	There are constantly people there using the computers, doing homework, getting books/movies.
4862	7/11/2012	Midland is always extremely busy with people waiting for the doors to open. It offers programs for all ages which my daughters used from preschool through high school. There are so many preschoolers at Midland being introduced to the wonders of the library.

4896	7/11/2012	It seems it is a vibrant, busy place every time I am there, from young families enjoying books to people using the computers.
4897	7/11/2012	Don't know, I've only ordered books online a couple years ago.
4898	7/11/2012	It always is full and busy when I am there, but the hours could be better

4932	7/11/2012	Very. There are always people in there and usually a line at the door when it opens.

4933	7/11/2012	It seems like there are always plenty of people there when ever I go.
4934	7/11/2012	They are very busy places.
4935	7/11/2012	Fairly

4966	7/11/2012	Very well used, always lots of people inside.

4967	7/11/2012	Very well The library is loosing to the computer. A visit to any library will show computer use far exceeds book reading. Once books are scanned into hard drives libraries will be hard pressed to exist. Personally, going to the library is like going to the museum...]
4968	7/11/2012	once in a blue moon.
4969	7/11/2012	it is always busy, but I do not support more taxes (or levy as you decide to call it)
4970	7/11/2012	Very busy
4971	7/11/2012	Usually full, small though. I'd hate to lose it, within a short walk from my home, which is important for a senior.
4972	7/11/2012	Woodstock: VERY USED -- always lots of people there and parking is sometimes difficult.
4973	7/11/2012	The Midland branch is always well used when I'm there. The staff is cheerful, helpful, and patient with children.
4974	7/11/2012	This is an odd question. You should have partial data. My perception is that the library is always busy.

4979	7/11/2012	Belmont is a very well used library and it's a delight to see young families, small children and people of all ages making use of all it offers. I often go also to the Fremont library and occasionally to Hillsdale, Northwest and Hollywood libraries - all of which are good resources as well as community assets.

4998	7/11/2012	There is always activity going on..the computers are in constant use as is the children's section. The meeting rooms are used by the community making the library a very essentail element in the Hillsdale Community.
4999	7/11/2012	From what I see, the library is always busy no matter which day we (my wife, granddaughter, grandson, and myself) go to the library. Reducing the hours may be necessary because of budgetary issues but they need to be resolved so that all patrons can get full access. Ebooks are becoming more popular, and the media to read them is also becoming easier to get. If paper books are cut off from the public, libraries may slowly die off. Politicians are well know for doing stupid things with our tax money. It is time they took a good look at how they use our taxes, and stop their excessive spending and start funding community services, such as the library, that are well used by the people that put them in office, and those that willl soon grow into determining their futures.

5007	7/11/2012	Very well used in terms of the number of people I see there when I pick up books. Utilization of the electronic resources the library offers also must be significant.
5008	7/11/2012	Seems well used .
5009	7/11/2012	It seems to be well used, especially in the summer.

		In the past week I have visited the Woodstock branch three times; once to pick up my hold of a DVD and 2 books for my fiance', once to sign a child up for summer reading, and once to take a different child in to retrieve their "level 2" summer reading prize and check out another audio book to listen to for the week. □
5010	7/11/2012	Each of the three times I have gone to the Woodstock library this week I have either seen someone I know, or seen a patron of the library that I have crossed paths with at the library before. □ I visit the library about ten to twelve times a month, each time seeing someone I have seen at the library before, who uses the library in a similar manner as me. This tells me that our local library is utilized tremendously! Our libraries are first and foremost, community centers, providing literacy for the masses.
5011	7/11/2012	Very well used! The librarians are so helpful.
5012	7/11/2012	Very.

5019	7/11/2012	they are crowded, but some of the crowding is lack of space for materials. They seem quite busy
5020	7/11/2012	very good library
5021	7/11/2012	very well used
5022	7/11/2012	looks to be fairly busy, but is never over-crowded. toddler storytime is really popular
5023	7/11/2012	There are always quite a few people there whenever I visit. The kids' section is used a lot and the computers are usually all in use.
5024	7/11/2012	The three branches we go to are always busy when we go there. We love to check out DVD's & books by reserving them online and then picking them up when they are ready, and we've been telling all of our friends and family how easy and great it is, especially since Redbox does not have TV series.
5025	7/11/2012	I think pretty well

5031	7/11/2012	very
5032	7/11/2012	Always seems to be busy

5033	7/11/2012	very
5034	7/11/2012	Extremely. It is always very busy. I am furious, and perplexed, that the funding measure failed, and not at all happy about reduced hours.
5035	7/11/2012	It's always busy. Appears to need more computers.
5036	7/11/2012	Belmont is heavily used for how small it is
5037	7/11/2012	Very well used. It is often hard to find a parking space, and I usually have to wait in line to check out a book.
5038	7/11/2012	There are always lots of people at the library. I don't always go in but I am around there a lot as it is next to my church and parking is always full and I see lots of people coming and going.

5050	7/11/2012	very well used!
5051	7/11/2012	Always filled with people
5052	7/11/2012	I think our library is very well used. The Hollywood branch is not huge but I have never been in there when it was not full of people browsing, reading and going on the internet.
5053	7/11/2012	Well - but Monday is my only day off. Can't you move the closed day around?
5054	7/11/2012	The library appears to have 25 - 30 people in it when I visit. It seems like every other time I am there that they have some type of additional learning opportunity going on.
5055	7/11/2012	The gregory Heights library is not only well used for books and other tools such as computers, but it is a cultural hub for the people of the neighborhood.

5061	7/11/2012	It seems very well used.

5062	7/11/2012	I don't understand this question. "Used" like worn out? Or, "used" like frequented. □ Both Albina and Kenton are very popular and frequented by many people whenever I am there.
5063	7/11/2012	Very active, I especially use the library online, to have books sent to Albina from other branches.

5078	7/11/2012	
5079	7/11/2012	Not sure but always very active whenever I'm there.
5080	7/11/2012	invaluable resource - busy all the time
5081	7/11/2012	Very much so.....

5100	7/11/2012	Very well used! It's a community center.
5101	7/11/2012	very busy most of the time.
5102	7/11/2012	Always very busy
5103	7/11/2012	very well used
5104	7/11/2012	always busy with all ages
5105	7/11/2012	Since I use the central library, you can assume that it is always bustling.
5106	7/11/2012	I like to take my 17-month-old son to the tiny tot story time everyday. I will travel to the Midland library, which isn't close to our house, just so he can get in a story time in because other libraries closer to our house do not offer it on Wednesdays. Thus, we use the local library daily for story time.
5107	7/11/2012	Generally quite busy whenever we go.
5108	7/11/2012	The Hollywood library is always super busy. The staff are fantastic, as you never "feel" the effects of so many people there at any given time. The demographic range is diverse at any given time of the day.
5109	7/11/2012	Fairly. It's busy every time I visit.
5110	7/11/2012	Very well used, always a lot of people there.
5111	7/11/2012	Heavily used.
5112	7/11/2012	very well used, busy place
5113	7/11/2012	seems to always have a lot of activity

5114	7/11/2012	Always looks busy.
5115	7/11/2012	I don't know
5116	7/11/2012	VERY well used
5117	7/11/2012	Very, very well used. I see it as THE asset in the local community. It brings all types together young, old, wealthy, poor, first generation citizens.[] [] I am very upset by the cut in hours. I understand the budget realities but it saddens me.
5118	7/11/2012	Always seems busy but the clientele is a broad mix, including a lot of derelict & weirdo types. It's not always a comfortable place to be & the facilities, especially the PC's, are always tied up (at least that's how it was when I was there last, which was [] quite a while ago now). The librarians are always nice but seem under-staffed.
5119	7/11/2012	very well used
5120	7/11/2012	It is always busy when I visit.
5121	7/11/2012	Always busy and well located. It would be a shame to close it even one day per week! Surely there are other ways the city could save money rather than shortening library hours. Come on, be creative!!
5122	7/11/2012	It's pretty busy, seems well used.
5123	7/11/2012	Always busy
5124	7/11/2012	It's always crowded and very popular. Everyone loves it.
5125	7/11/2012	It is always busy.
5126	7/11/2012	Very, it's always busy in there!
5127	7/11/2012	It is fairly busy each time I am in there. It is a small location so most people seem to be there to pick up hold.
5128	7/11/2012	Very well used. Jam packed with computer users whenever I go. No place for people to sit and read. As for the stacks, not crowded at both Midland and Gresham. But still, well used.
5129	7/11/2012	Holgate looks well used. Particularly in terms of computers, children's, and foreign language materials
5130	7/11/2012	It's always totally full - all hours of the day/night and every day
5131	7/11/2012	It's always crowded when I go in after work.
5132	7/11/2012	I think the new times are fine, I love my library and go at least twice a week.[] there seems to be too many librarians,it seems I never need one as everything is help yourself that I use
5133	7/11/2012	Very well used. :)
5134	7/11/2012	always looks busy
5135	7/11/2012	very well used
5136	7/11/2012	I think Central Library is used a lot. I love it and go there often. It has a great collection, is a beautiful building, and is a great resource for the community.
5137	7/11/2012	It's very well used...essential to our community.
5138	7/11/2012	Holgate Library is well used. There is usually a line outside just before it opens each day.

5139	7/11/2012	Very well used.
5140	7/11/2012	I am always surprised how many people are there, especially the Hollywood branch, tons of kids, too. But even little Gregory Heights is busy when I visit.
5141	7/11/2012	All the branches are VERY WELL USED. There are waiting list for computer access frequently at Gresham and Fairview. The children's programs seem to be well attended at Gresham when I have seen them there. I do not have small children anymore so I don't have first hand knowledge but used all stuff often when I did.
5142	7/11/2012	All of them are well used .
5143	7/11/2012	Well used. I also use the Washington County Libraries as well
5144	7/11/2012	Very well used by all types of people, from those using it as a standard book check out to job seekers and people looking for computer access.
5145	7/11/2012	Very
5146	7/11/2012	Very
5147	7/11/2012	I actually moved away - was in Portland for summer finishing a book before coming back to Exeter University in England. I made great use of central library and found it to be extremely well stocked in poetry pamphlets, and very well used - indeed, often too busy for my own purposes.
5148	7/11/2012	well
5149	7/11/2012	Heavily.
5150	7/11/2012	Always very busy.
5151	7/11/2012	It's always very busy.
5152	7/11/2012	North Portland not much because PCC library is a block away where I go to school. The Albina branch though is cool as hell and I prefer to go there for my library experience. Love them all but the Killingsworth branch seems redundant
5153	7/11/2012	it's never empty, but not crowded. Computers usually seem to be well-used.
5154	7/11/2012	always difficult to find a computer to search for work, due to high unemployment.
5155	7/11/2012	I consider normal use. Never overcrowded but always people there.
5156	7/11/2012	My local library is used very well. I always see a good amount of people there, and often times I will run into a friend or an acquaintance. I also love my local librarians! It's a great community hub.
5157	7/11/2012	Always quite busy when ever I visit
5158	7/11/2012	Very well used.
5159	7/11/2012	Extremely well used by a diverse population.
5160	7/11/2012	Very well used and a must for our community!
5161	7/11/2012	It's always busy when I arrive.
5162	7/11/2012	It appears to always have tables filled and people roaming around every time I am there or walk by
5163	7/11/2012	My Hollywood library is always busy and sometimes you have to go on a wait list to use computer, but other than that I find the selection and all around atmosphere is clean and staff always helpful! They are knowledgeable and always seem to have the answers. I love and appreciate all my library gives me!

5164	7/11/2012	very well used if going by how many people are there when I visit.
5165	7/11/2012	Extremely well! We would like to see the services resume as before. Cutting something of such great value is a disservice to the American families. Keep up the great work!
5166	7/11/2012	On on going basis. At least 2/3 a wedk
5167	7/11/2012	well used
5168	7/11/2012	every time i visit, the tables and aisles in the library are full. Sometimes it is hard to find a seat to sit in.
5169	7/11/2012	very
5170	7/11/2012	This question is vague...[] Extremely well used.
5171	7/11/2012	From what I recall, quite well.
5172	7/11/2012	VERY well!!!
5173	7/11/2012	Very!! Lots of people using it for lots of purposes -- and the library's multi-lingual staff really helps to reach and serve many many people in our community.
5174	7/11/2012	It seems to be used a lot, both Holgate and Midland. There are always people there and I often have to switch places with others who are perusing the DVD shelf. We also seem to attack the "recently returned" stuff on the cart at Holgate. People seem to be using the computers a lot, and the On Hold shelves seem to be packed, which means people are asking for certain items which they will pick up There seem to be a lot of use of young adult/teen material as well.
5175	7/11/2012	If by 'well used' you are asking is the library busy---I would respond that the library seems to be about as well used now as before.[] If by well used you are asking if the library is used efficiently---I would respond they seem to be well used but the libraries role as a storage and lending facility of books is becoming more antiquated and obsolete. The main reason I used public libraries in the past was for research & info gathering--now I use a PC.
5176	7/11/2012	It's always busy. People seem happy.
5177	7/11/2012	My local library is used by many residents in the community.
5178	7/11/2012	I am in college and I have been using my school library more often than I have been using Multnomah County Library, but in the past I have been a frequent Multnomah County library user and have used the library as much as 3 or 4 days a week.
5179	7/11/2012	usually packed with alot of traffic, but not a problem.
5180	7/11/2012	Very well
5181	7/11/2012	Very well used! There are always people coming in and out, and using all the library has to offer.
5182	7/11/2012	the library is crowded ... please open it back up on monday. i need my library everyday
5183	7/11/2012	Very well used!
5184	7/11/2012	There are always people there when I'm there so seems used!

5185	7/11/2012	Difficult to answer the question as stated, but I cannot imagine any community without daily access to its own library. I am a teacher and could not work without access to my own neighborhood library, as well as the resources, both human and media, at the library in the neighborhood of the school where I work.
5186	7/11/2012	busy, very well used
5187	7/11/2012	Always seems fairly busy whenever I am there
5188	7/11/2012	I've been to five libraries in the last year. Everyone has been busy.
5189	7/11/2012	A highly used resource
5190	7/11/2012	Odd question. Well used I'm assuming. It's packed with patrons every time I'm there.
5191	7/11/2012	As a former library worker (1970s and 1980s in another municipality), I've always been impressed at the number of patrons in any library I have been in.
5192	7/11/2012	The libraries are very much used by all ages but especially by children and adults seeking computer access. Waiting for computer access is very time consuming. □ Places to sit just to read are sometimes difficult to find and the noise level can be a problem. The crowding and higher than traditionally acceptable noise levels are really signs that our libraries are much in demand. Classes for all ages are very helpful especially for those of us who grew up before computers existed. We need more library access...not less.
5193	7/11/2012	Looks likes it's always busy. Of course it's very small.
5194	7/11/2012	It seems to be consistently busy yet not too congested with foot traffic. It is a comfortable place to mill around and search for new books.
5195	7/11/2012	Moderately
5196	7/11/2012	It is always bustling with activity, when I go into the Holgate library.
5197	7/11/2012	The Hillsdale Library is a lovely peaceful place. Even though I live near the downtown library; it's a little too busy and crowded for me.
5198	7/11/2012	It seems to be frequently occupied, and when I have the time, I'm often there, as well. It seems to be well organized, and everyone is respectful of the materials and courteous to other library patrons.
5199	7/11/2012	Fairly well used, I wish it was bigger.
5200	7/11/2012	Always fairly busy!
5201	7/11/2012	I use to use the library so often because that time I have no Internet at home and no places to go but now I don't go there anymore. I havent been there in two years.
5202	7/11/2012	Extremely well used. It is a vibrant place filled with people of all ages learning, connecting and growing.
5203	7/11/2012	I've been volunteering at the library once a week this summer, and during my 2 hour shifts there is a constant stream of people coming and going. I would say our library is very well used.
5204	7/11/2012	Very, very well used. Perfect location for families with young children in Kenton neighborhood.
5205	7/11/2012	Very well used and utilized.
5206	7/11/2012	It always seems to have people on the computers
5207	7/11/2012	good

5208	7/11/2012	My family is in between three awesome libraries and all three libraries are used frequently by the community.
5209	7/11/2012	I often go to the Woodstock library to check out books, pick up books that I've put on hold, print documents from the computers, or to see what DVDs are available. The library seems fairly well used by other patrons as well. I rarely use other services at the library, however I do use the free tax assistance every year.
5210	7/11/2012	Always look very busy
5211	7/11/2012	I have never stepped into an empty building. The Belmont library is a cornerstone of my neighborhood
5212	7/11/2012	Very
5213	7/11/2012	Very.
5214	7/11/2012	We love it
5215	7/11/2012	there is always a hustle and a bustle at certain times.
5216	7/11/2012	Seems to be busy all the time by all ages of people.
5217	7/11/2012	One of the best in the county.
5218	7/11/2012	very well!
5219	7/11/2012	we drive to the hollywood one, though we live closest to midland or rockwood... we love the atmosphere and staff (friendly) at Hollywood, the computer set up, etc.
5220	7/11/2012	Very well used.
5221	7/11/2012	Belmont/Woodstock libraries are very popular.
5222	7/11/2012	The woodstock library is not very good. I never get notified when a book, dvd, or some other media becomes available. When I bring back books, dvds, a day or two early some person sees fit to place a fine on me that necessitates my having to go into the library and ask why. If I place a hold on media and I am never informed then after a number to days the media goes to someone else. Often, the automatic check out machines do not work. No problem ever at the Sellwood library. Very efficient and well run-the opposite of Woodstock. Also I do not feel that the woodstock library is safe for unaccompanied children since there are so many mentally ill people and strange people hanging around. The people who work at woodstock are rude and the people at Sellwood are what one expects of people who have to deal with the public.
5223	7/11/2012	Typically, three of the four locations are very active.
5224	7/11/2012	it is busy all the time
5225	7/11/2012	The Sellwood library is just very small with limited resources and often several children and families
5226	7/11/2012	It seems fairly busy during its open hours- the computer banks are almost always at least 3/4 full, but there has always been a staff person to assist me.
5227	7/11/2012	Very busy

5228	7/11/2012	OK, I've gone in twice in the last few months, to do a bit of research and make some copies, while my computer system was down. I had also wanted to use Gresham library for short-term (1/2 hr) computer-use reasons several times in months/years past, and was in the "waiting line". I left in utter frustration; same frustration these past two recent times, but HAD to wait as I had a deadline to meet. Frustration was: the computers are mere tools for free babysitting services ... mostly with no "parental" supervision. And there is a system in place with these many of these kids: a kid's name comes up for an available computer, he logs on, gets the games going and before you know it there are 2,3,4 kids "playing" along-g-g-g-g-g-g. Result: long-g-g-g-g-g-g-g-g waits for those of us who have a serious reason to come in and use the library facilities. The library has been reduced to a rather noisy playground where parents don't have to be present to supervise their children, because in reality, these kids are now in care of library personnel, who, incidentally (choose to) say nothing. Those sitting next to me while waiting, with whom I sparked a conversation, voluntarily commented in the same vein ... just free babysitting!! The computers are totally monopolized by game-playing kids. I'm delighted to see that kids want to come to the library ... but they shouldn't be allowed to overrun the computer area to hinder "legitimate" use by adults (and no, the
5229	7/11/2012	The Gresham Library is ALWAYS hopping with people. I don't think I've ever been in there once where it wasn't packed to the brim with library-goers.
5230	7/11/2012	I seem to see quite a few people there every time I visit.
5231	7/11/2012	Every time I'm in the computers are almost all being used, there are children in the children section and people seem to be browsing. The two branches I visit are well used.
5232	7/11/2012	Very well used
5233	7/11/2012	Very used
5234	7/11/2012	I feel like the Hollywood library is always packed and I know to get there early for book babies or sometimes it gets full. Gregory Heights is a bit less busy, but its also smaller...I mostly go for book babies (which we adore) and to pick up reserved books
5235	7/11/2012	My local library (Kenton) is extremely well used its one of the smaller branches but is terrific to have in the neighborhood its got a great selection of books and I am an avid reader so I appreciate having access to it also it seems to provide many services to the children in the area.
5236	7/11/2012	It's well used in a good way there are good amount of computers and books. Seems they have a lot of good resources.
5237	7/11/2012	Its always busy and full when I arrive. I love my local library, but I have to go to Central if I want a better browsing experience.
5238	7/11/2012	Always people there when I go. Always.
5239	7/11/2012	Each of the libraries I go to seem to experience fairly strong use when I'm there. I would like to go more often, but often find that hours and locations (combined with the fact that I only use biking, walking, and transit) limit my ability to spend more time there. I also have to admit that I can't always read as many books as I'd like to!
5240	7/11/2012	Very well used

5241	7/11/2012	Usually when I go in to get a book, there are people at all of the computers, however I just noticed this since it was the winter season and I thought it was homeless people getting out of the weather. I know the homeless do this because I have policemen as friends and they police our libraries because of this. Other than that, I've not really noticed anything else.
5242	7/11/2012	Very well used.
5243	7/11/2012	I would not mind seeing more people use it. Having written that it does get some use..
5244	7/11/2012	I use the downtown location. It's always busy but I never have to wait in line to check out. It's always well staffed and I can go in and out within minutes. I value this so much and it keeps me coming back because I only visit the library during my 30 minute lunch break.
5245	7/11/2012	Special interest parent -child diversion/entertainment/nuturement(not widely used but tribe burdened with cost). Libraries have become (sadly unaffordable) antiqitiies. Internet BABY!!!!
5246	7/11/2012	very, so it seems
5247	7/11/2012	I do not understand the question.
5248	7/11/2012	I visit Albina branch library the most. It is always full of patrons. Often most of the terminals are in use. I see patrons of all ages. I also use Central library and it is always full of patrons. I visit the library a few times a week.
5249	7/11/2012	Hillsdale - community feeling, great summer reading program Central - a place for ALL Portlanders, very well used
5250	7/11/2012	I know of family and friends who use the library multiple times per week. I use it regularly once every two to three months.
5251	7/11/2012	It always seems like there are many people there!
5252	7/11/2012	Very
5253	7/11/2012	It appears busy almost every time I go in. It isn't uncommon to see people waiting outside till the library opens.
5254	7/11/2012	Very highly used
5255	7/11/2012	very well
5256	7/11/2012	Very well used
5257	7/11/2012	Both the Northwest branch, which I use, and the Woodstock branch, which my mother uses, seem to be very well used.
5258	7/11/2012	ok
5259	7/11/2012	It seems busy - there are always computers being used, kids reading books, and classes happening in the back room.... it is a great addition to the Kenton neighborhood.
5260	7/11/2012	Very. Always a lot of people.
5261	7/11/2012	While I'm at the library, there are lots of people either reading, studying, or doing things on the computers.
5262	7/11/2012	Well used.

5263	7/11/2012	Very well
5264	7/11/2012	I mostly use the online hold system from home. Then I would go to pick up the book. Other than that I don't go to the library.
5265	7/11/2012	Well attended.
5266	7/11/2012	I always see it rather full. It's a very small location, though, so 20-30 fills it to capacity. (St Johns)
5267	7/11/2012	Very well used
5268	7/11/2012	extremely well-used, always busy
5269	7/11/2012	Very well used and we have a great bunch of people that work there and are very dedicated to their jobs and their love of books, community service and learning.
5270	7/11/2012	It is always busy and It seems to have all ages using the facility.
5271	7/11/2012	good use
5272	7/11/2012	The Gresham Library seems to always be busy when I go in. I do not go often any more because books on tape are almost all gone. I will convert to downloading books on the internet in the near future.
5273	7/11/2012	fairly well. I hope the library was used even more, although it is not far from capacity fairly often, its the easiest way to utilize public services that are provided by the county. measure 5 in 1990 was in honest regards a sham that resulted in rebellion from many tax payers / a small tax on the city / county proposal would bring out either agreement or ideas from the public on funding / hopefully supported by city hall
5274	7/11/2012	Everytime I go in no matter the time of do there are always lots of people there.
5275	7/11/2012	Very well used
5276	7/11/2012	Our library always has a lot of people in it.
5277	7/11/2012	It's always busy when I go there.
5278	7/11/2012	extremely--typically bustling
5279	7/11/2012	The library is always a busy and vibrant place.
5280	7/11/2012	my kids mostly
5281	7/11/2012	Well I use the Central branch, so as you probably know there are people there all hours of the day that I can see.
5282	7/11/2012	I believed they are well used. Library is always full of people looking to use computer, and use the resources.
5283	7/11/2012	I don't know. It's been fairly busy the few times I've been there.
5284	7/11/2012	My library is always full of people in all areas of the library. The staff are wonderful and always helping patrons to find books, DVDs, music or work on the computer. I work with young women with disabilities and they love going to the library.

5285	7/11/2012	I am new to Albina, I used Hollywood for years. Albina is usually full of kids and possibly homeless people on computers (which is great- I don't need the computers but I am glad they are there as a resource). I don't really enjoy browsing because it's so small: I come in and pick up my holds. I would be happy to contribute to a fund to make the library bigger. [] [] It seems Albina is very small but I think it makes a big impact on the people in the community. I grew up going to the library once a week, now my sister is a librarian (not in Oregon). I feel strongly that access to the library is important for everyone.
5286	7/11/2012	I always see many, many people there every time I go, and there is almost always a wait for computer access, so it seems to be very well used. Because of economy it is difficult to buy book often.[]
5287	7/11/2012	I could hold books which does not take time to come to me.[] Movies especially Japanese movies are available.
5288	7/11/2012	very
5289	7/11/2012	Very
5290	7/11/2012	Very well used.
5291	7/11/2012	Very well used; it is always busy when I visit.
5292	7/11/2012	Well used
5293	7/11/2012	The Belmont Libray is packed all the time. People are reading, using teh computers, engaged in events in the event room, being read to in the childrens section. It is a very well used library.
5294	7/11/2012	Well used
5295	7/11/2012	It is well used. It is busy whenever I am there.
5296	7/11/2012	Well used since it is so close and convenient.
5297	7/11/2012	I think it's very well used, especially every time we go in for Toddler or Preschool story time. Natasha does a fabulous job.
5298	7/11/2012	It seems busy all the times I've been there.
5299	7/11/2012	Both the Hillsdale and Central libraries are very well used; they are always plenty of people there when I visit.
5300	7/11/2012	Our local library is very well used. I rarely see a computer free, and there are always people sitting at the tables reading, and parents and children checking out books.
5301	7/11/2012	It's popular enough that the lines can be a couple minutes on busy days.
5302	7/11/2012	Very wvll
5303	7/11/2012	Very. It is packed regularly, especially now with the reduction in hours.
5304	7/11/2012	Every ti e I'm in, there are others using the library. I think this particular branch is well used.
5305	7/11/2012	I always see a stream of patrons of all ages in the Fairview library. The staff is all patient and helpful.

5306	7/11/2012	My local library is actually the main library with the Hillsdale library an alternate. Prior to a change in my health, I used the library once or twice a month and found both the main library and the Hillsdale branch heavily used.
5307	7/11/2012	The Capitol Hwy branch is always busy when I go in. It is a valuable neighborhood resource.
5308	7/11/2012	The downtown central library is excellent.
5309	7/11/2012	It seems fairly busy, but it's kind of a hang-out for some people. I go there, get what I need and get out - and I am content with that.
5310	7/11/2012	Very busy all the time!
5311	7/11/2012	Gresham Library is very popular and the community is disappointed in the decrease in hours. We Love our Library!
5312	7/11/2012	Not well
5313	7/11/2012	It is well used.
5314	7/11/2012	It seems very well used, the parking lot is typically quite full.
5315	7/11/2012	It seems busy all of the time with all age range of people. It's nice. I forget to use it as a resource, and I intend on using it more now that our child is a bit older (3). This means that since I will use it for him, I'll use it more for my husband and I.
5316	7/11/2012	It is a very popular place to go. Well.[]
5317	7/11/2012	I'm in college now, but I still have fond memories of going to my local library, and still do when I'm around.[] I wish we used more of our tax money on libraries. It's so important that people - whatever their economic standing - have a resource to teach themselves whatever they want.
5318	7/11/2012	Very well used - it always seems busy.
5319	7/11/2012	there is always loads of people in the library. Lots of them use the computers. Seems like a lot of kiddos are in the library too. they are the very best kind of children: full of great questions and respectful. the books at my local library often appear well used but are still in good reading condition. the DVD's are often scratchy but no more than rental DVD's can be. I warn the kids at my home that sometimes DVD's malfunction and when that happens we just have to make up what happened in our imaginations. I like to listen to music, so I often browse the CD section and try music that is unfamiliar to me. there seems to be a good turnover of the selection, so I assume other people are checking out and requesting lots of different and interesting CD's. I really like when I get to go to the library. Always friendly people from around the neighborhood. I have never been to the library when there was not a lot of people. What a great resource.
5320	7/11/2012	Always busy computers always full with a wait.
5321	7/11/2012	Very well used. Community could not do without it!!!

5340	7/11/2012	I use it very often and relied on it for books!
5341	7/11/2012	It seems busy whenever we visit.
5342	7/11/2012	Very - anytime we're in the Holgate branch it's always busy. We use it heavily and continually throughout the year.
5343	7/11/2012	Very well used. Always humming with all different kinds of people. Little kids love it. My 2 year old asks for "librio."
5344	7/11/2012	To put it simply, it is never empty. The shelves where I pick my hold materials are absolutely stuffed. The computers are almost always (on weekends) being used. Most of the browsing shelves have visitors going through them. Most of the books I need are already checked out and I have to get on a waiting list to get them.
5345	7/11/2012	Very well.
5346	7/11/2012	They always seem busy and lively.

5353	7/11/2012	Very well used. I see many community members there all the time. N portland has a beautiful space. The lifting fixtures, the upstairs. I am so thankful for the beautiful restoration job that was done ?5 years ago?]
5354	7/11/2012	Whenever I go into any the library feels comfortably busy, variety of age groups and social strata are represented. I am always impressed by the collection I can orris frOm. The community programs are wonderful. I went to several for the everybody reads kite runner.

5358	7/11/2012	Appears well used, lots of people on the computers whenever we are there. Not really sure how to answer this question.
5359	7/11/2012	ok. people could use it more.
5360	7/11/2012	I usually visit evenings and weekends (during hours that adults with day jobs can get there), and it always seems to be hopping.
5361	7/11/2012	pretty busy
5362	7/11/2012	Very well for our family.And seemingly well for the community as well.
5363	7/11/2012	Very Well used
5364	7/11/2012	Always busy
5365	7/11/2012	It seems that the internet access is one of the most common resources used. When the computers were down, hardly anyone was in the library. Having said this, I do think that Albina branch has a high use for such a small space.
5366	7/11/2012	Very much used.
5367	7/11/2012	very
5368	7/11/2012	It feels stately. Somehow, it never feels too busy. Somehow, someone is always ready to help me if I have a question, and while many computers are used, there is always one open. I only come in seasonally, but it is always great.

5375	7/11/2012	very
5376	7/11/2012	Very well

5377	7/11/2012	I don't understand this question? Do you mean, how busy is my local branch? Or do you mean how run-down does my local branch look? Or are you asking me how well used I think my local branch is?
5378	7/11/2012	there are always people in there, commonly there are few if any computer stations available. lots of kids in their section. I believe this is a popular and appreciated branch of the portland library system.
5379	7/11/2012	Great recourse to use to do research,& staff is very helpful and friendly.

5388	7/11/2012	Very well used.
5389	7/11/2012	The library always seems busy.
5390	7/11/2012	Very well used, by students, adults, and seniors.
5391	7/11/2012	Well used, but it still feels new and up to date as well. The people work here are always nice and it feels very personal there. I think that no matter what you should try your very best to keep libraries around for as long as possible. Thank you for your time, If anyone actually takes the time to read this.
5392	7/11/2012	Very popular with internet users.
5393	7/11/2012	Always lots of people there!

5398	7/11/2012	Usually crowded.
5399	7/11/2012	Holgate is highly used and always full of people using a number of resources and activities there.
5400	7/11/2012	Very good

5406	7/11/2012	I would say that our local library does a good job of meeting very diverse needs. The books that are available in the library generally do not appeal to me, but I can place holds on the books I want to read.

5407	7/11/2012	It is very busy, if that's what you mean by "used."

5412	7/11/2012	It seems it is very well used.
5413	7/11/2012	It had a good number of people in it when I was there. It wasn't too crowded but definitely well used.
5414	7/11/2012	Extremely well used. I always see many people in it from young families taking kids there for the children's programming to people using the web resources to people using the netbooks. There is also a large contingent that reserves books and has them delivered to Albina Library where they then pick them up there.
5415	7/11/2012	extremely well used. this evening around 5 p.m. there were children reading to a dog, others at the summer reading table; english language practice upstairs and a group using the meeting room. of course there were others reading and using computers. this is always a busy branch.

5421	7/11/2012	Fairly well it seems; there are always folks in there browsing books & using the internet when I stop in.
5422	7/11/2012	Seems to be extremely well used!
5423	7/11/2012	It's not often as busy as I would expect.
5424	7/11/2012	Very!
5425	7/11/2012	Always busy.
5426	7/11/2012	I love my library. The space small, but well-lit, organized and loved. I cannot imagine a neighborhood or community without one.
5427	7/11/2012	Very well.
5428	7/11/2012	Very well used. Always hopping!
5429	7/11/2012	Very well used. It's important to have programs for english language learners, job seekers, and computer access even though I don't personally need it.
5430	7/11/2012	It is extremely well used.
5431	7/11/2012	Always busy when I am there--either AM or later in the afternoon.

5439	7/11/2012	Senior citizens reading newspapers at the next table.[] Toddlers' voices peeling from the children's area. [] Patrons greeting staff and other patrons. [] It's a real community.
5440	7/11/2012	Very well used and appreciated.

5452	7/11/2012	I always see many people in the library. The computers are always full, even in the children section. There is usually a line at the "help" desk, even though there are two people helping.
5453	7/11/2012	Extremely well-used. Not only is it beautiful, but Central Library in downtown is a gathering place for a wide variety of people, and the varied demographics matches the immense number of resources. I have completed many a research paper in a "one-stop shop" fashion there, and have seen many others use it often and affectionately as well.
5454	7/11/2012	Very well used.
5455	7/11/2012	fairly regularly by neighborhood
5456	7/11/2012	Busy, hard to park. Usually have a waiting line for computers.

5457	7/11/2012	our branch seems to have peak times between 3-6 pm weekdays, but there is a steady flow of patrons throughout most days.

5465	7/11/2012	I have always been so happy to see how busy our St.John's branch always is,and by all ages. I have been a regular for 60 years.
5466	7/11/2012	It always seems to be busy

5468	7/11/2012	It appears to be thriving.
5469	7/11/2012	I would say extremely well, it is always reasonably busy and the children's programs seem to be filled quickly.
5470	7/11/2012	ALWAYS busy. I've never been there when there weren't a lot of people there. I've been there at opening and at closing and the branch always has people waiting to get in and lots of people who linger till pushed out. This was true even before the cut in hours. Those same people are still coming but are now compressed into fewer days/hours.
5471	7/11/2012	Very busy.
5472	7/11/2012	It seems pretty used to me.

5479	7/11/2012	very well used...it's always busy
5480	7/11/2012	very well used, it is often full, the librarians are very responsive and helpful
5481	7/11/2012	What do you mean by that question? It's a poorly worded question. Assuming you mean something like "How many people do you see using your local library?" I will tell you I am sickened by the number of homeless and vagrants using the library as some sort of place to sleep and use the bathrooms.

5482	7/11/2012	Very! I've never seen it with a small amount of people in it. There are always (and I mean ALWAYS) people in seemingly every section of the library... at least one person is sitting in every section of tables, there's always somebody using a quiet room, somebody looking through CDs, multiple people on open computers, etc. The Hillsdale library is well loved and taken care of.
5483	7/11/2012	I visit hillsdale or central weekly/ bi weekly. Hillsdale is a great resource for students and convient for SW Mult county residents. I generally am able to find the book I want unless it is new/popular. However CDs/ DVDs are lacking, either pickec over by other patrons or low stocked with returns. Staff is friendly & apprecate 2 hour limit for internet & quiet rooms.
5484	7/11/2012	It seems busy.
5485	7/11/2012	Always seems very busy
5486	7/11/2012	It is always active whenever I visit. I also use the library meeting space for work approx once a month. The meeting space is a great community benefit.
5487	7/11/2012	Midland seems to be ALWAYS well used! There are times where I can't even find a place to park & just try another day!
5488	7/11/2012	Very well---always something going on there. Usually have to wait in line to check out books. The tables are often full and the wait for a computer is often upwards of an hour.
5489	7/11/2012	I think it is very well used. I love having the library open every day, and the people who work there are stellar. I love my library and don't know what I'd do without it!
5490	7/11/2012	very well used.
5491	7/11/2012	It always seems busy
5492	7/11/2012	I am most familiar with Woodstock, but all of the Libraries we visit seem very busy every time we are there. And actually I would say the neighborhood libraries seem busier than the Central Library, but even it is busy.

5495	7/11/2012	Very well used--there are always 20+ people at any given time
5496	7/11/2012	The Rockwood library has been our favorite library for the past 3 years, we love it and go there weekly. We love all of the programs it has to offer and the events organized by its members. We've never been to a more friendlier library.
5497	7/11/2012	I'd say well. We need more hours though. People rely on the library. Especially during this recession.
5498	7/11/2012	Greatly, there are always many people there.
5499	7/11/2012	I mostly use the North Portland branch, and while a small library, it is always busy with activity. Generally all of the computers are in use and a fair number of people are browsing the stacks and picking up holds.
5500	7/11/2012	There are always people there. It feels very safe and has great memories for me of going there as a small child. I've seen other families there as well. It's very nice.

5501	7/11/2012	Extremely well used--whenever I'm at the central location (generally on my lunch hour from work) it's always very busy
5502	7/11/2012	It seems very well used and appreciated. It is a fantastic re-use of an old commercial space.
5503	7/11/2012	very well used.
5504	7/11/2012	Very
5505	7/11/2012	Very well, always busy when I am in any of branches
5506	7/11/2012	I think it is very well attended. The Gresham library is spacious and definitely fulfills a need for the location it is in.
5507	7/11/2012	Our library is always busy. The computers are often difficult to get time on.
5508	7/11/2012	It's not a busy library but there is always at least a dozen people in the building when I am there.

5513	7/11/2012	VERY!!
5514	7/11/2012	It is always very busy when we are there. Sometimes I have to wait in line to use a kiosk.
5515	7/11/2012	The computers always seem busy and it is busier when I go on the weekends and in the evening after work. I do not know about the business between 8 am to 6 pm.
5516	7/11/2012	very
5517	7/11/2012	VERY
5518	7/11/2012	very busy branch!
5519	7/11/2012	Seems well used. Always busy, and I have seen people lined up to come in when it opens.
5520	7/11/2012	Very well used
5521	7/11/2012	I think it is very well used! we love this library!!
5522	7/11/2012	well used i think
5523	7/11/2012	seems pretty busy most times that i'm there, especially kids section and computer lab.
5524	7/11/2012	Very well used.
5525	7/11/2012	Midland and Gresham are always busy.
5526	7/11/2012	Very well used.
5527	7/11/2012	It is well frequented. I'm usually in and out, but there are always people there.
5528	7/11/2012	Albina library is the library closest to where I live. It always feels a bit cramped since many people are using a small space.
5529	7/11/2012	Good but not often
5530	7/11/2012	Very well!
5531	7/11/2012	Fairly well.
5532	7/11/2012	Very well used. A lot of people really depend on it as a key community resource.
5533	7/11/2012	It usually seems pretty busy for a small branch every time I go in there.

5534	7/11/2012	the Hillsdale library seems very well used, every time I have visited the location it is also very busy. Full of people on computers, in the study rooms and checking out books. It is also full of people of all walks of life and ages.
5535	7/11/2012	We use it all the time. The library is always busy while we're there, though not crowded by any means.
5536	7/11/2012	Hollywood & Belmont are near my work and they seem to always be busy. Woodstock & Sellwood seem less busy.
5537	7/11/2012	Our local library seems to be a key component to the community it lives in. Every time we are there we are surrounded by familiar faces with the same intent...to enjoy the library and all it has to offer.[] We are hoping that the library can open again to 7 days/week.
5538	7/11/2012	VERY well used. It is almost always near or at capacity it seems. But it is well organized and it works well. Everyone seems to be there for many reasons.
5539	7/11/2012	Very well used. Good location serving diverse racial and ethnic population, steady and resourceful librarians.
5540	7/11/2012	Very used.
5541	7/11/2012	They always seem bustling with people when I'm there. I would say the three branches I frequent are VERY well used.
5542	7/11/2012	Extremely well used. Our family typically has between 30-50 items out. Books for kids, parents, movies, books on tape, etc..
5543	7/11/2012	extremely well used
5544	7/11/2012	There seems to always be a lot of people there.
5545	7/11/2012	Well...It looks well used (does have quite a few people in it when I'm there).
5546	7/11/2012	Fair amount
5547	7/11/2012	always seems to have lots of people there especially using the computers. I used to use it more until i bought a kindle, now I buy my books. Haven't figured out how to download books from the library yet
5548	7/11/2012	Extremely well used. It's always full of users when I am there.
5549	7/11/2012	I rarely use the neighborhood library because the books tend to be for children and I have better success finding what I need at the central library.
5550	7/11/2012	Central Library is one of the busiest libraries—and places, really—I've ever been in, and during lunch hour could rival Grand Central Station.
5551	7/11/2012	It's very well used there is a line at the door for opening times and it's always full of people.
5552	7/11/2012	Looks pretty busy when I stop in
5553	7/11/2012	Well used
5554	7/11/2012	The libraries I use are always busy.
5555	7/11/2012	very
5556	7/11/2012	It is utilize to cover a million people trying to find a specific book to fit their feasibility

5557	7/11/2012	Appears to be very active; most of my visits are on the weekend and I see many families/adults with children which lends a real neighborhood/community feel to the branch. Yet I am older and not raising a family so my personal priorities do not always reflect "family life".
5558	7/11/2012	Always many people in the library when I visit.
5559	7/11/2012	The Woodstock Library always seems to be busy.
5560	7/11/2012	It's almost always busy when we visit.
5561	7/11/2012	Very well used.
5562	7/11/2012	It seems to be busy whenever I have gone there.
5563	7/11/2012	It's always very busy
5564	7/11/2012	Belmont is my local library. It is very well used as far as I can tell. I go there on different days at different times and it is always very busy--lots of activity of people browsing the shelves, people on computers, kids, people checking out materials. I love it.
5565	7/11/2012	The Belmont Library is always hopping. I love it.
5566	7/11/2012	Seems pretty busy!
5567	7/11/2012	always lots of people there. it is a fun and busy place.
5568	7/11/2012	There's not enough parking to get in. That is why I rarely go - I can't find a place to park and have to leave. Plus the hours are limited in the evenings and it is closed before I can get to it. It is frustrating for me. The times I've managed to get in during the morning, there's been a line of people waiting for the door to be unlocked (mostly to use the computers). I like having the resource so close to be, but am frustrated that I can't often get there.
5569	7/11/2012	I'm not sure.
5570	7/11/2012	I would say that quite a few people visit it. It's nice because it's not the busiest library, but at the same time, there are many people.
5571	7/11/2012	There are always a LOT of people at Kenton Library.
5572	7/11/2012	very busy
5573	7/11/2012	not usually too busy, but active.
5574	7/11/2012	It is very busy every time I enter.
5575	7/11/2012	The last time I was there it was not super busy
5576	7/11/2012	I don't think I've ever been in the library when there was no one using it. Often, there are no computers free. I see it as very well used.
5577	7/11/2012	Very well used.
5578	7/11/2012	always seems busier than Starbucks
5579	7/11/2012	The Kenton library is always busy. I have already noticed the inconvenience the reduced hours have created. We need the levy to restore the library to normal operating hours.
5580	7/11/2012	Our local library is great.I love the fact that they got new system to check out books, Cd, or DuDs(Machines)
5581	7/11/2012	VERY well-used.

5582	7/11/2012	Very well....never any parking!
5583	7/11/2012	Very! I always seem a large and diverse group of people doing any number of things there. It makes me so happy!
5584	7/11/2012	Always full of library patrons, children, seniors and folks using computer resources.
5585	7/11/2012	Belmont is usually thronged.
5586	7/11/2012	It is very well used as every time I go there, there are always lots of people there and they are using everything from checking out books and media to using the computers there and other programs as well.
5587	7/11/2012	They always seem busy
5588	7/11/2012	Very well. It's tiny, but it's always full of people & friendly librarians/aides.
5589	7/11/2012	Very well used. It serves a great need in the community. It's always busy.
5590	7/11/2012	Very well used.
5591	7/11/2012	Always lots of people there when I go
5592	7/11/2012	The sellwood library is heavily trafficked when ever I'm there, if that's what is meant by 'used'. And that's a good thing. A bad thing is that library decorum has gone the way of the dodo. It wasn't that long ago they were quiet places.
5593	7/11/2012	The library is busy and full of people whenever I am there. People are looking for books, reading magazines, using the computer, reading with their kids, using the reference materials, consulting the reference librarian, checking out materials, etc. etc.
5594	7/11/2012	Quite- always a variety of young and old during the day, and professionals popping in after work to pick up books.
5595	7/11/2012	Well used
5596	7/11/2012	Seems pretty popular whenever I go in there.
5597	7/11/2012	Fairly well used, there are always people there when I visit. The parking lot is usually full (though it is admittedly small).
5598	7/11/2012	Midland is the one I'm in the most. It usually seems busy.
5599	7/11/2012	Always busy.
5600	7/11/2012	Very! It's always hopping.
5601	7/11/2012	seems pretty busy on the weekends.
5602	7/11/2012	Very well used!
5603	7/11/2012	Rockwood seems particularly busy when I visit it. People are always waiting for computers.
5604	7/11/2012	There are always lots of people around when I go to either the Central or the Belmont location. Always a wait for the computers, always lots of patrons sitting at the tables. It's lovely to see!
5605	7/11/2012	VERY!!!!
5606	7/11/2012	Fairly well used, but not bustling.
5607	7/11/2012	Very well. Our neighborhood demographic is changing into more young families and new fun businesses. People walk around here now...and right into the library.

5608	7/11/2012	Great, thank you for your help :) we love you :)
5609	7/11/2012	? Vague q? Very.
5610	7/11/2012	Very
5611	7/11/2012	Very well
5612	7/11/2012	My local branch (Sellwood) is always busy when I visit.
5613	7/11/2012	Very well used. Everytime I go in there, I see a lot of people
5614	7/11/2012	very well, belmont and hollywood, and woodstock, and central of course
5615	7/11/2012	Very! Always a line for computers. I visit the library at different times of day and am always surprised by how full it is.
5616	7/11/2012	A Lot every time I'm in there....
5617	7/11/2012	Extremely well. Perpetually busy. Multiple kids of different age groups use the kids section. Adult and kid computers are always in use. Librarians are some of the most helpful I've ever come across in the U.S and U.K.
5618	7/11/2012	Always busy!
5619	7/11/2012	Very. Always lots of people and children
5620	7/11/2012	extremely well used
5621	7/11/2012	very
5622	7/11/2012	Seems very well used (Kenton). I use it, but more for DVDs than books, because I work downtown.
5623	7/11/2012	Always busy
5624	7/11/2012	Meaning how many people do I see using it during our visits? Many. Last Sunday there were at least 20 people patiently waiting (reading - ha!) for the noon opening. The computers are almost always full, two or three families at any given time and usually a one person wait until the check out opens up. [] [] Meaning how well worn like a used book? Not very. Both Hillsdale and Sellwood are relatively new and in tip top shape. Capitol is somewhat outdated and dark (lighting wise) but certainly usable.
5625	7/11/2012	It is used in a very heavy manner so much that I , we, my wife and I worry about burnout of the staffs at the North Portland, Kenton, St. Johns, and Albina libraries. They need new staff and better funding.
5626	7/11/2012	Very well used!
5627	7/11/2012	very well used
5628	7/11/2012	Not very
5629	7/11/2012	People line up outside when opening time is near. If that tells you anything.
5630	7/11/2012	The library is heavily used. I see teachers and students from the nearby Markham school often.
5631	7/11/2012	Belmont is always busy when I go, any time of day
5632	7/11/2012	well used
5633	7/11/2012	Always very busy
5634	7/11/2012	excellent
5635	7/11/2012	Very. It provides books for knowledge and encourages reading and learning for our youth!

5636	7/11/2012	very used and always busy.
5637	7/11/2012	very well used
5638	7/11/2012	Very well used. I used to live by the Belmont branch, which was also always full.
5639	7/11/2012	I see it used often and it is never empty. I would love to see more people visit regularly, but I've never been concerned by attendance rates.
5640	7/11/2012	I see the library being used every time I go into to it. It always has people on every aisle and many children in the kids area. I mostly go in after work around five pm.
5641	7/11/2012	I think extraordinarily well used.
5642	7/11/2012	It seems busy whenever I'm there.
5643	7/11/2012	Seems to be quite well used.
5644	7/11/2012	well used
5645	7/11/2012	It is well used, always busy.
5646	7/11/2012	There is always a fare amount of people at the Albina Library. Computers always in use, storytime always fills up, and lots of books on the hold shelves. I live nearby and stop by the library at least once a week. I use the library A LOT for books and movies.
5647	7/11/2012	Every time I go it is always busy.
5648	7/11/2012	It is used often and is essential to the community
5649	7/11/2012	Its usually relatively packed when I'm there. I would say its used very well.
5650	7/11/2012	We feel like it is very well used. We've just begun using the belmont library as we are closer to it now. We used to use the woodstock library.
5651	7/11/2012	It is pretty well used I guess I would say. I always see people there.
5652	7/11/2012	Very well used. Plenty of people are here at any given time, and I check out a lot of things myself.
5653	7/11/2012	Very! There is hardly ever enough bike or car parking because so many people use Belmont. There are folks waiting outside each day for it to open. Computers are always busy, and tons of people have books on hold. The librarians and checkout systems are often busy.
5654	7/11/2012	They seem to be well used. I am a social worker and many of my clients with no income depend in the library for reading materials, some for Internet access
5655	7/11/2012	The library is very well used by druggies & perverts. I would use the library more often if it wasn't for the homeless, druggies, and perverts hanging out. Last time I was there I had to walk past clouds of pot smoke on the library steps to get into the building. I'm glad my kids are grown, the library used to be a safe family place, I wouldn't dream of bring children there now.
5656	7/11/2012	very used
5657	7/11/2012	I believe it is well used
5658	7/11/2012	it is usually very busy with people lined up outside, waiting for the doors to open. the parking lot (small) is usually quite full and it seems busy even when I merely drive by. it's a valuable community resource.

5659	7/11/2012	based on the plethora of materials and tools available I would think there would be a line around the block to get in. I'm extremely happy about the investments in eBooks and childrens' programs. thanks for all you do for every member of the community.
5660	7/11/2012	I live in between two libraries, the Capital Hill location and Tigard in Washington county. I drive the distance to go to the Tigard because I feel it has a better selection for both my son and I. He gets books and a couple videos weekly and I love self help books. Its really all about the selection and the lack of one I feel that the Capital Hill location has.
5661	7/11/2012	Midland branch is bustling daily, and quite frequently it is difficult to locate a parking place. Many individuals use the computer center for job searching. Others, like myself, use the library resources for the furtherance of our education. It is close, convenient, and staff is knowledgeable and courteous.
5662	7/11/2012	Appears to be very well used.
5663	7/11/2012	Very well loved!
5664	7/11/2012	Well used, usually busy when I am there.
5665	7/11/2012	super well used!

5668	7/11/2012	It seems a busy and vibrant place.
5669	7/11/2012	it's always busy when I visit.
5670	7/11/2012	Very.
5671	7/11/2012	I think it is very popular. There are always lots of folks here - especially at the computers.
5672	7/11/2012	There are always a bunch of people in the library. Some times I have to wait in line to check out books.
5673	7/11/2012	very well
5674	7/11/2012	Pretty well... Generally busy when we are there
5675	7/11/2012	It is always very busy.
5676	7/11/2012	Very well used.
5677	7/11/2012	Always seems busy
5678	7/11/2012	I always see many people using library on Holgate and downtown. Library users will be immensely impacted with a 6-day week schedule.
5679	7/11/2012	always seems pretty busy
5680	7/11/2012	uncertain
5681	7/11/2012	When we visit it is uually busy.
5682	7/11/2012	It seems to have a good amount of people in it when I'm there
5683	7/11/2012	The Woodstock Library is usually busy when it is open.
5684	7/11/2012	very well used.

5688	7/11/2012	Very well used by people in my community
5689	7/11/2012	It always seem very busy--right up to closing time.
5690	7/11/2012	Albina and Hollywood are always very busy. The staff are very helpful and courteous.
5691	7/11/2012	I have no clue as I almost never set foot inside the local library. However, I reserve books online that my husband picks up from me there.
5692	7/11/2012	constantly busy
5693	7/11/2012	Very used.
5694	7/11/2012	Downright bustling.
5695	7/11/2012	We LOVE our library and see many friends, neighbors and community members there each week.
5696	7/11/2012	well used
5697	7/11/2012	Often busy, particularly the central library
5698	7/11/2012	Well used I feel
5699	7/11/2012	Very well used.
5700	7/11/2012	Belmont is a small but well-loved library.
5701	7/11/2012	Very well used
5702	7/11/2012	They are always very busy, frequently near capacity.
5703	7/11/2012	Extremely well used. The parking lot is always full all hours that it is open.
5704	7/11/2012	There are always a number of patrons using the library. It is well used for its size.
5705	7/11/2012	Both libraries are always very busy. Its not the quiet place of my youth, but a bustling social center for our community. My children are growing up learning wonderful things about our community there. And thank you for supporting us through programs and free books from UPS when the children were born, we still read those books on a regular basis.
5706	7/11/2012	Computers are generally always in use.[] Rockwood Branch childrens' section is utilized to the point of crowding, especially in the afternoon.
5707	7/11/2012	How well used? I'm not sure. We go weekly to do returns and pick up books/CDs/DVDs and there are always people there, and the employees are always very friendly and helpful. We have been going ever since we moved here, about 12 years ago. I enjoy it very much, I love libraries! Though I do wish people who visit them would be a little more quiet. Like you're supposed to be when in a library.
5708	7/11/2012	Very!
5709	7/11/2012	Well-used. It is generally busy (Central library)
5710	7/11/2012	Very well used.
5711	7/11/2012	It always seems busy when I go there. It seems like the computers are always busy and has lots of books on hold for people.
5712	7/11/2012	Always pretty busy! Albina is closest to my house and NW is closest to my work. Both branches are small in size, but seem to serve a lot of people in a lot of ways.

5713	7/11/2012	The libraries I use are busy all the time. The Rockwood library is a place I use weekly. There are always lots of people there. Many waiting for computers. The Holgate library is probably the least crowded, but I would consider it well-used.
5714	7/11/2012	When I visit the Holgate library daily between 12:00 - 1:00, the library is always full of adults and children. All the computer terminals are full, as well as all the tables with people reading books, newspapers, or using their own laptops. On days the library opens late, 20-30 people are gathered at the front door waiting for the library to open.
5715	7/11/2012	pretty well used in this neighborhood and appreciated, too
5716	7/11/2012	Seems fairly well used. There are always quite a few people there when I visit.
5717	7/11/2012	Very well used - always busy - pleasantly busy - not crowded.
5718	7/11/2012	Very there is always people there and my kids love to go there and read use the wifi and do school work
5719	7/11/2012	Very well used. Always several people checking out books, using computers and browsing.
5720	7/11/2012	Very!
5721	7/11/2012	well used, it seems to attract a large group of interested users
5722	7/11/2012	very well populated at all times of the day/week
5723	7/11/2012	Seems busy every time I am there. Very helpful staff - extraordinary, I think.
5724	7/11/2012	very!! extremely busy when ever I am there--many kids' programs, computers always in use, etc.
5725	7/11/2012	We love our local library - the staff, the books, the concerts, and other fun stuff for our 5 year old.
5726	7/11/2012	Busy all the time! I love to see the mother/toddler group meeting there in the mornings when I stop by on my way to work. My neighborhood (St Johns) has a lot of low income folks who make use of the computers.
5727	7/11/2012	Very well used!
5728	7/11/2012	Always lots of people there.
5729	7/11/2012	NW library is packed with lots of traffic coming and goin all year around.
5730	7/11/2012	Central is of course well used
5731	7/11/2012	It always gets a lot of traffic and lots of books are checked out. Many people use the tables to meet and work. So I think it is quite well used.
5732	7/11/2012	Very well used
5733	7/11/2012	always seems busy! Being an older adult and going back to college I use it a lot. It been very nice having re- familiarized myself to the library and finding out all the benefits my library card entails.[]
5734	7/11/2012	I love getting the newsletters in my e-mail to keep me updated on what is happening in the community. The various informational seminars given and of course the computer classes and job skill resources...it's been excellent getting to know the library again. [] [] Really more people should use it.

5735	7/11/2012	appears to be bust particularly the PCs
5736	7/11/2012	It was very full when I was there
5737	7/11/2012	The Book Babies class that we go to is very well attended.
5738	7/11/2012	Belmont Library seems to always have many people in it throughout the day. I have gone at different times and I rarely see it empty.
5739	7/11/2012	I see many people use the library more than myself. I rarely use it. But when I do it's to learn a new skill. I check out books that introduce me to that new skill and help me hone it.
5740	7/11/2012	It is always full of people and activity. The hold shelves are quite full. I usually choose my books online and pick them up from library and seems a lot of us do that. My grandson is a toddler and his family greatly appreciates the story time and access to books that would be difficult for them to afford otherwise.
5741	7/11/2012	Very used, there is always a large group of people ther on computers, reading, checking out books, studying,etc. It is a hub for our community activities, particularly because Gresham does not have a community center.
5742	7/11/2012	It is highly used and wish the hours would stay open longer for the students more than myself!
5743	7/11/2012	very busy
5744	7/11/2012	It is always busy whenever I go, mostly on the weekends.
5745	7/11/2012	It is full every time I go in.
5746	7/11/2012	It appears to be very well used.
5747	7/11/2012	I consider all of the locations I utilize to be well used by myself, family and friends in the area.
5748	7/11/2012	It is a very busy place all the time.[] The parking lot is almost always full.
5749	7/11/2012	Each and every time I visit the Albina library it is bustling with activity. It seems to be very busy. Each story time that I take my children to is always well attended as well.
5750	7/11/2012	The Rockwood and Gresham libraries are well used.
5751	7/11/2012	Seems fairly busy every time I've been in there. The internet access especially is heavily used. It is hard to find a computer to use the few times I've needed to do so at the library. Unfortunately, this is due to nearly all users being teenagers/young adults browsing social media sites, but I can't think of an effective way to reduce misuse of the library resources that doesn't prevent or inconvenience legitimate uses.
5752	7/11/2012	The Holgate library is a very, very necessary part of the neighborhood. It is used well!
5753	7/11/2012	Very
5754	7/11/2012	My regular library is the PSU library -- it is used nearly to capacity.
5755	7/11/2012	Very well used for a variety of events and activities.
5756	7/11/2012	It is always busy.

5757	7/11/2012	Very. I went recently on a Monday morning to drop off a book (it was 9:55 AM) and there were about 20 people waiting to get in. A line at the library. How wonderful is that? There are always a lot of people at the Hollywood library. We love it!
5758	7/11/2012	It is busy whenever I go.
5759	7/11/2012	Very! Almost always full of people when we visit on random days each week.
5760	7/11/2012	It seems to be a hub of constant activity and always seems almost at capacity with readers young and old and in between.
5761	7/11/2012	Since i don't go regularly it is difficult for me to say. Keeping that in mind I would say that the Capitol Hill branch is a well used library and a focal point for that neighborhood.
5762	7/11/2012	Exceptionally. Always busy.
5763	7/11/2012	Very.
5764	7/11/2012	Parking is very scarce near the library during opening hours!
5765	7/11/2012	Very busy
5766	7/11/2012	There are always many people in the library.
5767	7/11/2012	Well-used
5768	7/11/2012	It is very busy at all hours, and there is a line at the door waiting for it to open nearly every day.
5769	7/11/2012	Seems to be pretty well used, always people there.
5770	7/11/2012	Seems busy each time we're there--full classes, full computer area, lots of activity
5771	7/11/2012	very busy by seniors, high school students, local hispanic families, story time for young children, presentations for community.
5772	7/11/2012	Every time I go to the library, I find it well populated.
5773	7/11/2012	The library is used very often by so many people, it is an essential part of being able to live in Portland and the library should be opened sometime every day of every week.
5774	7/11/2012	I feel it is very well and often. There is helpful staff and tons of resources for various things. I am a bit disappointed that the hours of operation have changed though.
5775	7/11/2012	Very well
5776	7/11/2012	Very. It always seems busy.
5777	7/11/2012	Seems very well used, busy whenever I am there, friendly space for kids, lots of computer users
5778	7/11/2012	PROBABLY VERY WELL USED. ROCKWOOD IS MY CURRENT PLACE OF USE. THEY HAVE NEW CARPET, NEW PARKING LOT PAVING, SOME NEW PAINT. IT IS LOOKING VERY KEPT AT THE PRESENT TIME.
5779	7/11/2012	I don't know what me and my wife we can do to teach and parenting my kids without the help of the public library. the librarians are very helpful and knowledgeable people. and they are always happy to answer with anything I ask them.
5780	7/11/2012	always seems to be very busy.

5781	7/11/2012	seems pretty busy when we go--all ages and types of people very community
5782	7/11/2012	well
5783	7/11/2012	Very well used. The library is always busy when I am there. Every computer is in use and there are always people lined up to check out books.
5784	7/11/2012	It seems very busy every time I am there
5785	7/11/2012	It seems to be well used. There are always people there using the computers or reading.
5786	7/11/2012	there is always 25 people in the front rooms, every time i have been there
5787	7/11/2012	I don't know. My husband goes in. Until recently, we used Gregory Heights almost weekly. I resented the fact that while my husband and I have to work very, very hard at our jobs, invariably two librarians would be sitting at a desk doing virtually nothing the whole time we were there, and one would be doing the world's easiest job of checking out books. When we owe a small fine, the librarian wouldn't even bring it up. I have hazy recollections of similar experiences at other branches. Yet, we are supposed to pay even MORE property taxes?
5788	7/11/2012	Many people at preschool story time. Seems to be a good amount of adults on the computers, mothers with young children, and teenagers after school.
5789	7/11/2012	Very
5790	7/11/2012	Always very busy, with wait times for computers
5791	7/11/2012	It seems very well utilized for it's size.
5792	7/11/2012	Albina is always hopping. Whenever we are waiting for the library to open we are always part of a group. I listed Hollywood but we aren't there as often.
5793	7/11/2012	It appears to be busy whenever I am there.
5794	7/11/2012	well used
5795	7/11/2012	not sure
5796	7/11/2012	Very well used, always busy.
5797	7/11/2012	Very
5798	7/11/2012	The majority of the people who seem to use the library tend to be homeless people. They don't pay taxes - so i'm not sure why they're welcomed. It is also used for its bathrooms and a place to sleep. The way I use the library and the way in which others I know use the library is that we place books on hold, pick up the books when they arrive, and leave.
5799	7/11/2012	Well used
5800	7/11/2012	Very well used. It is always busy but the staff do a good job of keeping it up.
5801	7/11/2012	Very well used. The parking lot is full and there are always many people in the library.
5802	7/11/2012	There are always people there when we go to our neighborhood library (North Portland). It seems to be well used. The downtown library is also usually pretty busy.
5803	7/11/2012	It seems people mainly go there to use the free computers.

5804	7/11/2012	Very well used by kids after school, seniors during the day, mothers and fathers with small children -- for books, for reading times, for computer access (which seems to be especially crucial), for a sometimes quiet place to be.
5805	7/11/2012	I do most of my interactions online, so I'm not sure. When I go in, it generally looks pretty crowded
5806	7/11/2012	well used
5807	7/11/2012	Very busy, a great neighborhood resource
5808	7/11/2012	I feel like my local library is always busy and being used by community members. Specifically, the computer internet stations are ALWAYS in use.
5809	7/11/2012	pretty well used. There are always quite a few people there when I go.
5810	7/11/2012	used enough for me to wish it were quieter
5811	7/11/2012	It is always busy and full of people of all ages.
5812	7/11/2012	There are always a lot of people at the library and always a line to use the computer.
5813	7/11/2012	I think it is amazing that you are able to do so much with relatively so little. This is an absolutely invaluable asset to our community. I will always vote to sustain it.
5814	7/11/2012	Very well used!
5815	7/11/2012	Very well used.
5816	7/11/2012	Very well used.
5817	7/11/2012	very well used
5818	7/11/2012	Very well used.
5819	7/11/2012	very well used, especially the computer resources
5820	7/11/2012	There's probably at least 40 patrons every time I'm in the Holgate branch.
5821	7/11/2012	The computers are always in use. Lots of traffic in and out every time I'm there.
5822	7/11/2012	Very well used.
5823	7/11/2012	Always very busy.
5824	7/11/2012	It's always busy.
5825	7/11/2012	It is always busy and full of people whenever I am there. I think it is very well used.
5826	7/11/2012	It is very well used! I see people there all the time and sometimes it's even hard to find parking.
5827	7/11/2012	It is always packed with children, young adults, and seniors. It is wonderful to see so many enjoying our small branch.
5828	7/11/2012	I enjoy going there and have had access to a wide range of material. Although things aren't supposed to "bustle" in a library, it is always occupied such that all or nearly all computers are filled and people are wandering around or reading. Books are checked out often enough for me to put my name on waiting lists for them.
5829	7/11/2012	very very!!

		I do not understand your question here -- how well used is my library? If you mean do I notice a lot of folks using the library and enjoying it? Well, yes, I do. It is difficult in the winter months when the homeless use the library for shelter, as some are a little aggressive and leave me feeling unsafe for myself and my family.[]
		[]
5830	7/11/2012	If you intended to ask, 'how much do I utilize my library?' -- the answer to that is: I have been blessed as a person, a mother, and a student at PSU to be able to use your resources for myself and to help others.[]
		[]
		Our libraries are an invaluable resource -- there is nothing like the feel of a book that others have read, the paper of the pages, the smell of the book itself . . . it is wonderful! Hooray for our libraries -- and especially for those who work so hard for us to have this wonderful privilege to share.[]

		Thank you!!
5831	7/11/2012	Very well used, it's always full of people
5832	7/11/2012	Seems to be quite well used. Generally full on weekends and evenings when we go.
5833	7/11/2012	very good
5834	7/11/2012	Very well used and well loved
5835	7/11/2012	Extremely, people of all walks and backgrounds use it for necessary computer access as well as books and other media
5836	7/11/2012	There are always people there using the pc's and checking books out. This is at the Sellwood-Moreland and Woodstock branches.
5837	7/11/2012	All three libraries we use, including the one nearest our house, are extremely busy nearly all the time. I sometimes can't decide whether they feel vibrant and lively, or overstuffed and overflowing. Other cities I've lived in definitely had more floorspace!
5838	7/11/2012	There are always other people there when I go to the library, no matter when during the week. There are always children reading books, and adults on their laptops in the quiet room.
5839	7/11/2012	Well
5840	7/11/2012	Always seems busy. Always a bit of a line waiting for it to open as well.
5841	7/11/2012	It seems to always be busy.
5842	7/11/2012	Very well used.
5843	7/11/2012	me and my friends go frequently.
5844	7/11/2012	Everytime I go into the Gresham Library there are crowds of people. I would say at the least 50 or more people are there just when I am there. The library is well used.
5845	7/11/2012	Don't know
5846	7/11/2012	often
5847	7/11/2012	Always lots of people there!

5848	7/11/2012	Well used.
5849	7/11/2012	I seems to be very well used. There are always a good number of people using the library while we are there and always at least 10-15 kids at story time.
5850	7/11/2012	Very it is always inhabited, with all ages of citizens. It's a really buzy place. Belmont, my main library, is always full, which is wonderful. All ages, all types; I love it.[]
5851	7/11/2012	I like that the librarians know me, if not by my name, but often by my interests.[] When folks visit me from out of town, I take them to the Central Library; it is such a beautiful place to be. And many want to return when they visit again.
5852	7/11/2012	Quite alot
5853	7/11/2012	It is always busy with many people coming and going.
5854	7/11/2012	It seems busy every time I'm there.
5855	7/11/2012	I usually see a good amount of people at the library when I stop by.
5856	7/11/2012	It's always busy!
5857	7/11/2012	Very well. It's usually quite busy especially on the weekends.
5858	7/11/2012	Extremely well used. The branches I go to regularly are usually buzzing. I often see people waiting to use the computers.
5859	7/11/2012	The library seems busy every time I'm there, especially of kids.
5860	7/11/2012	Very well always 10-20 people there.
5861	7/11/2012	We live by Hillsdale and go there and to the St John's library by the grandparents' house and those are both always full of people, hard to find a seat and many books out when you want them, long waiting list lots of times
5862	7/11/2012	There are always lots of people in the library whenever I have been in there.
5863	7/11/2012	Very well used
5864	7/11/2012	It's a small library and there is always a crowd when I go there
5865	7/11/2012	I don't know.
5866	7/11/2012	Seems pretty busy most of the time.
5867	7/11/2012	Pretty well used. The kids' stpry times seem to always be full and there are always people milling about and using the computers
5868	7/11/2012	I feel it is very well used by a true cross section of the area (based on age, sex, and some assumption about the race of people I don't know). It seems to be a very popular spot, especially for the school age children and parents with toddler/preschool age children.
5869	7/11/2012	Our library seems to have a very good following. It is well run and the people who work there are very helpful and nice to work with.
5870	7/11/2012	Very
5871	7/11/2012	It always looks full when I visit.
5872	7/11/2012	Pretty well used, I'd say. Both that I visit always seem to be busy.
5873	7/11/2012	It is busy all of the times I am in there!

5874	7/11/2012	It is very well used by me and by my neighbors. Often there is a group waiting for the library to open, and at closing time there are still several people there.
5875	7/11/2012	It's always full of people, so I'd say used very well
5876	7/11/2012	It is used alot always alot of people there
5877	7/11/2012	The well educated locals use it as a source of info., education, and sometimes for social interactions (good chess program). The less wealthy and less well educated use it as a main source for computer/internet access. The children in K-12 use it for computer access and books in their own languages (a large portion of St. Johns does not speak English as a primary language.... Spanish, Russian, & Hmong abound). Mothers with pre--schoolers make use of the children's story hour activities. And since it is right across the street from the St.John's Elementary School, the teachers and the families use it both as a source for books and as a safe place to wait for their parents to pick them up from school when "life" interferes with their scheduling.
5878	7/11/2012	The services that the libary has provided has been invaluable to my household. Being low income, I know that the library can provide a safe and rich learing and entertainment enviroment for my child. I know that I can order newly released book from any libary. I can download free songs once a week. My child can go to the staff comfortably and ask any question, and in fact, she learned how to ask someone for what she needs at the libary . If my computer is down and I need to print off forms for a job, I can count on the libary. The bulletin board of the activites and happenings in the neighborhood is always up to date. And more then anything...it is air conditioned and I get to catch up on the latest Ophrah magazine. Thank you. Thank you so much for all that you do for me and mine. I wish that money spent on defence went to you instead. But that is not the world we live in. Yet. Mayhap, someday. Until then, we will do what we have to do, and you will always and forever have my support.
5879	7/11/2012	It always seems busy.
5880	7/11/2012	it is always crowded.
5881	7/11/2012	I'm not sure how to measure this but my local libraries are always busy. I visit 1-2 libraries a few times a month and they all appear very well used.
5882	7/11/2012	I feel the Midland library is used fairly extensively.
5883	7/11/2012	It's used a lot
5884	7/11/2012	HOlgate is very busy. We wish it was a brighter library like Belmont, but we will take it however it is lit. It's a bustling branch; we try to go off-hours.
5885	7/11/2012	There always seems to be plenty of people at all three branches when I am there (weekday evenings and weekends). I have always had to wait a little while (not too long) if I need to use a computer.
5886	7/11/2012	Very!! It is busy 7 days a week during open hours. I've never see it not busy.
5887	7/11/2012	Quite, it is always filled with a broad cross section of people from parents with young children to older people using the computers.
5888	7/11/2012	There seems to always be a lot of people there every time I visit.

5889	7/11/2012	I borrow books and movies to read and watch. When i was going to to school it was a good resource tool for projects.
5890	7/11/2012	I love our library and I think it is well-used.
5891	7/11/2012	Everytime I'm in there, it's full of kids.
5892	7/11/2012	very!
5893	7/11/2012	The holgate branch always seems very busy often crowded. I often have to wait a long time to use a computer
5894	7/11/2012	I like the bookshelf with current books.
5895	7/11/2012	There is a steady stream of people visiting our library.
5896	7/11/2012	Busy but not too busy. Always has lots of people in it.
5897	7/11/2012	Seems busy
5898	7/11/2012	Always busy.
5899	7/11/2012	there seems to be people there all the time.
5900	7/11/2012	Very well. Busy.
5901	7/11/2012	I have never seen less than 12 people in there at any day or time. It is well used for this neighborhood and size of space
5902	7/11/2012	My local branch is Hollywood. Everyone familiar with it would agree that throngs of people wait outside to use it each morning. It looks like a line for a rock concert out there before 10 am. It's populated.
5903	7/11/2012	It seems to always be pretty busy
5904	7/11/2012	Very
5905	7/11/2012	All of the branches I use tend to be quite full when I'm there.
5906	7/11/2012	N/A
5907	7/11/2012	Very well used
5908	7/11/2012	It's always full, no matter what time or day I am there.
5909	7/11/2012	Very used. The library always has lots of people in it. The Kenton library is in a great location and a great part of our neighborhood.
5910	7/11/2012	I think very well used...whenever I go in, usually morning or afternoon, there are always lots of people. It is never empty.
5911	7/11/2012	I use the Central Library and do not use the local library.
5912	7/11/2012	Very! Busy every time I'm there with all ages; computers almost all busy; Multiple people using self check-out systems.
5913	7/11/2012	Okay. Belmont seems to be full most of the time. It's a small space but densely used. Outside bike racks full of bikes - adult and kid
5914	7/11/2012	sized . Always plenty of kids with parents in the children's section. Rarely an unoccupied computer. It's a hoppin' place, very welcoming and well maintained.

5915	7/11/2012	I think the Belmont Library is very well used, and since it is a small library, I know most of the staff since I go so often and have been volunteering there for 3 years. I also am familiar with other library users because of how close knit the Belmont library is. Without the Belmont library, I would rarely go to the library only because the others are so far from where I live. Please keep funding Multnomah Libraries!!!
5916	7/11/2012	Extremely! There are often people waiting outside the door before it opens. Very busy and well loved library.
5917	7/11/2012	It is always active.
5918	7/11/2012	Very! There are people waiting to get in on the weekends, as soon as the doors open. And it is often bustling until the lights start flashing for close.
5919	7/11/2012	Quite; computers often are busy, requiring a wait. Lots of kids around; wide range of ages.
5920	7/11/2012	I think it is very well used--the remodel to the Belmont branch was a nice addition and every time i go into the library, its crowded. Same with the Central Library.
5921	7/11/2012	Quite. It's always busy when I go in. I often park on the street because the parking lot is full.
5922	7/11/2012	It's moderately used. Whenever I'm there the library is busy at a steady rate, but not too busy. Its the perfect place for me to get my school work done.
5923	7/11/2012	I enjoy going to the Rockwood library but wish there were more adult/teenage classes.
5924	7/11/2012	it's usually crowded.
5925	7/11/2012	Always busy
5926	7/11/2012	Used a lot more before I got an iPad. Now I get free books on Amazon or other sites.
5927	7/11/2012	Very well used.
5928	7/11/2012	Very busy. Computers are used non-stop. There always seems to be something going on when I'm there.
5929	7/11/2012	Very well used. Children from daycares come there.
5930	7/11/2012	It is always busy when I go there. It appears to be well used and appreciated.
5931	7/11/2012	It is always very crowded
5932	7/11/2012	I think it is very well used.
5933	7/11/2012	Always busy.
5934	7/11/2012	It's crowded every time I go in there, regardless of the day or hour, with a wide variety of people of all ages.
5935	7/11/2012	It is very well used. It provides excellent material for all its customers and satisfies their many needs.
5936	7/11/2012	Hillsdale is pretty brand new looking still and central is just classic
5937	7/11/2012	It is always very busy and full.[] (And no parking!)
5938	7/11/2012	I go 2-3 a month. not quite weekly. It has always been busy at the computers and usually a line to check out. The new scan and check out system appears to be a good idea as soon as users get used to where the buttons are located. The visual screen could be improved. I usually have to exit and then re-do.

5939	7/11/2012	I use the library's resources two or three times a week, whether to check out media or to use the printers. It's always crowded when I go, which is usually during off-peak hours on weekdays. I see people of all socioeconomic and racial backgrounds whenever I go.
5940	7/11/2012	I honestly don't know. I usually find what I want online and request to pick it up at my local branch. I probably only browse around once every few months. Whenever I go inside there are always plenty of people in there working on the computer, browsing, etc...
5941	7/11/2012	It seems well used--there is usually a wait for computers, many items on hold shelves, and patrons seated at most tables.
5942	7/11/2012	It always seems busy when I go.
5943	7/11/2012	always full. very well used
5944	7/11/2012	The Belmont Branch is ALWAYS busy when I use it. I generally just go to pick up and return books that I have ordered online. This is a fantastic system that basically gives you the entire library in your home. I am not sure that this is well understood in the community.
5945	7/11/2012	Very well - it is always busy
5946	7/11/2012	Very
5947	7/11/2012	There always seem to be lots of people there.
5948	7/11/2012	very
5949	7/11/2012	Very. Always busy and often a line at the door before opening.
5950	7/11/2012	Very
5951	7/11/2012	I am not sure. I just moved from out of state and used the library once.
5952	7/11/2012	Always busy. We visit sometimes twice a week.
5953	7/11/2012	very. It's always busy. At Capitol Hill there often are not enough power outlets for those who bring their own computers.
5954	7/11/2012	Pretty new.
5955	7/11/2012	Always people waiting for it to open. We used to go on Monday am as soon as it opened to get new books on CD for business travel. Will really miss this interruption in service.
5956	7/11/2012	It always seems busy with young families. The computers appear to be continually in use, mostly by teens and job seekers.
5957	7/11/2012	Bus all the time !
5958	7/11/2012	Very well used, especially by young children.
5959	7/11/2012	very well
5960	7/11/2012	Busy everytime I go there.
5961	7/11/2012	Very busy, very popular kids programs. Good array of programs at Belmont
5962	7/11/2012	Very well used. It is always busy and always has a great community feeling with people of all ages.
5963	7/11/2012	Very well used, with patrons often waiting outside for opening time and staying right up to closing time.
5964	7/11/2012	There are always people of all ages in our library.

5965	7/11/2012	I always seems full of children and very loud. There is no quiet space, though, nor are there comfortable chairs. There is nowhere to just sit and read a book. Still, it seems very well-used.[] []
5966	7/11/2012	I also use the Killingsworth branch. It is always full of people, no matter what time of day I go. Very!
5967	7/11/2012	crowd, not enough facility
5968	7/11/2012	the Albina Branch is always busy. I do most of my book check out online.
5969	7/11/2012	It seems busy everytime I am in there.
5970	7/11/2012	Both branches I attend seem quite busy every time I visit.
5971	7/11/2012	If this question is in reference to the level of traffic in the Belmont library, I would say it is exceptionally high.
5972	7/11/2012	the gregory heights library is nice but well used. the hollywood is fairly new still.
5973	7/11/2012	It seems well used. Its usually busy whenever I go.
5974	7/11/2012	Albina is a small space and actively used. I'm a senior, but am always glad to see so many young children, students and adults. I would say the library is heavily used. [] [] The self check out is a great idea because it frees up librarians to do more helping people with questions.
5975	7/11/2012	There are always a lot of people filling up the tables at the Albina Library, the library I visit most frequently. There are a variety of patrons using computers, checking out materials, reading magazines and newspapers and browsing shelves. Patrons represent a wide age range and appear to represent a variety of social/economic/racial groups.The patrons seem to be a cross section of the neighborhood. There are teens and others using computers and I assume they may have limited access to computers and/or internet at home.
5976	7/11/2012	Very busy!!!
5977	7/11/2012	Not sure. I usually reserve books online and then pick them up at the Capitol library. It's quick and easy.
5978	7/11/2012	It's busy.
5979	7/11/2012	Always busy when I visit.
5980	7/11/2012	It usually seems full -- almost all of the seats are taken at the tables.
5981	7/11/2012	Book baby class at the Sellwood library are great.
5982	7/11/2012	I always see dozens of people there, and the parking lot is usually crowded.
5983	7/11/2012	is bery helpful..so glad to have libraries.other countries doesn`t have.
5984	7/11/2012	I don't spend a lot of time there but every time I go, the parking lot is full and people are every where. This includes people of all ages.
5985	7/11/2012	Every time I go in it looks busy, computer users, children projects and check outs.

5986	7/11/2012	Rockwood is so well-used that I try to avoid it due to the crowds. Fairview is a bit sleepier, but has a very nice neighborhood feel. Gresham is very busy, but seems to have the staff and space to accommodate the number of users. Central is always busy, but a beautiful and inspiring place to read and study.
5987	7/11/2012	I think really well used.
5988	7/11/2012	very well used
5989	7/11/2012	Very well used and loved!
5990	7/11/2012	Very well, I think. It's busy at any time of the day and I see a lot of events/gatherings happening there.
5991	7/11/2012	It is usually very busy when I am there. Sometimes there is no room for me to sit down, so I just read in the stacks. I use the library quite extensively when I am there as well.
5992	7/11/2012	I do not know.
5993	7/11/2012	I see people reading magazines and using the computers. I check out books every few months.
5994	7/11/2012	Very well
5995	7/11/2012	Very well used. Quite busy all the time.
5996	7/11/2012	It seems to be very well used.
5997	7/11/2012	Usually very crowded whenever I'm there. Computers are always busy. Lots of young ones.
5998	7/11/2012	Extremely. I always have at least one book on hold there, and my family has at least five checked out at any given time.
5999	7/11/2012	very- it is always fairly busy
6000	7/11/2012	It's Great! We really enjoy participating in the summer reading program. There are many children in the kids section every time we come, weekday or weekend. I like being able to borrow magazines and read newspapers. The staff is always helpful and friendly.
6001	7/11/2012	It never seems to be crowded, but there are typically many other people visiting when I tend to visit.
6002	7/11/2012	Well used, I would assume, judging by the crowds in it on a daily basis and the number of people waiting to enter when it opens.
6003	7/11/2012	very: computers are very often all taken. There are always 2-5 other people checking out materials when I am. Many parents with small children.
6004	7/11/2012	It is very well used. There always lots of people there whenever I go in.
6005	7/11/2012	It appears to be extremely well-used, and a true focal point for the community. I work in social services, serving low-income people, and I know many people whose main computer access is via the library. And having a great selection of books and media is a real life-line for many of the low-income folks I know. Some of them are quite chronically depressed and the library materials help keep them connected and stimulated.
6006	7/11/2012	
6007	7/11/2012	well used, it is always busy
6008	7/11/2012	its always quite busy when i go there. at least a dozen other people there, probably more.
6009	7/11/2012	Always lots of people there

6010	7/11/2012	Always looks pretty busy
6011	7/11/2012	Very busy library. Seems to have lots of activity.
6012	7/11/2012	Well used
6013	7/11/2012	It seems to be quite heavily used. I wish it had more space so it didn't always seem to be so crowded.
6014	7/11/2012	It always seems busy
6015	7/11/2012	very
6016	7/11/2012	Whenever I go to the library, it is always full of people.
6017	7/11/2012	Extremely well-used.
6018	7/11/2012	Very well. Beautiful building (both). Too bad we spent so much money vs. funding longer hours, people, and better computer access.
6019	7/11/2012	I have frequently gone to my neighborhood branch (Albina) around the time that it opens; there are always people lined up and waiting. There are always at least a dozen people in the library checking out materials, browsing the stacks, using computers, reading newspapers, and so on. I notice that the children's programs appear to be very well attended as well. The Albina branch (as are all of the other branches that I have used while living in Portland over the last nine years) are well-loved and well-utilized. The Albina Library is the one place where I still feel a sense of diversity in my neighborhood -- young, old, black, latino, white, asian, rich, poor -- we are all here and using the library's resources!
6020	7/11/2012	a lot
6021	7/11/2012	There are always people there when I visit. It is a great local hub of community and ideas.
6022	7/11/2012	High patron traffic whenever I visit
6023	7/11/2012	Extremely well used.
6024	7/11/2012	Whenever I go into the library it is always bustling with activity. All of the computers are usually in use and the shelves are well stocked. I think that the library is very much an important resource for local students and those without internet access in the area.
6025	7/11/2012	The Albina branch is small and always full of people using computers, reading, picking up books, reading with children, and other tasks.
6026	7/11/2012	It seems pretty well used to me. It's usually full inside, the parking lot is often difficult to park in as all spots are taken and there's often a wait for Internet terminals. I also often see people attending the activities that the library holds in the adjacent meeting room.
6027	7/11/2012	I check out books in every 2-3 weeks. It is great that Central Library has night hours for people who wish to stop by after work. Please keep night hours. Your meeting place should be open for any private rental with appropriate fees. You have a valuable facility which can add more revenue if you put them to use.
6028	7/11/2012	Very!
6029	7/11/2012	Very well. The parking lot is nearly always 3/4 full, and this has been an increase over the past couple years.
6030	7/11/2012	I'm not there often enough to know

6031	7/11/2012	It's always pretty busy whenever I go in. Most of the computers are full and there is typically several people at the check-out.
6032	7/11/2012	Depends on the time of day.
6033	7/11/2012	It's always busy when I go
6034	7/11/2012	When our family attends the library it is always filled with a wide age range of people. It is busy, but not so busy we are not able to get assistance when we ask. We have always had a pleasureable experience with the library and our children look forward to spending time at the library. We have them signed up for the summer reading program which they are also enjoying. I am proud of our Multnomah County libraries as they are know as one of the best in the nation. I think the library is such a wonderful resource for so many people and for so many reasons which are different for each one of us. I just used the library the last few months to check out books to brush up on my skills for looking for a job. It paid off, I am now in my 4th week of my new job. I have some friends on tight budgets who use the library for movies, outings for their children, or just to spend some quiet time by themselves. I hope the Multnomah Libraries can continue with their stellar programs and service.
6035	7/11/2012	very
6036	7/11/2012	very worn down. lots of people. stuffy and musty.
6037	7/11/2012	The Belmont Library always seems busy when I'm there!
6038	7/11/2012	always busy.
6039	7/11/2012	I always see a lot of people browsing and working
6040	7/11/2012	Very well used and important to most people in my immediate community. It is a magnet for children and essential for those without computer access at home.
6041	7/11/2012	Albina is ALWAYS full. Well used by all ages.
6042	7/11/2012	Lots of people there most all of the time.
6043	7/11/2012	I would say 'well' used. I go in various times of day; morning, afternoon, or evening and there always seems to be several other patrons in there. Some at the computers, some at the counter asking for help. Others at the desks available for those to use their own computers or read. I utilize the self checkout station and typically there is one other person using this as well. If I do need help from an employee, I usually don't have to wait very long for assistance.
6044	7/11/2012	This is a 'Regional Library'. It seems fairly busy. Has a large # of books & I know we rely on it for annual HOA meeting. Booking meeetings seems to be a problem.
6045	7/11/2012	Our Northwest Library most of the time I visit has all of the computer slots in use with a few people waiting, and most of the chairs at the big table are taken with people reading different publications. The events seem to be well attended also, and when I see parents bringing in their children, I notice the parents seem to be quite careful, as though the event of getting their young child to the library is important to them. Staff at this library are extremely helpful and knowledgeable, and very nice about it.
6046	7/11/2012	It always seems pleasantly busy when I'm there

6047	7/11/2012	very
6048	7/11/2012	very, always busy
6049	7/11/2012	Very well used. I go in frequently and there are always lots of other people--adults and children--using the library.
6050	7/11/2012	Don't know
6051	7/11/2012	busy, but not oversubscribed.
6052	7/11/2012	Very well used; always busy.
6053	7/11/2012	Always see people using the computers
6054	7/11/2012	Very well used. Very large hold section.
6055	7/11/2012	Very well used.
6056	7/11/2012	Every time I am there it is packed and there often aren't enough employees to help, so I would say very well used.
6057	7/11/2012	It seems like my library at Kenton is always bustling and busy.
6058	7/11/2012	Seems well-used; many patrons; many activities and a social center.
6059	7/11/2012	It seems to be always busy. Computers, books and small meeting room are bustling.
6060	7/11/2012	When I go in at random times, most of the computers are in use. I notice there are a lot of kids and young adults using the computers in the St. Johns library. It seems like this branch is fairly well used.
6061	7/11/2012	It's busy whenever I'm there.
6062	7/11/2012	tremendously! always crowded and it is great!
6063	7/11/2012	Heavy
6064	7/11/2012	Central is very well used.
6065	7/11/2012	I do not use the library as much as I would like. Time constraints and my lack of poor planning and discipline in researching books I'd love to check out.
6066	7/11/2012	Every time I've passed the library, people were going in and coming out. It appears to be busy every day. I'm new to the State so don't know how much my input will be...I do not have a problem with people having Sunday off...everyone deserves that one day to be with their families, go to religious institutions, have some quiet time for themselves, whatever. Then again, I don't have a problem with all stores being closed on Sundays.
6067	7/11/2012	Very!
6068	7/11/2012	Very!
6069	7/11/2012	It's very popular.
6070	7/11/2012	appears to be very well used
6071	7/11/2012	Seems very popular.
6072	7/11/2012	Albina is busy every time I stop in. There's always a group of kids with their parents and lots of people using the computers.
6073	7/11/2012	It is well used and busy, happily!
6074	7/11/2012	well-utilized

6075	7/11/2012	There are always people of all ages there when I visit.
6076	7/11/2012	It always seems crowded and busy. Lots of kids and people on computers. I'd say it's well used.
6077	7/11/2012	Very well used-- but I disagree with increasing property taxes to pay the deficit- the city needs to come up with other sources of income. Our property taxes are too high already- and, homes are not uniformly taxed, so some of us pay a much higher rate which does not seem fair.
6078	7/11/2012	Every time we visit the library is full of people.
6079	7/11/2012	It's always busy.
6080	7/11/2012	It is always busy.
6081	7/11/2012	Fairly busy most times we are there.
6082	7/11/2012	It always seems to have a full parking lot
6083	7/11/2012	Quite, it is always filled with a broad cross section of people from families with children to older people using the computers.
6084	7/11/2012	Always busy when I go in. Once I showed up ten minutes before it opened and a small old lady told me (rather rudely) that she was in line and I could wait behind her. Rather than take offense I choose to view it as a testament to patron loyalty. :) Portlanders love their libraries.
6085	7/11/2012	Both branches I use are busy busy but very well run and help is always available and resources seem to be managed to maximize availability for all users. Well done!
6086	7/11/2012	Computer services always busy. People, especially poor, need a place for free net access. Library provides a key role for that.
6087	7/11/2012	Its always busy
6088	7/11/2012	I use it from time to time, mainly when there is a book I want to read but know I don't want to buy it.
6089	7/11/2012	Seems well used (Both Hillsdale and Sellwood)
6090	7/11/2012	It is always very busy
6091	7/11/2012	Always busy and full of people and activity!
6092	7/11/2012	Greatly. Extremely.
6093	7/11/2012	Seems to be busy whenever I go there. I think the librarians are better equipped to answer this question than I.
6094	7/11/2012	The library is always busy with children and adults. I enjoy the local access to a neighborhood library.
6095	7/11/2012	Unsure
6096	7/11/2012	Seems full to me
6097	7/11/2012	Very!
6098	7/11/2012	The library is always busy. I have never been there when the majority of the tables and computers were not busy. Library staff are knowledgable and helpful, and friendly!
6099	7/11/2012	Very it's always busy.
6100	7/11/2012	It seems that nearly any time of the day, everyday of the week, the Hollywood library is busy. So many families, school aged children, people using the study rooms. It is a refreshing feeling to visit.
6101	7/11/2012	very

6102	7/11/2012	very
6103	7/11/2012	Very well used.
6104	7/11/2012	I believe the woodbury location is used quite often. Everytime I go in there are several people in there.
6105	7/11/2012	Very.
6106	7/11/2012	Both the Albina and Central library are busy pretty consistently when I visit. They seem lively, on their own terms.
6107	7/11/2012	Central Library is always busy. I often go to Reference Desk for help. Unfailingly helpful and nice. i have lived all over US and in Europe. This library system is wonderful.
6108	7/11/2012	For my needs I order library books on-line and pick them up when I am notified they are in...otherwise I'm in the library infreq. and wouldn't be able to say how well used my branch is. It generally LOOKS busy.
6109	7/11/2012	Very well used.
6110	7/11/2012	always busy
6111	7/11/2012	Very well. It's always full of people whenever I'm there no matter what time of day.
6112	7/11/2012	very busy library
6113	7/11/2012	Extremely.
6114	7/11/2012	Moderately
6115	7/11/2012	Very
6116	7/11/2012	Very well used
6117	7/11/2012	very well we use it continually online.
6118	7/11/2012	they're pretty popular, to the extent that there is always a line to use a computer, and there are often people in the aisle i wish to view.
6119	7/11/2012	I am often the car pool in a group or twin of seniors. I work for DHS as a caregiver. Often the library is the only source that a senior on medicare will use.
6120	7/11/2012	Very
6121	7/11/2012	Always seems busy!
6122	7/11/2012	very well used
6123	7/11/2012	Very well used - although Belmont does not have nearly as many books as it should. It is usually pretty full. People bike, walk and drive there.
6124	7/11/2012	There are always a lot of people at Albina when I go to pick up books on hold. Many times there isn't somewhere to sit at the tables or you have to wait for a computer.
6125	7/11/2012	Belmont is almost always crowded. I'd like to see an expansion there, or another library near the old Washington High school.
6126	7/11/2012	Very well used and attended
6127	7/11/2012	It seems that they are very well used. I often teach and also attend arts and crafts programs that are offered at libraries, and most programs are very well attended.

6128	7/11/2012	Hollywood--well used Capitol--mediium
6129	7/11/2012	Every time I am there, the place is packed. People browsing, computers being used, people are looking at the bulletin boards and misc. materials in the lobby, and sometimes there are classes or story time. I live very close to the Holgate Library, and drive past it many times, and it always looks busy. I also like knowing that even though my library is small, I can look up books and audio books online, and get them delivered to my local library from wherever the media is normally stored. I suppose I could get them delivered to the house, but I like going in, browsing around, letting my son look at books, and being part of the community. It is the convenience and human connection combined that is so appealing. Plus I don't end up with a ton of books, I might only read once. The ultimate recycling!
6130	7/11/2012	well
6131	7/11/2012	Very well used - I see a large number of people in there every day.
6132	7/11/2012	It's always busy when I am there.
6133	7/11/2012	very
6134	7/11/2012	Always busy whenever I visit.
6135	7/11/2012	It is well used by the entire community.
6136	7/11/2012	Very. It's almost always busy.
6137	7/11/2012	Very, Very well used!
6138	7/11/2012	Very. Library is never empty and sometimes you cannot find a seat. The hold section is particularly active.
6139	7/11/2012	don't understand the question
6140	7/11/2012	well-used!
6141	7/11/2012	It's always busy. Belmont is busy & small. Hollywood has a better selection of browsing books it seems. We go to the storytimes @ Belmont & get holds shipped there.
6142	7/11/2012	all branches i visit are always well used, busy, active, variety of ages, ethnithities, etc and apparently various interests. people always seems quite involved in what they are doing, not just a place to sleep. people seem to be happy to be there, using a variety of services.
6143	7/11/2012	It meets users' needs
6144	7/11/2012	I don't understand this question.
6145	7/11/2012	It always seems very busy when I visit.
6146	7/11/2012	Very well used
6147	7/11/2012	Very well
6148	7/11/2012	Very
6149	7/11/2012	They are both always full of people. Albina is very well used, but not too overwhelming .
6150	7/11/2012	There are always other people using it when I am there. The parking lot is often full too.
6151	7/11/2012	Always busy / full of people.

6152	7/11/2012	Busy Steady use but not crazy busy like other branches I've used (Belmont, Hollywood, Woodstock). When I relied on the library for wifi last year and spent prolonged time there, I always shared my table with at least one other person. Frequently, on the other hand, I could get a study room without making a reservation, which provided extra assurance for a quiet and productive work session.
6153	7/11/2012	
6154	7/11/2012	very well used
6155	7/11/2012	Isn't Belmont the busiest branch in town?
6156	7/11/2012	Often full.
6157	7/11/2012	It's pretty quiet. Never a line. Maybe 20-30 people in there on the weekend
6158	7/11/2012	It's busy every time I'm there! It is well used. I think many families with small children spend a good amount of time there and take advantage of children's programs. I also see community members using computers on a regular basis. I feel the library is an important part of our community!
6159	7/11/2012	
6160	7/11/2012	Whenever I go into the Gresham library, there are a lot of people in there! It is always busy and the computers are busy used. As a teacher, I check out a lot of books for use in my classroom, as well as, personal use.
6161	7/11/2012	Always in use and staff always amazing!

6170	7/11/2012	Very busy
6171	7/11/2012	The central branch is very busy. Very, very well used. (The library we use the most is the Hollywood branch.) It is a happening place:) We love it and are sad that it will be closed one day a week now. The computer terminals are always busy with a waiting list. There are kids in the kids area, people checking books out, using the quiet rooms, taking advantage of the internet access, using the librarian's assistance/recommendations.
6172	7/11/2012	
6173	7/11/2012	Too well used. I miss the days when a library was a quiet place of books. I don't think internet should be an option at all.
6174	7/11/2012	Very well used, it seems to always have patrons in it. Keep up the great work, I love what you do!
6175	7/11/2012	very. I've attended several events at Central. Lots of great guest speakers.
6176	7/11/2012	Very. Seems busy with large amount of young families, especially in Summer.
6177	7/11/2012	Very

6182	7/11/2012	Always busy
6183	7/11/2012	very. It's always busy, and there's a line outside the door at opening time.

6185	7/11/2012	Very well used
6186	7/11/2012	I believe it is very well used. It's near Wilson HS and Robert Gray MS - which makes it convenient for students (including my kids).
6187	7/11/2012	I feel it is used quit well, just look outside at the crowd before the door opens
6188	7/11/2012	Very well used by lots of people We usually use Sellwood/Moreland. It is busy every time we go. There are always people seeking info from the librarians
6189	7/11/2012	(including me sometimes), people on the computers, reading to children, and others simply looking at books. There is usually a group meeting in the separate room too.
6190	7/11/2012	Its very well used! There is always 5+ people when I visit, using computers, browsing, reading with kids, or other activities.
6191	7/11/2012	Seems very well used
6192	7/11/2012	We go to Cedar Mills in Beaverton system which is closer
6193	7/11/2012	All locations all seem very busy a lot of the time.
6194	7/11/2012	It is a vital hub in St. Johns, it's always bustling. I love how vital it is! We go there at least a couple of times a week.....
6195	7/11/2012	Always busy. Hollywood Library is the anchor of the district. It's frequently busy when I'm there. It's difficult to get computer time, and almost always all the tables are in use when I'm at the St. Johns Library. At the Central Library, I always see people there, and for example, today, when I was looking at DVDs
6196	7/11/2012	I could barely get up and down the aisles, it was so crowded. There were people at the self-check-out too when I tried to check out my items.
6197	7/11/2012	All of the libraries I use regularly (Fairview, Gresham, Midland, Rockwood and Troutdale) are very well used. Usage seems to have increased since the most recent economic downturn.
6198	7/11/2012	pretty well used
6199	7/11/2012	SEEMS TO HAVE A LOT OF PEOPLE IN IT ANY TIME I GO
6200	7/11/2012	very much
6201	7/11/2012	It always seems busy.
6202	7/11/2012	It seems well-used- kid/family activities, computer access is full, people about the library...

6203	7/11/2012	I would say it is used very frequently, but its not the most high traffic area unless you live in the neighborhood
6204	7/11/2012	It seems busy whenever we are there.
6205	7/11/2012	I know many people who routinely check out books, and the library is certainly never empty. I would say it gets a good amount of use.
6206	7/11/2012	The library is always busy and seems appreciated by all who visit.
6207	7/11/2012	the Gregory Heights Library is always very well used. It always has programs going on for all ages and is a great place! Please do not change anything about it!! There are always people there who need to use the library resources.
6208	7/11/2012	VERY! Whenever I stop by to drop off materials or pick up reserved books or DVDs, there are always several other people using the library. I have not ever seen the librarians idle. Usually the computers are all taken and being used by folks. The age range is from small children through older adults. It's extremely well-used.
6209	7/11/2012	I was at the library (Midland) on July 3rd. The parking lot was completely full and cars were backed up looking for an open space. There were people of all ages in the library. My husband and I would vote for a tax increase to support this important public resource.
6210	7/11/2012	Well
6211	7/11/2012	Always busy !
6212	7/11/2012	Over used, it needs to be expanded.
6213	7/11/2012	very well used and we are fine with the increase in property taxes to support the local library system
6214	7/11/2012	Very. It's always busy when I'm there on weekends.

6225	7/11/2012	Very well used. It's always packed, particularly in the computer area. And it appears that there is a pretty big assortment of books on hold for patrons who have ordered them on line.
6226	7/11/2012	It is very well used and easy to get to. In St. Johns we are a little cut off from the rest of te city. The library is much needed and much loved.

6227	7/11/2012	Very popular
6228	7/11/2012	Always well used.
6229	7/11/2012	No matter what day or time of day I go it seems to be busy.
6230	7/11/2012	Appears to be very well used. Always full of people, good staff, helpful signage and information, lots of Asian patrons with a large section of Asian media.
6231	7/11/2012	It's busy every time I go in there'
6232	7/11/2012	It is very well used. You can walk to it from all the neighborhoods around Rieke Elementary and Wilson High School. With children ages 5 and 7, the Hillsdale library has been a huge part of our families' community experience. We always run into friends there.
6233	7/11/2012	It's always busy.
6234	7/11/2012	Very well used. The stacks of books on order is quite large.

6242	7/11/2012	At any given time I'm in any of the ones I use, there are always many people using the computers, checking out books, research work, etc.
6243	7/11/2012	Very – I like to come right before closing to avoid the mommy & me crowd
6244	7/11/2012	i think my library is one of the best tax supported services I pay for. Whenever I go, there are a diverserve and numerous groups of peoples engaged in a variety of services.
6245	7/11/2012	well used...people there always
6246	7/11/2012	Holgate and Woodstock always seem busy. Lots of kids on computers in the afternoon. Tutors groups often are there. Children's area always seems to have kids there and story time is popular.
6247	7/11/2012	Plenty
6248	7/11/2012	Busy all the time.
6249	7/11/2012	It's always very busy
6250	7/11/2012	Full all the time.

6252	7/11/2012	Nicely used, always several people at my local branched but never packed.
6253	7/11/2012	Gresham library is well utilized. There are always lots of people there, but it is not too crowded. There are many community groups which use the library for meeting space.

6254	7/11/2012	It's usually bustling with people. About 75% or more of the computers seem to be in use. Children read and play in the children's area and the reading/project tables have people working at them. It's only seldom TOO crowded meaning almost every seat at every table or computer is taken, and I've never seen it completely empty morning or afternoon.
6255	7/11/2012	It is very Well used....
6256	7/11/2012	always very busy, both Holywood and Central
6257	7/11/2012	Always seems to be busy with people coming and going. We use 3 library's as we frequently do childcare for our grandchildren who live in different neighborhoods and the library is a favorite destination for us all.
6258	7/11/2012	North Portland Branch is always bustling with activity when I am there. We visit weekly in the summer, and Bi-weekly during the school year.
6259	7/11/2012	I go to the library weekly! When I hear about something I need to read/watch/listen to, Multnomah County Library is where I get it.
6260	7/11/2012	I think Hollywood is a very busy place with families and individuals. It seems to be always full and has a large hold shelf area which means many people probably use the Internet to reserve books. The building is modern clean and pleasant to visit.
6261	7/11/2012	very
6262	7/11/2012	It is extremely well-used. To get a children's book, you really have to put it on hold as none of the popular ones are ever on the shelf.
6263	7/11/2012	Our branch is always being used by a dozen people or more. It is a crucial resource for the Mt. Scott-Arleta & Foster-Powell neighborhoods.
6264	7/11/2012	It is always busy, used by an incredible variety of people. And people always seem to come out of the library happy - no surprise with the friendly, helpful staff.
6265	7/11/2012	VERY
6266	7/11/2012	I would say it is well used
6267	7/11/2012	Looks very active every time I'm there.
6268	7/11/2012	It seems popular.
6269	7/11/2012	pretty well used -- always looks busy
6270	7/11/2012	Fine
6271	7/11/2012	It is always busy in them.
6272	7/11/2012	Albina is small but well used and sometimes even a little crowded. Hollywood is huge but the same is true there.
6273	7/11/2012	It always seems busy when I go in. There are families checking out books, adults browsing the shelves and using the computers. It seems like a vibrant place.
6274	7/11/2012	ALWAYS busy! I love our library
6275	7/11/2012	It seems like it is used pretty thoroughly, especially for such a small branch.

6276	7/11/2012	The computer labs seem to be always busy. In general it seems to be well used.
6277	7/11/2012	pretty well
6278	7/11/2012	It always seems busy when I'm there. I usually go to Central to browse - to Holgate or Woodstock just to drop off/pick up materials.
6279	7/11/2012	It's always busy!
6280	7/11/2012	the library is in great shape
6281	7/11/2012	Always seems to be busy
6282	7/11/2012	They seem very well used, lots of people using the Internet and participating in classes as well as browsing shelves.
6283	7/11/2012	The Hollywood Branch seems vety busy, I normal have to wait ten minutes every time for computer use.
6284	7/11/2012	Almost always a line at checkout! Well used.
6285	7/11/2012	Very well used.
6286	7/11/2012	There are always lots of people at all the branches I visit. They are checking out books, attending children's readings and of course using the computers. Very well used! Actually heavily used. Belmont Library is usually filled with people. We don't spend as much time or go as often just to browse books since computer use has become so prominent there. Just the constant sound of keyboards is interference and makes spending time in the library less enjoyable. I get really annoyed when people are talking constantly on the phone or listening to music which audible even though they are wearing headphones.
6287	7/11/2012	
6288	7/11/2012	Broadly used.
6289	7/11/2012	exceptionally well used - it's great !
6290	7/11/2012	Very well used
6291	7/11/2012	The North Portland branch is used heavily. Proximity to PCC and Jefferson High School is paramount in usage patterns.
6292	7/11/2012	Very well used. Every time I go, it seems full with people who appear fully engaged. I appreciate how beautiful it is, too.
6293	7/11/2012	I don't understand this question, but if you mean is it crowded each time I go in then the answer is yes. Everyone loves and uses the library!
6294	7/11/2012	The library is always full of people checking out books and music and using the computers. I have never taken any of the classes offered at the library, but I often see them through the window as I walk passed and they seem very full.
6295	7/11/2012	When I go to the library...it appears busy, not over crowded. Good to see the library used.
6296	7/11/2012	very, very busy...excellent personnel.
6297	7/11/2012	Due to library size we do not get enough to choose from and check out.
6298	7/11/2012	It's very busy. I'm happy with it.

6299	7/11/2012	Well used
6300	7/11/2012	Seems quite well used.
6301	7/11/2012	Seems to be very well used. There are always people there when I stop in to pick up or drop off books.
6302	7/11/2012	The Holgate Library is an essential community resource. Always busy and very well used, it serves a neighborhood that might not have other sources for books. Movies and computer access.
6303	7/11/2012	North, Hollywood and Kenton are always very busy. Librarians and assistants are always helpful. We really enjoy each of these facilities.
6304	7/11/2012	busy
6305	7/11/2012	looks well used
6306	7/11/2012	always busy
6307	7/11/2012	It always seems very busy,
6308	7/11/2012	The Sellwood library is TINY. I would say it's very often used but I don't spend time there or browse - I place holds online and go to pick up when they're in...
6309	7/11/2012	Very
6310	7/11/2012	It is always busy every time I go in. The computers are especially well used.
6311	7/11/2012	Seems to be busy when we visit. People on computers, items on hold shelf, people reading to kids.
6312	7/11/2012	It's usually bustling-very nice to see!
6313	7/11/2012	Albina and Hollywood are both very busy, but Albina is often full of kids socializing after school, rather than using the library.
6314	7/11/2012	It is busy most of the days that I go there, especially on Monday afternoon during the school year.
6315	7/11/2012	Very well used
6316	7/11/2012	I mainly use the Kenton library and it is always full of a wide range of users.
6317	7/11/2012	All of the libraries I go to seem well utilized
6318	7/11/2012	it seems very used. the place is always busy.
6319	7/11/2012	It's always packed when I breeze in and out to pick up requested media.
6320	7/11/2012	Very well used. It is always busy when I an there.
6321	7/11/2012	The library is always packed with people (a good thing). There are also sometimes long waits on the more popular books.
6322	7/11/2012	Our family of six all love going to the library.¶ We check out movies, music, favorite books, new books, find out about new hobbies, get tax forms, see our neighbors, read magazines, and learn new stuff. Its a great place for my youngest kids to try out books as they are just starting to read.
6323	7/11/2012	There are always people there when I go in and more often than not I have a little trouble parking. This is not a complaint but an indication that the Woodstock branch is always busy.
6324	7/11/2012	We all love our new Troutdale Library! It is always busy and well used by our community. Lots of computer users and the program facility is used a great deal. We are very grateful to have it in our area.

6325	7/11/2012	I was at the library last Thursday before it opened. there was a large and diverse (in every way) crowd of people waiting to get in and use the library. It was, for me, both a heartening and sad experience; heartening to see all the different people who use the library and sad knowing that library services have been reduced and library staff are forced to work with less.
6326	7/11/2012	The Sellwood-Moreland branch is pretty lively. I often have to wait in (a short) line to use a self-checkout station. I use the time I spend waiting to look over the new release shelf (awesome placement). The staff members are wonderful.
6327	7/11/2012	Very well used. This past Sunday I waited along with a number of other people for the library to open at noon. I visit at different times during the week and it is always busy: people working at the computers, parents picking up books by the armful for their children, and others picking up books they had put on hold. Our library is extremely important in many ways to many people.
6328	7/11/2012	Very popular and always busy when I am there.
6329	7/11/2012	Very, there are always lots of people
6330	7/11/2012	very well used!!!
6331	7/11/2012	not sure
6332	7/11/2012	I use the Hollywood Library most often, and Central Library next. Both branches are always filled with people of all ages and backgrounds, weekends and weekdays, early and late. Single folks, college students, job-hunters, seniors, kids, families, lots of people glad for the accessible entrance. Personally, I'm at Hollywood once a week, and putting in holds all the time for books for my work (thank you for your fabulous hold-and-transport system!). There's usually a line at Hollywood, waiting for the library to open in the morning, and lots of us at the end of the day sorry to go. I've lived in many cities and never seen a public library system that is so beloved, so well used, and so useful. Based on what I see at Hollywood and Central, I truly believe our local libraries are vital community centers. I don't know what the Hollywood neighborhood would do without the library.
6333	7/11/2012	It's always busy
6334	7/11/2012	it seems to be busy, but a lot of people just seem to be on computers and/or checking out dvds
6335	7/11/2012	it is always very well used.
6336	7/11/2012	There seems to be always people in there.
6337	7/11/2012	Belmont seems very well visited. In fact, I often run into people I know there, which is another great way to build community.
6338	7/11/2012	It is used often, but many people seem to be there to access the computers instead of the printed materials. People often use the library for other things than its primary purpose printed material and resources,
6339	7/11/2012	I don't know how well used it is. Mostly I just reserve books on line and pick them up there. I checked monthly as far as my own usage, it is more than that, but you didn't have any option between weekly and monthly, so I checked monthly because it is closer to that than weekly.
6340	7/11/2012	Very well used

6341	7/11/2012	It is always full when I am there.
6342	7/11/2012	Quite well used! Lots of people in there always.
6343	7/11/2012	Very well used
6344	7/11/2012	Very well used. Always busy. Programs fill up within seconds of the front doors being opened.
6345	7/11/2012	Very. They both seem busy!
6346	7/11/2012	Seems very well visited, not crowded but there are always visitors and kids when I go.
6347	7/11/2012	It always seems to have a good amount of people at it.
6348	7/11/2012	The parking lot is almost always full and the tables are almost all in use. There are always people inside using the library.
6349	7/11/2012	They are all busy and it helps us in somany ways, school, decorating, hobbies, etc. We are low income and these libraries give us information to better our lives and get knowledge to do things we know nothing about. I love the librarians, always sc helpful. If there is any activities that we can use, we're there!!!
6350	7/11/2012	Kenton is always busy. Great helpful staff.
6351	7/11/2012	Busy all the time.
6352	7/11/2012	It looks busy when we go to the library.
6353	7/11/2012	Very. I was very disappointed the hours were reduced. It is one of the most used resources, right up there with Portland Parks and Recreation. Very diverse groups of people use the library. It really brings the community together. Important resource for job seekers in this economy. I am a single working mom, who lost her job after 20 years. I am working again, but at a reduced salary. I can't buy my kids books as often as I used too, and even before we used the library a lot. Now with reduced hours I find it hard to go get the books I have reserved. I try to work around the library's hours but it has just made it harder. My son who has dyslexia, has used the library as a safe place to meet his tutors.
6354	7/11/2012	It seems well used to me. When I go there, it seems that there are many people utilizing various services that the library offers.
6355	7/11/2012	Well
6356	7/11/2012	My local library is constantly full of people coming in and out. Also it is a gathering place for parents to take their kids somewhere positive and educational.
6357	7/11/2012	Wonderful
6358	7/11/2012	Seems to be busy whenever I come in, so I guess it is pretty well used. I am certainly glad it is there and happy with the service, which I think is excellent.
6359	7/11/2012	I am referring to Hillsdale, our neighborhood library. It is well used, although about average versus the congested branches in parts of the east side.
6360	7/11/2012	well
6361	7/11/2012	Our local library is very well used.
6362	7/11/2012	Very well used! Always busy.
6363	7/11/2012	Well-used.

6364	7/11/2012	Always jam-packed.
6365	7/11/2012	Usually pretty busy.
6366	7/11/2012	It is always real busy! I wish there were more space but otherwise I love the Gresham branch!
6367	7/11/2012	It has busy times and slow times.
6368	7/11/2012	The Sellwood Library is an important anchor in the neighborhood - for families, young readers, seniors, job seekers, etc. It's an active, vital place.
6369	7/11/2012	Quite well,. Every time I visited there were 10 - 50 patrons present.[] I lost most of my vision 2 years ago, so I cannot tell how many people use it currently.
6370	7/11/2012	I have a preschooler and school age child and we use it weekly to check out books. The library seems busy when we go. We go during school hours because my children are in private school. I love that we now have a Troutdale location. Troutdale voters- voted to have a library. I showed up at the library July 1st and had no idea why it was closed. Several people were outside wondering the same. Then we saw a small paper right of the door on the window stating Monday was cut. Monday was our "library day" as it worked best for our schedule it's a real bummer.[] Thanks for letting me vent.....Michelle
6371	7/11/2012	don't know
6372	7/11/2012	Very
6373	7/11/2012	very well used!
6374	7/11/2012	Excellent
6375	7/11/2012	I cant go as much as i used to but for what i see, pretty good.
6376	7/11/2012	I think it is used regularly and with lots of patrons
6377	7/11/2012	I use it and there's usually plenty of other users whenever I'm there. Very well used, I think.
6378	7/11/2012	Central Library seems to be very well used. It is always busy with a wide variety of people (students, parents with small children, homeless, etc.) using many different library resources. Oftentimes, if I arrive at the library a few minutes before it opens, there is a line of people waiting outside for the doors to open.
6379	7/11/2012	Very well used. There are always people using computers, checking out materials, and bringing their families to events.
6380	7/11/2012	Very well
6381	7/11/2012	seems to always be busy
6382	7/11/2012	Always seems busy.
6383	7/11/2012	Very.
6384	7/11/2012	I guess well.
6385	7/11/2012	Always looks busy to me!!
6386	7/11/2012	Every time I am there it is quite busy.
6387	7/11/2012	It is always busy, but well staffed.
6388	7/11/2012	Belmont, for example, is usually packed.

6389	7/11/2012	Very well used
6390	7/11/2012	Usually quite busy
6391	7/11/2012	It always seems packed with people so I would say very well used.
6392	7/11/2012	We use the Midland library most of the time. The parking lot is always full and not many chairs inside available. It is a very well used location.
6393	7/11/2012	I think it's pretty well used.
6394	7/11/2012	busy busy busy
6395	7/11/2012	It is always busy and full of people!
6396	7/11/2012	It's pretty busy. Since there are seven people in my family, 'weekly' is actually several times per week! I think many other families have the same usage pattern around here.
6397	7/11/2012	There are always lots of people in the library.
6398	7/11/2012	We use a lot for our child and ourselves. We borrow most of our books from the library. We love that. We borrow movies and music too. It is easy to park and close enough to visit quite often.
6399	7/11/2012	Albina, Hollywood, Kenton are very busy. Sellwood is too small a space for people to be there but it seems busy.
6400	7/11/2012	usually fairly crowded
6401	7/11/2012	Very
6402	7/11/2012	very well.
6403	7/11/2012	Based on seeing it only once a week, it seems pretty busy to me.
6404	7/11/2012	It appears to be very well used....it is usually quite busy no matter what time of day or what day of the week it is.
6405	7/11/2012	very.
6406	7/11/2012	Belmont is always busy.
6407	7/11/2012	It is quit a busy place. The tables always have patrons using computers or working on projects, or just sitting and reading.
6408	7/11/2012	Quite well. I used to go to book babies at the kenton library, which was extremely popular. (I can't go now, due to my schedule.)
6409	7/11/2012	Our local library is well used; whenever I visit, there are always patrons of diverse ages using the computers, perusing the bookshelves, and engaging in tutoring and other community activities. On special occasions, like Chinese New Year, so many people come to enjoy the performances that you find yourself shoulder-to-shoulder with new friends.
6410	7/11/2012	Quite well used, I believe.
6411	7/11/2012	Very well used.
6412	7/11/2012	Always busy!
6413	7/11/2012	always pretty busy with lots of age groups
6414	7/11/2012	It seems pretty well used. It is always busy in there.
6415	7/11/2012	Very

6416	7/11/2012	very active
6417	7/11/2012	Always a lot of people are there. Love it!
6418	7/11/2012	Always seems fairly busy, but it is a very small branch.
6419	7/11/2012	Appears well-used (but not run down). I heart the library.
6420	7/11/2012	seems to be very well used, always busy and full of people every time I am there
6421	7/11/2012	Very well-used. The Albina library is always packed with kids, parents, and people of all other ages.
6422	7/11/2012	Very well! It's always full of people and the hold selves keep growing.
6423	7/11/2012	Looks pretty busy each time I come in to pick something up
6424	7/11/2012	The Belmont library is always busy! There are always people there browsing, reading, and using the computers.
6425	7/11/2012	Always crowded
6426	7/11/2012	The library, especially the Hollywood branch is always busy with people studying, using the computers, and reading to children.
6427	7/11/2012	It's always busy when I'm there. There are people using computers and checking out books. The children's section is well used. There is usually a line at the information desk.
6428	7/11/2012	Fairly well. MAX stop is close.
6429	7/11/2012	I don't understand the question. The facility is brand new. It is always busy, in a good way.
6430	7/11/2012	I haven't been there much. There was hardly anything to choose from and you don't get to keep a book long enough to read it but other people seem to use it a lot. Mostly for the computers.
6431	7/11/2012	Very busy all the time.
6432	7/11/2012	It is always busy!
6433	7/11/2012	The Capitol Hill library is small but always has a number of visitors when I go.
6434	7/11/2012	Very well used!
6435	7/11/2012	Every time I go to the library, there seems to be a lot of people in there. Many times I have to have the books I want have to be shipped in.I would like to see more space and more books.
6436	7/11/2012	Moderately well used
6437	7/11/2012	(I don't understand this question! It's always somewhat busy, if that's what it's asking!)
6438	7/11/2012	Highly used - it is very busy
6439	7/11/2012	very
6440	7/11/2012	It is always busy; kids, teenagers, parents, adults, seniors all using the amenities offered at the library. Often there is a long waiting list for the computers. My library is well used and definitely loved.
6441	7/11/2012	Very busy most of the time. Often few places to sit.
6442	7/11/2012	I frequent my local library 3-4 times a week. I consider it one of the most important services in the community. I always find the library busy with patrons of all ages using a variety of services.
6443	7/11/2012	Not sure I understand the question, but well used, I love the Central Downtown Library. Love it!
6444	7/11/2012	Very well used, lots of turnover in books, lots of people using computers almost all the time.
6445	7/11/2012	We use the hold system often. We love it!

6446	7/11/2012	The Hollywood library is the branch we use the most. It is always busy there so I would say it is well used.
6447	7/11/2012	I think it is well used
6448	7/11/2012	Central Library is almost always busy. Northwest Library is often busy.
6449	7/11/2012	Very well used
6450	7/11/2012	Gregory Heights' small parking lot is often full during afternoon hours - I see many other patrons there regularly.
6451	7/11/2012	I now almost exclusively use library to go - to download on-line versions of books to by kindle. That is why I hardly ever go to the physical building.
6452	7/11/2012	Very well used. I often feel uncomfortable using it for something that I can do less conveniently at home because it is crowded with users competing for the same physical resources.
6453	7/11/2012	I always see people there. The tables are always full.
6454	7/11/2012	The library is used all the time by millions of people.
6455	7/11/2012	When I go in to pick up holds that have come in I see most of the computers being used and staff is usually helping someone. I would say that this library is well used. Always busy with people of all ages. It's nice to see.
6456	7/11/2012	The Capital Hill Library is usually pretty busy, with people of all ages.
6457	7/11/2012	well used
6458	7/11/2012	well used
6459	7/11/2012	Fairly used, not really sure.
6460	7/11/2012	It is always busy.
6461	7/11/2012	Parking is always hard to find in Hillsdale....a busy library sign.
6462	7/11/2012	Always pleasantly in use.
6463	7/11/2012	Well used by all age groups, including teens after school, older job-seekers on the computers, families with little kids.
6464	7/11/2012	There are always lots of people there but with such limited hours they all have to come at once so it seems way more used than it probably really is
6465	7/11/2012	very heavily used
6466	7/11/2012	Very well used.
6467	7/11/2012	Very well
6468	7/11/2012	It seems to be fairly busy when we have gone.
6469	7/11/2012	greatly!
6470	7/11/2012	It is usually crowded. The computers are in use most times.
6471	7/11/2012	The Gresham Branch is busy. The computers (maybe not all but most) are being used from the time the branch opens until closing. We are retired so we visit this branch at all times and all days.
6472	7/11/2012	Very well used
6473	7/11/2012	It is very busy every time I visit!

6474	7/11/2012	very well used.
6475	7/11/2012	Appears to be well used.
6476	7/11/2012	It's very busy nearly all the time.
6477	7/11/2012	There are always quite a few people in it every time I visit it.
6478	7/11/2012	There are always multi-generational, multi-cultural users in the library when we go there. It is surprisingly well used given today's world of internet access at home.
6479	7/11/2012	We use the online system to check book/media availability and put holds on various items - when we pick-up the holds we always spend quite a bit of time utilizing the services. And, we love the reading program and everybody read! <p>Every time we visit the library (primarily Troudale's) it is always busy, with a number of people in the stacks, using the computers, reading, attending a program. Our library is very healthy!</p>
6480	7/11/2012	usually teeming with life.
6481	7/11/2012	Albina is heavily used, and definitely too small.
6482	7/11/2012	It is the number one branch library.
6483	7/11/2012	Well used. Mostly by homeless who probably don't pay any taxes.
6484	7/11/2012	It is very busy and there are always things going on in the library! I love being able to check out different books and drop them off at any location.
6485	7/11/2012	It's always full
6486	7/11/2012	I don't go often anymore due to primarily accessing e-books, however when I go to the grocery store which is located next to the branch and when the library is open it always appears to have a lot of foot traffic in and out.
6487	7/11/2012	Gregory Heights story hour is always full to maximum capacity (Maria is great!), and there are always people in the library reading books, using computers, working on homework at the tables, or looking for picture books in the children's section (where we usually hang out). The parking lot is always full with several cars on local streets and strollers and bikes out front for locals who walk or ride. I would say that's pretty well used. <p>Midland is always packed, especially during the summer. Parking is usually scarce and there are floods of people moving in and out of the library constantly. It seems that a lot of people use the computers for various reasons, and there are many people on their own computers using the library's wi-fi or reading for school. The hold shelves are always full and the children's area is always busy with activity. Again, I would say it's a very well used library.</p>
6488	7/11/2012	Extremely well
6489	7/11/2012	Seems to be well-used. It's always crowded when we go in.
6490	7/11/2012	Fairly well used. There are always people inside.
6491	7/11/2012	always busy and much beloved

6492	7/11/2012	very well
6493	7/11/2012	Well
6494	7/11/2012	The hollywood branch always seems busy
6495	7/11/2012	The library is always busy, so I would presume your answer is that it is well used.
6496	7/11/2012	the central library is always busy, I go during my lunch hour downtown.
6497	7/11/2012	The public library is essential to the public school system. As budgets continue to be slashed and less and less money is available to building and improving school libraries, teachers look to the public library to supplement book needs within the classroom. In addition to using the library for professional purposes, I also regularly check out books for personal use. The public library is a staple in this community because it is so abundant and accessible. It truly serves the community.
6498	7/11/2012	I find that most of the libraries I visit have lots of activity every time I go there. Especially the programs for small children. The computers are always full with job seekers and people who don't have their own computers.
6499	7/11/2012	Very.
6500	7/11/2012	It is very busy, The parking lot is almost always full with street filled.
6501	7/11/2012	high usage is evident
6502	7/11/2012	Very well used. Always busy when I am there.
6503	7/11/2012	My husband and I use our neighborhood library often. Checking out books instead of buying them really helped my new budget after I switched jobs to a lower paid position.
6504	7/11/2012	I think I use my local library pretty well. As a student my local library is a very important place to obtain many information and resources. It is also where my family go to obtain books and internet access.
6505	7/11/2012	It appears that our local library, the Gregory Heights branch, is often well used and always seems that there are plenty of people participating in story time and other programs. I've also noticed that appears to be a large cross section of the Portland population as well as from the very young to old who use the library regularly.
6506	7/11/2012	Very. I mainly use the midland branch and no matter what time of day I go in, it is always packed.
6507	7/11/2012	I don't understand this question.
6508	7/11/2012	I generally use the Belmont Library, although I visit other libraries at times, but it seems that the library is very often full of people using the facilities.
6509	7/11/2012	there are always people there in all the sections. Computers always have a line to use. Kids are reading w/parents..well used! The movie section sucks however.
6510	7/11/2012	Any time I have visited this branch the facility is well attended.
6511	7/11/2012	Very. I feel like it is an integral part of the North Portland community where I live. There is a high volume of people that pass through the doors when I sit with coffee and use it occasionally for wi-fi access. ☐ ☐ I enjoy sitting at the library as much as a cafe.

6512	7/11/2012	Midland library is always busy. Situated near the poorest part of Multnomah County, it is literally a community center. The staff is excellent, and the resources available are top notch. In my neighborhood, it is literally a destination place, and probably more visited than any tourist attraction you could name in the area.
6513	7/11/2012	Not sure. I usually put books on hold and just run in to get them.
6514	7/11/2012	Always, always busy!
6515	7/11/2012	wearing out
6516	7/11/2012	always people waiting for it to open and always not crowded but busy....
6517	7/11/2012	I think it's well used--there are always many people in it when we're there.
6518	7/11/2012	It is always busy at Belmont. There is often a wait for computers. The storytimes are well attended.
6519	7/11/2012	The St Johns library is extremely well used. It is considered a centerpiece to our community.
6520	7/11/2012	Seems very well used and loved by the community. Personally, I really love the design and "vibe" of the Hillsdale branch, and I will always love and appreciate the Central Library.
6521	7/11/2012	It is always busy and the library is well run. Children and teens are welcome and well behaved. The staff is outstanding. It is a pleasure to visit.
6522	7/11/2012	Well-used.
6523	7/11/2012	Don't know
6524	7/11/2012	I don't know.
6525	7/11/2012	always filled with people with I go there.
6526	7/11/2012	very busy
6527	7/11/2012	Central is very well used and busy.
6528	7/11/2012	I don't stay long when I pick-up/drop-off materials but it always seems very busy. People usually line-up prior to opening. They have been patrons lined up every time I've been to library at opening time.[] There's always kids in the kids section.[]
6529	7/11/2012	The tables always look full.[] I usually have to wait to talk to a librarian.[] Looks well used to me!
6530	7/11/2012	Very busy.
6531	7/11/2012	Always busy when I'm there! Heavy[]
6532	7/11/2012	[] Great resource when needed.
6533	7/11/2012	Well used.
6534	7/11/2012	Very. Always busy when I go in no matter what time of day it is.
6535	7/11/2012	pretty well used, as far as I can tell.
6536	7/11/2012	Pretty full most of the time, I always see friends and the students I teach there.

6537	7/11/2012	Seems to be very well used by all age groups, multi-ethnic/multi-cultural neighbors. All come together here.
6538	7/11/2012	Very well used.
6539	7/11/2012	always seems busy when I drop in
6540	7/11/2012	Always looks busy to me
6541	7/11/2012	Well used
6542	7/11/2012	When i do use Kenton Library it is always busy. Computers, people using theri own laptops. Children reading. It is used daily by the Kenton community.
6543	7/11/2012	This is an odd question. Are you asking how many people appear to frequent my local library? If so, I would say it's a very popular neighborhood location, and always has people of all ages in it, despite it's small size. If you are asking how worn the space is, I would say it's not shabby, and seems pretty up to date. It's cute!
6544	7/11/2012	It doesn't appear to be as busy as I would expect given the density of the neighborhood. But I do not patronize Hollywood during the week, during the day. Mostly on weekends.
6545	7/11/2012	Very
6546	7/11/2012	Extremely
6547	7/11/2012	Very well-used. Always very busy.
6548	7/11/2012	it always is busy when we visit. people seem to be using all the computers and there are always people looking for, reading or checking out books...
6549	7/11/2012	Heavily used. It's always busy.
6550	7/11/2012	Very well used. Most of our friends use the online hold system for books, movies and music. I don't know what we would dc without it!
6551	7/11/2012	There's always people in there when I'm there. So, I think it's used pretty well.
6552	7/11/2012	very well used
6553	7/11/2012	It seems busy when I drive by.
6554	7/11/2012	Always seems busy
6555	7/11/2012	I'm not sure exactly, but I suspect it is heavily used.
6556	7/11/2012	very! the Hillsdale branch is humming!
6557	7/11/2012	Very.
6558	7/11/2012	The woodstock library is well used and well loved
6559	7/11/2012	quite a bit.
6560	7/11/2012	It appears to be very well used.
6561	7/11/2012	its very well used. there are people there all the time utilizing the library, and its resource materials.
6562	7/11/2012	Very well used. I love my local library!
6563	7/11/2012	It always seems busy when I'm there
6564	7/11/2012	The library is often very busy, with many people utilizing its services. It's always very clean and organized, though.

6565	7/11/2012	Very well. Storytime fills up very quickly, and if not 30 mins early to sign up, you will not get in.
6566	7/11/2012	there are always people there, if that's what you mean.
6567	7/11/2012	Quite a bit. There are always several people there, no matter what time I go.
6568	7/11/2012	Amazingly. It's one of my favorite resources in the city.
6569	7/11/2012	Very well used - the Hollywood library. It is always busy with people and children looking for books, checking them out, studying or reading at the tables and using the computers. ☐ My secondary library is Belmont, because I shop nearby so I am in there almost as much as my weekly or more visits to the Hollywood branch. The Belmont library also is extremely busy every time I go in. There are a lot of children in both libraries along with a variety of other people. ☐ The Central Library is the one I used first when I lived downtown. I now go there for its music and reference materials along with the occasional look for novels. I has an extremely valuable collection resources
6570	7/11/2012	very well used
6571	7/11/2012	Well used
6572	7/11/2012	Seems Very good
6573	7/11/2012	There is always a busy bustle at the Albina library. I would say it is used daily!
6574	7/11/2012	Very well; always busy no matter the day or time, materials seems to be frequently checked out but there's still plenty available.
6575	7/11/2012	Very well.
6576	7/11/2012	Very.
6577	7/11/2012	Seems to be quite busy each time I visit.
6578	7/11/2012	It's always busy
6579	7/11/2012	Seems like it is pretty well used.
6580	7/11/2012	Always very busy when I'm there which is generally during the day and when I look for recent/popular items there are many many holds which suggests even more resources are needed.
6581	7/11/2012	Fairly well trafficked.
6582	7/11/2012	not much. by kids mostly.
6583	7/11/2012	busy but not overly so
6584	7/11/2012	I'm not sure how to gage that. There are always other people there when I come. The Fairview branch never has enough room for the children's activities from what I've heard....
6585	7/11/2012	Very well used but too many people using computers for playing games, facebook and other non essential things.
6586	7/11/2012	Very well! There are always many people there.
6587	7/11/2012	It is very busy-
6588	7/11/2012	I think it's a great asset to our community. It's in a great location, it caters to a variety of people: single, married, with kids, seniors, etc.

6589	7/11/2012	Judging by the number of patrons that are in the libraries I have used and now use they all seem to be well used.
6590	7/11/2012	It appears to be busy, active whenever I go there. People walk there, bike there from all over the neighborhood. I love not only the books but all the programs they offer and other information available in paper/pamphlet form as well as internet access.
6591	7/11/2012	It seems to be very busy.
6592	7/11/2012	very busy
6593	7/11/2012	very busy
6594	7/11/2012	Very well used.
6595	7/11/2012	Usually crowded but not uncomfortably so.
6596	7/11/2012	Both Belmont and Hollywood libraries are always busy when I am there at varying times of day and days of the week.
6597	7/11/2012	oh, my. Central library is the busiest one. It is full of people all the time.
6598	7/11/2012	fabuloulsy
6599	7/11/2012	well used
6600	7/11/2012	Busy. Well used
6601	7/11/2012	seems always busy
6602	7/11/2012	Very. It is always busy with people using all the computers I find the library invaluable. It is one of the local institutions that makes Portland what it is. A well informed public is essential to the adequate functioning of democracy. I love the library and want it available for myself and for coming generations.
6603	7/11/2012	
6604	7/11/2012	The library is always full of people. There is always a waiting list for computers and lots of holds on popular books.
6605	7/11/2012	very.
6606	7/11/2012	Very well used
6607	7/11/2012	It's small but seems well used.
6608	7/11/2012	Very. Both Gresham and rockwood are very busy when I visit.
6609	7/11/2012	Busy and well used.
6610	7/11/2012	Very well. It's a small library and there are often just a few seats available.
6611	7/11/2012	Every time I am at the Hillsdale Library, it is busy. Sometimes so busy that there is no parking! I love that it is a bustling place.
6612	7/11/2012	VERY busy
6613	7/11/2012	It is very well used, but then it is the central branch.
6614	7/11/2012	There are always people in the library. It's a great resource!
6615	7/11/2012	It is always busy and I always have to wait for a computer ad when I used to visit albIna more that wasn't always the case.

6616	7/11/2012	It is very well used and loved by many via 1) the internet to check out books that may not be at the Hillsdale location that we use the most, 2) checking out kids books for all 3 of our kids ages 2 - 10. They all love to read, be read too, and just for the act of flipping the pages and getting comfortable and loving books for so much imagination happens in our family with the use of these great resources.
6617	7/11/2012	Seems well used, especially the computers
6618	7/11/2012	It always seems busy, full of people. In outer NE/SE we don't get a lot of the same resources as other neighborhoods (like for parks, sidewalks, renewal) but our libraries are great!
6619	7/11/2012	Very well. There are a lot of kids, after school activities, a lot of computer use and community meetings.
6620	7/11/2012	Extremely. We are in there several times weekly. It is always bustling with people.
6621	7/11/2012	There are always plenty of people using the library whenever I'm there.
6622	7/11/2012	It is very busy. There are always kids in the kid section reading or using computers. Storytimes are well attended.
6623	7/11/2012	Very, though wished it were bigger and had more book choices Ledding Library in Clackamas County is much bigger and has more options
6624	7/11/2012	If you mean in general , pretty well used by community members.
6625	7/11/2012	Incredibly busy always.
6626	7/11/2012	Very well.
6627	7/11/2012	Seems well visited when I'm there.
6628	7/11/2012	VERY!!
6629	7/11/2012	I think it is well used and greatly appreciated in our neighborhood, especially by young families.
6630	7/11/2012	What do you mean? How well used by me? I probably should visit the library more often. ☹ How well used by the community? The few times I have been at the library there seems to be a good number of patrons.

The library, in general, has been a gem for my husband and I for years and years now when we went about bi-weekly, but most especially since we just had a child. We check out books for him at least once a week. I also am always trolling the collection for books on parenting, potty training, etc. and almost always find what I need with a reasonable wait. []

[]

Hillsdale constantly has people in it. It's the location we use the most now. I really like that I can walk to it from my house and know that I'll find something to bring home with me. It's always well staffed...I never really feel like i have to wait for help.

6631 **7/11/2012** I see lots of people using the internet, the kids section, and the study rooms. []

[]

Sellwood was always a quieter location, but there were always a few people in it. It was mostly kids and their parents. I like the intimate setting of that library. We still visit it even after we moved to SW.[]

[]

I also recently tried the online e book service and liked that as well. I was a little frustrated with how long i had to wait for a book I really needed in that moment in time (about 2 months) but it was helpful when I received the rights to use it.

6632 **7/11/2012** Very!

6633 **7/11/2012** Always people there.

6634 **7/11/2012** very well used.

6635 **7/11/2012** Northwest library is very well organized, pleasant to visit and has interesting book on display. The personel is also very accomadating.

6636 **7/11/2012** Very!

6637 **7/11/2012** Baby programs seem very well-attended.

6638 **7/11/2012** It appears to be popular, almost too small for the neighborhood

6639 **7/11/2012** extremely well used!

6640 **7/11/2012** It is always very busy when I go in.

6641 **7/11/2012** Very well used. Always a number of people there.

6642 **7/11/2012** very well used by the community

6643 **7/11/2012** I would say, considering I usually only use the library once a month, it seems to always be well used & very busy with various age groups using several of the varied media sources. And despite the inconsistent time I come in, there always seems to be quite a bit of traffic of people, therefore it doesn't matter what time of day it is, it always has a good amount of people present.

6644 **7/11/2012** By me? By others? Hillsdale is the only one I use

6645 **7/11/2012** Very well, there are always a lot of people at Albina. It is always a relaxing experience whether browsing or just picking up holds.

6646 **7/11/2012** Gregory Heights is always busy and parking lot is mostly full.

6647 **7/11/2012** there are always people their.

6648	7/11/2012	It's a joy to see the library actively used at all hours it is open. Never empty. It is truly a community asset.
6649	7/11/2012	Very busy. I live 1/2 block away so I see people going in and out all day.
6650	7/11/2012	The Kenton library is only a couple of blocks away and we walk to it 3 to 4 times a week. Since the library is so close we only check 1 or at the most 2 books at a time.
6651	7/11/2012	I primarily use the Midland Branch, and it is exceedingly well used. I find that the Belmont Branch, when I go there, is equally well used, such that there is a wait when we want to check out books or get an answer to a question.
6652	7/11/2012	The library is farly newly rebuilt and is very nice. Dont take it away, because its a very needed place for all the needs the library puts out
6653	7/11/2012	very well used
6654	7/11/2012	very well
6655	7/11/2012	The NW library is always full.
6656	7/11/2012	Heavily I work in Se Portland as an occupational therapist with the 0-5 years old children. Besides using the library myself, the programs such as sensory story time and Toddler program are highly valuable. I recommend the families to attend those groups on a regular basis.
6657	7/11/2012	
6658	7/11/2012	I feel like it is very heavy used.
6659	7/11/2012	Heavily: there is always a line at opening time and the building is well-populated throughout the day
6660	7/11/2012	The local library is very popular and very well used.
6661	7/11/2012	Very well. Every time I go to the library, no matter the branch, it's packed. And on days when it opens later (noon on Sundays at Hollywood), there is usually a line of people just waiting to get it.
6662	7/11/2012	It seems well used. There are always a lot of people there
6663	7/11/2012	always seems busy
6664	7/11/2012	very well used
6665	7/11/2012	St. John's? Well used yet nice. Downtown branch? What can you say...top notch.
6666	7/11/2012	It is very well used. Lots of people even on nice days like today!!

		<p>I am always impressed by the number of people using the library whenever I go. Children, adults, seniors (like me) seem to be browsing and borrowing. I go to the library regularly to borrow "real" books and am learning to obtain E books for my kindle. I am a slow learner, but I will be up to speed soon.</p> <p>Thank you for this wonderful resource. I especially appreciate schedules from PCC and other organizations offering community learning experiences.</p> <p>The hours are important, not so much for me, I do not work now, but for workers with odd shifts and people who can only have access to transportation during different times of day.</p> <p>The librarians are always VERY helpful and are willing to explain how to use the new resources as many times as it takes.</p> <p>When I enter the library, I am pleased to see and recognize people who have been there for several years and know the answers to my questions. This is a superior branch; however when I was raising my family and living in N.E. the service was equally kind and efficient. My children felt at ease asking for information and help. They never make you feel like you are wasting their time.</p>
6667	7/11/2012	
6668	7/11/2012	Very busy
6669	7/11/2012	Seems to be well used and bustling whenever we go there.
6670	7/11/2012	Very well used, people love it
6671	7/11/2012	There are always many, many people there no matter the day or time.
6672	7/11/2012	It's always busy.
6673	7/11/2012	Well used
6674	7/11/2012	<p>I visit Central the most and it is always full of people, both inside and outside the building. Also, Hollywood and Belmont are usually quite full of people. I like Gresham because there are lots of places to sit and read. The other libraries I visit do not have much opportunity to sit and read - Central has long tables, but not individual chairs.</p>
6675	7/11/2012	It's always busy when I'm there.
6676	7/11/2012	The library is beyond capacity in my opinion.
6677	7/11/2012	Very well used
6678	7/11/2012	Extremely used, seems to me, as it's usually crowded.
6679	7/11/2012	IT IS ALWAYS BUSY
6680	7/11/2012	extremely--it's always bustling
6681	7/11/2012	extremely well used

6682	7/11/2012	Whenever I walk into Capitol Hill Library, I notice many people using the computers, many children participating in programs, and the hold shelves are always very full, which tells me that our neighborhood has a ton of readers who enjoy utilizing the library.
6683	7/11/2012	Central Library appears to be very well used; by a variety of folks from young toddlers to seniors.[] The Northwest Library appears to be well used by a variety of folks as well. I use the Central Library most often and pick up library materials 2 to 3 times a week. The Northwest Library I may use on a monthly basis.
6684	7/11/2012	very well used
6685	7/11/2012	very well used, especially for its small size
6686	7/11/2012	VERY very well used. And well loved. I use Belmont (near home) and Central (near work). Both are used heavily used and depended on as I'm sure y'all know.
6687	7/11/2012	Belmont can get very crowded depending on the time of day. I teach classes for MCL as a volunteer at Hollywood and central. The Central classes tend to fill up more.
6688	7/11/2012	it always seems to be very well used. people of all ages
6689	7/11/2012	My local library is not very well used, but is greatly appreciated by the people that do use it.
6690	7/11/2012	Very well. Parking is difficult some days.
6691	7/11/2012	I use the library all the time and think it is a great resource. I was disappointed to vote in the new levy only to find operating hours were still cut.
6692	7/11/2012	VERY!
6693	7/11/2012	It's always so busy! The best library system I've ever been apart of!
6694	7/11/2012	Well used... there are always lots of people in all three branches that I visit regularly.
6695	7/11/2012	very well - there's a line waiting to get in each morning! Would love expanded hours!
6696	7/11/2012	I feel like every time I go in there is always people. The baby and toddler classes were always full.
6697	7/11/2012	Not as well as I would like. usually get books on hold, go straight to them check out and leave. would like to spend more time browsing, but usually kinda crowded.
6698	7/11/2012	The two libraries I go to the most often, the Central Library and the Gresham library, seem to always be pretty busy. The Gresham library always has a lot of families with children - especially first generation immigrants. The Central library has all kinds of people there all the time. I really appreciate how beautiful it is -- it feels like a library you might see in a movie.
6699	7/11/2012	Always full of people - but all employees very personable and willing to help with anything. I order books and dvds online and am pleased with the way I'm notified when the item is ready. I am 81, my spouse is 83 and we've been using the Gresham library since 1956. Thank you for providing such fine service. I think some of the programs are costly, especially books for babies, etc. No one is listening.
6700	7/11/2012	Very well used....computers are usually all in use and patrons scattered throughout the library no matter what time I go in.
6701	7/11/2012	Very.
6702	7/11/2012	well

6703	7/11/2012	Very. It is delightful to see generations of families utilizing the services. It serves a very diverse population and I have never been in when it is not busy.
6704	7/11/2012	It is really well used. It is right next to a high school and middle school, so students go after school to do homework, use library resources and check out books. Also there are always a lot of people in the library.
6705	7/11/2012	Very well. There's always people there.
6706	7/11/2012	I frequent the Rockwood Branch and it never seems to be underused. Even odd hours of the day reveal a good number clientel. All stations are in use, personnel are on task and the patrons seem happy.
6707	7/11/2012	Very well used
6708	7/11/2012	Very well used. The North Portland library is always busy.
6709	7/11/2012	I definitely rely on it for getting books for my book club meetings.
6710	7/11/2012	Very well.
6711	7/11/2012	always well used
6712	7/11/2012	The library is very well used. I also notice that it is used by all age groups -- the very young; school aged; teen-age; adult; and senior populations. I've never been to the library when there wasn't a good sized crowd.
6713	7/11/2012	Very well. We LOVE going!!!
6714	7/11/2012	There are always people there.
6715	7/11/2012	Very
6716	7/11/2012	It is always packed.
6717	7/11/2012	Very well used.
6718	7/11/2012	VERY well used. There is always people there, at the computers, reading, classes, etc
6719	7/11/2012	It appears to be very popular
6720	7/11/2012	Close them all except for weekends... do business online! Our new media is very capable of getting everything via our laptops.. lets not live in the dinosaur world of the 1980s...our library buildings are not needed as they were in the past. Sorry, I love books.. but digital media is here to stay.. and will save us money!
6721	7/11/2012	Rockwood, Midland and Gresham are all very busy. Sometimes it is difficult to even find a parking place.
6722	7/11/2012	It appears to be well used and appreciated
6723	7/11/2012	I think it is very well used. There are always lots of people at the Belmont branch.
6724	7/11/2012	always full of people when I go
6725	7/11/2012	well ;used
6726	7/11/2012	Well used. Both are always busy with all ages of people :-)
6727	7/11/2012	Reading monthly megazines.
6728	7/11/2012	fairly well utilized.

6729	7/11/2012	It's usually full of people, so I guess pretty well used.
6730	7/11/2012	Always seems very busy. Parking is hard to find downtown and in NW Portland, plus expensive, so I rarely use the Mult. Co. libraries. I prefer to use the Washington County library.
6731	7/11/2012	It's a cornerstone and anchor to Hillsdale. I live near the library and walk or drive by it most every day. People young and old, and mom's and kids, dad's and kids, are most always coming or going. With the schools nearby, I see Wilson High students showing up at the library for after school studies. Retired persons in to read the newspapers and check out books.
6732	7/11/2012	it is VERY well used. It is always busy no matter what time of day or day of the week.
6733	7/11/2012	Very well used, it's always busy.
6734	7/11/2012	very well used
6735	7/11/2012	very much so
6736	7/11/2012	The library is so busy that it NEEDS to be OPEN seven days a week!!! Did we just vote to keep the money coming to keep them open everyday!?!?
6737	7/11/2012	The branches we visit are always very busy.
6738	7/11/2012	It always seems full of people using the computers and the reserve section for books seems full every time I pick up my books.
6739	7/11/2012	very well
6740	7/11/2012	seems very well used
6741	7/11/2012	I would not know
6742	7/11/2012	It always seems very busy.
6743	7/11/2012	It is always full of folks with varied needs and desires! We love our local library so much and think it is such a valued asset to any community. Having just returned from Abuja, Nigeria where I worked as a principal at an international school I cannot express how much NOT having a local library impacts the community as well as supporting students in school. Also as a vice principal at Parkrose High School from 2002-2010 I know that many of our students (we had a 60% poverty rate) depended on the library for internet access for research papers and also for their Senior Capstone essay. Not having a local library would seriously put our most at risk youth in jeopardy for not having the necessary resources for being successful academically. Many families (we had many homeless students) do not have a computer in their home or access to the internet.
6744	7/11/2012	Lots of folks
6745	7/11/2012	I am not sure how to answer this...I am equidistant to the Holgate, Woodstock and Belmont libraries - all of which are heavily utilized. I personally use them about every other week to check out/return books and media.
6746	7/11/2012	very well
6747	7/11/2012	The Kenton Library has made a positive impact on our neighborhood. It's a real gathering place and my kids want to go there daily. They feel very comfortable in the library. WE LOVE IT!!
6748	7/11/2012	Very well used.

6749	7/11/2012	The computers always appear full and there are usually at least a half dozen plus folks roaming around in the books area when I stop by around 5:30.
6750	7/11/2012	The Fairview Branch always seems busy. Most of the people there seem to be using the computers.
6751	7/11/2012	I'm not exactly sure what you're asking for in this question, but the library seems to offer a lot of different types of services for a variety of people. In that way it seems well used. I also get the impression that the staff and people who use that branch value and appreciate it.
6752	7/11/2012	very busy
6753	7/11/2012	Very busy whenever I am there. It's good to see!
6754	7/11/2012	It's always fairly busy when I visit.
6755	7/11/2012	Very busy every time we go in
6756	7/11/2012	Fairly crowded most days.
6757	7/11/2012	Pretty well I think.
6758	7/11/2012	Very well. Always full.
6759	7/11/2012	Extremely well used.
6760	7/11/2012	It seems to be very well used. It is usually hard to find a parking space in the lot or immediately adjacent, and inside the library is always bustling with people. I usually see people using all of the various spaces and functions of the library during my weekly visits.
6761	7/11/2012	I would say very well used, always a lot of people there
6762	7/11/2012	It is used quite a bit. The parking lot is always nearly full when I visit and there is often a wait time to get on a computer (but the wait is usually short in duration).
6763	7/11/2012	I'm not sure of the question. But, basically I order books over the Internet and pick them up at the library when they are available.
6764	7/11/2012	It's regularly busy.
6765	7/11/2012	Well used. Many patrons and friendly people.
6766	7/11/2012	It appears to be well used.
6767	7/11/2012	It seems to be busy always.
6768	7/11/2012	Amazingly well used during most of the "open" hours.
6769	7/11/2012	The Albina branch appears to be very well used. It always has visitors and often is difficult to find an unused terminal.
6770	7/11/2012	There are always a lot of people in there when we go.
6771	7/11/2012	I generally simply pick up books and each time I am there the computer area is almost full, lots of kids with parents.
6772	7/11/2012	There are always people browsing books, working at tables or checking out items when I'm at the library.
6773	7/11/2012	Don't know
6774	7/11/2012	Very
6775	7/11/2012	Very well. I visit at least once a week, and it seems to be very busy.

6776	7/11/2012	very well used, both hillsdale, near pure home; and nw, near my work
6777	7/11/2012	I always see people going in and out of both the libraries I go to. They both seem to be very popular.
6778	7/11/2012	Midland Branch is used extensively. The parking lot is full, and the library is bustling with people.
6779	7/11/2012	Both branches that I use are used to full compacity,
6780	7/11/2012	Don't know, the few times I have been there it seemed busy
6781	7/11/2012	Seems busy in all the branches I use.
6782	7/11/2012	There are always waiting time for the computers and a lot of space for holds.
6783	7/11/2012	The Albina branch seems very well used. It always looks full to me when I go there or just pass by.
6784	7/11/2012	The St. Johns branch seems well attended.
6785	7/11/2012	Very well used
6786	7/11/2012	always seems busy
6787	7/11/2012	Usually quite a few people are there.
6788	7/11/2012	My local library is used by many people for education, research and enjoyment. It is always busy.
6789	7/11/2012	It is always busy and I find its services to be very good.
6790	7/11/2012	Is usually busy, the computers are nearly always in use. It's not overcrowded, but there's always a good number of people there.
6791	7/11/2012	I'm unsure what this means. Some are overused, under stocked and understaffed, while others seem like only the media and computers are well used. There is some inconsistency. Gregory Heights is my nearest branch and I visit it weekly, on a variety of days and at a variety of times. It is always busy when I am there. The computers are almost completely occupied, with others using laptops at the desks. I see lots of
6792	7/11/2012	people browsing the aisles, both for books and dvd's. People are often at the desk, asking questions or for assistance with things. Many families use the library, as do a large number of immigrant adults from a variety of nations. Our library is well-used.
6793	7/11/2012	Belmont library is always busy and active, full of citizens who gain much from it.
6794	7/11/2012	Don't know.
6795	7/11/2012	very
6796	7/11/2012	Very well used. Belmont is always busy.
6797	7/11/2012	Our library is always busy, computers are all being used. The times this I've used the computer lab most of computer were ir use.
6798	7/11/2012	My local library is wonderful, always busy, and the staff is great. Please keep it at 7 days a week!
6799	7/11/2012	fairly well used
6800	7/11/2012	heavily used

Well just the other day a perverted person was anxiously awaiting to go get his pornography fix and realized he'd have to wait an hour later! He began to swear loudly and cussed me out. When I told him he'd have to wait an hour later because that's the librarians new hours. []

[]

"I've got another appointment!" as he swore at me all the way out of the parking lot and onto the street. At the top of his lungs![]

[]

6801 **7/11/2012** Is there a way you could stop the library from letting the porn addicts get their fix?[]

[]

Do you really think it is good for the next person to see thier porn site when their time is revoked? Mind you people of all ages...especially those under 18. Where is their right to a porn free enviroment? You are NOT providing that. You should be not allowing that to happen in a public place. Let the porn freaks go to another county or state to watch sleezey computer filth.[]

[]

I use the librarty enought to see pron freaks getting their fix that you provide. And leaving it on for anyone including young children to see. Your bond measure was NOT to allow that deviant behavior to continue. You need to put a stop to it.

6802 **7/11/2012** Very well used.

6803 **7/11/2012** Very, very.

6804 **7/11/2012** Very well used by the entire St Johns neighborhood

6805 **7/11/2012** Whenever I go in to pick up my books I notice all the computers are taken & I rarely get to walk right up to check out. Seems to be a popular place.

6806 **7/11/2012** extremely. I am not sure what you are asking for. The Woodstock location is well used.

6807 **7/11/2012** Always busy with activity.

6808 **7/11/2012** very busy

6809 **7/11/2012** Fairly well.

6810 **7/11/2012** It seems well used. There are always people there when I go, and my roommate goes often.

6811 **7/11/2012** very well

6812 **7/11/2012** Always seems busy

6813 **7/11/2012** Very

6814 **7/11/2012** I'm not sure if I understand the question, but all the libraries near by seem to have a lot of people in them whenever I go, and the selection is wonderful.

6815 **7/11/2012** Well used... there are always people in the library when I go

6816 **7/11/2012** It is packed and overcrowded. Very busy with the door open all the time. Childrens' storytime is well-attended and wonderful but disrupts other patrons because the space is so small. It needs a few study rooms.

6817	7/11/2012	It seems like it is very well used as it is always full of people anytime I stop by. Sometimes I am there first thing in the morning, and there is a group of people waiting for the doors to open. So, in my opinion it is well used!
6818	7/11/2012	Every time I go in our library, it is brimming with people of all ages.
6819	7/11/2012	From what I have seen, it is very well used, particularly on the weekends when students may be working on school papers & projects.
6820	7/11/2012	Its a wonderful busy place
6821	7/11/2012	It is very important to have a resources available for the community people to use, Library is a place for all ages, It would be nice for all libraries are available for everyone to use because it is a place to learn, to have fun, to explore your knowledge. Therefore, if the library is not open one day per week, where else people would be able to go? Please do not cut any funding for this good services that are providing many resources for the community. Please consider the library is a place for people to enjoy a good healthy environment and further more, it helps everyone to gain lots of knowledge through out the books, computers, DVD, Cassette etc. Thank you for continuing support our community.
6822	7/11/2012	It seems very busy when I go...
6823	7/11/2012	Very busy
6824	7/11/2012	Very well used
6825	7/11/2012	I often see many people inside.
6826	7/11/2012	I can't say about the one closest to where I live, but the downtown branch is always busy. I use the central library because it is more convenient for me to get to since it's on the MAX line.
6827	7/11/2012	branches are always full
6828	7/11/2012	Our branch always seems to be busy, when it opens and when it closes.
6829	7/11/2012	Just the right amount.
6830	7/11/2012	Very well used as far as I can see. Every time I go in there it is crowded.
6831	7/11/2012	Whenever I am in there, especially during the summer, it seems pretty busy, especially with children. I am happy to see it thrive!
6832	7/11/2012	It is very well used.
6833	7/11/2012	very well used. always busy
6834	7/11/2012	Very well, every time I am in the library there are many other people using the computers, checking material or enjoying a book reading.
6835	7/11/2012	It seems well used when I am there.
6836	7/11/2012	Very well used, active branch
6837	7/11/2012	seems to be busy all the time
6838	7/11/2012	Usually quite crowded with kids and people using computers.
6839	7/11/2012	Our library is definitely well used. We enjoy going and go about twice a week with our children. Hollywood branch has many resources and is always on our top things to do in the neighborhood.
6840	7/11/2012	Very well used. The parking lot is usually full.

6841	7/11/2012	Always busy.
6842	7/11/2012	Currently in Washington co., so Beaverton is closest library--but I don't use it either.
6843	7/11/2012	busy every time I've been there...computers always filled with use.
6844	7/11/2012	Every time I visit, there are several other neighbors using library services. I often see people waiting outside the doors on days the library opens late. I hope hours are not cut, it is so important that everyone, especially children have access to books and the knowledge that the local libraries provide!
6845	7/11/2012	very well used
6846	7/11/2012	It seems very well used. There are always lots of people in there.
6847	7/11/2012	Very well used.
6848	7/11/2012	Seems pretty busy any time I'm there, usually weekends or evenings.
6849	7/11/2012	Very well used.
6850	7/11/2012	There is always someone there when I go in.
6851	7/11/2012	VERY well used! There are always a lot of people at the Gresham library.
6852	7/11/2012	Very. I work with homeless youth. It is one of the best places for them to spend their days.
6853	7/11/2012	Seems busy and well used.
6854	7/11/2012	Very. On any given weekday, you can find a crowd at basically any time - parents with very young children as soon as the library opens, older children as soon as school gets out, and local residents using the library's computers or their own laptops at any time of day. There almost always seems to be someone checking out books at one of the automated terminals, too. If anything, it appears to be even busier on the weekends.
6855	7/11/2012	Always filled with people.
6856	7/11/2012	It's usually busy while we're there.
6857	7/11/2012	It is always busy with individuals of all ages and many families.
6858	7/11/2012	Very well used. People are always there, it is humming with activity and one can almost feel the happy thoughts going through peoples minds.
6859	7/11/2012	Very well used
6860	7/11/2012	It is always busy when I am there.
6861	7/11/2012	Very well used.
6862	7/11/2012	Very well!
6863	7/11/2012	SO WELL USED. Central Library is packed all the time.
6864	7/11/2012	I think it is well-used and important part of our local community
6865	7/11/2012	very busy place.
6866	7/11/2012	Very well used!! People are there all the time and whenever I am there I am always surprised to find out all the wonderful things happening at the library!
6867	7/11/2012	I'm not sure what you mean, but Central is always very busy and Hillsdale is as well when I go in (on the weekends)

6868	7/11/2012	Very.
6869	7/11/2012	It's always busy
6870	7/11/2012	It is well used and well loved
6871	7/11/2012	Extremely.....loved and attended!
6872	7/11/2012	It is always busy, so it appears to get a lot of use.
6873	7/11/2012	It is always full and busy.
6874	7/11/2012	I feel it is very well used as there are always many people there no matter what time of day I choose to go.
6875	7/11/2012	Always lots of people there but I must say it is ALWAYS clean and the staff are always pleasant and courteous.
6876	7/11/2012	The 2 branches I use the most are Midland and Gresham. Both branches are very well used, always lots of people. When I recently returned some books on Monday, the library had lots of people coming up and clearly upset that the library was no longer available. All libraries usually have folks waiting for the branch to open. Drive past any library at 10am, just moments before they open, there's usually at least a few people standing in line, waiting to go in. I have NEVER been to a library.....any branch.....at any time.....without seeing it well used.
6877	7/11/2012	VERY
6878	7/11/2012	Not sure I was only there once to confirm my library card, but I always see people there when I drive by.
6879	7/11/2012	It is quite well used, it is always full of people and people actually stand in line for the library to open
6880	7/11/2012	In St. Johns, fairly used, yet in good condition. Downtown beach...what can you say...a class act.
6881	7/11/2012	Very busy and well used. ☺ We usually order online and just pick them up later. I think a lot if people are doing it.
6882	7/11/2012	Seems well used to me.
6883	7/11/2012	It always seems busy
6884	7/11/2012	It is frequented by many.
6885	7/11/2012	Lots of people there all the time
6886	7/11/2012	It seems to be very well used. There are always lots of people there
6887	7/11/2012	I use the library system a lot and love it.
6888	7/11/2012	It's always busy! :-)
6889	7/11/2012	This library is always busy. Many people of all ages are using this library.
6890	7/11/2012	Poorly worded question. All three of the libraries that I visit always seem to have a lot of people using the services regardless of when I go. I work close to the North Portland library and often go over on my lunch hour or after work and there are always a lot of people there. The same is true for the other two libraries that I frequent.
6892	7/11/2012	Very well used
6893	7/11/2012	Very well used.

6894	7/11/2012	Very well used. It is always busy.
6895	7/11/2012	It is always busy.
6896	7/11/2012	Beloved. Worn with use. Cherished.
6897	7/11/2012	Every time I visit, many people are in the library using computers, selecting books and media, or interacting with staff. I think this location is highly used.
6898	7/11/2012	It is often necessary to wait for a computer to open up.
6899	7/11/2012	Always busy. Long wait lists for books.
6900	7/11/2012	it is very highly utilized by the community and an excellent resource in Gresham
6901	7/11/2012	Always busy. Always lines for computers.
6902	7/11/2012	gently used
6903	7/11/2012	Very!
6904	7/11/2012	Excellent, I am a socialist at heart when it comes to the access of knowledge and information.
6905	7/11/2012	The libraries that I go to always seem to have a steady flow of people in and out the door. When I do use the computer, there is usually a substantial wait to get on one. In my opinion the libraries in Portland are always very busy.
6906	7/11/2012	The Gresham library always seems busy. We started using the Gresham branch after moving two years ago from SE Portland where we used the Midland branch. I was afraid that I wasn't going to be as happy with the Gresham branch, but it is very well maintained and usually has plenty of selection for our family.
6907	7/11/2012	Seems to be used fairly well when I have been there.
6908	7/11/2012	High usage
6909	7/11/2012	It seems pretty busy anytime I go by.
6910	7/11/2012	I do not know.
6911	7/11/2012	The holgate library is usually well populated, and almost always has a wait for the computers.
6912	7/11/2012	It is usually quite busy in all areas of the library, book browsing, book reading and computers engaged.
6913	7/11/2012	This question is not clear. Does it mean how well do I use the library - Are the resources being used wisely by people - Do the books look used. It could be interpreted in a number of ways. □ When I use the library I research the catalog then usually end up checking about 5 or 6 books out. Sometimes I will find areas of interest outside my original search and make a note then pursue those later.
6914	7/11/2012	Very well used
6915	7/11/2012	Always seems incredibly busy!
6916	7/11/2012	I dont really know.
6917	7/11/2012	The Belmont library is very well used.
6918	7/11/2012	the North Portland Library is always busy, and if I happen to show up when it is about to open, there is always someone waiting outside for it to open.

6919	7/11/2012	Very
6920	7/11/2012	Very!
6921	7/11/2012	pretty well used
6922	7/11/2012	A lot
6923	7/11/2012	library used a lot.[] It's always too crowded.
6924	7/11/2012	It seems to be well used. Whenever I go in, there are LOTS of people in there. Computers full, little kids using kid computers, sometimes storytime stuff. I love that there are always so many people there. It's definitely a part of the community.
6925	7/11/2012	Our local library is very well used. There is a consistent stream of patrons coming and going at any given time.
6926	7/11/2012	Very, I have lived in Sellwood/ Morland, before we had a library, so going to Woodstock was crowded and clackamas county needed updating. It is so beautifully laid out and nice to use. The staff is very helpful and friendly. The hard part is parking. There are so few spaces and even the neighborhood streets have many cars parked. Then walking to the library is somewhat dangerous, but
6927	7/11/2012	if they put in sidewalks (I read in the newspaper) where will we park? Residents probably do not appreciate all the cars that park in front of their homes.
6928	7/11/2012	Very!
6929	7/11/2012	Fairly well used.
6930	7/11/2012	well used
6931	7/11/2012	There's usually always at least a dozen people in my local, very small Kenton library. Central is packed, especially on weekends.
6932	7/11/2012	The library is very well used by our family as well as coworkers in the education system.
6933	7/11/2012	Very well used
6934	7/11/2012	Very well used. The parking lot and bike rack are always full.
6935	7/11/2012	I'd say it's quite active any time I've been there
6936	7/11/2012	I believe it is very well used, it always looks busy!
6937	7/11/2012	Very well
6938	7/11/2012	It seems very busy, very much appreciated, a vibrant hub of the local community.
6939	7/11/2012	The computers are heavily used. Story times are well attended. The stacks are not crowded.
6940	7/11/2012	constant, central
6941	7/11/2012	Very. Always busy.
6942	7/11/2012	That library is always very busy.
6943	7/11/2012	Seems busy
6944	7/11/2012	It's very active in there. Is that what you mean?
6945	7/11/2012	It always seems fairly busy to me. I often see people I know at the library.

6946	7/11/2012	When I walk by on my daily walks, it appears to be used a lot. It is a nice facility and the neighborhood needs it.
6947	7/11/2012	Belmont is very busy. My partner and I go there at least once a week to pick up books and media on hold, scan the Music CD and DVD sections. There are usually a lot of people using the computers (almost all stations are full). Lots of parents and children around, patrons in every aisle. The restrooms are quite busy and are often running low on paper, are stuffy and need to be cleaned better and more often.
6948	7/11/2012	Very well used...
6949	7/11/2012	Seems to always be busy
6950	7/11/2012	Always busy
6951	7/11/2012	The library in Gresham is usually busy when I visit weekday evenings or Saturday afternoons. The Troutdale Library seems less busy to me.
6952	7/11/2012	always busy and full of young and old. Also unemployed for the last 2 years and seniors looking for Medicare help (SHIBA).
6953	7/11/2012	reasonably well used
6954	7/11/2012	Both libraries I frequent, are heavily used. My favorite use of the Hillsdale library is reserving and using the study rooms. Judging from the wait time I often experience, I suspect that other patrons of the Hillsdale library also enjoy using these rooms.
6955	7/11/2012	Very!
6956	7/11/2012	a lot
6957	7/11/2012	alot
6958	7/11/2012	Very well used.
6959	7/11/2012	There are always people there and full of children reading and reading groups which is amazing
6960	7/11/2012	I think it is well used; I always see people there when I walk by and when I stop in.
6961	7/11/2012	Very well. Not much space to sit and work.
6962	7/11/2012	Every time I go to the library, regardless of the hour or day, it's always full, with a lot of diversity in every way. Mult co library system is THE BEST!!
6963	7/11/2012	It's usually pretty damn busy?
6964	7/11/2012	Very busy.
6965	7/11/2012	I feel our library is used mid-to heavily. There seems to be a steady in and out flow the times I visit the library. (Afternoons)
6966	7/11/2012	Very!
6967	7/11/2012	bustling each and every time I go!
6968	7/11/2012	Very well. We often see friends from the community and we discuss the books we're reading. It always looks like a busy place with a happy, buzz of activity.
6969	7/11/2012	It seems pretty busy
6970	7/11/2012	Very heavy use

6971	7/11/2012	It is extremely busy at almost all hours.
6972	7/11/2012	There are always plenty of people in there when I go in at all times of the day.
6973	7/11/2012	My local library is an essential part of the community, as well as all the other branch locations including Central. The library provides invaluable services that allow people to freely access information, whether it is for entertainment, business, learning or other purposes. The library helps foster a health community by providing resources for information literacy and a place for people to gather.
6974	7/11/2012	It appears to be used very well. There are always patrons using the various facilities. Usually there are several children and parents in the childrens section, the computers frequently all in use, and the reserved shelves are full.
6975	7/11/2012	Everybody seems to use it and love it!
6976	7/11/2012	It is always busy when we are there
6977	7/11/2012	don't know, but when i go the parking lot is sort of full
6978	7/11/2012	Every time I visit the library, anytime of the day, there are many people using the computers and looking for books. I cannot imagine the library not being accessible to the people of our community. It is such an important resource for all ages and socioeconomic backgrounds.
6979	7/11/2012	very used
6980	7/11/2012	it is a real resource, and now that I am feeling a little strapped, plan to use it more instead of Barnes & Noble and iTunes.
6981	7/11/2012	It is well used!
6982	7/11/2012	It is always busy whenever I go.
6983	7/11/2012	Very!
6984	7/11/2012	never too crowded; popular
6985	7/11/2012	Don't know
6986	7/11/2012	Very well used. It is nearly always busy when I go in for a visit or to volunteer.
6987	7/11/2012	If you mean how busy does it seem when I visit - I usually go to the central library downtown and it is usually fairly busy. It's a beautiful building inside and out as well.
6988	7/11/2012	very well - always full
6989	7/11/2012	It is well used day and night.
6990	7/11/2012	The Albina Library is very well used. It is always busy and their selection of books very good for its size. I love the availability of the library system being open on weekends and, while I understand the budget cut requiring the Monday closure, it was the best of all the days for you to choose to close. The weekends are too busy to close. I come from NYC and have been very happy to find your library system so well used and supported.
6991	7/11/2012	Midland is always busy. Holgate is also busy but not as much. Probably due to the smaller size.
6992	7/11/2012	It is used A LOT when open.
6993	7/11/2012	very busy, well used
6994	7/11/2012	When I visit it's always bustling with activity, and it's always difficult to find a parking place.

6995	7/11/2012	It is always busy when we are there and we are there often! Lots of people reading books and periodicals, using the computers, participating in storytimes - also always a diverse group by age and race.
6996	7/11/2012	The Hollywood library is always packed. There are even lines of people waiting to get in before the library opens. I don't ever think I've seen it empty. Even if you don't include the homeless people, the Central Library usually has a good crowd as well.
6997	7/11/2012	Whenever I have been in the library, any branch, it is busy. This is a under-appreciated community asset. I have noticed that the clientele in the library has been older, teens particularly missing. Get the teens "addicted" to books as I was early on, and you have a solid future. Us seniors cannot do it all, try as we may.
6998	7/11/2012	VERY well used! We visit three branches regularly, and they are all always full. It's wonderful!
6999	7/11/2012	porque ayuda a mis hijos a fomentar la lectura , a ellos les gusta ir a la biblioteca.

7003	7/11/2012	Our local libraries are pretty busy. (Hollywood and Belmont) Although Central is not our local library, I prefer it for so many reasons. It is a sacred place to me.[] [] The Central library is nearly always busy.
7004	7/11/2012	Very well used
7005	7/11/2012	Very well used - almost always busy.
7006	7/11/2012	Looks good, new to the neighborhood
7007	7/11/2012	It always seems busy with people at the computers and mothers with children at storytime, etc.
7008	7/11/2012	very well used, it's often crowded, and i have to wait for books and movies i want to check out.
7009	7/11/2012	Every time I have been there the library has had at least eight to ten other users, about half are children.
7010	7/11/2012	Very well used. I am constantly amazed at the selection, efficiency, and the knowledge of the Multnomah County library staff. I moved here from Memphis, where you had to pay to check out media items, even though the selection was poor. I'd be willing to contribute however I can within my means to help keep the library going, as it is one of the VERY most important resources we have as citizens of Portland. Have you had any cash donation drives? I really feel that people would be willing to pitch in in a nontraditional/non tax way, too. Or at least, one would hope. Thanks for all that you do!
7011	7/11/2012	Always busy. Very well used.
7012	7/11/2012	Very well used, I see 40-50 people in there every time.

7019	7/11/2012	It is always busy.

7046	7/11/2012	Seems busy whenever I visit in Gresham.
7047	7/11/2012	I'm not sure what you mean by "well used", but I'll just say that it's always very busy, with lots of people there (including my family) when the library is just closing, trying to get a few more books in! I usually go once or twice a week, and sometimes my siblings go even more. I'd say our library is very used.
7048	7/11/2012	Very

7061	7/11/2012	<p>POORLY!!</p> <p>1. Midland is nothing more than a free internet site for most. Consider the demographics. I walked down the line of computers and most were playing games...not very good utilization in my view. WHO'S FUNDING? PROPERTY TAX OWNER....UNFAIR!</p> <p>2. Free movie rental resource...but who's paying for this? PROPERTY OWNERS TAXES...UNFAIR!</p> <p>3. I remember something about stolen DVD movies on a large scale from the Libraries...now new system.!</p> <p>What was the dollar figure on the loss?</p>

7067	7/11/2012	<p>Whenever I go there, there seems to be a significant population of people using the library. All of the computers and most table space are used.!</p> <p>!</p> <p>I have also used the library for tutoring services as it is safe, available, resourceful and appropriate for education.</p>

7074	7/11/2012	news media reports--"a lot".
7075	7/11/2012	It always seems to have a good number of people in it and utilizing the computers when we visit. We use this mostly for our granddaughter as we develop her love of reading. 7083	7/11/2012	I use the hold function frequently.
7084	7/11/2012	the central library is always jam packed. i live close to midland branch and i know that's a really busy one too. i sometimes drop off books there but since i work downtown it's much handier for me to pick up books there.
7085	7/11/2012	Incredibly! There are people in there all the time, there's often a line to check out...it's a well-utilized and beloved part of our neighborhood. Don't let Albina's diminutive size fool you!

7100	7/11/2012	It's always very busy. The study rooms are always full, as are the computers, and without the self-checkout I think the librarians would have trouble keeping up!

7115	7/11/2012	I don't know where my local library is since we moved to the Gateway/Rocky Butte area. I use the Gresham library more frequently because I know where it is. The Gresham library seems to be very much in use by families, singles and couples. I like go there because it is very welcoming.
7116	7/11/2012	Very well used

7136	7/11/2012	good level of use
7137	7/11/2012	There are always a lot of people using it. It is a great service that I would like to see continue at pre July 1, 2012 levels.
7138	7/11/2012	Good condition for its age.
7139	7/11/2012	Seems well used to me. Sometimes hard to find a seat. Many kids use library and there seem to be a fair number of programs designed for young children.
7140	7/11/2012	I believe Belmont is the busiest local branch?
7141	7/11/2012	The Central Library is very well used.
7142	7/11/2012	Very well used - both Central and Belmont are always busy.
7143	7/11/2012	Very well used. Often a parking problem.

7145	7/11/2012	Very well used, usually busy

		Woodstock always seem busy when i'm there. i don't regularly go to the others i checked i am new here, coming from Mn. western wisconsin area.... we have great libraries there too. i would hate to see you cut services any further. on your new schedule, i do not recall whether or not you have at least 2 nights with late service to 9--- i hope you do, as this is a crucial time for working adults.[]
7146	7/11/2012	i am a 66 yr old retired professional... i grew up in Mandan and Bismarck ND--- i first visited the public libraries at about age 5 and soon became a regular user.... my parents were middle income. Reading early helped me to be an above average achiever in school, K-12, and to attain my M. S at age 30. PLEASE DO NOT MAKE FURTHER CUTS IN HOURS OR SERVICES. LIBRARIANS are such a valuable resource!!!! there are too many under- achieving students already--- Library availability can be a huge help to kids as well as adults. ** i volunteer for the Portland Schools SMART PROGRAM, too, and see the value exposing little ones to books from an early age. ;.)
7147	7/11/2012	Very well used.

7155	7/11/2012	Very well used.
7156	7/11/2012	Hollywood Library is very well used by all age groups. Any time of the day you can visit and see a large number of users. We feel it is one of the most valued community resources a neighborhood can have.
7157	7/11/2012	There always seem to be plenty of people there. At the Capitol Hill library, many of the patrons seem to be using the computers more than books, which seems to me a secondary purpose for using a library. I'd love to see these people enjoying books.
7158	7/11/2012	It is ALWAYS busy
7159	7/11/2012	Very well used. I hate to see it lose any funding.
7160	7/11/2012	well used
7161	7/11/2012	Fairly well used. Albina is small, but the computers are often full when I arrive.

7166	7/11/2012	well used
7167	7/11/2012	It always seems to be busy. Also, I can almost never get the books that I want because they are already checked out or on hold for months.
7168	7/11/2012	very well used -- it's great!
7169	7/11/2012	Very well, i'm impressed with the wide range of users.

7172	7/11/2012	There are always many people there. The parking lot is often full or nearly so.
7173	7/11/2012	Very well used. It's right next to my high school, so there are always kids in there studying, using the internet, or checking out books. I've never seen it empty.
7174	7/11/2012	Very
7175	7/11/2012	Overused!
7176	7/11/2012	Very, from what I've seen.
7177	7/11/2012	It is quite popular.

7179	7/11/2012	there are usually a few individuals in the library when we are there
7180	7/11/2012	It always seems busy when I'm in there! There is a good children's area and a large section of books on hold through the interlibrary loan system. Whenever I arrive before open hours there is a line of people waiting to go inside. I love this little library!
7181	7/11/2012	It's well used. Never without people anytime I go in.
7182	7/11/2012	Always lots of people present
7183	7/11/2012	It usually seems well used, plenty of people there.
7184	7/11/2012	I use it frequently. I like the "holds" via email to order books of my choice and Lucky Day books.
7185	7/11/2012	I would say that I use it very well. I speak French and Spanish and am making lots of headway with the Turkish language. I use books in a many subjects. I like about three art periodicals you subscribe to.
7186	7/11/2012	How well used in general? I think every time I go by, there are multiple people in there browsing or using the computers. How well is it used by me? I love it! Generally I arrange for books to be picked up and it's super fast and easy to stop by on my way home from work.

7191	7/11/2012	It's very well used.
7192	7/11/2012	Well; there are always people coming and going. The Capitol Hill location is right next to the park; talking children into stopping at the library is a breeze. Also located next to PCC. If anything, increase funding!! Thanks :)
7193	7/11/2012	It always seems full to me, but I work 8 to 5 so I may be there at the busiest times.

7194	7/11/2012	Odd question. The belmont library seems to be used mostly for internet and picking up ordered materials. The central library is used for all sorts of things.
7195	7/11/2012	It is the icon; however, being the central library, it is very well used. I suppose.
7196	7/11/2012	the woodstock library seems to be always busy.
7197	7/11/2012	Central Library is the nucleus of my working and reading life; I also borrow DVDs for entertainment. I visit nearly every day and always find it very busy, which heartens me. As a micropublisher, I'm glad to see other readers browse shelves for ideas and treasures and check things out to take home. I think Central is also a daytime retreat from the street for a number of people who really need to be able to get indoors and out of the weather; I'm glad that the library and security personnel manage to work with that situation--unusual in my experience--with grace and tact.
7198	7/11/2012	It is almost always busy when I am there. Kids area, computer stations, tables, "hold" shelves busy busy, busy!
7199	7/11/2012	(Hillsdale) Very well used, by people of all ages, including families.. [] (St. Johns) Very well used by families, students.[] [] I have used library visitations to my classes on the subjects of internet safety, and research resources, [] [] Librarians have been very helpful in finding books for units of study in my class, including lit sets, and theme topics.
7200	7/11/2012	it is busy
7201	7/11/2012	Very well used
7202	7/11/2012	Very Very busy

7204	7/11/2012	Very. It's always busy and every section, media type and space is being used.
7205	7/11/2012	lots of people every time I go in (good job)
7206	7/11/2012	unknown.
7207	7/11/2012	Troutdale is always busy.
7208	7/11/2012	It's usually quite full and active.
7209	7/11/2012	Very busy. There are always many people moving about the library working on the computers, reading, shelving and browsing. Story time for my 2 year old is always full on Thursday mornings! The computer area is always busy. Later in the afternoon the library has a lot of children and parents. [] I am a senior and have never been good with computers. I use the ones at the library for business knowing your staff are there to help me figure things out. This is a great service for people like me.[] [] I love Mango and study Spanish from home. Thanks for that.
7210	7/11/2012	

7211	7/11/2012	It is constantly busy. Sometimes it is difficult to find a place to sit. There are many children programs which are well attended.
7212	7/11/2012	very as far as i can tell
7213	7/11/2012	The library is always busy.
7214	7/11/2012	pretty busy
7215	7/11/2012	Very well used but it seems that most people are there to get on the internet.
7216	7/11/2012	The parking lot is always over flowing. The books are not new, but not falling apart. It's always very busy. Even though, I don't go to the library more than monthly (less i the summer), I always reserve books on line and someone in my family picks up books at least once a week. Your library system is absolutely essential to the cultural wealth that is Portland.

7218	7/11/2012	they are both usually very busy all hours as far as I can tell. There are many people in Capitol Hill library no matter what time I go in. I have never seen fewer than about 40+ people in our little library. I notice especially that it is serving a wide variety of ethnic groups and ages...computers, journals, checking out books and other media. There are usually people waiting to be let in at opening time and have to be asked to leave at closing.

7220	7/11/2012	I'm always pleasantly surprised to see how many people are there. Kids and adults.
7221	7/11/2012	Very Well! Always busy
7222	7/11/2012	The Hollywood library is always busy.
7223	7/11/2012	extremely
7224	7/11/2012	Very well used
7225	7/11/2012	Always people using all aspects (computers, questions, lending)
7226	7/11/2012	Very well used. Outer SE libraries are not well served by public transit.
7227	7/11/2012	Always busy, so it's safe to assume it's well used.
7228	7/11/2012	it appears the internet and computer access is extremely well used. Little is stocked on shelf, so I typically have to request books from other branches or go to other branches if interested in certain books. It always seems to be extremely busy, with people of all ages streaming through the doors. I also observe that many probably homeless people use the library, doing some reading, but also eating at the reading tables, using the lavatories, staying warm in cold, wet weather. Although it's sad that we are in such a situation that that is necessary, it's uplifting to know that the library can and does provide this kind of service to the community.

7230	7/11/2012	Very. There always seems to be people coming, going, sitting & reading.
7231	7/11/2012	Well used
7232	7/11/2012	I would say quite well used. Computer stations are generally all in use, and the hold station is usually full. It looks like there are after-school and other programs that take place, and are well attended. It also looks to me like North Portland library clients are diverse in both age and race; I see lots of families and young adults.

7233	7/11/2012	I usually see most of the resources being well utilized by visitors (librarians, reference desk, computers, and reading areas), although there is almost always sufficient room to lay out my own books and references for study...
7234	7/11/2012	Heavily used I think.
7235	7/11/2012	well used
7236	7/11/2012	I think it's very well used.
7237	7/11/2012	extremely well used!
7238	7/11/2012	The Woodstock Library is always busy when I drive buy or pickup books.
7239	7/11/2012	It is always busy whenever I go in there. The people are great!
7240	7/11/2012	Very much so it is always busy
7241	7/11/2012	The Northwest Branch appears to be very well used. There are always lots of people in the branch using all the various facilities.
7242	7/11/2012	Always seems busy - facility is in excellent condition (Hillsdale). Downtown facility noticeably older, in poorer, but still good, condition.
7243	7/11/2012	Well enough that it's hard to find a near parking space. Well enough that there are always lots of patrons using it whenever I'm there.
7244	7/11/2012	Very well used--I'm in the St Johns library almost every day and it's usually busy.
7245	7/11/2012	Extremely well used!!!
7246	7/11/2012	Lots of users every time I go
7247	7/11/2012	Always busy
7248	7/11/2012	Very
7249	7/11/2012	Well I voted to add a buck per thousand of my home's assessed value to a library tax and you still closed on days. I am not voting for a district.
7250	7/11/2012	It is old but nice
7251	7/11/2012	Very.
7252	7/11/2012	Incredibly.
7253	7/11/2012	Very well used. It's busy whenever I go (especially the Central library) and I always have to wait for the book I want! I put in a hold and eventually get it which is fine.
7254	7/11/2012	i think its great,but and some times i wish if would stay open longer but, i no its hard when there is not much fund.I hope that people that wants to use the Library more should at least think and help out more.
7255	7/11/2012	It is always busy!
7256	7/11/2012	it is always busy
7257	7/11/2012	Its always super busy!
7258	7/11/2012	Midland is well used, but never too crowded, which is good.
7259	7/11/2012	The Belmont location is always decently crowded during normal hours, and it seems like a lot of people have books on hold, so I assume it's very well-used.

7260	7/11/2012	Very well used.
7261	7/11/2012	There are always quite a few people there, using the computers and checking out books and other materials.
7262	7/11/2012	They all seem busy whenever I go. All ages getting book,media and using the computers.
7263	7/11/2012	well used!
7264	7/11/2012	I wish more people used the library "well". It is such a great resource, with so much potential.
7265	7/11/2012	Very
7266	7/11/2012	Very I think. Often crowded.
7267	7/11/2012	Well used, but well kept too.
7268	7/11/2012	It is always in use by many people when I visit.
7269	7/11/2012	It is well used by our family and is seems to be quite busy when we visit the library
7270	7/11/2012	Very
7271	7/11/2012	Very well used.
7272	7/11/2012	Always seems busy when I'm there; a hub of neighborhood activity.
7273	7/11/2012	very...its often overcrowded. Also, there is a sheriff present most hours to prevent misuse by the local high schoolers I guess. This leads to a suspicious environment, and I have had to complain to staff about overzealous sheriffs 2 times.
7274	7/11/2012	Whenever I go there, I notice that the computers are almost always occupied, and there are usually a decent amount of people there. I go on weekends though, so this may be how it is on weekends. I usually go to look for a specific subject (though not a specific book, or author), and find the time to peruse the CD library, since it is diverse and I usually find something I want to listen to.
7275	7/11/2012	Usually busy in all areas.
7276	7/11/2012	The Hillsdale branch is always busy. We also use the Capitol Hwy branch. My son, who attends Markham Elementary, uses that library often during school hours/field trips.
7277	7/11/2012	It's always packed on the weekends when I use it.
7278	7/11/2012	It is well used.
7279	7/11/2012	It appears to be a busy and thriving place at all hours of the day and on weekends. Users are of all ages. The staff is helpfu and resourceful. People see each other at the library. Kids do their homework. It's a beautiful sight.
7280	7/11/2012	alot
7281	7/11/2012	Always lots of people. What I notice most is people using the computers. This strikes me as strange in this day of computers in every household and easy internet access.
7282	7/11/2012	Always full of people.
7283	7/11/2012	Well! The child reading groups were always popular, before and after hours I see folks returning books as I was. And no matter what time I go, there's 15 to 30 patrons of all ages.

		Seems busy all the time at Hillsdale. Lots of kids about and there is a nice flow back and forth to area eateries and parks as well. □ □
7284	7/11/2012	We LOVE using the Library facilities to find great books for our growing children. It allows us to invest in a "renewable" service, because they are circulated to other families and all benefit. I also find that they have enough books to keep the kids interested even from a very young age. We began using the library consistently for books from age 10 months. Also a huge resource for pregnancy and nutrition and decorating books, which all came in handy over the past two years. We even remodeled our stairs and basement, based on research we did through the Library.
7285	7/11/2012	My local library always seems to be busy. Children and parents are in the kid's section, teens and adults are on the computers, and many people are just browsing around. I always enjoy going to the library.
7286	7/11/2012	Very well used.
7287	7/11/2012	The Albina branch is very small, but it is a busy place. The computers are generally all in use and there is a flow in and out of the library as patrons return and check out books.
7288	7/11/2012	The Belmont Library is always busy. And I am always happy to see that there are many people who take advantage of its benefits.
7289	7/11/2012	It is used so much and is so small. When they expanded the Belmont library, I was shocked that that they did not expand it more. They could've expanded the building into where they put the parking lot. In our neighborhood, people would rather have a bigger library than a parking lot any day.
7290	7/11/2012	Very well used.
7291	7/11/2012	very busy all of the time.
7292	7/11/2012	It always seems busy.
7293	7/11/2012	I don't know actually
7294	7/11/2012	Very well
7295	7/11/2012	It always has 14-25 people in it and there usually is a line of 5-6 folks waiting to get it when it first opens.
7296	7/11/2012	Heavily used
7297	7/11/2012	It seems pretty well used.
7298	7/11/2012	It's pretty busy, and very well used. I have never seen the library empty, even at closing time.
7299	7/11/2012	It seems very well used - there are usually a bunch of people there and sometimes it's quite bustling.
7300	7/11/2012	not sure
7301	7/11/2012	Very well used!
7302	7/11/2012	I assume you are asking my opinion on how many people are usually there? North is always in use, as it is an important resource for the community- I always see families and job seekers there. And we love it just for books, personally.
7303	7/11/2012	Kenton is always busy...trouble finding parking...but well worth the search! St Johns branch is busy also parking easier to find love them both

7304	7/11/2012	Less than a couple of years ago.
7305	7/11/2012	Very well. Always lots of people there and helpful staff
7306	7/11/2012	It is always busy! I would say very well used. It seems to be heavily used to access the internet and to print things.
7307	7/11/2012	It is always busy with every computer occupied, folks waiting to check out or requesting info.
7308	7/11/2012	Our local library, Woodstock, is a gem. It is well used and a vital part of our community. Starting with book-babies, the woodstock library has become the central hub and the context in which we meet and get to know many of our neighbors.
7309	7/11/2012	pretty busy every time I go in
7310	7/11/2012	Often busy, short lines at check out stations
7311	7/11/2012	Well used
7312	7/11/2012	Extremely well-used
7313	7/11/2012	Pretty well
7314	7/11/2012	It seems to be well used by friends and colleagues.
7315	7/11/2012	Very
7316	7/11/2012	Very well used and loved
7317	7/11/2012	Well my local library carries lots of dvds, audio books, lots of graphic novels. I went in looking to get some books to send to my son at camp to find the library carries NO, yeap none at all of such authors as Steinbeck, Hemmingway, Shakespeare.
7318	7/11/2012	very
7319	7/11/2012	Very active. Usually lots of people
7320	7/11/2012	Very well used. There are people waiting to get in as soon as the doors open and leaving as the doors close for the day.
7321	7/11/2012	Very Busy all the time. Sunday's is a big day for usage.
7322	7/11/2012	computer classes are great. It seems as if we have a very active branch as people come and go.
7323	7/11/2012	In 3 hours I alone can do 5 crates of books going out to request at other branches and 5 crates of books coming in to our branch for pick-up
7324	7/11/2012	Very
7325	7/11/2012	very well used
7326	7/11/2012	Always busy
7327	7/11/2012	It always seems pretty well used to me. I frequent the Central library the most, and I always see it buzzing with people. I love that library dearly and go weekly, if not more often. I think people really use it well and take advantage of all it has to offer, even if I just mainly use it to check out books.
7328	7/11/2012	
7329	7/11/2012	Very busy.
7330	7/11/2012	Well loved

7331	7/11/2012	It always seems to have many people, adults and children, in there.
7332	7/11/2012	Fairly well. I think the various activities and events engage the community, and provides something for various age groups and people.
7333	7/11/2012	Very well used. It is always lively and busy with tots and parents, teens, adults, seniors. I always see someone I know.
7334	7/11/2012	My library is very well used. There is always a line formed before opening and people are in the library all day long.
7335	7/11/2012	It is always packed.
7336	7/11/2012	There are always people at the library. I love it when I see children in the 23rd street library learning to use computers.[]
7337	7/11/2012	[] Without the inter library loan, I could not keep up to date in my profession.
7338	7/11/2012	Incredibly well used
7339	7/11/2012	Very
7340	7/11/2012	not very busy
7341	7/11/2012	It is used a lot by others, especially youth during the summer.
7342	7/11/2012	It always seems busy
7343	7/11/2012	Central is well used.
7344	7/11/2012	I go to study for college classes; take my children to read, and my niece job hunts online.
7345	7/11/2012	It seems very busy every time I visit to check out a book with patrons browsing in the stacks, using computers, etc. Because it is a small building, it feels crowded when I visit.
7346	7/11/2012	It is well used all of the time and some times you have to wait to get on a computer. I see family's in it all of the time with there kids.
7347	7/11/2012	Rockwood, pretty much a poverty area, is used by young and old, and always crowded.
7348	7/11/2012	It is very well used despite its small size by persons in all groups and ethnicities. Sometimes it is a bit noisy but I guess that is the price one pays for an active environment.
7349	7/11/2012	I don't know. Sometimes it's crowded but mostly with homeless people.
7350	7/11/2012	Very well used! Always full of families looking for books / materials, folks using the computers & people using the community room.
7351	7/11/2012	very busy every time I've visited
7352	7/11/2012	It's pretty busy. People come in and out almost every day and it's never empty. It's a place fit for all ages to wind down and relax and have some time to themselves.
7353	7/11/2012	I'm not sure I understand the question, but if you're asking how well-used my library is by its patrons, I would say it's very well-used; even on very slow days there are dozens of people making use of one library service or another.

7354	7/11/2012	St. Johns Library always has a lot of people in it. I'm afraid a lot of the school age kids are just playing on the computer, not reading books. Our library can almost be considered a hub of activity in our little community. We'd really miss it if it were not here.
7355	7/11/2012	St. Johns is pretty small and weekdays can be over crowded as the school St. Johns is right next to the school but during school hours it's nice and quiet.
7356	7/11/2012	Very well.
7357	7/11/2012	very. always busy.
7358	7/11/2012	I don't know
7359	7/11/2012	Very. Our libraries are great, I just don't want to lose them.....
7360	7/11/2012	Very frequently.
7361	7/11/2012	It's always crowded. Always.
7362	7/11/2012	I think it is very well used
7363	7/11/2012	very well used
7364	7/11/2012	I came from Multnomah County Portland Oregon. They had tremendous usage, I believe one of the best in the country. It looks like in my brief exposure that Aurora does fairly well too.
7365	7/11/2012	Always seems really busy.
7366	7/11/2012	When I am there it is always busy with many individuals using computers, meeting rooms and perusing books.
7367	7/11/2012	Very well used. I feel sad that the hours/days are being curtailed due to budget cuts. Seems it is another institution falling the "Budget uts" ax. It doesn't matter how much we support such places of learning and support for education, somehow such are the first to go for cuts. Not fair, when many social services are being supported, yet abused by illegal immigrants and other forms of fraudulent use social welfare services.
7368	7/11/2012	Very well used. I am there (NW Library) several times a week, and the computers are always in use. The storytimes and youth activities are well attended. I see lots of my neighbors there looking for books.
7369	7/11/2012	it is always full
7370	7/11/2012	It is always busy.
7371	7/11/2012	Always busy
7372	7/11/2012	Appears to be very well used. I always enjoy seeing the crowd waiting to get in on weekend mornings.
7373	7/11/2012	Very we love it.
7374	7/11/2012	Very well. Almost always a crowd with plenty of kids and adults as well.
7375	7/11/2012	Very. Always seems busy. We love going there; its a beautiful space. During the year, we go there to complete homework.
7376	7/11/2012	Each time I visit it is always busy.
7377	7/11/2012	Very well used. There are always many people there when I visit.

7378	7/11/2012	Very very well used
7379	7/11/2012	Fairly well, many families in the Sellwood neighborhood populate this library.
7380	7/11/2012	I visit the NW Thurman location and the St John's location Both are VERY popular and seem to be busy all days of the week and times of day
7381	7/11/2012	VERY well used.
7382	7/11/2012	Very. It's always overflowing with computer users and other patrons. Even with self checkout there is usually a line to check out.
7383	7/11/2012	It seems well used every time I'm in there.
7384	7/11/2012	Very well used. There seems to be a constant flow of people.
7385	7/11/2012	It seems to be full of people, regularly.
7386	7/11/2012	always looks busy to me
7387	7/11/2012	Very Well Used.
7388	7/11/2012	Eliminating a day of service would not cause a detriment since it is under utilized currently.
7389	7/11/2012	They seem to be very busy at the times I have gone.
7390	7/11/2012	It is very well used!
7391	7/11/2012	My local library is always full of people doing different things -- reading, using the computers, getting help from staff. It seems well loved and full of energy.
7392	7/11/2012	The Woodstock library is always very busy when I am there, so I would say it is well used.
7393	7/11/2012	I don't really understand this question. If you mean is it well utilized by the public, I would have to say that it is definitely used by the public. There is always a line for the computers, parents are reading to their small children, videos are being checked out consistently, and patrons are coming in to return and check out books. I wait in line to speak with a librarian assistant. They are very helpful and very courteous. The library is maintained well. It is a wonderful resource for the community. I voted for funding for the libraries when it was on the ballot.
7394	7/11/2012	I use the Gresham library. It is always busy when I go in there. The computers are always being used (that is a busy area). There are always people browsing for books, sitting at tables working or reading, parents helping children find books, etc. That library always seems to be busy. It is a great place!
7395	7/11/2012	Usually fairly busy evenings when I have a chance to be there. Noon is fairly busy at centrallibrary.
7396	7/11/2012	well used
7397	7/11/2012	extremely!
7398	7/11/2012	Well
7399	7/11/2012	It's always busy.
7400	7/11/2012	Always bustling....
7401	7/11/2012	I don't know. Libraries used to be quiet. Now they are more like daycare centers with children running and playing and parents yelling at children.
7402	7/11/2012	It is always packed. The staff is wonderful. I have met many nice people there. I LOVE the library

7403	7/11/2012	the library is used a lot by the residents here, including myself. i was very excited about the new Troutdale library.
7404	7/11/2012	They are very usful, computers and Internet access, kids story time and variety of available books.
7405	7/11/2012	Extremely well -- it is always busy, every day of the week, both the media (DVD) section that I use, the children's room that I visit with my grandchildren.
7406	7/11/2012	???
7407	7/11/2012	I use the Central Library, so it is busy every single day of the week!
7408	7/11/2012	VERY!!!!
7409	7/11/2012	The Belmont library is our closest library and it is well used. We also frequent the Hillsdale library as they have a larger story time capacity and it also appears to be well used.
7410	7/11/2012	Very
7411	7/11/2012	It always seems very busy when I'm there.
7412	7/11/2012	Midland is well used, well supervised and well attended. I think it is one of the best Portland Libraries.
7413	7/11/2012	I think that it is very well used. There always are groups of people there and the amount of use i think it gets is huge
7414	7/11/2012	My local library always has people in it and it's internet access computers are frequently all being used.
7415	7/11/2012	Very, it is almost always filled.
7416	7/11/2012	Very well used. Always people in there.
7417	7/11/2012	Very well used. Every time I go (normally to the Albina or Hollywood branch) the library is packed. There always always people everywhere--looking at books, doing work at tables, using the computers, using the copy machines.
7418	7/11/2012	Not sure.
7419	7/11/2012	We use it regularly and it always full when we are there.
7420	7/11/2012	very
7421	7/11/2012	Usually pretty packed!
7422	7/11/2012	very well
7423	7/11/2012	very well used

7426	7/11/2012	They always seem busy. Although I don't use the library for computer services, every time I visit all of the computers seem to be in use. I think it would be a great disservice to people who depend on the library's computers for their personal use.

7447	7/11/2012	Very well used.
7448	7/11/2012	I think it is very well used by those who use it, but not used by enough people. I think the library could do more to promote the services offered there.

7453	7/11/2012	Troutdale is a small town, but its library seems to be well-used. I am THRILLED to have a library in Troutdale!
7454	7/11/2012	My local library is small, but everytime I visit it seems to have 10-20 persons, including several children. There is a nice kid-friendly spot for kids to read and browse and although I don't have any kids, I'm sure this part our library is well loved and needed by the community.

7458	7/11/2012	too well used, all the shelves are full of reserved books and there's only a couple shelves of books to browse and sit down with (belmont)

7459	7/11/2012	While I don't use my local library very much, when I am there, it seems well used by children (I think providing good library experiences and books to young people a very important resource)
7460	7/11/2012	It's very well used for our family. We utilize it for a lot of those literacy programs offered to young children and volunteer opportunities for our children to help in the community and encourage others to read and be involved in social events. I don't like that the library is closed on Mondays and open on Sunday. We use Sunday as a day of rest and worship, therefore, will never use the library on this day. It's really disappointing that we have to wait until Tuesday to use our local library to get a new books for our weekly reading. Thank you for the survey and we appreciate you're interest in our comments by the public. Sandra Hamilton

7466	7/11/2012	I'm 65 years old with grandchildren, whom I'm teaching to use our Library as one of the most positive resources in their/our lives.
7467	7/11/2012	Very busy. Always a long wait for computer access.
7468	7/11/2012	The Hollywood lib is always busy. My family and I love going there and it seems everyone else in our community does too. They have great resources for kids like tons of books and awesome classes for reading and singing/ music.

7493	7/11/2012	Both libraries we use are important to the community. The Central Library would be used extensively until 11 PM each night if it were open. Both the Woodstock and Sellwood-Moreland libraries are always busy places. Woodstock had wonderful activities for children that are always well attended.[] At both libraries the staff is helpful, knowledgeable and pleasant.
7494	7/11/2012	
7495	7/11/2012	Central Library is always in heavy use. By this I mean users of library services and resources not just those folks who choose to "hang out" in a beautiful, quiet, clean space (can't knock anyone for that).
7496	7/11/2012	It appears to be very well used when I visit (once or twice per week).

7656	7/11/2012	Busy every time I am there, no matter what time or day
7657	7/11/2012	Extremely well used. It's always hopping there.
7658	7/11/2012	seems to have a steady amount of people each time i go there.
7659	7/11/2012	Always very busy
7660	7/11/2012	Very well
7661	7/11/2012	It is always full of people. Computers are always filled up and I have to wait to use them. The staff is so friendly and helpful.
7662	7/11/2012	always busy,always folks waiting for the doors to open.
7663	7/11/2012	very well, very busy
7664	7/11/2012	It seems very busy. always in use []
7665	7/11/2012	an eclectic group of users[] [] doing many things
7666	7/11/2012	It seems pretty well used, especially as a location to pick up holds. The computers are always full though and there are always a couple of people browsing the stacks.
7667	7/11/2012	No idea.
7668	7/11/2012	very!!

7669	7/11/2012	very well used.
7670	7/11/2012	very well used
7671	7/11/2012	It's busy.
7672	7/11/2012	All branches that I visited are always busy and the computers are always full with patrons waiting their turn.
7673	7/11/2012	It is always busy.
7674	7/11/2012	It's so well used, there's never any parking available, which is why we started using the Washington County system.
7675	7/11/2012	it appears to be very used.
7676	7/11/2012	lines waiting daily for the library to open
7677	7/11/2012	If by well used you are asking how busy, it is always very busy when I visit the library. I go at a variety of times during the day and almost always there is but one or two free computers to catalog search with and such.
7678	7/11/2012	busy
7679	7/11/2012	Every time I've been in to the Albina branch (the main one I go to) it's always been at least moderately busy. However I usually go on Saturdays as I work during the week.
7680	7/11/2012	My closest library is Gresham Regional. It is always busy, and the computers are busy most of the time.
7681	7/11/2012	It always seems well populated and diverse to me.
7682	7/11/2012	Very! It's always a busy place!!!
7683	7/11/2012	I don't know since I seldom go there. I usually use the downtown Central Library.
7684	7/11/2012	Central library is always very busy but in the winter it's basically half library and half homeless shelter. I was homeless myself for most of 2010 and I often spent four to six hours a day reading in the library because there isn't anything else to do when you're homeless. "Homeless shelters" aren't what most people think they are. Julia West House is open short hours, mainly in the morning, and they'll let you take a shower and give you free coffee; you can use a computer for one hour; but otherwise there's absolutely nothing to do there. You spend hours just sitting there staring at the wall and engaging in useless chit chat with other homeless people. The Salvation Army only lets in a limited number of people at 8 am and they show old movies on a small TV. If you leave you don't get to come back until the next day. And neither place lets you sleep. That's why so many people doze off in the the library. It's good that the library is open to the homeless but I think it's unfortunate that it has to take the place of a proper venue for the homeless.

7685	7/11/2012	Whenever I'm at my local Sellwood branch, (usually two to three times a week), it's busy! Parents reading to their children, patrons accessing computers, reading newspapers or other periodicals, checking out books or other media and during the school year there are students from grade school through high school working on homework. There is always a capacity crowd whenever there is a special program, arts and crafts or music, guest author, etc. The Page Turners book group is very popular and well attended. Our outstanding Multnomah County Library system deserves permanent funding!!!
7686	7/11/2012	VERY!
7687	7/11/2012	Very well.
7688	7/11/2012	It's well used enough that I don't really have any problems with it.
7689	7/11/2012	EVERYTIME we go, it is always busy. Various ages on the computers. We check out the Spanish book section quite a bit. We wish there were more children's books. K-8.
7690	7/11/2012	It seems to be quite well used; it is almost always busy, people always coming and going.
7691	7/11/2012	Both locations are always busy and I usually wait a while for books on hold.
7692	7/11/2012	Always a number of people in there. 15-20?
7693	7/11/2012	Well
7694	7/11/2012	Our local library is used often. It is generally busy when we go there.
7695	7/11/2012	I don't understand this question. Are you asking how busy it is?
7696	7/11/2012	Very well used.
7697	7/11/2012	Very, it seems. There are always lots of people around when I'm there, no matter the time of day.
7698	7/11/2012	llibraary usually full of people and youngsters
7699	7/11/2012	Very well.
7700	7/11/2012	The central branch always seems quite busy.
7701	7/11/2012	Really good
7702	7/11/2012	It seems well used, always busy and filled with patrons. Personally I order items online and pick them up when they arrive.
7703	7/11/2012	Always seems very busy when I go into the library.
7704	7/11/2012	Very, I think it is among the most busiest and heavily used libraries in the city.
7705	7/11/2012	It is well used by young families
7706	7/11/2012	Very, it is very lively in there all the time.
7707	7/11/2012	Very
7708	7/11/2012	It is the busiest place in the neighborhood - always flocked with people, and lines by the door at opening times.
7709	7/11/2012	It is a busy library important to our neighborhood.
7710	7/11/2012	Belmont seems to be busy all the time and very busy in the summer.
7711	7/11/2012	Overused. I don't want to stick around very long because so many transients use it as a hangout, for begging, or even for a place to go in and use as a temporary makeshift shelter.

7712	7/11/2012	I thoroughly enjoy and use the mobile library van.
7713	7/11/2012	Seems over the top in all depts. whenever I am there, primarily Belmont, my n'hood □ branch library!
7714	7/11/2012	seemingly always busy.
7715	7/11/2012	very well
7716	7/11/2012	Very,
7717	7/11/2012	I'm not sure.
7718	7/11/2012	I believe it is used very well. There are a lot of children activities and author's visiting.
7719	7/11/2012	Let's just say that every time I go to my local library, there's a long queue to use the computers
7720	7/11/2012	VERY well-used. Nearly overcrowded.
7721	7/11/2012	Very well used! There is always a crowd before the doors even open. I take my kids at least once a week and often after the farmers market on the weekends. They are learning to use the library and LOVE books.
7722	7/11/2012	I mostly attend North Portland library and I always find it tidy. I used to visit central all of the time before I moved, and it was also very clean. Both hold shelves were entirely full and there is always around 10 people in North Portland Library whenever I visit, which is surprising for how small a building it is!
7723	7/11/2012	My local library is Belmont and it is very well used.
7724	7/11/2012	Very
7725	7/11/2012	All of the libraries we visit are very well-used and busy.... often there is a line waiting outside until the door open.
7726	7/11/2012	Every time I go in there are at least 10 other folks there. It's a pretty small branch, too.
7727	7/11/2012	Hillsdale and Central are very busy just about any time I'm there
7728	7/11/2012	Extremely!
7729	7/11/2012	Well used. I don't use it and can no longer support the libraries through increases in property taxes--but many others do. There's got to be a better way.
7730	7/11/2012	I love to go to the library all the time and take my kid too.
7731	7/11/2012	How would I know this? I see other people there using the library when I'm there, but have no way of gauging whether it's "well-used".
7732	7/11/2012	Very well used
7733	7/11/2012	I think it is well used.
7734	7/11/2012	Usually not very busy.
7735	7/11/2012	I am not sure I understood the question based on how it is worded. The Fairview/Columbia library appears to be well used.
7736	7/11/2012	Well used. Always has patrons visiting.
7737	7/11/2012	There are always people inside that appear to be using the resources wisely. I mainly see people checking out books & media and also using the computers.

7738	7/11/2012	It appears to me that the young under school aged section, videos and computer access are the primary areas of use.
7739	7/11/2012	It seems to be very well used judging from the parking lot. I do most of my searches and selections by computer and then pick up or return, sometimes after hours.[] [] The internet access makes it much easier to use the library on a frequent basis
7740	7/11/2012	I actually visit the Central branch three or more times a week; I also like the Hollywood branch but am there just occasionally. Whenever I have been in either library, they have been very busy, with many patrons. At the Central branch I visit at least two and sometimes three floors, and I always observe people consulting with librarians (at the desk and in the stacks), browsing both on the shelves and at the wonderful exhibits and "Librarians' Choice" shelves, using the Internet computers and the catalog monitors, and at the desks both with their own laptops or reading. I often see children or young people in groups at the Central branch also. At the Central main floor, the section of videos and DVDs is frequently being explored by a line that goes around the shelves (sometimes I have to wait and come back a few minutes later!).
7741	7/11/2012	Always busy!
7742	7/11/2012	Very
7743	7/11/2012	busy
7744	7/11/2012	hollywood was underbuilt, it's always crowded, but, is my favorite branch
7745	7/11/2012	We haven't been in years.
7746	7/11/2012	It seem to be used frequently. I ue it three-four times a year, but walk by several times a week on my way to PCC, and there seems to be people there all the time.
7747	7/11/2012	The Gregory Hts branch seems to be consistently busy (throughout the day and the week, especially evenings and weekends). I very much appreciate so many options for Vietnamese and Spanish speakers, and for young people.
7748	7/11/2012	greatly
7749	7/11/2012	It's always busy when we visit (we usually go on Saturdays).
7750	7/11/2012	Busy, busy, busy
7751	7/11/2012	Very well used
7752	7/11/2012	it's usually well attended
7753	7/11/2012	Both libraries that I attend seem to always be fairly busy. Especially the Hollywood library, there are always several activities and different events going on.
7754	7/11/2012	I think the Kenton library seems to be fairly well used and myself and my family love to just hang out there. We visit the St. Johns library less often even though it is much closer to our home, and it also seems less busy. I see this as more of a pick up, drop off point as the book selection seems very limited for my children also if we just want to browse the shelves.
7755	7/11/2012	Very

7756	7/11/2012	It seems very well used. Always busy and full of people.
7757	7/11/2012	very well - used, especially by smelly transients.
7758	7/11/2012	Very well
7759	7/11/2012	I have no idea.
7760	7/11/2012	I don' know, but it seems that there are always people comong and going.
7761	7/11/2012	Well used when I am there, and I have come at various different times of the day and day of the week.
7762	7/11/2012	Very well used. There are lots of people in both branches that we use every time we go. I use Gregory Heights mostly, and my husband uses Hollywood branch mostly. I like the additional programs in language and crafts at G.H., and would like to take advantage of them when I am able.
7763	7/11/2012	I'm not there often, but since I'm retired I visit at all different times of the day and week. Every time, yes, EVERY time I visit the library (especially Belmont) it is packed. All the computers are in use, there are dozens of people browsing, and dozens more at tables, doing whatever. There are people of all ages there, from toddlers to seniors and all ages in between. If Belmont is any example, the Multnomah Library system is a VERY well-used resource.
7764	7/11/2012	Always very busy. A line out the door each day before opening.
7765	7/11/2012	Extremely
7766	7/11/2012	I believe the Central Library is very well-used; I always see many patrons there whenever I come in.
7767	7/11/2012	very well used
7768	7/11/2012	I feel my library is very well-used, and have been very pleased to have this branch open in my neighborhood.
7769	7/11/2012	Frequently
7770	7/11/2012	Very well used.
7771	7/11/2012	i am not sure what this question is asking but both hollywood and central librarys seem to be rather heavily used. always lots of people, and definitely kids in the summer at hollywood.
7772	7/11/2012	Every time we go the Troutdale or Fairview library it has been very occupied. Many people use the library.
7773	7/11/2012	It's always well used whenever I am there. A diverse mix of young/old/in-between, white/non-white, male/female.
7774	7/11/2012	Both Central and Hollywood seem to me to be well used,
7775	7/11/2012	very - it's always full of people, especially young people, but people of all ages.
7776	7/11/2012	It's crazy busy!!
7777	7/11/2012	I think its pretty well used but I don't go there very often anymore.
7778	7/11/2012	High use. It's a neighborhood treasure.
7779	7/11/2012	I really enjoy our library and appreciate all I can do there.....
7780	7/11/2012	From what I can see, it is very well used. I volunteer at the NW branch on Sundays, and as soon as the doors open there are people waiting to come in. It is not just a source of books for people but so much more and so important for our community.

7781	7/11/2012	In every neighborhood I have have lived within Multnomah County, I have always found people amongst the desks, computers, and aisles of books during every visit to my local public library. It makes me very happy to see so many people benefiting from this wonderful resource.
7782	7/11/2012	Very well used.
7783	7/11/2012	Always a nice amount of patrons using the facility when I visit.
7784	7/11/2012	Very well used. Both are always busy when I'm there.
7785	7/11/2012	The library always seems busy.
7786	7/11/2012	Not sure what this question is asking...
7787	7/11/2012	Very well used. It is frequently impossible to get a spot in the small parking lot, and the library is always busy with people doing research, reading, or checking in and out books. Very well used. It is a great place for so many good people.☺
7788	7/11/2012	A good library that is well used is a hallmark of a good people looking for good reading and entertainment. We have the best.
7789	7/11/2012	I see the Hillsdale branch as a centerpiece of the community. It is always busy and bustling.
7790	7/11/2012	There is always a steady flow of individuals through the doors of our local library. The children's section, computer area and most tables and study rooms are well populated but not crowded. The librarians are busy helping patrons and the general atmosphere is inviting and comfortable and I feel like I can ask for help any time and get it with a smile.
7791	7/11/2012	It always appears busy on the occasions I visit and the parking lot always has cars in it when i drive by.

7797	7/11/2012	It always seems busy.
7798	7/11/2012	Well-used. About 8 years ago, I was a summer reading program volunteer, so I spent a lot of time in the Woodstock Library. I saw it get a lot of use.

7804	7/11/2012	very
7805	7/11/2012	there is always a crowd
7806	7/11/2012	Holgate Library, which we use more than others branches, seem very well used. I usually put books on hold online and go there to pick them up. I appreciate librarians being available to assist me in every way possible.

7807	7/11/2012	Very we see people we know there all the time.
7808	7/11/2012	very

7812	7/11/2012	The library always seems to be busy when I go. Sometimes the parking lot is completely full.
7813	7/11/2012	Hollywood seems to be a very busy neighborhood branch. I can't speak to whether its offerings are well used or not, but it seems very popular in terms of the amount of traffic in and out. There's always a small group gathered at its door at opening time each day.
7814	7/11/2012	Belmont Library, my local branch, is extremely well used. It's often hard to find a seat at the library, let alone computer time. Belmont could be open 24 hours a day, and people would use it.
7815	7/11/2012	Always busy, a community resource and meeting place of great value to all ages and all income levels.
7816	7/11/2012	very comfortable, I fill very well , good attention; exelent.
7817	7/11/2012	Very well used.
7818	7/11/2012	Quite
7819	7/11/2012	Very busy
7820	7/11/2012	Extremely well used, especially by street people seeking shelter during the day
7821	7/11/2012	Overly used. Very noisy. Librarians do nothing to control crowd or noise.
7822	7/11/2012	It is always crowded.
7823	7/11/2012	Every time I visit either Kenton or the N. Portland branch, both have several visitors also present. It seems that both locations are commonly used by the public. Additionally, many of my neighbors also visit these branches as well.
7824	7/11/2012	It is certainly well used by the homeless!
7825	7/11/2012	Seems quite a bit.
7826	7/11/2012	very well
7827	7/11/2012	Always has a lot of people in it!
7828	7/11/2012	Very, I'm there all the time picking up books & DVDs that I have on hold, plus checking out the new books & staff picks area.
7829	7/11/2012	They are generally pretty busy, but rarely too full
7830	7/11/2012	There is a lot of foot traffic in the library. All of the computers seem to be in use every time that I go into the facility. I've seen large groups for children's reading time.
7831	7/11/2012	Since Monday closure, very busy!
7832	7/11/2012	I primarily visit Belmont and Central, which are always both quite lively.

7841	7/11/2012	Very well used by all ages.
7842	7/11/2012	It's always quite crowded; sometimes there are no computers available. Also, the hold lists tend to be lengthy for really popular books.
7843	7/11/2012	There are often many people at the library. I'm always impressed at how much people make use of its resources.
7844	7/11/2012	It's a busy place. People using computers, small children in storytime, pageturners, tax help, computer lessons, summer reading.
7845	7/11/2012	The Troutdale Library is very well used. I feel that it has hurt the community with the less hours the library is now opened. I also have used the Gresham Library and it is very busy also.
7846	7/11/2012	St. Johns is older and well used by many as is the new Kenton library. The Central library is the place to go for research.

7855	7/11/2012	Always busy when we visit. Many children often at our branch.
7856	7/11/2012	I would say very well. Almost always all computers are in use, kids are playing in the children's section, and many people are quietly reading at tables or browsing the collection.
7857	7/11/2012	I'm sure that there are people using Hillsdale library every hour that it is open.
7858	7/11/2012	There are always people there when I go.
7859	7/11/2012	I think my local library is used quite well by the community.

7864	7/11/2012	VERY highly used!

7865	7/11/2012	very very well

7867	7/11/2012	This branch ALWAYS seems to have a lot of people in the facility. I notice that computer terminals are nearly always full and meeting rooms are being utilized for various functions.
7868	7/11/2012	You mean worn out? Stupid question! Everything is automated I never ever talk to anyone, I get what I want and leave - like a tree.
7869	7/11/2012	Both locations we visit are well-used, especially Rockwood.
7870	7/11/2012	very
7871	7/11/2012	very
7872	7/11/2012	Always very busy.

7875	7/11/2012	Very well from what I hear.
7876	7/11/2012	Always bustling with people.
7877	7/11/2012	lots
7878	7/11/2012	Very well used.
7879	7/11/2012	I always see people there of all ages and backgrounds using it for a variety of purposes and at a range of times of the day.
7880	7/11/2012	seems to be used by just a small handful of people; i always see the same faces when i go there.
7881	7/11/2012	It is well used.
7882	7/11/2012	...the library is constantly full of people...unfortunately, there are a great deal of homeless both inside (especially on a cold and rainy day) and outside (on a sunny day) ...
7883	7/11/2012	I often notice that Central Library is populated with not only folks who check out books / other media, but also those who enjoy reading / spending time within the library and using some of the other resources that the library offers. More specifically, I often see a lot of community members using the computers / accessing the internet, as well as a lot of families who frequent the Beverly Cleary children's library. I'm also friends with a few elementary school teachers whom I know frequent Central Library in order to check out books for their students to read in class.
7884	7/11/2012	The library is usually very busy with residents picking up and checking out books, using computers, participating in groups and as a center where people meet each other. The computer terminals are widely used by all age groups. The children's groups and other activities are wonderful supports to both linking the community as well as their prime purpose of promoting literacy. I support and value the fact that many displays and materials are available in different languages.[] [] I am unaware of any senior programs although I am a senior.

7885	7/11/2012	I hardly ever visit the library as I receive home delivery for the home bound. When I used to go the Holgate Library was always packed.
7886	7/11/2012	It is always busy (I tend to go at the end of the day, on my way home from work).
7887	7/11/2012	BUSY, it is always packed when we come in.
7888	7/11/2012	always seems to be people there, with parkings spaces pretty well filled.
7889	7/11/2012	Central seems well used.
7890	7/11/2012	I mainly use the library to sign out children's books for the classroom in which I teach.
7891	7/11/2012	Very. I visit several times a week and it is always very busy when I'm there.
7892	7/11/2012	I'm a long-time visitor of the North Portland branch, which always seems busy, and always has a line for computers. I recently started using the Kenton branch, which is small, but I always see a lot of traffic when I'm there.
7893	7/11/2012	Midland library seems to be well used. MY friends come back with stacks of books from midland. I usually just check out a couple
7894	7/11/2012	It is always full and busy when I am there!
7895	7/11/2012	Appears to be well used
7896	7/11/2012	Very.
7897	7/11/2012	Very well used
7898	7/11/2012	It seems busy in the Central Library whenever I go.
7899	7/11/2012	Very well used
7900	7/11/2012	It is always crowded, regardless of day or time I use the library.
7901	7/11/2012	The Capitol Hill branch is always very busy and filled with people. I'd say it's a heavy use branch. I can't imagine not having it, because I check out at least 12 books a month.
7902	7/11/2012	very well used, and beautifully maintained. If I may make a suggestion, how about a \$10 or \$20 yearly membership fee?
7903	7/11/2012	We love our local library and use it weekly at the least. We often frequent it bi-weekly. It seems popular in our community and is well used. The programs seem well attended. As a family, we value the help we've received from the librarians and staff. We appreciate that our library is in walking distance, and often walk to it. Our children can walk there with friends.
7904	7/11/2012	very well used
7905	7/11/2012	The library seems to be filled with people at all times.
7906	7/11/2012	Troutdale is very well used, because it is conveniently right next to Reynolds High School.
7907	7/11/2012	It's pretty busy every time I've gone in.
7908	7/11/2012	It seems well used but not overwhelmed.
7909	7/11/2012	It seems busy when we go. Not crowded but busy
7910	7/11/2012	very good?
7911	7/11/2012	I often see lots of people in there of all ages. I think it's a great resource for the students at both Jefferson and PCC, also.

7912	7/11/2012	Both branched are always busy when I go to either one.
7913	7/11/2012	All the libraries we visit-- depending on where our route takes us in town-- are always very well used.
7914	7/11/2012	I have just started to use the library again. The library is an important function for the community. Allowing access to computers and of course information and education for the young and old alike. I began using the library again when I could not longer afford to purchase books. I am retired but work at least one day a week and often refer people to the library to use their computers to get on line to look information when they do not own a lap top or computer.
7915	7/11/2012	Always seems to be well used.
7916	7/11/2012	I think that it is very well used. There are always a lot of patrons in using the various services provided
7917	7/11/2012	It always is full of people every day.
7918	7/11/2012	The Belmont branch always has a good number of people in it.
7919	7/11/2012	It's very well used. It's always crowded, and I often have to wait for half an hour to get a computer. It's really important for job seekers to have access to a computer these days. If you reduce the hours the library is open, you are taking away time from the unemployed.
7920	7/11/2012	Well used, I would say.
7921	7/11/2012	It seems like it's usually busy.
7922	7/11/2012	Kenton is always busy. It seems to always have many children in it.
7923	7/11/2012	Very well. Especially N Portland, which is the branch I use most often.
7924	7/11/2012	I am not sure what this question means?
7925	7/11/2012	I don't go in for physical media much anymore, but i use the web to check out e-books all the time - so I don't really know.
7926	7/11/2012	I don't understand this question. What is meant by "well used"? 1. Like an old used car 2. Frequently used 3. Used but well taken care of?
7927	7/11/2012	It seems like libraries have become a place to use free internet instead of for reading books and studying. The computers are always busy but the aisle are deserted. I value the library as a quiet place one can go or meet to study and use the references and space that are central to the functioning of a good library.
7928	7/11/2012	very well used, constant flow of people
7929	7/11/2012	quite well
7930	7/11/2012	It is always busy with people in there.
7931	7/11/2012	Appears to be used more as a daycare waystation than a library.
7932	7/11/2012	Always seems very busy.
7933	7/11/2012	We go to the library each and every week.
7934	7/11/2012	It is usually very busy.
7935	7/11/2012	It is always busy when I go there

7936	7/11/2012	Very well-used! There's always a line outside, waiting for the staff to open up. There are kids, older folks - a lot of diversity racially, gender-wise, etc.
7937	7/11/2012	Very. Both the Albina and North Portland branches are always busy when I am there.
7938	7/11/2012	There are usually many people at both locations when I'm there.
7939	7/11/2012	Well, it seems that every time I am at the Central branch, it's packed with people looking for books, reading online, checking out the latest 'zines, and so on.[] I'm guessing it's the most widely used in the county library system.
7940	7/11/2012	Don't know
7941	7/11/2012	All of the libraries I visit are very well used. There are always a lot of people there.
7942	7/11/2012	You would know that better than I, but there are always people in there when I come in.
7943	7/11/2012	well used!
7944	7/11/2012	Very busy place
7945	7/11/2012	Lot's of folks there most of the time.
7946	7/11/2012	It seems to be well used. I don't make it to the library very often, but when I do go, there seem to be a lot of people there.
7947	7/11/2012	The Belmont Branch is always busy. We love the library in our neighborhood!
7948	7/11/2012	The Central Library is very heavily trafficked and I always see many many people inside and making use of all the resources there.
7949	7/11/2012	Every time I visit there are many patrons of a variety of ages. People are on the computers, looking for books, reading, etc.
7950	7/11/2012	Pretty well-used. It's never packed but usually busy, and most of the computers are fully occupied.
7951	7/11/2012	There are always people inside and cars pulling in and out. I would say well used.
7952	7/10/2012	Well used
7953	7/10/2012	Very
7954	7/10/2012	very well used
7955	7/10/2012	I don't understand this question.
7956	7/10/2012	I really don't know - but I love the libraries. I have access to wifi at my home but it makes me feel good when I see so many people accessing the internet at the libraries I frequent. Seems like the computers are ALWAYS full and that means people are making use of public resources which I support.
7957	7/10/2012	Good.
7958	7/10/2012	I think it is fairly well used. Looks busy when I've been there.
7959	7/10/2012	It is constantly busy.
7960	7/10/2012	I put books on hold and then pick them up at the Kenton Library. The library is small, crowded, and noisy with kids -- not my idea of a library. Not many places to sit and read and not quiet. When I used to go to the North Portland library on Killingsworth -- the same -- too noisy, nowhere to sit to read, a hangout for teenagers -- not a real library anymore. So I just pick up books and get out of there as quickly as possible.

7961	7/10/2012	I see it busy every time I visit.
7962	7/10/2012	Belmont branch is always busy whenever I've been in there.
7963	7/10/2012	fairly
7964	7/10/2012	very
7965	7/10/2012	It is frequently busy at many different times of the day.
7966	7/10/2012	Moderately
7967	7/10/2012	I'm not sure what this question means, it's worded oddly. If you mean how busy do they seem to be then they seem to always be pretty busy, especially on the computers and the children's books area which is always bustling with parents and their kids.
7968	7/10/2012	It is a very popular library, always busy!
7969	7/10/2012	always busy
7970	7/10/2012	There are always many people in the library and I have observed people attending classes and events that I had not chosen to participate in.
7971	7/10/2012	Very
7972	7/10/2012	Very--it's almost always busy.
7973	7/10/2012	Always seems busy when we are there.
7974	7/10/2012	Seems busy
7975	7/10/2012	It appears to be very well used.
7976	7/10/2012	Don't know--we use the downtown one
7977	7/10/2012	It is small, but very well-used.
7978	7/10/2012	very
7979	7/10/2012	Very well used
7980	7/10/2012	Always busy.
7981	7/10/2012	Very well used and often busy, which is actually encouraging. Many people without computer access can benefit here.
7982	7/10/2012	Lots
7983	7/10/2012	There is always significant traffic no matter what time or day I visit.
7984	7/10/2012	It is very well used.
7985	7/10/2012	Very. The parking lot is always full when the library is open.
7986	7/10/2012	There always seem to be a number of people there, especially using the computers.
7987	7/10/2012	Whenever I stop in to pick up materials, there seem to be a lot of people there. It seems well used by the community. There seem to be many programs available in a variety of languages.
7988	7/10/2012	The libraries I frequent are usually pretty busy most of the time. I see younger children, young adults and older adults. Some are using the library computers. Others are checking out material. Library staff is always available and extremely helpful.

		we love our local library![]
		we look up so many books, place them on hold, and then pick them up at our library. []
7989	7/10/2012	our 5 year old son is a very proficient reader and he really enjoys putting new books on hold. when he shows an interest in a subject we research it with library books. my husband is a woodworker and is always checking out books when he is working on a project that is new to him. i am a sewer, knitter, love to cook/garden, and read so having the library well-stocked is very appreciated!
7990	7/10/2012	very well used, it's always full of people!!
7991	7/10/2012	Very
7992	7/10/2012	It always seems busy when I visit. Kids and adults on computers, or reading.
7993	7/10/2012	The few times I have been in it looks full...almost like it is too small.
7994	7/10/2012	It is, more often than not, very busy. So, I would say it is very well used. I love my local library and stop in 3-4 times a week at least twice with my 2 school aged children.
7995	7/10/2012	Very!
		Our library is very well used. People of all age ranges can be seen at any given time of the day using the library's resources from books, to the computers, to just using the library as a quiet place to study. There also community events held at the library such as chess matches for kids and adults, book clubs, and kids activities, which a great deal of the local community takes part in.
7996	7/10/2012	
7997	7/10/2012	usually a very busy library
7998	7/10/2012	Always people in all the Libraries I use
7999	7/10/2012	Very well used
8000	7/10/2012	Parking lot is usually 3/4 to full. Internet computers are the same.
8001	7/10/2012	I don't really use the library that often, but when I do get a chance I would walk right in
		The Troutdale branch is BUSY. It has become a hub of activity for our neighborhood and I can't tell you enough about the value that my family places on having this library branch available. It has given us the ability to access library resources that we haven't used as much as we do now.
8002	7/10/2012	
		It seems quite busy at all times. We use it 1-3 times a week ourselves. We like to participate in special programs as well, like music shows, one time there was a guy with animals, etc.
8003	7/10/2012	
		Every time I go in to either library there are plenty of people using the computers, looking at books, movies and magazines and waiting in line to check out materials.
8004	7/10/2012	
		I believe that the Belmont location that my family uses most often, is pretty well used by the community despite the branch being so small.
8005	7/10/2012	
		I think fairly well, and my largest concern is for the neighborhood's access to information. We live in an area that is still thriving with people that don't have expendable incomes, so I think it's very important this library or one nearby remain open.
8006	7/10/2012	I would love if the local community college could share a library with the public, but I know I've also never seen that happen before. I'm sure there are political reasons, but it seems like a sensible solution. If both can share funding and operate reasonable hours together, I'm sure both could serve a large portion of the area.

8007	7/10/2012	Very well used. I live a half block from our branch and frequent the library often. The library seems to be busy and librarians are busy with people.
8008	7/10/2012	It has high usage, and is an essential part of our community.
8009	7/10/2012	very
8010	7/10/2012	The Northwest branch is regularly full of folks. I would say very well used.
8011	7/10/2012	Well
8012	7/10/2012	Both are very busy, especially with the unemployed. It's a great meeting place and support area for us all.
8013	7/10/2012	It seems very busy.
8014	7/10/2012	The ones on the east side seem a little dead. Downtown seems more used.
8015	7/10/2012	You need to avoid some hours because it is packed, especially if you want to use computers. Hollywood is VERY WELL used! Terrific branch.
8016	7/10/2012	Very busy with computers filled and hardly a place to sit down. I love to see the St. Johns library so busy. Have both grandsons and myself in the summer reading programs.
8017	7/10/2012	I cannot answer this question. I use it fairly regularly for researching matters that interest me.
8018	7/10/2012	I don't use our library much primarily because many of the books I'd normally seek simply aren't at the Sellwood-Moreland library, it's small and doesn't have the kind of selection I, as a reader, am looking for.
8019	7/10/2012	Not sure what this is asking?
8020	7/10/2012	poorly ovrde question, can not respond
8021	7/10/2012	Seems to be very well used by persons o all ages at all times of the year.
8022	7/10/2012	very
8023	7/10/2012	It's always busy
8024	7/10/2012	There are always people in there and cars in the parking lot.
8025	7/10/2012	Both libraries are VERY well used, every day they are open and I am visiting.
8026	7/10/2012	Every time I visit, it is always populated, and there seems to be a decent circulation there.
8027	7/10/2012	It always seems to be busy.
8028	7/10/2012	Both Hollywood and North Portland branches are filled with families and seniors.
8029	7/10/2012	i mostly use gregory heights. it is amazingly well used. quite a few activities:classes for me(sr),for my teen granddaughter & me,activities for my younger granddaughters and their friends. there are lots of neighborhood children during both school year and summer. the racial and ethnic diversity there is very delightful.so is the socio economic diversity.i need some a.d.a accommidations .there seem to be quite a few other people with "different abilities" there. lots of seniors, tots. young parents. i LOVE the place! the staff and volunteers are multi-lingual and very helpful.very pleasant and professional! very busy.i wish this branch were open most hours.
8030	7/10/2012	Very well used
8031	7/10/2012	very well used.

8032	7/10/2012	always busy
8033	7/10/2012	very busy
8034	7/10/2012	Very well.
8035	7/10/2012	As far as I can tell very well
8036	7/10/2012	very
8037	7/10/2012	I use it quite a bit. I think a library is one of the most important parts of a civil system.
8038	7/10/2012	The library is always totally crammed with people. I would love to use it as a quiet space but as it is now at every location I simply collect my holds and go to a coffee house or park. The library is too loud and full of craziness.
8039	7/10/2012	usually crowded
8040	7/10/2012	extremely my local library is Central
8041	7/10/2012	very well used. new fixtures in the bathrooms on the 1st fl of central for handicapped is very well needed. No real room to use a walker or wheelchair, water fountains too close. Doorways need to be wider. Just a suggestion, very difficult to use 1st fl or any floor bathroom, but 1st need the most work, broken soap, and sink, rail in stall very loose. Please fix soon.
8042	7/10/2012	Its always very busy.
8043	7/10/2012	The Central Library is very active. We love that it is located about four blocks from home.
8044	7/10/2012	Very well used.
8045	7/10/2012	Always busy, especially the IT section.
8046	7/10/2012	Central Library is incredibly well used. I occasionally visit the Northwest branch which seems to have quite a few people there.
8047	7/10/2012	It usually seems pretty busy.
8048	7/10/2012	full all the time
8049	7/10/2012	It is hugely popular and we need to give it maximum financial support!
8050	7/10/2012	It seems to be busy every time I visit.
8051	7/10/2012	There are always patrons in there.
8052	7/10/2012	I'm not sure I understand how I can answer this question.
8053	7/10/2012	packed, every time I go in.
8054	7/10/2012	Very
8055	7/10/2012	It seems busy all of the time to me.
8056	7/10/2012	Very well used. Such an awesome resource!
8057	7/10/2012	Very well used. There is always a line for computers and there is a large amount of holds on books.
8058	7/10/2012	very busy everytime i'm there
8059	7/10/2012	Extremely well.
8060	7/10/2012	There are always many people there when I go.
8061	7/10/2012	Each time I've been in a Multnomah County Library it has been very busy.

8062	7/10/2012	My local library is very well used, and an essential part of the neighborhood, it is in a location that anyone can get to without much hassle.
8063	7/10/2012	Very well used, always busy.
8064	7/10/2012	I enjoy seeing the Holgate branch frequently busy when I visit. Today (Tuesday after a Monday closure) there wasn't a single open parking spot, and the street parking was also full. The library was very busy.
8065	7/10/2012	The library is always busy. It stands at the center of our community, literally and figuratively. My husband and I love visiting the library: it is a beautiful building, the people who work there are very helpful and friendly. We use it all the time.
8066	7/10/2012	Very
8067	7/10/2012	Very well used by many families.
8068	7/10/2012	good
8069	7/10/2012	The Woodstock branch is busy from the moment it opens until it closes every day. Closing it one day a week will affect many neighborhood residents. I would rather have it open every day but with shorter hours on the slower days (is that data trackable based on the books/media checked out?).
8070	7/10/2012	I just moved into the neighborhood so am not sure. I've only made one visit and can say that the Midland Library branch is not nearly as busy as the Belmont Library branch. Perhaps you need more outreach in that area.
8071	7/10/2012	Excellent resource for all ages - whenever I go in to Albina to drop off or pick up books/videos/etc, it's always packed...but never check out lines! Filled with kids enjoying the books and people on computers who probably don't have their own. Libraries are key to a healthy community!
8072	7/10/2012	very
8073	7/10/2012	Very busy
8074	7/10/2012	Very.
8075	7/10/2012	It always seems to be busy - any time of the day.
8076	7/10/2012	used a LOT
8077	7/10/2012	Seems very busy
8078	7/10/2012	the library always seems to be busy, teaming with people
8079	7/10/2012	It is incredibly busy.
8080	7/10/2012	It busy sometimes an other times it's really laid back, it nice.
8081	7/10/2012	Very. It is always busy with a variety of patrons; kids, people using the computer, people with their own computers just using the space and of the flow of people just dropping off or picking up books.
8082	7/10/2012	The two branches I visit are very different. The Hillsdale branck is very well used for programs, and materials check out, while Holgate is crowded always at the computers, maybe less of the materials as it doesn't seem to have very much selection, but both are used quite well.
8083	7/10/2012	Fairly well used.
8084	7/10/2012	Very heavily used

8085	7/10/2012	I walk by it all the time and it seems busy
8086	7/10/2012	Seems busy when I am there! Great staff!!
8087	7/10/2012	its used
8088	7/10/2012	always busy
8089	7/10/2012	Its used quite a bit. VERY! ☐ ☐
8090	7/10/2012	See many students in library after school. ☐ ☐ See many adults whom I suspect do not have computers in their homes using computers.
8091	7/10/2012	Always people there, checking out books, reading, using the computers.
8092	7/10/2012	It's always busy!
8093	7/10/2012	The Belmont Library is used by so many local people, given it's traffic I am at times saddened by how under developed it's infrastructure and architecture is. I use it more to pick up/drop off materials than for any reading, research or group related activities. If only it were bigger! If only Walgreens/39th would trade us sites!
8094	7/10/2012	Not sure what is being asked here. If you mean to ask if it my neighborhood could function with a local library being open 6 days a week I would say yes
8095	7/10/2012	It is busy in there almost every time I go in.
8096	7/10/2012	Very wel lused!
8097	7/10/2012	It's always really busy whenever I'm in there.
8098	7/10/2012	very, it's always really busy. Nice community outreach.
8099	7/10/2012	Very well used. It's always busy, anytime of day.
8100	7/10/2012	Very well used.
8101	7/10/2012	There is always at least 10-15 people there and sometimes more than 20.
8102	7/10/2012	I'm not sure. I use Central because it's close to work and bigger. It's not my local library.
8103	7/10/2012	I <3 my neighborhood branch! Often busy.
8104	7/10/2012	I have visited Central library during many different times of the day, and it is always quite busy with patrons using computers, checking out books, or just using the tables to read.
8105	7/10/2012	It's always busy. The computers are always in use and there's normally people waiting for them.
8106	7/10/2012	There a lot of patrons every time I go.....My usual time to go there is Mondays, because of other obligations in the neighborhood, so am kind of upset that it is closed that day now.
8107	7/10/2012	Very
8108	7/10/2012	Always busy!
8109	7/10/2012	Always busy, always someone to help people. I like going in there because there is a sense of people reading, finding information.
8110	7/10/2012	very well

8111	7/10/2012	It is very used. It is always crowded.
8112	7/10/2012	Looks like it gets a lot of use.
8113	7/10/2012	Appears to be well used.
8114	7/10/2012	It seems to be very well used. Always a fair number of people, and often must wait a bit to be checked out.
8115	7/10/2012	Very
8116	7/10/2012	It's very busy all the time.
8117	7/10/2012	I feel that every time I go to the Gresham branch, it is always well use no matter what time of day. There are people using the computers offered, others on the their laptops. Folks just sitting there reading.
8118	7/10/2012	It seems to be well used every time I am there. Usually there are patrons occupying most of the chairs.
8119	7/10/2012	Whenever I go just to the local branch, there are always a lot of kids and a fair number of middle aged men who are always at the computer outlets. I have never been there when there are fewer than 25 people. I have been there at the opening time, on occasion, and there is always a group of at least ten people waiting to get in.
8120	7/10/2012	My local library (Central) is always packed. Yes it is a refuge for homeless people but not only homeless people are there each day, but people from every conceivable demographic. We often find ourselves waiting on the steps for the library to open. It is a true gem and such an asset to our downtown economy, attracting tourists and people from all over the world. It would be a shame to have it inaccessible any more than it is now.
8121	7/10/2012	there are always lots of people there when i go
8122	7/10/2012	It's always crowded whenever I go. Belmont branch.

8125	7/10/2012	Always busy with all computer stations in good use and kids' programs well attended.
8126	7/10/2012	My library is pretty well used, unfortunately, I often have to be on a waitlist for books or other media because they are out. My average wait is about 3 or 4 weeks. thanks.
8127	7/10/2012	Very well
8128	7/10/2012	very - normally busy, often lengthy waits for computer use. 15 min express terminal is a great idea
8129	7/10/2012	It is almost always full every time I come in
8130	7/10/2012	It is a popular place well used by community members and local schools.
8131	7/10/2012	I don't use it as much as I'd like to. I work full time and have two young children so my time is really busy. But we go when we can and fully support it's continuation.
8132	7/10/2012	Midland is generally quite populated and there seems to be no lack of people of all ages visiting.
8133	7/10/2012	always busy
8134	7/10/2012	very well used
8135	7/10/2012	Moderately
8136	7/10/2012	It's seems like it is fairly well used

8137	7/10/2012	The Hollywood library is busy each time I visit. They also have activities going on for kids.
8138	7/10/2012	Heavily frequented
8139	7/10/2012	Fairly well. I only wish the homeless could be somehow excluded from the downtown one.
8140	7/10/2012	seems busy whenever i visit.
8141	7/10/2012	Extremely well used. Whenever I go there no matter what time of day there are always plenty of people doing various things. There is a line usually for the computers, which is what I use the most.
8142	7/10/2012	Both branches I use are always full of people when I am there.
8143	7/10/2012	What do you mean? By me? I use it alot - I regularly have 3 to 5 books waiting for me on hold every week. There are always 5-10 people in there looking for books and the computers are usually all filled.
8144	7/10/2012	Busy whenever I go there.
8145	7/10/2012	I think very well.
8146	7/10/2012	Very well used as appropriate for it's size.
8147	7/10/2012	Seems to have what I need and look for in a neighborhood library: friendly and very capable staff, easy access to books and computers, the work rooms.
8148	7/10/2012	Always busy.
8149	7/10/2012	Very well used, always seems packed!

8151	7/10/2012	Very--it's always busy.
8152	7/10/2012	extremely well used
8153	7/10/2012	Extremely. Always busy when I am there.
8154	7/10/2012	I don't know. If it was bigger and had more resources, we'd use it more.
8155	7/10/2012	It is always somewhat crowded
8156	7/10/2012	Always busy
8157	7/10/2012	Woodstock branch is always comfortably busy. I appreciate the fact that so many people in the community find value in our local branch. I go there weekly with my two young children to find books for them and pick up items (movies, music, books) that I have ordered nearly every other week. I also like that I see people of all ages using the library - I think Woodstock does a great job of developing programs that speak to all ages.
8158	7/10/2012	Extremely well!
8159	7/10/2012	Very well used.
8160	7/10/2012	Always busy

8163	7/10/2012	It appears to be well used.
8164	7/10/2012	Well used
8165	7/10/2012	Quite busy when I have been in it.
8166	7/10/2012	Often it is hard to get a seat!

8167	7/10/2012	The Hollywood Library appears to be more than well used. There is always an appropriate number of people utilizing the library.
8168	7/10/2012	i think it is pretty well used
8169	7/10/2012	Consistently.
8170	7/10/2012	The branch I go to is always busy every day of the week. It is going to really be a shame to have it (and all others) closed one day a week. I am saddened to hear this news.
8171	7/10/2012	very well used
8172	7/10/2012	It is busy.
8173	7/10/2012	It seems to be very well used.
8174	7/10/2012	Very! It is a super happening place, and always busy.
8175	7/10/2012	There's always a lot of people in our library when I go.
8176	7/10/2012	North Portland is very well used. Wonderful staff!
8177	7/10/2012	very well! (St Johns)
8178	7/10/2012	The library always seems to have many patrons especially computer users. My family goes there several times per week.
8179	7/10/2012	It is good because I can find what my kids and I need. I'm very happy with my local library services.
8180	7/10/2012	Albina is very well used. Both the adult & kid computers are almost always busy. Very family friendly place.
8181	7/10/2012	crowded

8183	7/10/2012	Very well used. It is always full of people whenever I go.
8184	7/10/2012	Albina is almost always crowded. But then, it's a small space. Lots of school children in the afternoon during school days.
8185	7/10/2012	Always seems busy, well occupied.
8186	7/10/2012	Very. It is always busy when I am there.
8187	7/10/2012	I don't quite understand this question. If you're asking how busy it is, I would say it always seems busy but that's probably in part due to its very small size.
8188	7/10/2012	It always looks very busy and there is always a wait to use the computer terminals.
8189	7/10/2012	seems quite popular in all areas. friendly., helpful staff. great room for reserving for meeting (Woodstock) .clean.

8195	7/10/2012	They seem popular in the summer especially for families and kids doing summer reading. Computer access seems very important for many people as well.

8196	7/10/2012	Very! It is one of only public resources we continually vote for when it comes up for funding.
8197	7/10/2012	Central is used most, but I am scared to go there because you allow druggies to hang out there and it makes the library unsafe to use. Please kick them out!
8198	7/10/2012	Very well used. It is usually busy at all times of the day.
8199	7/10/2012	It seems well-used and lively every time I go there

8202	7/10/2012	It is always very busy
8203	7/10/2012	Kenton and NoPo are both very busy. The Kenton branch seems to be an anchor in the neighborhood, contributing to the revitalized downtown area.
8204	7/10/2012	Often crowded with old and young alike. The new instant scan check-out machines are great.
8205	7/10/2012	very well used
8206	7/10/2012	Hillsdale library always seems to have a good number of people in there, no matter when I go in.
8207	7/10/2012	I visit the library weekly and pass by it daily. I see people going in and out of the doors quite frequently. While inside, I see lots of people using books and accessing the computers. Sometimes, I see people waiting to use the computers.
8208	7/10/2012	looks to be very well used whenever i am in there. always impressed by the staff, their friendliness and depth of knowledge! thank you for the excellent resource.
8209	7/10/2012	Very well used. All computers are in use when I go there and all other areas of the library are busy.
8210	7/10/2012	It always seems like there are people waiting in line as it opens every morning, and people are there till closing time each day. I would say it is quite well-used by the local populace.
8211	7/10/2012	Very well used.
8212	7/10/2012	Very. There are always people there.
8213	7/10/2012	very
8214	7/10/2012	Very used
8215	7/10/2012	Very well used because almost every time I go to use the computer I either have to wait or sometimes there are people waiting to get on. There are many children for the childrens story hour on Saturday morning.
8216	7/10/2012	Fairly well used, always a few people using computers and looking for books.
8217	7/10/2012	There are always plenty of people at the Moreland library. It's a community center.

8220	7/10/2012	Seems very busy most of the time.
8221	7/10/2012	It's well used and well staffed
8222	7/10/2012	It's always busy!
8223	7/10/2012	Seems to always be fairly busy.

8224	7/10/2012	Always busy when I visit
8225	7/10/2012	Well I don't know about the Belmont Library but the North Portland and Central Libraries seem to be heavily used.
8226	7/10/2012	Last time I was there it appeared to be well used with a lot of activity.
8227	7/10/2012	It was always very busy when I went in, no matter what day it was. I came from California in a town that the library was only open a couple days a month. I was amazed that I was able to use the library any day of the week. I hope the library will continue to operate in the same manner. I always wondered what the town did for the youth in the community after making the hours so minimal for the residents and the community in California. I don't understand why the children are punished for what we call "responsible adults".
8228	7/10/2012	very
8229	7/10/2012	Very.
8230	7/10/2012	It's busy all the time. Often you have to wait for help.
8231	7/10/2012	Too well -- crowded with the homeless and free internet users
8232	7/10/2012	When I am there, it seems very well attended.
8233	7/10/2012	The Central Library is always full of people.
8234	7/10/2012	I use the library anytime I need a book for pleasure and at times I have used the library for school projects. It is one of my best resources!
8235	7/10/2012	Every time I've gone there, there are a lot of people. Most of the computers are used and the tables are mostly full too.
8236	7/10/2012	Woodstock library is always busy in the mid to late afternoons when we tend to visit. It is especially busy in the summer months when school aged kids are out of school.
8237	7/10/2012	Our small local library branch (St. Johns) always has a decent sized group of people... The community definitely seems to utilize it.
8238	7/10/2012	There are always people at the Hillsdale Library when I go, doing all sorts of different things. The library is definitely well used, but it never seems to be crowded. It's just about right. I'm not sure what this question is asking, but there are always people (on computers, kids section, at tables and in the event room) when I visit the library in Kenton.
8239	7/10/2012	□ If you mean used as in the wear and tear on the furniture etc, Kenton I believe is the newest branch and is very clean, organized and well stocked.
8240	7/10/2012	seems always busy
8241	7/10/2012	Very well used and loved.
8242	7/10/2012	It's always busy, I'm not sure if that's what the question is about. The building isn't really banged up if that's what this means.
8243	7/10/2012	it is ok
8244	7/10/2012	Seems well-used.

8245	7/10/2012	Well enough that visits are often timed for parking access not need.
8246	7/10/2012	From what I've observed, very well used w/lots of foot traffic. Makes a very nice family friendly addition to the blossoming Kenton business district.
8247	7/10/2012	it seems very well used. i go there a couple of times a week and it's always busy. There are always young people and old at the computers. i am a senior citizen but i note the programs for children--story hour, etc. Other classes for seniors, etc. look interesting though i have not used them to date.
8248	7/10/2012	It's an important resource. I order books and pick them up at my local branch. My housemate takes her baby granddaughte to book babies. Its always busy. I'm usually only there a few minutes, but it's important to me because I can't afford to buy books and don't want to drive to another branch. I live a few blocks away, and can walk there.
8249	7/10/2012	Quite used. I also use it for reference and putting books on hold
8250	7/10/2012	Well used. The computer terminals are full and there are always families going in and out.
8251	7/10/2012	Very
8252	7/10/2012	Well used
8253	7/10/2012	it's often crowded.
8254	7/10/2012	I feel like it is very well used.
8255	7/10/2012	It seems to be busy. Once in awhile I go in there looking for something. I already have so many of my own books that I rarely need to check one out. If I didn't own so many books, then I would check out books regularly.
8256	7/10/2012	fairly
8257	7/10/2012	Belmont Library is always busy, always has customers, and they do a very good job with being busy and servicing their clientele
8258	7/10/2012	Exceedingly. I guess the rules of polite library sociey have changed.. No longer does anyone talk in hushed tones. Even children run around unchaperoned, being extremely loud and adult patrons talk in normal and louder tones. Heaven forbid anyone wanted to study.
8259	7/10/2012	Our local library is the Albina branch and it is extremely well-used. There are always people of all ages and backgrounds in there. It's particularly welcoming to children. Despite it's small size, Albina is very much at the heart of the neighborhood/community.
8260	7/10/2012	We noticed that there are many others who use the same resources. I'm not sure what the question is asking, though.
8261	7/10/2012	Very well used. Lots of families, individuals. Conference room is used. Busy during the afternoons following school.
8262	7/10/2012	Always seems to be busy, and a line forms before opening time
8263	7/10/2012	well

8264	7/10/2012	They always seem busy.
8265	7/10/2012	seems to be busy most of the time
8266	7/10/2012	Very. There's always people in there, and the staff is well-staffed and friendly.
8267	7/10/2012	Very
8268	7/10/2012	Belmont is extremely well used.
8269	7/10/2012	Very well used from all ages.
8270	7/10/2012	Very!
8271	7/10/2012	Parking lot is always full
8272	7/10/2012	very, always people and always users at the computer terminals
8273	7/10/2012	Very well used. Meaning, it gets a lot of use, but isn't used up. It is in good condition.
8274	7/10/2012	Always busy.
8275	7/10/2012	Very
8276	7/10/2012	Busy as a one-armed paper hanger.
8277	7/10/2012	Seems to very heavily used - especially midland. We love the children's programs!
8278	7/10/2012	Not sure
8279	7/10/2012	Hollywood Library and Gregory Heights Library are always busy.
8280	7/10/2012	Very busy!
8281	7/10/2012	Very busy. Very well used in my opinion
8282	7/10/2012	Very -- it is always bustling. I can't recall the last time I went in and DIDN'T see lots of action.
8283	7/10/2012	Very well used, always a lot of people in there. Great place to hang out.
8284	7/10/2012	Very well used.
8285	7/10/2012	I am closest to Belmont branch, which is always busy. I tend to go more often to the Hollywood branch, which is also quite popular.
8286	7/10/2012	Extremely well-used and nearly always busy.
8287	7/10/2012	Tremendously well used. Albina is always busy. I think it is essential to have this public service available to all 7 days a week.
8288	7/10/2012	It appears well used when I pass by. My preference at this time is ebooks. Would hope that thought is put into providing more of these services for all ages. Too often the "wait time " is lengthy. We use a reciprocal library in Clackamas. ☐ ☐
8289	7/10/2012	There is one item that seems inappropriate to us. We do not understand the need to offer DVD rentals. Inexpensive rentals are available commercially if people really want this service. With limited funds, spending any resources on this media should be a very low priority. ☐ ☐ The prime usage at this library appears to be Computer access, followed by DVD checkouts.
8290	7/10/2012	Very Well
8291	7/10/2012	Pretty well used. I always see people there

8292	7/10/2012	It is well used. It always seems like there are many people in the Belmont Library when I stop by.
8293	7/10/2012	quite busy
8294	7/10/2012	Seems very busy and popular
8295	7/10/2012	It is very well used by the community.
8296	7/10/2012	Hillsdale looks pretty full every time I visit, capitol hill is smaller and less busy appearing but never empty.
8297	7/10/2012	Very heavily used all day every day.
8298	7/10/2012	Very well used. It is alwa full of patrons picking up books and media and many using the computers. It appears the programs for the kids are full and well liked.
8299	7/10/2012	very
8300	7/10/2012	In my observation, the Woodstock branch is well utilized by a broad range of people!
8301	7/10/2012	They always seems busy but well run.
8302	7/10/2012	Very well used, wish it could still be open 7 days per week!
8303	7/10/2012	I'd say it's high-traffic and well-used.
8304	7/10/2012	It seems like there are always people there.
8305	7/10/2012	very well
8306	7/10/2012	Very well used
8307	7/10/2012	Very
8308	7/10/2012	ve ry good
8309	7/10/2012	When I go into the library, it is always busy. But frankly, i do not physically go to the library as I do virtually all my reading on my kindle. I do check out books all the time
8310	7/10/2012	Parking lot always full when we come.
8311	7/10/2012	Everyone uses it. That library is always busy.
8312	7/10/2012	always buzzing with activity... all ages & ethnicities
8313	7/10/2012	The libraries I frequent are usually a bustle of people of all ages and backgrounds.
8314	7/10/2012	The Main library is our local. It always seems busy and that means way too noisy. The loud voices are as often from the library and security staff, as from the patrons.
8315	7/10/2012	Very
8316	7/10/2012	Both are thoroughly used. There is always a crowd each day that I am at Central and when I go to the Hollywood branch as well.
8317	7/10/2012	Very well used; it is always busy when I go
8318	7/10/2012	I don't understand the question - seems to be busy when I come in.
8319	7/10/2012	It seems to be fairly well used. I in eight years I've lived in PDX and frequented this branch (Belmont), I have never seen it not full of people.
8320	7/10/2012	Both Holgate and Woodstock are always busy.
8321	7/10/2012	I don't see many people when I'm there.

8322	7/10/2012	The library is always full and busy when I and my child are there. I have never been in the library and found it empty. I am also a teacher and use it a great deal for collecting materials for my classroom.
8323	7/10/2012	very
8324	7/10/2012	Kenton, St. John's always seem very busy and crowded with children. The downtown library has always been my favorite with the wealth of material available. Hillsdale is always wonderful and very busy!!! ☐ ☐
8325	7/10/2012	Sellwood library is cozy and nice!!!☐ ☐ Composed by my friend Matt, age 7.
8326	7/10/2012	very much
8327	7/10/2012	a lot!
8328	7/10/2012	It always seems busy when I go there.
8329	7/10/2012	Very well used. It's always busy during open hours, and I've never been inside and not seen it packed with people picking up books, using the computers, and browsing.
8330	7/10/2012	Very
8331	7/10/2012	Library is always extremely busy.
8332	7/10/2012	Very well-used, judged on how regularly full it is.
8333	7/10/2012	Very busy most times.
8334	7/10/2012	It is always busy and used by both adults and children. It is obviously an important part of the local community.
8335	7/10/2012	I feel like both branches of the library that I visit are always busy and have patrons looking through the stacks as well as using the computers. It is always busy and bustling with people searching the stacks, using the internet and computers, and children getting excited about finding cool books. I usually can't get the day's newspaper because it is being read so I just look at previous copies.
8336	7/10/2012	
8337	7/10/2012	Our local library is an invaluable resource. Every time I go in, it is buzzing with activity, with people of all ages, using the library for all sorts of services, including Internet access, books, periodicals, videos, and other resources.
8338	7/10/2012	very well used
8339	7/10/2012	It is used quite often. Everytime I'm there, there's lots of people going through books, and the internet.
8340	7/10/2012	Very well-used.
8341	7/10/2012	Fairly well used - it's always fairly filled when I visit, and there are rows of hold shelves.
8342	7/10/2012	It seems well used to me! We attend a lot of library educational programs, and they always seem to have large crowds.
8343	7/10/2012	It is a great place where anyone can come to. Everytime I go I see it being used effectively.

8344	7/10/2012	It's always busy. I go there to mostly study and do research. It is a good place to study since I always seem to bump into classmates.
8345	7/10/2012	Very well! I have never been into any branch of the library that was lacking patrons. In fact, every time i go in it seems like peak hour, even if it's late or early in the day.
8346	7/10/2012	From what I could see when I have been to the library, it is usually busy and filled with people either on computers or looking for something or involved in some activity. I would say that on the whole, the libraries are well used.
8347	7/10/2012	Well used!
8348	7/10/2012	Very well, it looks to be an important cultural resource for the community
8349	7/10/2012	It seems very well used! It is always busy every time I visit. I frequently see a line of people waiting to get in the doors before it opens.
8350	7/10/2012	Very well
8351	7/10/2012	?
8352	7/10/2012	Whenever I go there it seems to be busy with lots of people using the resources.
8353	7/10/2012	It is always busy! It needs to be bigger and open more hours.
8354	7/10/2012	Very! Medium or heavy usage whenever I visit. That's great.
8355	7/10/2012	Maximal use, always full of people. Actually I find that it is the only county service that I can depend on.
8356	7/10/2012	Hollywood branch is used intensively.
8357	7/10/2012	I don't know.
8358	7/10/2012	It seems to be often busy with patrons, young and old, of diverse backgrounds.
8359	7/10/2012	Very busy.
8360	7/10/2012	it seems very well used. Staff are great. Very helpful and always courteous.
8361	7/10/2012	It is always crowded.
8362	7/10/2012	Very used.
8363	7/10/2012	Very heavily used
8364	7/10/2012	Seems there are always lots of folks at the Belmont Library. It is usually 5:00 PM or later when I visit Fairview Library. ☐
8365	7/10/2012	☐ There are usually quite a few people using the computers, and a few browsing the stacks.
8366	7/10/2012	Hillsdale library seems to be well used by local residents
8367	7/10/2012	VERY~
8368	7/10/2012	Always busy. It is busy whenever I'm there. I think that if you mean how often it is used by our family...we use both the downtown library
8369	7/10/2012	and the Belmont. We visit the downtown ☐ library nearly every day. The Belmont is used once a week...but on various days.

8370	7/10/2012	Very. I always see lots of people coming and going at both branches and frequently I have to wait for what I want because it is checked out. This is unfortunate but I look at the bright side that others are using the library and are (hopefully) willing to support it as I do.
8371	7/10/2012	Everytime I go there it is busy
8372	7/10/2012	Very well used. Always filled with people. And great staff. We go about 2 times a week.
8373	7/10/2012	okay
8374	7/10/2012	It seems like it gets a bit of use.
8375	7/10/2012	Lov it!
8376	7/10/2012	Very well used
8377	7/10/2012	very well used
8378	7/10/2012	It seems busy. I would say it is well used. I haven't used it for job seeking, but I like that I could if I needed too.
8379	7/10/2012	It's popular and well-used.
8380	7/10/2012	My Kindle is well used...I don't use the public library.
8381	7/10/2012	Never go there, too small.
8382	7/10/2012	Very well used. It is pretty busy every time I go.
8383	7/10/2012	It seems crowded every time I go in. Most of my usage is to pick up books that I've ordered through the website.
8384	7/10/2012	They both seem well used, as they are always busy with patrons of all ages.
8385	7/10/2012	Central Library is filled with people all day long, seven days a week.
8386	7/10/2012	It seems to me that the Northwest library branch is very well used and appreciated by its patrons. Wish there were more parking, but the resources for that are finite. We seem to be able to take turns well enough.
8387	7/10/2012	Very used and loved by all.
8388	7/10/2012	always full of people - and kids there before opening hours
8389	7/10/2012	Very well used - I always see lots of people there.
8390	7/10/2012	very! although don't really use catalog or internet at N. Portland-- it's always full of people.
8391	7/10/2012	We primarily use Hollywood & it seems to be a huge community resource.
8392	7/10/2012	Very well used. either adults or children in the stacks as well as programs in separate rooms.
8393	7/10/2012	There are always many people at my branch. When I bring my laptop to work, I usually share my table with others. I have waited with a crowd when I have arrived early before the doors open.
8394	7/10/2012	It's a very popular library. Very busy. Parking is difficult.
8395	7/10/2012	The Kenton branch seems extremely well used.
8396	7/10/2012	Very! People are using the computers (catalog as well as internet) all the time, and frequently I see groups of people waiting at the front steps just before opening hour. Also, the hold shelf looks like it gets a lot of use.

8397	7/10/2012	Whenever we have gone, no matter the branch, there are always a number of people there. My youngest granddaughter has autism and sometimes has a bit of a wait to get on the children's computers.
8398	7/10/2012	Always seems really busy there.
8399	7/10/2012	It's always got people in it.
8400	7/10/2012	It is physically too small for the number of active users and to have a reasonable number of books on hand to browse.
8401	7/10/2012	very
8402	7/10/2012	Very busy. Belmont could use a larger library, really.
8403	7/10/2012	When i go there is always alot pf people
8404	7/10/2012	There is always a large number of people in the library when we go in. It is sometimes difficult to find a table to work from.
8405	7/10/2012	Both are very well used. Central obviously so, but NW as well, which due to its small size maintains a nice neighborhood feel.
8406	7/10/2012	I don't know about other people but I use my library a lot and if I didn't have access to my library I would quickly run out of books to read
8407	7/10/2012	Belmont is my neighborhood library. While it is always busy I have noticed that it tends to be used more as a place to pick up holds than to actually browse for new books. I realize that this is in part due to its small size. [] By the way, "branch" in the first paragraph of this document is misspelled.
8408	7/10/2012	I see children gathered for storytelling and all computer stations are usually being used. I utilize the services of the librarians often; whether it's looking for a new release or help in locating some research material.
8409	7/10/2012	Not sure I understand this question. "Well used" as in "do I think my local library uses its resources well?" I would say, "pretty well as far as I can tell." They have enough staff available to help but don't appear to have too many, or extra, people. The resources are readily available and well organized for my needs. [] If the question refers to how much it is used by local library patrons, I would estimate "quite well," as many people come and go daily, and I often see lines of people waiting to get in when the doors open in the morning.
8410	7/10/2012	Very.
8411	7/10/2012	Very
8412	7/10/2012	It seems there are always a lot of people already there whenever I go.
8413	7/10/2012	Moderately. Central seems more like a hangout than Hillsdale does.
8414	7/10/2012	Very well used, there are always lots of people there.

8415	7/10/2012	it is always busy when we go there.
8416	7/10/2012	Extremely well! I often need to put books on hold before I can get them and I use the audiobook digital library extensively.
8417	7/10/2012	As I use the Albina branch only to pick up books I have requested, I'm not sure, but I do see many people there every time I visit. Also there are always lots of books on the hold shelf.
8418	7/10/2012	When I am in the library, it is well populated by patrons. The computer use seems to be at maximum availability.
8419	7/10/2012	The central library is always in use.
8420	7/10/2012	They seem very well used.
8421	7/10/2012	Extremely well used. It is constantly busy.
8422	7/10/2012	Every time I go in to pick up a book, the libraries I use are very busy.
8423	7/10/2012	always seems busy,
8424	7/10/2012	It's always full of people when I go to pick up books, so it seems well used.
8425	7/10/2012	Is this a kind way of asking how run-down it is?
8426	7/10/2012	very well used -
8427	7/10/2012	I saw at least 60 people standing out in front of the Central Library last Tuesday at 11 waiting for it to open. It is always full of people reading, computing and just browsing or checking out books. Well, there isn't one here anymore, but there is a great need for one here in the HAND neighborhood. I see strollers everywhere. We are a very walkable neighborhood in every other respect save our lack of library. Both Belmont and Central require a vehicle ride.[]
8428	7/10/2012	[] Belmont is our closest and it is not very comfortable due to its extreme usage. People jostle for space and the Story Times fill up way before the events start. I'm always impressed with the number of people at the library, and how much it's used. Between my husband and I we have
8429	7/10/2012	lived in nine cities and Portland's library system is by-far the most utilized we've ever encountered. It would be nice if the hours were better.
8430	7/10/2012	The Gresham library is always quite busy and most of the computers are used.
8431	7/10/2012	seems well used to me
8432	7/10/2012	Our library is busy whenever we go in. We LOVE it! THANK YOU, THANK YOU, THANK YOU!
8433	7/10/2012	It seems to be very popular and busy at all hours, based on what I see when there.
8434	7/10/2012	always busy, very well used
8435	7/10/2012	In very good condition
8436	7/10/2012	well used, always busy.
8437	7/10/2012	it is quite busy but I must say most of the people are there to use the internet.
8438	7/10/2012	It always seems very busy whenever I'm there.....
8439	7/10/2012	This question makes no sense. How well used is it?
8440	7/10/2012	well used.

8441	7/10/2012	When I am not in using computer I will be reading some materials.
8442	7/10/2012	the library is always busy
8443	7/10/2012	It seems pretty busy
8444	7/10/2012	Very well used.
8445	7/10/2012	Very well used.
8446	7/10/2012	Very busy at most times.
8447	7/10/2012	Well used
8448	7/10/2012	awesome, great service.
8449	7/10/2012	Very important to have access.
8450	7/10/2012	very
8451	7/10/2012	Very well used. Every Saturday morning when I stop by there are a lot of people there.
8452	7/10/2012	Very well used
8453	7/10/2012	My main library is Hillsdale...it is very well used. Capitol Hill Library is also well used. The Central Library is sometimes pretty quiet...but always wonderful.
8454	7/10/2012	There's always people there and if it's not open yet, there's people waiting for it to open.
8455	7/10/2012	It's always been busy when I visit, no matter the day or time.
8456	7/10/2012	I use the Northwest library most often, and it seems to be well-used. It's a very valuable resource to the neighborhood.
8457	7/10/2012	It appears to be over used - long waits (45 minutes to well over hour computer waits); ever increasing stacks of books waiting to be picked up; no chairs for sitting ever at all, just to read magazine or read books (Belmont)
8458	7/10/2012	very! It is always packed
8459	7/10/2012	very, very well used
8460	7/10/2012	always busy...
8461	7/10/2012	very
8462	7/10/2012	Seems fairly busy every time we are there
8463	7/10/2012	Seems to always be busy but not overwhelmed
8464	7/10/2012	Very! Always crowded, except the children's area at Central seems sparsely populated whenever I'm there.
8465	7/10/2012	it is always busy
8466	7/10/2012	Very well. Always busy, especially computers.
8467	7/10/2012	Very well.
8468	7/10/2012	Usually busy by a wide range of age groups. So busy it's sometimes difficult to find a place to park even if it's just to return items.
8469	7/10/2012	Extremely...it is a beautiful haven for all social groups.

8470	7/10/2012	I tend to use the library almost weekly but usually a few times a month. I am a teacher and so I like to check out books that I would not otherwise be able to afford. However, because the library allows teachers to check out books for a longer period, it is an invaluable resource for me. I also check out books for reading pleasure as well.
8471	7/10/2012	Both look to be fairly well used.
8472	7/10/2012	very well used; always seems to be busy
8473	7/10/2012	Very well used!
8474	7/10/2012	Very, impossible to find parking!
8475	7/10/2012	it appears to be popular
8476	7/10/2012	Don't know
8477	7/10/2012	very well used
8478	7/10/2012	We usually visit Hillsdale Library on the weekends, and it is always pretty busy (in a nice way).
8479	7/10/2012	all branches and of course Central Library are very busy all the time. I love North Portland Branch best, but often am unable to find a parking spot so head on over to Albina.
8480	7/10/2012	It always seems busy.
8481	7/10/2012	Always alot of people there.
8482	7/10/2012	It appears to always be bustling. The parking lot is usually full, so that's a good sign.
8483	7/10/2012	Very well used by local communities and very well staffed.
8484	7/10/2012	Very well used. The Albina branch is always hopping.
8485	7/10/2012	Generally many people are there
8486	7/10/2012	Very well used. There is a constant line for computers.
8487	7/10/2012	By me? Didn't know you had resources for small business owners.
8488	7/10/2012	It's always busy.
8489	7/10/2012	busy place.
8490	7/10/2012	Both Holgate and Woodstock seem to be bustling every day that I visit. There is always a wait for computers and I see people and children from all walks of life there.
8491	7/10/2012	Very well-used. It's always busy when I am there and often has a wait line for the computers.
8492	7/10/2012	Well loved, but not over-used. Lots of folks, but in very good repair due to the amount of respect and love the library gets.
8493	7/10/2012	It is very nice I like checking out books (especially mangas) from there. Also since I am not allowed on my mom's computer I use the computers there to check my email and stuff.
8494	7/10/2012	Midland is my "local" library and I use it often. It is ALWAYS busy, and there are always people waiting/gathering outside right before it opens. They have to kick people out when they close. In my observation, weekends are the busiest time, especially with kids and families. I always reserve online and then just swing in to pick up my reserved items. It usually takes me under five minutes to be in and out the door - it's very handy and I appreciate that. I have thought at times the Sunday hours were even too short. Maybe taking away Fridays would be better than Sunday?

8495	7/10/2012	Very well used!
8496	7/10/2012	medium to high usage, particularly on the internet computers
8497	7/10/2012	very
8498	7/10/2012	Heavily use thanks
8499	7/10/2012	Don't understand the question. By me? As much as I need it.
8500	7/10/2012	Very well used. So much so that I think inner SE could use another branch(the old library building in Buckman?)
8501	7/10/2012	It always seems to be extremely crowded especially with children at Rockwood using the computers. At Gresham, I notice more adults using the computers. However, there is never a real line to check out items but there is always a line to speak in person to a librarian so I would think people are there for resources other than simply checking out books and media
8502	7/10/2012	Pretty busy most of the time, always a wait for computers. Lots of youth.
8503	7/10/2012	Always lots of people. Very well used.
8504	7/10/2012	The Hillsdale branch always seems to be busy when I visit it, although I don't know much about the children's usage since I have no children.
8505	7/10/2012	There is strong readership at the Hillsdale Library. My autistic son used the Sellwood-Moreland Library weekly during the summers. It was very important in building responsibility and curiosity into his character. He was responsible for keeping track of his books and renewing them on a regular basis. He was just as excited about getting a new book to read, as he was a new toy. Being a single mother on a limited income, the libraries offered an economical way of entertainment and education for my son and myself. Find the funding. Make the monies permanent. There is nothing that replaces an educated population. K
8506	7/10/2012	Well
8507	7/10/2012	It always seems to be busy.
8508	7/10/2012	Always seems active. Many people in the library, computers in use, classrooms in use.
8509	7/10/2012	n/a
8510	7/10/2012	Extremely well used.
8511	7/10/2012	Whenever I have gone, it has been pretty busy.
8512	7/10/2012	Seems busy all the time to me. There's always people on the computers.
8513	7/10/2012	It is always full of people
8514	7/10/2012	It's very busy all the time.
8515	7/10/2012	I find that my library is very well used by all ages.
8516	7/10/2012	always humming with activity
8517	7/10/2012	It is usually busy.
8518	7/10/2012	Very well, I'll always support a measure for the library.
8519	7/10/2012	It's too full for comfort most of the time, seems over-populated, wall-to-wall people at the computers, at the tables, at the DVD stacks, in the quiet rooms (good luck getting one).

8520	7/10/2012	Very well used!
8521	7/10/2012	Not entirely clear on this question. How well used is it by me, or the general public? I use it fairly often, and it seems pretty bustling whenever I visit.
8522	7/10/2012	Capitol Hill Library is around the corner from our house and we visit it very often. It is also right next to Markham Elementary School which is a Portland Title 1 school. Last year I worked at Markham in the computer lab and many of the 3rd and 4th grade students still did not know how to use computers because they did not have a computer in their home. I see these students at the library every time I go there, checking out book and using the library.
8523	7/10/2012	Always seems quite busy.
8524	7/10/2012	N/A
8525	7/10/2012	Very well used - always a lot of people in the building and extremely pleasant to visit.
8526	7/10/2012	Well, it's generally always full.
8527	7/10/2012	well used
8528	7/10/2012	Seems to always be pretty busy most of the time I go in, so well used in my opinion.
8529	7/10/2012	Very well used. There is often a line to get in the door before it opens in the morning
8530	7/10/2012	highly
8531	7/10/2012	highly used; we order and pick-up
8532	7/10/2012	Very well used
8533	7/10/2012	very
8534	7/10/2012	If by "well used" you mean how well we, as personal patrons use it, then it is very well used.
8535	7/10/2012	Extremely well used
8536	7/10/2012	always busy!
8537	7/10/2012	The queue for the internet is usually full, and the hold shelves are also usually packed as well. There's also a good sized ad board that's also usually full of flyers and newspapers.
8538	7/10/2012	Very well used - always people on computers and accessing a variety of resources
8539	7/10/2012	Woodstock is quite busy all the time

8609	7/10/2012	Our branch seems pretty busy, I have not been using it as much as I used to, and sometimes I use it very heavily, so even though I haven't been there for a while, I love it and want it to be there for me and my family and certainly for those who really need it.
8610	7/10/2012	The Hogate Library is well used.
8611	7/10/2012	very much so - always busy

8629	7/10/2012	I think quite a bit. I go to the library two to three times a week. I also check to see if I can check out books or media I need for college that I can't afford to buy. I have always had such a positive feeling from dealing with the people who work there at Central. Always very helpful and friendly.

8653	7/10/2012	It's busy whenever I am there, usually EARLY AFTERNOON
8654	7/10/2012	i use it very well, but i could learn more about other services that are offered such as the job search program because i did not know it existed in the library system.
8655	7/10/2012	Both libraries are always busy. The downtown library seems to be a refuge for a enough unwashed people to make the reference library a place you don't want to spend much time.
8656	7/10/2012	Seems to be busy most of the time
8657	7/10/2012	always busy

8668	7/10/2012	very well used. A LOT of people depend on the local library for their livelihood and education. Without the local library, a lot more people would be destitute. I'm being as honest as i can. The community NEEDS the library

8684	7/10/2012	From what I see, it is a very popular location and generally tables are filled. It is clean, staff are helpful. I have not noticed transients just parking there to get in from the weather (more of a problem in downtown library).

8697	7/10/2012	Seems well-used; at least it is "full"--if not crowded--when I am there.
8698	7/10/2012	Belmont is always busy when I go. Woodstock is a little more calm, but still seems well used.

8707	7/10/2012	I have never been in there without there being at least a dozen people. There are children using the Kid's terminals, adults reading at the tables, people looking for material, people on the computers, people checking out material, parents reading to kids, etc. Children's events seem to be well attended.
8708	7/10/2012	very well used, occasionally very busy. The staff is friendly and always provides support in a highly professional manner. They do NOT even hint at their view of their branch being closed Mondays.
8709	7/10/2012	It is well used.
8710	7/10/2012	seems pretty busy most of the time
8711	7/10/2012	I don't know. I don't know what you mean by "well used".
8712	7/10/2012	It is always quite busy with all ages.
8713	7/10/2012	Most used in the country, baby!
8714	7/10/2012	My local library always has patrons and appears to be busy.
8715	7/10/2012	The libraries are always busy, and sometimes over-crowded. We would like to see more quiet areas for children, more seating, and expanded programs overall.
8716	7/10/2012	It is well used. We heavily depend on the library mostly to check out books. On occasion we have taken advantage of the other gatherings for adults and kids offered at the library. The library is always full of a whole range of Portlanders.

		Huh? ☐ Do you mean how many people are using it? Lots...it is rather crowded, esp with people using the computers.☐ Do you mean how well is it used as a library? In the classic sense, it seems that many people are checking out book; then again, I see a lot of movies being checked out, so maybe not so much reading?☐ Do you mean is it used, like old and in need of repair? It is okay, could be bigger.☐ Or, maybe you mean something else. Strangely worded question...
8717	7/10/2012	
8718	7/10/2012	The capital hill library is well used. I take my child to the story times there and he loves it! Tasha, the librarian who leads the story time is FANTASTIC! The kids love her and as a parent, i love that she shares interesting developmental information about reading and singing with children at different stages. She is helping my child learn a love for reading and for the library!!

8735	7/10/2012	My huband goes regularly to NW branch. He reports that there are always people inside.
8736	7/10/2012	The current internet systems are far ahead of the library program. But it is alright for those who do not have access to computers.
8737	7/10/2012	The North Portland library is almost always quite busy (I am at the library 3-4 times a week). I have never been there when there were less than a dozen☐ people present, and most of the time the number hovers around 40+ people.
8738	7/10/2012	Very well used.

8755	7/10/2012	Our library is always very busy. The computers look to be full - usually with people waiting. There are usually only one or two open tables. Usually come with a friend who checks out many books at a time. I have a vision problem and use bard to download books.
8756	7/10/2012	I use reference books onsite in the library. There are always a lot of people in the library and most are concerned about the hours being cut back.
8757	7/10/2012	our local library is very much helpful in the community.
8758	7/10/2012	Not Sure

8764	7/10/2012	The libraries I visit are well used. Never too crowded, but plenty of people taking advantage of library services.
8765	7/10/2012	Would be better to have a return box outside the library..so returns can be done even when library is still closed. Hillsdale is always busy - it functions as a community hub, I see friends and neighbors there often.[]
8766	7/10/2012	I just started going to NW on my way home from work so am less familiar with it. I was disappointed to arrive at 5:05 and find that the door was locked.

8768	7/10/2012	Fairview branch is a great library, which seems to have several patrons at all the times that our family goes. Summer hours for children on break is critical. I hope the library can be open 7 days a week during the summer.
8769	7/10/2012	It is my observation that the branches I use are always very busy. It doesn't matter the day or time. And computer use seems to be an extremely popular feature.

8777	7/10/2012	It is so well used that it is better to bike or walk because it is very hard to find a parking spot in the lot.
8778	7/10/2012	Very. Well. Used
8779	7/10/2012	Always busy, full of people. Also at the Holgate library as I was browsing I heard preschool songs being sung in the conference room. Joyfully reminded me of when my children and I participated in reading evening at the Holgate library 25 years ago.
8780	7/10/2012	It's always pretty busy!
8781	7/10/2012	Both Albina and Central library are always in use. There is never a time when I come in and see it empty.
8782	7/10/2012	pretty well
8783	7/10/2012	My impression is that it is always busy, with the computer stations occupied and people walking around through the stacks or checking out books and other items.
8784	7/10/2012	It's always full with people.
8785	7/10/2012	There are many people there... Always...
8786	7/10/2012	It's a busy place.
8787	7/10/2012	I used libraries which are nearby or on the way from my house to schools or work.
8788	7/10/2012	VERY well used. I am amazed at how many people are there. My favorites are the immigrants. At Midlands, there are people from all over the world. I love the idea that they have figured out that education is the way up. The whole families come together so the kids are beginning to read very early. I also love that at Midlands there are people who speak different languages on the staff. Russians, Asians, even a delightful woman from Scotland. I love my library so much, I wish I could live there. So many books.... so little time.

8789	7/10/2012	Computers seem to be occupied much of the time whenever I visit. Lots of middle school and younger, often without parents--a good alternative to being on the street. Would like to see volunteers holding story readings; the customers do not seem to value silence in the library.[] [] If necessary to limit hours, link open hours to when school is not in session and maintain evening hours in suburban locations because working people cannot visit the library during the work day.
8790	7/10/2012	There seem to be a lot of people there whenever I go.
8791	7/10/2012	I would say it is always busy when I go in.
8792	7/10/2012	Always busy
8793	7/10/2012	Well used
8794	7/10/2012	Always busy when Im there.
8795	7/10/2012	It is always busy, with all ages represented. The computers are always in use, too.
8796	7/10/2012	Very well used. And too small for the area it serves (Belmont)
8797	7/10/2012	The Belmont library has been busy every time I've visited.
8798	7/10/2012	It is always busy with lots of people there whenever I go--which is fairly often. I always see the Belmont branch well trafficed when I am there. People go to the community boards to learn what's happening in the neighborhood and what programs the library is providing. As a staff member at the local hostel I often send
8799	7/10/2012	guests there for information, computer use, and resources.[] The Central library is beautiful and a real asset to our city, it has been a wonderful place for my research and the top floor exhibits always give people pause to learn something new or beautiful.
8800	7/10/2012	they are always very busy whenever we go!
8801	7/10/2012	extremely
8802	7/10/2012	It is always busy when i visit. I like the community feeling.
8803	7/10/2012	They are both busy whenever I go in, especially at the computer stations.
8804	7/10/2012	Extremely! I generally go to the Belmont library, as that is located in my neighborhood, walking distance form my house. There are always parents and children attending activities, people browsing the shelves or picking up books from the reserve shelves, as well as using the free computers. In the morning before the library opens there is usually a line of people, (usually families) waiting to get in. I have even seen people turned away from the storytelling room because it is so full! Attendance has only increased since summer began; not surprising since the library provides such a great, friendly, safe and community-oriented environment.
8805	7/10/2012	Very well used.
8806	7/10/2012	very well used
8807	7/10/2012	VERY!
8808	7/10/2012	Very well used.
8809	7/10/2012	Our NW library is ALWAYS busy! So is the Central.
8810	7/10/2012	Seems to be full when we visit

8811	7/10/2012	There are always a good amount of people at the Central Library, but by no means is it crowded.
8812	7/10/2012	It's usually not very busy.
8813	7/10/2012	always busy
8814	7/10/2012	The Hollywood branch seems to be very well used, by a variety of people. I have attended children's programs, I see retired folks like me and there are many younger people.
8815	7/10/2012	It is a wonderful addition to our neighborhood and is very well used.
8816	7/10/2012	Always seems to be active, with checkouts and families, including children at the library reading and using computers.
8817	7/10/2012	I think you can find a lot of books here, but I would love more up to date children's books. They are more culturally sensitive and diverse which is helpful as a teacher trying to diversify her library.
8818	7/10/2012	Busy all the time; all ages.
8819	7/10/2012	The Belmont branch is usually busy, with a short wait for computers. The systems work well for me - for borrowing and returning books and dvds, using the computer, getting assistance. The dvd selection on line is substantial and I like it that I can suggest books and dvds for the library to acquire.
8820	7/10/2012	Always busy! I don't see any inconvenience so far with the schedule shift. All 3 of us in our family (2 adults + 1 teenage child) regularly go online to look for books and movies, place holds, and renew items we've already checked out. Please factor in how popular this internet access is when considering whether to ask for another levy.
8821	7/10/2012	Always full....It has been a constant in our lives as we raised our kids.
8822	7/10/2012	The Hollywood Library is always a cheerful, bustling, vibrant place. Folks using the computers, the quiet rooms for tutoring, meetings, private study; the children's section always has something going on and the kids enjoy picking out their books, reading time, etc; seniors, families of all ages, size, and cultural origins; young singles ... I could go on and on. The Hollywood Library is a vital part of our community!
8823	7/10/2012	Very
8824	7/10/2012	Very
8825	7/10/2012	very well used
8826	7/10/2012	Very
8827	7/10/2012	Central library seems full of people when I am there.
8828	7/10/2012	It seems to be busy every time I have gone there.
8829	7/10/2012	It seems well used- always a crowd of folks there, parking lot is always full.
8830	7/10/2012	Always well used when I am there
8831	7/10/2012	Very well used, always crowded.
8832	7/10/2012	It seems to be used by a good number of people from diverse populations and age groups.
8833	7/10/2012	seems to be well used.....Hillsdale less so than Hollywood and Belmont
8834	7/10/2012	The building is too small to accommodate all the folks who want to use it. It needs to be twice its present size.

8835	7/10/2012	VERY WELL. I BELIEVE THAT OUR BRANCH HAS THE HIGHEST RATE OF CIRCULATION.
8836	7/10/2012	The Troutdale library seems to be quite busy, but not as busy as the Gresham branch. I go to the library at different times and there are always many people working/playing in each branch.
8837	7/10/2012	Heavily used. Often little or no seating at tables. Computers heavily used. Albina branch is too small for use, but probably will have to do for now.
8838	7/10/2012	VERY well used. The NW branch is always full of people of all ages, looking for books, attending classes and using the computers. I think of it as a neighborhood hub.
8839	7/10/2012	Its loved and people care about it.....its a resource for all ages. Its a place you can always go when there isn't any where else to go.
8840	7/10/2012	I always see lots of people coming and going.
8841	7/10/2012	It seems to be busy every time we go
8842	7/10/2012	extremely well used
8843	7/10/2012	great
8844	7/10/2012	Very well used and loved!
8845	7/10/2012	Very well used by all ages
8846	7/10/2012	very well
8847	7/10/2012	It is often very busy. Today had to wait 30 min to get on a computer connected to the internet. I am new in Portland and I am pleasantly surprised at how many young people are using the library...all ages, small children with parents, gradeschool especially and some highschool age.
8848	7/10/2012	There are always quite a few people there. I also see mothers with young children who seem to have a program.
8849	7/10/2012	Pretty busy.
8850	7/10/2012	it always seems to be busy, computers all in use, patrons getting information and checking out books and media.
8851	7/10/2012	Vry buisy
8852	7/10/2012	Heavily used and loved
8853	7/10/2012	It generally seems well used, and the parking lot is often full.
8854	7/10/2012	Very well used. The computers are always in use by patrons of all ages and ethnicities. Whenever I visit the library, the meeting room is frequently in use and there are often storytelling sessions for small children. Great library run by great staff!
8855	7/10/2012	we love our local library! It always seems busy with a diverse group of people using many elements of the branch.
8856	7/10/2012	Hollywood Library is well used by every segment of our population. During any given day there will be students doing research, children reading stories, folks enjoying the magazines and a buzz of people looking for a new book to read. Busy and fun.
8857	7/10/2012	The Central library is always very busy and I hope it will be open 7 days a week. Many college students use it and I am sure high schoolers use it also as well as all ages.

8858	7/10/2012	<p>This is a very broad question, almost too broad to answer. My personal local library is the Central Library, but my family uses the Belmont, Woodstock, Holgate, and Sellwood branches more often. We as a family use them very well. And I've never visited either the Central Library or any other branch when it was not very busy and being "well used" by many other Portlanders. It is extremely sad and disappointing that the recent schedule cutbacks were made, especially in view of the pro library funding measure just passed at the mid-year election by Portland voters. It feels like we were hoodwinked. No one I've talked to had any idea that cutbacks would go into effect even if the measure passed, which of course it did.</p> <p>I use a number of the libraries in my community, depending on what area of town I am going to be in at the time I need the service. I am trying to use more online services so that I can learn to cope with the reduced hours. During the times that I visit the libraries, I find them to be busy with patrons. I find that many of the books & media I am interested in require HOLDS in order to be used in a timely manner. This includes the e-book and e-media services as well. I do not think that the issue is that the libraries are little used. I think that the issue is that there is not enough money available to run them consistent with the need of those services. In a perfect world we would all be able to walk to our local library, which would be open 9:00 AM to 9:00 PM, 7 days/week. This is so that when we become confused by something in the world, we could make contact with our local librarian to help figure out an answer to our puzzlement. Everyone would have a device to visit the library online and download needed books, newspapers, journal articles for research, movies, t.v. shows & other media, as well as chat online with a librarian if help was required. In a perfect world, the library would be the center of the universe. It has always been the center on mine.</p>
8859	7/10/2012	It is a very busy library, too small!
8860	7/10/2012	It appears to be busy.
8861	7/10/2012	Extremey.
8862	7/10/2012	As far as I can tell when I go, very well used!
8863	7/10/2012	Very
8864	7/10/2012	strange question. You should be able to answer this better than I???
8865	7/10/2012	Always seems to be full of users
8866	7/10/2012	Sellwood and Hillsdale branches both seem to be well-used. Mostly younger children and their parents.
8867	7/10/2012	It's always busy -- in a good way.
8868	7/10/2012	Based on the state of the bathroom, I'd say "well used".
8869	7/10/2012	It looks well used
8870	7/10/2012	Always seems to be busy. Not overcrowded but well used & appreciated by the community in that area.
8871	7/10/2012	Well used.[]
8872	7/10/2012	More by other than myself.[] But I fully support the usefullness of the Library!

8873	7/10/2012	Busy everyday that I go there. Looks like all the computers are always full, even though I don't use that service myself.
8874	7/10/2012	The Belmont and Hollywood libraries seem to always be bustling with activity.
8875	7/10/2012	Every library I visit is always crowded and busy.
8876	7/10/2012	The Belmont branch has constant traffic with folks coming in and leaving all the time. It's not crowded, but busy.
8877	7/10/2012	Very well used. A nice part of a small neighborhood street.
8878	7/10/2012	Very.
8879	7/10/2012	Our local library is well used. I am so grateful for this wonderful resource.
8880	7/10/2012	Always seems busy and active.
8881	7/10/2012	Very well used
8882	7/10/2012	Well used. People wait for it to open and it's always busy when I go.
8883	7/10/2012	Midland and Rockwood are the two I most often use. They are both fairly crowded at all times. Even if I go early there is usually a group waiting for the library to open.
8884	7/10/2012	Every time I go in, whether in the evening, afternoon, or on the weekend, Woodstock Library seems pretty "well-used" with patrons of all ages. Between browsing and checking out books and other media, using the computers, reading with children and using the table spaces to work, people are definitely using the library.
8885	7/10/2012	If today was any indication, very well used. It is generally very busy for such a small location. I have also noticed that the Holds Pickup shelves have increased 3 fold at least over the past couple years.
8886	7/10/2012	very well used
8887	7/10/2012	It seems well used, but I can't really tell. I use the library constantly, but it is all via internet--mostly downloading digital media, but also putting items on hold and stopping in for a minute or two when they arrive. Since I don't work near where I live, I only access the library on Monday and Tuesday evenings (the 2 days when the library is open after 6:00pm)
8888	7/10/2012	a lot
8889	7/10/2012	Very well used.
8890	7/10/2012	It is always crowded when I've been there.
8891	7/10/2012	It's always busy
8892	7/10/2012	Library is very active
8893	7/10/2012	It is usually full of people on computers and using the self-serve checkout computers. □ I would say it's always full of people.
8894	7/10/2012	Seems very well used -- always an almost full parking lot at both libraries I use, multigenerational patrons. Often when I search for a new or popular book or DVD, there is a wait list, sometimes a fairly long one (which lets me know that many Portlanders go to the library first to find a favorite author's new book or a newly released DVD).
8895	7/10/2012	Extremely busy all days, all hours.

8896	7/10/2012	No idea
8897	7/10/2012	Every time I have been to the Central Library there are many people checking out materials and using the spaces in the building to read or use computers.
8898	7/10/2012	it's always busy
8899	7/10/2012	Our libraries are very busy places.
8900	7/10/2012	If I am an average patron, it is the #1 place I visit. Of all the resources in our community, the library is the one I use the most and there is no close second.
8901	7/10/2012	The Woodstock Library is well used.
8902	7/10/2012	The Albina library is over used and the space is undersized. For me, the adult side is very undersized.[] [] The Hollywood library is well used and a good space.
8903	7/10/2012	by me personally? very well used. i love how easy it is to find a book in the system & have it waiting for me when i arrive. the library is one of my favorite things about Portland. the system is amazing & truly brings me a lot of joy.
8904	7/10/2012	It is very well used - full to extremely full most of the time. Hollywood library.
8905	7/10/2012	I read a books and when my PC is not work. love that feeling in the librerly.
8906	7/10/2012	Very well
8907	7/10/2012	Very well. Always busy!
8908	7/10/2012	appears very well used
8909	7/10/2012	Very
8910	7/10/2012	The library always has a fairly large number of users who seem to take advantage of a wide variety of services.
8911	7/10/2012	Very heavily used
8912	7/10/2012	always busy
8913	7/10/2012	Very well.
8914	7/10/2012	Hollywood branch is always busy... different days of the week/time of day.
8915	7/10/2012	It is always busy when I go in. It seems very well used!
8916	7/10/2012	It's always busy.
8917	7/10/2012	Always has a lot of people browsing and using computers.
8918	7/10/2012	Very well used, always busy when I am there, lots of programs for children, lots of computer use.
8919	7/10/2012	Seems to be very well used, as there are always a lot of children and adults there. if that's what you mean.
8920	7/10/2012	Gresham Library is always busy when I am there--people at the computers, at the help desk, at the study tables. The community room is also usually in use when I am there.
8921	7/10/2012	Very. At no time have I seen fewer than 10 people in a branch.

8922	7/10/2012	I would say very well, it is always busy with all ages. I don't think I have ever been there that the tables were unoccupied or the computers not in use. There seems to always be 4-8 people waiting for the doors to open, the parking spaces are often full as well as the street parking at a premium. I have been using this branch since my children were in grade school so that would be about 25-30 years.
8923	7/10/2012	Every time I visit the North Portland Library and the Central Library, they seem busy. They're never crowded, but never empty either, and almost all of the computers are typically in use.
8924	7/10/2012	Always busy when I'm there, and when I drive by. I usually see a group of people waiting for it to open, on weekdays when I'm on my way to work up the street.
8925	7/10/2012	St John's is most local. The library is always busy. There are many shelves with books and other media on hold. Computer access is extremely important in this low-income neighborhood, and I have rarely witnessed a time when they are not being used at 100%. I, along with other St John's patrons, have enjoyed student art displays and all of the other sights, smells and sensations of being in a library. There is nothing else quite like it. The six-days-per--week schedule does not interfere with my enjoyment of the library.
8926	7/10/2012	Very well
8927	7/10/2012	I'm not sure I understand this question. How well do I use my local library? I'd say I use it fairly often. Or is it how used looking is the building? I think the building looks great!
8928	7/10/2012	it's always busy!
8929	7/10/2012	Very!
8930	7/10/2012	it is the lifeblood of the neighborhood
8931	7/10/2012	very, always busy
8932	7/10/2012	I think Albina and Hollywood are well-used; almost any time of day I visit there are patrons. I also use them as convenient pick-up and drop-off locations for materials I reserve online.
8933	7/10/2012	it is pretty busy when i visitso well used i think!
8934	7/10/2012	I liek my NW librarya nd staff very much. I roder all my books on line and go get them when they send an e to say they are in
8935	7/10/2012	It's busy each time I've been i, so it seems to be loved.
8936	7/10/2012	Packed! have to wait in line to check out a book.
8937	7/10/2012	Central library is usually a zoo but that's a good thing. Mostly I use Sellwood and there's generally a good crowd. I'm in there a couple of days a week myself
8938	7/10/2012	Very busy
8939	7/10/2012	When I go to my Library it is crowded, all the computers are in use
8940	7/10/2012	central library--extremely!!
8941	7/10/2012	It seems every time I visit there are several other people there.
8942	7/10/2012	Always seems busy when I go there.
8943	7/10/2012	very well used

8944	7/10/2012	I think it's used a lot. There are always people in there when I go.
8945	7/10/2012	Always people (of all ages) in the library when I go in.
8946	7/10/2012	It always seems very busy we I go in there so I assume it gets heavy usage.
8947	7/10/2012	full almost all the time...
8948	7/10/2012	Very well used. It is always busy and often crowded.
8949	7/10/2012	Very used
8950	7/10/2012	The Troutdale library is new and in my perception is very well used.
8951	7/10/2012	I think it is very popular and seems quite full every time I have been there.
8952	7/10/2012	This is a confusing question. The Gregory Heights branch feels a bit thread bare and crowded. The Hollywood branch feels nice. The Belmont branch is consistently busy, with no fewer than 25 people. The days there are activities for toddlers/children, there seems to be a hundred of those critters in the library.[] []
8953	7/10/2012	My only complaint about the Belmont branch is the noise. Remember when one spoke in whispers at the library? Not even the librarians speak quietly. The talk loudly to one another across the room. The kids run rampant and cell phones ring. I don't know how anyone can study or even focus on something there. It is obscene how loud people are in there.
8954	7/10/2012	The Troutdale Library seems fairly busy to me. Lots of kids and teens glued to the computers. It looks like a good gathering place for Troutdale. It seems well used, by the community. I've only lived here two years, and could hardly believe it when I found out Troutdale was getting its first library!
8955	7/10/2012	It seems to be semi-busy when I go in there. I've been in about 3 times in the last 6 months, and there are always people in there using the computers, sitting at the tables doing homework, or perusing the book isles. I also see a lot of books on the Book Hold shelves, which indicates that people are utilizing the resources available to them, like the computerized card catalogue and the online search functions.
8956	7/10/2012	Very
8957	7/10/2012	extremely well used
8958	7/10/2012	well
8959	7/10/2012	Very well.
8960	7/10/2012	It appears to be fairly busy, but there is always a place to set up a laptop. Getting on the library computers is another matter...
8961	7/10/2012	Seems like there's always something going on. Also seems like the kids programs are awesome.
8962	7/10/2012	Appears occupied and busy when I drive past
8963	7/10/2012	it is always crowded and well used
8964	7/10/2012	It is very well used; always busy.
8965	7/10/2012	The Hollywood library branch is a high volume library. The staff is always kind and helpful no matter how busy they are. It is a superb library!
8966	7/10/2012	Very well used. Always busy. Good resources, good selection of materials, excellent staff resources.

8967	7/10/2012	Very well. I always see a steady stream of patrons @ the Kenton branch. I only occasionally visit the North Portland branch.
8968	7/10/2012	Always seems full of people.
8969	7/10/2012	The Belmont branch always seems quite busy when we visit.
8970	7/10/2012	Busy all the time. I love it!
8971	7/10/2012	From what I can tell at least the Central Library seems to be well used. I have not been to any of the others in the system.
8972	7/10/2012	Gauging by the number of people in the library whenever I visit, Capitol Hill and Hillsdale are both well used (and well loved) facilities.
8973	7/10/2012	Very well used. Always busy, lively, full of life and energy.
8974	7/10/2012	Very
8975	7/10/2012	It usually looks quite crowded to me, but I don't know about services.
8976	7/10/2012	Very well used. Whether I visit in the middle of a weekday, after work, or on a weekend, it is full of patrons.
8977	7/10/2012	Rockwood is always crowded. Gresham seems to have heavy computer use.
8978	7/10/2012	Always busy!
8979	7/10/2012	Very! But There are too many snakes in the grass....Yeah!
8980	7/10/2012	Kenton Library always seems busy without being overcrowded. Downtown is always busy.[]
8981	7/10/2012	[] So is Hillsdale.
8982	7/10/2012	It appears to me to be well used
8983	7/10/2012	it's always busy whenever go
8984	7/10/2012	It is always busy but not crowded when I go in.
8985	7/10/2012	Very well used.
8986	7/10/2012	Folks are often outside waiting for it to open, and there's seldom a chair to sit in, so I'd say very well.
8987	7/10/2012	I would say it's very well used. There are many people there anytime we go.
8988	7/10/2012	Very well used. Always people in and out and the children's reading room is usually very full.
8989	7/10/2012	The Belmont Library always seems very busy.
8990	7/10/2012	Very well, there is always a parking issue at Hillsdale but because people come and go so frequently, I have always found one somewhere nearby.
8991	7/10/2012	seems to be busy whenever i am there - kids, adults, people who appear to live on the street, people with disabilities, apparently poor people. It seems to be a valuable resource
8992	7/10/2012	It is always fairly busy.
8993	7/10/2012	It appears to be busy, but primarily as a substitute for home computers. I am not sure that I think a library is the only, or best, place to offer what amounts to dumb terminals.

8994	7/10/2012	Over the yeas we have used it less since the kids have moved out but find when we do need it, it is always very nice and convinent
8995	7/10/2012	Always busy
8996	7/10/2012	The Gregory Heights library is always full. The computers are well used and the meeting room is busy. While working on my thesis, I used this branch's services daily.
8997	7/10/2012	I love my libraries (both in North Portland); whenever I go the place is hopping with families, older adults, people looking for books, people reading, people on computers or waiting for computers. It's a joy to go into the library and see how well used all the obvious services are! At both libraries the community room is frequently in use and the staff are always busy helping people. I will say it again for emphasis, the libraries in NOPO are WELL USED!!!!!! It's terrible to have to cut back to 6 days.
8998	7/10/2012	Very well used.
8999	7/10/2012	Very busy
9000	7/10/2012	Always seems busy at Albina.
9001	7/10/2012	It is always busy so I would say it is well utilized
9002	7/10/2012	I see people in their all the time all ages . either wal;king by or going in its well used when it is opened.
9003	7/10/2012	Very.
9004	7/10/2012	Very well-used
9005	7/10/2012	It's always busy and is very well attended and used
9006	7/10/2012	It is almost always busy, and often has a line at the door before opening time.
9007	7/10/2012	Central branch is always humming!
9008	7/10/2012	I dont know
9009	7/10/2012	There always seem to be a lot of people in there when I go. All the computer stations are generally in use.
9010	7/10/2012	It is always bustling.
9011	7/10/2012	Computers are usually 100% filled and table space is usually pretty full too.
9012	7/10/2012	always busy
9013	7/10/2012	It seems to get a good amount of use.. I usually have a dozen or so items out and another on hold. Sometimes it is quite busy.
9014	7/10/2012	it is always busy. the workers are very helpful. i always vote yes for library funding.
9015	7/10/2012	Hillsdale Library, as well as the other Multnomah County Libraries--are so busy they almost have a "hum" to them or they are so busy with ALL ages of library users.
9016	7/10/2012	It is very well used. I miss having the library on Mondays already. There's always people at the Woodstock branch.
9017	7/10/2012	well used
9018	7/10/2012	Most visits we see plenty of other patrons at our library. We love to visit Hillsdale! We also enjoy visiting other library branches sometimes.
9019	7/10/2012	It always seems very full when I go there.

9020	7/10/2012	very well used!
9021	7/10/2012	very well used.
9022	7/10/2012	midland is always very busy. north portland less so, but still busy.
9023	7/10/2012	very well used - parking lot is always full!
9024	7/10/2012	Our community relies on the library. I am very disappointed that it cannot be open 7 days a week.
9025	7/10/2012	There are always several people in there.
9026	7/10/2012	Very much. There is a consistent buzz of patrons in both locations.
9027	7/10/2012	Depending on the day and time of day, it is often very crowded. The parking lot is often full! People seem to love it--many programs cannot be found elsewhere. Though I don't use them, I am delighted by the childrens' programming. Getting kids turned onto reading and library use is SO important. I attribute my love of reading to my mother taking me to the Chicago Public Library when I was very small. Keep up the great work.
9028	7/10/2012	Hillsdale library is the one I use the most and being in an area of heavy student traffic with a high school, middle school, and elementary school being within a close range it is a very well used family both by students and their families.
9029	7/10/2012	It is very convient for us to borrow the books, and it has a plenty of bilingual and nice, patient staffs. However, If they have programs for using internet to sell the stuffs , I think that will be perfect . Anyway , we are so appreciated for their help. I hope if economy get better we will have 7-days opening libraries.
9030	7/10/2012	Very!
9031	7/10/2012	very
9032	7/10/2012	I can't imagine what you mean by this question.
9033	7/10/2012	Very
9034	7/10/2012	Very. Story time is always full and theibrary tables are always in use.
9035	7/10/2012	It is always busy there, by a diverse group of people. Movies, music, books, free internet, all being used by all sorts of people
9036	7/10/2012	Both are very busy - though the Sellwood library seems to always have New books in stock. The Hillsdale branch's New book section is usually fairly empty.
9037	7/10/2012	newspaper [] researching real estate[] book loan
9038	7/10/2012	Very well used. There are always several children and young adults present when I go there.
9039	7/10/2012	The library seems busy and active any time I stop in.
9040	7/10/2012	always busy and always people waiting at the dooors for opening
9041	7/10/2012	Too well! It's great that everyone uses it but sometimes there isn't anyplace to sit.

9042	7/10/2012	Given that the Multnomah county library system is one of the most used systems in the country (New York being the only one with more activity) it is a credit to the current hours, services and staff that we currently have and hard to understand how we can afford to cut anything. Every time I go t the library (and use it frequently) there is an impressive number of people, of all ages, genders, cultures, and languages using it. They are on the computer, kids are doing homework, people are reading newspapers from their home country, etc. etc. To me it is a wonderful, fulfilling use of my tax dollars and I am not able to say that about how much of my tax money is used. I cannot imagine life without it.
9043	7/10/2012	Very
9044	7/10/2012	It always seems crowded
9045	7/10/2012	Seems to me is is thriving. I see lots of people there, and activities.
9046	7/10/2012	Very well used!
9047	7/10/2012	I'd say pretty well. There are always cars in the lot and on the street, and every time I go there, I see lots of people in every area of the library.
9048	7/10/2012	Central branch is always packed and full of activity -- which I like!
9049	7/10/2012	Heavily used, always crowded, cannot get access to the computers because of so many people. It also seems like transient and homeless people monopolize the computers and others can't use them.
9050	7/10/2012	Albina is a busy place. Computers are being used, and always users are looking for books, picking up books on Hold, checking out books, either with the automatic system or with help from a librarian. □ I have sought help from the reference person on duty now and then.
9051	7/10/2012	Kenton Library is small, but it seems fairly popular. Whenever I go to check out a book or print something, there are usually other people browsing the shelves or checking out books. The computers are almost always full. I also frequently see families with children at the library.
9052	7/10/2012	Very well used.
9053	7/10/2012	Very well used.
9054	7/10/2012	Very well used library... always busy. Lucky if you get a parking space close :)
9055	7/10/2012	I think it has a lot of people there at all times of the day using the computers or looking for dvds etc
9056	7/10/2012	There is a consistent crowd at the Belmont Library and frequently a few people waiting for it to open in the morning.
9057	7/10/2012	Always relatively busy
9058	7/10/2012	don't know
9059	7/10/2012	I am not certain what you mean by this question. If you mean are there a lot of people there when I visit, yes. It is packed with people - especially using the computers. My guess is many people who don't have access to computers of their own rely on the library's.
9060	7/10/2012	Extremely well used. Programs fill fast....story times always full.
9061	7/10/2012	Very well used
9062	7/10/2012	Very well.
9063	7/10/2012	it's always crowded

9064	7/10/2012	Very well used!
9065	7/10/2012	Very well. Many people are there constantly.
9066	7/10/2012	You should have records of that.
9067	7/10/2012	well used.
9068	7/10/2012	very
9069	7/10/2012	Very. It always seems full of people.
9070	7/10/2012	I appears to always be pretty busy especially now that it is closed on Mondays and has reduced hours.
9071	7/10/2012	Greatly used! It's always packed when we go!
9072	7/10/2012	Very well used
9073	7/10/2012	Not sure what "well used" means -- is that is euphemism for run down? It's somewhat well used, in that case. It's certainly pretty crowded most times I'm there.
9074	7/10/2012	The Library in Downtown Portland is a very well used library. People use it for many different reasons and it is very helpful!
9075	7/10/2012	It is always pretty busy. Sometimes it is hard to get a computer. I use it a lot to print out things because my printer is not working and I also put books on hold a lot, I would say that those are my favorite resources from the library.
9076	7/10/2012	Heavily used.
9077	7/10/2012	It is too well used. The noise level in the library is atrocious and not any of the library people have any control over the noise level and the rowdiness of the people going to the library!
9078	7/10/2012	very - always crowded. wait time for popular books. hard to get on computers.
9079	7/10/2012	There always seem to be people there when we go. Always a line for the computers.
9080	7/10/2012	It appears to be very well used. It is always busy when I go in.
9081	7/10/2012	Very well used and am grateful that it is open 7 days a week
9082	7/10/2012	The Woodstock library and Central are ALWAYS packed. I LOVE the Woodstock Library, and people are very friendly there.
9083	7/10/2012	Woodstock and Sellwood Libraries are always in good use when I visit them.
9084	7/10/2012	Almost always busy
9085	7/10/2012	Very!
9086	7/10/2012	Midland seems to be in great condition. Belmont is small but fine.
9087	7/10/2012	Very busy.
9088	7/10/2012	Very much well used by the local neighborhood - we love our library!!!
9089	7/10/2012	There are always people there at any hour of the day.
9090	7/10/2012	seems to be lots of people every time I go
9091	7/10/2012	many people use it for a lot of different reasons, childrens books and programs, job seekers looking on line, students study in the quiet rooms, young adults browse, also older folks use the on line reservation and pick up books. It is a huge asset to our community

9092	7/10/2012	Always bustling and busy.
9093	7/10/2012	Belmont is my home library and it is almost always packed with readers and computer users. There is a wide range of ages at Belmont.
9094	7/10/2012	It appears to be well used. I'm usually there evenings or weekends and whenever I am there the computers all seem to be used, there are readers at the tables, and a number of adults and children browsing for books, etc.
9095	7/10/2012	It is very well used by hundreds of people each day. I am glad to see that libraries are not open on Mondays. That is how it used to be. I think it was very extravagant to have them open on Mondays. There is no need as far as I am concerned.
9096	7/10/2012	Fairly
9097	7/10/2012	Very well used. Many regular patrons.
9098	7/10/2012	Unknown
9099	7/10/2012	Hillsdale branch is very well used.
9100	7/10/2012	very
9101	7/10/2012	Hillsdale is small but seems busy.

9104	7/10/2012	There are always a lot of people there every time I go. There are usually a few people waiting outside the doors when it's time to open. It seems like it's a favorite stopping place for all types of people, all ages.
9105	7/10/2012	UNBELIEVABLY BUSY ALL THE TIME, WITH A DIVERSE POPULATION EXPLOITING SO MANY DIFFERENT OPPORTUNITIES
9106	7/10/2012	We use the library extensively throughout the year, it is always very busy.
9107	7/10/2012	Very and lovingly.
9108	7/10/2012	It seems busy and active every time I go there. I would say very well used.
9109	7/10/2012	well used
9110	7/10/2012	VERY WELL!
9111	7/10/2012	seems to be busy most of the time I'm there. I like Sunday the best though.
9112	7/10/2012	Always busy there.
9113	7/10/2012	It is well used for computer use and book checkout. It is always pretty full when I go.
9114	7/10/2012	We usually go in the mornings during the week, and there are always people there, but it's not overly crowded, which we appreciate.
9115	7/10/2012	Very - it's always full of people whenever I am there. I checked monthly use only because I don't go once a week but usually more often than monthly.
9116	7/10/2012	It seems as though the St. Johns library is VERY well used. It's busy every time I go...people on the computers, people playing games with their kids, people checking out books.

9117	7/10/2012	I am frequently passing the library, even if I don't go in. It is always full of people and the internet is always in use. I go in frequently to get DVD's and cookbooks. Sometimes I even reserve a book to read but I don't have enough time for reading anymore which I find sad. ☹ ☹
9118	7/10/2012	I don't have children so don't attend story-telling events or other activities. Central library seems like it is very important to the community.
9119	7/10/2012	It stays busy.
9120	7/10/2012	I am unsure as I recently moved to St. Johns.
9121	7/10/2012	Gregory Heights is always busy, no matter when I'm there.
9122	7/10/2012	very well used
9123	7/10/2012	Very well used. The Central Library is a fixture in the community, a meeting place, and a wonderful resource - even in the internet age.
9124	7/10/2012	VERY well. It is always busy, people wait to get in before it opens. Computers always full.
9125	7/10/2012	Quite busy, good to see friends there.
9126	7/10/2012	Extremely.
9127	7/10/2012	They always seem busy.
9128	7/10/2012	There always seem to be a lot of folks in the library.
9129	7/10/2012	The central library always has a number of people when I am there. The St. Johns library is also very popular.
9130	7/10/2012	There are always people there.
9131	7/10/2012	The parking lot almost always seems full, except the electric car charging spots. Nobody ever parks there with an electric car, what an absolute waste of money and time spent tearing up the parking lot.
9132	7/10/2012	It's always packed with people of all ages and interests. My three year old loves going to the library and is developing a strong literacy base. A foundation for academic growth and success is being set. I'm certain Portland Public School teachers and Oregonians as a whole appreciate literate, intelligent citizens. Our libraries are invaluable.
9133	7/10/2012	Very much.
9134	7/10/2012	Very. In a good way. Loved and beloved. A nice amalgamation of the neighborhood.
9135	7/10/2012	very
9136	7/10/2012	very

9142	7/10/2012	There are people at our Sellwood branch all of the time.
9143	7/10/2012	It seems to be used for internet access more than anything else by far.

9144	7/10/2012	Very well used, Especially the Gresham branch. The Troutdale is really starting to pick up traffic as well. There always seems to be a line of people waiting to get in if it's not open.
9145	7/10/2012	It seems that when i do visit the library the parking lot is usually about 75% full and when i go in the morning to drop off books before the library opens i see people dropping off armloads of books. The computers always have a waiting list and there are always kids in the childrens section.
9146	7/10/2012	Very well used and often very busy. It trully a great place to be!
9147	7/10/2012	I would say very well. often the underground parking is full and you have to park a block away. Also, there are 5 automated checkout machines and it isn't unusual to have to wait to check out.
9148	7/10/2012	It is generally busy when I visit, all computers in use, folks browsing the racks.
9149	7/10/2012	Seems pretty busy and frequented by a wide range of users. Went today, the second Tuesday after a closed Monday, and it was slammed.
9150	7/10/2012	Never empty, and when I meet other professionals and teachers in the SE they all say they frequent Belmont when they have the need. I've seen many more folks using the Library for a computer access hub, and not actually checking out books (of which there are less) since the computers have doubled, blessing and curse, but Belmont is quite well used.. =)
9151	7/10/2012	very busy!
9152	7/10/2012	Very well!
9153	7/10/2012	Very!!!
9154	7/10/2012	WELL
9155	7/10/2012	Steadily busy
9156	7/10/2012	Extremely well-used and well-staffed.
9157	7/10/2012	very
9158	7/10/2012	There are always lots of people there, and computers taken up, lots of children and families. I'd say it gets used a lot.
9159	7/10/2012	I have never seen all of the computers in use, but I always hear complaints from friends that the books they want are always checked out.
9160	7/10/2012	i use the computer internet for job search because i am unemployed

9166	7/10/2012	Always seems busy. [] School kids from across the street use it a lot.[] I see all ages there.[] Our house has ten items checked out at the moment.[] I love the website for holds etc.[] And the email notifications are amazing - due dates, holds.
9167	7/10/2012	Decently
9168	7/10/2012	Seems pretty busy most of the time.
9169	7/10/2012	Extremely well used; however, I live downtown and only frequent the Central Library.

9171	7/10/2012	Very well used
9172	7/10/2012	Fairly well used. [] People are always lined up outside waiting for the library to open.

9178	7/10/2012	The 3 that I use regularly are all busy when I go in - especially the computer areas. I have never gone into one of them and wondered why there were so few people there. All age groups and ethnicities use these particular branches.
9179	7/10/2012	Usually busy, although many homeless people use the central library as shelter
9180	7/10/2012	Judging by the number of people I see when I visit, I would say the Albina branch is a busy, active branch.
9181	7/10/2012	It seems to be well-used by people of varying ages and languages. I appreciated that there was a Spanish-speaking librarian helping a patron. My roommate participates in a book group, which I may consider joining. I like that "all-read" selections-- almost always participate in that.
9182	7/10/2012	very
9183	7/10/2012	fairly well used. It's usually pretty busy when I access it.
9184	7/10/2012	Very, always busy.

9196	7/10/2012	It seems to get a lot of use, depending upon day and time.
9197	7/10/2012	Very well used; there are always several people in every area at Woodstock library, at least when I stop in.
9198	7/10/2012	I check out book and DVD for my son and my self
9199	7/10/2012	I've never been in when there weren't a considerable number of people.
9200	7/10/2012	Pretty well. It's always filled with people and it's an escape from summertime heat.
9201	7/10/2012	Hollywood is, I think, the most frequented library with the greatest volume of material checked out (I may be totally wrong with my assertions - but it's BUSY)
9202	7/10/2012	I don't check out books at the library (I check them out through my kindle, though), but I have used the Midland Library for computer/internet access. It has always been busy when I am there and there is usually a wait for the computers.
9203	7/10/2012	Always busy, always lots to do, wait for computers, good staff, many things offered for all ages.
9204	7/10/2012	The Belmont Branch always seems to be busy. The library is an important place for parents with young children, avid readers, and job-seekers and other people who need a place to do research on reinventing themselves for the next economy.
9205	7/10/2012	Usually pretty crowded most any day I'm there...
9206	7/10/2012	Not sure how to quantify - usually a fair number of folks there, maybe 12 - 24 - and it's a fairly small place.
9207	7/10/2012	Split between patrons using the computer facilities and those picking up holds. Instead of a ridiculous parking lot, the building could have been expanded to hold more resources, books, computers, media, meeting rooms. But when they did the renovation a few years back, they must have hired an architect from California, who knew nothing about how people live, particularly in the Belmont library neighborhood.
9208	7/10/2012	It's never full when I stop in, but there are usually a dozen or so people inside.
9209	7/10/2012	always seems busy
9210	7/10/2012	Very
9211	7/10/2012	Very well used
9212	7/10/2012	Well used
9213	7/10/2012	very
9214	7/10/2012	Everytime I go to the library, it is always PACKED! And there is usually a wait to get onto the computers.
9215	7/10/2012	It is usually busy.
9216	7/10/2012	very busy

9217	7/10/2012	It is always busy. The computers always seem to be in use and there is almost always a line at the checkout counter
9218	7/10/2012	If you mean how many people seem to use the library, I would reply that a great number of people use both libraries I use. If you mean, how well do I or other users use the library, I can only speak for myself, and I use it exactly as it was intended....to borrow reading material and music, so that must be well used.
9219	7/10/2012	Most of the computers are in use, there are people reading magazines or newspapers, and the children section is usually busy with parents and children, well used
9220	7/10/2012	My local is Central and it is extremely well-used. I would love to see a larger Central Library, with comfortable chairs, bigger (and better-maintained) restrooms, and a coffee concession.
9221	7/10/2012	I feel our branch is used a lot. There are always people in the library using computers, reading, and checking out books. ¶ ¶ We personally use it a lot to browse for books, as a close location to pick up holds brought in from other libraries, and as a place to volunteer. We use the computers to print materials as a back up if our printer is not working.
9222	7/10/2012	I'm not sure, but it always seems busy when I drop in.
9223	7/10/2012	Good
9224	7/10/2012	VERY! The joint is always jumping when I go. Esp now with shortened hours.
9225	7/10/2012	heavily
9226	7/10/2012	very
9227	7/10/2012	It is very well used, and I love that it is both family friendly and open to helping out those looking for jobs.
9228	7/10/2012	I go to the library at least three times a week. I get books, films and books on tape. I check to see if there is something going on that might interest me. I would be lost without this library.
9229	7/10/2012	Very Well. The computer terminals are in constant use and the number of people in the the stack areas are high for the given space...what do the book circulation numbers say? (This applies to both Central and Hollywood)
9230	7/10/2012	People are often waiting at the doors when the library opens, and it seems to be pretty busy all day. Our branch (NW) has limited seating for just sitting and reading. Most of the seating is either for children or for computer use, so I don't hang out much there. I mostly go to pick up books I've put on hold via my home computer.
9231	7/10/2012	Our library is always packed with folks and inventory of books and other materials are sought over.

9232	7/10/2012	In my humble opinion, the Central Library is very well used. Everyday, there is much activity in every floor. People are constantly checking out materials. The new automatic machines for checking out books are great. The possibility to put a hold in the catalog is wonderful. The communication with the patron cannot be better. I am very satisfied with the library system, I have learned a lot and I am still learning.
9233	7/10/2012	Busy and the staff is always helpful
9234	7/10/2012	Seems very well used.
9235	7/10/2012	Very well used
9236	7/10/2012	Both libraries I use are always very busy!
9237	7/10/2012	It is steadily busy.
9238	7/10/2012	always people there, usually busy
9239	7/10/2012	always busy
9240	7/10/2012	There are always people in it-both locations are well used
9241	7/10/2012	It is always full of people!!!
9242	7/10/2012	Too well used. It's as busy as Grand Central Station!
9243	7/10/2012	There are always a huge group of people there.
9244	7/10/2012	There always appears to be a large number of people in the library looking at books or using the computers.
9245	7/10/2012	It seems to always be well used. There is frequently a line of people waiting for the library to open when I pass by, a sign that is very encouraging to me.
9246	7/10/2012	very! Pretty well used, considering the minimal amount of stock that is kept at this location. Most of the adult material is held for reserves, but there is a good sized children's section, which my daughter loves to go to and pick out books of her own to bring home. There are always plenty of people using the computers and I often run into a neighbor or someone else in the community when I am there.
9247	7/10/2012	
9248	7/10/2012	very good
9249	7/10/2012	Very well, always pleasantly busy.
9250	7/10/2012	Very well. It is a great resource.
9251	7/10/2012	It appears to be busy.
9252	7/10/2012	Very well used
9253	7/10/2012	well used
9254	7/10/2012	very well used
9255	7/10/2012	It seems very busy.
9256	7/10/2012	very well used. Close to elementary so always lots of kids.
9257	7/10/2012	It's often full of people of all ages at the computers and reading.
9258	7/10/2012	a great deal
9259	7/10/2012	I'm there now, and I count 70 or so people. So yes, well used.

9260	7/10/2012	Rarely do I find a book that I am looking for at Cap Hill, so I use it primarily to pick up books and DVDs I 'place hold.'
9261	7/10/2012	There is never enough parking, and the computers are nearly always all in use. It is a busy place. There seem to be lots of families coming and going whenever I visit.
9262	7/10/2012	For me each free time I get.
9263	7/10/2012	Very!
9264	7/10/2012	All are well-used.
9265	7/10/2012	Very well used
9266	7/10/2012	well used
9267	7/10/2012	Very well used. It is always very busy, no matter the time of day.
9268	7/10/2012	It always seems busy. The events for children are always full.
9269	7/10/2012	I would say very well used... and an important part of the community
9270	7/10/2012	Very
9271	7/10/2012	There are always many people in library when we go.
9272	7/10/2012	Well used at Midland. Dot know much about Gresham
9273	7/10/2012	My local library is always full of people. It is very well used by a broad spectrum of individuals of all ages.
9274	7/10/2012	I can only report on what I see. It is always busy when I visit, and I see all ages.
9275	7/10/2012	Seems to be pretty busy. I tend to use the online catalog to browse, order and pick-up and only browse during those pick-up and drop-off times.
9276	7/10/2012	It is always busy when I am there. I see that it is close on Monday now. Sunday would be a better day. It is not very busy then.
9277	7/10/2012	Very, especially during the summer months. Most people seem to be there to use computers, I bring my own device.
9278	7/10/2012	I don't really understand this question
9279	7/10/2012	very busy
9280	7/10/2012	It's always busy!!!
9281	7/10/2012	Always seems to be busy
9282	7/10/2012	Brand spanking new and very popular.

9284	7/10/2012	Very well used. There are always plenty of people there.
9285	7/10/2012	always busy
9286	7/10/2012	Very!
9287	7/10/2012	I don't understand the question
9288	7/10/2012	The Kenton library is always busy when I visit. Typically there are no seats to even sit at.
9289	7/10/2012	always busy, especially baby book time is usually filled
9290	7/10/2012	It seems to busy everytime I go in, so I'd say a lot!

9291	7/10/2012	Very. It's centralized location provides our downtown community a place to explore and learn.
9292	7/10/2012	it always looks busy, if that's what you mean.
9293	7/10/2012	Seems to be! It seems to be very popular; lots of families and people using computers also.[]
9294	7/10/2012	This particular branch is well sited on a lovely street for walking, in a cute neighborhood near restaurants, cafes, small shops and the Sellwood park.
9295	7/10/2012	Seems very well used.
9296	7/10/2012	It always seems busy.
9297	7/10/2012	It is always busy.
9298	7/10/2012	fairly used. each time I went, there were plenty of people. Rarely a computer unused, and lots of checking out books
9299	7/10/2012	Very well used
9300	7/10/2012	It is always busy.
9301	7/10/2012	Always has a large group of people there
9302	7/10/2012	Very well used!
9303	7/10/2012	Very well used.
9304	7/10/2012	there are usually quite a few people there when I go, and the parking lot is usually at least 75% full as I drive by each day. My daughter has used it often as she has grown up, and we always participated in the summer reading program.
9305	7/10/2012	Very. In addition to all of the usual reasons, I and many other people tell visitors/tourists to the Pdx area to stop by Central Library. Everyone is always very impressed by our lovely jewel of the library system.
9306	7/10/2012	It is always VERY busy!
9307	7/10/2012	Very well used.
9308	7/10/2012	There are always a fair number of people present when I go, which is at a variety of times and days.
9309	7/10/2012	Very well used.
9310	7/10/2012	Well used. It is generally busy.
9311	7/10/2012	Very well used.
9312	7/10/2012	There are always a lot of people there.
9313	7/10/2012	Very well used. It is always full.
9314	7/10/2012	I'm not sure.
9315	7/10/2012	Extremely!
9316	7/10/2012	Always VERY busy!
9317	7/10/2012	It's always full of people.
9318	7/10/2012	Very busy every time I've been there. All ages.
9319	7/10/2012	Kenton library is always busy with people. Very popular

9320	7/10/2012	The Northwest Branch is always busy. I was unemployed two years ago for about 18 months and I used the Library weekly not so much now that I am back at work. The computers always are taken.
9321	7/10/2012	The Woodstock Library is very well used. You can scarcely find a seat to sit down. The computers are generally 90% in use. Walking down an aisle of books you will pass 1 or 2 persons looking at the shelves. Lots of books on hold.
9322	7/10/2012	This branch is as busy as a beehive every time I stop by -- people on computers, reading at the tables, browsing the books, attending events, etc. The staff is extremely helpful, it is well-organized, and has a unique energetic yet focused and quiet atmosphere.
9323	7/10/2012	Very well used from the opening to closing. A librarian usually has to chase a few diehard out (gently) at closing time.
9324	7/10/2012	Very much used. My wife and I often use the library as a destination for our walks, so we stop to visit 2 -3 times a week. Always a lot of people in the library.
9325	7/10/2012	If by "well used" you mean busy, then it is well used. There is a very comfortable amount of patrons on any given visit. I also see a variety of patrons. The library for us is an important part of our lives.
9326	7/10/2012	The Central Library seems to be well used. It's always full of people when I am there. I like it the best because it's big and has a great selection of books on hand. I have been to a couple of the Portland area branch libraries and was appalled at how small and crowded they were, with miniscule book offerings on site. I recently moved here from Austin, Texas where I was fortunate to have access to large, modern branch libraries that had excellent selections of books on hand. I know you can order books online here in Portland, but I prefer to personally handle them and select the ones I want to read. I wish that more of the branch libraries here were bigger and had more of a selection of books on hand.
9327	7/10/2012	I'm not sure what this question means.
9328	7/10/2012	Very
9329	7/10/2012	It seems pretty active whenever I visit. I've never seen it empty.
9330	7/10/2012	very well used
9331	7/10/2012	Very!
9332	7/10/2012	There are always many, many people using the central library for all sorts of services!
9333	7/10/2012	It always seems quite busy
9334	7/10/2012	Very well used. There are always people going in and out of North Portland library.
9335	7/10/2012	Very well used. Always seems busy.
9336	7/10/2012	What do you mean? Well enough?
9337	7/10/2012	Very well used. I have never seen it empty of patrons, and it is usually bustling.
9338	7/10/2012	It was hard to find a seat at the Belmont library when I went there last week. So yes, well used
9339	7/10/2012	It is very popular, especially the kids storytime.
9340	7/10/2012	Busy
9341	7/10/2012	It always seems very busy when I am there. Computers being used. People at tables reading and lots of folks checking out books and videos.

9342	7/10/2012	very
9343	7/10/2012	It always seems busy when I go.
9344	7/10/2012	Very
9345	7/10/2012	Very. I usually go on Sundays and see people of all ages using all of the services. When I stop by in the afternoon there are teenagers there and in the evening it's a mixed crowd.
9346	7/10/2012	Central Library is almost always full of people. One of the most popular buildings in town!
9347	7/10/2012	Seems to be quite busy whenever I go in. Computers usually full, lots of books and media on hold, and seems to be a lot of activity perusing the stacks.
9348	7/10/2012	I have visited many Multnomah County library branches, and they all always seem to be humming with activity! I would say that the libraries here are very well used.
9349	7/10/2012	ALways seems very busy to me!
9350	7/10/2012	The North Portland library always seems fairly busy for its size. It is a smaller location, but usually has a steady stream of people coming and going, or studying and using the free wifi. Usually, I cannot find titles of books I want at this location, but the online hold system is great, and this location is very convenient to my home, within walking distance.
9351	7/10/2012	Whenever I visit the Capitol Hill branch, it is bustling with people taking advantage of the amenities that it offers.
9352	7/10/2012	Our library is not just well used, it's overflowing with people who use it. The library gets busier every day, and I believe you should take that into account when dealing with your budget issues.
9353	7/10/2012	Our local branch in Kenton is always well used it seems, no matter when we go. We have, however, never been supportive of the computer games for young children (an shame on the library for placing it actually in the children's reading area, very counter productive in regards to teaching the value of books) or the online web access for patrons. Too often myself and my little ones see adolescents adn adults looking at porn, videos, etc. IT MAKES US WANT TO STOP GOING TO THE LIBRARY AT ALL. Free speech isn't relevant when it comes to trying to protect young children. Why shoudl my taxes go to payiing for others to use porn?
9354	7/10/2012	Our local library is an invaluable resource for the community. I can't imagine St. Johns with out it!!
9355	7/10/2012	Seems very busy whenever I'm there.
9356	7/10/2012	It is always busy when I visit the library. People are checking out books, reading books and using the computers.
9357	7/10/2012	It's always busy.
9358	7/10/2012	Pretty well populated when I go.
9359	7/10/2012	Well used!
9360	7/10/2012	Very--always lots of patrons there.
9361	7/10/2012	Very busy
9362	7/10/2012	Very well used

9363	7/10/2012	Extremely busy every time I have been there. Attended Job support today with grandchildren playing on the computer while waiting with their Mom for me to finish.
9364	7/10/2012	I would say that it's pretty well used. Never crowded, never empty
9365	7/10/2012	VERY! Albina Branch is generally crammed after school, evenings; Hollywood seems very busy especially weekends.
9366	7/10/2012	we go at least 3 times a week. it's amazing how many new books we can request and check out. we are also members of the Hawaii library and you don't know how wonderful the multnomah system is until you go elsewhere and they don't offer as much.
9367	7/10/2012	My wife and I moved to Portland because of the Multnomah Library. We depend on it for all our reading and DVD material.
9368	7/10/2012	It is busy on the weekends where we are there.
9369	7/10/2012	Very
9370	7/10/2012	Always a good number of patrons when we visit and the storytime hours are extremely popular.
9371	7/10/2012	Very busy.
9372	7/10/2012	Pretty good traffic. Full family story time.
9373	7/10/2012	moderately
9374	7/10/2012	Very well used!
9375	7/10/2012	Very well
9376	7/10/2012	It is always busy when I go in. Also we use it for ballot drop-off, community type meetings. My wife belongs to a knitting group meeting there. So, it is not just about the books.
9377	7/10/2012	Every time I am at the St Johns library there are many people there using it.
9378	7/10/2012	Our library is extremely well used and is an essential resource for job seekers and area residents trying to access government agencies and essential social services.
9379	7/10/2012	It is usually fairly crowded, but not to the point that all computers are in use, or that there is a big line waiting to check out.
9380	7/10/2012	It is very well used
9381	7/10/2012	Our library is excellent. Every person is very professional and useful. Staff who presents storytime for young kids is really good.[] We also like puppet shows that happen in the library.
9382	7/10/2012	
9383	7/10/2012	Always seems very busy.
9384	7/10/2012	It is always full of people.
9385	7/10/2012	Really well. It alwas seems full.
9386	7/10/2012	Hillsdale is used extensively by young and old alike. Since the library is close to elementary, middle and high schools, a lot of students frequent the building.
9387	7/10/2012	It is always busy. People wait outside to get in on opening esp Sundays.
9388	7/10/2012	The Belmont library seems to have people during a large variety of its open hours.

5.5

9389	7/10/2012	It is a small library so it always seems to have quite a few people in it, either looking at books, using the computers, or reading.
9390	7/10/2012	At all hours the parking lot is full and there are people entering and leaving the building. Many are using the computer stations, reading or perusing the stacks. The children's reading area is also in much use.[] [] We LOVE our library.
9391	7/10/2012	Fantastically well-used.
9392	7/10/2012	It always seems fairly packed when I stop by.
9393	7/10/2012	Always people there. I feel it is well utilized.
9394	7/10/2012	Usually quite busy whenever I am there
9395	7/10/2012	Very popular but not over-crowded
9396	7/10/2012	good
9397	7/10/2012	Very busy with kids.
9398	7/10/2012	It seems to be very popular. The family programs that we attend are usually full.[] When we go in to browse for books there are always plenty of people there.
9399	7/10/2012	? What does that mean? We use it if we want to but would be fine without it.
9400	7/10/2012	very well used
9401	7/10/2012	Very well used. Always full of people. My local library is the Central library.
9402	7/10/2012	Whenever I've been at the library there have been a lot of people using it.
9403	7/10/2012	I am in the library usually on Tuesday mid-day and occasionally on Fri. and there are always people coming and going. I don't use the computers but they seem to be mostly in use.
9404	7/10/2012	It is always busy, some days more than others. Computer area seems to be at capacity whenever I am there. The childrens story time or summer reading program seems to be very popular as always see lots of children and parents there taking part. I don't understand the question. Sadly, I find that every time I want to "just go check out a book" there isn't much available. I'm not inclined to order in advance & then wait for a delivery b/c the way I choose what to read is flip through, see if it looks interesting, check out, go home. So using the library has become a rare thing, limited to the times when I'm doing research that I can't or don't want to do on the internet and can tell in advance what books I want & have them sent to my branch. I use used book stores more often b/c they have more selection in fiction. I don't feel that my tax money should be going to programs to entertain kids or provide people with free internet access. It should be used to maintain the collections and keep them available to the people who use the books.
9405	7/10/2012	
9406	7/10/2012	Very
9407	7/10/2012	Very!
9408	7/10/2012	It's always incredibly busy.
9409	7/10/2012	Very well used, but I would love to see more young kids there.

9410	7/10/2012	It is well used and well loved.
9411	7/10/2012	It is busy when we are there on the weekends.
9412	7/10/2012	Both Central and Woodstock are always hopping
9413	7/10/2012	It is always busy when I go, and I go at least once a week.
9414	7/10/2012	Very well, we use it for ALL of our media needs
9415	7/10/2012	By whom? By me or others?
9416	7/10/2012	It is always full. Most of the time, all computers are in use. I was surprised at the volume of users in this new branch.
9417	7/10/2012	Hollywood is the center of the neighborhood. It is crucial to the neighborhood fabric. There always is a line for computer use, the quiet rooms are always full, it runs out of summer reading reward coupons in June.
9418	7/10/2012	The Central Library is used by a lot of people. It appears to attract homeless individuals as well.
9419	7/10/2012	I would say it's pretty well used, seems always busy. [] [] I also feel it's always over staffed. With a high tech community we need less staff and more automated services.
9420	7/10/2012	I use its resources often. Most of my friends do too. I wish it were open more hours.
9421	7/10/2012	We are in Spain right now and one of the things we miss most about home is the Sellwood library! I can't tell you how much we have used and valued your services and how I have come to appreciate them even more now that we are in a place where libraries are mainly for academics, and certainly not for children. It blows my mind that we haven't been to a library since we arrived. No one even knows where the nearest one is! I want to take all these mothers home with me and show them what they are missing and what is possible! And I was just thinking about going online to see if I could stream a movie from you...
9422	7/10/2012	Always busy.
9423	7/10/2012	Well used
9424	7/10/2012	Always seems high traffic to me
9425	7/10/2012	A community resource. Always crowded when I go there.
9426	7/10/2012	Very well used. There is always a line when it opens and at least 20 or more people using the library at all times of the day if not way way more.
9427	7/10/2012	Very well used it is always busy there.
9428	7/10/2012	It always seems to have a crowd when we're there.
9429	7/10/2012	well used
9430	7/10/2012	Always busy
9431	7/10/2012	It seems pretty busy.
9432	7/10/2012	Always busy....the parking lot is always full plus all the bike & walkers!

9433	7/10/2012	The North Portland library is busy every time I go, no matter what time of day. I mostly place holds on line through the Multcolib website, then pick-up at the library. I notice most computers are being used, the hold shelf is full, and there is at least a large handful of people perusing the shelves whether it is 12AM or 5PM. It seems very well used.
9434	7/10/2012	Since I just reinstated my card The library here in gresham is BUSY!! Lots of patrons. As a school employee it is wonderful to see kids excited to be in the library.
9435	7/10/2012	Always busy
9436	7/10/2012	We go to Kenton most often and it is always busy. It's brought more families into the downtown Kenton area and improved the general vibe, as well as increased business. The library has made our neighborhood healthier and more wholesome!
9437	7/10/2012	My library is very well used. I don't think that I have ever been in the library and not had there be many other people there.
9438	7/10/2012	Very well used.
9439	7/10/2012	extremely
9440	7/10/2012	incredibly well used! Always.
9441	7/10/2012	Very well used.
9442	7/10/2012	It seems to be used a lot and is always busy when I am there.
9443	7/10/2012	very
9444	7/10/2012	There are always lots of people there whenever I go!
9445	7/10/2012	It is often very busy...lots of demand for a computer. I notice that when I come at opening time there is a crowd of 25 to 30 people waiting to get in.
9446	7/10/2012	Both libraries are always very busy. gregory heights in particular since it is a bit smaller.
9447	7/10/2012	Usually busy.
9448	7/10/2012	It's always busy.and well staffed. Too well staffed. Service is good, as well as convenient
9449	7/10/2012	The Troutdale library is always full of people when I stop by, no matter what day of the week or what time of day it is. The computer stations are always full and there are people of all ages making use of the library and checking out materials.
9450	7/10/2012	It seems to be very well used by all age groups.
9451	7/10/2012	When I go to North Portland Library, it is always busy and there is usually a wait to use the internet computers.
9452	7/10/2012	As a weekly volunteer, I am aware of the activity in our library ... computers are generally busy, periodicals are regularly perused by patrons, quiet rooms are used frequently, children's programs are well attended, use of media is strong, personnel are busy.
9453	7/10/2012	I see a lot of people almost anytime I walk into the library. I've also frequently seen well attended children's story time and puppet shows. Many students are at the computers, as well as all age ranges. The building and staff is welcoming and very helpful.

9454	7/10/2012	Very well used: every time I'm in the NW location, all the computer stands are busy, the library is crowded with pick-ups and drop-offs, or people browsing through books. It serves as a community meet up point with local announcements. A truly phenomenal place!
9455	7/10/2012	It is so crowded, noisy and hard to navigate around the computer banks that I never go there to actually read and relax. Sometimes there are no parking spaces at the Rockwood Branch.
9456	7/10/2012	Both the Albina and North Portland libraries are always full of people. The computers are almost always full with a line of patient folks waiting for their turn. In addition, there is a constant flow of people coming to pick up holds. Both of these libraries also have quite a few families that utilize the children's book area. The children's story time at Albina is very popular from what I can tell. The North Portland library also has the computer lab upstairs which is always busy and a place to find groups of teens using the library.
9457	7/10/2012	The St John's library where I most frequently go is always busy with people of all ages doing all sorts of activities. The library workers are competent, helpful and friendly. Whenever I visit another branch such as Kenton, Hollywood or even the main library in downtown Portland they are always busy but helpful, tho I appreciate my local branch most. I was unaware of programs for seniors and will be checking that out as well. I'd like to give special appreciation to my local library workers whc always make time for even my most trivial questions. Thanks!
9458	7/10/2012	always lively, active members
9459	7/10/2012	It always looks pretty busy.
9460	7/10/2012	IT is very well used. There are always lots of people when I go there.
9461	7/10/2012	Very well used.
9462	7/10/2012	Every time I have gone into my library it is packed with very few seats available
9463	7/10/2012	Very
9464	7/10/2012	It is usually bustling.
9465	7/10/2012	I don't know what this means. Very well? We very much appreciate the resource.
9466	7/10/2012	It usually appears pretty busy when I visit it, which is after work on the weekdays.
9467	7/10/2012	There are people in there all the time. From opening to close. Job seekers. Readers. Kids. Highly used and highly important, especially for the less fortunate.
9468	7/10/2012	ALWAYS busy. It seems to be a community gathering spot for the whole neighborhood...
9469	7/10/2012	Apparently well used. Every time I want to get a book I have to put in a reservation for it. Sometimes I actually get it.
9470	7/10/2012	Lots of people use it all the time.
9471	7/10/2012	Both branches appear busy practically every time I visit.
9472	7/10/2012	It always seems busy when I am there
9473	7/10/2012	Very well used! Always busy.

9474	7/10/2012	How well used? It appears to be a very busy place, if that is what you mean. Computers often are all taken up; the children's area often is busy with children and parents; and people are checking out books. The on-hand supply of books is not great, I would say, but they can be requested easily enough.
9475	7/10/2012	All of the branches I have visited seem very well used, almost to the point of being overcrowded.
9476	7/10/2012	very
9477	7/10/2012	I believe it is very well used and much beloved to the Hillsdale community.
9478	7/10/2012	It is a smaller library, so never that busy.
9479	7/10/2012	Very
9480	7/10/2012	Quite well-used, I'd say.
9481	7/10/2012	Always seems packed.
9482	7/10/2012	Pretty Well
9483	7/10/2012	well
9484	7/10/2012	The Belmont Library is very well used by community. Whenever I go in I always see people using the computers, parents getting books with there kids or people like me who go there to pick up books/movies/CD's there have on hold.
9485	7/10/2012	Very!
9486	7/10/2012	Very well used and loved!

9493	7/10/2012	It always seems crowded when we're there.
9494	7/10/2012	Both libraries I visit are always busy with a variety of people from young to old.
9495	7/10/2012	Very well--always full of people
9496	7/10/2012	it is always busy when i am there. if i go when it opens in the morning, there is always a line of people waiting to get in.
9497	7/10/2012	It is always being used by various people who need a public information source for many different reasons.
9498	7/10/2012	Very well and heavily used.
9499	7/10/2012	Extremely. I know a lot of people who use it daily and would be lost without it.
9500	7/10/2012	Every time I go to the North Portland or Central or Albina Library, there is a wait at the computer and a line at the checkout desk or self-checks. the tables are usually full of young people. I would say the libraries are very well used.
9501	7/10/2012	always crowded and used

9502	7/10/2012	It's always busy. There is rarely an unused computer and the hold shelves are always packed full.
9503	7/10/2012	Very. Always full of people.

9518	7/10/2012	Very- the branches I go to are typically very busy.
9519	7/10/2012	I cant really say-Troutdale seems very well used Gresham has alot of computers taking up space but I believe folks really need the computers to use
9520	7/10/2012	Always seems busys,
9521	7/10/2012	very well used!! Seerms to be well used, however, we should look at other library models. Take Pipestone MN, for example, when they built
9522	7/10/2012	their new High School the incorporated the public library into the school building and the library serves the school and the public.
9523	7/10/2012	The flow in and out is fairly consistent and often all computer stations are in use.
9524	7/10/2012	Whenever I go in to check out or return books, the Library always seems to be busy. Everyone who works there is very courteous and helpful.
9525	7/10/2012	It is almost always crowded except when they first open, but there is often a group of people waiting for it to open. I would be happy to pay an annual fee for my library card. \$20.00 per family is affordable. Or even make it a charity choice for auto monthly deductions, and let folks choose how much they want to donate. I save hundreds of dollars by not having to purchase books, cds, or movies. I love being able to return something I don't like, and not having lost however much was spent on it.
9526	7/10/2012	the library seems to be pretty busy any time i go there. i mainly use the oline services then pick up at the library.
9527	7/10/2012	Used a lot

9534	7/10/2012	always busy
9535	7/10/2012	very
9536	7/10/2012	It appears to be well patronized any time I go there.
9537	7/10/2012	Belmont seems to be a very popular location
9538	7/10/2012	Unsure what this question is asking. I do not spend much time actually in the library these days (certainly not as much as I would like), so cannot speak to how many other people are there.
9539	7/10/2012	Super busy and well used.
9540	7/10/2012	very
9541	7/10/2012	Always buzzing
9542	7/10/2012	It usually seems quite busy.
9543	7/10/2012	Very, especially Hollywood. And we love Central but we live in NE Portland and don't go downtown very often.
9544	7/10/2012	Multnomah used to be my libeary and I used the branch off 23rd frequently. I now am in King City and use the library there. As a retiree, I can adjust my hours to library hours.
9545	7/10/2012	Very busy most of the time.
9546	7/10/2012	very well used. always lots of people studying, reading, using computers, or attending events.
9547	7/10/2012	It seems well used. i wonder why we have so many programs for young and school aged children. Seems that the library is trying to do the job of parents and schools.
9548	7/10/2012	Seems well used by local residents. Computers are used during the school year. We use it primarily to pick up books and DVDs that we have placed on hold.
9549	7/10/2012	Very well used; usually a group of people waiting when the doors open for the day. Saturday is very busy, with the Summer Reading Program, kids and parents, and other libr users, are busy looking at books, reading magazines, using computers.
9550	7/10/2012	It's always busy anytime I've been inside - and I've been inside early and late on weekends, and all times of day during weekdays. I've seen everything from all tables and computer stations full, people being helped at both the information and the checkout desk, and people looking through the stacks to being crowded at the tables and computers, people obviously waiting for computers, people standing in line up to 6 deep at the desks, and people looking through the stacks.
9551	7/10/2012	it is costantly, and consistantly busy. The staff are excellent and the resources are superb.

		Very well used.[] I am an elementary school teacher as well as a parent. [] I work in a high poverty school district and my students don't have good access to quality books.[]
9552	7/10/2012	My students learn to love reading and improve their reading scores because of my local library. In a time when school budgets are being cut, cut, cut, - our library is a huge addition to my classroom. [] Secondly, my daughter loves reading because we get lots of at our local library.[] I see our library as huge support to our community. Please ensure constant funding and stop cutting hours!
9553	7/10/2012	Always seems pretty crowded to me at all times of the day.
9554	7/10/2012	very well used - there are always many people there
9555	7/10/2012	Well used
9556	7/10/2012	My "local" library is the Central Library. VERY well used!
9557	7/10/2012	very well!

9560	7/10/2012	It's always very busy - full of people no matter when we go.
9561	7/10/2012	Well-used. The library is always busy when I go there.
9562	7/10/2012	Whenever I stop by the library, most computers are in use and there are a lot of people looking through the stacks or in the meeting room.
9563	7/10/2012	that's an awfully objective question.....always seems busy when we go in.
9564	7/10/2012	Moderately well used, but Portland has fewer branches than most cities it's size, so I would expect to see more patrons.
9565	7/10/2012	Anytime I go to the library it is always busy. It really doesn't make any difference which library I go to.
9566	7/10/2012	People in it each time I go.

9570	7/10/2012	very!
9571	7/10/2012	ALWAYS busy!
9572	7/10/2012	Very well used!
9573	7/10/2012	well used, busy

9575	7/10/2012	I have very few complaints
9576	7/10/2012	Very well used
9577	7/10/2012	All 3 of the locations that I visit (Gresham, Fairview, & Central) always have lots of people there each time I visit.

9578	7/10/2012	I would say that it is quite well used. I've never been there when there weren't lots of people (of all ages) there.
9579	7/10/2012	We go primarily on weekends - it appears well used when we go. The computer terminals are almost always full or almost full. There are shelves and shelves of holds for people to pick up, and there is always a person or two ahead of us in line to check out or pay overdue fees.
9580	7/10/2012	Our library is always crowded, rain or shine, computers always in use as well as children being read to by parents, some times lines for automatic check out as well as librarian assisted checkout.

9588	7/10/2012	Very!
9589	7/10/2012	Very well used. Every time I'm there, it's PACKED.
9590	7/10/2012	Well used. Always lots of people there.
9591	7/10/2012	It always has patrons in attendance and is quite busy with computer use during peak hours (after school and weekends).
9592	7/10/2012	The Hollywood library is the branch I use the most and it is always busy and even crowded- among the stacks and at the computers.
9593	7/10/2012	It seems like there's always people there.
9594	7/10/2012	Very well-used
9595	7/10/2012	Very well and has been an enormous help to me as a volunteer tutor/mentor in the school system. Without their help the children I have been tutoring would not have had the assistance from me that they did receive.
9596	7/10/2012	The Northwest Library (the most convenient to me) is always busy with parents reading to children, people browsing the stacks, others dropping off or checking out books, people at the computer monitors or reading newspapers and magazines at the lone table.
9597	7/10/2012	Always has people. Very busy
9598	7/10/2012	Very!

9603	7/10/2012	I live in the area and I see quite a lot of foot traffic in and out of the library, by people of all ages.

9604	7/10/2012	Extremely! Doesn't Hollywood Library have the largest number of visitors in the nation (per capita)? I hope, hope, hope it won't be closed on Sundays....
9605	7/10/2012	It's always busy when I'm there.
9606	7/10/2012	The local library is well used, so much so that it is rather unpleasant to actually spend any time there. I use the library online, and I go there only to pick up and return materials.
9607	7/10/2012	I hardly evey go but when i do the only really used section are the computers.
9608	7/10/2012	It always seems busy when I'm there.

9614	7/10/2012	The Northwest branch is always crowded with people of all ages, whether searching the stacks or using the computers. It is a hub of activity from the moment it opens.
9615	7/10/2012	I use it a lot and find great resources & information, and it also has a wonderful source of media with music and movies for families like mine that are on a budget.
9616	7/10/2012	always very busy...

		It looks like lots of people are in the library on a daily basis. ☐ ☐
9628	7/10/2012	We use our library quite a bit with 2 children. My wife and I frequently check out books, books of CD, and lots of children's books. In fact once a week my 2 and 4 half year old like to go to look at new books. The library has been an ongoing resource for my family to learn about dancing, space travel, fire fighters, building . . . the list goes on and on.
9629	7/10/2012	I go to the library to get some references. I heard there is private reference desk system, however I had a difficulty to go to the library.
9630	7/10/2012	very well used. it's a busy place!
9631	7/10/2012	Very! It's always busy in there.
9632	7/10/2012	very well used
9633	7/10/2012	It seems very well used to my eye, there are people there doing research, computing, storytime, reading, interacting with books in all kinds of ways.
9634	7/10/2012	Extremely. Every time I go to the library, it is always bustling. At opening time, there are often a dozen people or more waiting in line for the opening.
9635	7/10/2012	It is often quite busy and children programming fills up quickly. Our family does not utilize the computers at the library but there is always a line of people waiting to use the computers.
9636	7/10/2012	All libraries in the system seem "well-used", but that term is a bit vague. Most of the libraries seem largely like places for transients to hang out during the day. None of them really feel like a nice place to study or read.
9637	7/10/2012	That's subjective; I also access what I'm looking for on Library2Go so I don't always have to go in to the branch.
9638	7/10/2012	Every time I go to the North Portland library, the closest to my home, there is always several people there; using the computers, researching, checking out books, etc. Even though it is a small library, it has been a valuable resource for many. The close proximity to Jefferson High School and PCC may have a lot to do with that. For us, it is the closest to our neighborhood, which offers easy access.
9639	7/10/2012	I frequent Hollywood the most, and I'd say that it is always packed with folks, from all income brackets. I am there at least 3 times a week, browsing, checking materials out, watching the scene. Our branch does a lot to help build the community.
9640	7/10/2012	Extremely well used. Crowded with patrons and helpful library employees and volunteers at most times.
9641	7/10/2012	Seems to be well used.
9642	7/10/2012	pretty well used.
9643	7/10/2012	Very well used.
9644	7/10/2012	Tremendously active and alive with great facilitation from staff.
9645	7/10/2012	Very well used. Lots of people in there every time I go.
9646	7/10/2012	Very busy, well staffed.

9647	7/10/2012	Seems to be very heavily used.
9648	7/10/2012	There are always many people there. And the book babies Storytime is usually full.
9649	7/10/2012	Pretty much.
9650	7/10/2012	Very Busy daily and more so no weekends a real asset to our community
9651	7/10/2012	Extremely well used! Patrons in abundance whenever I am there.
9652	7/10/2012	Well used! It's always busy with children, adults and seniors.
9653	7/10/2012	So many ways, it's hard to count: checking out books, cds and dvds, getting help from the wonderful librarians, doing research, using computers, browsing online...buying items in the library's store, attending the talks and exhibits!
9654	7/10/2012	The library always seems 2/3 filled. There is usually an open computer, but most are in use. Whenever I visit--whatever day or hour--I notice 4 or 5 people checking out materials even if I'm there only 5 minutes to pick up a book on hold. It seems to serve many children and young adults as well as older visitors.
9655	7/10/2012	I see patrons at the Capitol Hill location all the time. It seems to be a busy place. I love the library.
9656	7/10/2012	It seems very well used to me. Parking lot is full. Lines form for check-out. Computer terminals are occupied. My wife and I turn around an average of four books a week.
9657	7/10/2012	Pretty well used
9658	7/10/2012	Central Library is heavily used.
9659	7/10/2012	Don't know.
9660	7/10/2012	It always seems very busy
9661	7/10/2012	Very busy most days
9662	7/10/2012	Always full of people. Beautiful
9663	7/10/2012	very good
9664	7/10/2012	seems busy and appreciated by the neighbors
9665	7/10/2012	I would say that it is pretty well used.
9666	7/10/2012	Very well used; there are always students and others using the library.
9667	7/10/2012	It is usually busy. Parking is always difficult.
9668	7/10/2012	Seems busy and pretty well-used whenever I am there.
9669	7/10/2012	Always busy!
9670	7/10/2012	very - rarely is it not a busy place
9671	7/10/2012	Very well. There are always many people at the Hollywood library.
9672	7/10/2012	Every time I've entered any of the branches they are bustling with people. Sometimes to the point where I wish there were fewer people so it would be quieter (especially at Albina)
9673	7/10/2012	Very well used. There are always loads of people utilizing it's services when we go.
9674	7/10/2012	Customer count - - - Lots of kids - Local business people reading the New York Times - Seniors catching up on reading - - -

9675	7/10/2012	It always seems busy. The computer access is always popular and essential for many as their only means of using media. I often have the books I check out held with a computer request for author or title.
9676	7/10/2012	very well used
9677	7/10/2012	Very!
9678	7/10/2012	Exceedingly
9679	7/10/2012	Very
9680	7/10/2012	It always seems very busy.
9681	7/10/2012	Seems like it's super busy all the time.
9682	7/10/2012	Fairly well used
9683	7/10/2012	I primarily go to the Hollywood branch and it is always very busy!
9684	7/10/2012	Always busy, lots of users when I go in.
9685	7/10/2012	Since I use the Central Library and have never visited the branches, I'm not sure I can answer this question.
9686	7/10/2012	There are always patrons in the library, and when I go after work there are usually children using the facility.
9687	7/10/2012	It is very busy all the time. We often have to wait to check out material.
9688	7/10/2012	Looks pretty active
9689	7/10/2012	Always busy
9690	7/10/2012	always busy!
9691	7/10/2012	It seems to have people there all the time using the services, but also seems to have more than enough staff. Usually, staff is interacting among themselves since no one is waiting for help.
9692	7/10/2012	Seems pretty busy (but comfortable) when I'm there.
9693	7/10/2012	Very well used!
9694	7/10/2012	Well used
9695	7/10/2012	Very well
9696	7/10/2012	Very well
9697	7/10/2012	Always busy and full of people
9698	7/10/2012	Seems very well attended any time that I go in. There are many people using computers and browsing the bookshelves whenever I'm there.
9699	7/10/2012	The Kenton library is incredibly busy! We see lots of young families there for storytime and just perusing the books, and the computers always seem to be full!
9700	7/10/2012	Very.
9701	7/10/2012	always seems to be busy, people browsing circulation materials, computers and publications
9702	7/10/2012	Our library is VERY well used. We love the library and wish we could be there more.
9703	7/10/2012	VERY busy!

9704	7/10/2012	Very well-used. Kenton residents seem to love the new library.
9705	7/10/2012	My local library seems to be very well used all the time.
9706	7/10/2012	I think it is a mess that you have closed Mondays and reduced the time to be open. This is a great source for our community I want you to be open more not less. The small amount that is taken for property tax is not enough. The lottery should contribute more to help the library be open more, and Why cant you see the need for more youth oriented activity that help our youth to grow into adults that can read and understand how things of the government work.[] There needs to be more, not less of the things that a library can offer.
9707	7/10/2012	very well used
9708	7/10/2012	It is always full of people.
9709	7/10/2012	There are always people there!
9710	7/10/2012	Very well used.
9711	7/10/2012	Always busy
9712	7/10/2012	Very well-used
9713	7/10/2012	Very well used.
9714	7/10/2012	seems busy, but depends how one defines "well used"
9715	7/10/2012	Very well used. I love going into the library and seeing all walks of life enjoying all the services the library offers.
9716	7/10/2012	Although I do not use the library often except for online books, I know that it is a major source for many other people in our city.
9717	7/10/2012	Always folks in the library.. If I didn't work, would use the library more. Folks are always helpful.
9718	7/10/2012	Very well used. It is great to walk in the door and see the place full and busy. Staff is always helpful. I see folks of all ages using the resources available.
9719	7/10/2012	Very! Libraries, second to roads, are the BEST USE OF TAX DOLLARS, EVER!
9720	7/10/2012	This question is poorly phrased.[] The systems in place are fantastic simple and easy to use and a valid resource for finding material.
9721	7/10/2012	VERY! I go to the library at least several times a week to check out books and use the quiet rooms. There are always lots of people there--reading books/magazines/newspapers, working at the long tables and in the quiet rooms, using the computers, tutoring, browsing, attending programs like (I presume) story hour for young children, checking items out ... We already miss being able to go to the library on Mondays.
9722	7/10/2012	Very. I've never seen it not in an appropriately hushed bustle.

9723	7/10/2012	I use the library frequency. I am always amazed at how many resources I can get there. How much information I can learn; not only about the library system, but also about the city around me. I work different hours and I really appreciate having certain libraries open later and I know I can get in there for a few hours. When I was job searching the library with my second home. I could I use the computer to apply to different job but I could also sit and work on my resume, learn about different opportunities by the fliers, magazines, and talking with other people. the library is really uplifting place for me to go, to get movies, to read a great variety of books and also to interact with some wonderful people.
9724	7/10/2012	Very well used.
9725	7/10/2012	seems to be well used by a broad section of community
9726	7/10/2012	Appears to be used heavily.
9727	7/10/2012	well loved.
9728	7/10/2012	very well used and well loved
9729	7/10/2012	Very well used
9730	7/10/2012	Very
9731	7/10/2012	Very well used. Generally busy.
9732	7/10/2012	It's always busy and the kid groups are well attended.
9733	7/10/2012	well used
9734	7/10/2012	I think it is used a ton and often many books are checked out in the childrens' section.
9735	7/10/2012	Very well used, often difficult to find parking.
9736	7/10/2012	It seems to be quite busy, almost always numerous patrons are involved in some part of the building.
9737	7/10/2012	not very, but they don't have much selection
9738	7/10/2012	Very. There is always a crowd waiting for it to open.
9739	7/10/2012	The libraries that we go to have a constant flow of people. Particularly useful are the kid storytimes. There is often a long line for the Hollywood branch..
9740	7/10/2012	It's very busy most days - persons wait for computers to become available. Many families with children are there, about 50% of the total. Job seekers could use a FAX as there are some employers who have applications online but these cannot be completed online and must be faxed or mailed or delivered in person. I spent \$5 at UPS Store to fax an application. It is \$1 per page even to a local number.
9741	7/10/2012	Very well used. I have used it less now that I am a PSU student, but when I am done with school, I will frequent the library much more
9742	7/10/2012	fair to lots of participants. I like Monday.
9743	7/10/2012	a lot of people are always there
9744	7/10/2012	I think our neighborhood library is very well used. Often busy but easily accessible for what we use it for.
9745	7/10/2012	Very busy always.

9746	7/10/2012	Very. I see many people there every day taking advantage of the great services provided by the library, whether using the computers, labs, or just checking out books.
9747	7/10/2012	Belmont seems to always be busy whenever I go there. Usually the parking lot is full and all the computers are in use. [] If the question is instead referring to whether the library seems to be in disrepair, it looks fine to me.
9748	7/10/2012	Very well used, especially by the homeless population.
9749	7/10/2012	The Kenton branch is busy most of the time.
9750	7/10/2012	Hillsdale usually seems very busy.
9751	7/10/2012	It seems to be used by a lot of people. I've never seen it "not busy".
9752	7/10/2012	It seems to be busy most any time I am there.
9753	7/10/2012	There are always people in the library when I am there. I see people on computers and children also. Everyone is helpful.
9754	7/10/2012	well used
9755	7/10/2012	It is very comfortable.
9756	7/10/2012	very well used. it's always packed.
9757	7/10/2012	It always seems pretty full of patrons.
9758	7/10/2012	very busy
9759	7/10/2012	Fairly well.
9760	7/10/2012	Always very busy
9761	7/10/2012	I only use the Central library -- close to my work
9762	7/10/2012	Always very busy. My kids and I get books out frequently.
9763	7/10/2012	it' always full of people - we need our libraries open 7 days
9764	7/10/2012	We have visited two libraries in Portland (as noted above). Both are very well used by many people - busy every time we go there.
9765	7/10/2012	Pretty busy library
9766	7/10/2012	There is always a crowd at Belmont but the help is friendly and helpful.
9767	7/10/2012	Very well; there are almost always ten or more people waiting outside for the library to open at noon. I've never seen it empty.
9768	7/10/2012	the parking lot is usually 3/4 full. The events held there seem well attended.it's usually a busy place
9769	7/10/2012	Many people depend on the libraries services, especially the computer resources for job seeking individuals.
9770	7/10/2012	Extremly well used my branch is alwas busy They have to force people out at closing time. the computers are always in use and have waiting lists

9771	7/10/2012	Every time I go in, there are many people actively browsing books, using the internet stations, or reading to their children. It also appears the hold area is heavily used, since this particular library is so small. I, myself, have made use of putting books, movies, etc. on hold from other libraries quite often. It's a small library, but the neighborhood is such that without it, it would be quite a setback. We have a lot of readers here.
9772	7/10/2012	very well used
9773	7/10/2012	very
9774	7/10/2012	Usually crowded
9775	7/10/2012	small but busy.
9776	7/10/2012	Very. We've shown up two Mondays in a row (forgot about cut in hours) and there were mobs of confused people at the doors both times.
9777	7/10/2012	Very much!!!
9778	7/10/2012	Don't spend enough time there to answer this question
9779	7/10/2012	The computers are almost always full and I am always surprised that there is often a few people checking out and often a line, even with our very small size at Albina and the new self checks. I like the programs for kids at the library. They have a nice amount of computers with learning programs for the kids to use,
9780	7/10/2012	my preference is the Gresham library although I have noticed there seems to be a problem with homeless people loitering in and around the library lately.
9781	7/10/2012	We use the library very well, as our family has varied interests and needs.
9782	7/10/2012	People are always there--before the doors open, there is always a small crowd of people waiting to go in. I never pass by it without people going in and/or out of the doors.
9783	7/10/2012	There are always plenty of people there.
9784	7/10/2012	Always seems well-populated when I'm there.
9785	7/10/2012	VERY WELL USED!!!!!!!!!!!!!!
9786	7/10/2012	The library generally seems busy whenever we visit - especially with children visiting with their parents in the summer.
9787	7/10/2012	Usually seems busy
9788	7/10/2012	I only use the downtown library because I work downtown - I hardly know where other branches are.
9789	7/10/2012	It's always busy when I'm there - which is mostly on the weekends.
9790	7/10/2012	Very! Always seems quite busy.
9791	7/10/2012	It is always busy! Used by very young children through seniors.
9792	7/10/2012	I don't know.
9793	7/10/2012	Always busy when we've been there
9794	7/10/2012	Each time I visit, the library is humming with activity, is being well used, and most computer stations are occupied.
9795	7/10/2012	It is really helpful resource.

9796	7/10/2012	We don't have a local library, as we are located in far Northwest Portland, which is very poorly served by Multnomah County services, such as library, recreation, and so on. We pay a large share of the taxes but get little in return. I will not support a library levy.
9797	7/10/2012	Albina is busy all the time. Baby story time is packed, you have to get there early on Fridays to avoid being shut out. Albina is not a big library, but it's a great place.
9798	7/10/2012	Each library that I use is generally very busy, with Belmont and Holgate being particularly busy. I notice too, at these libraries that there are often not enough computers or tables for the patrons to use. Something that helps with the shortage of available computers are the tables at Holgate that allow people to access to power their personal laptops- it would be great to see these at the Central library!
9799	7/10/2012	It's always busy and sometimes hard to find a space to sit. Adults often use the small table in the children's section to use computers. It seems like the room behind the desk that holds the book chute and library office could be used in some way for the library users rather than the staff.
9800	7/10/2012	heavily
9801	7/10/2012	VERY--the Cherry Park branch is always busy.
9802	7/10/2012	Very, it sure seems that it is always busy when we are there.
9803	7/10/2012	well!
9804	7/10/2012	Good
9805	7/10/2012	fairly well
9806	7/10/2012	Extremely well used!
9807	7/10/2012	Always busy!
9808	7/10/2012	VERY!
9809	7/10/2012	Seems very well used.
9810	7/10/2012	It always appears busy to me.
9811	7/10/2012	very well
9812	7/10/2012	I'd say its busy to very busy. The story times we go to (tiny tots and preschoolers) are always full. In fact, I get to the library 30 minutes early to make sure we get a spot at story time, and sometimes that still isn't early enough - the story time is already full within minutes of the library opening.
9813	7/10/2012	It appears to be busy all the time. We seem to have a high use by Asian adults and children. There's children's reading time, classes for all ages, and the computer access area is nearly always full. Although I mainly use the library to check out books, it seems to be an active place where something is always happening.
9814	7/10/2012	Woodstock is our primary library. We go several times a week to check out books and to take our 3 year old to one of the reading groups. It is important to us to have a strong community library for how we want to raise our child. The library is always full of patrons and everyone in the neighborhood was talking about having no Monday hours.

9815	7/10/2012	From what I see, our library is very well used. There are always parents reading books to children in the tiny section up front near the check out stands. There are always a couple young adults/teenagers using the computers near the librarian in the back. For how small it is, I believe our library handles a fair amount of traffic and is vital to the community.
9816	7/10/2012	People are always at the library, on the computers, at storytime, studying/homework, reading library material, and checking out items to borrow. There is always alot of materials on the hold shelves. It is always a pleasant place to go and be. My family loves that it is small and that the community uses it, we always see people from the neighborhood. I have a 12 and 4 year old, so I can feel comfortable letting my older child go into her section while I take the little one to his section.
9817	7/10/2012	The North Portland library on N Killingsworth is always full of people. I use it between 1-5 times per week
9818	7/10/2012	Very busy.
9819	7/10/2012	pretty well occupied
9820	7/10/2012	Extremely! The Hollywood branch is always hopping.
9821	7/10/2012	Very!
9822	7/10/2012	Very, very well used; always busy.
9823	7/10/2012	Seems about normal.
9824	7/10/2012	Very!
9825	7/10/2012	its always busy when I go there so fairly well used.
9826	7/10/2012	Very well used and staffed with knowledgeable people.
9827	7/10/2012	Seems to be very well used.
9828	7/10/2012	All the libraries I visit are always incredibly busy.
9829	7/10/2012	Well used.
9830	7/10/2012	The library is always very busy when I go in. I do also order holds online, which since I am disabled helps me very much.
9831	7/10/2012	Extremely well used -- there are usually people waiting outside the door at opening time
9832	7/10/2012	I think it is well used. Every time that I go there, there are tons of people. I am able to get things done and get out as soon as I want too though. It's not busy to the point where I have to wait forever to do something. If it went away there would be many people who would be sad.
9833	7/10/2012	Lots of people use this library and when we play across the street at the park we see many, many sad folks on Mondays when they realize they now cannot use their beloved library. We also stopped by today only to see a hoard of people waiting outside for the new 11am opening on T/TH.
9834	7/10/2012	the belmont library is over used, often crowded. It needs the spaciousness of the hillsdale library. All the other libraries I frequent are well used, but not crowded.
9835	7/10/2012	It is across the street from a grade school, and seems to get a lot of use from the children, as well as their families. I am at the library probably 2 times a week. There are always people there, all ages and nationalities! I love going there! It is an impoirtant part of our community!!

9836	7/10/2012	Extremely well used.
9837	7/10/2012	VERY!
9838	7/10/2012	Very.
9839	7/10/2012	Its busy all the time. I mostly use the online services though.
9840	7/10/2012	It is always well populated; people are always waiting for the doors to open. We love our Gresham library!
9841	7/10/2012	VERY WELL
9842	7/10/2012	Always seems busy to me.
9843	7/10/2012	seems very popular. i usually reserve books & media over the internet, and pick them up - i spend very little time inside the library.
9844	7/10/2012	Just fine!
9845	7/10/2012	Everytime I am there it is full...
9846	7/10/2012	Very well! I love my library and all the things it has to offer!!!
9847	7/10/2012	Lots of traffic in the library.
9848	7/10/2012	always busy when I am there,[] Huge pick up section for those of us who order on line
9849	7/10/2012	It's always busy with people.
9850	7/10/2012	always busy, always. The Midland library, which is the library I use the most, is very well used. Every time I go in there many children are in the children section. All of the computers are being used for internet access. I also really like how multi-cultural this library is
9851	7/10/2012	because it offers many services for Chinese, Vietnamese, Russian/Ukrainian and Spanish speakers. My favorite thing is using the interlibrary loan available on the website. It makes finding books so simple and I can just swing by and pick them up.
9852	7/10/2012	Well used. I always enjoy going to the library seeing how busy it is and people using it. However, I have a major problems with people who are allowed to continue to check out materials when they owe a fine. It should be policy that only those with no balance can take materials out. I'm also very glad there is better security on items.
9853	7/10/2012	Extremely well used.
9854	7/10/2012	Very well used....it's always busy
9855	7/10/2012	very busy most of the time
9856	7/10/2012	Very well used
9857	7/10/2012	always full of people using media and resources
9858	7/10/2012	Very well used. Busy whenever I visit.
9859	7/10/2012	don't know
9860	7/10/2012	Always busy whenever I visit
9861	7/10/2012	seems busy all the time
9862	7/10/2012	always seems busy to me

9863	7/10/2012	Very, always busy
9864	7/10/2012	very well used.
9865	7/10/2012	It is always busy when I've been there.
9866	7/10/2012	There are always patrons about the library throughout the time that it is open.
9867	7/10/2012	The Hollywood branch is very busy with patrons.
9868	7/10/2012	you can answer this better than me. Very well used, always busy. ☐
9869	7/10/2012	I'm located conveniently to both the Albina branch and the North Portland branch. I typically use the Albina branch preferentially though, due to lack of convenient parking at the North Portland branch. I also tend to feel more welcome at the Albina branch.
9870	7/10/2012	They all seem quite popular, especially Rockwood.
9871	7/10/2012	Very much. I was surprised at the usage and overheard others making the same comments.
9872	7/10/2012	Very well
9873	7/10/2012	Very!
9874	7/10/2012	very well-used
9875	7/10/2012	It is always full....
9876	7/10/2012	All three are always busy when I come to visit them.
9877	7/10/2012	It is always busy!!!
9878	7/10/2012	It seems as if there are always plenty of people when I am there, both checking out books as well as movies, CD's, etc. It definitely seems to be a busy location.
9879	7/10/2012	Very!
9880	7/10/2012	usually pretty active.
9881	7/10/2012	Very well used
9882	7/10/2012	Very Well
9883	7/10/2012	the hollywood library is always buzzing with people.
9884	7/10/2012	It always seems busy when I visit. I know many of the women in my book club use library books for our readings.
9885	7/10/2012	I think it is very well used. It's usually full of people with many people coming and going from the outside parking every time I go there.
9886	7/10/2012	It always seems to be busy: people checking out books, using the computers and the quiet rooms. I think Hollywood is very well used by the community.
9887	7/10/2012	This library location always has a lot of people in it.
9888	7/10/2012	Very well used
9889	7/10/2012	Very well. I think the computer terminals are essential for those who can't afford one at home. In this technological age computer access shouldn't be limited to only those with the means.
9890	7/10/2012	Very well used. When I am there (evenings and weekends) usally very busy.

9891	7/10/2012	Gregory Heights seems very well used at all hours I am there. Lots of activity in all corners, kids, readers, computer users, help desk, classes.
9892	7/10/2012	I believe our libraries are very well used! Not only am I there all the time, but I love to see others using the library too. It is a staple to my week, I love to read and listen to music. I am very grateful for the ease of the library system and the people that they employ, they are always generous and kind!
9893	7/10/2012	Often full
9894	7/10/2012	It's very nice looking, but always people inside.
9895	7/10/2012	Well used
9896	7/10/2012	Very well used (Hillsdale).
9897	7/10/2012	There is nearly always a line waiting for the doors to open. It is used quite a lot.
9898	7/10/2012	It is always busy! I would say well used, we typically have no fewer than 20 books or other media out. Most importantly, I see teenagers and young adults there, which I think is essential in building a strong and safe community.
9899	7/10/2012	The Troutdale library is wonderful. There's always someone there.
9900	7/10/2012	Seems to be very busy whenever I go.
9901	7/10/2012	It's always busy!
9902	7/10/2012	Very well used. There are always people in the Northwest Library, and the Central Library is always packed, of course.
9903	7/10/2012	I have never seen it without lots of people. All of the computers are always full and it gets even busier if there is an event going on. I really just go in to check out books, but others seem to stay much longer.
9904	7/10/2012	I'm not sure what this question is asking. There are always plenty of people there when we go..
9905	7/10/2012	Very well used. While I only use the library for checking out books and other media, I always notice that there are people waiting to use the computers when I am in the library. There are also many parents and children there for story time and other children's events. I appreciate the improvements that have been made in technology use by the library system. I generally reserve books online and then pick them up at my local branch. □ When our children were young they always participated in the summer reading programs. I anticipate being able to take our granddaughter to the library when she is a little older.
9906	7/10/2012	While I haven't taken advantage of many of the different programs that the Library has to offer I do understand that it is well used by my family members and myself. I think that not being able to access the resources available at the library at all would be a serious loss to our community at large. I do like to go to the library in the evenings and on the weekend because when I am working it really is difficult to access materials during day light hours. I like having an on-line account where I can check out different reading material and have it delivered to my address, or available when I arrive at the library.
9907	7/10/2012	Very well. There are always people there, sitting around or on computers
9908	7/10/2012	Extremely well used.
9909	7/10/2012	Very!

9910	7/10/2012	Love the local library and this it is a great resource for everyone.
9911	7/10/2012	It is always very busy when I'm there.
9912	7/10/2012	Terrific
9913	7/10/2012	Very well used
9914	7/10/2012	very well used .. a great resource for the community ..
9915	7/10/2012	Very well used it seems to me
9916	7/10/2012	It appears to be fairly busy every time I visit, which is at varying times of the day and varying times of the week.
9917	7/10/2012	Always looks busy to me.
9918	7/10/2012	very! I don't know what I would do if I didn't have the library It seems very well used. There are always meetings and classes there, and people at the computers. I'm always happy to see teens and kids hanging out at the library and not getting in trouble. I love our library, and hope that it will continue to be a well used place in the community.
9919	7/10/2012	Very busy
9920	7/10/2012	Always full of visitors, all through the day. People waiting at the door for it to open.
9921	7/10/2012	The downtown library is heavily used and nearly everyone I know goes there. It needs to be open 7 days a week - I hate that it will be closed on Mondays!
9922	7/10/2012	I usually visit Albina or the Central branch (occasionally the North Portland branch) and they always have people. I reserve online and pick up at any of these branches.
9923	7/10/2012	very, it is always crowded and there seems to be a line most times for people waiting to get online. there also is a lot of mothers with their kids and babies for group things that they do.
9924	7/10/2012	I'm not sure what this question means. If it means, is my local branch busy, the answer is yes. It always has a lot of patrons and the computers are always in use. If you mean how often do I use it, I use it frequently, both to look up books or cds in the catalogue and I stop in often to borrow items, maybe a couple of times a month. If you mean, when I use it, do I do so well—in a good, true, or beautiful manner, I think I do. Sometimes I read less-than-serious books, but I often get a variety of sources, including some great literature, interesting or otherwise informative reads, and creative or inspirational works. Overall, I have learned a lot from the material I've had access to. I can't really say whether other patrons use the library well; I have seen some pretty crappy books be checked out, but I think there are a lot of people learning from some amazing resources.
9925	7/10/2012	
9926	7/10/2012	not very well
9927	7/10/2012	very
9928	7/10/2012	very well used.
9929	7/10/2012	Very well used.
9930	7/10/2012	Very well used, seems like people are there all the time, the programs are popular and there are lots of resources available.
9931	7/10/2012	N/A

9932	7/10/2012	Hollywood is a very busy library.
9933	7/10/2012	Very well used.
9934	7/10/2012	VERY
9935	7/10/2012	incredibly well used...
9936	7/10/2012	it's always busy
9937	7/10/2012	Very busy all year.
9938	7/10/2012	There always seem to be plenty of people in all the branches I go to.
9939	7/10/2012	Very Well Used (all three indicated branches)
9940	7/10/2012	Gregory heights library is often full. I use it weekly to pick up my books.
9941	7/10/2012	If by "well used" you mean consistently full, then incredibly well used. It's always teeming with people and the computer wait times are often higher than twenty minutes.
9942	7/10/2012	I am actually brand new to the libraries in Portland (recently moved), so have not really dug into its resources yet. But I always used the library where I have lived in the past.
9943	7/10/2012	The Sellwood-Moreland library is well used, I consistently see people there for the computers, checking out books, story time.
9944	7/10/2012	There are lots of people there most of the time.
9945	7/10/2012	It seems very well used to me. There are always lots of people in it when I go in.
9946	7/10/2012	It is very well used.
9947	7/10/2012	Very.
9948	7/10/2012	Very well used. Great library!
9949	7/10/2012	Very well used. It is always busy there with people using every available space and resource.
9950	7/10/2012	incredibly well used - love to see how busy and how diverse
9951	7/10/2012	it's a very well used
9952	7/10/2012	Greatly used and usually busy
9953	7/10/2012	Very.
9954	7/10/2012	It seem VERY well used, especially by bums, vagrants and hobos.
9955	7/10/2012	It seems well used. Its always busy but not overcrowded.
9956	7/10/2012	very well used
9957	7/10/2012	I think pretty well. Since it's downtown I assume that college students as well as the casual reader make us of the library.
9958	7/10/2012	Very well - used! Both MID and. GRH
9959	7/10/2012	In continual use - all of them.
9960	7/10/2012	very well as far as I can tell.
9961	7/10/2012	Very!
9962	7/10/2012	seems popular
9963	7/10/2012	all the time
9964	7/10/2012	Hollywood ususally seems the busiest, but all three are well used.

9965	7/10/2012	It's often well populated when I'm there
9966	7/10/2012	Very well used.
9967	7/10/2012	The two north portland branches that I frequent most appear to be heavy use. Central also appears to be heavily used
9968	7/10/2012	VERY well used.
9969	7/10/2012	North Portland branch does not have quite the selection that the Central Library has, but it's more convenient for me. I live only a few blocks away from North Portland branch.
9970	7/10/2012	not sure i understand the question. well-used as in how much my family uses it, or well-used by others as far as we can tell when we visit? In both cases, I would say it is "well-used," meaning popular and filled with people at many times of day.
9971	7/10/2012	Don't know what this question means.
9972	7/10/2012	Every time I've been there it has been crowded.
9973	7/10/2012	Not a very clear question. Do you mean used often, or used well as in people know how to take advantage of all it has to offer?
9974	7/10/2012	I dont understand the question. Do you mean is our library used by other patrons or is it clean?
9975	7/10/2012	There are always people in the library when I go there no matter when I go in. So I would say extremely well used.
9976	7/10/2012	It's frequently used by many people always. All the libraries are. I hope question one has nothing to do with determining which libraries stay open!
9977	7/10/2012	I know that I use the library's resources constantly!! I usually go about 2x a week, actually, order books from other branches and also through ILL on a regular basis. The Central library is always full of people when I go.
9978	7/10/2012	Very well used. There are lines of people waiting many days before they open, and people there up until the doors close in the evening. Thanks to the reduced hours, I am no longer able to get there before or after work to pick up my holds. I try to go there opportunistically, but the reduced hours have made patronage difficult. The county libraries are an invaluable public resource deserving of better funding. I have been proud to live in a place where the library system has generally expanded even as libraries all over the nation have faced severe cuts.
9979	7/10/2012	It is always busy.
9980	7/10/2012	It is very well used by a whole range of people.
9981	7/10/2012	Seems pretty busy whenever we are there, usually have to wait in line to check out.
9982	7/10/2012	Belmont Library is ALWAYS busy.
9983	7/10/2012	Seems pretty busy most evenings
9984	7/10/2012	No idea what this question means. T It is always full of people
9985	7/10/2012	I enjoy the services it offers and think that it is good how it is though I would recommend providing it more content.

9986	7/10/2012	Very well used. Excellent resource for people.
9987	7/10/2012	Very well
9988	7/10/2012	always busy with lots of programs for kids in the Hollywood branch
9989	7/10/2012	Very busy
9990	7/10/2012	My local library, Belmont, is always busy. It's a TREMENDOUS community resource.
9991	7/10/2012	It's always busy when we are there. We appreciate it's great location next to whole foods. We make it a routine to grocery shop and stop at the library. The killings worth library is closer to us but less convenient.
9992	7/10/2012	Hillsdale library is close to Wilson High School and students study there. My daughter is there about once a week.
9993	7/10/2012	For many years it seemed like there were fewer and fewer people in the branch, but recently (perhaps in the last 18 months) I think that it is busier. I see more people working in the library at tables (vs. just stopping in to check out materials). Perhaps it is due to the economic downturn?
9994	7/10/2012	Seems full of very young children for mom/toddler activities. And lots of people on the computers playing games and social media. Often Sheriff walks through that area. That's the reason I just order books online and only go to library to pick them up.
9995	7/10/2012	always seems very busy which is wonderful. our family believes in the importance of a great public library system. It speaks of civilization
9996	7/10/2012	It seems to be always busy. People using computers, kids attending kid activities, people checking out books, music, movies and lots more.
9997	7/10/2012	It is always busy when I go in with a variety of people using it. The Gregory Heights branch is so busy I feel guilty speaking to the librarian when I am checking out books. I know the people lined up behind me want me to move along so they can be served quickly.
9998	7/10/2012	We most often frequent the Hollywood library which always has a line awaiting the opening of the doors and a lot of patrons throughout the day. That said, I've never been in a Portland library that felt empty of patrons. They are very well used.
9999	7/10/2012	It's time to cut CITY COUNSEL WAGES BY 20%, It should be a Honor to serve your city, INSTEAD OF BEING A OVER-PAID JOB.[] ELIMINATE GOVERNMENT NOT SERVICES,
10000	7/10/2012	It is very well used. It is always full. Sometimes hard to get a computer. Usually some event or class going on. Administering more cuts will, and has a already, taken a hit to myself and peers who regularly rely on this beautiful resource.
10001	7/10/2012	It's always busy.[] Always people useing internet, reading books, looking for jobs.[] Children love it because its friendly & safe![] Parents trust & like the staff as well as a feeling of a safe place to take their children. We LOVE our local Library! :-)

10002	7/10/2012	It is always pretty busy when I go in. I have never gone in and thought "where are all the people?"
10003	7/10/2012	It's always packed.
10004	7/10/2012	very!
10005	7/10/2012	Busy at times.
10006	7/10/2012	always seems busy
10007	7/10/2012	There always seem to be many patrons when we visit.
10008	7/10/2012	Well used, its pretty busy.
10009	7/10/2012	very well used
10010	7/10/2012	At the Hollywood library, it seems like somebody else is always coming and going at the same time as me - quite busy.
10011	7/10/2012	Extremely well-used.
10012	7/10/2012	It is always busy...with all ages of people.
10013	7/10/2012	always seems busy
10014	7/10/2012	Very well used.
10015	7/10/2012	Very well-used. I especially love weekend hours on rainy winter days.
10016	7/10/2012	I use it often and see all sorts of people reading, using the computers, families with children. It seems to be a community center.
10017	7/10/2012	Very busy in Troutdale!
10018	7/10/2012	Belmont is always packed; there seems to be a good mix of people getting books and using the computers.
10019	7/10/2012	It has been a while since I have been to our library, but it is always busy.
10020	7/10/2012	Very well used.
10021	7/10/2012	It's always fairly busy. In fact, I wish it were quieter. I have to use my earplugs in order to concentrate.
10022	7/10/2012	Always busy in there!! This library functions as a real community learning center.
10023	7/10/2012	There are sometimes when it is quite busy. I primarily use the reserve system. I will reserve items online and pick them up when they are available. I don't stay at the library for any amount of time.
10024	7/10/2012	On a scale of one to ten, ten being most well-used and one being least, I'd give the North Portland Library (next to Jefferson High School) an eight.
10025	7/10/2012	It is usually hard to find a place to park! I don't stay long. Grab a few books and a few audio books!
10026	7/10/2012	It seems like the library is always busy when I visit--all computers in use, several people at the information desk, always someone checking out books. And yet, the staff and volunteers are always friendly and willing to help.
10027	7/10/2012	fairly
10028	7/10/2012	Always busy
10029	7/10/2012	I generally go in after work and there always seems to be a reasonable number of people in there, but it isn't totally packed or anything.
10030	7/10/2012	Very.

10031	7/10/2012	very well used
10032	7/10/2012	Always busy.
10033	7/10/2012	It seems to be used very well. I've always noticed that a good number of diverse people are utilizing the library whenever I visit.
10034	7/10/2012	Very well used, the parking lot is usually pretty full
10035	7/10/2012	North Portland branch seems pretty decently used every time I pop in to pick up a book on hold. It's a small space, so it might feel a bit more abuzz to me. But for sure there always seems to be at least 20 people there at any given time, any time of day.
10036	7/10/2012	The computers seem to be very well used as I have to wait 20-30 minutes usually just to get on a computer for a few minutes to print something
10037	7/10/2012	Very busy with varying age groups
10038	7/10/2012	By me? I go at least once a week, usually two. There are always people in there... I guess I'm not sure what this question is asking.
10039	7/10/2012	It is usually very busy.
10040	7/10/2012	The library I use most often seems to be popular - busy (in use by a variety of people of ages) virtually every time I visit.[] If your question is more in terms of upkeep, I would say it is well maintained for the volume of traffic it receives.
10041	7/10/2012	Very well. There are always parents and their children reading together and checking out books. There are also lots of students who use the library as a place of study. My local library is always full.
10042	7/10/2012	It's always full of clients for the use of computers, the staff is efficient and I use the library weekly. Right now, I have a DVD, 2 CD's and a book to work through. I think closing Mondays at Hillsdale is sad. I know in a matter of time, we'll all adjust. But just yesterday, while returning some rented materials, FIVE cars came up with families in tow, excited for a trip to the library, only to find it closed.
10043	7/10/2012	Very well
10044	7/10/2012	This library is always busy.
10045	7/10/2012	Very well used! I consider it the heart of the community.
10046	7/10/2012	Pretty well, I think. There are always lots of people there and I see people with library books all the time, on the bus or Max.
10047	7/10/2012	Very well used - always full of patrons whenever I go weekly.
10048	7/10/2012	Always busy
10049	7/10/2012	frequently
10050	7/10/2012	seems to be busy every time I'm there
10051	7/10/2012	It is always busy when I visit
10052	7/10/2012	Both branches are consistently full of patrons whenever I visit- there's hardly an available chair or computer and usually a short wait is required.
10053	7/10/2012	Very - there are always people working on a variety of things throughout the day.

10054	7/10/2012	People are regularly there but it is never congested
10055	7/10/2012	Seems pretty busy; kids reading hour, computer use and the HOLD section for Belmont is pretty big -at least 3 stacks.
10056	7/10/2012	The Albina branch seems to be very busy each time I'm in there.
10057	7/10/2012	This is a very general question. The Woodstock library seems quite busy and in excellent d repair.
10058	7/10/2012	Always seems to be well attended
10059	7/10/2012	seems quite busy - always folks inside and coming & going... all ages.
10060	7/10/2012	Very well. Valued resource!
10061	7/10/2012	use the library very extensively
10062	7/10/2012	Very well used.
10063	7/10/2012	We are new to St. Johns and frequently visited our local library and LOVE IT! There are always a ton of people there and lots of people always there. Our community was sad to see the hour change and the close of Monday hours.
10064	7/10/2012	don't know
10065	7/10/2012	I don't quite understand this question, but the local library is pretty small. It has computer access, but as far as books go you need to request things before you show up and then just pick up your holds
10066	7/10/2012	It is always very busy whenever I visit it.
10067	7/10/2012	Seems well used
10068	7/10/2012	Very used
10069	7/10/2012	I would say pretty we'll used... There are typically many ppl there
10070	7/10/2012	heavily -- always a line at the door at opening time, and busy after that
10071	7/10/2012	Very well. It is always busy when I am there.
10072	7/10/2012	i think fairly well used
10073	7/10/2012	it looks pretty new to me (cause it is) but there is always people there when I get there
10074	7/10/2012	Moderately, not busy.
10075	7/10/2012	Very well. Always Busy!
10076	7/10/2012	Both Central and Hillsdale branches are always busy when I go there.
10077	7/10/2012	It seems to be busy very often and is an important stabilizing contributor to our community.
10078	7/10/2012	It seems very busy every time I walk by or stop in - kids reading, people on the computers, and two or three people in line to check out books.
10079	7/10/2012	Very.It is always busy.
10080	7/10/2012	It's always crowded, I don't know if the majority of the people there are using the materials at the library or just taking advantage of the bathroom access and relief from the weather, but it's definitely a busy place.
10081	7/10/2012	There are always people coming and going, many families with small children, students, young adults, middle aged and seniors, either gathering books or videos, using the computers, studying, that is, they are using the library. All of the branches I go to are full off vital, energetic and engaged people!

10082	7/10/2012	Well used.
10083	7/10/2012	Very well used
10084	7/10/2012	Always busy, always aa diverse group and everyone always respectful of library property and environment--much needed resource.
10085	7/10/2012	Kenton library always seems busy
10086	7/10/2012	It is always full of people.
10087	7/10/2012	always busy
10088	7/10/2012	Very, every time I go there are many people of all ages using the library.
10089	7/10/2012	The North Portland branch always seems to be quite well used.
10090	7/10/2012	It appears to be very well used
10091	7/10/2012	Seems very well used. The Woodstock branch is always bustling.
10092	7/10/2012	It is almost always busy and the kid programs are usually "sold out" meaning at capacity before the start time of the program.
10093	7/10/2012	It's always busy when I go there.
10094	7/10/2012	Always busy~ when I come to use the computer, especially in St. John's & Kenton, there's always a wait time.
10095	7/10/2012	It is obviously a very busy branch. It always seems to have large,but not overwhelming, number of patrons. Lines are reasonable.
10096	7/10/2012	Central is very heavily used, obviously
10097	7/10/2012	It's always very busy and well-staffed.
10098	7/10/2012	I use the website a lot for researching stocks and investment ideas.[] Also use library to pick up books and materials I've requested online.
10099	7/10/2012	Central Library gets lots of use by a wide variety of patrons. When my mother was living with me she visited the library daily to make use of computers and internet access. I was there every week for a long time and right now am going into the physical library less frequently because I have purchased an ereader and am making use of ebooks. A lot of folks can't afford those. I also love being able to go into the library and browse, it is a really different experience than looking through the online ebook site. I typically read something like 3 - 7 books a week.
10100	7/10/2012	Very
10101	7/10/2012	Seems pretty well used!
10102	7/10/2012	Seems to be very well used
10103	7/10/2012	WE love our Hillsdale Library. It is always busy and fantastic!
10104	7/10/2012	There are always people there, but it rarely feels like it's too crowded. It's just right, I would say.
10105	7/10/2012	Hillsdale always seems to be fairly busy. It seems like it has a consistent flow of patrons going in and out.
10106	7/10/2012	It is always busy when I visit
10107	7/10/2012	It is well-used from what I can tell.

10108	7/10/2012	Very well used
10109	7/10/2012	very well used, it's always full of adults and children
10110	7/10/2012	Very. Always a big crowd there when I go, which is usually on the weekends or evenings during the week.
10111	7/10/2012	It's usually very busy.
10112	7/10/2012	It seems to be very well used! There are always tons of people inside and sometimes even a short wait to check out books. There are several shelves of books on hold, so people clearly use that service a lot. I also see children just about crawling out of the woodwork, so whatever programs they offer for kids are being taken advantage of fully.
10113	7/10/2012	Both Gresham and the one in Cherry Park Plaza (not sure if it's considered Fairview or Troutdale) seem busy and well-used.
10114	7/10/2012	My local branch is North Portland, and there are always people in the library, usually 75% of seats taken, and usually a line at the checkout or to ask the librarian a question. The library staff are fantastic, patient, and efficient, but there are more people than the space or the staffing can realistically assist. I usually go in the evening on the days when the library is open after 5 to pick up books on hold and browse.
10115	7/10/2012	seems busy. i only go on saturday or for evening classes. i work longer hours on the weekdays. too long for the library. i used to go to toddler story time but i have too many am nappers to go now...
10116	7/10/2012	We have folks from all walks of life. This is one of the only "East" (near 82nd) Portland libraries and is in a extremely diverse area of Portland. It is a small building but seems very packed with people some days. We love Gregory Heights!
10117	7/10/2012	WELL— it's better to walk in, for those who are able, than to find parking available; it's always busy inside. □ Our branch is very important to the healthy neighborhood community, we are very happy with it.
10118	7/10/2012	It's always full of people!
10119	7/10/2012	The Woodstock branch seems like a pretty busy place
10120	7/10/2012	Always busy!
10121	7/10/2012	We mostly go to the Hillsdale library. It's well used - parking spaces are nearly always full.
10122	7/10/2012	VERY!!!!
10123	7/10/2012	always busy--very busy!
10124	7/10/2012	It is always packed! It is a well used space. It could be twice or thrice as big and still be busy all the time.
10125	7/10/2012	Belmont is almost always packed. NW is great for children's storytimes because they have Susan. She's the best. Kids cry and have to leave if she's expected and doesn't show up for any reason.
10126	7/10/2012	Very well it seems to me.
10127	7/10/2012	I'm not certain. It always seems to have several people in it when I go.

10128	7/10/2012	Always busy, but not overcrowded.
10129	7/10/2012	Constant use on a daily basis. High use of computers, book check-out, and use of special programs. Hot or cold weather the place is still full.
10130	7/10/2012	They both always seem quite busy. But they're also probably the smallest branches...
10131	7/10/2012	Regardless of the day or time that we visit, there appears to be steady usage.
10132	7/10/2012	Since my local library is Central, it is well used.
10133	7/10/2012	Varies but seems well used.
10134	7/10/2012	Always a decent number of people in there.
10135	7/10/2012	I don't understand why you are asking me this when I am not there very much relatively speaking. Times I have been in there it appears very busy.
10136	7/10/2012	Very! The downtown library is a haven for every type of literary-minded person, from homeless folks there to use the computer and internet, to young children with their parents. Always packed, but it is a small space. []
10137	7/10/2012	I go in there and see all members of community: moms with babes, young black boys checking out books, the elderly on computers. My library is really a community center, where all are free to converge and explore. It is a great non-commercial (but consumptive) service.
10138	7/10/2012	Very well used. It always seems very busy every time my wife and I are there.
10139	7/10/2012	I'm not entirely sure--I am a student and usually use my school's library, but whenever I do go there it seems pretty well attended. I can't remember ever going in and feeling that it was empty.
10140	7/10/2012	This is hard to say. A lot of the time, it seems like it's just a hangout for homeless people. I know there are also plenty of people in there using the books, media, computers, etc. The Internet access alone is heavily in demand and many people are using it more than the daily allotment (or at least trying to.) It makes me sad how few of the books and stock available at the library is actually used or even looked at. I know it's the "digital age" but it seems like a big waste of space and resources to maintain all that paper/shelves/etc. and meanwhile be cutting hours, having people so desperate for the internet they are swarming the stations at all times, etc. Finally, I moved recently, and I'm actually hoping I can find a different branch to use as I'm not in love with the grittiness of the downtown branch (not Mult Co Lib's fault - it is the norm for urban libraries.)
10141	7/10/2012	I can't provide an intelligent well informed answer to this question. It is my personal opinion that libraries should be available 7 days per week, 24 hours per day.
10142	7/10/2012	Very - we wish it were bigger!
10143	7/10/2012	busy all the time.
10144	7/10/2012	Very
10145	7/10/2012	seems busy all the time
10146	7/10/2012	Very well used
10147	7/10/2012	Used very Much

10148	7/10/2012	Very well used. In fact it is almost too small for its use.
10149	7/10/2012	very well used,
10150	7/10/2012	The St. Johns branch is very well used.
10151	7/10/2012	I think its in great condition, always clean and well staffed.
10152	7/10/2012	Our branch of the library is always buzzing with patrons. The computers are always full, the table areas are well used, and the kids area seems to be busy with active learners. I enjoy seeing the library well used.
10153	7/10/2012	It is very well used. There seems to be something going on for the kids almost every time I visit. I wish there were more programs for adults.
10154	7/10/2012	well used.
10155	7/10/2012	hollywwod is always very busy. parking is the main issue that we have as we both are 75 plus
10156	7/10/2012	I think it's maximized for it's size.
10157	7/10/2012	My local library provides a critical public space for the community. I've had employees that have used the public library for computer access and support for finding a job etc. [] Our community is suffering by not having access to a library 7 days a week.
10158	7/10/2012	Very well, It's awlays busy no matter what time or what day I am there. I love libraries, they help so many, Helps to educate every one who is looking to learn more. Rockwood is busy no matter what time of day I'm there and I'm delighted to [] note the kid's programs and extra services for recent emigres. []
10159	7/10/2012	[] That means a lot to me because my maternal grandparents came to [] America in 1903 from Norway. They learned fluency in English while raising[] 11 children in ND. Eight of their children earned associate degrees or higher.
10160	7/10/2012	Very well used.
10161	7/10/2012	Fairly busy.
10162	7/10/2012	always seems busy to me!
10163	7/10/2012	Very much liked & used in the neighborhood!! Every time I'm their or walk by it is packed.
10164	7/10/2012	very
10165	7/10/2012	Well used. Always fairly busy.
10166	7/10/2012	Seems like a lot of people use it. It's rarely empty. I see lots of kids there, which is not surprising it's across the street from a school.
10167	7/10/2012	Seems pretty busy most of the time, many families with young children using it, many people accessing computers.
10168	7/10/2012	Fantastic
10169	7/10/2012	obviously, the central library is very well used.
10170	7/10/2012	It always seems to be busy when I'm there.
10171	7/10/2012	Appears to be well used.

10172	7/10/2012	The fact that most digital books and movies have many holds all the time indicates that the library is used a lot.
10173	7/10/2012	It is tiny but it is mighty! It has likely outgrown its space and the needs of the surrounding community.
10174	7/10/2012	I think Gresham is especially a good hub of activity and resources for children and young families. We would go to Troutdale more if the hours were ever in the morning.
10175	7/10/2012	It's always hopping. Last Sunday there was a line of at least a dozen people waiting for it to open. Checkout lines are much shorter now with the self check-outs, but the library seems to be consistently well used.
10176	7/10/2012	I know my family uses it a lot, and if you're talking about how busy it is generally-it tends to be at least slightly busy all the time. There's always lots of other people in it!
10177	7/10/2012	I have moved from Hollywood to SE. All libraries seem to be well used, computers, seats and quiet rooms.
10178	7/10/2012	Very well used. Miss them being open Mondays though.
10179	7/10/2012	Well used. There are usually a dozen or so people browsing the shelves and only one or two computer terminals open.
10180	7/10/2012	Very
10181	7/10/2012	Very well used!
10182	7/10/2012	very well used.
10183	7/10/2012	It is loved and treasured
10184	7/10/2012	Very well used
10185	7/10/2012	it appears to be well used, love that!
10186	7/10/2012	Seems fairly busy most of the time.
10187	7/10/2012	It is a very small branch but it gets a lot of use in terms of how many people use it exclusively. People use it more for getting books from other libraries since it is so small rather than for programs.
10188	7/10/2012	Well used is correct phrase, seems always busy & active when I go.
10189	7/10/2012	Seems like it's always crowded there.
10190	7/10/2012	there are always people at the library
10191	7/10/2012	It always seems busy when I'm in the Belmont and Central libraries. I've never gone inside the NW library - I just use it as a location to return materials.
10192	7/10/2012	I feel that the local library is well used, there are always programs being utilized and patrons accessing other services every time I go to the library
10193	7/10/2012	Very well used, always busy
10194	7/10/2012	Very, for such a small space.
10195	7/10/2012	Computers always appear to be in use, other tables usually full, large inventory of books on hold, in short, extremely well-used!
10196	7/10/2012	It seems pretty well used. The computer area is always full- seems to be a good resource for people.

10197	7/10/2012	seems really well used. the collection is outstanding for books and music and we request books/music all the time for pickup at our local library. library always seems to have lots of customers in the building when we go.
10198	7/10/2012	The library is very well used; there are always people in the building when I visit.
10199	7/10/2012	It is sufficiently used, primarily in regards to computer access. It is a very efficient library and has a very good variety of books.
10200	7/10/2012	Extremely well used. Popular for individuals, families, study groups, researchers and those who just need a quiet space to read.
10201	7/10/2012	By me when i can.Want & need a job.From Sharonbrwr11@gmail.com
10202	7/10/2012	Moderately
10203	7/10/2012	Always busy.
10204	7/10/2012	extremely well used, always crowded
10205	7/10/2012	They all seem to be well used.
10206	7/10/2012	It's a great branch. There are always families using this library.
10207	7/10/2012	The Central Branch is always very busy
10208	7/10/2012	It seems it is always busy with people of all ages
10209	7/10/2012	Lots of people there always.
10210	7/10/2012	lots
10211	7/10/2012	I go twice a week and there is always a large group of people waiting to go in the doors. I think the library is very well attended.
10212	7/10/2012	Most every time we go it it pretty crowded.
10213	7/10/2012	The staff are helpful,professional
10214	7/10/2012	I believe it's very well used...always lots of people inside each time I go in.
10215	7/10/2012	I'm not sure of the intent of this question. I can say the libraries I'm in are always full, the computers are almost always in use, and often group meetings of some sort are in session. The staff seems regularly and busily engaged in interactions with the patrons.
10216	7/10/2012	It appears to be heavily used, the parking lot is usually 2/3 to 3/4 full. While I don't use it a lot I go past it a lot and it is quite busy.
10217	7/10/2012	Very well used. I pick up my holds at varying hours of the day and, practically, every time the library is full of patrons. I also have visited the Kenton library, to pick up books for my mother, and it was also very full.
10218	7/10/2012	Extremely
10219	7/10/2012	moderate
10220	7/10/2012	very used? this is a strange question
10221	7/10/2012	The Midland library is ALWAYS packed. Hard to find a parking spot!
10222	7/10/2012	very well used
10223	7/10/2012	It seems to be busy much of the time.

10224	7/10/2012	It always seems full of people when I go in...especially arround the computers.
10225	7/10/2012	Don't go often enough to know.
10226	7/10/2012	very well used
10227	7/10/2012	Very difficult for me to evaluate, but there always seem to be other people using the library when I make a visit.
10228	7/10/2012	always very busy
10229	7/10/2012	Seems busy every time I am there.
10230	7/10/2012	well used
10231	7/10/2012	It seems really well used and is always bustling when I'm there.
10232	7/10/2012	Very well used.
10233	7/10/2012	It feels pretty well used to me, thinking in particular of Hollywood.
10234	7/10/2012	It seems to be a popular branch.
10235	7/10/2012	Very well used
10236	7/10/2012	WELL USED!!!
10237	7/10/2012	Very well used!
10238	7/10/2012	very
10239	7/10/2012	It appears to be busy most times when I go there, usually to check out a book I put on hold.
10240	7/10/2012	It seems like there are always a good number of people in the St. John's branch. It actually surprises me how consistent the traffic is there!
10241	7/10/2012	Always seems busy when I go in to pick up books.
10242	7/10/2012	Holgate library is well utilized .
10243	7/10/2012	Very well used. The computer stations are always busy and full. The tables are filled with laptops. There is often a line for the checkout stations and librarian's help. None of these statements are meant as criticism just proof that our neighborhood library is well used and loved. I actually visit the library every other day or so in the summer as a space to do school work bu that wasn't a choice on question #1.
10244	7/10/2012	I don't like to physically visit the Midland Branch of the library because it is awkward going in and coming out of the parking area. I am now able to use e books and do so with increasing regularity.
10245	7/10/2012	Well used.
10246	7/10/2012	Seems like it is a steady stream of traffic.
10247	7/10/2012	Fairly well.
10248	7/10/2012	very well used. always busy.
10249	7/10/2012	Seems pretty busy when I'm there
10250	7/10/2012	Hollywood is heavily used.
10251	7/10/2012	Our library is always packed! Lots of great programs for kids and a huge kids reading area. It's wonderful to have such a wonderful local library right down the street. We visit every week.
10252	7/10/2012	There are always people in our local branch when we come to check out books.

10253	7/10/2012	There are always lots of people using the computers and I notice that it is mainly used for school projects or job hunting. The library is a valuable resource in my community.
10254	7/10/2012	Always appears busy.
10255	7/10/2012	from the looks of it well used
10256	7/10/2012	It is almost always busy.
10257	7/10/2012	The Central Library is "overused", especially with homeless who need to use restrooms and get in from cold and rain.
10258	7/10/2012	Extremely well used. It is frequently quite busy.
10259	7/10/2012	I would guess it's a well used library. I do not spend much time there personally, but it always seems to be busy. It looks as if many folks spend time there. I usually am just popping in real quick to pick up a hold item.
10260	7/10/2012	The Rockwood library is always full on the computers with a line waiting. There are always people at tables reading and some looking around. The hold shelf is always full. Same with the Midland. The Gresham library is bigger, has more people in it, but I haven't noticed computer usage there because it's so much bigger.
10261	7/10/2012	My local library is used a lot. It is a great benefit to our community to have such plentiful resources such as a Public library to use. The Central Library always has what my family and I need. If they don't, they will find a way to get it for me through an interlibrary loan.
10262	7/10/2012	seems pretty busy.
10263	7/10/2012	Checking out books and other materials to study. Computer use. Interested in classes that I normally sign up for in school setting or pay for necessarily. I know several people who use the central library almost daily and enjoy all aspects of your services.
10264	7/10/2012	Very much so! Not surprising since it's the Central branch, but every time I go in I'm pleased to see that it's full of people browsing, reading, studying, using the computers, and so on. It is full of warmth and life every time, and it's a pleasure to visit.
10265	7/10/2012	very
10266	7/10/2012	very very busy 6 days a week
10267	7/10/2012	Very well used! We love it!
10268	7/10/2012	Very busy
10269	7/10/2012	Very. Lots of people there each time I'm there.
10270	7/10/2012	appears to be used often by varied groups (ages).
10271	7/10/2012	I use my library often. Any time I want to research something, I go to my library first.
10272	7/10/2012	Always seems busy, parking is always tight.
10273	7/10/2012	It appears to be very well used
10274	7/10/2012	Busy most of the time
10275	7/10/2012	Always seems busy
10276	7/10/2012	VERY well-used. It's always full of people.

10277	7/10/2012	Book Babies is very popular. You have to get there 15 mins ahead of time or the class is full!!! And now it's even worse since the library is closed on Mondays and one of the sessions has been discontinued.
10278	7/10/2012	Very busy!
10279	7/10/2012	Anytime I visit the library there are numerous people reading, looking through the stacks, or using the computers.
10280	7/10/2012	We don't use public libraries because we can get the same thing through digital means at home.
10281	7/10/2012	I use mine 2 to 3 times a week.
10282	7/10/2012	It is busy all of the time! Our neighborhood is young and it is always full of young families.
10283	7/10/2012	It's newer but well used from what I can tell
10284	7/10/2012	It is very well used. There are always people in line for computers and lots of kids in the kids section. The baby story times fill up so we make sure to get there early. We love our library.
10285	7/10/2012	I see people there all the time, so VERY well used.
10286	7/10/2012	I see a lot of people there for the story times. The computers are almost always in use and there are people there checking out books. Also there are a lot of folks of different ethnicities there.
10287	7/10/2012	Many different people in huge numbers. Please keep the 7 day schedule especially with the current economy reality. Please consider a salary freeze for top Portland administrators making more than \$100,000 per year to pay for the 7 day schedule.[] Please consider a state wide sales tax to support education, libraries, fire, medical crews, and road upkeep.
10288	7/10/2012	Extremely well-used! I visit the Woodstock branch once, sometimes twice a day, and on every visit I observe all Internet terminals and children computer stations in use; every table occupied by at least two people; at least once person retrieving something from the holds shelf; patrons busily engaging librarians; parents reading to their children; people perusing the new releases, "Lucky Day" books, and videos; and patrons going entering and exiting nonstop.
10289	7/10/2012	Appears to be very well used. Lots of kids come in for the storytimes.
10290	7/10/2012	Very well used!!!
10291	7/10/2012	Extremely. The one I use most often is next to PCC so used by students, community members and me all the time.
10292	7/10/2012	Extremely - it is always busy filled with people of all changes throughout the year.
10293	7/10/2012	very
10294	7/10/2012	Very well used
10295	7/10/2012	Our local library is always busy, and there are always people waiting for the doors to open in the morning!
10296	7/10/2012	it appears to always be busy and occupied
10297	7/10/2012	A crowd when it opens and many people in/out throughout open hours. Sorry to see it closed on Mondays...
10298	7/10/2012	The Holgate branch is always busy.

10299	7/10/2012	It's very well used. Always very busy.
10300	7/10/2012	Extremely well used
10301	7/10/2012	It is always busy!
10302	7/10/2012	Extremely well used.
10303	7/10/2012	It's busy any time I go in, many friends I know visit the children's story time weekly, the computer area is always full.
10304	7/10/2012	very well
10305	7/10/2012	When I visit the library to check out books, the library usually is half to 2/3rds full. Lots of kids with parents - good for the future.
10306	7/10/2012	It seems to be well used.
10307	7/10/2012	Extremely well used. We go there often and check out many books and other media.
10308	7/10/2012	The Kenton library seems to always be busy. Most of the computers are in use and there are a lot of children in the kids areas.
10309	7/10/2012	Very well used. The library is full of people every time I've been.
10310	7/10/2012	Whenever I go in there is always alot of people so I think that it is very well used.
10311	7/10/2012	extremely well used!
10312	7/10/2012	very well used
10313	7/10/2012	Very well used. It's always full.
10314	7/10/2012	It always seems busy
10315	7/10/2012	I always reserve books online and then pick them up. There has never been a time when I've gone in when the library was not busy. If I go right when it opens, there's always a line. I hadn't used the library in years until I lost my job and discovered how many resources the current library system has.
10316	7/10/2012	It's always full of patrons when I'm there.
10317	7/10/2012	I think it is very well used. Whenever I go to the Hollywood location there is always a fair amount of people inside.
10318	7/10/2012	Extremely well used!
10319	7/10/2012	I see many people there every time I visit. I place holds on books through the online catalog, then pick them up at my local library.
10320	7/10/2012	Very well
10321	7/10/2012	Always busy, always diverse group, and always respectful of library--much needed resource.
10322	7/10/2012	It is always bustling.
10323	7/10/2012	I don't understand what context is meant by "well used". If you are asking if it's used by many patrons, the answer would be that the library is always busy whenever I visit the buidling sites in person. If you mean how "well used" is the facility, then the Rockwood Library is the most "well used" facility I visit.
10324	7/10/2012	Very well used, including programs.
10325	7/10/2012	Very well!
10326	7/10/2012	The library is very well used. People wait outside for it to open.

10327	7/10/2012	Pretty well used
10328	7/10/2012	Very well used as far as I can tell. This is an odd question.
10329	7/10/2012	very well used
10330	7/10/2012	I personally think the library is well used.
10331	7/10/2012	There are always quite a number of people in the Belmont library, and if their reserved section is any indication, many people enjoying borrowing materials.
10332	7/10/2012	Pretty well used.
10333	7/10/2012	It was very useful for me personally when my computer break down or there is trouble shooting with internet connection, the library becomes the greatest help for those time. I also used to find many helpful books for my classes, and I hope the library won't cut the hours after the afternoon (4:00- 5:00 pm). Because most of the time we get off from school.
10334	7/10/2012	I see many people there no matter what time of day I arrive. I see people using the computers and going to in house events. I see four of five bins of books being re-shelved. I see young children with their parents checking out stacks of books; after school there is a big surge of teenagers. I never sit and read there because there is never and chairs to sit on in the reading area. I reserve my books on line and the hold shelves are always full.[] [] I am very happy with this library and I am glad to see so many people using it.
10335	7/10/2012	lots
10336	7/10/2012	Seems to always have people...
10337	7/10/2012	When I go there I always see multiple generations of people using all the facilities. It seems to be well used.
10338	7/10/2012	It is always humming with activity.
10339	7/10/2012	Seems popular but never overcrowded
10340	7/10/2012	Very!
10341	7/10/2012	On Saturday mornings there's usually a small group of people waiting for Hollywood to open! Both Hollywood and Albina seem to be busy when I am there.
10342	7/10/2012	Our library is always busy, full of people whenever we go
10343	7/10/2012	from observation, well-used.
10344	7/10/2012	It is always filled with at least a score of people.
10345	7/10/2012	There are adults, seniors, kids coming and going every minute it is open. We know because we live above the library and we get to see the smiles coming in and the smiles going home.
10346	7/10/2012	Very well! I use NW library mostly and it is frequently quite busy.
10347	7/10/2012	Seems pretty productive-My children and I would go more often if we had a closer branch. We used to go at least once a month until we moved
10348	7/10/2012	I'm always surprised at how underused most libraries are.
10349	7/10/2012	Our local library is used very well.

10350	7/10/2012	I chose to live in this neighborhood because the local library looked very well loved. That is usually a sign that a place is good to live in, and the neighbors there are people you would like to know. It is always busy, at least when I visit.
10351	7/10/2012	It seems to be very well used. The tables w/ computer and database access are always 90% full. It always has a very busy, but not distracting, feel to it.
10352	7/10/2012	Our library is constantly busy. Any number of adults and children are in the library at every time of the day. It makes me so very sad that closing the libraries for even one day could be considered as any kind of an option to rectify a budget shortfall.
10353	7/10/2012	Very well used!!! It's one of my favorite places in this neighborhood!! The staff is super friendly as well as knowledgeable!
10354	7/10/2012	Additionally, books and media are kept well organized and up to date! quite well
10355	7/10/2012	Personally, I haven't seriously used a public library in almost 10-years because I read books--be they fiction(mostly) or non-fiction(seldom, if ever)--via Kindle app or my PC, and I get other media through other electronic means at home(i.e. Cable, Internet). Another thing to consider is the cost of gas, and the costs associated with even a short commute to the library.
10356	7/10/2012	I believe very well used
10357	7/10/2012	very
10358	7/10/2012	Busy almost every time I'm there!
10359	7/10/2012	Extremely
10360	7/10/2012	The Gregory Heights branch is always busy, no matter what day or time I go in.
10361	7/10/2012	Extremely busy.
10362	7/10/2012	Very well used - across the street from a school, and it often seems to be full
10363	7/10/2012	It is always filled with people, and many of those there are either children, or involved in some form of study/research.
10364	7/10/2012	It is an extremely important part of our community and my family.[] We LOVE our library!
10365	7/10/2012	The Gresham library seems busy when I am there. I was participating in a weekly toddler reading program (on Monday) and there were always 10-20 children there. The computers are ALWAYS busy.
10366	7/10/2012	It's never crowded when I go there.
10367	7/10/2012	The albina and hollywood libraries seem to be pretty busy but not crowded to me especially during the summer when lots of children are there and participating in the summer reading program It's always busy when I visit either branch. I am not exactly sure how much each program mentioned above are used percentage wise. I value the library because I am a teacher who regularly takes my classes there during the school year. I check out loads of themed books for study in the classroom. I also have my own child whom I am teaching how to use the library system, so that as he grows, he will know and use the resources available to him. Summer Reading Program is the BEST!
10368	7/10/2012	

10369	7/10/2012	Very much!!! The St John branch is a ant box -- sorry but true! I go there for convenience. Mainly on Sunday to read NY Times and pick-up requested items. Otherwise I'll make a trip to the Kenton branch for more elbow room.
10370	7/10/2012	See above.
10371	7/10/2012	Very!
10372	7/10/2012	very well
10373	7/10/2012	always crowded; wish it was open more hours.
10374	7/10/2012	extremely
10375	7/10/2012	Always looks busy
10376	7/10/2012	Very well. Always busy.
10377	7/10/2012	Very well used
10378	7/10/2012	extremely well used
10379	7/10/2012	very; it's always busy.
10380	7/10/2012	It's always pretty busy. A large amount of kids and people using the computers usually.
10381	7/10/2012	Always seems busy. Full toddler reading group weekly. People on computers. Multiple kids/adults in children's book area. participation in summer reading program.
10382	7/10/2012	It always seems to be well attended. Lots of people use the computers and can be seen in other areas as well.
10383	7/10/2012	The Kenton branch seems to be busy, but not crowded, every time I visit.
10384	7/10/2012	It is often at capacity. It is well used and well loved.
10385	7/10/2012	TOO much. Parking can be a night-mare since it was 'rebuilt'.... there is a Max bus line on 122... 'kids and young adults' 'hang' outside the building... It is very uncomfortable to go there at time... hate it. ☹ ☹ Do not always feel safe.
10386	7/10/2012	Too well used by kids. Unsupervised kids makes it difficult to use the library. I adjust my schedule to avoid the chaotic noise. I dont go much during the summer because of it.
10387	7/10/2012	The library I use most is Woodstock. It's always full of people and bustling with activity!
10388	7/10/2012	It is frequently full and I love having it within walking distance! The meeting room is also very acessable and pleasant.
10389	7/10/2012	Very well used; it is often very busy and sometimes crowded.
10390	7/10/2012	Well used, I believe
10391	7/10/2012	Always crowded
10392	7/10/2012	Vague question.
10393	7/10/2012	It's always very busy.
10394	7/10/2012	very well used
10395	7/10/2012	Very well used.
10396	7/10/2012	it seems very well used

10397	7/10/2012	very well used - always busy when we go, which is during the work week, usually after school hours
10398	7/10/2012	Seems busy every time I go in.
10399	7/10/2012	It always seems to be full of people.
10400	7/10/2012	I do not understand the question. I assume you have that info already.
10401	7/10/2012	Seems busy all the time.
10402	7/10/2012	It always seems busy whenever I visit. I appreciate a community meeting room.
10403	7/10/2012	Computer stations and general seating are usually full or close to full. Very - we always see many people there, and our family of four continuously has books and movies checked out. While I
10404	7/10/2012	don't make personal use of the programs to benefit job hunters and English learners, I am really glad to know those resources exist and I can refer others to them.
10405	7/10/2012	The Gresham Library is usually packed with people every time I go in.
10406	7/10/2012	It's always busy. Getting on a computer is usually a wait but there are plenty of books and magazines to look through:)
10407	7/10/2012	Very well used by many different people. The Sellwood-Moreland library sponsors activities and offers services that draw in many members of the community. This library is more than just a book lending station, it's a neighborhood gathering place.
10408	7/10/2012	It always seems to have plenty of people in it, and I often see people leaving and entering as I drive by.
10409	7/10/2012	The library is the cultural and educational center of the neighborhood. We have a lot of young families and a growing African immigrant population that both utilize this important resource often.
10410	7/10/2012	very!
10411	7/10/2012	Always busy.
10412	7/10/2012	very
10413	7/10/2012	seems pretty popular place
10414	7/10/2012	The Belmont and Hollywood libraries always seem very busy to me.
10415	7/10/2012	Central is always busy. So has Woodstock been whenever I've gone there.
10416	7/10/2012	Very well used.
10417	7/10/2012	The Belmont Library is always crowded.
10418	7/10/2012	It appears to me that my local Woodstock library is very well used. It is often busy with people when I'm there and often a line for the library waiting to open on weekend mornings.
10419	7/10/2012	It's always pretty busy when I'm there and I'm always taking out a bunch of material at a time.
10420	7/10/2012	very busy lots of people
10421	7/10/2012	Very well.
10422	7/10/2012	Extremely. It is as busy as Fred Meyer before a snow storm!
10423	7/10/2012	Crowded lines etc. Kids events are so crowded you need to get there 30min early if not 45 min early to get a spot almost have to always place holds on books i want

10424	7/10/2012	Very. Its typically busy.
10425	7/10/2012	Even tho ...Busy.... receive immediate help and service with a smile!
10426	7/10/2012	It appears very, very busy any time I go there.
10427	7/10/2012	Very well used.
10428	7/10/2012	North Portland Library is always teeming with patrons. I would say it is exceptionally well used.
10429	7/10/2012	I'm not sure how well used it is.
10430	7/10/2012	Very!
10431	7/10/2012	very well
10432	7/10/2012	In terms of how populated it is? It's always crowded, if that is what the question is asking.
10433	7/10/2012	seems consistently busy, but not overwhelmed
10434	7/10/2012	Very busy.
10435	7/10/2012	Very well used
10436	7/10/2012	well
10437	7/10/2012	Very well used. It is always crowded and busy every time I go in. There are always lines to use computers.
10438	7/10/2012	Very well used, always busy
10439	7/10/2012	Extremely well!
10440	7/10/2012	Extremely! Always busy, always full of people.
10441	7/10/2012	It always seems fairly busy when I'm there, regardless of the time of day or day of the week.
10442	7/10/2012	Central Library is almost always busy. If any hours are cut, the main branch should remain open longest as it has the greatest resources.
10443	7/10/2012	There always seems to be a healthy crowd whenever we go. I also use online services to renew books and to loan Kindle ebooks.
10444	7/10/2012	It is always busy (yay!). Very friendly and helpful staff.
10445	7/10/2012	Very. The Gresham branch is always very busy and very available to the public.
10446	7/10/2012	always busy
10447	7/10/2012	It seems to always be pretty busy.
10448	7/10/2012	Very well used
10449	7/10/2012	There seems to be quite a few people there when I go there.
10450	7/10/2012	Appears to be busy, and well used most of the time.
10451	7/10/2012	Always lots of people there.
10452	7/10/2012	Belmont library is very well used.
10453	7/10/2012	always busy
10454	7/10/2012	very well used - computers are always full, never less than 30 people in the library any time I visit (Holgate, which is small)
10455	7/10/2012	Very well used
10456	7/10/2012	very well, there are always people in it.

10457	7/10/2012	It is very well used, I see lots of people in there all the time. I use it to get books, and dvds, since the dvd selection there is good. I wish they had more books about a variety of subjects like occult topics and culture.
10458	7/10/2012	Hollywood is always busy. I spend less time at Central, but it seems busy, too.
10459	7/10/2012	The Hollywood Library is full all the time. It actually could use more space and more computers plus cutting days will only increase the load.
10460	7/10/2012	Very well used. I think the homeless people get the most use out of it though, they line up at the door before opening hours, and unfortunately an unpleasant stench usually lingers in the library. Staff is always helpful and I find the library easy to get around and use.
10461	7/10/2012	Belmont Library is very well used by people of all ages; I am particularly impressed with the programs offered to children, even ;though i am a grandmother, or perhaps because i am.
10462	7/10/2012	If you keep cutting the hours you're open, not very well. There are people, like me, willing to work for free to keep a good place like the library open. But no, you remain closed and blame it on money. Which is... you can imagine how stupid. If you fail the people, they will fail you. Take it home with ya.
10463	7/10/2012	very
10464	7/10/2012	very well used
10465	7/10/2012	Well used, it is always busy when I am there
10466	7/10/2012	VERY-----CONSTANTLY-----
10467	7/10/2012	Very well used.
10468	7/10/2012	Extremely well used.
10469	7/10/2012	It always appears to be busy.
10470	7/10/2012	Very busy!! :)
10471	7/10/2012	usually quite busy with all ages
10472	7/10/2012	Seems busy all the time.
10473	7/10/2012	My main library is Sellwood which is very small yet there are always many people there when I go. Seems to be quite well-used.
10474	7/10/2012	always busy
10475	7/10/2012	Both Hollywood and Belmont are super busy. You usually have to wait to get computer access. I go to the library 2 or 3 times a week at least.

		Looks very well used. Seems always busy.
10477	7/10/2012	By our standards it is one of THE main hubs of our community.

10478	7/10/2012	I think it is very well used.
10479	7/10/2012	It is busy and a line forms outside while we wait for it to open
10480	7/10/2012	Midland Branch is very busy on most days!!!
10481	7/10/2012	Very busy at most times.
10482	7/10/2012	Pretty busy
10483	7/10/2012	Central Library is very well used. It is in a great location and is always busy.
10484	7/10/2012	Always full lots of people at Central and Hillsdale branches when we are there.
10485	7/10/2012	always busy
10486	7/10/2012	Very well used, The Multnomah County Library System is an immeasurable treasure to our community.
10487	7/10/2012	very. it's always full. very small little branch, but very active.
10488	7/10/2012	Really well used
10489	7/10/2012	It is always busy when i visit. Its a valuable neighborhood asset... Keep it open 7 days a week!
10490	7/10/2012	i come there a lot. Mostly weekends. And sometimes during the extended hours. I work full time and so i cannot make it during weekdays 9-5. I really hope you guys dont cut down extended hours or weekends.
		I am a doctoral student at a school far away(which is a mostly long distance PhD in another state) and I use the Multnomah County Library extensively to conduct my doctoral research. The Multnomah County system, with ebooks, ILL, and the extensive holdings of real books is my first stop to find resources. ☐
		☐
		I also do check out great science fiction books, I LOVE the hold system and easy ways to view my queue.☐
		☐
10491	7/10/2012	I do not think I could have gotten to my final year as a successful doctoral researcher in the field of sustainability education without Multnomah County Library. The staff is exceptional, friendly, and effective. The holdings are extensive. The services are efficient, prompt, and highly usable. You all rock! ☐
		☐
		Furthermore, investing in the library is an investment in a healthy, well, and safe community. The literacy programs and reading programs are wonderful! I would GLADLY pay more property taxes to ensure Multnomah County Library thrives! The Multnomah County Library system is the cornerstone of the high livability and sustainability of the Portland region. Kudos to all that you do!
10492	7/10/2012	very well used
10493	7/10/2012	Very well by all of my neighbors
10494	7/10/2012	very well
10495	7/10/2012	Not sure that I understand the question.
10496	7/10/2012	It seems quite busy to me.

10497	7/10/2012	Our Belmont Branch seems the busiest of all the branches.
10498	7/10/2012	I don't know.
10499	7/10/2012	It seems busy in there every time I go. The computers are always full and there seems to be a lot of action there.
10500	7/10/2012	it seems like a busy hub for all ages.
10501	7/10/2012	It is always busy.
10502	7/10/2012	Both the Hollywood and the Belmont branches are extremely well used.
10503	7/10/2012	very much
10504	7/10/2012	Very well used. What a wonderful treasure it is!
10505	7/10/2012	Don't know.
10506	7/10/2012	Very well-used. If the library is open, people are there using it.
10507	7/10/2012	It seems quite well-used and almost always busy
10508	7/10/2012	It always seems busy there and much beloved by the community. It's an older library but is maintained well and is in good shape, in my opinion. I am very impressed with the number of library users. As an educator, I engage with students and parents and am pleasantly surprised to hear how regularly families visit the library. Each time I have gone, too, I have seen at least one of my students there.
10509	7/10/2012	
10510	7/10/2012	It's a small local library, but it seems to be pretty well used. There are always people in it.
10511	7/10/2012	VERY. It is always bustling in there (Albina).
10512	7/10/2012	Our local libraries are well used along with the Central Library located in Downtown Portland.
10513	7/10/2012	Very, It is always busy when I come. There are people working on computers, studying, reading, and checking out.
10514	7/10/2012	Always seems to be busy - kids and adults - using computers, checking out books, etc.
10515	7/10/2012	The library always seems to be quite active throughout the day and more so in the late afternoons
10516	7/10/2012	very well used. There are always lots of patrons. In the past we have really appreciated being able to sign up and use the little rooms for tutoring. I love the Hillsdale branch!
10517	7/10/2012	I usually go to Belmont on Friday, Saturday or Sunday. There are always plenty of people there, looking at or picking up books, checking them out, using the computers, reading magazines. This includes children and adults. I really appreciate being able to reserve books on-line and pick them up at the library.
10518	7/10/2012	It seems that there are always people coming and going at the woodstock branch
10519	7/10/2012	Very- it's always busy!
10520	7/10/2012	It always seems to be busy
10521	7/10/2012	Very well used
10522	7/10/2012	Very.
10523	7/10/2012	Very well-used.
10524	7/10/2012	well

10525	7/10/2012	Very well-used. We consider it one of our local hang-outs.
10526	7/10/2012	Very
10527	7/10/2012	Seemingly very well.
10528	7/10/2012	there are always people there, but it is not too crowded. Seems perfect attendance
10529	7/10/2012	I see people all the time at our library.
10530	7/10/2012	Always busy.
10531	7/10/2012	The few times I have gone into the Kenton Library it has always been very busy.
10532	7/10/2012	I use the Belmont Library the most, and there is never a time I go in there that it is not busy with people browsing, using computers, doing research or participating in community events.
10533	7/10/2012	There are always quite a few people there when I visit. I've never seen it empty.. Sometimes there are even people waiting at the doors for opening.
10534	7/10/2012	By us? Very. But I also see a lot of folks in there making use of the computers and other resources. Whereas for us, the library is a repository of cultural wealth we can borrow from, for others it can mean access to communication itself.
10535	7/10/2012	I think Fairview is extremely busy for its size. I miss not having it open on Mondays because that's been the day I have used it the most.
10536	7/10/2012	always busy, lots of homeless and poor who depend on it (hopefully to remove themselves from that situation)
10537	7/10/2012	Constant traffic, great attendance at programs, excellent librarians, (especially skilled with kids and their interests) good neighbors to local businesses and community members, lots of lucky days at Kenton branch!
10538	7/10/2012	The library is never "quiet" in the stereotypical sense. It always seems to have the computers filled, people coming for programs, and folks browsing around for materials to check out.
10539	7/10/2012	I only use it for e-books.
10540	7/10/2012	Very
10541	7/10/2012	It always appears to be busy.
10542	7/10/2012	Always busy - full of a variety of people
10543	7/10/2012	Very well used?
10544	7/10/2012	It is usually well used whenever I go in, but not overcrowded.
10545	7/10/2012	It always seems to have folks in, however, they are probably doing the same that I do and stopping by after work to either pickup or return books.
10546	7/10/2012	Usually busy
10547	7/10/2012	well used...there are always people of all ages there getting books on computers etc.
10548	7/10/2012	Very well used. Usually very hard to find a parking space in the lot. Most of the computer terminals are in use as well.
10549	7/10/2012	Very.
10550	7/10/2012	generally, it seems busy

10551	7/10/2012	Very well used. It's always busy when I stop in.
10552	7/10/2012	It seems pretty busy, but I don't go enough to know.
10553	7/10/2012	computers are always being used. Appears busy every time I'm there
10554	7/10/2012	It appears to be well used based on the lack of parking, always full computers, and others in the library
10555	7/10/2012	It seems to be busy every time I visit
10556	7/10/2012	It seems well used. My two teenage girls go to the library about once a week. It's a significant part of their community life.
10557	7/10/2012	the library is ALWAYS filled with folks using computers.
10558	7/10/2012	always busy - I am a grandmother - I enjoy seeing so many school aged children using computers and in reading groups. Reconnecting to my library has so enhanced my reading --I just could no longer afford to buy books.
10559	7/10/2012	It always has many people using it. I often am grateful that I have a computer at home so that I needn't count on using the library's machines: I rarely see an empty spot.
10560	7/10/2012	Belmont library is usually busy. It is close to two bus lines and I see people getting off the 75 bus and going directly to the library.
10561	7/10/2012	My local library is the Midland branch, and it has always seemed very well-used. The computer stations are nearly always full, and there are typically many people using the tables for reading or working.
10562	7/10/2012	Very
10563	7/10/2012	Very
10564	7/10/2012	extremely well-used--always busy.
10565	7/10/2012	Very well used. It's always busy.
10566	7/10/2012	Its always very crowded.
10567	7/10/2012	Frequently used I believe. Both of the ones I attend regularly.
10568	7/10/2012	It is very well used and always full of activity!
10569	7/10/2012	Both - very well used.
10570	7/10/2012	I'm not sure that I would know how to judge this. All I can really say is that there are lots of other folks there whenever I go in.
10571	7/10/2012	It seems to be quite well used. I rarely go in and find it not busy.
10572	7/10/2012	Very busy whenever I have been there
10573	7/10/2012	Very. There is always something happening - Computer classes, book club, guest speakers, etc.
10574	7/10/2012	There are always people making use of our local library.
10575	7/10/2012	seems pretty well used
10576	7/10/2012	It's always packed. I accidentally arrived during the first Monday closure, and there was even a flock of people standing outside then, trying to get in.

10577	7/10/2012	This question doesn't make sense to me. If you're asking to describe if I think the library is used, I think so, but I'm not sure. If you're asking to describe if I use my local library, than yes. I do use it often. I wish it would either open earlier so I could go there before work, or that it would stay open a little bit later so I could go there after work.
10578	7/10/2012	amazingly well used! We borrow books, DVD's, Books on CD... frequently. There are three library users in our household and we all have something checked out almost all the time. I never go in that there are not lots of people there.
10579	7/10/2012	The parking lot is usually close to full especially if there are people using conference rooms.
10580	7/10/2012	busy most of the time
10581	7/10/2012	Very well used, it is always busy.
10582	7/10/2012	very Busy
10583	7/10/2012	WE LOVE IT!!!! very popular
10584	7/10/2012	It's a great location--everyone loves it
10585	7/10/2012	I Think it's very well used.
10586	7/10/2012	very.
10587	7/10/2012	VERY WELL USED. At least one of us in the house is there every other day.
10588	7/10/2012	Very- I need books regularly for school, and use my card nearly weekly to search the databases I can only access through the library web page.
10589	7/10/2012	It is in a great location near the farmer's market and many restaurants so it is convenient to our other errands.
10590	7/10/2012	very well used
10591	7/10/2012	The St. Johns Library is very well used. Tables are usually close to full and there is often a children's program going on. The parking lot is often close to full.
10592	7/10/2012	It appears very full when we go.
10593	7/10/2012	This question is too vague to answer. Are you asking if a lot of people go there, I have no idea. If you're asking if I go there often, you already asked that in question 2. If you're asking if it's old or run down, not particularly. Consider revising this question if you want accurate responses.
10594	7/10/2012	Well used
10595	7/10/2012	Seems to be well used. Actually we have just started using it and will likely use it more often in the near future. My husband's 87 year old mother uses the services delivered to Courtyard at Mt. Tabor--as she doesn't use a computer and is not able to walk much she would be lost without this service--or it would be another item added to the list of things we must do for her.
10596	7/10/2012	The library seems to be very well used with a good number of people on the computers and others borrowing books.
10597	7/10/2012	I like going to the Library, however when I am working full time I find it harder to get to the library on breaks from work. Easier after hours and on weekends. I find that there are many people using the Library whenever I am there.

10598	7/10/2012	I cannot do without it and it seems my neighbors feel the same, sinc it always seems busy.
10599	7/10/2012	It is well used student and the community use the N. Killingworth library for many reason. I used there computer lab for job search and other internet searches. Keep the library open for it helps millions of people to learn and asses to media, community events and worldly news.
10600	7/10/2012	Both of the branches I visit seem pretty well utilized. I typically see 20-30 people in the front section of the Hollywood branch when I stop by there. The Central branch is very heavily utilized from my visits.
10601	7/10/2012	The Gregory Heights Library is wonderful. I feel it is very well used even though it is quite small. I also love the fact that people of various cultures and ethnic groups use this library. It is so important for people to be able to walk to a local library, and I think the vast majority of people walk to Gregory Heights. The children's programs here are fantastic, largely due to Maria. They are well attended but not so crowded as is frequently the case at the Hollywood Library.
10602	7/10/2012	Each time I visit, there are always folks using the various spaces. The computers for internet access are usually completely occupied. The quiet rooms are occupied such that the periodical space table is used by teaching(?) discussions that are disruptive to others. The racks for online-accessed books on hold fill almost a whole wall. To summarize, all the spaces are usually occupied with print readers or people searching the stacks. The children's section is less occupied but is obviously sourced by parents for multiple take home print material. Importantly, there are people of all ages using the facility. I doubt predictions that e-books will eliminate the printed materials.
10603	7/10/2012	Well...the last book I checked out was in such disrepair I rebound it myself after Chapter 3 through 5 fell out of the book.
10604	7/10/2012	Extremely well used, always crowded.
10605	7/10/2012	lots of foot traffic
10606	7/10/2012	Always busy
10607	7/10/2012	I rely on the library as a constant source of new, interesting reading material.
10608	7/10/2012	Very good
10609	7/10/2012	The bike rack is pretty much full, whenever I am there. So it seems well used
10610	7/10/2012	well used
10611	7/10/2012	We use it for paper books, e-books, audio books, movies and music. The selection and support is amazing.
10612	7/10/2012	I always see a lot of people there.
10613	7/10/2012	Always busy!
10614	7/10/2012	Fairly well.
10615	7/10/2012	average
10616	7/10/2012	Not sure. It seems busy.

10617	7/10/2012	It seems very well used. The Fairview library is very small but it is very convenient to request books from other libraries. Whenever I go in there are many people using the computers, picking up holds, or browsing the magazines. The Troutdale library always has young children there reading and folks using the computers.
10618	7/10/2012	Very, very busy with non-native speakers who lothe the presence of white Amedricans. They make it VERY uncomfortable for many to visit and stay.
10619	7/10/2012	The Belmont branch, which is the library I visit the most, always seems very busy and well-used.
10620	7/10/2012	Very well used-- there are rarely even places to sit when I go.
10621	7/10/2012	There are always people there - and waiting for the doors to open! I don't think we've ever been there when there weren't others in the kids section.
10622	7/10/2012	It is always busy in there. There is usually a group waiting to get in when it opens.
10623	7/10/2012	I've never seen it empty, so its pretty well used.
10624	7/10/2012	Every time I go to the library they are full, middle of the day on a sunny day.
10625	7/10/2012	Very well. It is always full of people and I see community events there often.
10626	7/10/2012	People are usually waiting outside for the doors to open. There is a lot of activity every time I go in. I nearly always have to wait my turn to check out books. Lots of kids, too, wanting "more than ten" books to take home.
10627	7/10/2012	I currently use the Troutdale Library as it is right by my house. However, I believe with the Fairview Library in such close proximity, the Troutdale location is not a necessity but a convenience. Don't get me wrong, I love the convenience, but in this economy, and as a single working mother, I cannot afford more property tax.
10628	7/10/2012	I'm notglad sure what thisto question is asking. Belmont library Always seems very busy. Hard to find a spot to park so I usually try to walk there. The building seems in good repair and nice looking. Sellwood library gets a lot of daily use. Likely not more than a small percentage of the neighborhood actually uses it. I think a lot more use is made of the internet connection and the library computers than actual
10629	7/10/2012	book reading and checking out. How about a fee for computer use to access the internet and surfing? I never use the library computers either for looking up library materials or access to the internet, yet I contribute major support for this service since I am a property owner resident.
10630	7/10/2012	There always seem to be many people frequenting the library whenever I visit. I regularly use the online hold system, and most of the items I attempt to hold or renew are often already checked-out or reserved, with a waiting list of reasonable length.
10631	7/10/2012	It always seems very busy when we go.
10632	7/10/2012	Pretty good
10633	7/10/2012	It seems fairly busy when I visit that location.
10634	7/10/2012	Both are always busy.
10635	7/10/2012	usually seems busy

10636	7/10/2012	Quite well used.
10637	7/10/2012	Central Library is always packed!
10638	7/10/2012	Seems to be very well-used
10639	7/10/2012	The Belmont Library is always busy. In fact, I always have to park across the street because all of the parking spaces are filled no matter what day of the week I go to the library!
10640	7/10/2012	It's usually very busy.
10641	7/10/2012	Heavily used.
10642	7/10/2012	Generally pretty busy when we are there
10643	7/10/2012	Very well used! Folks from all walks of life.
10644	7/10/2012	very busy
10645	7/10/2012	Well, it's always busy!
10646	7/10/2012	The Gregory Heights branch appears to be consistently busy, and used by a wide range of ages.
10647	7/10/2012	I think it is well used, in that there are generally a lot of people there when I go.
10648	7/10/2012	The Central Library is a hub of activity. My husband and I even had wedding photos taken inside.
10649	7/10/2012	I live next to the main library downtown so it's used quite a lot.
10650	7/10/2012	extremely high use at Holgate -- n'hood has outgrown library very well used at Hollywood
10651	7/10/2012	I've since moved to West Linn (from NE Portland), and so my experience is slightly different. I do still use the Multnomah Library and am a huge believer in funding it properly. I am not sure what this question is asking. There are a lot of people there. I use to use it for internet connection, but now I have my own. I think the building/facility is used by kids a lot that do not have internet connection or strong family connections for after school or kids. □
10652	7/10/2012	I mainly use it to pick up books and media I have reserved on line. Seems like you should have different branches open on different days to cover the whole
10653	7/10/2012	I have seen plenty of traffic in the library. The selections are great.
10654	7/10/2012	seems busy whenever I go in.
10655	7/10/2012	very well used
10656	7/10/2012	Very well used.
10657	7/10/2012	It is very well used and well loved!
10658	7/10/2012	It always seems busy to me!
10659	7/10/2012	Well used
10660	7/10/2012	What a weird, unclear question.
10661	7/10/2012	I think well!
10662	7/10/2012	Very busy.
10663	7/10/2012	very busy
10664	7/10/2012	Its very busy up there at lots of different tims of the day.
10665	7/10/2012	It is always busy and filled with people.

10666	7/10/2012	It is usually busy when I am there.
10667	7/10/2012	Very well used
10668	7/10/2012	Very well used and excellently staffed.
10669	7/10/2012	very well used.
10670	7/10/2012	I have never been in the Belmont branch when it wasn't quite busy.
10671	7/10/2012	Keep providing less service for more money...that is a great business model! when I taught music - I would send the kids to the stacks to get music books.. I am retired now.. but still go there for myself.. a great shared resource..... saves so many lower income from buying music books ..for 1 or 2 tunes
10672	7/10/2012	
10673	7/10/2012	Our library is always bustling with people of all ages. It's a great community that we are thankful is available.
10674	7/10/2012	very well used. I would use Hillsdale more if they had a better selection of books I like. I enjoy mysteries, but they seem to focus on them too much. I appreciate their cd collection though, and often find interesting things. I love Central, it is really tops and it has everything I want, but it is not always open when I can get there, since the Monday closing began.
10675	7/10/2012	Look Busy
10676	7/10/2012	Very!
10677	7/10/2012	There is no parking at Kenton...
10678	7/10/2012	Pretty well-used.
10679	7/10/2012	very well used, it's always busy there, lots of people!
10680	7/10/2012	The Albina branch is always busy.
10681	7/10/2012	Very well used
10682	7/10/2012	very well used - always busy
10683	7/10/2012	Very
10684	7/10/2012	Whenever we go there, it's busy with lots of different activities going on.
10685	7/10/2012	Always pretty busy and people are always lined up before opening. Especially during storytimes.
10686	7/10/2012	well used. it's got a good range of people usually browsing around. It's also a great place to get things like knitting patterns for cheap, as well as a great place for me to pick up some reading. There are always lots of people in this small space. Also lots of books on the hold shelf at all times. I recently stopped by on Monday (whoops!) and discovered I was not the only one hoping to stop in. Later in the day at the dog park the library closure was a topic of conversation. So it feels to me like our library is a well used, frequented and important part of the community.
10687	7/10/2012	

10688	7/10/2012	The Gresham library is the one that I use the most. I have been using that library for the last 12 years and during the summer it is one of my favorite places to be. With the library's changing hours (and the fact that Borders is no more) I have had to find other places to go that are not as welcoming. I am not a fan of these shenanigans and yes, I am being serious.
10689	7/10/2012	They are loved.
10690	7/10/2012	It is busy all the time
10691	7/10/2012	very
10692	7/10/2012	very well used
10693	7/10/2012	Very!
10694	7/10/2012	It's the Central Library, there are LOTS of people here!
10695	7/10/2012	Belmont is consistently crowded.
10696	7/10/2012	seems to be quite active, people there doing various things whenever it's open, including kids. meeting rooms have activities.
10697	7/10/2012	Very well used
10698	7/10/2012	VERY WELL
10699	7/10/2012	I apologize, I don't understand this question. I can't speak for the daily traffic of my library but I use it often.
10700	7/10/2012	I think it's used very well. It's loved by all who use it and is never empty.
10701	7/10/2012	Both Belmont and Central are very well used.
10702	7/10/2012	Seems to be very well used
10703	7/10/2012	Very well used. It is almost always busy.
10704	7/10/2012	It seems very well used. There are always lots of patrons when I visit.
10705	7/10/2012	Very well used although Central seems to have a lot of homeless people who are just seeking shelter.
10706	7/10/2012	I am primarily interested in books on CD's. I check out 1 or 2 at a time, usually about once each month.
10707	7/10/2012	I believe that both Central and Northwest are well-used. Every time I visit, there are many people using the libraries.
10708	7/10/2012	My local library seems half to three quarter occupied by people the last four times I've visited in the past year. I don't visit the library as much as pick up and drop off of material I've checked out online.
10709	7/10/2012	I think it's very well used. We love our libraries. My grandchildren are always asking to go to the library. The Albina library seems very well used! It is always noisy.... but there is always a wide age range of people there using a variety of services.[]
10710	7/10/2012	The central library is so big, it doesn't seem as crowded, but there do seem to be a lot of people browsing, working on computers and checking out books[] I usually just drop books off at the NW location without going in, so don't really know about that location

10711	7/10/2012	The closest libraries to my house, Rockwood, Gresham and Midland, are always PACKED when I go there. Rockwood, for me, since it is so small -- but closest to my house -- I use primarily to bring holds in; though I have browsed the stacks occasionally. Because they are both so much bigger, if I need to do research or check out items now, I will use either the Gresham or Midland libraries. I'd say I go 2-3 times a month.
10712	7/10/2012	Is great! I love everything they do, the service is great.[] Thank-you guys very wuch!
10713	7/10/2012	There are always people there when I visit.
10714	7/10/2012	VERY !!!
10715	7/10/2012	Very
10716	7/10/2012	Well used, always busy but not crowded. Baby group well attended
10717	7/10/2012	very well used.
10718	7/10/2012	Always crowded all day, especially people trying to get there before closing time which fluctuates.
10719	7/10/2012	Just moved to NE and have not been to the local library.
10720	7/10/2012	There are at least a dozen to two dozen people every time I make a trip.
10721	7/10/2012	very, always full of people
10722	7/10/2012	very well used
10723	7/10/2012	We use the library more frequently than monthly, but maybe not quite weekly.
10724	7/10/2012	70 %
10725	7/10/2012	Seems to be very well used.
10726	7/10/2012	its normally full, especially the parking lot!
10727	7/10/2012	it is usually crowded when we are there, no matter which day.
10728	7/10/2012	Seems very well, always busy.
10729	7/10/2012	Hollywood is plenty busy!
10730	7/10/2012	It is always packed with all sorts of people.
10731	7/10/2012	It seems like there are always people using the computers and reading/working at the library. I really enjoy being at the Gresham branch.
10732	7/10/2012	Holgate always seems to be bustling with people in the stacks and on the computer. I can always get help at the desk as well. We go to the Troutdale library and no matter how often we go or what time of day it is the library is in full swing. (which I love!)[]
10733	7/10/2012	It's well used and well loved!
10734	7/10/2012	Looks really busy to me, I've heard tell it has the highest circulation of all the libraries...
10735	7/10/2012	We visit multiple times per week. Woodstock library is a center of the community with people constantly coming and going. We would gladly pay for more hours open.
10736	7/10/2012	Very well used. Parking is at a premium during busy times, and the computers seem to be constantly busy.

10737	7/10/2012	It's always full of people, and all generations are there every time I come in. It's so diverse and happy, and it's a great representation of what a public library could and should be like. It is very well used.
10738	7/10/2012	Very. It's frequently well-populated when I visit, even for such a small library. One Saturday morning last month, I noticed a large crowd had formed just outside of the library doors. Upon investigation, I discovered that they were all just waiting for it to open.
10739	7/10/2012	Hillsdale seems to be moderately busy anytime I go.
10740	7/10/2012	I have no way of knowing. I've observed people lined up at the door when it opens. With the new check-out machines I haven't seen a line for check-out. Library always seems to have a good number of people, but not crowded. Not skimpy. Just about right.
10741	7/10/2012	It is always full of families, seniors and others. All computers are usually occupied and tables occupied with library users reading magazines, newspaper and other reading materials. Very active library.
10742	7/10/2012	It is always busy!
10743	7/10/2012	Based on personal observation, Capitol Hill branch is heavily used. The norm is a number of people waiting for doors to be unlocked, using various library services, etc.
10744	7/10/2012	sometimes real busy - other times not so much last year a couple of times real loud ethnic music blaring - not against that BUT a library is supposed to be quiet. Take the music to a room away from where people are trying to read or ? In these times of modern electronic wares, e-book and readers, the library might not be so busy. The Rockwood library parking lot was upgraded and a lot of money spent on fancy brick pattern, etc. Looks nice but does it really make a person want to go to the library more? don't think so! Some money should have been put away for a rainy day and used when needed most. People don't always have money to step up and give and give. Need go go back to some real values.
10745	7/10/2012	Very. Computers always full. Lots of kids. Almost always folks waiting to get in when it opens.
10746	7/10/2012	very busy
10747	7/10/2012	Fairly brisk...have never seen it what I would call 'empty'.
10748	7/10/2012	I visit about 3 times a week and have no problems finding what I need.
10749	7/10/2012	Looks pretty busy during weekend when I visisted
10750	7/10/2012	very well used.
10751	7/10/2012	very
10752	7/10/2012	Very well
10753	7/10/2012	It always seems really crowded, lots of people coming and going at all hours of the day.
10754	7/10/2012	I think it's used frequently by many people. It's a vibrant and essential part to the community.
10755	7/10/2012	it is always busy when we are there and a wonderful resource which is held in high-regard by the neighborhood.
10756	7/10/2012	Very well used!
10757	7/10/2012	Well used
10758	7/10/2012	Very well used.

10759	7/10/2012	It always seems busy.
10760	7/10/2012	It is always busy. All the services seem to be frequently used.
10761	7/10/2012	It seems to be used fairly well. I usually pick up books that I have placed on hold so I am not in the library for any length of time.
10762	7/10/2012	foot traffic always appears brisk when i stop in
10763	7/10/2012	There always seem to be many patrons in the library at the times I go in, so I would consider it "very well used."
10764	7/10/2012	I feel that everytime I go to the library there are always people in there. It is great for kids and I hope we can continue to provide this service for our children to get them to read.
10765	7/10/2012	It is always very busy. From people looking for books to people using the computers
10766	7/10/2012	very well used, high traffic
10767	7/10/2012	Our Gresham Library is always busy when we are there. The computers are usually all being used and events are well attended.
10768	7/10/2012	I see it busy and full of people especially psu students trying to study there.
10769	7/10/2012	Every time I have been there, it is packed with patrons doing all sorts of things. I would say it needs MORE funding, not less.
10770	7/10/2012	Very well.
10771	7/10/2012	Looks well used to me: hard to find seats, people at desks
10772	7/10/2012	I always see a lot of people there and the parking is always full. It is especially busy because it's near a high school and community college and is on a major bus line. I also see many people who walk to the library like I do, which is really great to see.
10773	7/10/2012	(Re: question 2 - we actually go 2-3x/week, as well as stopping by our old branch in Wash Co/West Slope.) It seems to be well used! We well use it. We moved a couple months ago to Hillsdale and love being in walking distance of the library. My toddler and I walk over all the time to go to the programs or just look at books.
10774	7/10/2012	Both at Belmont, which I still use occasionally, and Woodstock seem to have good staff and a good amount of people using various available services - Belmont more than Woodstock.
10775	7/10/2012	They always appear to be busy, with lots of activity. I use different libraries because I drive back and forth to Mt. Hood Community College, so different library locations are convenient at different times for me. Also, I have heard from several people that they are concerned about reduced hours--they want to be sure with their job hours that they can continue to use the local libraries. I also advocate for local libraries with my students because it involves them in the community in positive and economical ways for the whole family. thank you, Kristine Wood: 971.404.4868

10776	7/10/2012	I would think the Hollywood library staff could answer this question better. To me, it seems like this branch is well used, meaning many people using the computers, checking out books, attending classes for adults and children. Despite the many number of people who use this library every day (or almost every day), it is generally clean and well-organized. It is always busy! Your youth librarian at the Gregory Heights branch, Maria is FABULOUS! She involved my entire family in the Jr. Rose parade this year! [] We LOVE your Summer reading program. My 7 year old is several grade levels ABOVE her age group in reading. I'm so grateful because we can't buy enough books to keep her satisfied! I also APPRECIATE that I can send my students to the Rockwood library in Gresham. I teach reading classes as an intervention in the area and 95% of my students have never been to the library, nor do they know how to check out books. 90% of them come from families whose first language is not English, even those born in Gresham, shockingly have parents who don't read to their kids. Their last happy memory of reading was in Kindergarden having a book read to them. SOOOOO your librarians in the Rockwood area have also been FABULOUS and helped me get paperwork so I can take it to the students and they can get library cards and now (for extra credit) place books and DVD's etc on hold for FREE:) I like that 99% of my reluctant readers now like reading! I also want to give a HUGE shout out to your head librian Ms. White in the North Portland Library. Her art programs like making luminaries are so culturally honoring and fun for kids of ALL ages! You are the best investment in the area and the main reason why I refuse to leave Multnomah County (even over having more land!)
10777	7/10/2012	Very well used.
10778	7/10/2012	Seems pretty popular
10779	7/10/2012	It's very, very busy.
10780	7/10/2012	Very well used, a great library.
10781	7/10/2012	Very well used
10782	7/10/2012	There always seem to be a people in there, so I would say pretty well.
10783	7/10/2012	very
10784	7/10/2012	well used.
10785	7/10/2012	too busy
10786	7/10/2012	Always very busy
10787	7/10/2012	Well used.
10788	7/10/2012	always a good flow of people. lots of families.
10789	7/10/2012	Seems to be used rather frequently.
10790	7/10/2012	It is well used, but still looks like new.
10791	7/10/2012	Seems busy whenever I'm there. I've also performed kids music there and that seems well-received.
10792	7/10/2012	Very well - great to see a line waiting for it to open!
10793	7/10/2012	I think the Belmont branch is well used. Often when I am there all the computer stations will be full and there seem to be a lot of families there for summer reading.
10794	7/10/2012	It is always busy when I drop in.
10795	7/10/2012	Very well used, if the number of people in the library when I'm there is an indication.
10796	7/10/2012	

10797	7/10/2012	From my observations, yes!
10798	7/10/2012	Everyone is helpful; I am always able to accomplish what I go there to accomplish.
10799	7/10/2012	Appears to be heavily used.
10800	7/10/2012	All three of my most frequented libraries are always busy, lots of activities, multiethnic, the employees and volunteers exceedingly helpful.
10801	7/10/2012	Always busy with wide range of patron ages using various services.
10802	7/10/2012	All of the libraries I use appear to be vital community assets that have active donor bases and communities supporting them. I hope that we can leverage the support that these libraries receive to offset the costs of maintaining libraries in underserved communities. Libraries are an essential part of the community, for students and families to access quiet work spaces and supportive services like computers, internet and biblio resources.
10803	7/10/2012	Exceptionally well
10804	7/10/2012	Extremely busy, all the time!
10805	7/10/2012	Seems reasonably crowded on a regular basis
10806	7/10/2012	Very well used.
10807	7/10/2012	Highly used
10808	7/10/2012	Very.
10809	7/10/2012	It seems to be pretty busy whenever I go in.
10810	7/10/2012	I see lots of people in there at all hours of the day
10811	7/10/2012	Very well used.
10812	7/10/2012	The St Johns library is always nearly full of patrons, there is nearly always a wait to use a computer.
10813	7/10/2012	It seems to be pleasantly populated whenever I go in, which is almost daily.
10814	7/10/2012	Very well used and loved!
10815	7/10/2012	It is always really busy when I stop in to pick up my books on hold. Too noisy to actually to browse for more books. I just run in and out.
10816	7/10/2012	Very well used. And it is excellent to have such a big collection and open so often.
10817	7/10/2012	Very well used, the parking lot is always at least two-thirds full.
10818	7/10/2012	Very well used.
10819	7/10/2012	Enormously well used and well loved.
10820	7/10/2012	Very well used by the community.
10821	7/10/2012	fairly busy
10822	7/10/2012	The Central Library is excellent
10823	7/10/2012	Very- there are always many people there and I really appreciate going there with my young daughter.
10824	7/10/2012	Its not over crowded...which is nice. Seems like an even stream of people coming in and going out. Good variety of books.
10825	7/10/2012	It is usually quite crowded and it isn't very often that I see a book or other media more than once in a month.

10826	7/10/2012	Always seems filled. A lot of high-schoolers are there also doing homework and on the computer, maybe because it's so close to Jefferson.
10827	7/10/2012	The parking lot, the bike racks, and street parking nearby all seem to be full pretty regularly when I visit. All areas of the building seem to be being used when I'm there.
10828	7/10/2012	I have no idea what this question is asking.
10829	7/10/2012	It always seems busy: computers in use, folks checking out items, full hold shelves, lots of kids in teh children's area, story hours full of smiles and chatter, bike racks full. We go tothe library 2-3 times a week and it is always alive and humming.
10830	7/10/2012	Always seems to be well used at all times of the day.
10831	7/10/2012	Very! There are always people present.
10832	7/10/2012	very well
10833	7/10/2012	Fairly
10834	7/10/2012	medium
10835	7/10/2012	Somewhat well used.
10836	7/10/2012	Very well used.
10837	7/10/2012	It is very busy every time I am there.
10838	7/10/2012	very well-used.
10839	7/10/2012	It is always busy when I go inside.
10840	7/10/2012	don't know (Multnomah County wasn't on your list)
10841	7/10/2012	It is always busy when I am in there. I appreciate the staff and the up to date books that I find in the library.
10842	7/10/2012	The Belmont library is always busy!
10843	7/10/2012	Always seems busy, especially the computers
10844	7/10/2012	It is extremely well used. There are many patrons daily. It's definitely a community resource that needs to be funded.
10845	7/10/2012	Over-used - the building was too small when it opened and the computer terminals and keyboards are so well-used that the print on the keys is coming off
10846	7/10/2012	Very used! It is always full when I go.
10847	7/10/2012	There are always alot of people.
10848	7/10/2012	Always busy
10849	7/10/2012	Albina always seems busy whenever I go in. Lots of activity, usually a line to check out.
10850	7/10/2012	Extremely well used. Programs for young children have always been full when I atend them with my grandson. I always see people at the computers and the librarians are always busy.
10851	7/10/2012	I am extremely appreciative of the libraries, both at Central and Hollywood. The choice of new books is amazing at both. Staff are so kind. I do believe both locations are heavily used, at least every time I go there, the places are full.
10852	7/10/2012	Very well used.

10853	7/10/2012	seems busy most of the time. I was there this morning, 7/10, and it was in full swing with the new 11:00 AM opening time. It's usually busiest in summer with school children.
10854	7/10/2012	very well, usually saturated,
10855	7/10/2012	I see a lot of traffic at the NW branch, from children-related programs to online users to traditional book-lending. I have been popping in 2-3 times a week for the last 4 years.
10856	7/10/2012	Pretty busy all the time.
10857	7/10/2012	very busy
10858	7/10/2012	Very well used
10859	7/10/2012	Fairly well used, but not as bustling as it probably has been in the past
10860	7/10/2012	Always seems busy. I consider it well used
10861	7/10/2012	Well...
10862	7/10/2012	It's busy all the time.
10863	7/10/2012	It's always pretty busy. Very resourceful, great staff, so no surprises.
10864	7/10/2012	Always lots of people of all ages are there whenever I go to the library
10865	7/10/2012	Well
10866	7/10/2012	Fairly
10867	7/10/2012	They are being heavily used every time we visit
10868	7/10/2012	In my opinion it is usedd heavily and often
10869	7/10/2012	Very! I always see Albina branch nearly full. It is a staple of our neighborhood.
10870	7/10/2012	There are always patrons present when I have been there, at a variety of daytime hours.
10871	7/10/2012	Very well used...always full when I'm there.
10872	7/10/2012	It's always full!
10873	7/10/2012	So well used that it is often difficult to find parking.
10874	7/10/2012	Very well. Usually many other patrons when I visit.
10875	7/10/2012	Very well. There's always people there, and often a line outside the door before opening.
10876	7/10/2012	Heavily used.
10877	7/10/2012	This question makes no sense. Do you mean how well do people use it, how well do I use it, how well is it to use. Please make sure questions make sense before putting them on a questionnaire.
10878	7/10/2012	I have two young kids and we go there 1-3 times a week. We read books, attend programs, play the games in the library. It is a great place to be with the kids. I also know that the library is a great safe place for kids who don't have their parents around as much and could be out getting into trouble. It would be great to have more activities for middle school and upper elementary aged kids as well as high school. I love our library system and we use it a lot!
10879	7/10/2012	It's always been busy when I've been there
10880	7/10/2012	Its overcrowded

10881	7/10/2012	We visit the Albina branch 3 times a week - usually in the early afternoon or evening hours. Each time we are there it is bustling with members of all ages.
10882	7/10/2012	Very well
10883	7/10/2012	Seems pretty well-trafficked. Every time I've been in there, there are many people inside.
10884	7/10/2012	It's always busy
10885	7/10/2012	I usually go to the downtown library, and I always see a lot of people inside.
10886	7/10/2012	Very well used
10887	7/10/2012	quite well
10888	7/10/2012	Extremely well used, and loved
10889	7/10/2012	Looks fine
10890	7/10/2012	It always seems to be full! =)
10891	7/10/2012	It's very used. However I feel like it's mainly used by the homeless who live downtown and come in to nap. I just moved to town and have very little experience with a city library. I was a little shocked.
10892	7/10/2012	Busy. Always at least 10-12 people in the Albina library at any given time.
10893	7/10/2012	I think pretty well? The last time I was there, it was busier than I remember it usually being.
10894	7/10/2012	Very well used.
10895	7/10/2012	many many children and families enjoying library and its programs and just sitting and reading together
10896	7/10/2012	I use the system a lot
10897	7/10/2012	sometimes busy
10898	7/10/2012	It always seems busy when i've gone.
10899	7/10/2012	It seems pretty well used to me. There are always a lot of people there.
10900	7/10/2012	Every time we have visited the library it has been quite busy, so it appears the Gresham Branch is a very active branch.
10901	7/10/2012	I visit the library at various times and there are always many patrons there.
10902	7/10/2012	Very useful. Easy to find my way around at St Johns Library. Staff being knowledgable and friendly.
10903	7/10/2012	Every time we visit the library it is busy with all ages, etc., represented. It is a wonderful neighborhood asset.
10904	7/10/2012	very well used
10905	7/10/2012	Well used
10906	7/10/2012	It is almost always filled with users/visitors
10907	7/10/2012	My local library is very well used, efficient and a great environment.
10908	7/10/2012	I don't really know It seems there are often many people there when I am there Whenever I visit either branch, there are always a significant number of people. []
10909	7/10/2012	The computers at the NW branch are always occupied. In the Hollywood branch, I see people utilizing the quiet rooms which are available.

10910	7/10/2012	The Belmont library is the one I use the most. It always seems pretty busy. Personally, I tend to use this library as a place to pickup books I've requested through the online system, because the number of books at the branch itself is fairly small. If I want to browse I go to Hollywood or the Central library.
10911	7/10/2012	very well used
10912	7/10/2012	Very
10913	7/10/2012	it's busy
10914	7/10/2012	Very, always busy.
10915	7/10/2012	Very, it is always busy.
10916	7/10/2012	a lot
10917	7/10/2012	Like a 2 bit whore?
10918	7/10/2012	Very well used, it is mostly busy when we are there.
10919	7/10/2012	Always packed there.
10920	7/10/2012	Sufficient to well used range
10921	7/10/2012	Our library branch is always swamped--usually just shy of crowded! It's great to see so many people using the library, but inner SE seems to need another branch.
10922	7/10/2012	Very.
10923	7/10/2012	There always seems to be a lot of patrons in the Hillsdale branch, no matter what time of day I go in. Every book I've checked out has been in good condition.
10924	7/10/2012	I don't know the stats, but it always seems quite busy.
10925	7/10/2012	Very!
10926	7/10/2012	don't know
10927	7/10/2012	very busy
10928	7/10/2012	Both our local libraries are always full with people!
10929	7/10/2012	Albina is small, but there is always a crowd when I visit.
10930	7/10/2012	Well used.
10931	7/10/2012	very well
10932	7/10/2012	I think they are very well used. They always seem to be pretty busy when we are there.
10933	7/10/2012	nicely used - esp. from Wilson students in the winter
10934	7/10/2012	Full every day that I go in there. Need more computers :)
10935	7/10/2012	Very well-used.
10936	7/10/2012	The hold shelf is always groaning with items for pick up, there are always loads of people there at all times of day. Patrons range in age from the very young to the very old.
10937	7/10/2012	My closest library (Hollywood) is extremely well used. In fact, I now have my holds sent to Gregory Heights, which is also well used but can process holds faster.
10938	7/10/2012	very well used. It's always busy when I'm there. I go more than monthly, but less than weekly
10939	7/10/2012	People wait outside the doors waiting for the library to open and there are always several people using the library whenever go, but browsing the shelves and using the computers.

10940	7/10/2012	Very well. The Central Library is an invaluable resource for books not help by the Portland State University, and the Belmont Library computer lab is always in use.
10941	7/10/2012	The libraries I use are always full of people whenever I visit.
10942	7/10/2012	good. i find almost everything i want.
10943	7/10/2012	Our library is very well used. I've never seen it empty. Depending on the time of day, there can be lots of children there. Also, older or less-well-off community members seem to utilize it (and the librarians) often. And people are always going in and out to check out holds or find books/media.
10944	7/10/2012	The Gresham Library always seems busy. The library is smaller but as it is so easy to have books or media transferred to your local library it is perfect for my needs.
10945	7/10/2012	Extremely used! I use the library every 3 or so days up to every other day. I sign onto the online catalog almost daily. I love how it supports families and young readers, even though I don't use it for that purpose.
10946	7/10/2012	I am there at least once a week - sometimes twice. If I arrive before it's open, there is ALWAYS a line waiting to get in. There are all ages - not just young people there for computer use. ¶ ¶ I was at Holgate about 11:30 this morning, and, I wouldn't say crowded, but very busy.¶ ¶ The staff does a remarkable job looking after the needs/wishes of everyone
10947	7/10/2012	Library personnel has helped to secure materials when I was taking a class as well as helping to gain materials of interest. Although I have not used some of the programs the library offers, I can see the value to others. I know that the library personnel is working hard to provide new technology sources for young people as well as seniors. The system sends email; when materials are due or available. In my opinion, this is one of the best library systems I have been privileged to be a part of and I have lived in five states. I can only hope that monies can be found to maintain this excellent system.
10948	7/10/2012	Seems busy, especially computer labs.
10949	7/10/2012	very well used
10950	7/10/2012	very will used. It is always busy.
10951	7/10/2012	very well used
10952	7/10/2012	very
10953	7/10/2012	Very active.
10954	7/10/2012	Very.
10955	7/10/2012	Very well used
10956	7/10/2012	Well-attended but not packed.
10957	7/10/2012	always crowded
10958	7/10/2012	I'm not sure what "well used" means in this context. There are always lots of people, and both libraries we frequent are clear and well stocked.
10959	7/10/2012	Busy

10960	7/10/2012	very well used
10961	7/10/2012	Constantly a busy and bustling place. Often, people are waiting outside for the doors to open.
10962	7/10/2012	I would know as I don't use the library and really don't know of anyone else that does as well.
10963	7/10/2012	Always busy. Good programs for a wide range of community groups (kids, elderly, knitting groups, etc.). Also public meetings. The library functions as a community center of sorts.
10964	7/10/2012	It is always packed with people. They are checking out books and materials. There are usually people waiting to use the computers. They are very popular.
10965	7/10/2012	It seems to be used regularly for a steady stream of individuals.
10966	7/10/2012	it seems busy and vibrate
10967	7/10/2012	It always seems busy and parking can be difficult.
10968	7/10/2012	Very busy every time I visit.
10969	7/10/2012	Well used?
10970	7/10/2012	I personally think the library is very well used. Foot traffic is impressive. It is obviously a community resource that is respected and needs to be funded.
10971	7/10/2012	There's always people in there. Dont understand the question.
10972	7/10/2012	It always seems full
10973	7/10/2012	Very well.[] Please consider rewording the question, so more people could elaborate more on it...)
10974	7/10/2012	It always seems to be fairly busy, but not crowded, when I go to the Hollywood library. People within the community definitely take advantage of the facilities and services that are offered there. It is always crowded.[]
10975	7/10/2012	Those times I have arrived before opening time, there is often a crowd of people waiting for it to open.[] The Kenton Library is likely the busiest location in old Kenton.
10976	7/10/2012	Barely use it. I used it recently only to look in the oregonian archives for a newspaper article.
10977	7/10/2012	Very well-used. I always see people lined up to use the computers, kids are there for activities, people browsing the stacks. There are always lots of reserved books on the shelves for that purpose, so I know lots of people are reserving books online.
10978	7/10/2012	It seems to be very busy. The computers are always full, and there are always many people in there reading or browsing through the books. There is a homey atmosphere in our library and I'm sure it is felt by all who come in.
10979	7/10/2012	In the times I have been in to check out books and media, it has been lightly to moderately used. I would estimate in the range of 10 people also in the library.

10980	7/10/2012	Especially the Gresham one is busy. I am blessed (but question the finances involved) to be within easy access of Rockwood, Gresham, Fairview, and Troutdale Libraries. Does East Mult. Co. really need 4 libraries? The Troutdale one is convenient as I drive in and out of Gresham, but is often near empty and does not serve a walk in population. □ People I hear from are upset that the levy was promoted to maintain current services, they passed it; but then service was reduced. Poor public relations.
10981	7/10/2012	My impression is that Belmont is a busy branch in terms of computer usage and media being checked out; the hold shelves are always full. I don't know how others are using the library, but I use the online request system a lot, and go to Belmont to pick up requested materials. While I still like to peruse the stacks, I admit to doing less of this than I once did. I go to the library a few times a week.
10982	7/10/2012	I would think that our library is very well used and is an important part of our community.
10983	7/10/2012	very much used
10984	7/10/2012	It always seems busy when I am there.
10985	7/10/2012	it's always pretty crowded
10986	7/10/2012	Very well
10987	7/10/2012	Both libraries always seem to be busy to me.
10988	7/10/2012	Not sure what is intended by "well used" but if question is to how busy the Hollywood branch is, it is always busy, and sometimes quite crowded.
10989	7/10/2012	It seems very well used whenever I go in there. Lots of people.
10990	7/10/2012	It's always pretty busy when I go in.
10991	7/10/2012	Very Well used
10992	7/10/2012	Very well used - great neighborhood spot!
10993	7/10/2012	Our local library always seems busy but not overcrowded when we go. We typically request books online and then pick them up in person, and sometimes select and pick up children's books while we are there.
10994	7/10/2012	Very well used
10995	7/10/2012	Quite well used.
10996	7/10/2012	Very well used. It is a gem in our poorly funded community.
10997	7/10/2012	Very well used, the library is always busy and very popular, especially among young adults/ teenagers.
10998	7/10/2012	It seems well used. It has a great location.
10999	7/10/2012	Seems to be used a great deal. People are always there.
11000	7/10/2012	All branches that I use are always very busy.
11001	7/10/2012	I'm not certain how to answer this, but in the past whenever I've gone in it seems to be quite active. The computer access apperas to be very popular.
11002	7/10/2012	The Kenton branch seems to enjoy good user traffic, based on the times I've visited.

11003	7/10/2012	Very. There are always lots of folks in the library
11004	7/10/2012	Seems to be really busy most of the time I go by or stop in
11005	7/10/2012	Seems busy when I go
11006	7/10/2012	There are always people there. I've never seen any of the libraries empty. I know several people who always have multiple books checked out. The waitlist for new release titles is long enough that there is certainly interest in and high usage of the online reservation system.
11007	7/10/2012	From what I see It looks like it gets used a lot.
11008	7/10/2012	When I stop in at either locations, it's never empty. About one or two computers are free, so you don't have to wait.
11009	7/10/2012	Our local libraries are a resource the community depends upon for all the services I've ticked above, and more. A well educated populace can only make a community stronger, and libraries are key to educating any population.
11010	7/10/2012	The Belmont branch always seems pretty busy. I have always been pleased with the service there. I have generally please with the overall selection of materials from Graphic Novels to more obscure authors. Over the last decade I would say that our library system is somewhere between good and great.
11011	7/10/2012	At the times I go, both of the libraries that I frequent are busy. People appear to be utilizing books/other media and the taking advantage of computer access.
11012	7/10/2012	The library looks like the lively, vibrant, safe, and inclusive heart of the city (I should say "county", but the Central Library seems key to the very center of Portland). People fill the stairs to wait outside the gates at opening time: some looking for shelter but others just eager to access what the library has to offer. It is always, always full of people.
11013	7/10/2012	very well used - both are always busy
11014	7/10/2012	I don't know, really.
11015	7/10/2012	it always seems busy.
11016	7/10/2012	I think it's very well used.
11017	7/10/2012	Very well used. It is always busy at St. Johns and Kenton.
11018	7/10/2012	It is a fixture of our neighborhood, and is always busy and bustling when I am there.
11019	7/10/2012	? What is meant by this?
11020	7/10/2012	It seems well used by young families and children. Also, I see a lot of older adults using it and reading papers or accessing the internet.
11021	7/10/2012	very! almost too well used! I'd go to Albina more often if it wasn't so busy!
11022	7/10/2012	St Johns is well used and well loved by all kinds of neighbors!
11023	7/10/2012	It varies. It is not uncommon to visit and find that its not very busy.
11024	7/10/2012	Very well used.
11025	7/10/2012	belmont always seems to be busy.....lots of folks on computers and picking up stuff

11026	7/10/2012	It seems very busy all the time. People are always coming and going, dropping off and picking up books. On the weekend, there is a line-up of folks before the library even opens. I think most of them want to get on a computer.
11027	7/10/2012	The library computers are ALWAYS in use with a group of patrons waiting their turn. Also many others using their own computers or the library laptops. See lots of tutoring going on as well as the usual story hours, etc. Conference/meeting room is almost always in use when I'm at the library.
11028	7/10/2012	These libraries are very busy, especially in the summer, with programs for children. Even when kids are not present, all three (Kenton, North Portland, and Central) have folks waiting for computers and utilizing employees for help with media searches.
11029	7/10/2012	The libraries I visit are always very well attended. The library I use most often, Holgate, is a great community resource for the whole neighborhood, especially for the high number of immigrant families in outer SE Portland. The programs our library offers are invaluable!
11030	7/10/2012	Every time I visit the library or even drive by, it is always busy. Before the library opens in the morning, there is usually a line of people waiting to get in. Both Libraries seem full when I visit. []
11031	7/10/2012	I've moved from St. Johns so I don't visit that branch so often it was very full in the afternoons and evenings; particularly during the school year.[] The Kenton branch seems to have plenty of partons when I have visited.
11032	7/10/2012	It is very well used. It will be hard to have it closed on day of the week as it is always busy when I am there. I pick up books generally every week or sooner. It is extremely important to me to have access to the library. I have a traumatic brain injury and cannot read or watch movies/tv, so library audio books are my only access. As I need to spend long hours in solitude in bed, audio books keep me "sane".[] [] Thanks for doing your best!
11033	7/10/2012	Usually, suits my needs well. I appreciate that there two computers available for quick use, such as printing. Sometimes, the library is quite loud making it difficult to study.
11034	7/10/2012	Very!
11035	7/10/2012	okay
11036	7/10/2012	Don't understand this question.
11037	7/10/2012	It's usually busy.
11038	7/10/2012	fairly well used. it would be nice if the librarians at the holgate location were more friendly. They are typically very short, and cold.
11039	7/10/2012	Very busy. Especially newspaper/magazines and computer terminals
11040	7/10/2012	it's well used.
11041	7/10/2012	very well used
11042	7/10/2012	appears busy each time I am there

11043	7/10/2012	It seems to be very busy every time I go. Folks use computers, check out books, attend storytimes.
11044	7/10/2012	They're always busy when I'm there.
11045	7/10/2012	It appears to be very busy! Always a waiting line for it to open in the mornings and it is busy throughout the day/evening.
11046	7/10/2012	Very busy.
11047	7/10/2012	Not really sure. Hillsdale is my local and I think it is on a 6-day schedule now.
11048	7/10/2012	Quite well used in the sense that people use it frequently. It isn't run down if that is the sense meant by the question.
11049	7/10/2012	Extremely well used.
11050	7/10/2012	It seems very well used. Whenever I am at the library there are a good number of people there.
11051	7/10/2012	Quite well. There are always people inside and I often have to put books on hold to get them.
11052	7/10/2012	It seems to be used a lot. However, they remodeled the front lobby/checkout area a couple of years ago but the way they configured it wastes space that could hold books.
11053	7/10/2012	Always busy with lots of people every day. Lots of kids seem to like the library. I like it too. I appreciate the library staff who are helpful to me when I need to research on certain subjects.
11054	7/10/2012	I use the library as much as possible. It's very convenient when I need certain books or media.
11055	7/10/2012	The Central library in downtown, is overwhelmed, I believe. We are at a crisis point. I am not sure how our biggest libraries, will be able to continue to serve the common good. They serve so many different groups, in fact. I am fortunate to have internet at home, so I do not need to go to my local library for resources, but I can not speak for those, who do not have such important & vital luxuries. Many jobseekers are trying to go online, and apply for positions, but when the waiting list for a computer grow longer, they get discouraged. How can anyone apply online for jobs, when the limit on computers is an hour? Something needs to give, sooner, or later! Thank you!
11056	7/10/2012	It is always busy!!
11057	7/10/2012	I usually go to Central so much used.
11058	7/10/2012	Always busy and a wonderful location!
11059	7/10/2012	it is often very busy.
11060	7/10/2012	Well used.
11061	7/10/2012	Very much
11062	7/10/2012	I see kids and adults in there all the time...except Mondays.
11063	7/10/2012	Marginal
11064	7/10/2012	Very well. I enjoy it there. It is always busy!
11065	7/10/2012	Very well used
11066	7/10/2012	Very well used- always bustling
11067	7/10/2012	It appears to be fairly busy every time I am in there.
11068	7/10/2012	very well used. There are times when i am using it weekly and other times when i am a less frequent user.

11069	7/10/2012	It seems to have people in a variety of spaces within the library.
11070	7/10/2012	Very well used. There's a line at the door every day at opening. All computer stations are usually occupied.
11071	7/10/2012	Well used, always busy. Used by all segments of the local population.
11072	7/10/2012	Very well used. All four family members in this house regularly check out books, books on tape, DVDs and Cds from the library weekly.
11073	7/10/2012	Do not really understand the question. If you mean, is it busy when I'm there, I'd say, yes.
11074	7/10/2012	Everytime I go to my local library, there are always people there. I know that with the library, people are having access to day to day things that they just don't have at home.
11075	7/10/2012	There's usually a large group of people at my library. All of the long-term internet computers are usually being used, however I don't have any problems gaining access to the quick check computers which provide internet access for 15 minutes. Most of the time I use the computer because I don't have a printer at home.
11076	7/10/2012	My children are now 14 and 18 and we've gone to our Belmont library since they were one year old, checking out books, going to story hour, doing the Summer Reading program, all the way to checking books out for school reports and finding new music on cd's. We love our Belmont branch!
11077	7/10/2012	It is always busy when I am there and filled with children in the summer. The staff is very friendly and helpful.
11078	7/10/2012	very very busy
11079	7/10/2012	IT always seems busy so I think it is heavily used!
11080	7/10/2012	Very
11081	7/10/2012	It is always very busy. I am in there once a week, sometimes twice.
11082	7/10/2012	It seems to be one of the busiest branches.
11083	7/10/2012	Whenever I go in there it is usually really busy.
11084	7/10/2012	Always seems pretty busy.
11085	7/10/2012	Very well used.
11086	7/10/2012	very
11087	7/10/2012	Central is always busy, not as familiar w/ North Portland location
11088	7/10/2012	very well used.
11089	7/10/2012	Very well used, and would be more so if the hours were longer.
11090	7/10/2012	Not sure what you mean but I do see many people there and I'm glad you let homeless people use the restrooms and reading tables.
11091	7/10/2012	heavily used
11092	7/10/2012	Albina seems to be busy all the time. Hollywood is also well used.
11093	7/10/2012	It always seems to be people there I would say it is used alot

11119	7/10/2012	The Belmont branch is always busy and many families use the children's activities.
11120	7/10/2012	Since I have no printer connect to my PC, whenever I need to something print out, I use your computer with small money.
11121	7/10/2012	Very well used. It is a revolving door. Parking is tight because a lot of people use it.
11122	7/10/2012	Very well used, it's always busy when Im there. Sometimes we might not get into Storytime if we are late because the room is at its maximum.

11137	7/10/2012	per Fairveiw Library it has higher usage than hours open. The hours are difficult for me to use so I use Midland a lot. It is definately high use.
11138	7/10/2012	It is usually quite busy when we are there. The computers generally are all in use with a short wait.
11139	7/10/2012	Kenton is my closest branch, and it's small but well-laid out. It does get crowded, but I think that must speak to how much the community has grown to depend on it.
11140	7/10/2012	I go to Central Library during the week, it's always crowded. It's well kept, doesn't seem runned down.
11141	7/10/2012	I don't use local library very often, but it seems well organized and definitely busy. I primarily use L2Go. Always have maximum number of titiles to check out and and to have on hold.

11162	7/10/2012	I would guess very well. It is always full of people when I go there.
11163	7/10/2012	For the computers... heavily used.. but I noticed that that has been the main focus of the Library system. It seems that providing media access has taken priority over everything else lately.[] []
11164	7/10/2012	Books are bought... but at a much lower rate than ever before. alot

11170	7/10/2012	very very useful
11171	7/10/2012	I don't understand this question. Well used by the public in general? Well used by me? What do you mean by well used?
11172	7/10/2012	very well used, every time i go there it,s always full.
11173	7/10/2012	The Hillsdale library is always full of people. The computers are all in use, the magazines are all being read, the newspapers are being read, people are picking up holds, wandering the stacks, looking at the new books, kids are being read to, the reference librarians are helping chase down info-it is a very busy place every day of the week.
11174	7/10/2012	???? Please use concise word choices when writing questions. This is question is far too vague, as it could mean anything from patronage to maintenance.
11175	7/10/2012	There seems to be large numbers of people within the building when I am present as well as many coming and going.
11176	7/10/2012	Hollywood is my local library, but I use theothers I indicated. It is always occupied without being crowded. Occassional computer use, but not much. Generally, reference materials and self help books. I greatly appreciate its being available and open so much. I personally could live without Sunday or any other single day closed as long as it was always the same day and not all libraries were closed on the same day but rotated around the city so you could always find one open. P.S. I would not close Central.
11177	7/10/2012	well

11188	7/10/2012	North Portland and Hollywood are vital well used resources for both these areas.

11190	7/10/2012	Mobbed most of the time - extremely busy!
11191	7/10/2012	Used enough that there is a wait list for use of the public computers, 15-minute, and catalog computers.
11192	7/10/2012	I'm not quite sure what this question is getting at. The Belmont library always seems pretty busy. I tend to always have a list of books/media on hold that I pick-up/drop off on a montly basis. I really appreciate the breathe of resources available and being able to pick them up at my local library.
11193	7/10/2012	I have friends who use the library much more frequently than I do, as well as friends' children. I know they rely on the library a lot.

- 11217 7/10/2012 It seems packed all the time.
- 11218 7/10/2012 Always people there, when we go.
- 11219 7/10/2012 Beyond belief, needs more staffing, not less.
- 11220 7/10/2012 very well used -- always busy. Moms with toddlers reading, school-age children and adults using computers, people reading at tables, librarians helping patrons find books, users checking out books --
- 11221 7/10/2012 The Woodstock library is very well used and always busy. I often have to wait in line to get help. Extremely well!!!
- 11222 7/10/2012 You just have to sit in the parking lot or in the library for 5 minutes to be impressed by the number--and diversity--of the people coming in and out and using the library.
- 11223 7/10/2012 It seems very well used. Always busy when open - it is a vital part of our community. One of the best institutions ever!

- 11225 7/10/2012 RE: Fairview is the library I use the most. The library is between 3/4 to full of patrons. There is always a wide age range of people there.
- 11226 7/10/2012 I've rarely seen my local libraries with very many unused seats. I almost never see n open computer. Often, the media I wan to check out has a sizable wait list. All of this leads me to believe that the library system is heavily used.

- 11236 7/10/2012 medium busy most of the time I am there
- 11237 7/10/2012 Very well, I think. It always seems quite busy when I'm there. In fact, it may even be slightly on the small side given the numbers there.
- 11238 7/10/2012 It seems quite well used, it is always filled with people and always a very pleasant place to visit.

11239	7/10/2012	The Belmont branch is extremely well used. It's always crowded when I go there, and when I stop by around opening time, there's always a big cluster of people waiting to get in.
11240	7/10/2012	It always seems very busy when I am there, which is normally in the evenings after work.
11241	7/10/2012	The two branches i go to are always nearly full in terms of computer use. the library is obviously a major resource for many people in the surrounding areas.
11242	7/10/2012	I see people at the computers, using the hook-ups, reading periodicals and checking out books as well as studying on my visits. This is a question that staff should respond to as they have day to day experience with their patrons.
11243	7/10/2012	Very well used...Central branch is a very popular place!!
11244	7/10/2012	it seems busy; but the hours are relatively erratic, and the local homeless/ transient groups tend to hang-out and bathe in the restroom...this being said, more people i know have stopped using the library as much or go to different branches.
11245	7/10/2012	Very. I use Woodstock mostly.
11246	7/10/2012	Very.
11247	7/10/2012	appears to be well used.
11248	7/10/2012	It's very busy!
11249	7/10/2012	VERY!!
11250	7/10/2012	Very well used - I feel it's often full of people of all ages and backgrounds.
11251	7/10/2012	unk
11252	7/10/2012	The Midland branch is very busy every time I'm there.
11253	7/10/2012	Always fairly busy and I know lots of families that frequent them.
11254	7/10/2012	There are always people in the branch.
11255	7/10/2012	always very busy
11256	7/10/2012	The library always has people in it. The location is very safe and SE portland is very walkable. We love having access to the library.
11257	7/10/2012	The computers are always full.
11258	7/10/2012	Very well used.
11259	7/10/2012	busy
11260	7/10/2012	Very well used. It is always packed (Woodstock), and most of the time computers are fully booked.
11261	7/10/2012	There are always folks there. It's a hugely important community resource. Both my workplace and my partner's refer people there for computer access and job seeking assistance as well.

11263	7/10/2012	it appears to be busy in all the visits I have made.
11264	7/10/2012	There is always lots of activity there when I visit. The reason I am not there as much these days is because I am a student at PSU and have access to their library and resources.
11265	7/10/2012	It appears to be very well used as it is typically very busy.

11266	7/10/2012	Very.
11267	7/10/2012	It has always been busy when we've been there!
11268	7/10/2012	Very, the Central Library happens to be the closest to my home, but it has always been my favorite and is always busy.
11269	7/10/2012	Woodstock is a very busy public library.
11270	7/10/2012	It's always full of people whenever we go. There is usually a line of people waiting to get in before it opens. The toddler time got so full that I stopped going!
11271	7/10/2012	Extremely well used. I am usually there twice a week. I put lots of books on hold. I only wish they had built the Hollywood library larger.
11272	7/10/2012	It seems that there are always at least 10-20 people in the library whenever I am there. Sometimes more, but never less.
11273	7/10/2012	Midland branch parking lot is almost always full, computers are almost always full and there are lots of people - adults and kids there every time I go. I started using Midland branch just before I retired because I knew I couldn't afford to buy all the books I wanted to read. I also like the reading list to keep track of my history so I don't repeat checkouts. The reduced hours won't affect me but I'm sorry staff had to be let go.
11274	7/10/2012	Our branch is small and therefore has limited available resources - books, computers, etc. It is used at a medium level.
11275	7/10/2012	Well.
11276	7/10/2012	It is always very busy when I stop by. There are lots of programs for children and many people are using the computers.
11277	7/10/2012	heavily!!!!!!!!!!!!
11278	7/10/2012	Very

11291	7/10/2012	Not a large volume, but a steady stream.
11292	7/10/2012	"well used" is a relative term so any answer would be subjective.

11293	7/10/2012	Each time I have been there they are quite busy. People are enjoying the services available.
11294	7/10/2012	I order most all of my material on line and go to the library to pick it up. I am there at least once a month probably more often than that if you count dropping off books
11295	7/10/2012	By me, not much. I tried to use the check out feature on my IPAD but time limit for keeping the electronic version was too short.
11296	7/10/2012	Woodstock always has many people inside - sometimes it is difficult to find a table to sit at. I see hundreds of books on the hold shelves every time I pick up a book I had on hold. In the spring I even saw people lined up outside the library waiting for it to open on weekend days.[] [] In short, it is very well used.
11297	7/10/2012	It's very well used. It seems very busy no matter when I visit. I'm especially glad to see computers available to help those without a computer find jobs, and a good children's section for young readers. Heavily and sometimes more.[] []
11298	7/10/2012	I want the magazine and newspaper racks back to the former places.[] I want reading tables back to former places. [] Too much computer emphasis.
11299	7/10/2012	The Kenton Library seems quite busy. I see a lot of children under 12 or so and a lot of seniors using computers, netbooks and tablets. I take my 2-year old to various programs that always seem well attended. I see a lot of people in the blocks around the library carrying books, CDs and DVDs to and from the library.[] [] Before the Kenton branch opened, we used the NoPo branch near PCC on Killingsworth. It always seemed packed with kids needing a safe, secure place to do homework, wait for parents, etc.
11300	7/10/2012	One of the busiest in the system every day of the week.[] Lots of information, easy access, helpful attendants, story times for grandchildren, music and movie videos, auto repairs, DIY and the latest new books. We love our library!
11301	7/10/2012	While I do not use the other branches to compare, it seems like the Midland Branch must be one of the most used branches of the library in the county. I am there a various hours and it is always very busy - no matter the day or time I have visited.
11302	7/10/2012	The woodstock library is always busy!
11303	7/10/2012	Extremely well-used - both Central and Kenton branches are always very busy on any day of the week.
11304	7/10/2012	Always crowded
11305	7/10/2012	Always crowded
11306	7/10/2012	Very! It is always full of people when I go.
11307	7/10/2012	very
11308	7/10/2012	seems like there's always people in them utilizing services across the board.

11309	7/10/2012	very
11310	7/10/2012	The downtown library is beautiful.
11311	7/10/2012	Both branches I go to seem to always be full of people.
11312	7/10/2012	Hollywood is always busy when we go. We've gone to children events that have been over booked and people were turned away.
11313	7/10/2012	Well used
11314	7/10/2012	It is very well-used. We see dozens of people whenever we visit.
11315	7/10/2012	Very well used.
11316	7/10/2012	always seems busy and hopping
11317	7/10/2012	Not sure, seems to be busy and used everytime I run in.
11318	7/10/2012	It seems very well used. Computers are packed whenever I stop by.
11319	7/10/2012	NW is used heavily
11320	7/10/2012	Seems to be busy whenever I am there.
11321	7/10/2012	I usually go to the Sellwood library and there are always other people in it. It's a smaller branch, so the selection isn't as great as some of the other locations, but I can always order what I'd like. I go 2x a month or more.
11322	7/10/2012	Very! I love it.
11323	7/10/2012	very busy place!
11324	7/10/2012	Always seems busy when we're there.
11325	7/10/2012	There are always quite a few people there. I used to use Woodstock as well. There were so many people I usually had to wait for a computer or got the last one.
11326	7/10/2012	My local library--the Belmont branch--has at least 10-15 people in it at any given time during the day. Far more after school (3:30ish or so) and on Saturdays.
11327	7/10/2012	very. The library is always full of people. It's wonderful.
11328	7/10/2012	Unsure
11329	7/10/2012	always a lot of people whenever we are there
11330	7/10/2012	There are always lots of other people there when I am there.
11331	7/10/2012	Appears to have a great number of library users.
11332	7/10/2012	New to the area,so don't know.
11333	7/10/2012	Busy all the time, parking lot is nearly always full. Not sure I understand the question but here goes and answer. When I go in it's always humingly busy. For me personally
11334	7/10/2012	I love being able to look up and hold books on line. Librarians always friendly and helpful. Overall the library system is one of the best things this country has to offer and it breaks my heart that it and our entire education system is continuously being pared down.
11335	7/10/2012	I always see people using the computers and the children's library. I see many people checking out materials. I know the hold stacks are always heavily used as this is the usual way I check out materials.
11336	7/10/2012	It's always busy. But staff often stop help me.

11337	7/10/2012	There are always lots of people at the library when I'm there -- usually mid-morning or early afternoon. The computers are always in use -- people frequently have to wait. There are frequent programs going on and I have been there a few times for evening meetings, which are usually well-attended.
11338	7/10/2012	Very well-used.
11339	7/10/2012	It always seems to be filled with people!
11340	7/10/2012	Busy
11341	7/10/2012	It seems full most of the time I go there.
11342	7/10/2012	very
11343	7/10/2012	seems to be very well used, always lots going on inside
11344	7/10/2012	Very well used
11345	7/10/2012	Always very crowded.
11346	7/10/2012	very well used
11347	7/10/2012	Not enough.
11348	7/10/2012	Very well used. The only place that makes me overly happy when I find it CROWDED!
11349	7/10/2012	Very well I would think from observation
11350	7/10/2012	Extremely well used! We depend on it.
11351	7/10/2012	Seems busy whenever we are there.
11352	7/10/2012	Our Belmont Library is very well used by the community, particularly the families with children.
11353	7/10/2012	The Sellwood branch is always busy with children and parents in the Children's Nook, youth and adults at the computers, people browsing in shelves-people in and out.
11354	7/10/2012	It's always busy! I think there are great programs available and I people take good advantage of them.
11355	7/10/2012	Very well USED,lots of homeless
11356	7/10/2012	well used. Generally, people are waiting for the doors to open. woodstock: very populated. (children's library focus, pre-school across the street, very well located.)
11357	7/10/2012	☐ central: well, it's a monument isn't it? always busy. Extremely! There are always people in there of all ages. There are continually diverse community events put on by the library as well as several community events, hosted by the library but coordinated by individuals because the library has the
11358	7/10/2012	space to offer. There are book groups and study groups, research librarians and authors, children and grandparents. I am in there almost every other day for something and it is truly a point of pride for me to live in a city with such an amazing library system.
11359	7/10/2012	Very, very well used
11360	7/10/2012	Seems quite busy
11361	7/10/2012	Well, I think
11362	7/10/2012	Very well.
11363	7/10/2012	Very well-used, by a wide range of people (seniors, families, young adults, etc).

11364	7/10/2012	Seems like there are always quite a few people in there.
11365	7/10/2012	Usually busy - but never crowded.
11366	7/10/2012	very
11367	7/10/2012	Great! I always see a ton of people in the NW branch.
11368	7/10/2012	Extremely active
11369	7/10/2012	Always busy.
11370	7/10/2012	It always seems busy when I go in, early, late or in-between.
11371	7/10/2012	Belmont and Central are always packed. Sellwood and Woodstock fluctuate with time of day, but there are always people using the facility.
11372	7/10/2012	I've never been to my local library. I always just go downtown if I need something.
11373	7/10/2012	Very; it's always full when I go there, and I often have to wait in line to check out materials and use the computers.
11374	7/10/2012	It (Gresham) is used very well and quite frequently.
11375	7/10/2012	Both the Sellwood and Woodstock branches are always busy. The computer terminals are in constant use.
11376	7/10/2012	highly used
11377	7/10/2012	I don't know where I would get the information to answer this question.
11378	7/10/2012	It is very well used. There are always people using the computers, browsing the bookshelves/dvds, and going to storytimes.
11379	7/10/2012	It's very busy!
11380	7/10/2012	seems to be very well used, always crowded when I go there.
11381	7/10/2012	Kenton is my closest branch (four blocks, which was a definite plus in my choice of house) and everytime I go in it's pretty busy. It's not a large branch, but seems to be well-used. The computers are usually full, there's always a program going on in the private room or story hour in the kids section, and the quiet rooms seem to be pretty well used too. Also, the people that work there are really nice and they have a fairly good selection of spanish language materials for such a tiny branch, which is important to me. Oh yeah, and there's always some people browsing for regular old books:)
11382	7/10/2012	Very!!! parking lot is busy and very full. Computers are always at or near capacity of use. Lots of kids and adults, reading, walking around looking for books or videos..I would consider it a hub of activity in our community.
11383	7/10/2012	Seems pretty busy usually I think the library is an asset to our community providing resources that are essential to not only function but to grow. Without the library I would not be able to look for employment, read about how to do things such as fix my car/bike and go on the many adventures that books can take me on. During those dreary Portland days it's nice to watch a movie. I'm so thankful to have the library!
11384	7/10/2012	
11385	7/10/2012	Very well used.
11386	7/10/2012	It seems very busy most of the time.

11387	7/10/2012	It seems very busy whenever I'm there.
11388	7/10/2012	Very!
11389	7/10/2012	Very
11390	7/10/2012	Very well used.
11391	7/10/2012	Very well, it is always busy and the computers and tables seem to normally be occupied.
11392	7/10/2012	It is usually very busy every time I am there.
11393	7/10/2012	It's never empty and its always full of children and teenagers and 20-somethings.
11394	7/10/2012	Seems to be very well used. Often hard to find a parking spot.
11395	7/10/2012	It is always busy no matter which hour I visit.
11396	7/10/2012	Very well used.
11397	7/10/2012	It's always delightfully busy when we go. It feels alive and well.
11398	7/10/2012	Everytime I go to the library, it seems to be fairly busy.
11399	7/10/2012	There is always activity in the Belmont library. I used it to check out books and movies for my family and for my classroom.
11400	7/10/2012	I would say that it is used extensively. I have never gone and seen it not, at least, mildly busy.
11401	7/10/2012	It's pretty well used, there are many people using the library. I've seen a few of my teachers using the library either for their kids or the job.
11402	7/10/2012	Central library is very well-used. Always a crowd waiting to get in at 10:00 am.
11403	7/10/2012	VERY BUSY
11404	7/10/2012	I don't know?
11405	7/10/2012	There is always a line of children & elders to enter the library. So sad when this past Monday-the library was closed and the kids were walking or being strolled away.
11406	7/10/2012	We try to support it because we love it, but it's clear the library is under funded. Needs some improvements.
11407	7/10/2012	Always in use
11408	7/10/2012	Solid number of people in at closing time and throughout the day. Good location. center point of the neighborhood
11409	7/10/2012	Seems to be well used. There are always people using computers and reading, browsing in the library.
11410	7/10/2012	It seems to always be busy.
11411	7/10/2012	We have a very busy library. Our family attends several times a week and love to go,even for a few minutes, to check out new materials or read a few books (kids books) We love the staff there too.
11412	7/10/2012	There is rarely a time I go to the library when it isn't bustling with people using computers, reading at the tables and scanning the shelves.
11413	7/10/2012	The Holgate Branch always seems to be busy. The 'hold book' space has continually grown. The computers and chess boards are always in use. Have been to the Hollywood Branch a couple of times and it's a beautiful place! Wish the Holgate could expand.

11414	7/10/2012	Always seems very busy.
11415	7/10/2012	Seems really busy all the time. I'm mostly there on the weekends.
11416	7/10/2012	VERY. It is always busy
11417	7/10/2012	It seems to be well-used.
11418	7/10/2012	It's always pretty busy when I visit
11419	7/10/2012	Very
11420	7/10/2012	It's always busy when I'm there!
11421	7/10/2012	Extremely well used and always busy.
11422	7/10/2012	very well. it's always busy.
11423	7/10/2012	What? Don't you have statistics? It always seems busy.
11424	7/10/2012	Very well used - we always see a number of people in there when we visit
11425	7/10/2012	Its always very busy, but smoothly functioning at the Woodstock Library.
11426	7/10/2012	It is always busy!!! Need more books and more copies, including e-books, of popular books.
11427	7/10/2012	Seems to get a lot of use
11428	7/10/2012	high traffic library.
11429	7/10/2012	I feel like North Portland is always busy especially with Jefferson and PCC right next door. [] There are always people there when I am.
11430	7/10/2012	Very well used by all types/ages/SES people.
11431	7/10/2012	Having worked at two public libraries in other parts of the country, I would say very well used.
11432	7/10/2012	The Central Library is VERY well used. The Hollywood Library is less busy than the Central Library but still seems well used.
11433	7/10/2012	Very! There are always lots of people, but I never have any trouble with crowds or lines.
11434	7/10/2012	The Belmont branch is always hopping. The staff are great. Helpful and friendly. We appreciate the accessibility of our local branch.
11435	7/10/2012	The Kenton branch is always very busy when we go there. A lot of computer use, and the tiny tots story time always has a large showing when we attend.
11436	7/10/2012	I recently moved to the area of the Yarborough branch. It is a great location and a great building. I'm glad they kept the original fixtures from the Americana theater. I use the library at least 3 times a week.
11437	7/10/2012	Belmomt is always super busy, and that is gratifying to see. Clearly, the library is an important and vital gathering place for a wide range of neighbors, including teens, young children and parents, older adults, and low income people who want and need computer access.
11438	7/10/2012	I would say both the St. Johns library and Kenton branch both appear to be well-used. Often times I stumble upon an event and (1) wish that I had realized ahead of time that the event was scheduled (I'm 'out of the loop' on these activities which may be more my issue than that of the library) and (2) would like to see, perhaps, some stronger lecturers - something more akin to the lectures/readings at Powell's or PSU or Schnitzer - although I'm quite sure that is related to funding constraints.
11439	7/10/2012	Our local library (Gregory Heights) is very well used.

11440	7/10/2012	every time i'm there it seems pretty busy. all the computers are in use and there's usually a line already. I'm mostly there to pick up books.
11441	7/10/2012	St Johns library is always so full.From story time and media to check out.We in St Johns have always used the library to the fullest extent. Personally since 1965
11442	7/10/2012	It is pretty busy every time I've been to any branch. I see the library as an huge asset for non native born people. I like the culture the branches have. It seems to be a shame that the rest of us take it for granted because its has always been there our whole lives
		NOT ADA ACCESSIBLE CANNOT DOWNLOAD E-BOOKS BECAUSE I DO NOT CHOOSE TO MAKE BILL GATES RICHER I USE LINUX
11443	7/10/2012	UNTIL THESE ARE COMPLETELY FIXED THE LIBRARIES HAVE NOT PROPERLY USED THE MONEY THEY HAVE HAD FOR THE LAST 22 YEARS FOR ADA AND THE LAST 3-4 YEARS FOR E-BOOKS: BECAUSE OF THIS ABUSE OF PUBLIC FUNDS THEY SHOULD NOT GET ANY MORE UNTIL THEY CORRECT AND REPAY WHAT THEY HAVE ABUSED!
11444	7/10/2012	My local library is well used, and I've overheard a lot of people saying they were unhappy with the new Monday closure, usually qualifying that discontent by saying, " I thought we voted to continue funding the library.."
11445	7/10/2012	The Hollywood Library seems like it is constantly busy.
11446	7/10/2012	Very
11447	7/10/2012	Always very busy—good!
11448	7/10/2012	Seems pretty well used. There are people in there every time I go in.
11449	7/10/2012	It's always busy when I go there.
11450	7/10/2012	Very well used. Always lots of people there. Story times are well attended. Friends in neighborhood talk about getting books from the library.
11451	7/10/2012	very well used; my local is in Hollywood, but I work downtown so I use both
11452	7/10/2012	Very
11453	7/10/2012	It seems very well used.
11454	7/10/2012	Very
11455	7/10/2012	I don't understand this question - sorry!
11456	7/10/2012	Extremely. It is always packed when I go in there, and there is always a long waiting list for the materials I want to check out.
11457	7/10/2012	Always busy when I visit, but not overcrowded. It's always easy to find help and locate materials.

		I'm not sure I understand the question. "Well used"?
		□
11458	7/10/2012	The Central library always seems very busy.□
		□
		The Hillsdale library always seems pleasantly occupied, but not crowded.□
		□
		I like them both very much.
11459	7/10/2012	ALWAYS BUSY.
11460	7/10/2012	Very full everytime I'm there
11461	7/10/2012	Very, finding a non-crowded (and sometimes even a quiet) corner is not always easy.
11462	7/10/2012	Very well used! We also began using the online book checkout system recently and that is great too!
11463	7/10/2012	Always full of users.
11464	7/10/2012	There is always a line ready at the door when the library opens and the computers and stacks are always busy.
11465	7/10/2012	central library is very well used. NW not as much
11466	7/10/2012	It is very used!!!!!!!!!!!!!!!!!!!!!!
11467	7/10/2012	It is usually busy.
11468	7/10/2012	Very well used! The central library is always buzzing with people. People are constantly coming in and out, there are always people in line to check out as well as using the self-serve check out stations. I'm so grateful to have such a wonderful resource in downtown and I hope it remains open for years to come!
11469	7/10/2012	It always seems super busy when I'm in there. The last time I went there were hardly any board books to choose from for my toddler. That was a bummer for us.
11470	7/10/2012	Fairly well
11471	7/10/2012	Ok
11472	7/10/2012	It's always busy when I go there - on weekdays and weekends. Fortunately it's close to a TriMet stop and there is parking underneath the building, otherwise it would be hard to find a place to park when I'm driving. It seems a mixture of people using the small rooms, reading or using the computers. I live on the edge of Multnomah County.□
11473	7/10/2012	My "local library" is West Slope, which is in Washington County.□ It appears to be pretty well used.□
		I only go to Hillsdale if West Slope is closed, or doesn't have the material I want.
11474	7/10/2012	It seems to be very well used - there always seems to be lots of people on the computers, checking out books, and attending classes.
11475	7/10/2012	This is an ambiguous question. If you mean is there a lot of people using the facility when I go in I'd say yes.

11476	7/10/2012	The Hollywood branch is usually bustling with adults and children on most days. I have seen teenagers conducting research for school projects, as well as younger children with their parents or at a story time.
11477	7/10/2012	Very well used. Always busy and active. Steady level of users all week.
11478	7/10/2012	I generally only use the library for checking out books and picking up holds, but the Albina library generally looks well used (computers in use, etc.) when I drop in.
11479	7/10/2012	It always seems to be somewhat busy, but not usually overcrowded. There are always at least ten to twenty other people using the library when I go.
11480	7/10/2012	I don't know the numbers, but there are always people coming and going at Kenton, St. Johns, and North Portland. In addition, they always have programs in place. Central is busier than most of the businesses in the surrounding area. Kenton, St. Johns, and North Portland have limited selections (books, tapes, etc.) so most of my ordering is done online and I pick up my selections at one of them.
11481	7/10/2012	I think the library is well used. I consistently find books I am interested in checking out, only to find most of them are already all checked out, and I need to put the book on hold.
11482	7/10/2012	We primarily use the Beacon Hill branch -regretfully it was not listed on your introductory questions. Anyway this Library branch is very well used and is an access to the community. I should also say my family moved from Portland a year ago. There are many city services we miss since our move to Seattle. The one new service we have come to love in the Seattle area is the library system. It is outstanding. Please keep up the good work.
11483	7/10/2012	It is always busy.
11484	7/10/2012	comfortably busy
11485	7/10/2012	Very well, always busy
11486	7/10/2012	n/a
11487	7/10/2012	Very well, always crowded when we go in.
11488	7/10/2012	always full of people
11489	7/10/2012	not sure at this point. it seems busy most of the time.
11490	7/10/2012	It always seems to be busy- usually it takes a block or two to find parking.
11491	7/10/2012	Rather well. Great librarians.
11492	7/10/2012	There are always people in my library.
11493	7/10/2012	The branch we frequent the most is one of the smaller ones, so it is not always stocked with what we're looking for. But the online hold list makes it so that it is never a problem.
11494	7/10/2012	Very well used. My local branch is St. Johns and here are always people there using all of its resources.
11495	7/10/2012	Usually very busy
11496	7/10/2012	Lots
11497	7/10/2012	It always seems busy when I go to pick up my books!
11498	7/10/2012	It is quite busy, we love it.

11499	7/10/2012	Very.
11500	7/10/2012	There are always people in there when I stop by to pick up items.
11501	7/10/2012	Constantly busy.
11502	7/10/2012	They are well-used.
11503	7/10/2012	Well used.
11504	7/10/2012	Always very active. Lot's of people using the Woodstock whenever I'm there.
11505	7/10/2012	quite a bit I think Whenever I go into the Gresham library, there are so many people--reading, studying, using the computers, working with the
11506	7/10/2012	librarians. Families, adults, couples, all different ethnicities and even different incomes levels, as far as I can tell. I think the Gresham branch is very well used and loved.
11507	7/10/2012	There are always quite a few people there when I'm there or when we drive by. Not sure what you are asking with this question. The Library seems to be well used. The central location usually has too many homeless people. I want to be sensitive, however, that is a barrier to getting people in the door. My local library was great while working on my Master's degree. I was able to access research databases online and also librarians online that could help with my research and navigating the various databases. If my school library didn't have access to an article, MultiCo Library did. It was an important resource.
11508	7/10/2012	
11509	7/10/2012	Seems to be well used. I noticed since I've moved here, Kenton has less traffic than Albina.
11510	7/10/2012	extremely
11511	7/10/2012	Fairly well. Not as much as could be.
11512	7/10/2012	Very.
11513	7/10/2012	I honestly don't use the local one all that much. I prefer to use the Central Library.
11514	7/10/2012	extremely well used-- people in and out all the time
11515	7/10/2012	Always seems busy!
11516	7/10/2012	very very well used
11517	7/10/2012	Very well-used! It always seems to be humming with people.
11518	7/10/2012	Very well used. There are always people waiting at the door before it opens, and it is always full of patrons when we come in.
11519	7/10/2012	Extremely well used
11520	7/10/2012	Very well-used!
11521	7/10/2012	Seems very busy every time I'm there.
11522	7/10/2012	My local library is Hollywood and it is very well used. Busy.
11523	7/10/2012	Very well used. It's always busy and the hold shelves are full. Programs are always full. We go to the library once a week - sometimes more often.
11524	7/10/2012	Extremely well used for computers and holds. Not enough shelf space for browsing.
11525	7/10/2012	It seems to have a good crowd regardless of day or time. I think it is well used with people often queuing up before it opens.

11526	7/10/2012	I rarely go in. I use it as a source to put my ballot in for voting. I am a poor reader
11527	7/10/2012	seems busy when I am in them.
11528	7/10/2012	I think its well used. Lots of people every time i am there and very busy.
11529	7/10/2012	Seems VERY well-used and popular with people of all ages and appearances. Very impressive.
11530	7/10/2012	Very Extremely well used. The Multnomah library system is wonderful and needs more funding. I am extremely angry about the recent closures on Mondays.[]
11531	7/10/2012	[] Helen Slater
11532	7/10/2012	Pretty well used.
11533	7/10/2012	Most of the computers are taken up and all the tables seem to be in use.
11534	7/10/2012	WE use Gresham branch most frequently. It seems to be well-used every time we visit.
11535	7/10/2012	It is very well used - always full of patrons. The kids and parents in the neighborhood really cherish the wonderful children's programs and the community resources that the library offers.
11536	7/10/2012	not sure
11537	7/10/2012	It seems to be very popular, when we attended programs they were always very full.
11538	7/10/2012	very
11539	7/10/2012	It always seems busy when I go in, I'm not sure how to gauge it better than that.
11540	7/10/2012	It's always busy.
11541	7/10/2012	It's great we love our library
11542	7/10/2012	It seems very well used. There are always people there and it seems like there are never a lot of empty seats.
11543	7/10/2012	It's always busy. No matter what time of day I go in.
11544	7/10/2012	There always seem to be people waiting for computers and lots of people browsing and reading.

11547	7/10/2012	very well used, always seems busy at all hours
11548	7/10/2012	It is a well used library. There are always folks there. It's a happenin' place. :-)
11549	7/10/2012	Very!
11550	7/10/2012	It always seems extremely busy.
11551	7/10/2012	Very busy all the time. It is too small.
11552	7/10/2012	I don't understand this question. The condition of the building? The condition of the equipment/books? The amount of traffic? Ability to get access to books/equipment? Sorry, I can't answer this question.
11553	7/10/2012	It seems busy when we go. If we are there before opening, there are several people waiting outside to get in every time.

		Could you rephrase the question?
11554	7/10/2012	<p>□</p> <p>If you are talking about how many people are in it at any one time, I would say that there are quite a few people there when I visit.</p>
11555	7/10/2012	Much appreciated and well used by the community surrounding it! Often a line waiting for the library to open, especially the mornings when there are programs for toddlers.
11556	7/10/2012	Practically every time I visit my branch it is bustling with people. The computers are all being utilized and there are lots of folks search for and checking out materials.
11557	7/10/2012	So well used that the central branch needs better ventilation. The science rooms smell worse than a locker room, not from science experiments but from the people using the computers..
11558	7/10/2012	If by "well used" you mean busy, it is hard to access computers there because of everybody using them, and it is usually full of people.
11559	7/10/2012	every time I've been, there appears to be many families, or Mom's with kids.
11560	7/10/2012	There is no other place to put this comment....But I feel that somebody messed up by not calculating how much funding was needed PRIOR to the vote so we could have passed the measure with the correct funding. It seems silly that voters passed this measure, but it still falls short. Looks like you guys under-shot your goal.
11561	7/10/2012	65 to 90 % capacity, I go on week-ends and after work hours and almost every time in Kenton all or most chairs are filled. I often go 2 or more times a week. My husband on different days because he is retired.
11562	7/10/2012	So well!!! I wish it were bigger!
11563	7/10/2012	It seems very well used by a very diverse community.
11564	7/10/2012	Very busy
11565	7/10/2012	very well
11566	7/10/2012	Pretty well
11567	7/10/2012	Very.
11568	7/10/2012	Very well used; it's always busy.
11569	7/10/2012	It is always very busy.
11570	7/10/2012	very well.
11571	7/10/2012	Busy all the time!
11572	7/10/2012	Very well
11573	7/10/2012	Very well used, popular with everyone in the neighborhood, especially young children (and their parents).
11574	7/10/2012	Good...
11575	7/10/2012	The parking lot is almost always full.
11576	7/10/2012	Always seems busy when I visit.

11577	7/10/2012	It seems to always be busy, but that could be because of the short opening hours, everyone needs to get in and out in a hurry!
11578	7/10/2012	very busy
11579	7/10/2012	Heavily used.
11580	7/10/2012	It is always busy, so I assume it is well used.
11581	7/10/2012	Very. North Portland always has lots of people in it.
11582	7/10/2012	Fairly well used considering the Northwest branch is fairly small
11583	7/10/2012	Everytime i'm there, the library is full or near full of all kinds of people and all ages.
11584	7/10/2012	Always busy!
11585	7/10/2012	Very well used
11586	7/10/2012	There are always people in both libraries, especially people using computers.
11587	7/10/2012	The library is always busy. There is almost always a short computer-use wait period.
11588	7/10/2012	very busy
11589	7/10/2012	Very well used.
11590	7/10/2012	It is always rather busy.
11591	7/10/2012	They always seem to be busy.
11592	7/10/2012	I generally don't stay very long but pick up and drop off items. My library seems busy when I go.
11593	7/10/2012	All of the libraries we frequent seem to always have a good number of patrons.
11594	7/10/2012	I assume it's well-used. It always has people in it.
11595	7/10/2012	very. There seems to be a good amount of users in Kenton library.
11596	7/10/2012	Extremely well used.
11597	7/10/2012	There are always a lot of people in the library. I think that it is important to note that I see a lot of African American youth taking advantage of the quiet space to do homework. The Albina Library is an important piece of our community, and supports children and youth to maintain healthy schedules and habits, while promoting literacy.
11598	7/10/2012	It seems to be very well used. It is the center of the community for intellectual activity.
11599	7/10/2012	There is always people in there. Computers are always full, books are always checked out.
11600	7/10/2012	The Belmont library gets lots of use and I am very grateful to have it close by as a resource. I think this is the most important community resource in our neighborhood.
11601	7/10/2012	It is always busy. Very well used.
11602	7/10/2012	Very
11603	7/10/2012	Very used
11604	7/10/2012	very well used
11605	7/10/2012	Very busy always.
11606	7/10/2012	Given the backlog of requests on the books I want, it must be very well used.
11607	7/10/2012	Very well used. It's always populated throughout most of the day.
11608	7/10/2012	It seems to be very well used--both Branches that I visit

11609	7/10/2012	It's always busy.
11610	7/10/2012	extremely SO!!!! It is an outstanding library with so much to use, enjoy and learn from..... and a great staff to assist us!!!!
11611	7/10/2012	Heavily
11612	7/10/2012	There is always a good crowd when I go to the library. I also see a lot of items being reserved, which tells me the supply is short of the demand.
11613	7/10/2012	Hollywood is always busy, bustling with kids, computer users, people using the quiet rooms and checking items out.
11614	7/10/2012	It is very important to the community. It is used. I can't imagine not having the Belmont Library. Families and little kids use it a lot. Jenika
11615	7/10/2012	Very, I think. Both the Central & Hollywood libraries are always busy and filled with a mix of patrons -- young children, seniors, people checking out books, using the internet, etc.
11616	7/10/2012	Very well used.
11617	7/10/2012	My local library (Capitol Hill) always seems busy. Usually I have to wait to use the computer.
11618	7/10/2012	I think really well used. I often times have trouble finding parking. =) I love that I can always use it as a resource
11619	7/10/2012	The library I use the most, the North Portland library, is very well used by children and community members of many ages, ethnicities and genders.
11620	7/10/2012	I've been to the Central library and the NW branch many times on weekdays and weekends, and they are always busy. I remember having to wait to use a computer with internet access at the NW library.
11621	7/10/2012	Incredibly well-used. Both Central and Belmont are always filled with people of all ages. The computers are great and heavily used, there are always tons of kids.
11622	7/10/2012	Both the Midland and Central Libraries have a lot of traffic. We go weekly and sometimes a few times in 1 week and it always amazes me at the number of people waiting to enter the library before they open.
11623	7/10/2012	There always seem to be 10-15 patrons browsing the books, and several more using the computers. There always seems to be classes and trainings in the classroom.
11624	7/10/2012	very - always full of people and high energy
11625	7/10/2012	very well - it's always busy!
11626	7/10/2012	well
11627	7/10/2012	Well used
11628	7/10/2012	Constant use. Love the place.
11629	7/10/2012	It seems to always be fairly busy.
11630	7/10/2012	Quite.
11631	7/10/2012	Very well used. There are always people on the computer and a waiting list.

11632	7/10/2012	Not sure what this question means...
11633	7/10/2012	Seems very...always crowded..happy kids, nice staff, homey and welcoming!
11634	7/10/2012	very
11635	7/10/2012	Very well used
11636	7/10/2012	very
11637	7/10/2012	quite busy, it seems to me.
11638	7/10/2012	It's used very well, thank you
11639	7/10/2012	Use library press display for international newspapers almost daily
11640	7/10/2012	Highly
11641	7/10/2012	Very well used
11642	7/10/2012	well
11643	7/10/2012	Seems like it's always busy.
11644	7/10/2012	Very well used!
11645	7/10/2012	It is very well used. Whenever I am there, the library is busy.
11646	7/10/2012	It is always busy when I go in. Seems to be very well used.
11647	7/10/2012	It is always full.
11648	7/10/2012	seems highly popular to me. i've lived in many places but portland libraries are by far the busiest i've been to. wonderful services for children too.
11649	7/10/2012	They are widely used with a waiting line to use computers.
11650	7/10/2012	Well used.
11651	7/10/2012	VERY!
11652	7/10/2012	It always seems busy when I'm in there.
11653	7/10/2012	at times over used. I had to wait approximately 30 minutes for a computer today
11654	7/10/2012	It always looks pretty busy and the story times are packed. Wish there was more space for everyone at tiny Albina library.
11655	7/10/2012	Each of the branches I visit always seem very populated every time I'm personally there, and lots of books I want (not always super popular mainstream new releases, mind you) are often on hold or checked out, so that indicates pretty healthy usage to me! :-)
11656	7/10/2012	The Hollywood branch gets a good deal of use--at least, it always seems like there's a pretty steady flow of people weekends and evenings. I rarely visit during week days.
11657	7/10/2012	Every time I go to the library there is alot of people there and the computers are always busy. Thank you.
11658	7/10/2012	It's busy every time I go there.
11659	7/10/2012	Extremely well used.
11660	7/10/2012	Very well.
11661	7/10/2012	very well used...always very busy
11662	7/10/2012	There usually seem to be quite a few people around

11663	7/10/2012	Very.
11664	7/10/2012	It's pretty busy
11665	7/10/2012	very
11666	7/10/2012	It seems generally full of people whenever I'm in there.
11667	7/10/2012	very...
11668	7/10/2012	It is always very busy and there is always a line of people waiting to get in when the library is about to open for the day.
11669	7/10/2012	heavy use
11670	7/10/2012	It seems very well used - there are always people on the computers and people stopping by to check out books that they browse for or that are on hold. I see many families attending story hour on the weekend at the Kenton branch when I am there.
11671	7/10/2012	I use Capitol Highway the most and it seems to be busy most times that I am there, all different age groups, many different purposes.
11672	7/10/2012	It seems pretty active.
11673	7/10/2012	very well used
11674	7/10/2012	Very well used. It is always busy when I go in, and I appreciate the services immensely.
11675	7/10/2012	its very high traffic and in my opinion too small for the amount of people who use it and the area it is in
11676	7/10/2012	Seems to be well used by a variety of people - adults & families alike.
11677	7/10/2012	Very well!
11678	7/10/2012	Very. It is possibly the only place many Portlanders can get warm in the winter. Almost everyone is reading.
11679	7/10/2012	well used
11680	7/10/2012	It is a very active facility. I am always impressed with the activity there and the number of people in the library. It is a wonderful and needed asset to our community.
11681	7/10/2012	Always busy, the hold shelves are full and the computers and tables are continuously in use. The children's programs seem popular as well.
11682	7/10/2012	Busy all the time - walls and walls of transferred books...so while it's a small branch - with the ability to transfer books to Belmont - I have little need to visit other branches and walk at least 2 to 3 times a week to our library. I see all ages and demographics using a variety of resources....also adore the the Lucky Day and the books available for long-term "borrowing" (green tagged items) For me, it is predominately computer access from home.[] []
11683	7/10/2012	If I am going to pay more money to have a library, I want it to work the way it is supposed to. When I put a book on hold, I would like to have the book saved for me, not loaned to some other patron before I can get to the library. Or,when I put a book on hold that I need in a week and get notice 6 months later that MCL has finally gotten it to the library in my neighborhood.
11684	7/10/2012	It is used all the time. The computer stations are full and the place is always buzzing with people.

11685	7/10/2012	Is is well used. The computers are usually full. I use most of it, including the newspapers from small towns in Oregon; I like to read the crime reports in small towns, such as, "Complaint call about the post office leaving a package on the porch and the neighbor's dog peed on it;" that's better than the local news in Portland about shootings, rape, and mayhem. I often read current magazines, like The New Yorker, Antiques, Rifleman, Gormet. The library has enriched my life in endless ways. I could write a book about it. Maybe someday, with the hel of the library, I will.
11686	7/10/2012	Well used
11687	7/10/2012	It's very well used.
11688	7/10/2012	Moderate
11689	7/10/2012	Very well used
11690	7/10/2012	Very well used!
11691	7/10/2012	very busy
11692	7/10/2012	Very well used, almost always busy.
11693	7/10/2012	It seems to be very well used. There are always lots of people there of all ages.
11694	7/10/2012	very
11695	7/10/2012	Extremely well used - often very crowded.
11696	7/10/2012	very busy every time I am there.
11697	7/10/2012	It always seems busy.
11698	7/10/2012	Very well
11699	7/10/2012	don't know but seems to be well-used.
11700	7/10/2012	Seems used a quite a bit.
11701	7/10/2012	I'm not sure what this question is asking.
11702	7/10/2012	Looks to me like very well used. On this last Sunday, it was full!
11703	7/10/2012	It's always quite busy.
11704	7/10/2012	Very well used!
11705	7/10/2012	Very. The Kenton Library has become a key part of downtown Kenton.
11706	7/10/2012	Always looks busy to me. It is very nice to see it filled
11707	7/10/2012	It's used very well.
11708	7/10/2012	It always has folks of all ages there reading magazines or books, using computers for searches. There are always kids reading or playing computer games.
11709	7/10/2012	Very well used.
11710	7/10/2012	Our library is very well used.
11711	7/10/2012	Very. I go there 2-3 times a month for books and DVDs. I value the availability of books I borrow from it.
11712	7/10/2012	very well used there is always people waiting when it is set to open to go in. and there is every day people taking advantage of the services offered in the library. the staff is helpful and informative, the resources are clean and clear and easy to use and get. it would be a huge blow to loose my library.

11713	7/10/2012	Very well used. Whenever I go, there are a lot of people of all ages getting books, using the computer and reading on site.
11714	7/10/2012	Each library branch always seems very busy. This morning there were about 10 folks standing outside of the North Portland branch waiting for it to open at 11 am!
11715	7/10/2012	I suspect highly used as there is rarely, if ever, a time when there are not patrons. Young families and teens are often there at specific times At Woodstock there seems to be more cultural-based events - but that may just be my random observation.
11716	7/10/2012	Very well used. It is always bustling with activity.
11717	7/10/2012	It is always busy when I go in. People on computers, browsing stacks, picking up holds and going in and out constantly. It feels vibrant.
11718	7/10/2012	Our library (kenton) is always busy. There are a TON of families that attend the story times and use it for a place for their children to explore books in the kids area. There also seem to be quite a few others there using computers and checking out books. It is a part of our families weekly routine. We are there at least twice a week and 99% of the time are meeting friends there.
11719	7/10/2012	The library always seems busy.
11720	7/10/2012	It's a very busy place. Kid programs, computer users, much in the way of people traffic using all services.
11721	7/10/2012	It always seems busy and bustling when I visit! Always. I think it's the heart of the Kenton neighborhood.
11722	7/10/2012	Used a lot
11723	7/10/2012	There is not a time the parking lot is not full, including lot across the street
11724	7/10/2012	I am in the Multnomah County Library at least 3 or 4 times a week. I have traveled in my career to almost every major city in the United States and I consider this library to be the best in the country. I have lived in Mahattan as well as LA and I sincerely believe the Multnomah County to be the best. The staff is extremely helpful, the entire system with includes potential late due dates and notification of held material is flawless. The staff actually listens if you have interest in something that you can't find in their system. I also take the time to listen to vistors from other cities and other countries and without fail, they rave about this Portland landmark. I will continue to support the efforts to get this operation functioning as it should again.
11725	7/10/2012	it's always busy
11726	7/10/2012	I think it's pretty well used. I always see people in there
11727	7/10/2012	Very well used
11728	7/10/2012	very
11729	7/10/2012	Seems to be very busy every time we go in.
11730	7/10/2012	it is busy so I believe it is well used
11731	7/10/2012	Very well
11732	7/10/2012	just fine
11733	7/10/2012	always busy and almost always holds on items desired

11734	7/10/2012	Extremely well used. Both Central and Belmont are always bustling!
11735	7/10/2012	pretty well used
11736	7/10/2012	very
11737	7/10/2012	Woodstock is used often. There are always people in there.
11738	7/10/2012	I think it's very well used.
11739	7/10/2012	It's a great place. I love it! Please, don't close.
11740	7/10/2012	It is packed every time I go in.
11741	7/10/2012	Very used
11742	7/10/2012	Very well
11743	7/10/2012	Seems to be used significantly.
11744	7/10/2012	Very well used- constantly 'a buzz'
11745	7/10/2012	All three are highly used.
11746	7/10/2012	Very much well used. I am thankful for the abundant information sources the library offers. Without it I would be lacking so much in my studies.
11747	7/10/2012	The central library is obviously well-used. The Kenton Library is less so, and honestly I seldom do more than return books there so I don't know for sure.
11748	7/10/2012	I'm not sure how I would know except to say that there are always many people there when I'm visiting. Based on that, I would say that it is heavily used.
11749	7/10/2012	I love the library and use it every few days.
11750	7/10/2012	Hugely busy. I was there this morning and the parking lot at Midland was full and inside there were many people of many different ethnicities.
11751	7/10/2012	I feel that it is well used. I guess when it is busy I have wished there were more tables but that is not a complaint. I love this library!
11752	7/10/2012	Fairly well used, especially during school years. Kids and teens in the afterschool times, especially. Adults need to access it during morning or evening hours. Since you have cut down hours and days of service, that makes it harder on older people and retirees. And you haven't dropped the tax rate for lesser service. Where is my money going?
11753	7/10/2012	The Hollywood library is always very busy
11754	7/10/2012	Our library is very well used. There are always lots of users while I am there.
11755	7/10/2012	Pretty busy
11756	7/10/2012	Always busy
11757	7/10/2012	Very well used.
11758	7/10/2012	Very well used.
11759	7/10/2012	It seems very well used. The Belmont branch in particular always seems crowded.
11760	7/10/2012	Extremely.
11761	7/10/2012	There is always a good flow of people coming in and out of Central.
11762	7/10/2012	Very

11763	7/10/2012	very well-used
11764	7/10/2012	it's always pretty busy when i go
11765	7/10/2012	It's very busy and vibrant, every time that I go.
11766	7/10/2012	The Northwest library seems to be in constant use every hour that it's open
11767	7/10/2012	seems to be extremely busy each time I'm there
11768	7/10/2012	seems somewhat busy though never crowded
11769	7/10/2012	It's always busy!!!
11770	7/10/2012	very efficient and polite.
11771	7/10/2012	greatly used
11772	7/10/2012	I see many people in and out of the Albina Library throughout the week. We are over by the library on a daily basis.
11773	7/10/2012	Very well.
11774	7/10/2012	They are always busy no matter when we visit.
11775	7/10/2012	The library is always busy when I stop in.
11776	7/10/2012	There are always plenty of people to be seen at the library. Very positive environment-a community center based on gathering knowledge. Don't leave us!!
11777	7/10/2012	It seems well used
11778	7/10/2012	it appears to be well used when we are there. People are frequently checking out books, reading in the kids sections and on all the public access computers. The holds shelves are always full.
11779	7/10/2012	Central is heavily used by readers but also by street people so much so it has become as "social welfare agency." I do have concerns about the use of computers for gaming and pornography.
11780	7/10/2012	It always seems to be full with people using computers and browsing media resources. I think it is very well used.
11781	7/10/2012	Always seems fairly busy
11782	7/10/2012	It's always busy and hard to find a parking spot.
11783	7/10/2012	very well used
11784	7/10/2012	Its always full of people and the programs for kids are great!
11785	7/10/2012	Not much
11786	7/10/2012	Whenever I've been there it's been fairly busy.
11787	7/10/2012	I go to Midland twice a week and it always seems to be rather busy. I greatly appreciate being able to do ILL's and the normal checking out of books.
11788	7/10/2012	Even if I arrive at odd hours of the day, or right after the library opens in the morning, there are always other patrons around, and frequently a waiting period for computer access and other resources. It seems to me that the library is very well-used! And I enjoy the feeling of bustling community that I get when I am there!
11789	7/10/2012	Well!
11790	7/10/2012	Busy

11791	7/10/2012	It is invaluable to us. My daughter is a bookworm and we borrow up to 10 books a week from Albina for her.
11792	7/10/2012	Very
11793	7/10/2012	pretty well used. people are lined up at the door and depend on it.
11794	7/10/2012	It usually seems busy
11795	7/10/2012	Seems to be very well used.
11796	7/10/2012	Seems to be well used
11797	7/10/2012	very
11798	7/10/2012	It's always full of people!!
11799	7/10/2012	very well used
11800	7/10/2012	Always busy
11801	7/10/2012	I'm not sure what you are asking?
11802	7/10/2012	Pretty well used.
11803	7/10/2012	It's always busy.
11804	7/10/2012	Extraordinarily.
11805	7/10/2012	It's always very busy
11806	7/10/2012	Always busy
11807	7/10/2012	I mostly use Belmont branch, which is always busy.
11808	7/10/2012	There always seem to be people making good use of the library.
11809	7/10/2012	Seems like it is very well used.
11810	7/10/2012	the branches I use are always actively being used
11811	7/10/2012	They are very busy, sometimes overly crowded. Both branches are rather small.
11812	7/10/2012	The library is heavily used. There are seniors, children, young people and family groups in the library whenever I go there. I think it is one of the most important factors in our neighborhood.
11813	7/10/2012	Heavily used. There are always at least 15-20 people in it when I visit.
11814	7/10/2012	Not sure what you mean. The Hollywood library is always packed when I'm there.
11815	7/10/2012	by me or others? It is hard for me to get to the library during weekdays b/c of work. I am a 9-5er. I love belmont's later weeknight hours.
11816	7/10/2012	It's always busy, but most of the guests are homeless people who actually use the library as a lounging area and not for reading books.
11817	7/10/2012	very well used
11818	7/10/2012	By myself? (every week to pick up books & dvd's that I have booked on-line & had delevered to this location. Sometimes, I just drop off materials, & during the cooler months, I may only use the library 2 times per month or less) by other patrons?(I couldn't begin to know)
11819	7/10/2012	Library is a primary life source. I can enjoy materials without cost. That is a big budget saver. Thank You!

11820	7/10/2012	It seems busy, except its limited size makes it more of a check-out library than a regular neighborhood. We need a larger library with a separate children's section.
11821	7/10/2012	Every time I come to any of the libraries I frequent and go there right as the doors are opening, there is always a crowd of people waiting to get in to check out books or utilize the computers. I have never seen the libraries empty and I've gone to the library at all times of the day. Also, I always drop my ballot off at the library during election times. The staff at the library always seem engaged and willing to help community members. Most importantly, I see youth reading in the youth sections or getting on the computer to play educational games. People who do not have access to their own computers or printing services utilize the computers for job searching, resume writing and other employment resources. I've lived in many different cities and Multnomah County has by far, the best library system.
11822	7/10/2012	Always seems crowded with many people.
11823	7/10/2012	It is always busy
11824	7/10/2012	Gregory Heights is always incredibly busy.
11825	7/10/2012	Very well used. It is never empty.
11826	7/10/2012	Very well used every day by many ages and classes of people!
11827	7/10/2012	Very busy.
11828	7/10/2012	It is always full of people!
11829	7/10/2012	Seems pretty busy whenever we visit
11830	7/10/2012	Well used. There are people there all the time
11831	7/10/2012	very well
11832	7/10/2012	Quite nicely I believe.
11833	7/10/2012	it is always busy
11834	7/10/2012	seems very busy
11835	7/10/2012	I don't understand this question.
11836	7/10/2012	From what I can tell the children's section and the free computers are the most used areas.
11837	7/10/2012	Very heavily used
11838	7/10/2012	Very well used. Lots of people at any time I've been there.
11839	7/10/2012	There are always many people there. Families with younger children read to each other in the children's room--many people use the internet--many people are browsing the shelves and talking with the reference librarians. It is heavily used.
11840	7/10/2012	Very
11841	7/10/2012	We use if moderately. We are thrilled with the summer program and are going today!
11842	7/10/2012	Very busy, always full of people.
11843	7/10/2012	Gregory Heights and Midland are always busy... Nicely staffed and kept clean. There are always great books available.
11844	7/10/2012	I am not sure. I reserve things online, then go to Belmont to pick them up. It normally looks busy. I think they do story telling with children often.

11845	7/10/2012	Very popular and well used - usually overcrowded, in fact.
11846	7/10/2012	Enjoy the convenience and accessibility through online library services.
11847	7/10/2012	It seems to very well used--when I do go, though not very often, there are always people using the computers, browsing the books, searching through the movies and music, or just sitting at one of the tables reading or working.
11848	7/10/2012	I don't go there often enough to comment.
11849	7/10/2012	Usually can't find a spot in the lot, and very busy.
11850	7/10/2012	Woodstock is my closest. It is is always nearly full with people of all ages-- even when it's closed, there are people trying the door. It is an incredible resource to this further out SE community and brings us all together for both common and diverse goals
11851	7/10/2012	How well used? Do you mean physically, as in its falling apart or seldom used, i.e. pristine? Do you often used, e.g. often crowded? Do you mean that people use it properly and effectively? [] For pete's sake. What a poorly worded question.
11852	7/10/2012	The Gresham Library is busy all of the time. !!!!
11853	7/10/2012	It's always very crowded.
11854	7/10/2012	Extremely well.
11855	7/10/2012	Very.
11856	7/10/2012	very well
11857	7/10/2012	Very well used. Great programming too like story times and lectures.
11858	7/10/2012	It's always busy.
11859	7/10/2012	VERY WELL. We love our library. It is always "hopping" with people.
11860	7/10/2012	Always seems to be busy at Hollywood
11861	7/10/2012	very well used
11862	7/10/2012	Well used and efficiently run
11863	7/10/2012	Extremely!
11864	7/10/2012	The library is always full when I go in. I am actually often surprised by how busy they can be!
11865	7/10/2012	It's usually busy at all locations I go to.
11866	7/10/2012	It is heavily used and isn't a large enough building to house all the materials that are in demand.
11867	7/10/2012	always busy when I'm in there
11868	7/10/2012	There are always a lot of cars in the lot and many people inside. Definitely a well-used resource.
11869	7/10/2012	"How well used". What do you mean?
11870	7/10/2012	Seems to busy but not over crowded.
11871	7/10/2012	i me ican do thies foer mee
11872	7/10/2012	Don't know.
11873	7/10/2012	Always busy.
11874	7/10/2012	It seems busy every time I'm there.

11875	7/10/2012	If my local library was a pair of shoes, they'd have been resoled and worn out again by now.
11876	7/10/2012	It's wonderfully utilized. Great staff too. Gift store needs better merchandising and a sprucing up.
11877	7/10/2012	I work near the Central Library, so I have all my holds delivered there. It is constantly bustling. I occasionally visit Midland on weekends to use their wifi and it is always busy as well.
11878	7/10/2012	Seems to be busy most of the time.
11879	7/10/2012	Don't understand your question? do you mean how well do people use it or is the "well use" like worn out?
11880	7/10/2012	Very well, the library is a vital resource.
11881	7/10/2012	North Albina well-used (75%) and Hollywood more so (85%).
11882	7/10/2012	(Kenton) It always seems busy when I visit. Since there is only a small selection of circulating books I imagine that most users reserve books online and pick them up there. Taking out most books, increasing amount of other media and further promoting the option of placing a hold online might be beneficial.
11883	7/10/2012	Well
11884	7/10/2012	Extremely
11885	7/10/2012	Very popular and busy
11886	7/10/2012	ell used
11887	7/10/2012	Always busy!
11888	7/10/2012	There are always people there, quite busy/active
11889	7/10/2012	Extremely well.
11890	7/10/2012	It is always busy with patrons of all ages.
11891	7/10/2012	They all seem busy, but not so busy that I have to wait in line to check books out or use the computers.
11892	7/10/2012	I think very well used.
11893	7/10/2012	Always a busy spot with people waiting at the door for the library to open each day.
11894	7/10/2012	The Albina library is frequently full. I think a larger space someday would be ideal. I see that it is used continuously from the moment it opens till closing. It's a great hub of the neighborhood for me and I use it at least 3-4 days a week to pick up books, read magazines, and to browse the new title selections. Wonderful staff and such an important part of my life.
11895	7/10/2012	It's always busy with people of all ages. We're new to Portland and have found the library system to be one of the strengths of this city.
11896	7/10/2012	I don't understand this question. Are you asking if my library is worn out? Or if I use it? Whenever I go to the St Johns library to pick up or return books, there are many people there looking at books, reading and using the computers.[]
11897	7/10/2012	[] I would use the library far less if I had to drive farther to do so.

11898	7/10/2012	Central library appears especially busy every time I go. Hillsdale is also has a nice flow of patrons. I suspect that the libraries are well used because most of the items I search for are on hold or checked-out. The wait is usually not unreasonable though because there are so many copies.
11899	7/10/2012	When I head in to pick up my media there always seems to be a large gathering of people either on the computers, or picking up their books as well. I always see children checking out books and using the computers too. From my experience I would say our library is very well used.
11900	7/10/2012	well used
11901	7/10/2012	Well used
11902	7/10/2012	Very well used
11903	7/10/2012	Well Used
11904	7/10/2012	I can't say because I always use the main library.
11905	7/10/2012	Very Well
11906	7/10/2012	It is always busy when I go in.
11907	7/10/2012	Very well used. It is the hub of the neighborhood.
11908	7/10/2012	Very well
11909	7/10/2012	very, lots of families at storytimes, always lots of people when we go.
11910	7/10/2012	Always seems busy there. I LOVE MY LIBRARY!!
11911	7/10/2012	Very well used. Always busy. I order all my books online and pick-up at the library.
11912	7/10/2012	I always see people in their and think it is used to capacity.
11913	7/10/2012	Looks busy most days--lots of kids in summer.
11914	7/10/2012	The Hollywood library is always crowded. Nearly every seat is occupied every time I go there.
11915	7/10/2012	There always a large number of people in the building and many time is crowded to the point where it is difficult to get from section to the next.
11916	7/10/2012	It is ALWAYS busy at the Belmont branch! I've seen lines to both self-checkout AND the counter on Saturdays.
11917	7/10/2012	It seems very well used, there are always children and adults using the library.
11918	7/10/2012	I use it frequently to check out books and films. I prefer central to other libraries because it is more lively and fun to visit. I use Interlibrary Loan often also.
11919	7/10/2012	Our local branch, Midland, is very busy. Every time we go into the library it is always full of residents. There are always people waiting to use the computers and the sign up list is long. There are many residents with children in the kids section looking at books and discovering new ones.
11920	7/10/2012	Both, the Capitol Hill and Central branches are well used. Every time I visit, the branch is full with people using the resources
11921	7/10/2012	We are new to the community and still have a house in Tillamook County where we use the library so we haven't started using the st john's branch yet. So far I've mainly used the downloadable music. But the couple of times I've been at the St. John's branch it was very crowded.
11922	7/10/2012	The 16 computers are normally all taken. Generally see about 25 patrons every time I visit.

11923	7/10/2012	Whenever I visit the Belmont branch it is packed!
11924	7/10/2012	Seems to be pretty crowded!
11925	7/10/2012	Always seems pretty busy.
11926	7/10/2012	Always busy.
11927	7/10/2012	Very...it's always busy
11928	7/10/2012	very well used.
11929	7/10/2012	Very
11930	7/10/2012	Extremely. It is always very busy when I visit--both the computer stations and the book areas. People of all ages and ethnicities are there.
11931	7/10/2012	very well used...GHeights...
11932	7/10/2012	The Hollywood library is ALWAYS busy!
11933	7/10/2012	It always seems to be busy when I'm there.
11934	7/10/2012	It is always busy. The staff are helpful and they have good programs
11935	7/10/2012	Very well used! The library should propose a ballot measure that would provide the library with ample, steady funding. Portlanders will support it!
11936	7/10/2012	I always find a lot of people in the library, doing different things: computer access, kids reading, elderly people reading newspapers. I generally just pick up books that I put on hold on my computer, but I know the library is a wonderful community resource.
11937	7/10/2012	seems to be busy all the time
11938	7/10/2012	Usually well used for it's size.
11939	7/10/2012	There are always quite a few people in the library
11940	7/10/2012	Very well used and always a great resource for books I want to read but don't want to own.
11941	7/10/2012	It always seems very busy when we are there, with crowds of people waiting at the door for it to open. The story times that we've gone to (for babies and toddlers) are also very well attended.
11942	7/10/2012	This question is ambiguous and I don't understand what information you are looking for.
11943	7/10/2012	They always seem busy to me. Patrons are on the computers, looking at the shelves, and reading.
11944	7/10/2012	It always appears busy especially the computers.
11945	7/10/2012	it is usually just right, it thankfully is not too crowded, but it is never empty
11946	7/10/2012	it is always full of people
11947	7/10/2012	Extremely! Both are full of people every time I am in there. I am just starting to take my 2yr old to story time & was advised to come early or else they are full.
11948	7/10/2012	Seems pretty busy when I stop by.
11949	7/10/2012	Both the Central and Belmont libraries seem very well used.
11950	7/10/2012	Very popular library!
11951	7/10/2012	this is not a good question. Since patrons are mostly only there for a few minutes I would think staff would have a better clue as to how much or little it's used.
11952	7/10/2012	I have a wait for all ebooks that I try to check out so the online portion is well used

11953	7/10/2012	Highest per capita of any branch in MLC. Only Central has a higher per capita. It is full of people every time I go.
11954	7/10/2012	Very, people fill the chairs and computers. Not just for reading/research but for meeting places, and for me The Sterling Writers' Room.
11955	7/10/2012	Every day there is a line to get into the facility thirty minutes before opening
11956	7/10/2012	Our local library is Hollywood. I rarely use it but I might do so, again rarely, now that I've retired. [I became disgusted with the Central Library years ago when I learned that the theft detection equipment had been turned off, allowing thousands of dollars of resources to leave through the front door.
11957	7/10/2012	It always seems to be crowded when I go there.,
11958	7/10/2012	Well used.
11959	7/10/2012	very
11960	7/10/2012	The Central Library is always well used.
11961	7/10/2012	Very much!
11962	7/10/2012	Very
11963	7/10/2012	Very well used -- always busy.
11964	7/10/2012	It looks very well used and busy all the time.
11965	7/10/2012	very well used. it is always full of people using computers. reading magazines. picking up holds.
11966	7/10/2012	Very well used! It's always busy when I visit.
11967	7/10/2012	It is always packed...very well used.
11968	7/10/2012	Seems to be always busy!
11969	7/10/2012	very well used.
11970	7/10/2012	Busy!
11971	7/10/2012	Very. Hard to find parking.Usually a line when it opens.
11972	7/10/2012	very
11973	7/10/2012	appears to be (very) well used
11974	7/10/2012	Always busy. Helpful staff. Never too packed that can't access materials. Always able to find a terminal to do a library search.
11975	7/10/2012	It's great.
11976	7/10/2012	Very busy.
11977	7/10/2012	Well used - there are always people there using the computers, checking out books, and participating in special programs like kids' reading groups, Spanish-English speaking practices, etc
11978	7/10/2012	It always seems busy when we are there!
11979	7/10/2012	Well used by those in and around the neighborhood.
11980	7/10/2012	Very well used. Every time that my wife and I go in, it is usually pretty busy. The parking lot's are never empty! I almost always find a book I want to read that the library offer's. Would be awesome if they had some kind of APP for iPhone, Android & Kindle/Nook's to rent out e-book's as well. maybe 99 cent's for a 2 week rental? Would bring in more income to the library :)

11981	7/10/2012	It always has quite a few people. Also, the composition is very diverse - young, old etc.
11982	7/10/2012	It is always busy with people no matter when I come in.
11983	7/10/2012	It's busy, but I do not think it should serve as a child day care center..
11984	7/10/2012	quite well used. usually pretty busy in all areas--adult stacks, children's room, computers, librarian's desk, checkout area.
11985	7/10/2012	The Midland Library Branch is very well used. I am always happy when I see a full parking lot. Libraries are the great equalizer in these days of unemployment, short financial resources and economic instability. They enable people to acquire educations that would otherwise not be available to them, as well as entertainment and self improvement. In my mind, libraries should be open 7 am to midnight every day to encourage and enable useage from all segments of society.
11986	7/10/2012	On a scale of 1-10, 10 being heavy. I would say that both branches I frequent twould be 7
11987	7/10/2012	Well. There are always people smiling and using the computers and looking at the stacks when I'm there.
11988	7/10/2012	It always seems busy. People from the neighborhood, students from Grant and Fernwood (new name, not Fernwood now).
11989	7/10/2012	very well used
11990	7/10/2012	Very.
11991	7/10/2012	very well used
11992	7/10/2012	well used, but often feels like a homeless shelter.
11993	7/10/2012	It is always busy.
11994	7/10/2012	Always crowded
11995	7/10/2012	Extremely well used.. have seen 25 people waiting to have it open !!!
11996	7/10/2012	Very. It's constantly busy.
11997	7/10/2012	There's always a good amount of people.
11998	7/10/2012	Very, I would say. Really all the branches I regularly visit are busy.
11999	7/10/2012	I always see the library packed with people looking for books and other media related things.
12000	7/10/2012	Very busy especially the computers.
12001	7/10/2012	Always seems to be a busy place.
12002	7/10/2012	We love the Sellwood Library and it always seems to be an active place for people of all ages.
12003	7/10/2012	The computer stations can get crowded on the weekends
12004	7/10/2012	It seems very well visited
12005	7/10/2012	The Hollywood branch is always full of folks.
12006	7/10/2012	It's usually quite busy. I've seen people lined up to get in when it opens.
12007	7/10/2012	I assume it's well used based on the amount of people I find at the library at any given time.
12008	7/10/2012	Always has peoPle inside during business hours.
12009	7/10/2012	seems to be always active-all ages-all stations busy
12010	7/10/2012	Seems pretty busy - at least the Web computers are usually full.

12011	7/10/2012	Wonderful! I love it! There's always activity and energy and enthusiasm at my Hollywood library.[] Lots of oppourtunities.
12012	7/10/2012	Woodstock library is only a mike from my house. I can either drive or walk to it, depending on the weather.
12013	7/10/2012	It is very well used.
12014	7/10/2012	The computers are always busy when I visit the library, but few people are looking over books from the shelves.
12015	7/10/2012	Often used by elders and young people alike. Computers always in use with other people waiting their turn.
12016	7/10/2012	It is very well used, we are having to adjust to the new hours becasue we are used to being able to access the library on our way home from work and that is now limited, in addition to the Monday closure. We visit the library multiple times a week, but not daily.
12017	7/10/2012	I primarily go to the Belmont and Central Library locations. Both are consistently busy. The Belmont branch, while small, has a real neighborly feel to it. To be fair, the waits for computers can be a bit frustrating, but it never hurts to puruse books and impressive DVD collection. I use the Central library for personal and professional reasons. My job requires that I collect literature for co-workers. The Central library's flexible hours have been incredibly useful to acommodating work needs.
12018	7/10/2012	Very busy, but inadequate parking, especially for physically handicapped people like me, so I avoid going to the building anc go online instead, but the few times I have gone in it was quite busy inside
12019	7/10/2012	I use north Portland most, and it certainly seems to be well used. Computers always on use, staff answering questions, seats filled with people, huge hold shelf. I don't know about classes and activities - they happen out of sight.
12020	7/10/2012	My local library is always very busy any time of day! I consider it an integral part of our community that addresses the many needs of a wide based group of citizens.
12021	7/10/2012	Always busy and lots of people when I am there.
12022	7/10/2012	it is always busy
12023	7/10/2012	It's always busy when I go in. It's hard to find parking!

12030	7/10/2012	It is ALWAYS busy.
12031	7/10/2012	Always large numbers of people using services
12032	7/10/2012	Very well used for ordering & picking up items from other branches, since the Belmont location is a bit small. There seems to be a lot of families who use it often, especially for kids' activities.

12033	7/10/2012	it had been recently updated and is very nice
12034	7/10/2012	I haven't been using it as much lately, but a while ago when I used to go in to the Woodstock Library pretty frequently it always seemed pretty full of people. Seemed well-used.
12035	7/10/2012	All branches are very busy when I go. There are always kids and adults.
12036	7/10/2012	Very well used
12037	7/10/2012	very well-used. always busy.
12038	7/10/2012	It is always busy and active when I stop-in
12039	7/10/2012	I love the library! It is one of the few resources that is truly for the common good.
12040	7/10/2012	Both are very busy whenever I'm there...
12041	7/10/2012	I don't know.
12042	7/10/2012	Always busy.

12045	7/10/2012	It seems always to be busy, occupied.
12046	7/10/2012	crowded
12047	7/10/2012	Very much. School students, mothers, elderly, and everybody else seem to visit my library. It so disappointing that the budget cuts are taking place in the most useful place.
12048	7/10/2012	It always has people so, subjectively I say it is well used. If you mean specifically, what are people doing? Check with the library
12049	7/10/2012	It is always very busy.
12050	7/10/2012	I dont understand this question.
12051	7/10/2012	Don't know, since I don't go often.

12058	7/10/2012	Busy!
12059	7/10/2012	Extremely well used.
12060	7/10/2012	always busy when in to pick up
12061	7/10/2012	I order books online and then pick them up at the library. I don't use the library for other purposes and do not know how well used it is.

12062	7/10/2012	My local library is the North Portland Library, and seems to have consistent traffic flow. During day hours, the computer terminals are almost always fully utilized..for entertainment, job search, and in my case college course work and catching up on emails.

12069	7/10/2012	There's always a lot of activity in the Central Library; it is definitely well used. As to the one on Rockwood, I don't generally go there, but when I have gone by I've noticed that it's in fair use.
12070	7/10/2012	The library is always busy.
12071	7/10/2012	Very.
12072	7/10/2012	It is always very busy.

12079	7/10/2012	Seems to usually have a lot of people
12080	7/10/2012	Very well used.

12089	7/10/2012	Heavily The computers are very well used - almost all taken at any given time.[]
12090	7/10/2012	[] There is a lot of foot traffic, however the "stacks" don't seem too populated at any given time.

12099	7/10/2012	It is always mostly filled when I go there.
12100	7/10/2012	Kenton Library - very well used. I don't have children, but this neighborhood is growing and I don't want to see children's programs reduced. The others are always busy; Gresham seems to have plenty of seniors.
12101	7/10/2012	It always seems to be quite busy with all ages.
12102	7/10/2012	I use it monthly at least. It's in good condition.
12103	7/10/2012	Usually very crowded.
12104	7/10/2012	Pretty well used. Books that I'm interested in are often checked out.
12105	7/10/2012	It appears to be full of users in the computer section, a busy place when special programs are occurring, and always people coming and going and using library materials when I visit.
12106	7/10/2012	It always seems busy and hard to find parking.
12107	7/10/2012	The St Johns Branch is always busy. Neighbors of all ages use it.¶ The service level is excellent
12108	7/10/2012	It is always busy when I am there.
12109	7/10/2012	It appears to be plenty, though rarely do I go on Sunday.
12110	7/10/2012	Do you mean busy? The Hollywood branch is always bustling. My own usage varies from 1-2 times/week to 2 times/month, depending on how much I'm reading or listening. I live near the Woodstock library and visit several times a month, some times multiple times a week. It's always pleasantly bustling with families using the kids area and lots of adults and teen taking advantage of the computers and other resources.
12111	7/10/2012	I visit Hillsdale less frequently as it's near my partner's work, but it seems to have a very similar feel to it as Woodstock. Lots of families, student, and adults, though Woodstock usually has more people using foreign language resources than Hillsdale.
12112	7/10/2012	It normally seems packed with people.
12113	7/10/2012	Very
12114	7/10/2012	always seems to be busy

12120	7/10/2012	It seems busy when I'm there.
12121	7/10/2012	From what I can tell--well used!
12122	7/10/2012	Very
12123	7/10/2012	appears extremely well used.

12134	7/10/2012	Very!
12135	7/10/2012	I always see a lot of people on computers, in the stacks, and throughout the library when I'm there.
12136	7/10/2012	incredibly well used
12137	7/10/2012	very
12138	7/10/2012	I don't really know I mostly use my card for ebook lending the past few years
12139	7/10/2012	Very well used. There always seem to be many people in the space and sitting at the tables.
12140	7/10/2012	Capitol Hill is always busy, especially with youth. This is great!
12141	7/10/2012	Very well used
12142	7/10/2012	Very!! Hard to even find parking at Midland.
12143	7/10/2012	Very well used
12144	7/10/2012	No sure how to answer this? Used a lot by the community and in good condition.
12145	7/10/2012	They always seem busy. Computers always virtually fully used, and there are always children in their section. I also see a lot of adults at all times of the days that I stop by.
12146	7/10/2012	I was a constant library supporter. I stopped due to the unruly, not supervised children, so I have not used the library in the past year.
12147	7/10/2012	Thinking of the Hollywood Library as the one visited most often, it is very well used. There are always many diverse people there using all the library offers. The library is one of Portland's best assets!
12148	7/10/2012	We check out and return items 3-5x/week. I am a student and really like and need the interlibrary loan service
12149	7/10/2012	Hollywood library is always full.
12150	7/10/2012	Very well used
12151	7/10/2012	Extremely

12152	7/10/2012	Always very busy!
12153	7/10/2012	Very busy
12154	7/10/2012	Very used. Lots of people of all ages.
12155	7/10/2012	Very well used!
12156	7/10/2012	very
12157	7/10/2012	Very busy.
12158	7/10/2012	It always seems really busy to me.
12159	7/10/2012	Highly used. There is always activity at that branch.
12160	7/10/2012	It is used very well.
12161	7/10/2012	allways full of people
12162	7/10/2012	it's well attended when I visit
12163	7/10/2012	Busy whenever I'm there.
12164	7/10/2012	always busy
12165	7/10/2012	Extremely well used.
12166	7/10/2012	The Hollywood Library is a beehive of activity when I am there. Young, old, male, female, black, white--it's a diverse crowd that seem to use and appreciate it.
12167	7/10/2012	There's always lots of people milling around when I go, no matter the time of day.
12168	7/10/2012	There are always people in it and always a line waiting for it to open.
12169	7/10/2012	I know at least 16 families who rely on the library for storytime weekly. It is a wonderful place to go with our children, especially when the weather is not great. At 10:50am this morning, Tuesday the 10th of July, there were at least thirty people waiting to enter the library when it opened at 11am. This is typical. ☐
12170	7/10/2012	☐ I am proud that our library system is one of the most used in the country (per capita) and am outraged that the funding is not prioritized to have them open twelve hours a day, seven days a week.
12171	7/10/2012	hey well used
12172	7/10/2012	It always seems active and I see lots of children there. When I'm in there, it seems like there are always at least some folks at the computers.
12173	7/10/2012	It is ALWAYS very busy whenever I go, especially on weekends. If I arrive just before opening time, there is a crowd waiting to get in. I cannot imagine our neighborhood without our local library branches. We live between Albina & Hollywood, but probably use Albina the most. Both are busy hubs filled with multigenerational patrons----no matter what time of day/day of the week.
12174	7/10/2012	Where would moms/dads & toddlers go? Where would kids hang after school? Where would seniors on fixed incomes go for information and entertainment? What would job seekers do without library resources? We would all be lost without our library!
12175	7/10/2012	I don't know, because I use the library's website to place holds on books, and only visit the library to check out/return books.

12176	7/10/2012	Extremely
12177	7/10/2012	Very well used from my experience
12178	7/10/2012	It always appears to be very busy and it is a great community resource!
12179	7/10/2012	Very
12180	7/10/2012	Very busy and well used.
12181	7/10/2012	The North Portland library is very well used. There is always a wait to get on the computers.
12182	7/10/2012	Extremely well used!
12183	7/10/2012	Always busy!!!!
12184	7/10/2012	It's always busy -
12185	7/10/2012	It always seems very busy to me.
12186	7/10/2012	Very well used, it is almost always busy, lots of young children and teens too.
12187	7/10/2012	Exceedingly well, to put it mildly!
12188	7/10/2012	Extremely well used and..for good reason!
12189	7/10/2012	Very. Love to see all the kids using the library.
12190	7/10/2012	It is always a busy hive of activities.....great location, good service, I love our library.
12191	7/10/2012	We usually go every 3 wks when the library books are due & pick out new ones. Our library seems to be very well used library. It seems to always have people using it.
12192	7/10/2012	Well used. The computers are usually busy and there are always people browsing.
12193	7/10/2012	Very well used. Computers are always full, as well as seating areas and people in the stacks. It is a very busy place.
12194	7/10/2012	Important asset. I see a lot of people use our libraries. While I don't visit quite as often these days - there have been stretches where I relied on the library a lot (weekly visits). I expect for this to happen again in the future. I need you guys to be there.
12195	7/10/2012	It's used well, and it's abused. Too many people bring what amounts to suitcases and back packs that take up a lot of space and seem to smell. People should be forbidden to bring such large items into the library. The library is a place to read and research, not a place to get in from the outdoors. If we need more day shelters fund day shelters, not libraries.
12196	7/10/2012	The Northwest branch seems to be busy and full of activity as does the central downtown branch. I am always impressed by this.
12197	7/10/2012	By many people of all walks of life
12198	7/10/2012	People are waiting before the doors open, and shoed out when they are closing at the end of the day. I live on the same block as the library, and all day long I watch families going to the library. It is one of the best resources in our community and I'm delighted to see how many lives it touches every day (not counting the online users I don't see who are relying on it, too).
12199	7/10/2012	Every time I go the library seems well-attended and, I would venture to say, used.
12200	7/10/2012	Very
12201	7/10/2012	Both Hollywood and especially Central are always busy.

12202	7/10/2012	It's always very lively when I'm there.
12203	7/10/2012	My son and I check out books several times a month
12204	7/10/2012	very well used, always full
12205	7/10/2012	It is enormously busy at all times of the day
12206	7/10/2012	They are always busy.
12207	7/10/2012	Seemed wonderfully busy each time I have been there
12208	7/10/2012	It's always packed with people.
12209	7/10/2012	From all appearance, the Northwest Library is very well used.
12210	7/10/2012	Extremely well used - always very busy.
12211	7/10/2012	Very well used. It is always very busy.
12212	7/10/2012	Seems to be very busy everytime I am there.
12213	7/10/2012	Seems very well used by all ages, all hours, all days.
12214	7/10/2012	Very!
12215	7/10/2012	very
12216	7/10/2012	It's not a crush of humanity - but the computers are generally full and the stacks of books are being browsed
12217	7/10/2012	Always busy - lots of people, but not too crowded.
12218	7/10/2012	It's always busy.
12219	7/10/2012	It seems to be well used; it is always busy.
12220	7/10/2012	Very well used! All computers are typically in use, the "hold" shelves are very full and patrons are actively browsing.
12221	7/10/2012	Very
12222	7/10/2012	There are always quite a few people in there when I go to pick up holds and check out resources
12223	7/10/2012	Belmont is always busy. It is small but great for the Hawthorne District, Mt. Tabor neighborhood, Sunnyside neighborhood, etc. Hillsdale and Hollywood are also busy on a regular basis.
12224	7/10/2012	I don't use my local library. I got out of my way to visit the Central library since that's the only one that seems to stock the books I need, which is to say that it carries more than just popular fiction.
12225	7/10/2012	It is well used. Generally there are more than 15-20 people in the library when I am there
12226	7/10/2012	Not sure what you mean by this. The libraries are crowded, and the turnover is quick.
12227	7/10/2012	Very, always busy, can't find a place to park, but that's a good thing.
12228	7/10/2012	Parking lot seems fairly full most of the time.
12229	7/10/2012	Seems like it's always jam packed, mostly kids and people using the computers.
12230	7/10/2012	I am not sure if I understand the question. From my perspective my local library (Belmont) is used well. I see people there all the time using the facilities, the staff is friendly and helpful and the library as a whole meets my needs with excellence.

12231	7/10/2012	Troutdale is busy in the summer, very sparse usage during school hours when school is in session. In winter mostly older guys using free wifi. Not as family friendly (places to sit-isolated childrens area, etc) as Gresham library. Gresham: Good place to browse for books. Like the kids/childrens section for the family. Families seem to be more relaxed in this area then other areas of the library. Public area for the computers (at main desk) has quite a bit of individuals looking at very questionable material in front of minors.
12232	7/10/2012	very well used
12233	7/10/2012	Very, there are always people in the library
12234	7/10/2012	Very!
12235	7/10/2012	Extremely busy
12236	7/10/2012	I think very well used! Always busy!
12237	7/10/2012	Incredibly well. The Belmont branch is always busy.
12238	7/10/2012	Very well used.
12239	7/10/2012	Always busy.
12240	7/10/2012	I'm not sure how everyone else uses it.
12241	7/10/2012	It seems fairly popular
12242	7/10/2012	Extremely well used
12243	7/10/2012	Very
12244	7/10/2012	well used
12245	7/10/2012	there are always people there, it's a wonderful little library
12246	7/10/2012	Very
12247	7/10/2012	I'm not quite sure what this question means. Used, as in beat up?
12248	7/10/2012	very
12249	7/10/2012	It seems well used -- it's always busy when I go in.
12250	7/10/2012	Seems busy whenever I go
12251	7/10/2012	It appears to be very well-used. Always a bustling place.
12252	7/10/2012	Seems very well used. Usually "busy," but not crowded.
12253	7/10/2012	Lots of families at both branches. The Hollywood branch adds lots of seniors to the list. Both Kenton and Hollywood are well-used.
12254	7/10/2012	Very popular with classes full, and lots of books checked out.
12255	7/10/2012	The central library is always bustling, and the Capitol Hill branch seems pretty well used, even in the summer.
12256	7/10/2012	The library is always busy, with all computers in use, and there are many small children as well.
12257	7/10/2012	always steadily busy, people wait outside every morning for it to open, and i saw at least five people attempt to go in on the first monday it was closed during the one minute i was returning items to the drop box.

12258	7/10/2012	It appears to be very well used. Parking is often a problem and it always seems bustling inside.
12259	7/10/2012	Very well used. Especially in this economy where there aren't too many places to take your children where they will have a good time and it costs nothing. It's also centrally located by trimet.
12260	7/10/2012	The library is mostly busy.
12261	7/10/2012	Our library always seems to have a lot of people in it, especially when there are children's activities going on. Sometimes there is a line outside waiting for it to open.
12262	7/10/2012	I'm not sure what that question means; all Multnomah County library locations I've visited were good. They are run well and I've frequented whichever was closest to where I lived for years. I used to go to the library almost daily but don't live as close to one now so it's more of a weekly thing for me.
12263	7/10/2012	I'm in usually a few times a week. There is no way I could support my book habit without the Multnomah Library system - especially since my husband was laid-off from work.
12264	7/10/2012	The Kenton library is the hub of the Kenton community, always filled with families, people using the computers there or browsing the stacks. It has made Kenton a frequented destination and made us take notice of the local businesses there that we had previously just driven past.
12265	7/10/2012	I find our library always populated with folks and some kids. Most all the computers are at work. There are lines for folks waiting to check out material leaving the library; but they move a lot of folks along in a timely manner.
12266	7/10/2012	Very well used. While I can usually find a computer to use to look things up in the online catalog, I often wait for a terminal to become available for internet use. There is always at least one person ahead of me in the self-checkout line (but the branch has several stations so I never have to wait long); the holds shelf remains pretty steady state (ie my materials are almost always in about the same place - which suggests to me a pretty steady state of demand)
12267	7/10/2012	It's frequently busy.
12268	7/10/2012	Fairly well used.
12269	7/10/2012	Very well used.
12270	7/10/2012	Seems pretty well frequented, always full and bustling.
12271	7/10/2012	It is very well used.
12272	7/10/2012	always seems to be busy. I can't ever park my bike or my car close.
12273	7/10/2012	Very well used; it's always full of people.
12274	7/10/2012	Very. Always busy when I go.
12275	7/10/2012	The Hollywood branch is ALWAYS bustling with activity --- it makes me proud of our community that our library branch is so highly utilized and appreciated.
12276	7/10/2012	Very well.
12277	7/10/2012	I cannot quote numbers but it is always busy.
12278	7/10/2012	very well used and staffed
12279	7/10/2012	Fairly
12280	7/10/2012	seems very well used. there are always people there and the computers are frequently full.

12281	7/10/2012	Seems to be well used.
12282	7/10/2012	very well used.
12283	7/10/2012	seems to always have 15-30 people there when I go in
12284	7/10/2012	Always busy
12285	7/10/2012	It always seems pretty busy in there when I go in. Especially during the summer, I assume they must have some sort of kids programs as there always seems to be tons of little kids in there during the summer.
12286	7/10/2012	very well
12287	7/10/2012	Very well used by a large cross-section of local residents
12288	7/10/2012	It is always busy with a variety of ages, of all types of diversity.
12289	7/10/2012	Seems to be pretty busy most times I go there
12290	7/10/2012	The Belmont branch is a well-trafficked branch. There is always a healthy amount of people there. Lots of seats are taken at the study tables and at the computer terminals. I always see groups in the meeting room as well.
12291	7/10/2012	very used and it's very comfortable. I love the public library across from PCC and the main downtown library the best!
12292	7/10/2012	Very well used. Always lots of patrons there.
12293	7/10/2012	Extremely
12294	7/10/2012	Always busy - all ages. People using computers everyday as wells.
12295	7/10/2012	Incredibly well used. I volunteer there once per week (twice a week during the summer when I add in the summer reading volunteering) so I see how many people use the library. The computers are always full and there are always people about reading things and looking up things. It's a crime that the library is closed on Mondays and I would like us to have the vote for the Library District sooner rather than later.
12296	7/10/2012	Whenever I visit, which runs about twice a month, the library's busy without exception.
12297	7/10/2012	Its Ok. Doesent need much.
12298	7/10/2012	Rockwood is always packed with people. Hollywood is, too, but it doesn't seem as congested.
12299	7/10/2012	Our Belmont library is always busy. The children's room has happy children, the computer table is almost always full, the librarians are always pleasant and helpful, people are roaming around looking at the new book shelf, the mystery section, the large print section and so much more. If anyone in charge is thinking of closing our library you wil not be popular. Our library is within walking distance for many Sunnyside residents who want the exercise of walking or do not drive.
12300	7/10/2012	it is a very busy place!
12301	7/10/2012	It's always being well used!
12302	7/10/2012	Always seems like lots of people inside.
12303	7/10/2012	Very well
12304	7/10/2012	It is always busy when I visit.

12305	7/10/2012	Busy all the time!
12306	7/10/2012	Always very busy. I am at the library at least once a week, if not more often.
12307	7/10/2012	Very well used - I often see many patrons when I go there.
12308	7/10/2012	Very heavily used
12309	7/10/2012	It's always busy
12310	7/10/2012	Belmont Branch seems very busy most of the time.
12311	7/10/2012	Very busy. This is an important asset for our Sellwood neighborhood
12312	7/10/2012	Very well
12313	7/10/2012	very much so
12314	7/10/2012	It seems to be very popular
12315	7/10/2012	It seems like there are always a ton of people at the Belmont Library. It seems to be incredibly popular.
12316	7/10/2012	Belmont Location. Very used! You can tell by the smell. (;
12317	7/10/2012	Very well used--desks and chairs full every time I go in.
12318	7/10/2012	It's probably the busiest in NE.
12319	7/10/2012	It seems to be very busy in all sections of the library.
12320	7/10/2012	I feel like my local library is always packed with people and wait times for computers and other resources can be lengthy...services are definitely being used.
12321	7/10/2012	Very well used. I see a lot of people there when I go.
12322	7/10/2012	VERY!!!
12323	7/10/2012	Always looks busy. I know my unemployed acquaintances would be lost without their access to the library. Our grandchildren use the library a lot
12324	7/10/2012	Very good condition, most books and other media are like new or gently used.
12325	7/10/2012	There are almost always patrons at the branches I visit, there are a variety of programs and the facility is well used
12326	7/10/2012	It 's closed to where I live so every week on my way to the mass i like to stop by to check out DVDs and community news.
12327	7/10/2012	It always seems well used. Always many people there; the computers being used, outlets for computers are filled.
12328	7/10/2012	It always seems to be busy when I go. And there is usually line of people waiting at the doors when it's time to open!
12329	7/10/2012	Both are quite busy when I go
12330	7/10/2012	What do you mean? If you mean how well used, literally, then it is pretty well used. It's a bit run down and could use a facelift. If you mean "Is it used by many people?" or "How busy is it?" then it's pretty darn busy. It would help to be clear in your language.
12331	7/10/2012	If you mean is it busy, I'd say certainly yes.

12332	7/10/2012	Very!!! It is such a pleasure seeing so many nationalities making use of the services offered - and the number of children, absolutely delightful. The staff is very helpful, knowledgeable and will go out of their way to get answers for you. I moved here from MA just last year, regretting leaving my library "back home" but this one is wonderful.
12333	7/10/2012	very well/ Always people there
12334	7/10/2012	Very well used
12335	7/10/2012	Very well used.
12336	7/10/2012	Very well trafficked
12337	7/10/2012	Always busy when I go.
12338	7/10/2012	Seems busy to me! Lots of immigrants.
12339	7/10/2012	not good
12340	7/10/2012	Very!
12341	7/10/2012	Busy on most occasions that we visit.
12342	7/10/2012	Extremely well used.
12343	7/10/2012	I use the one closes to my work, currently-Central Library. It's convenient to pick things up on my lunch break.
12344	7/10/2012	It appears to be well used by the community.
12345	7/10/2012	Very busy
12346	7/10/2012	It seems very well used, especially the North Portland branch on Killingsworth
12347	7/10/2012	It's always busy.
12348	7/10/2012	Very well used!
12349	7/10/2012	Very- I think!
12350	7/10/2012	Not very -- I work downtown so I go to the Central library more often.
12351	7/10/2012	Always busy
12352	7/10/2012	There are always a ton of people in there.
12353	7/10/2012	It always seems quite busy when I am there.
12354	7/10/2012	It seems to be well used. Always plenty of people there.
12355	7/10/2012	It is a rare visit when it is not busy.

12357	7/10/2012	Very good
12358	7/10/2012	Both Central and Hillsdale are hubs of activity whenever I am there.
12359	7/10/2012	Both of the libraries are used a lot. The Central branch is always busy.
12360	7/10/2012	It's always very busy.
12361	7/10/2012	there is always a lot of people in the library, using the computers and checking out books and reading.
12362	7/10/2012	Quite well used many people there regularly

12363	7/10/2012	Very well, it serves the downtown community in an exemplary manner.
12364	7/10/2012	Heavily used as a resource and a day use shelter.
12365	7/10/2012	It always seems well-attended -- not sure how I'd be able to gauge this as a patron.
12366	7/10/2012	Moderately. There are always other patrons but I never have to wait for service when I need it.
12367	7/10/2012	Very well used. Always very busy with a lot of patrons in and out and many staying to use the computers and reading or studying.
12368	7/10/2012	Very well, there is always a steady stream of people coming in and out
12369	7/10/2012	Not real sure. The 3 times I've beenint here in the last 6 months, people were there. Iwas glad to see children at their table all on computers. A library is a great place for youngsters to "hang out". I enjoy strolling thru once in a while, but I order online.
12370	7/10/2012	Central library is always busy. Not usually crowded. I don't personally visit other branches.
12371	7/10/2012	There are always several people on the Internet, parents helping their young kids select books, school-age kids using computer games or doing homework, and people picking up holds at the Sellwood branch. I feel that it is extremely well-used by our community.
12372	7/10/2012	Very well used. I order books online and also check out Lucky Day books. I feel privileged to have use of such a great library system.
12373	7/10/2012	All the branches we go to seem well-used. The staff are friendly, helpful and efficient. All our branches seem very busy whenever we're there -- and we often wish the branches stayed open later. We were very disappointed to find our Hillsdale branch closed on Monday.
12374	7/10/2012	Very well used; parking lot often full at Capitol Hill, and usually at least a couple dozen people inside
12375	7/10/2012	Always busy! LOVE IT
12376	7/10/2012	Well used to be sure.
12377	7/10/2012	Very
12378	7/10/2012	It seems very well used.

12380	7/10/2012	very busy and active library
12381	7/10/2012	Not sure. Seems busy whenever I'm there.
12382	7/10/2012	it's always full
12383	7/10/2012	It's an active, well used library.
12384	7/10/2012	Extremely
12385	7/10/2012	Pretty well... Need more pc-net time for when my Laptops down
12386	7/10/2012	Well used.
12387	7/10/2012	It is a busy place
12388	7/10/2012	Very well used
12389	7/10/2012	Very well.
12390	7/10/2012	fairly
12391	7/10/2012	Not well

12392	7/10/2012	It's always busy (Belmont) when we go, which is often in the last hour of opening hours.
12393	7/10/2012	Very well used. It's beautiful space with lots of families and diversity in race, class, and gender.
12394	7/10/2012	Not sure, seems to be well used.
12395	7/10/2012	it feels like there are always people in there and its fairly busy, but in very good condition
12396	7/10/2012	Seems very popular!
12397	7/10/2012	It's usually quite busy.
12398	7/10/2012	Very well used.
12399	7/10/2012	There are always a ton of people at the library when I visit.
12400	7/10/2012	Midland Library is very busy. When I am taking classes I go to the library for research. It is friendly, clean and quiet.
12401	7/10/2012	I feel that the library system of Portland, OR is a key to how this city runs and the oppurtunities that it brings to people of all ages.
12402	7/10/2012	I and my step mom use it frequently
12403	7/10/2012	I think it is well used and a valuable resource.
12404	7/10/2012	Very well used. There is always a line when it opens and always appears to have a good number of people in the various departments within the library.
12405	7/10/2012	Well used. Although I don't visit the library as much as I used to, I believe the library is necessary for the community, both as a community resource and a place to learn. It's a vital institution.
12406	7/10/2012	Very Well. The Kenton Library has been amazing!!!! Always busy, very efficient, inspiring architecture. My family uses the hold system at our limit, always patient for when items come up, delivery to our local has greatly increased our use. We always have library items at home and rotate constantly. My 4 & 6 year old feel safe and comfortable navigating the children's section independently and respectfully.
12407	7/10/2012	It is always busy and people are lined up at the door to get in when it opens - seems loved to me. :-)
12408	7/10/2012	vert
12409	7/10/2012	It's always crowded.
12410	7/10/2012	The three libraries I visit are always busy

12416	7/10/2012	Always busy
12417	7/10/2012	I use it extensively and there are always lots of people there when I visit. I like this branch very much.
12418	7/10/2012	Very well used
12419	7/10/2012	well used!

12421	7/10/2012	very well used

12422	7/10/2012	It seems very well used. I walk by the library most days of the week and it seems busy almost all the time.
12423	7/10/2012	Generally quite full. I have seen many in line at opening in the morning.
12424	7/10/2012	Very well used.

12428	7/10/2012	Very well used
12429	7/10/2012	The Gresham library is a popular spot.

12432	7/10/2012	Very well used. The parking lot is always full and there are always lots of people inside when I go.
12433	7/10/2012	It is always full when I am there. I actually put many of the books I want on hold and pick them up there. But I also take my grandson there. Probably I use it more than once a month, but not weekl y.
12434	7/10/2012	There is oftentimes a line of people waiting to get in the library when it is about to open.
12435	7/10/2012	Exceedingly. It's always full when I go in, no matter what time it is. I'm able to use it as much as I am because of the two days where it's open late (8 pm).
12436	7/10/2012	Always full of people
12437	7/10/2012	We visit the branch at various hours and it always seems well used, yet we have no problems checking out books.
12438	7/10/2012	Very well used. There are always patrons throughout the library whenever I visit. It is a very valuable community resource.
12439	7/10/2012	Seems very busy each time I am there (*about twice a month).
12440	7/10/2012	It seems very busy! I've lived in lots of different places around the U.S., and Multnomah County has one of the best library systems I've seen. It's wonderful and worth funding.
12441	7/10/2012	As far as I understand, our branch has the highest circulation per capita in the country... so, very well used and loved.
12442	7/10/2012	It's alway full of people.
12443	7/10/2012	It seems like there are always lots of people making use of it when I am there.
12444	7/10/2012	It's always full of people, particularly kids and computer users of all ages.
12445	7/10/2012	My family and I visit both the Central Library and our neighborhood Hollywood Library at least once a week, if not twice. Both branches are busy, but never too crowded where we can't enjoy the space. We can usually find what we need and the staff & volunteers are friendly and helpful. It is like a second home for us!

12446	7/10/2012	I think it is very well used. It is well located in the hub of Hillsdale and there is always traffic, foot and vehicle, in and around the library. Parking is always a challenge which is a pleasant inconvenience. Fortunately, here in Hillsdale, walking to destinations is more a way of life than in some neighborhoods. I personally appreciate the support the Library staff provides for events outside the normal library functions such as meetings.
12447	7/10/2012	This appears to be a busy library. When my husband and I were unemployed we used the library daily to look for jobs and we found one by using your computers. We discovered how easy it was to check out books and we read fast and were no longer able to buy books we thought the library was an underutilized resource and began using it on a regular basis. We look forward to going to the library and discovering what is available.
12448	7/10/2012	My local library is Hollywood so it is beautiful and very well used by the neighborhood. I feel very fortunate to have access to it and the whole library system. It seems like it has more programs and is better organized than many systems from other parts of the state or country.
12449	7/10/2012	very well used
12450	7/10/2012	Extremely.
12451	7/10/2012	Well, as far as I can see
12452	7/10/2012	It always seems quite busy when I go. It's surprising sometimes because the parking lot is not usually full. It's nice to see most people are probably walking or taking transit to the neighborhood library.
12453	7/10/2012	It always seems very busy when I'm there.
12454	7/10/2012	It's always busy at the Belmont branch!
12455	7/10/2012	VERY busy
12456	7/10/2012	Fairly busy.
12457	7/10/2012	Seems to be very well used.
12458	7/10/2012	Always busy and large turnout for story times.
12459	7/10/2012	There always seems to be people there, using the computers and parents with kids.
12460	7/10/2012	Well used
12461	7/10/2012	well
12462	7/10/2012	It is always packed. When the Hollywood movie store left, I kept thinking the Library should take over that space to give them more room.
12463	7/10/2012	seems always busy to me
12464	7/10/2012	The parking lot at Capitol Hill is always full of cars when I visit.
12465	7/10/2012	very well used
12466	7/10/2012	I believe it is very well used
12467	7/10/2012	I think it's really well used. It's difficult to find parking; I've begun riding my bike instead.
12468	7/10/2012	I hardly ever use it. I don't want to pay the local option levy tax - there are already too many other needs.

12469	7/10/2012	Very well used as is Central, the other branch I use.
12470	7/10/2012	It is a very busy library.
12471	7/10/2012	Very well used by the community. If they had more programs for small children, we would use it more.
12472	7/10/2012	Always seems pretty busy when I'm there.
12473	7/10/2012	A lot! Always full of people, using computers, checking in and out, browsing.
12474	7/10/2012	Extremely well used. There are always lines in the morning before it opens and parking is often difficult to find.
12475	7/10/2012	It is usually pretty busy when we stop by. A wait for the machines is not rare (although that's more because people don't know how to use them still)
12476	7/10/2012	Always crowded
12477	7/10/2012	Very and much loved.
12478	7/10/2012	It is always busy and people seem to be using a range of programs.
12479	7/10/2012	very
12480	7/10/2012	I feel quite heavily used. Every time I have visited it is always busy with patrons making use of the library resources for various reasons.
12481	7/10/2012	Hillsdale and St. Johns are always full of people when I visit.
12482	7/10/2012	I do not understand this question.
12483	7/10/2012	Very well used, there is always a line to access a computer. Whenever I've gone in it's a lot of kids which I think is great!
12484	7/10/2012	Belmont library always seems very busy!
12485	7/10/2012	very good
12486	7/10/2012	Very popular and well attended at Albina and Hollywood branches.
12487	7/10/2012	Very well used. Everyday there's a crowd of people waiting at the door before the library opens.
12488	7/10/2012	(Rockwood) I would say very well used. Inside the library is always busy during open hours -- lots of families with kids, people using the computer stations, people browsing, etc. The parking lot is typically 3/4 full or more during the afternoon and early evening.
12489	7/10/2012	Usually Midland is a very busy library. I have been to Rockwood and Gregory Heights too. Gregory Heights seems to be the least used of the 3 I frequent. There are always several people there when I get to the library; some getting reading books, others searching reference materials for reports, and others on the computers.
12490	7/10/2012	Having computer access available is essential in today's world.

12491	7/10/2012	While our use of the public library is off and on, when we need it, we really need it. The library is always busy, much more so than when I was a kid. Although I have to wait to use the computer (having that privilege has been a god-send when family has been sick or when my home computer was broken and I couldn't afford to fix it. Also when job hunting. Because the economy is hurting and taxes in Mult. Co. are high now I would rather see continuation of the present hours than asking home owners to cough up more money. People want to support libraries but they can only take so much burden. If there was a way to only tax homes over \$300,000. I'd be for that.
12492	7/10/2012	Its very well used. Its right in the middle of the neighborhood, so its easy for people to walk to. It's probably one of the busier libraries in my experience and know its well needed for our community.
12493	7/10/2012	It looks very well used. There are always quite a few people there when I go.
12494	7/10/2012	Very well used.
12495	7/10/2012	It appears very well used- it's busy all the time.
12496	7/10/2012	appears very used, always lots of people, except Sunday afternoon
12497	7/10/2012	Very! I use Woodstock library to access Chinese language resources for my kids who are in the Mandarin immersion program. This is very important to our family.
12498	7/10/2012	Very well used.
12499	7/10/2012	Very busy
12500	7/10/2012	Extremely well used. Very busy, crowded in the check-out area. Great to see!
12501	7/10/2012	Very well used! There are always people inside.
12502	7/10/2012	well!
12503	7/10/2012	I think it is used pretty well, because they have all kinds of events for all ages to participate in.
12504	7/10/2012	very well
12505	7/10/2012	well used
12506	7/10/2012	usually a packed house!
12507	7/10/2012	Very well used.
12508	7/10/2012	Very well used
12509	7/10/2012	Central library is always very busy.
12510	7/10/2012	Very well used...Always alot of folks in all areas of the library. Appears to include job seekers, children and internet users.
12511	7/10/2012	very.
12512	7/10/2012	Pretty well used. It is always busy when I am there.
12513	7/10/2012	Always seems pretty busy.
12514	7/10/2012	Well used
12515	7/10/2012	Very well! It is always full of people when we visit.
12516	7/10/2012	Very
12517	7/10/2012	always busy.....
12518	7/10/2012	good

12519	7/10/2012	Very well.
12520	7/10/2012	Very well used -- I'm always amazed.
12521	7/10/2012	Extremely well, I think!
12522	7/10/2012	My local library seems to be very well used by patrons of all ages.
12523	7/10/2012	I stop by and pick up books, I have put on hold, but my sister goes to the young children's programs.
12524	7/10/2012	there are always people in there checking out books and using the computers. however there are always open check-out stations and the staff are available.
12525	7/10/2012	I love it and there is always people there when we go. We also go a lot to the storytime for toddlers and kids.
12526	7/10/2012	Midland Library is always busy. It is central to the mid county area and is used extensively by the students from David Douglas school district.
12527	7/10/2012	Very well. Serves neighborhood with programs, reference, resources and check-out materials.
12528	7/10/2012	Very well used. Everytime I go in to pick up books it is always full.
12529	7/10/2012	Not enough to justify the budgets. I suggest closing down the least used libraries and focus on having fewer, better libraries With so much funding going to public transportation, folks need to use that to get to a library that might be a few miles further away.
12530	7/10/2012	Well if I'm understand this question correctly, the library is often busy at the Northwest location! Especially the computers.
12531	7/10/2012	When I go to the library it is typically busy with various individuals using the various facilities and media within the library. It is a rare occurrence that I find the libraries to be underutilized. The age range of users is very broad with a great number of school age children using both the Albina and North Portland branches.
12532	7/10/2012	very well used
12533	7/10/2012	always busy
12534	7/10/2012	Very well used
12535	7/10/2012	Very well used. It is always busy.
12536	7/10/2012	very well used, always busy and a happy place to go.
12537	7/10/2012	lots of people are in there everytime i go by
12538	7/10/2012	A lot
12539	7/10/2012	Seems to be fairly busy every time I'm there. Computers very well utilized.
12540	7/10/2012	VERY
12541	7/10/2012	It seems like there are always a decent amount of people in there..
12542	7/10/2012	Very well used
12543	7/10/2012	Extremely well used
12544	7/10/2012	Very well used.
12545	7/10/2012	It is always well-populated when I go there.
12546	7/10/2012	it is always busy

12547	7/10/2012	I am not sure
12548	7/10/2012	Very well used.
12549	7/10/2012	Not sure, but when I've been there it is always busy. There have been lines out the door before openings and folks are always on the computers.
12550	7/10/2012	There are always people in there when it's open. It's always crowded though it's a small branch so that's not hard to do.
12551	7/10/2012	Always busy.
12552	7/10/2012	It is always busy when I go on the weekend. Vicki does a great job attending the Lents Neighborhood Association meetings to keep us informed about upcoming events.
12553	7/10/2012	I think it is used alot.
12554	7/10/2012	Very well used. I go 1-2 times a week, and see people every time I go, in the stacks, using computers, or in the meeting room. The parking lot is often pretty full and sometimes totally full.
12555	7/10/2012	Well used. Always busy and in demand.
12556	7/10/2012	very well used. and loved by lots and lots of people. seriously, it's always busy.
12557	7/10/2012	Can't say - I'm new to the area (8 months.)
12558	7/10/2012	Very -- it is always full of people and there is always a line of people waiting to get in when it opens.
12559	7/10/2012	Very
12560	7/10/2012	Brilliantly well. I visit the Belmont Library weekly, often going in not knowing what I am going to find.
12561	7/10/2012	pretty busy all the time.
12562	7/10/2012	Verry good.
12563	7/10/2012	Quite well used. It's never empty when I'm there.
12564	7/10/2012	I'm not sure what you mean by this. If you mean how many people go there, the answer is that it is very well used (Central Library).
12565	7/10/2012	Very well used downtown, and very well used on SE Belmont. Staff at both locations is exceedingly prficient and professional, friendly and helpful too.
12566	7/10/2012	Loved and appreciated.
12567	7/10/2012	It seems very well attended. Finding parking is often the biggest challenge of my visit.
12568	7/10/2012	As a frequent visitor, I am often surprised at the number of patrons the library attracts. It doesn't matter what time of the day, or which day of the week, it is always busy. The library is an important resource for the community as a whole. In fact, it might be considered vital to the local ethnic community that heavily utilizes the library's resources. The next closest library is some distance away and any cut in services would be challenging for them as most everyone walks.[] [] Thank you for listening.
12569	7/10/2012	"Adult day care and wi-fi hotspot" - downtown employees placing/picking up holds - tourists - school groups
12570	7/10/2012	Quite well used.

12571	7/10/2012	Very
12572	7/10/2012	It is often bustling, especially the computer areas.
12573	7/10/2012	Very well used
12574	7/10/2012	Whichever day and time I go, it's always active.
12575	7/10/2012	Central is always busy.
12576	7/10/2012	I have never been in the local library alone. I would say it is highly trafficked.
12577	7/10/2012	There are always people checking out books. The library is across the street from a school, so lots of kids use it.
12578	7/10/2012	Very!
12579	7/10/2012	Very. Good mix of generations, too.
12580	7/10/2012	Very
12581	7/10/2012	It's amazing and gorgeous and I love it. It is VERY well used!
12582	7/10/2012	very
12583	7/10/2012	there are always plenty of people in the library when I go in, or when I walk by. Seems like it gets good use.
12584	7/10/2012	It appears to be very well-used.
12585	7/10/2012	every library i use is always packed!
12586	7/10/2012	Extremely well used.
12587	7/10/2012	Well, it always looks plenty busy when I visit, that's for sure. All employees are WONDERFUL, helpful, full of suggestions.. they're as good a resource as anything on your shelves, and I mean that
12588	7/10/2012	Very, it's always in use at a comfortable level for our community.
12589	7/10/2012	very. there are always a lot of people there and the holds shelf is very large
12590	7/10/2012	Not as busy as some of the other branches, but there are always people going in and out to retrieve their materials.
12591	7/10/2012	Quite well. I'm always impressed by the number of young parents I see with their children at the Hillsdale branch.
12592	7/10/2012	Busy every time I have been there, no matter the time of day. Always ten to fifteen waiting on opening. All computers usually in use and research staff always seem to be helping.
12593	7/10/2012	There are always people using the resources at the Kenton library. People without computers at home go there to find jobs on the free Internet.
12594	7/10/2012	It is always busy when I am there, lots of internet and other computer use and LOTS of kids! There are several shelves exclusively for items on hold. It is a very central location.
12595	7/10/2012	I don't use it often because my book our on my ereader, but I do see the library being used quit often.
12596	7/10/2012	I'm not sure how to evaluate this question...but from my perspective, whenever I go there are always quite a few people using the computers or checking out books. It seems to be well used at all times.

12597	7/10/2012	I often request materials online and pick them up when I receive a notification email. Whenever I got into the library, it is filled with people of all ages using the computers, at the counter talking to staff and at tables reviewing material. I think it is well used. If there was more space and content for St. Johns, I believe the neighborhood would benefit greatly.
12598	7/10/2012	Very well used during all hours, particularly the computers. The Belmont Branch sometimes resembles a day-care center and homeless shelter.[] [] Outside the Central Branch is the best place in Portland to inhale second-hand smoke. The Central Branch bathrooms are where the homeless go. We are very, very tired of the creepy, smelly street people at the Central Branch, who use it as their daily office.[] []
12599	7/10/2012	We always vote for Library funds. Always. Let's not cut funding, it is disrespectful to the people who vote to have their taxes raised to support the Libraries.[] [] A little less coddling of our dead beat residents and a little more government support for the Libraries, please. In Brooklyn, I live equidistant from three branches (Central, Belmont, and Sellwood) but chose the Central branch to be my primary branch because a) it's the largest, b) it's a nice old building, and c) because I normally walk to the library (~45 minutes each way), this route downtown along the river is the most scenic of the three walks.[] []
12600	7/10/2012	The Central branch is always busy but not crowded. I never have to wait in line and the employees and volunteers are friendly and helpful when needed, though most of the time I'm there to pick up books on hold, maybe get a drink of water (after all that walking), and do self-checkout. I'm usually in and out in under five minutes. I also value the fact that there is a wide social class range that uses this branch, homeless people sitting and reading next to yuppies.
12601	7/10/2012	In 2000, the library was open a few nights until 9, but over the years scaled back regularly. Because of my work schedule I can't go to the library most days. If it was only open Saturday and Sunday, I wouldn't notice much difference. [] [] Now, if I want to browse books, I go to Powells, because they have a good selection. [] [] If there is a specific book I want to just borrow from the library, I reserve it online and then pick it up.
12602	7/10/2012	Very well!
12603	7/10/2012	Very used
12604	7/10/2012	well used

12605	7/10/2012	very well used and popular. Staff are great and so helpful. They must love their jobs because they are so pleasant
12606	7/10/2012	I haven't used the local library in quite some time. I value the library, and used to visit frequently, I just have not had the time lately.
12607	7/10/2012	Always seems busy
12608	7/10/2012	Very well used - Northwest Library
12609	7/10/2012	very well
12610	7/10/2012	It seems quite busy. The parking lot is usually over half full and the place is quietly buzzing.
12611	7/10/2012	Hollywood is always busy.
12612	7/10/2012	It is always busy!
12613	7/10/2012	We use it on a weekly or twice weekly basis.
12614	7/10/2012	Always busy, always full, but not too uncomfortably so except for peak hours. (Woodstock)
12615	7/10/2012	Very well-used--it's always busy.
12616	7/10/2012	very well, always lots of people
12617	7/10/2012	our library is always busy!
12618	7/10/2012	VERY
12619	7/10/2012	It seems to be very well used. There are always many people there. And if how long I've been waiting to get things on hold is any indication, 1000's are using it!
12620	7/10/2012	It's busy pretty much all day, except near the closing hours. Despite this, it's upkept well.
12621	7/10/2012	I don't know
12622	7/10/2012	Very
12623	7/10/2012	There always seems to be at least a dozen people in our little St. Johns branch. We're sometimes short on seating.
12624	7/10/2012	it seems to be used mostly by the homeless....doesn't really bother me that much as i am just picking up books i've reserved online.
12625	7/10/2012	Very well used. It's always busy.
12626	7/10/2012	I most often visit the St Johns library and it's always crowded! It's fun to run into neighbors and is a huge asset to the community.
12627	7/10/2012	we only live in portland part time. We use the ASHland library weekly-when we are in portland we use this one
12628	7/10/2012	It always seems busy when I am there.
12629	7/10/2012	It's always busy when I'm at the Hollywood branch.
12630	7/10/2012	Sorry, but I'm not sure what you're asking here.
12631	7/10/2012	There were always people in the Woodstock library when I went to pick up my books.

12632	7/10/2012	There are always people in our small local branch. I LOVE being able to walk to the library. I always see families there, people browsing the shelves, people picking up books on hold and folks using the computers. When I get there early, before the doors are open, there is always a cluster of folks waiting for the doors to open.
12633	7/10/2012	It is always busy and extremely active. There is normally a wait for computers and the self-checkout stations are steadily used.
12634	7/10/2012	Very.
12635	7/10/2012	There are always a lot of folks in there. This is a very vibrant library. We are in there usually twice or more a week.
12636	7/10/2012	We visit the Gresham branch most often, and it seems busy all the time.
12637	7/10/2012	most often very busy
12638	7/10/2012	Both of the branches I use are among the very most visited. On any day and time I go to either of these buildings, there is a lot of activity.
12639	7/10/2012	My impression is that Albina is heavily used. There are always people there when I visit and a number of times, I've seen people waiting at the door before the library opens.
12640	7/10/2012	How well used by me, or by others? All the libraries around town seem well used, as there are always people around.
12641	7/10/2012	it appears to be busy most of the time. Parking can often be an issue, but that means this resource is being used to its fullest. I appreciate and enjoy the extracurricular activities aimed at both youth and adults in the form of physical as well as educational (chi-kung, computer, read along etc)
12642	7/10/2012	St John's library is essential to the community. It is always busy.
12643	7/10/2012	Belmont is always very busy whenever I am there. At opening there are sometimes people right away to use the computers. The back room for personal computer use for jobs, classwork, etc is often busy. I enjoy talking to the people outside too that I meet. □ When I lived in NW Portland for a couple yrs, and when lived in St Johns for 1yr, used those libraries a lot too; coffeeshops were so noisy for my studying, and I didn't have to be tempted by pastries at library; NW library is so busy! So many kids, and adults, back room was usu. quieter than at Belmont. But people are SO nice there. St Johns, less busy. Central, adorable Oregon City Library when I see my mom, N Portland - I guess it would be nice for me if there were less other users but libraries seem very well used whenever I go to one. Maybe it's the economy.
12644	7/10/2012	Services are great. I especially like the convenience of book requests and renewing on line. Internet aside, nothing can replace wandering the shelves and discovering books and resources. I tend to use the library more some months than others, depending on my schedule.
12645	7/10/2012	library is usually well used, however many are homeless people using it for shelter and not using the books etc. The library smells! It is a little scary to be there sometimes
12646	7/10/2012	Very well used.
12647	7/10/2012	used well

12648	7/10/2012	Our library is extremely well-used, always full of people and activities!

12664	7/10/2012	very well used What does this question mean?[]
12665	7/10/2012	I use my local library pretty frequently, especially the online hold system. It seems pretty busy when I stop by. But I'm not quite sure what you're getting at here. By me? By others?

12667	7/10/2012	Very well used
12668	7/10/2012	We use frequently
12669	7/10/2012	High use. When our child was young, we used it quite a lot.
12670	7/10/2012	It is always packed with people when we visit between 3:30 and 6:00 pm. there is usually no place to sit except in at the kid tables.

12672	7/10/2012	Very popular; always crowded
12673	7/10/2012	There's always a lot of people using the computers. A fair number look at/check out books.
12674	7/10/2012	It is at capacity if not always full. Computers there are in great demand.
12675	7/10/2012	Our closest library is the Holgate library. I always see it very actively used. The computers are usually all or nearly occupied, and I've never seen it empty of people.
12676	7/10/2012	Although I don't use it regularly, I live in the area and I see a lot of traffic coming and going from the Hollywood Library. With that being said, it appears to be used frequently and needed.
12677	7/10/2012	very well used
12678	7/10/2012	I was at the North Portland library recently, and most seats were taken for the computers. It seemed busy.

12679	7/10/2012	We have two kids under 6. They love going there and finding new books and coming home with 5 or 6 each. We also use the summer reading program. Our 5 year old is actually motivated to read in 30 minute chunks simply so that she can fill in another square on the reading program paperwork.
12680	7/10/2012	It is always very busy
12681	7/10/2012	It seems to be a bustling place.
12682	7/10/2012	Very well.
12683	7/10/2012	It always seems very busy when I go.
12684	7/10/2012	always crowded
12685	7/10/2012	Very well used. Regardless of day or time there seems to be a variety of people engaging in a variety of activities there.

12695	7/10/2012	fairly well
12696	7/10/2012	Always seems to be well used - especially for the small space.
12697	7/10/2012	I'm not sure I understand what this question is asking... the library is always busy, if that's what you're getting at.
12698	7/10/2012	Lots of traffic.
12699	7/10/2012	Very well used.
12700	7/10/2012	Well used, all resources.
12701	7/10/2012	Holgate is busy all of the time.
12702	7/10/2012	Very well used. I love seeing all the children adopting a love of books and learning.
12703	7/10/2012	I use it exclusively to pick up and drop off books I have ordered online, so do not have a sense of its use.
12704	7/10/2012	It's fairly well used - generally always busy!
12705	7/10/2012	Every time I go in, it's busy, regardless of time of day or day of week.
12706	7/10/2012	The belmont library (our closest library) is always full of people. I have gone a few minutes before it opened and there were people already waiting outside.
12707	7/10/2012	Great!
12708	7/10/2012	There's always enough people to make the place look busy. There are also quite a few staff to help out. It looks well used.

12709	7/10/2012	I do not know. There are lots of people in both the Hollywood and Central libraries when I visit.
12710	7/10/2012	There are always people in it. I think it is very well used.
12711	7/10/2012	Very; plenty of patrons around at all hours; particularly busy around child story times.
12712	7/10/2012	Not sure what you mean by "well used." I use it to pick up books that I place on hold regularly.
12713	7/10/2012	Every time I go in to the Belmont Library, I have to wait for a computer. Access to the library is always busy which tells me that people love the library. I know that children and parents love the library.
12714	7/10/2012	Overwhelmed with computer users.
12715	7/10/2012	Usually fairly full of people of all ages, computers are busy.
12716	7/10/2012	Very!
12717	7/10/2012	The Hillsdale branch is always busy when I am there; classes, internet access, catalog services. quiet rooms and general traffic of returning or checking out materials. This branch is a central hub to the communities it serves.
12718	7/10/2012	Fairly well, it is a small library but seems well used. There are always quite a few people using computers and others reading or browsing books as well as people like myself picking up holds.
12719	7/10/2012	I started using the library again to tutor some children. I started going to 122nd location since it has more books.
12720	7/10/2012	very well used
12721	7/10/2012	well used
12722	7/10/2012	Very busy

12725	7/10/2012	It is very well used.
12726	7/10/2012	We use it quite often
12727	7/10/2012	There are always people there. It seems very busy.
12728	7/10/2012	Very--including Mondays when it was open.
12729	7/10/2012	very!
12730	7/10/2012	It appears to be busy and full whenever I am there.
12731	7/10/2012	It appears to be pretty well-used. It's in a great spot.
12732	7/10/2012	soso

12738	7/10/2012	Very well used
12739	7/10/2012	Very well.
12740	7/10/2012	It seems there are always at least 10 people mulling around the aisles anytime I come in.

12741	7/10/2012	Exceedingly.
12742	7/10/2012	Always busy
12743	7/10/2012	From what I can tell, it's very well used.
12744	7/10/2012	Very
12745	7/10/2012	Hollywood and Albina are always full! We love the programs too, even though we don't use many of them, the one's we've gone to have been great!
12746	7/10/2012	very well used - always has good traffic whenever I'm there, sometimes to the point of being crowded.
12747	7/10/2012	It seems busy all the time when open.
12748	7/10/2012	Very used. It seems like its packed with people most of the time.
12749	7/10/2012	Don't understand the question. Well used as in frequently used? Very. Well used as in properly utilized? I don't know.
12750	7/10/2012	I don't understand the question. "How well used" compared to what?
12751	7/10/2012	Seems to busy anytime i go to it. Always the computers are being used.
12752	7/10/2012	very well used, i run into friends and new people every time i stop in.
12753	7/10/2012	It appears to be quite well used.
12754	7/10/2012	It's always busy! I noticed the last time I was there that there was a line for checkouts - even though we have many new automated check out stations.
12755	7/10/2012	It seems to be well used.
12756	7/10/2012	I generally use the central library, which is always full of activity - all ages and demographics are using its resources.
12757	7/10/2012	I don't understand this question.
12758	7/10/2012	very well used by lots of people
12759	7/10/2012	there are a lot of people that use the library - unfortunately - there are so many people trying to get to the internet that if you try to enter at opening time - you might get trampled. I do see a lot of parents taking their children to the reading programs
12760	7/10/2012	It always seems busy. I would say it's very well used.
12761	7/10/2012	very- I always see a busy library with both breif visitors and longer broiwsers. I feel safe letting my teenager hang out at the library.
12762	7/10/2012	Central seems very well used to me. Our neighborhood one is Hillsdale which also seems busy every time I go there. the two branches I mostly use seem to be busy with most chairs and work stations in use every time I go in; Central and NW.
12763	7/10/2012	 It is not clear what you actually mean by 'How well used' - do you mean how it is used or how much it is used?
12764	7/10/2012	Our library is very well used- there are always a va

12765	7/10/2012	Gregory Heights is the only branch that I frequent at various time throughout the day, as it is closest to my home. IT IS ALWAYS BUSY. I do most of my library "shopping" on line, so I can simply walk in and check-out (though events are important to me). I do not very frequently peruse the shelves or stay for any other reason very long. However, if my compute is down... it is soooo very nice to know that laptops are available to use for a couple hours there.
12766	7/10/2012	Very well used. There are always many people in the library when I visit. I only visit on the weekends, as we work full time Monday-Friday. Very well. It seems there are usually lines for the internet computers. The neighborhood (near PCC) is fairly high density with apartment buildings near the library, so there are a lot of families with children, and they make good use of the facilities.
12767	7/10/2012	□ □ I tend to reserve books online and drop in to pick them up when they come in, so my visits are short, and I only browse if I'm along with my husband when he's picking up a book.
12768	7/10/2012	When I go in on the weekend or weekday during the day or evening, it is always bustling with people. It sometimes hard to get around since there are so many people there. Also, it's difficult to find seats.
12769	7/10/2012	i think well-used.
12770	7/10/2012	Very
12771	7/10/2012	It seems very well used during the times I have gone.

12773	7/10/2012	I think it is very well used. It always seems busy.
12774	7/10/2012	well, the NW library is small, but it is almost always busy.
12775	7/10/2012	very well used
12776	7/10/2012	Always very busy
12777	7/10/2012	Fairly well
12778	7/10/2012	Very well used. Sometimes it's hard to find parking, and it always seems packed -- especially at little kid story times.
12779	7/10/2012	I live closest to the Central Library, which is always busy.
12780	7/10/2012	Well used, I think.
12781	7/10/2012	It is very busy at all times
12782	7/10/2012	It seems to always be busy. Very popular place!
12783	7/10/2012	Alway busy
12784	7/10/2012	It always seems busy when I am there!
12785	7/10/2012	Seems to be active when I go in.
12786	7/10/2012	i am new to this library.
12787	7/10/2012	Always seems busy
12788	7/10/2012	Don't know.
12789	7/10/2012	Very well used, I would say. Always buzzing.

12790	7/10/2012	It seems to be very well used
12791	7/10/2012	It is always busy with people when I visit, so I would say well used.
12792	7/10/2012	Looks well used
12793	7/10/2012	It seems quite well used. There are always people in there when I am there, which is all different times of day.
12794	7/10/2012	extremely
12795	7/10/2012	It seems very well used
12796	7/10/2012	Pretty well used, I'd say. Like, really well-used.
12797	7/10/2012	Very well used. I usually see at least 20 people in the library when I go after work.
12798	7/10/2012	I use the Washington County library system 99% of my needs. Multnomah County Library system provides me with outside book loans only.
12799	7/10/2012	I can tell by the parking lot that Belmont is a very popular library.
12800	7/10/2012	I've never been to the library near my house. I've always used the one downtown.
12801	7/10/2012	There is always a group waiting when they open the doors. The story times always have a good number of children.
12802	7/10/2012	Always is busy when I am in the branch.
12803	7/10/2012	well used lots of immigrants in this area use it
12804	7/10/2012	I feel that it is a good community space where family can gather. It is one of the last "free" resources.
12805	7/10/2012	Always busy. Hard to park in lot or street.
12806	7/10/2012	I think it is used quite well by the local neighborhood.
12807	7/10/2012	Very well used, I think! Although I don't think the Sellwood library has a great selection right away. It's great we can get books from other libraries but sometimes waiting is a barrier.
12808	7/10/2012	Very used! We LOVE the Troutdale library!! It is so new and clean, with great programs for children! We use the library at least weekly.
12809	7/10/2012	There is always a noticeable volume of patrons whenever we visit the Central Library in downtown Portland.
12810	7/10/2012	It is very well used, to the point that the books I want are pretty much never on the shelf. I have to rely almost exclusively on the hold system, which is fine, except I know I will never see a lot of good books from browsing.
12811	7/10/2012	Central seems to be pleasantly full, or sometimes crowded. Not overwhelmingly, though. I am always able to get what I need with a minimum of waiting.
12812	7/10/2012	Well used.
12813	7/10/2012	very well used
12814	7/10/2012	We use it weekly.

12816	7/10/2012	Very well used. Pretty much always busy.
12817	7/10/2012	Adequate

12818	7/10/2012	it looks busy to me!
12819	7/10/2012	Very!
12820	7/10/2012	there are Always people lines up to get inside, and it is never empty.
12821	7/10/2012	it is very well-used in the afternoons , 50-70% full
12822	7/10/2012	very
12823	7/10/2012	Well used
12824	7/10/2012	Very well used, it's always busy when I'm there.
12825	7/10/2012	When I am at the Belmont Branch I see it as very busy.
12826	7/10/2012	There is NO local library in our area so we have to use the Central Library. Since we have to travel - why not use the largest library?
12827	7/10/2012	Very well used!
12828	7/10/2012	E
12829	7/10/2012	It always seems busy and full.
12830	7/10/2012	Seems busy and filed with people.
12831	7/10/2012	Very well used. I have often seen lines of community members outside before opening hours, and it is always busy inside when I've visited.
12832	7/10/2012	There's always a lot of people there whenever I go in to pick up books, especially when it is story time.
12833	7/10/2012	Very
12834	7/10/2012	Heavily used!
12835	7/10/2012	very well used
12836	7/10/2012	well
12837	7/10/2012	Seems to be a very busy and appreciated location
12838	7/10/2012	always busy, always staffed with helpful people.
12839	7/10/2012	Troutdale Library is very well used, and the staff are stellar!
12840	7/10/2012	The library appears to have many users each time I go in.
12841	7/10/2012	By me...well used. I will also say that every time I have gone into ANY of these libraries, there have been people waiting at the doors to be let in or there are people throughout each library...they are a sacred place for people...
12842	7/10/2012	Very well used! I know of lots of kids that stay at the library after school and wait for their parents to get off work. I'm very worried about where these children (mostly elementary schoolers) will go with the new six day schedule.
12843	7/10/2012	very popular There are people waiting even before the doors open. There are always folks from the Somali community checking out books and using the computers. The Capitol Hill library is always full of children of all ages with parents and grandparents. I would say the Capital Hill branch is essential to the surrounding community for a number of indispensable services. I'd give a pint of blood every eight weeks to keep the branch open seven days a week, it's that essential my intellectual and writing life..
12844	7/10/2012	

12845	7/10/2012	Always appears to be busy - at least when I am there. It is convenient for those living close by, you see many walking. The computers are well used, I personally don't take advantage of this service but recognize there may be a wait at times if I did.
		Being right by a grade school, the Capital Hill branch is used a lot by students and adults as well. The computers to access the internet often have a 'waiting list' at some times of the day. Usually Early and after school hours are the busiest.[]
12846	7/10/2012	I can vote there too, as do a lot of the neighborhood residents. I am glad that my branch is so close to me. Less than 100 yards from my front door. []
		Keep you the good work. Steve B
		Very busy.[]
		More so w reduced hrs.[]

12847	7/10/2012	Kids reading programs.[]
		Job seekers help.[]
		Reduced hrs affect those most in need.[]
		This is a vital service for the community.
12848	7/10/2012	Every library I've been to in Portland seems to be well-used, there are always people going in and out, hanging out there, I know several families who take their kids there for both events, and just to spend time reading or whatever. It seems like there are often people using the libraries for computer access as well.
12849	7/10/2012	It seems fairly busy.
12850	7/10/2012	Always very busy.
12851	7/10/2012	Always busy.

12857	7/10/2012	don't know?
12858	7/10/2012	I constantly have at least two items checked out!
12859	7/10/2012	It seems pretty busy when we go in.
12860	7/10/2012	Very well-used.
12861	7/10/2012	very
12862	7/10/2012	I can't imagine not having my library to go to. There is always a crowd waiting for those doors to open in the morning.

12863	7/10/2012	very
12864	7/10/2012	Very well used. All the computers are in use most times I go there. There is often a short wait to check my books out.
12865	7/10/2012	very
12866	7/10/2012	Very well used
12867	7/10/2012	Seems fairly busy most of the times I visit
12868	7/10/2012	Always is busy when we are in there
12869	7/10/2012	its always busy when I go in, but since receiving my kindle for a gift, I dont hardly ever go into the library anymore
12870	7/10/2012	is ALWAYS BUSY
12871	7/10/2012	Very!
12872	7/10/2012	Very well.
12873	7/10/2012	Very well used; there are always people at the computers, and often checking out items as well.
12874	7/10/2012	Well-used and beloved by all. [] [] For what it's worth, I voted for every library bond all of which IIRC passed. Why are we still coming up short for funds?
12875	7/10/2012	Over used
12876	7/10/2012	I'm not sure how well it's used, and while I don't use Libraries much, I think it's very important to have libraries as part of any community.
12877	7/10/2012	It is always busy and often one must wait to use the computer.
12878	7/10/2012	It seems relatively busy when I've been there!
12879	7/10/2012	It is always busy, the lot is usually full and when I moved into the neighborhood several people who already lived here mentioned the Gregory heights branch as a plus for the community
12880	7/10/2012	Very well used. Always busy and full of people of all ages.
12881	7/10/2012	There are usually alot of people using the library when I go. All conmuters in use unless you go in the morning soo as they open up.
12882	7/10/2012	It is always busy. Often there is no where to sit. Programs for children are always well attended, with the room set aside for that packed full and people sitting on the floor.
12883	7/10/2012	The Gresham Library is well used and well-maintained. I enjoy going to the Library to check out books. Very well used. When I arrived on July 2nd, a Monday. to find a line of people at the book drop, none of them seemed to know why the library was not open on that day, and they were disconcerted not to be able to use the facilities. Whenever I have been there, any day of the week, it has been really pretty busy with folks reading at the tables, using PCs and the library computers as well.
12884	7/10/2012	

12885	7/10/2012	I think the Midland branch is used allot. Every time I go there is always seems to be very busy. I usually go the the library several times a week. I read allot and also listen to books on CD. I seldom leave my house. I read several books a week, plus I oil paint and listen to books on CD while I'm painting.
12886	7/10/2012	Very well used. The North Portland library was not enlarged during its refurbishment due to its historic status. It already has an unused fenced in "backyard". You could put chairs out there in the summer and allow people to read there.
12887	7/10/2012	Always busy!
12888	7/10/2012	very busy!
12889	7/10/2012	Very well-used
12890	7/10/2012	Very well
12891	7/10/2012	Very
12892	7/10/2012	Very well used. I also go to rockwood and it is a samll venue, but always busy.
12893	7/10/2012	Central Library is almost always crowded with all computer terminals in use and most of the check out stations also being used.
12894	7/10/2012	Well-used. There are always at least a dozen other patrons when I visit.
12895	7/10/2012	My library is always busy. It's like a train station.
12896	7/10/2012	It is both well used and an asset to our community.
12897	7/10/2012	The libraries I visit regularly are always busy.
12898	7/10/2012	Very busy
12899	7/10/2012	well
12900	7/10/2012	The library's always busy. Often there are folks waiting outside for it to open.
12901	7/10/2012	It is always full of people browsing, using computers or other resources. I see it as a valuable community asset that I am thankful I have the benefit to take part in.
12902	7/10/2012	very [] always seems busy and full
12903	7/10/2012	It is pretty good.
12904	7/10/2012	It seems full whenever I go. It is a great place to study
12905	7/10/2012	Always nicely busy.
12906	7/10/2012	The Troutdale branch is new and looks great. However, it is small and most of the books I rent, I request from other branches.
12907	7/10/2012	Very well. There are always lines for the computers and many people occupying tables.
12908	7/10/2012	Very. Always plenty of people there.
12909	7/10/2012	I wouldn't know the answer to that. I know when I drop in its comfortable- maybe 50 or 60 people.
12910	7/10/2012	active
12911	7/10/2012	The both seem to be very well used. Plenty of traffic.

12912	7/10/2012	Seems busy when I am in there... we love having it close to our home and both my children visit almost weekly.
12913	7/10/2012	Well used? Like how frequented or "packed" are my branches? Pleasantly filled with my community members, in fact, I wish there was a tiny budget for marketing all of the great resources to my non library using neighbors.
12914	7/10/2012	No idea; I don't use it.
12915	7/10/2012	Very well used - it is always busy!
12916	7/10/2012	From all appearances, it is well-used. The user-traffic is very lively.
12917	7/10/2012	Hillsdale Library always seems busy! Being next to the high school, it's nice to see so many students using the space.... and I know I used it for silent, distraction-free study during college, including the quiet rooms. I also like that it is close enough for me to visit on a jog or bike ride.
12918	7/10/2012	Whenever I go to either of the branches I frequent they both seem to have a relatively large group of people reading, checking out stuff and using the computers.
12919	7/10/2012	It seems to be very well-used. There are always a number of people using the computers, browsing the book sections, or participating in children's and adult group activities when I visit. The parking lot is never empty except for after hours.
12920	7/10/2012	Very. Whenever I visit, the computers are all or nearly all being used, patrons are searching through the stacks, and I see people at one of the many programs offered by the library.
12921	7/10/2012	We primarily visit the Hillsdale library, and it seems to be busy and get a lot of use by the community. The library is well maintained.
12922	7/10/2012	very well used is my local library. thank you
12923	7/10/2012	Very there are always lines for the computers, and kids hanging out in the children's section.
12924	7/10/2012	It seems as though it it very well used and well loved. With my husband and I working in different parts of the city, we have come to rely on different libraries.
12925	7/10/2012	Always seems busy and full of people of all ages !!
12926	7/10/2012	Went in recently on a hot day and it was packed.
12927	7/10/2012	VERY
12928	7/10/2012	Well
12929	7/10/2012	seems to have many people.. great staff
12930	7/10/2012	very well used
12931	7/10/2012	very
12932	7/10/2012	Very well used.
12933	7/10/2012	very well used
12934	7/10/2012	Always people there
12935	7/10/2012	Seems to be always busy....
12936	7/10/2012	Extremely well-used. Always a crowd, bike racks and parking lot full.
12937	7/10/2012	Very well-used! It is always bustling with people.

12938	7/10/2012	very well used. always busy
12939	7/10/2012	well used
12940	7/10/2012	Fairly well-used, I think.
12941	7/10/2012	Extremely. It is always quite full of patrons.
12942	7/10/2012	There are quite a few people there every time I visit, I would call it well used.
12943	7/10/2012	It is usually quite populated when I am there, so I think it is well used and well loved.
12944	7/10/2012	very well used there are always lots of people there.
12945	7/10/2012	The central library is very busy.
12946	7/10/2012	Very well used. It's typically busy, if not crowded.
12947	7/10/2012	Consistent, but definitely not overwhelmed. I think we could reduce libraries and handle it. I'm sad they opened the Troutdale branch, Fairview is less than 4 miles away. C'mon people
12948	7/10/2012	It tends to be a packed house every time I go there. Often I see people queued up waiting for the doors to open.
12949	7/10/2012	It is very well used. We need to do more to reach the Latino community.
12950	7/10/2012	it looks pretty well used to me. usually there are a plethora of people using all the visible resources, all ages, all incomes.
12951	7/10/2012	There are always lots of people in the library every time I go in. I would also like you to be aware that the Belmont Library is very small and does not have as many books in it as I would like, therefore I am usually having to order books from other libraries to be picked up at the Belmont location.
12952	7/10/2012	Always seems busy when it's open. Greater demand for internet access and computer use than there are resources available.
12953	7/10/2012	very, it is great. I wish it was bigger. The online resources are fantastic.
12954	7/10/2012	It always seems busy when I visit. Lots of people coming and going, and a very helpful staff.
12955	7/10/2012	hillsdale branch always seems to have 20 or more people in it. there are always people using the computers and the long study tables. there are almost always families using the children's area as well.
12956	7/10/2012	It is jam-packed at all hours. Librarians should be less hostile to homeless and mental patients. Library does not do enough internet marketing of itself. Library does not offer indy local music to check out, as far as I know. Library does not offer literary mags.
12957	7/10/2012	It is always very busy. I never see it empty. I used to go all the time, several times a week, until I had a child. When she is older, we will use the library for the kids programs and materials. I love the library and use it a lot. I used to carry a checked out list of over 50 books at a time. I only dropped to 10 or so at a time, since it's hard to find the time with a baby.
12958	7/10/2012	Whenever I have visited the Kenton Library, for it's size, it is well used. I don't utilize all of the programs, but I see other parents taking advantage of them. I utilize your 'Library to go' ALOT! Hoping more books can be added to it. Perhaps that would save cost in the long run?

12959	7/10/2012	The Hillsdale and Capitol Hill branches always seem to be busy when I'm there, and the "hold" shelf is always full at Capitol Hill. The 2-year old story time at Capitol Hill is usually packed (15-20 kids plus parents), but the same one at Hillsdale was not (less than 5 kids). My experience at the Northwest branch is pretty limited; we've been there 3 or 4 times, but it seems less busy than the others. Could be time of day, though. Storytime is very popular there.
12960	7/10/2012	How well used? I don't understand your question...It is very busy. Always packed (I'm sure you already know that?). It is an excellent resource for our community. I think longer and more consistent library hours should be the direction the county is going in-not less! We should raise taxes on the rich to pay for libraries, schools and vital community services. I think even more literacy programs would be a benefit, like book babies more than once/week. I love that the mcl system sent us literacy information and a book after the birth of our first child. I think parents and children really benefit from that information. [] [] I hope that answers your (poorly worded) question.
12961	7/10/2012	The Hollywood library is jam packed with both media borrowers and people using computers, and frequently with people using the community room and private work rooms. During library operating hours it is often difficult to find a parking spot in the designated library parking area as well as in the immediate blocks, including the adjacent street parking.
12962	7/10/2012	VERY!
12963	7/10/2012	Based on the number of people using the library every time I go there, I would say it is very well used.
12964	7/10/2012	I think it is very well used.
12965	7/10/2012	Always seems busy
12966	7/10/2012	very well, it seems
12967	7/10/2012	It always seems busy
12968	7/10/2012	Very.
12969	7/10/2012	Very well used; it's always busy.
12970	7/10/2012	It's always busy - with lines for the computers, and a line of people waiting to check out.
12971	7/10/2012	Extremely.
12972	7/10/2012	Standing room only!
12973	7/10/2012	I don't know what this means.
12974	7/10/2012	It is the Central Library so in my opinion very well used. There are always many people checking out books or reading when I go in.
12975	7/10/2012	Nothing Portland is packed all the time. Books fly off the shelves. Staff are excellent.
12976	7/10/2012	Both are always very busy.
12977	7/10/2012	It is always busy - I have difficulty getting some books because there is such demand.
12978	7/10/2012	Somewhat
12979	7/10/2012	Very.

12980	7/10/2012	Very well used
12981	7/10/2012	Very busy
12982	7/10/2012	Very well used.
12983	7/10/2012	It's always well-populated; there is always a wait time for computer use.
12984	7/10/2012	Very well used - there are always people there checking out books, reading, using computers, study rooms, etc.
12985	7/10/2012	always busy!
12986	7/10/2012	It generally seems busy.
12987	7/10/2012	Seems to be busy whenever I go there; always many patrons there
12988	7/10/2012	I usually am just running in and out, but sometimes I stick around to browse and it seems to be pretty well-used.
12989	7/10/2012	Seems to be very well-used. I see full tables and lots of activity every time I'm there.
12990	7/10/2012	Always full of people. Line of people waiting for library to open. Well used.
12991	7/10/2012	It seems to be pleasantly humming whenever I go in. I think the location next to the school is a huge advantage for those families.
12992	7/10/2012	People attend each and everyday.
12993	7/10/2012	People are waiting outside the door every morning prior to it opening. It is very busy with people of all ages and socioeconomic diversity.
12994	7/10/2012	Immensely. The Central library is always very busy.
12995	7/10/2012	Heavily used and often crowded. It would benefit from expansion
12996	7/10/2012	If you mean is the building in good shape? Yes, very. I am sure there are libraries more in need of renovation.
12997	7/10/2012	I have only just moved here, but it seems to be bustling with activity.
12998	7/10/2012	I don't understand the question. The branches I frequent are busy, if that's what you want to know
12999	7/10/2012	Extremely well-used. Always a crowd of people there.
13000	7/10/2012	What does this mean? The Library has degenerated into a noisy amusement park. Babies crying, librarians reading stories out loud or noisy meetings in adjoining rooms, retarded people noisily engaged in Internet gaming, people talking on their cell phones or having "private" meetings at public tables where it is all but impossible to concentrate on READING. If that were not enough the librarians are ignorant especially of reference materials and do not keep track of important periodicals such as Barrons. Most of the periodicals are collections of advertisements to consumers that should not receive public funding. The library is entirely too small, the older building was actually larger. There is no drive up book drop and insufficient covered parking for bikes. In short the library is dumbing down and not serving its mission to help poor and working class citizens educate themselves. Libraries are too important to be left to professional librarians or politicians and probably have to be starved of funding before they realign with their mission.
13001	7/10/2012	well used!

13002	7/10/2012	Very well!
13003	7/10/2012	EXTREMELY WELL USED
13004	7/10/2012	VERY, the Hollywood library rocks!
13005	7/10/2012	very well
13006	7/10/2012	ALWAYS COMPLETELY BUSY!
13007	7/10/2012	Very busy!
13008	7/10/2012	Well used
13009	7/10/2012	My library is always busy
13010	7/10/2012	Always seems to be pretty busy when I stop by.
13011	7/10/2012	It seems to be pretty busy each time I'm there.
13012	7/10/2012	It's always busy - so VERY!
13013	7/10/2012	Very well.
13014	7/10/2012	just to browse when getting out of the heat
13015	7/10/2012	Every time I go (usually on a weekend), there are several people there, using computers, looking for books/media, etc.
13016	7/10/2012	I may not come to the branch often, but I have a lot of use (and appreciation) for the library's electronic databases and other online resources!
13017	7/10/2012	It's always very crowded!
13018	7/10/2012	Very well used
13019	7/10/2012	Very
13020	7/10/2012	Very well used people queue before it opens. I would appreciate later opening hours
13021	7/10/2012	I love the library. I am on a fixed income and love to read and listen to books on CD. Without the Library this joy would be curtailed in my life.
13022	7/10/2012	seemingly very busy
13023	7/10/2012	The Hillsdale Library is very popular.
13024	7/10/2012	very
13025	7/10/2012	When I go I always see people looking for books and using the computers
13026	7/10/2012	I'm not sure what you mean by this question. It seems like there are always a lot of people there when I go.
13027	7/10/2012	Always a hopping place! We are so grateful for our public library and the resources it offers us. We can't imagine our lives without it.
13028	7/10/2012	Very well. Being right downtown it is often full of people. My only complaint is that the men's rooms are horrifically filthy most of the time and should likely be condemned by the health department.
13029	7/10/2012	Seems crowded and busy most of the time! Wonderful to see old and young using such a valuable source.
13030	7/10/2012	Gregory Heights is on the smaller side of libraries in Portland, but it is always very busy, between people checking out books and using the computers.

13031	7/10/2012	The Hollywood Library, where I frequent most often, appears to be very well used. Every time I go in, there is a healthy crowd there, and everyone is using various resources around the library.
13032	7/10/2012	very well -- seems like all computers are in use more often than not, several rows of shelves w/ held books & items, dozens of people in the library at all times.
13033	7/10/2012	When I've gone in at various times there always seems to be quite a few people using the library
13034	7/10/2012	Business looks good when I am there. So much so I am trying to get down the 'slow times' and make my visits then.
13035	7/10/2012	Both branches I visit always seem to have people in them. The Capitol Hill branch gets a lot of visitors from the near by elementary schools. A librarian comes to read to my Head Start classroom at Markham Elementary School and the children love this program!!
13036	7/10/2012	Belmont is crowded and busy at all hours.
13037	7/10/2012	Do you mean how worn out or how well utilized? Seems well utilized but not used up.
13038	7/10/2012	Very well used--many customers.
13039	7/10/2012	It's used a lot. There is alway people in it reading, using computers, and checking books and whatnot.
13040	7/10/2012	Very - the parking lot is usually pretty full at Gregory Heights and Central is always busy of course
13041	7/10/2012	Very well used
13042	7/10/2012	Always seems active and busy. Every time I have visited there have been several other people there utilizing the libraries facilities and services. The computers particularly always seem to be in use. At the same time, I have never had to wait for a service, the librarians have always been quick to assist me when I have requested help, and checking out books has been a quick process.
13043	7/10/2012	I am there probably three times a week, mostly because it is on my way to and from several places I use frequently. I get books for my grandchildren (ages 9 and 6) frequently, as well. I read a lot.[] []
13044	7/10/2012	It seems to me to be a very well used branch.
13044	7/10/2012	The library is used constantly.
13045	7/10/2012	????
13046	7/10/2012	it looks busy to me. We try to take advantage of its programs
13047	7/10/2012	Central Library is never empty but the library's services are outstanding!
13048	7/10/2012	I went this morning and about 5 people were waiting for it to open. When I visit it is always full, not uncomfortably full, just busy.

		Libraries are yet another government service that needs to be eliminated. With the advent of computers and the internet, they are not needed. ☐
		☐
13049	7/10/2012	If we have to pay for the small minority of people who can't get their act together enough to get their own computer, then, alas, libraries are just another stupid service to keep the poor enabled, such as food stamps and all the other government programs that transfer wealth from the haves to the have-nots. ☐
		☐
		And guess what...the have-nots seem to always STAY have nots. Since they have no incentive to do otherwise.
		Monthly and check out☐
13050	7/10/2012	☐ I've never been there when it wasn't busy. The librarians are very helpful and all are pleasant with the borrowers.
13051	7/10/2012	Very well used
13052	7/10/2012	Always seems to be busy
13053	7/10/2012	Seems to be busy when we are there
13054	7/10/2012	Seems busy
13055	7/10/2012	very
13056	7/10/2012	Don't know. Went by Hollywood the other day and it's looked hopping!
13057	7/10/2012	Usually busy
13058	7/10/2012	very well used, it seems busy most of the time
13059	7/10/2012	It is always busy and crowded due to how small it is. There is a limited amount of books there as well.
13060	7/10/2012	Seems to always have a good amount of patrons there when I visit.
13061	7/10/2012	Seems well used
13062	7/10/2012	It's always hopping! Very very busy in there. The materials are in constant circulation.
13063	7/10/2012	Pretty well used... it's always busy when I am there.
13064	7/10/2012	Very well used. It is a hub for activity in our neighborhood. If anything it needs to be expanded to better suit the needs of the community.
13065	7/10/2012	Very well-used.
13066	7/10/2012	Well used.
13067	7/10/2012	Seems to be used very well.
13068	7/10/2012	Not much
13069	7/10/2012	It seems pretty busy every time I go there
13070	7/10/2012	It looks like there are many patrons - it's unclear what is meant by 'used'. Hillsdale library is a new beautiful building, does not seem used at all.
13071	7/10/2012	Well used, but not over-used.
13072	7/10/2012	Very well-used. Every time I go there, there are dozens of people using the library.

13073	7/10/2012	Very! It is small but always busy.
13074	7/10/2012	very well, there is almost always a large and diverse group of people there
13075	7/10/2012	whenever we go in, there are a significant number of people there, on the computers, reading, checking in and out library items
13076	7/10/2012	It is usually fairly busy.
13077	7/10/2012	Today, I had to circle the parking lot at Midland twice to find parking.
13078	7/10/2012	Belmont is busy every time I go. There are always people in every area of the library and on the computers.
13079	7/10/2012	This library is too small
13080	7/10/2012	It's very busy and very friendly.
13081	7/10/2012	Computers are usually packed' reserve shelves full of requested books. Staff is wonderful.
13082	7/10/2012	Always seems busy- well used
13083	7/10/2012	It's always busy with a diverse clientele.
13084	7/10/2012	Very. The Holgate branch always seems to be crowded. Lots of different people too - young, old, and everything in between; people of all colors (as much as you ever find here, anyway ;o)...
13085	7/10/2012	very active, especially with children For a small neighborhood branch, it seems to have a very strong traffic flow and
13086	7/10/2012	many patrons. It is needed in the far north area of our large city, especially for the low income citizens of the area--who often feel disenfranchised.
13087	7/10/2012	Always seems pretty busy when I'm at the library.
13088	7/10/2012	From my experience, the Belmont library always seems to be busy with children and adults of all ages visiting.
13089	7/10/2012	On the basis of what I see during my visits, I think that my local library is very well used.
13090	7/10/2012	It's always busy when I've been there.
13091	7/10/2012	always busy
13092	7/10/2012	It is very well used.
13093	7/10/2012	I couldn't say.
13094	7/10/2012	People are always in and out of the library.
13095	7/10/2012	always busy
13096	7/10/2012	very well used
13097	7/10/2012	It's always filled with people
13098	7/10/2012	Very, from what I can tell!
13099	7/10/2012	Very well
13100	7/10/2012	From the parking lot, I would say a lot!
13101	7/10/2012	It's always busy.
13102	7/10/2012	There is always about 20-40 people in it every time I'm there.

13103	7/10/2012	seems busy every time I'm in the library. Often no computers are available too in addition to the people in the stacks and at the tables.
13104	7/10/2012	There is usually a 5-10 minute wait for the computers and a whole row of shelves devoted to reserves, so it appears the library is indeed well-used.
13105	7/10/2012	it seems to be busy all the time
13106	7/10/2012	Always busy.
13107	7/10/2012	The Midland Library is always busy
13108	7/10/2012	Central library is heavily used.
13109	7/10/2012	Well used. It is indispensable to us. I would pay more taxes to support the local library. It breaks my heart to see any kind of cuts to budget whatsoever.
13110	7/10/2012	well used (in a good way)
13111	7/10/2012	Very well, I think. Always pretty busy.
13112	7/10/2012	Our library is very well used and is an important pillar in this community.
13113	7/10/2012	very busy
13114	7/10/2012	Very.
13115	7/10/2012	Very well used.
13116	7/10/2012	It's usually crowded when we go, especially for the kids' programs.
13117	7/10/2012	I think that several people rely on the library for computer access, research, and checking out books and media regularly.
13118	7/10/2012	Very well used. There are always patrons in the library, using the computers, reading to kids and checking out books.
13119	7/10/2012	? I guess it seems pretty busy most of time?
13120	7/10/2012	Pretty well used. I see many people in the library every day. I myself frequent it four to five times a week, at least. It's within great walking distance!
13121	7/10/2012	When inside the library, there always seems to be a consistent amount of people using the library services.
13122	7/10/2012	I underuse the library, not because of my wishes but because of the demands of my job. It is a necessity and would be lost without its services.
13123	7/10/2012	very well used. I see youth and adults there quite often. I wish the space was larger and had a better selection.
13124	7/10/2012	Every time we go to look for books there are many people there. We are retired, and so often we go during the work week. It is still busy then.
13125	7/10/2012	I always see a lot of people in the library.

13126	7/10/2012	Hard to say. It is clear that the county system has been under stress since I have moved to Portland (5 years ago). I came from Las Vegas which, oddly enough, had a generously supported library system with beautiful buildings (at least the two branches I went to) and an abundance of new and classic books, movies, music and other media. The Hollywood and especially the branch on 39th/Chavez seem to have a much poorer selections of media. It is a hard time for libraries. You are going to have to innovate in order to survive.
13127	7/10/2012	The Belmont Branch usually has a constant stream of people there when I'm in there about once a month or more. ☐ ☐ I use the online features for virtually all my library transactions. I like the opportunity to place a hold 24/7. ☐ ☐ I wish there were a feature to make a personal comment beside a hold (or freeze) so that I could remind myself when the book becomes available as to what was the reason for placing the hold. Some times I forget after a long wait time.
13128	7/10/2012	Very busy always
13129	7/10/2012	Overused
13130	7/10/2012	Very well used; it's always busy when I go there.
13131	7/10/2012	Both branches that I frequent are always full.
13132	7/10/2012	Very well used!
13133	7/10/2012	It always looks busy when I am in there.
13134	7/10/2012	It is always bustling!
13135	7/10/2012	Very...?
13136	7/10/2012	Very!! Always busy.
13137	7/10/2012	I'm not sure what this question means... The Central Library gets a lot of foot traffic, if that's what you mean.
13138	7/10/2012	Very well used
13139	7/10/2012	very well used. it is always full of people on the weekends when I go there.
13140	7/10/2012	Very well used!
13141	7/10/2012	Extremely
13142	7/10/2012	It's always a hive of busy-ness whenever I'm there.
13143	7/10/2012	Very well used.
13144	7/10/2012	Too well used! It's always busy and thriving while I'm there and often feels overcrowded. I wish it were bigger.
13145	7/10/2012	I live just houses away from the holgate branch and it seems to be very busy , there are always a lot of people, especially the neighborhood kids there. I love having a Library so close.

13146	7/10/2012	There are always people waiting for it to open, and it is always busy inside once it does open. People are all over the place doing all sorts of things.
13147	7/10/2012	We hardly ever see many people there. Usually just a couple and often its for esl services
13148	7/10/2012	There seem to always be at least 20 to 40 other people in the library whenever I go.
13149	7/10/2012	Very well used - always busy, and a wonderful feeling of community.
13150	7/10/2012	Seems to be busy whenever I visit. Both Hollywood and Albina form an important community space for the neighborhood.
13151	7/10/2012	We have four cards between family members. They are all used A LOT. My children participate in the summer reading program as well.
13152	7/10/2012	Our local library always has a large number of people in it and is pretty busy. The fact that it is easily accessible by walking and biking is also nice.
13153	7/10/2012	always busy with waits for computers. i see all ages, races at the library. truly represents the community more than any other place i can think of in the city.
13154	7/10/2012	Well
13155	7/10/2012	The Capital Hill branch always appears to be very well used, primarily by those in the neighborhood.
13156	7/10/2012	very well.
13157	7/10/2012	By the community...I'd say it's very popular...people often meet there.
13158	7/10/2012	It's very well used. The library always seems bustling and filled with people. Since Burton Barr is my "local" library, there are always so many activities going on. A good example: Will Bruder's talk on the summer solstice. It was so nice to see so many people in the library at noon on a weekday. I know I took time off from work to attend, and obviously hundreds of others did the same thing.
13159	7/10/2012	nicely busy all the time
13160	7/10/2012	It always seems very busy.
13161	7/10/2012	Pretty well used.
13162	7/10/2012	It has seemed fairly busy whenever I visit, with tens of people there
13163	7/10/2012	Very!!
13164	7/10/2012	Very well used. The staff is always helpful even when very busy.
13165	7/10/2012	All of the libraries seem to be hopping every time I'm there.
13166	7/10/2012	Extremely well-used.
13167	7/10/2012	Very - too small at Albina, hard to get in to get holds.
13168	7/10/2012	Very; it's always busy.
13169	7/10/2012	It seems like a busy and happy place.
13170	7/10/2012	Well used. Always crowded when I go there.
13171	7/10/2012	Very busy almost all the time.
13172	7/10/2012	It is very well used by people from many different segments of the community. During the day, I notice that many people take advantage of computer resources.
13173	7/10/2012	Very well.

13174	7/10/2012	Well used. My wife was a librarian for 18years in Pacific City. She lives for books :-)
13175	7/10/2012	Always full of people, lots of programs
13176	7/10/2012	Very very busy. Full most of the time. (Belmont Branch)
13177	7/10/2012	It always seems busy, especially the computers.
13178	7/10/2012	Very well used
13179	7/10/2012	Very well used. There are always many people in the NW branch, using the computers and checking out, picking up books, etc.
13180	7/10/2012	Kenton Library is always busy. There are always people on the computers. The children's section is well-loved and busy. The hold shelves are filled!
13181	7/10/2012	always seems to be busy, especially with parents and children.
13182	7/10/2012	It seems busy nearly all the time.
13183	7/10/2012	Albina seems busy all the time, I do wish they had more books that I want to read on the shelves, as it seems more focused on black authors rather than just good books.
13184	7/10/2012	It always seems busy. There are great programs available nearly every day for the children, especially in the summer. I am an avid and constant user of the library and since I retired, I am there more often then ever.
13185	7/10/2012	It is almost always busy. I've observed that the computers always seem busy and people doing research, reading, etc.
13186	7/10/2012	I used the library2go for Kindle books, and audio books several times a month. I love that I can just go online and have access to the format I like most.
13187	7/10/2012	The central library is a Portland gem....I love it. It is always humming with people...my perception is that it is very well used--by locals and visitors. I travel a lot and it is one of the first places I visit when I return to Portland.
13188	7/10/2012	It seems to be well used.
13189	7/10/2012	My local library is a cornerstone for information, knowledge and access to my personal and professional development. I strongly believe limiting the usage of libraries would be a mistake not only for the community but for all humanity.
13190	7/10/2012	Very well, but there is never a long check-out line as there can be at Ledding Lib. and others.
13191	7/10/2012	I believe Belmont is heavily used based on people there when I visit, but I don't have any means to compare to other libraries.
13192	7/10/2012	I think it would be better used if the hours weren't so poor. If the library is only open during normal business hours, how are people supposed to visit it when they work? Packed. So many people are in the branch that a Sheriff's Dept. Deputy is needed. This is a sign of mission creep and over-reach. The Library is not a Social Services Agency to babysit children. The Library is not a place to surf the internet or play video games for free. These are functions best served by an internet cafe, which have been forced out of business by the free library terminals.
13193	7/10/2012	
13194	7/10/2012	Very well used.

13195	7/10/2012	The branch libraries and the Central Library are always bustling places any time I have been in the buildings. The desk staffs are busy, as are the librarians. Patrons are using the computers and looking for material to take home. It gets hectic after school let loose the students.
13196	7/10/2012	Very well used, I often see the computers are full and there are always a lot of children around using the resources.
13197	7/10/2012	Very used, but we now live in tigar
13198	7/10/2012	Very well used.
13199	7/10/2012	Very well.
13200	7/10/2012	very
13201	7/10/2012	Not sure, I only go to pick up and return books.
13202	7/10/2012	The Woodstock library seems pretty busy when I'm there.
13203	7/10/2012	Well used. Every time I'm there, it's busy.
13204	7/10/2012	Very well used
13205	7/10/2012	It always seems busy when I go in there.
13206	7/10/2012	Very. There are always people at every table and walking through the stacks. It's a very active place whether I go there during the week or on the weekend.
13207	7/10/2012	very, always very full and teeming with kids and adults
13208	7/10/2012	Very well used.
13209	7/10/2012	Very well used and very well loved -- there are always a number of people in it.
13210	7/10/2012	it appears that both the NW location and Belmont have quite a few people everytime I'm in there.
13211	7/10/2012	Very high traffic.
13212	7/10/2012	Very.
13213	7/10/2012	I believe my libraries are well-used. It is always busy when I am there!
13214	7/10/2012	It is always crowded when I am there.
13215	7/10/2012	From my perspective, there are always many people in the reading room, at tables and using the terminals. There's also a lot of traffic checking out materials.
13216	7/10/2012	very well, there always seems to people there
13217	7/10/2012	Very well used!
13218	7/10/2012	always very busy
13219	7/10/2012	very busy with all ages. Seems very popular with parents and young children
13220	7/10/2012	The Hollywood library is always PACKED and is an amazing community resource.
13221	7/10/2012	It is always busy, lots of people in the stacks, on computers and in the quiet rooms.
13222	7/10/2012	Fairly well used but rarely crowded
13223	7/10/2012	I feel like it's rather well utilized. I see folks on the computers and picking up media every time I've gone.
13224	7/10/2012	It is almost always busy and bustling on the times I go there, which is great!
13225	7/10/2012	Quite well used. There are always other patrons in the branches, many using the computers.

13226	7/10/2012	Very. Always seems at capacity. Usually lines waiting to get in before the doors open.
13227	7/10/2012	Both (Hollywood and central) are essential parts of the thriving neighborhoods I live and work on, respectively.
13228	7/10/2012	Very active.
13229	7/10/2012	Judging from the amount of people I see, it is very well used for everything
13230	7/10/2012	Pretty well used
13231	7/10/2012	Weekly...1 to 2 times a week.
13232	7/10/2012	I was there last Saturday and the place was busy.
13233	7/10/2012	Well used. There's generally people waiting to get in in the morning and is generally busy throughout the day.
13234	7/10/2012	Very well used - the Hollywood library is pretty much constantly occupied with a large group of people browsing, taking part in community programs or using the computers for Internet access
13235	7/10/2012	I believe that our library is used very well. It is always full and the staff seems very busy.
13236	7/10/2012	There are usually good number of users there
13237	7/10/2012	Seems to always be full of people using the computers. Selection of books is thin, but we can order from other branches.
13238	7/10/2012	Though it is rarely crowded, I think it has a steady stream of regular users.
13239	7/10/2012	Each time I go there, it seems there are typically 15 or so people there (various times of day/day of week). I don't know if these numbers qualify as well used or not.
13240	7/10/2012	<p>The library is always busy when I visit and yet I have always had wonderful help if I have needed it. I love to see how many children are in the library, although I wish the "library voice" I was taught in the 1960-70's was still respected. ☐</p> <p>☐</p> <p>I obviously need to do some more research, because I was not aware of the programs listed in question #3! I would use the programs for small business owners and would be interested in the programs for seniors for my husband and mom.</p>
13241	7/10/2012	heavy useage. short hours compared to other systems. Too much staff.
13242	7/10/2012	Always appears to be busy
13243	7/10/2012	Very. Both Sellwood & Woodstock libraries are always busy -- in a good way. Central, of course, is also quite well used.
13244	7/10/2012	<p>There are always happy book people in the library when I am there. I must admit to using several different libraries, each has its own ambiance. It's comparable to finding a great coffee shop. I may choose one library over another when I specifically want to use the computers, because I know there will be a shorter waiting time. I usually choose the library that happens to be the closest. I travel a lot for my business and I love the ease and accessibility. ☐</p> <p>☐</p> <p>My latest passion is renting e-books for my Kindle. Too fun</p>

13245	7/10/2012	It appears to be very well used! Based on what we see when we go into the library, I mean.
13246	7/10/2012	Very well used.
13247	7/10/2012	It seems busy for a small branch.
13248	7/10/2012	Always busy when I go in
13249	7/10/2012	appears to be quite well used whenever we are there.
13250	7/10/2012	Very
13251	7/10/2012	It's always very, very crowded.
13252	7/10/2012	I just moved and have not visited my local library recently.
13253	7/10/2012	Very well used. Baby story time and tiny tots has to turn away people due to popularity.
13254	7/10/2012	It's always busy.
13255	7/10/2012	From what I can see, the Hollywood library is very busy and an important resource for my local community.
13256	7/10/2012	seems busy all of the time
13257	7/10/2012	high utilization. I see all computers busy at St. John's since so many residents lack computer access.
13258	7/10/2012	It's always full of people. There are always people waiting for it to open.
13259	7/10/2012	Very well
13260	7/10/2012	They are both terrific but sometimes a little noisy since there is so much emphasis on children's programing
13261	7/10/2012	I use it?
13262	7/10/2012	I never go to the branch
13263	7/10/2012	It is very well used and unfortunately it opens later now, which isn't very conducive for young children to go in the mornings as their lunch/naps are around the time it opens!
13264	7/10/2012	The parking lot is mostly full almost every time I go.
13265	7/10/2012	very well used; parking lot is always full
13266	7/10/2012	It's a pretty small library and it's usually full of people.
13267	7/10/2012	Always busy when I'm there. Hard to find parking.
13268	7/10/2012	Always lots of people there when I visit.
13269	7/10/2012	Hillsdale location always has a good crowd when we are visiting for our book/media needs. So this library is well used.
13270	7/10/2012	If this question means how many visitors it has who use it, it is very heavily used. It is always full of people when I visit.
13271	7/10/2012	there seems to be a fair amount of people there most of the times I visit
13272	7/10/2012	always people there when i go
13273	7/10/2012	My local library is very well used, in fact I think we could use a branch closer to the elementary school in the Vernon neighborhood.
13274	7/10/2012	Extremely well used. When ever I've been in there there have been at least 10-15 patrons.

13275	7/10/2012	It's a great, well-used resource for the neighborhoods of, and surrounding, Kenton. The childrens' reading groups are always packed. I've never seen the place empty or anywhere close!
13276	7/10/2012	My wife and I use the library on a monthly basis. Each time we have visited the library, we have noticed many persons there at the library. We believe it well used.
13277	7/10/2012	The libraries seem fairly busy whenever I visit. The long waiting lists for various media are also indicative of many clientele.
13278	7/10/2012	Every time I go to any of the libraries I selected above, there is always a line to check out and (obviously except at Central) lots of cars in the parking lots. This is usually in the afternoons so maybe it's quieter at other times.
13279	7/10/2012	Very. The one we frequent most often is packed all the time
13280	7/10/2012	All ways very busy.
13281	7/10/2012	Very well used, lots of foot traffic and I usually have to hunt for my prefered parking space. When I need computer service It's busy but reasonable turn over. Everyone is courteous, patrons as well as staff. All functions run very smoothly. I like the services on line, I prefer to check the catalog before going even if I'm not going for a very specific reason. I would vote for the increase . It seems very fair to all.
13282	7/10/2012	I don't use the library much.
13283	7/10/2012	Seems rather busy.
13284	7/10/2012	Well Used

13295	7/10/2012	Very well
13296	7/10/2012	Very well?
13297	7/10/2012	Very well. Every time I am in the Sellwood branch there is at least a dozen people or more there.

13300	7/10/2012	it seems fairly well used. usually a crowd whenever I'm there
13301	7/10/2012	very well used

13302	7/10/2012	Very. It is always busy and the kids book times are packed.
13303	7/10/2012	It always seems busy when I go in.
13304	7/10/2012	very well used - a community gathering spot - bump into friends/schoolmates
13305	7/10/2012	Very. There are always more people than I expect using the Northwest branch no matter when I stop in.
13306	7/10/2012	All that I use, Belmont, Hollywood, and NW are always busy and seem to be thriving.
13307	7/10/2012	Hillsdale is very well used.
13308	7/10/2012	It always looks busy when I go to pick up a book on hold.
13309	7/10/2012	Very
13310	7/10/2012	It's very busy.
13311	7/10/2012	Very busy I would say
13312	7/10/2012	always customers in the library when I visit.
13313	7/10/2012	It seems to pretty much always be packed with people. Enough that having the automated checkout is helpful.
13314	7/10/2012	It seems pretty busy whenever i go in....
13315	7/10/2012	very very used. i cannot believe that the decison was made to close mondays. that is the stupidest thing i have seen politicians do, this month
13316	7/10/2012	The Capitol Hill Branch seems to always be busy, based on the parking lot!
13317	7/10/2012	there are almost always many people there, and the doors are frequently opening.
13318	7/10/2012	not sure how to answer this. I typically put a hold on a dozen or so books and swap them out monthly - for reading to our toddler. I don't spend much time at the library as my kiddo doesn't sit still or stay quiet that long, but from the time I stop in it looks well used. Capitol Hill seems busy whenever I visit
13319	7/10/2012	Hillsdale somewhat busy, but I only pick up reserved books in in the early evening Central library I love to visit and it always seems busy. However, it's downtown and parking can be dicey or expensive. So...I usually reserve books and have them sent to Capitol or Hillsdale
13320	7/10/2012	We go to the library every Wednesday through the summer months (less while he is in school). As a parent, I enjoy the opportunity for him to be involved in the summer reading program. This is our 4th or 5th year doing it. Great way to keep him reading all summer long. Recently he has discovered Oragami. It was great to be able to select several books from the library for him to look at for what will probably be a short lived interest.
13321	7/10/2012	Extremely well used. It's always crowded by people of all ages. Oftentimes, people linger even minutes before closing time. Besides being a place to check out books/media and providing programs, the library is a great space for tutors to work with students who are temporarily suspended/expelled from school or those seeking extra academic support.
13322	7/10/2012	It always seems busy when I am there, with people checking out books, using the computers, getting help from the desks. I see people of all ages using the library every day when I walk to the grocery store next door.

13323	7/10/2012	I visit the Kenton Library 2-3 times a week, usually between noon and 2pm on weekdays. The library is very well used. I would estimate that 80% of the time the computer usage is at capacity. The librarian are always engaged in helping visitors and there are children and parents reading or searching for books in the children's section. I will also often see students engage in what appears to be school assignments. The back ground of the visitors appears to reflect a cross section of North Portland in age, race and economic status. It is a great library and well used by the community it serves.
13324	7/10/2012	very
13325	7/10/2012	I think it looks very well used.
13326	7/10/2012	Many people seem to be in the Belmont library when I stop in.
13327	7/10/2012	Very well used
13328	7/10/2012	It seems busy all the time.
13329	7/10/2012	Very
13330	7/10/2012	Very well used!
13331	7/10/2012	Pretty busy the times I've been there.
13332	7/10/2012	Very well used. There are always people there.
13333	7/10/2012	it is always busy with children and adults - it is well loved and used!
13334	7/10/2012	seems busy frequently
13335	7/10/2012	Both seem pretty well attended. Obviously, Hillsdale is a lovely building with a great kid reading area, but i have never seen either close to empty
13336	7/10/2012	It seems very busy and lively whenever I go to the Kenton location.
13337	7/10/2012	I would say it is very well used, I always see families with children, people bustling around.
13338	7/10/2012	Often very busy
13339	7/10/2012	Very! There are always at least 20 people at the library, often more. It can be difficult to find parking depending on when you go, so I usually walk.
13340	7/10/2012	?
13341	7/10/2012	Very well used.
13342	7/10/2012	It's usually very busy when I see it.
13343	7/10/2012	very
13344	7/10/2012	It seems very popular.
13345	7/10/2012	I use it on a regular and frequent basis
13346	7/10/2012	Quiet useing library
13347	7/10/2012	I'm not sure I understand this question? If you are asking if many people use the library on a daily basis, I would say yes! No only is there always a line waiting for it to open, but every time I go to any branch many people are in there checking out books, using the computers, or attending a storytime.
13348	7/10/2012	Seems very well used. Often filled with patrons.
13349	7/10/2012	It is very well used and often full - all computers in use, all self-checkouts being used, kids at story hour, etc.

13350	7/10/2012	There are always many people there, not to mention the small crowd outside the door at 9:55am any time I'm passing by.
13351	7/10/2012	My kids use the library more than I do personally, but even as an adult age 48 I go to one of the libraries to seek out information, more business/ career related.
13352	7/10/2012	Belmont, not as much as the one near my work/school where I teach. The Belmont library is just not as appealing as some of the other locations.
13353	7/10/2012	All of the branches I visit as well as the Central Library are very heavily used.
13354	7/10/2012	Very well used. The Central Library is always full of people browsing through books, using computers, and enjoying the space. There are even lines outside the entryway before the library opens in the morning.
13355	7/10/2012	Always busy. The small parking lot is almost always full, the library is hopping. Though the collection at my local branch (Belmont) is small, due to the size of the library itself, it is a portal on the whole Mult. Library collection, as you can tell by the amount of space required to shelve reserves waiting for pick up. [] Of all the things tax dollars fund, this is the use it is easiest to love and support.
13356	7/10/2012	I am using the library often because it has a lot of books in Russian language. My kids live to pick books about animals and garden. Look like that it is only one place that you can find all new books to read for school level kids. Kids love the library, they said "That is the best place to go with the family and friend!" Thank you for keeping the library working at list for six day. We are hopping that soon you will come back for your normal schedule. Thank you!
13357	7/10/2012	Oddly phrased question. Do you mean to ask how busy the library appears when I visit? That is fairly up to personal perception. The Central location is the busier of the two I visit, but this has something to do with its downtown location. Because of PSU, the Central location serves as a work space for a lot of students, including myself. Still, the Gresham location is well-used, in my opinion. I use it, as well as my 86-year-old grandmother, whose library account I help manage in order to get her books checked out and turned in on time. She visits the library about once a week.
13358	7/10/2012	It is very busy, but I have the feeling that it is disproportionately (on a per capita population basis) used as homeless shelter than as a library per se. This has been an on-going issue for me in my use of Mult Co. libraries for well over 45 years. As a child, and then as a young teenager in the Sixties and Seventies, I hated the old men (one of whom actually crawled under the table at me to try and touch me) who populated the reading room, which I was trying to use after classes downtown on the weekends. I am tired of the dirtiness, I am tired of being accosted verbally, if no longer physically, and as a consequence my daily library use is at a nearby Washington County library, which is equally busy, but seems MUCH more friendly.
13359	7/10/2012	It is always busy, so I believe it is well used.
13360	7/10/2012	Very well.

13361	7/10/2012	fairly well used
13362	7/10/2012	pretty well used.
13363	7/10/2012	There are always lot's of people.
13364	7/10/2012	very well used
13365	7/10/2012	it seems pretty busy
13366	7/10/2012	It's always busy when I'm there... so quite well, I guess
13367	7/10/2012	Very busy.
13368	7/10/2012	Extensively used.
13369	7/10/2012	Belmont is very well used, there are always people there.
13370	7/10/2012	Very
13371	7/10/2012	moderately
13372	7/10/2012	Our library seems very busy. We use it almost daily!
13373	7/10/2012	very well used
13374	7/10/2012	It seems to be busy when I go there
13375	7/10/2012	I think it's very well used, as far as I can tell.
13376	7/10/2012	Extremely! Always busy whenever I'm in there. And I've often gone there before it opens and found a huge line of people waiting to get in.
13377	7/10/2012	Each branch that I visit seems well used and busy.
13378	7/10/2012	Very well used.
13379	7/10/2012	It seems to me that there are too few books. I usually am on a wait list. The library is always occupied at 50% or more capacity.
13380	7/10/2012	Very. Always quite a lot of people inside when we go.
13381	7/10/2012	Always busy.
13382	7/10/2012	Many people stop in it looks like. It is smaller than ever to me though and didn't have anything I was looking for. BUT I AM NOT THE ONE you should worry about, its my fault I DO NOT READ enough, nor does my Wife.
13383	7/10/2012	very well, by the looks of it.
13384	7/10/2012	The Hollywood Library is always well packed and its difficult to find parking.
13385	7/10/2012	Both the Hollywood and the Belmont branches appear to be quite well used - they are frequently busy, with lines waiting most mornings for the locations to open.
13386	7/10/2012	The Holgate library is always packed. When the doors open in the morning, there is always a line of people waiting to get in. It is definitely an invaluable service for our neighborhood.
13387	7/10/2012	always seems busy, especially younger families, school-aged kids
13388	7/10/2012	There always seems to be regulars, whether waiting for the library to open, reading the papers/magazines and using the computers.

13389	7/10/2012	Central Library is almost always bustling, no matter what time or day I am there.[] Northwest Library, in spite of its small size, limited services and relatively small collection, always has at least a dozen patrons using it whenever I am there.
13390	7/10/2012	Central: It seems to have become the homeless day center. I long for a space where it's quiet and one hears only the sound of pages turning. I'm a part-time student, and I rely on the library as a study refuge (as it's close to my home).
13391	7/10/2012	There are always people in there when I go in. I mostly pick up reserved materials and peruse the Lucky Day section. There are often children's activities in the back room though I've never attended any of the special events at this library.
13392	7/10/2012	I thoroughly enjoy and use my local Gresham library. It's a big part of my life.
13393	7/10/2012	Every time I go into the library it is Full of immigrants and foreigners! I am using it less and less. Mostly because they don't make their children listen or obey.
13394	7/10/2012	The North Portland branch is filled with people any time of day. I use the library seven days a week.
13395	7/10/2012	very
13396	7/10/2012	seems very well used.
13397	7/10/2012	very well used
13398	7/10/2012	It always seems to be very busy.
13399	7/10/2012	Very busy
13400	7/10/2012	Looks to be busy every time I go there.
13401	7/10/2012	VERY. I go once or twice a week. It is one of my favorite things about this great city we live in.
13402	7/10/2012	very
13403	7/10/2012	Usually seems pretty busy.
13404	7/10/2012	It is extremely busy all hours.
13405	7/10/2012	There are always a fair amount of people inside when I pass by... at least 20
13406	7/10/2012	Well Used
13407	7/10/2012	very well used (i.e. it is often crowded and overflowing with children)
13408	7/10/2012	The Kenton library is never empty. It seems to be a well used locale.
13409	7/10/2012	A very busy place!
13410	7/10/2012	Very well-used. It always seems full of people reading and using the computers.
13411	7/10/2012	I seems well used - always people on computers, always many books on shelf for hold pick ups,
13412	7/10/2012	Seems very well used. Always busy.
13413	7/10/2012	The Gresham library is used constantly by the community.
13414	7/10/2012	I love it. It's part of Portland vibrant, unique community. I feel connected there. I think multicolib works.
13415	7/10/2012	It's seems busy but not overly so
13416	7/10/2012	very busy always
13417	7/10/2012	Very well used, as there are always lots of people there when I am there.
13418	7/10/2012	Seems to be busy

13419	7/10/2012	The central library is well used, the library in St. Johns is'nt as well used, I think it needs more publicity as to it's existence.
13420	7/10/2012	It heartens me to see how many people are always in the Central and Midland libraries. I don't think I've ever been to either one when it wasn't well-supplied with patrons.
13421	7/10/2012	very well used
13422	7/10/2012	It's almost always busy and bustling, with young children, teens, adults, and older patrons all using various resources.
13423	7/10/2012	Both the Sellwood and Woodstock libraries are very well used!
13424	7/10/2012	There are always lots of people in the library.
13425	7/10/2012	I use it to check out books. I have been interested in some programs but just have not found the time to incorporate them into my already busy schedule.
13426	7/10/2012	don't know as I only use online ordering of books for kindle use
13427	7/10/2012	There are always a good amount of people in all the branches I attend at any given time of day. The Woodstock library always seems to have an abundance of patrons taking advantage of all aspects of the library's resources (books, movies, music, computer tables). The children and family sections seem to be the most frequented. Fantastic system.
13428	7/10/2012	It seems moderately busy at all times.
13429	7/10/2012	Very!
13430	7/10/2012	Very!
13431	7/10/2012	Not nearly as much as the Central library, but the Capitol hill branch is a much needed branch in the area.
13432	7/10/2012	My husband and I use our library quite frequently, and anytime I visit it is quite busy, and often I cannot find a parking spot. It's always busy when I'm there. Computer stations are generally fully occupied or close to. Usually short lines for help at the check out desk. (Staff is exceptionally helpful and friendly - particularly appreciate the staff who speak languages other than English.) Outside of school hours, always lots of children.
13433	7/10/2012	It's always busy when I'm there. Computer stations are generally fully occupied or close to. Usually short lines for help at the check out desk. 13435	7/10/2012	The library always seems busy and it seems like all the services made available are used. My family is very grateful that such a wide variety of books are offered and that the hold system is so easy to use.
13436	7/10/2012	It appears well used. I am a senior so generally go to the library during the day. It is always full of people, young and old using the computers, looking through books, reading or working with books on the tables and attending classes.
13437	7/10/2012	The Central library is busy all the time. The main parts of the library, the children's sections, the book store, and meeting room downstairs are teeming with people. It's nice to see so many people using the features that our library has to offer. It's a wonderful place to get books, info, dvds, and introduce children to all its wonders.
13438	7/10/2012	Always busy!

13439	7/10/2012	Very well used. It always seems busy! It's a happy place.
13440	7/10/2012	It seems pretty popular.

13470	7/10/2012	Sparse

13471	7/10/2012	both branches i use always look very full, busy and parking is not the easiest. dont think i am complaining about parking, though, never a big deal and i think portlanders are not tough enough about parking. try new york or san francisco if you want tough parking.
13472	7/10/2012	Whenever I've been there, I've seen lots of people inside, few parking spaces generally available. It can be hard to find an internet access computer available sometimes.
13473	7/10/2012	Very well used I would say. It is always busy when I am there. The attendants are always busy assisting people, or asking if I need help. I appreciate the Library very much and am sad that Mondays are now going away.
13474	7/10/2012	I would say well used, both the Central and Holgate branch are always crowded.
13475	7/10/2012	It's pretty crowded every time I go to Northwest. I also see a lot of parents with kids there during the day and community members using the computers.

13501	7/10/2012	Busy
13502	7/10/2012	Very well used.
13503	7/10/2012	It seems to be pretty busy every time I go. Parking lot is usually full.
13504	7/10/2012	It's very well used!
13505	7/10/2012	Very well used. Almost every time I go in it is busy.
13506	7/10/2012	Very well used. It is always buzzing with activity and there is always a wait for the computers.
13507	7/10/2012	There are always other patrons in the library when I visit. They are on computers, reading books, etc...
13508	7/10/2012	It seems well-used to me. I have never seen it empty, even close to opening or closing hours.
13509	7/10/2012	The libraries are always crowded when I go in. I end up having to put books on hold more than I can check them out immediately.
13510	7/10/2012	It always appears busy. I bike by it frequently.
13511	7/10/2012	Always crowded in the computer area, many people reading newspapers & magazines, large number of shelves with books on hold.
13512	7/10/2012	Very well used we always depend on the library for any homework, recreation and business and other
13513	7/10/2012	Very well used. There is almost always a line outside at the time the library opens. No matter when I go, the library seems to be hopping--lots of programs and users.
13514	7/10/2012	Very well used. It is always packed when I'm in there.
13515	7/10/2012	The North Portland library is very lively. There's almost always something interesting happening when I stop by.
13516	7/10/2012	Our marvelous library has very heavy user. Every time I have been there it has always been full of people.
13517	7/10/2012	Always buzzing and crowded (but not too crowded) in there. Seems to be very well used.
13518	7/10/2012	Sellwood and Hillsboro are always busy. I have never witnessed a slow period.
13519	7/10/2012	It is always quite full! I often see well attended children's programs going on as well.
13520	7/10/2012	This question is so subjective, I don't even know how to answer it. Are you asking if there are a lot of patrons? Is the building worn down? Lack of materials on the shelf? What sort of answer are you looking for? Very much so, in fact it is all busy anytime I have gone into my branch library.[]
13521	7/10/2012	The computers are in use at all times, patrons are lining up at the reference/information desk seeking help with their informational needs, the conference rooms are in use providing various outreach programs, and the the library holds shelf is always full on books waiting to be picked up.
13522	7/10/2012	Belmont and Central are often very busy. However, I no longer reside in Oregon, so don't visit the library often. However, the tax assessor and I still own a house in SE Portland, so I'll go ahead and finish this survey.

13523	7/10/2012	There are always people using the NW branch whenever I go to the library or just walk by. The patron computers are almost always being used and people are there checking out books. Although it is a small branch and sometimes does not have needed book on its shelves, the system for getting requested books to the branch seems very efficient.
13524	7/10/2012	Seems to be very well used. It's truly a useful community-based center. Diverse areas of interest accommodated. See all ages in this library. It's kept clean & items are quickly reshelved or conveniently accessible on carts mid-reshelving. Wish current magazine issues didn't disappear as often since many of us are trying to reduce our mag subscriptions. Pleasant, helpful (& smart) librarians & volunteers. Totally love our branch. Thanks for asking.
13525	7/10/2012	Very - it's always incredibly busy!

13545	7/10/2012	The libraries I frequent always seem to be busy.
13546	7/10/2012	very - its popular with many different age groups
13547	7/10/2012	awesome
13548	7/10/2012	Gregory Heights seems well used but not crowded, especially compared to Hollywood.
13549	7/10/2012	We go at least once a week, sometimes two. There are always a lot of people there everytime we go. The computers are always fully used.
13550	7/10/2012	Busy, busy, busy! We love our libraries!
13551	7/10/2012	Always seems busy to me when visited.

13552	7/10/2012	Generally always busy!
13553	7/10/2012	Very well used and always busy. Hollywood is a terrific branch.
13554	7/10/2012	It seems like it is always busy! It's not well stocked but they are very good about getting books/videos in quickly to pick up.
13555	7/10/2012	Central library is always crowded when I'm there. And many people, including me, use the services the library provides online.

13560	7/10/2012	It appears to be moderately used when I'm there. The computer stations appear to be in use most of the time.
13561	7/10/2012	It's an essential community resource. We would love to have even more programs available!
13562	7/10/2012	Hollywood Library is full of folks both young and old every time I am in there...be it during the weekday or over the weekend.
13563	7/10/2012	extremely well, my sense is that limited hours right now are putting more strain on staff/resources as people have fewer options for visiting, programs and have to pack it all in
13564	7/10/2012	The parking lot is usually full...I always have a hard time finding parking. I love requesting a book online for myself and being able to pick it up quickly. I have three small children that roam the aisles of the library and love checking out all kinds of different books. I am really impressed with the library system here in Multnomah County and wish everyone could value it and continue making use of this great resource.
13565	7/10/2012	Being that it is the downtown library, it is used frequently. I mostly stop by to pick up books on hold or drop of books that are due back and consistently see a large number of people using everything from computers, to study areas, to the various other amenities that the library has to offer.
13566	7/10/2012	There is always a good number of people (15-25) using the library, whenever I go.
13567	7/10/2012	Very! It's always busy when I'm there. I always have at least one item checked out from the library with many more on my waitlist, and nearly all of my friends use our local branch regularly, too.
13568	7/10/2012	orthwest is small but never seems too crowded Cental Library is alwas very well used. I think Nothwest branch provides very convenient access o the neighbor hood as well as Chapmen School & Friendly House.
13569	7/10/2012	Always busy.
13570	7/10/2012	The wait list for books is long!

13577	7/10/2012	There are always people at both locations.
13578	7/10/2012	It always has several patrons whenever I go.
13579	7/10/2012	There are people visiting and using library services each and every time I am there regardless of time of day or time of week.
13580	7/10/2012	Extremely well used.
13581	7/10/2012	Hollywood is extremely busy.
13582	7/10/2012	very well -- it is usually busy!
13583	7/10/2012	Central is overused. NW is comfortable. Belmont can be a bit busy.
13584	7/10/2012	Both branches that I frequent seem well-used. There are usually a range of ages using library resources during the times that I visit the library.
13585	7/10/2012	always super busy
13586	7/10/2012	Seems to be very well used, particularly by young people.
13587	7/10/2012	very busy---a happy hum at all times.
13588	7/10/2012	Always lots of people there, kids and adults. Computers are always in use.
13589	7/10/2012	Fairly well used. Each library building is quite small, so it always seems like it is bustling.
13590	7/10/2012	Holgate seems to be pretty frequently used by families especially! I usually am only there to drop off a book that I got through the mail, yet it appears bustling.
13591	7/10/2012	It often seems quite full - especially on weekday afternoons after school.
13592	7/10/2012	It's fairly well frequented when I am in there. Also, when I drive by, there are always people hanging around outside the doo too (Hollywood).

13600	7/10/2012	It seems busy
13601	7/10/2012	I usually go in just to pick up books I have requested online but there usually seems to be a lot of people there.
13602	7/10/2012	Very busy there is always a buzz of activity. As a teacher I always use the library for curriculum resource, checking out many books during the school year.
13603	7/10/2012	Both branches we frequent are always full of people and buzzing with activity.

13604	7/10/2012	We moved to downtown Portland a year ago. Our use of the library is mostly with our young (3 1/2 years old) grandson who loves to go to libraries so we visit the Central Library downtown almost every time he visits us from Port Townsend Washington. I believe that the the children's portion of the library that he uses is well used since there are always many children and their parents/grandparents in that room
13605	7/10/2012	It is well attended and you need to adjust your services to the current funds available. Can not afford additional taxes.
13606	7/10/2012	The Hollywood library has always been and continues to be a focal part of the community. i have been a user for almost 60 years- and the staff is a viable part of the Hollywood/ multnomah county comunity. I use the services of both Midland and Gregory Heights less frequently yet all 3 are in constant use .
13607	7/10/2012	The library is always full with children, students and seniors and waiting in long lines.
13608	7/10/2012	There are ALWAYS dozens of people at the library at all times of the day when I have used the library. Staff is friendly and helpful. We need to keep hours as they were before July 1st, to ensure both customers and staff can continue to function effectively in this awesome place.
13609	7/10/2012	Very!
13610	7/10/2012	Relatively, I think.
13611	7/10/2012	Usually quite crowded
13612	7/10/2012	It's never crowded, but there are always people there whenever I go
13613	7/10/2012	Very. Always busy
13614	7/10/2012	Seems to be very well used, always busy when we go in.

13616	7/10/2012	Very well used
13617	7/10/2012	Consistently busy.
13618	7/10/2012	Very. By all ages and populations in the area.
13619	7/10/2012	Very. It's always busy when I'm there.
13620	7/10/2012	always busy
13621	7/10/2012	Well-used I think
13622	7/10/2012	Very well used. Almost always busy - parking lot full, line for computers etc...
13623	7/10/2012	It always seems pretty busy. People often wait on the doorstep for the library to open.
13624	7/10/2012	Well
13625	7/10/2012	I can't really judge this, but most of the time when I visit the Gregory Heights branch, I see people there, often kids and teens. The library seems well-used to me.
13626	7/10/2012	Usually seems to be a significant number of people there, but usually not lines for check-out or resources.

13627	7/10/2012	In terms of people being there, I would say that it is VERY well used. There are always folks there getting books, using the computers, and sitting at the tables. I cannot think of a time when I went in and was the only one there.
13628	7/10/2012	Very well used.
13629	7/10/2012	extremely well used
13630	7/10/2012	Excellent
13631	7/10/2012	Pretty well.
13632	7/10/2012	I love my local libraries - though I don't spend much time actually at the library, it's so nice to know that it is there (they are all around, LOVE it).
13633	7/10/2012	sometimes it is so full I don't like being there
13634	7/10/2012	Extremely. It's always bustling with people from all walks of life accessing computers for job searching, educational youth programs and general internet use. The programs offered for children are well attended and the shelves of reserved books are always filled!
13635	7/10/2012	It maintains a constant flow of people. Also it is well used enough by me to find Monday's being closed very unfortunate.
13636	7/10/2012	I don't know how "well used" it is. If you meant to ask if it seems to be fairly busy, it usually is.
13637	7/10/2012	always full when ever I have visited.
13638	7/10/2012	I believe the community utilizes the library and it's resources well. I work with low-income individuals and families and I know that many of them visit the libraries often and appreciate this resource.
13639	7/10/2012	Extremely well used! Sometimes can't find a parking spot in the lot.
13640	7/10/2012	Extremely
13641	7/10/2012	Very well used! It's always super crowded & all the books I want are checked out.
13642	7/10/2012	Very well used.
13643	7/10/2012	Very well used!
13644	7/10/2012	It seems crowded. A lot of people go to hang out not just check out books.
13645	7/10/2012	We love our library. It offers a wealth of resources in a beautiful facility.
13646	7/10/2012	very well!
13647	7/10/2012	Very well.
13648	7/10/2012	Its always busy!
13649	7/10/2012	I just go and pick up books-so i dont know.
13650	7/10/2012	It is usually pretty busy.
13651	7/10/2012	Very!
13652	7/10/2012	Seems pretty busy
13653	7/10/2012	Many people present throughout the day.

13655	7/10/2012	Very well
13656	7/10/2012	Always many users when I go in.

13657	7/10/2012	Very busy
13658	7/10/2012	It is always crowded!
13659	7/10/2012	always busy but well staffed to run smoothly.
13660	7/10/2012	As I understand it, the Central Library is the busiest.
13661	7/10/2012	The NW Library always seems busy with a wide variety of people in the community using the library.
13662	7/10/2012	I am very familiar with my local library and the branches I go to.... Especially during the school year I am constantly using the books for research papers and have used the children's programs for the kids a nanny for. I am familiar with the programs that are available and keep update via the website.
13663	7/10/2012	It is very busy and appears to be well used by people in the neighborhood.
13664	7/10/2012	We use our local library extensively. It is used by the afterschool program my grandson attends, as well as his elementary school. My knitting group meets there, a Lego club meets there... it appears to be well-used by the local community in the North West.
13665	7/10/2012	Very well used. Always busy. It is hard to reserve a community room because they are always reserved. Computers are always busy. Favorite books are usually on hold for many weeks to many months.
13666	7/10/2012	It's not "standing room only," but there are always plenty of people whenever I find myself in a branch.
13667	7/10/2012	It always seems busy to me.
13668	7/10/2012	Very well used
13669	7/10/2012	Very well used. The books are in horrible condition!
13670	7/10/2012	Very busy.
13671	7/10/2012	Moderately.
13672	7/10/2012	Very well
13673	7/10/2012	pretty well used
13674	7/10/2012	much
13675	7/10/2012	Well?
13676	7/10/2012	Very!
13677	7/10/2012	SW Hill branch is busy when I am there (weekends, weekday afternoons)
13678	7/10/2012	Very well-used!
13679	7/10/2012	Very well. There are always many people at the library at all hours.
13680	7/10/2012	Always busy!
13681	7/10/2012	over 30 people waiting when it opens on a tuesday? i'd say welll well used. rarely an open study room? almost all computers being used? tons of kids around? it's crazy!
13682	7/10/2012	Very well used! It's always busy. There's always a queue waiting for it to open.
13683	7/10/2012	Both of them are extremely busy.
13684	7/10/2012	Usually quite a few people in it. Can be crowded on weekends.
13685	7/10/2012	Extremely!!!!!!!!!!!! (North Portland)

13686	7/10/2012	It's always PACKED! Albina is a small space that serves a wide variety of ages & income-levels. I love the energy there, the staff and its location!
13687	7/10/2012	There are always patrons in every section of the library when I'm there.
13688	7/10/2012	Our local library is constantly full, and I am always impressed at what a hub it is for the community. Our children get as excited to go to the library as they do to the swimming pool....it is truly that special to us.
13689	7/10/2012	It is a fun and relaxing environment for all ages. The libraries I visit are always well used. Jam packed on most days. There seems to be adequate staff, and I hope it stays this way. I understand not opening on Mondays to save resources. If the lib has to be closed one day, I suppose Mon or Tuesday would be best. Libraries are vital for our community. Cut legislators' paychecks (and perks) before you cut our libraries.
13690	7/10/2012	
13691	7/10/2012	very well used, always busy and books/media are routinely ordered from other branches....
13692	7/10/2012	My library usage is almost exclusively online now. I have been downloading ebooks fairly regularly since I got my Kindle. I don't anticipate going to the physical library any time in the near future. I have found books for research needs that I couldn't believe I would find at a local library. There is always a computer available. I love just being there because of the beauty of the place. ☺
13693	7/10/2012	I know many many people that utilize the library. It's a highly important component to the humanity of our community. Let's not forget that.
13694	7/10/2012	The Gresham library is always busy. It is a joy to stop in and browse the books and magazines, sit in their comfy chairs and read. I work in Gresham so I go on my lunch hour or after work before I go home as I live in Troutdale. My local library is the Troutdale branch. I am very dissapointed in the Troutdale branch. It is not welcoming - plastic chairs entice no one to sit and lose themselves in a book. The space is too small and parking inadequate.
13695	7/10/2012	Seems to be very well-used. There are always people in there when we visit.
13696	7/10/2012	Generally busy.
13697	7/10/2012	Heavily used
13698	7/10/2012	Seems to be pretty busy often.
13699	7/10/2012	Very
13700	7/10/2012	It is always crowded.
13701	7/10/2012	very well used
13702	7/10/2012	I understand it is the most highly trafficked branch in the system.
13703	7/10/2012	Not sure what you mean by this question?????
13704	7/10/2012	Very well used, it's always busy.
13705	7/10/2012	Very Busy
13706	7/10/2012	VERY!
13707	7/10/2012	adequate
13708	7/10/2012	They always seem to have a lot of traffic when I visit them.
13709	7/10/2012	I wouldn't know

13710	7/10/2012	Quite well used, I believe,
13711	7/10/2012	The Gresham branch is always busy regardless of the day or time I am there
13712	7/10/2012	VERY!!
13713	7/10/2012	It seems to be busy when I go by daily.
13714	7/10/2012	constantly used
13715	7/10/2012	It is always busy when I am there.
13716	7/10/2012	It is always busy and full of computer users.
13717	7/10/2012	VERY (Albina)
13718	7/10/2012	It feels like it gets very heavy use.
13719	7/10/2012	Very well used.
13720	7/10/2012	it seems to be busy when I go.
13721	7/10/2012	Very well used.
13722	7/10/2012	They seem to be well used.
13723	7/10/2012	It is always humming with activity. There are always lines before it opens and patrons present at closing.
13724	7/10/2012	Very well used.
13725	7/10/2012	It always appears to have patrons waiting to get in and always people in the library.
13726	7/10/2012	My library seems to be very well used by my community. It is always busy no matter what time of day I go.
13727	7/10/2012	very well used
13728	7/10/2012	Always a lot of patrons
13729	7/10/2012	very. it always seems to be busy and the kiddos love the classes they offer!
13730	7/10/2012	The Hollywood branch seems to always be busy.
13731	7/10/2012	The libraries I frequent always have a lot of people anytime of the day I visit, about 30% are usually children.
13732	7/10/2012	Very well. All computer terminals are in use continuously, parents and kids are always in the children's corner, the activity room is nearly always booked.
13733	7/10/2012	I find it to be used by many, many people. It always strikes me how much the DVD's are being used by the general public, but also the research and reading departments are usually occupied. I hope everyone is checking out books with the same enthusiasm as previously.
13734	7/10/2012	Often used by all age groups.
13735	7/10/2012	Since opening the Kenton neighborhood library I am thrilled to see many people use the library on the weekends when I usually go. On occasions when I have gone during the work week, again I am pleased to see so many young families attending story times. Multnomah County Library system is something I am very proud of and extend my gratitude for the continued support my elected officials provide to them.

		VERY. I myself am a power user, and it is always busy there.[]
13736	7/10/2012	[] I do wish it wasn't used as a nursery for children too young to understand basic QUIET rules (and, not surprisingly, too young to even be using a library). Or maybe the parents need to understand...
13737	7/10/2012	whenever I go to the library to pick up or drop off books, there is always a number of people there. it feels busy and well used. it's a very convenient location for me, allowing me the opportunity to go on a nice walk there and back.... not too close and not too far.
13738	7/10/2012	I go to the Gresham branch to pick up books I put on hold. I notice that when I go in the afternoon, the computers seem fully occupied, and there are short lines to checkout books etc. at the self-check kiosks or with one of the librarians. I usually see a handful of people at the help desk. I often see the spaces for reservation occupied with various activities geared toward different demographics (ex., children, adults) or political-related events. I always get a sense of a quiet bustle when I go in and out.
13739	7/10/2012	TOO well used by internet patrons. I thought the basics for the library system was for LEARNING. I would suggest that emails shouldn't be allowed. I use my own connection at home for a lot of learning and find it very useful, but I don't particularly think we should be paying people to chat with email etc. ALSO... WHY is the public library open on SUNDAY??? I am VERY opposed to this policy. If you are semi-solving the financial problem with closing on Monday... then CLOSE it on SUNDAY... a "day of rest"... a family day...etc..get out and stroll in the park for heavens sake. So... limit the internet and close on Sunday. Thank you for all you do for us all.
13740	7/10/2012	very well used
13741	7/10/2012	Very.

13747	7/10/2012	Always seems busy.

13749	7/10/2012	very well used
13750	7/10/2012	Hollywood is the closest library and from the looks of things when I am in there, it is very well used.

13755	7/10/2012	Very well used.
13756	7/10/2012	Extremely well used. It is very valuable asset of the Sellwood/ West and East Moreland neighborhoods.

13757	7/10/2012	Seems busy ALL the time.
13758	7/10/2012	Seems very well used.
13759	7/10/2012	The Gresham library is very well-used and always busy.
13760	7/10/2012	Really good
13761	7/10/2012	It is always busy.
13762	7/10/2012	very well used
13763	7/10/2012	It is very well used.
13764	7/10/2012	There always seems to be people in the library whenever I go. Quite often it is very busy.
13765	7/10/2012	very well
13766	7/10/2012	The library is almost always busy when I go in the evenings or on weekends during the day.
13767	7/10/2012	very used, there are at least 10 people there checking out books, using computers, or helping out with the libraries
13768	7/10/2012	There is generally a large number of people in the library when I go, of various ages. The computers especially are popular, and also the high circulation of new books.
13769	7/10/2012	I feel that the Belmont branch is a very well used library within the Multnomah County Library system.
13770	7/10/2012	Kenton library is a great asset to this neighborhood. It seems regularly used.
13771	7/10/2012	It seems to always have a good amount of people reading, studying, using the computer. I use it to pick up books and dvds I've reserved
13772	7/10/2012	It is used frequently and by many people.
13773	7/10/2012	I tend to stop by on my way home from work and it's always bustling and busy. I tend to stop by once or twice a week.
13774	7/10/2012	It's a wonderful library! Such a great resource. For heaven sakes, don't cut the libraries. We all need them and we definitely need a more educated electorate.
13775	7/10/2012	When ever I go there are a lot of people inside and every computer is taken. I work M-F 8-6pm and am busy on weekends; I don't have much time to visit the library so I am thankful that they are open late two days a week.
13776	7/10/2012	it appears to be well used. I usually reserve books on line and pick them up at Capitol Hill. Hillsdale is my local library.[]
13777	7/10/2012	It is always full of activity.[] The staff there are very helpful.
13778	7/10/2012	All of the ones we visit are very busy and used by all sorts of groups.
13779	7/10/2012	As far as I can tell, it's well utilized by people of all ages. While checking out books is probably the main activity, the computers are almost always in use, again by people of all ages.
13780	7/10/2012	Albina is very small but always busy, especially with kids. Hollywood sees more seniors and is a nice place to relax and read.
13781	7/10/2012	all of the librabries I have visited have been packed with people - adults and children. They are really vibrant places!

13782	7/10/2012	It is usually quite busy.
13783	7/10/2012	Whenever I go to Woodstock, there is always a busy hum coming from all the patrons. Adults and children alike, everyone is working on something there. I don't have a sense of how other patrons access programming there, but the place is always full.
13784	7/10/2012	It always is busy when I go there. The school is right next door which is great for the kids. I saw a child and her mom biking past a few days ago on Monday and the child was very sad that the library wasn't open.
13785	7/10/2012	Too many seemingly homeless people with poor hygiene. Sometimes the library smells so bad I can't stand to be in it. I think that is one of the main reasons why I don't frequent the library as much as I used to. The smell is a deterrent.
13786	7/10/2012	If you mean in terms of how many people use it (Central),then it's very well used in terms of being busy and there's an obvious demand for it.
13787	7/10/2012	It is very busy.
13788	7/10/2012	Very!
13789	7/10/2012	Very
13790	7/10/2012	Always busy
13791	7/10/2012	The computers always seem to be busy.

13796	7/10/2012	very
13797	7/10/2012	Very well used. Always people waiting outside for the Library to open - computer almost always booked up.
13798	7/10/2012	Central Library seems to stay fairly busy.
13799	7/10/2012	It always seems to be in fair use when I am there.
13800	7/10/2012	The branches I go to are always bustling with people.
13801	7/10/2012	My library is always busy and always has great books and services for families and children.
13802	7/10/2012	Kenton library is very well used. It always seems busy.

13804	7/10/2012	Everytime I stop in it looks as if the library is getting very well used.
13805	7/10/2012	The library is very well used. Many children, parents, community members checking out books and using the computers.
13806	7/10/2012	Just judging from the parking lot, the usage is very high. appears very well used. the hold shelving is substantial!!!
13807	7/10/2012	and, I tried to go to one of the kid music hours once but it was completely full. please keep offering those services, including on the weekends for parents who work during the week.

13808	7/10/2012	Very well; there are always many people there.
13809	7/10/2012	I think that the Gresham library is used well by a majority of the people who visit it.
13810	7/10/2012	Central- Always seems to be very busy- and even the NW branch has been busy enough that a wait time of thirty minutes to access computer is not unusual.
13811	7/10/2012	it seems that every time I visit the library there are many people there ,mostly either reading or on a computer. I did not see many taking out books, but I was there either to take out a book or a DVD.[] At the present I do not use it much as I live half the year in Australia and the other half here in Gresham
13812	7/10/2012	very
13813	7/10/2012	it's always busy when I'm there

13818	7/10/2012	It always seems fairly busy when I am there (evenings and weekends mostly).
13819	7/10/2012	Very well used!
13820	7/10/2012	It's always hopping when I go in.
13821	7/10/2012	I have no idea. I rarely go because it is small, loud, noisy and a generally unpleasant environment.
13822	7/10/2012	Very well used
13823	7/10/2012	Seems fairly full every time I go there.
13824	7/10/2012	Very well used. It is always busy.
13825	7/10/2012	It always seems busy.
13826	7/10/2012	Very used
13827	7/10/2012	Always busy
13828	7/10/2012	Not sure how to evaluate this.
13829	7/10/2012	ALWAY'S BUSY!
13830	7/10/2012	Very well-- always seems busy.
13831	7/10/2012	Well used, moderate traffic.
13832	7/10/2012	very busy
13833	7/10/2012	Very well. Always heavily trafficked
13834	7/10/2012	They are always very busy!
13835	7/10/2012	I notice that it is very well used.--always busy!
13836	7/10/2012	It always seems busy, and it seems like people really use the "hold" system a lot
13837	7/10/2012	quite well used
13838	7/10/2012	The Hillsdale library is an important aspect of our community. I use library services weekly - sometimes daily and believe it to be an extremely valuable resource.
13839	7/10/2012	The St. Johns branch seems to be very well used.
13840	7/10/2012	I'd say that any branch of the library is an indispensable resource for its community.

13841	7/10/2012	We are also involved in every function they have
13842	7/10/2012	My family (2 adults, a 4 year old and a 7 year old) depends on the library. My daughter does "Read to the Dogs" and my son goes to story times, while we all have pretty much a constantly rotating 20-40 items checked out each.
13843	7/10/2012	I think that the Gresham library is used a lot by the people both who live in Gresham & people who live outside Gresham. When I'm at the Library, which is three times a week in the afternoon to early evening, there seem to to be a lot of people in the library.
13844	7/10/2012	I always see folks (especially parents with kids) coming in and out of the library.
13845	7/10/2012	Always lots of folks utilizing this friendly establishment!
13846	7/10/2012	Very well used
13847	7/10/2012	It's always very busy.
13848	7/10/2012	Very well. It's always full of people.
13849	7/10/2012	Looks full just about any time I pass by it.
13850	7/10/2012	It seems pretty popular, I like looking at the dvds and audiobooks, but for paper books I usually use Overdrive to check books out on my Kindle.
13851	7/10/2012	Very - seems extremely busy...
13852	7/10/2012	Belmont branch always appears to be full of people, both accessing book and media as well as using the computers.
13853	7/10/2012	It is always hopping when I go.
13854	7/10/2012	very!
13855	7/10/2012	I think a lot of people use and enjoying going to my local library. The staff is friendly and always helpful. It is a great environment.
13856	7/10/2012	Hollywood library is always a high traffic location. It seems well-used and well-liked by a broad range of the community.
13857	7/10/2012	The Kenton library seems to be busy at all times.
13858	7/10/2012	very, always a busy place, all ages, all people some smelly.
13859	7/10/2012	Very
13860	7/10/2012	Incredibly well used. It's wonderful to see the library busy with people of all ages, from toddlers to seniors.
13861	7/10/2012	People are always working quietly at the study tables, on the computers, and checking out books. The hold shelves appear full when I go to pick up my materials, and staff seem occupied with tasks.
13862	7/10/2012	it is always busy!
13863	7/10/2012	The three locations we regularly visit are busy all the time.
13864	7/10/2012	Very busy
13865	7/10/2012	Central - very heavily used Belmont - well used
13866	7/10/2012	what does this question mean?

13867	7/10/2012	It is always crowded.
13868	7/10/2012	It looks like a lot of people are in there when I go to a physical location. I recommend the library's databases to my co-workers.
13869	7/10/2012	not sure what to compare it to--but there are always other people there when I'm there, several at computers or at tables, some in the stacks, staff friendly and not looking bored :)
13870	7/10/2012	Whenever I go into the Woodstock Library to put up a book that I ordered online, it is always busy with people of all ages coming and going.
13871	7/10/2012	The library is very well used, and from what I can tell, is very much appreciated by the community. I personally enjoy going to the central library whenever I can because of the wonderful architecture and history the building has to offer (in addition to the wonderful assortment of books).
13872	7/10/2012	The Belmont branch always seems busy with a diverse age group of people (though perhaps fewer elderly). There are ample staff and the library's computers are popularly used. Though the collection is small, the interlibrary loan system is used well.
13873	7/10/2012	Every time that we drive by the library, the parking lot is always full. As we walk by, we see much activity within. When we visit the library (weekly), there is always a lot of activity. It is one of the focal points of our neighborhood.
13874	7/10/2012	always busy
13875	7/10/2012	Every time I go into the Holgate Library, it is filled with children from a diversity of socio-economic backgrounds, as well as lower-income and elderly adults who seem to use the facility's computer access. It is ALWAYS bustling.
13876	7/10/2012	? Do you mean "how many people are in the library when you frequent it" or do you mean "what kind of shape is your library in"? Both libraries are in great shape (new) and always clean. We are there at least once if not more a week and both branches are often a little too busy. Sometimes there is a wait for the computers or bathrooms and usually there is a person standing in each aisle. We miss going on MONDAYS!
13877	7/10/2012	Hollywood and Central libraries are always busy hubs in their respective neighborhoods from opening to closing hours.
13878	7/10/2012	Very! Families in particular seem to use it in many ways.
13879	7/10/2012	Seems to be very well utilized.
13880	7/10/2012	Very
13881	7/10/2012	Very well. There are always people checking out and browsing.
13882	7/10/2012	Very well used. There is a lot of traffic in both libraries. Both kids & adults. Kenton has a great layout for kids. The computers are separated, which is also nice. It is easy to watch your kids while checking out a book in the adult section. N Portland has a well stocked African American section.
13883	7/10/2012	Very busy.
13884	7/10/2012	extremely well
13885	7/10/2012	VERY well used.

13886	7/10/2012	Busy
13887	7/10/2012	I always see lots of other people in the library, so it seems pretty well used.
13888	7/10/2012	Very well used!
13889	7/10/2012	Seems well-used when we visit.
13890	7/10/2012	I don't know what this question is asking. How busy is it? Busy. Hollywood has a line waiting for the doors to open in the morning, and Albina always has people in it when I'm there.
13891	7/10/2012	Extremely well used! It is always full.
13892	7/10/2012	Fairly well used, I'd say.
13893	7/10/2012	it's always busy
13894	7/10/2012	i don't know.
13895	7/10/2012	I think they are well used
13896	7/10/2012	Very well used from my observations.
13897	7/10/2012	Appears to be very busy most of the time with a variety of ages.
13898	7/10/2012	Central is always well used.
13899	7/10/2012	Quite well used by local high school students
13900	7/10/2012	Appear to be very busy every time I visit.
13901	7/10/2012	Very well used, it is always very busy. My nephew also volunteers there- a great way for a Sophomore in High School to gain employment experience.
13902	7/10/2012	I check out books using library2go for my reading needs and occasionally go in for a book in print to read.
13903	7/10/2012	It always seems busy. I've never walked in and been the only person there.
13904	7/10/2012	I do photo-copies and use it for computer access and checking out/borrowing DVD motion-pictures to watch with my daughter and her friends!
13905	7/10/2012	It always appears populated when we stop in.
13906	7/10/2012	Our local library, Sellwood, is well used. It is always busy and generally well staffed. Cutting hours/services has an adverse effect on our neighborhood.
13907	7/10/2012	The St. Johns library is busy! There are always a lot of people from the community there, either checking out/returning books or using the computer. I know a lot of students from the neighborhood schools lack computer access at home, so they seem to use the computers a lot. My son (13) uses the library for books and is participating in a summer reading "game," where he gets something for reading a certain number of books. We like to purchase books from Powell's quite a bit, but we check out books ALL THE TIME, as well. Especially the classics.
13908	7/10/2012	Very well-used; it is always full of people, and there are waitlists on computer use. In fact, there are typically people waiting at the door before it opens.
13909	7/10/2012	Very well! We love the Hillsdale Library!

13910	7/10/2012	The Midland branch of the Multnomah library system has, what I believe, high summer traffic. The demographic of the population utilizing the resources at my local library bridge every socioeconomic and racial background. To reduce the available hours, at this branch, at this time both harms and hinders the population in this area and , from my perspective, is politically motivated. By reducing the hours of operation during the summer months, when the library is most utilized, local politicians and city leaders can force a tax increase on an already financially strapped community. Perhaps the time has come for local government to spend the counties resources more effectively instead of acting like a small child with his first allowance.
13911	7/10/2012	Very!
13912	7/10/2012	Very!
13913	7/10/2012	very well used
13914	7/10/2012	Both Central & Belmont are *very* well used -- always busy.
13915	7/10/2012	busy every time I go into it.
13916	7/10/2012	very well used
13917	7/10/2012	seems busy to me every time i am there...
13918	7/10/2012	very well used. lots of people in and out. all ages.
13919	7/10/2012	Busy.
13920	7/10/2012	pretty well
13921	7/10/2012	I am there at least twice a week and it always seems to be busy.
13922	7/10/2012	There are almost always a lot of kids in it, always people using the computers, always people at the desk checking out books.
13923	7/10/2012	Both are very well used and wonderful. The new Monday closures are horrible, however. I would love to help change that.
13924	7/10/2012	there's always a lot of people there
13925	7/10/2012	Very! I usually go to Albina, and it tends to be brimming with people.
13926	7/10/2012	It's always very busy!
13927	7/10/2012	moderate,
13928	7/10/2012	Every time I am there, it is crowded. It has a very diverse clientele, who make use of the library's many services. I always notice that the computers are full.
13929	7/10/2012	All the computers are being accessed, the multi-use room is full during story time and we have always passed people entering and leaving the double doors.
13930	7/10/2012	Very well, there are always lots of people, usually a line in the morning before it opens
13931	7/10/2012	it seems busy nearly every time I drop by. I go up to a few times a week.
13932	7/10/2012	Very. Always crowded with people of all ages. Recently I noticed people escaping the very hot weather by relaxing in the Central Library's lobby.
13933	7/10/2012	The library is frequently busy at times I pick up materials
13934	7/10/2012	It is always full of people when I am there.

13935	7/10/2012	Very well. It's a great place for kids to go. Our neighborhood is still a little rough, so the library is very important to these kids.
13936	7/10/2012	It is always busy and is used by all age groups, all socio economic groups
13937	7/10/2012	Midland is very well used. Belmont is too small for the use it gets.
13938	7/10/2012	Both Belmont and Central library are always in use whenever I visit.
13939	7/10/2012	Very well used. It's packed most every time I go in.
13940	7/10/2012	Extremely well used.
13941	7/10/2012	Very clean and when needed help or have a question, I am able to speak to someone right away at the either the resource desk or check out.
13942	7/10/2012	Every time I go into Midland and Gresham there are always a lot of people of all ages using computers, reading, searching for books, in the children's areas.
13943	7/10/2012	I always see a lot of people inside the library when I go. I have my own computer but the library's computers are always in use by people who don't. I love the staff and the environment at my Troutdale Library.
13944	7/10/2012	My closest library (Hollywood) is very heavily used. In fact, that's why I now pick up my holds at Gregory Heights, which is also well used but faster in processing holds. I'm not sure how busy Albina is since I go there rarely.
13945	7/10/2012	Favorably.
13946	7/10/2012	well-used
13947	7/10/2012	Always busy!
13948	7/10/2012	Very
13949	7/10/2012	it seems well used and well liked
13950	7/10/2012	always is busy
13951	7/10/2012	Heavy use
13952	7/10/2012	?
13953	7/10/2012	I believe the library is fairly well used by the community.
13954	7/10/2012	Very well used
13955	7/10/2012	Unsure. I won't speak for other people. Or do you mean "well used" to mean worn down?
13956	7/10/2012	Very well used
13957	7/10/2012	Very well used. Always seems busy.
13958	7/10/2012	There are always a substantial number of people in the library. So I would say very well used
13959	7/10/2012	The parking is almost always full when I go.
13960	7/10/2012	always seems to have a good and diverse crowd of people doing various activities.
13961	7/10/2012	The Central library is well used...by homeless people. Of course, a lot of other people are there, too.
13962	7/10/2012	There are about 20-25 people in the Troutdale library whenever I go there.
13963	7/10/2012	Re Sellwood - 100% and by all age groups. Wish the library structure was larger in size i.e., Hollywood

13964	7/10/2012	I think it is a very very valuable community resource. Our awesome local library system is one of the reasons that Portland is so amazing.
13965	7/10/2012	The central branch is highly used, I often see the same people in there daily and I've used resources for school and job hunting
13966	7/10/2012	I have no idea how to answer this question. What do you mean by "well used"? How would I have access to the information I would need to answer that question? However, whenever I frequent library locations, there seem to be plenty of patrons present (most of them utilizing either the books and media or the computers). I also understand (from my roommate) that many of the community events are interesting, helpful, and well attended.
13967	7/10/2012	My daughter use to go to story telling with her grandmother on Thurs. This allowed them to both get out and it taught my daughter how to sit and listen to the stories, she really like Amy as well as the songs they would sing afterwards. She made friends that she still has today because of this program.
13968	7/10/2012	Every time I go to the library near my house (which is often, but does not follow a regular pattern), it's always full of people. I always see that the computers are in full use, the tables are generally occupied with groups that meet regularly, and there are always a lot of children there. In addition to this there are the people that come in and out for only a few minutes. The Capitol Hill library gets quite a bit of traffic. I think that it's a staple in the community, and is used by both adults and the children that attend the multiple schools in the immediate area.
13969	7/10/2012	Very well used.
13970	7/10/2012	It always seems very busy, regardless of the hour of my visit.
13971	7/10/2012	Don't know.
13972	7/10/2012	Very busy.
13973	7/10/2012	Always busy, but it's a small branch - I normally request books be sent there for pickup.
13974	7/10/2012	very well
13975	7/10/2012	very
13976	7/10/2012	very
13977	7/10/2012	Always busy.
13978	7/10/2012	Always people in there. Sometimes lots of them.
13979	7/10/2012	Very.
13980	7/10/2012	Very well used, always people in.
13981	7/10/2012	I think it gets a lot of use. The function I make the most use of is the online hold system to order a book and then check it out when it gets to the hold shelf.
13982	7/10/2012	It always seems busy, so I would say well used.
13983	7/10/2012	Very well used - always a lot of people in the Belmont branch. Our family of three goes to the library on average once a week, and we use the Place Hold feature online a lot.
13984	7/10/2012	Very well used
13985	7/10/2012	Extremely well!

13986	7/10/2012	very well used...it's always very busy when I randomly stop in.
13987	7/10/2012	I have most often visited the Troutdale branch and it seems very busy every time I go for being so small. Most to all of the computers are taken and many people are wandering between the stacks.
13988	7/10/2012	The Kenton library is where my family goes most - always at least 15 other people there when we go.
13989	7/10/2012	It is a very busy place. People everywhere. Sometimes hard to find a place to sit down and look at books.
13990	7/10/2012	It is busy but not always full
13991	7/10/2012	The parking is mostly full.
13992	7/10/2012	Very well.
13993	7/10/2012	It is very well used. The parking lot is often full and there are always people of all ages in there. The computers are always in demand and there is usually a wait to use one.
13994	7/10/2012	My local library's services are underused relative to its potential.
13995	7/10/2012	We go to book babies every week and the class is full most of the time. I am not sure how well used it is by adults - probably more online, but for the children it is wonderful.
13996	7/10/2012	This question is a little confusing...do you mean how many people are using it at any given time? If so, I would say it is definitely well used.
13997	7/10/2012	It seems it's mostly used by people who want books, and the homeless who want bathrooms. I'd be far more likely to use the library more often if there were less of the homeless hanging around out front. It makes for an uncomfortable experience.
13998	7/10/2012	There always seems to be lots of people checking out books, reading, and using the computers.
13999	7/10/2012	Hollywood branch is most used by my household. Staff are helpful and this is where I pick up holds. There are always visitors.
14000	7/10/2012	It appears to be heavily used by people using a diverse array of services.
14001	7/10/2012	Computer access appears to be a well-utilized service at this branch. The available computer positions seem to be mostly occupied whenever i visit. In contrast, it is my casual observation that the St. John's branch seems to have less computer usage. The childrens' space is also very popular.
14002	7/10/2012	Each time I've gone in to the Woodstock or Sellwood libraries, there have been young children browsing and reading books in the kids section, teens and pre-teens using computers and studying, and adults relaxing and browsing. It's amazing to always see all of the age groups represented each visit. The ones I visit are often busy, but never crowded enough to put me off of going there.
14003	7/10/2012	The computers are very well used. There is often a wait. I see plenty of people checking out books as well.
14004	7/10/2012	Not sure what you're asking.
14005	7/10/2012	always busy
14006	7/10/2012	It is always busy. A good thing...
14007	7/10/2012	very
14008	7/10/2012	very well-used

14009	7/10/2012	very well used
14010	7/10/2012	Very well used.
14011	7/10/2012	It's a very busy branch, with people of all ages. I notice the parents-with-children set using the library a lot.
14012	7/10/2012	love it & use it often
14013	7/10/2012	Albina is very well used. It's always filled with people
14014	7/10/2012	There are always plenty of people in there.
14015	7/10/2012	Seems to be busy at the various times that I visit
14016	7/10/2012	In terms of number of people, very well used
14017	7/10/2012	Steadily, but not overcrowded.
14018	7/10/2012	looks busy to me
14019	7/10/2012	????
14020	7/10/2012	Appears to be very well used.
14021	7/10/2012	It seems full of happy people every time I am there.
14022	7/10/2012	medium
14023	7/10/2012	Excellent
14024	7/10/2012	always looks occupied. Have a challenging time getting computer access for myself or younger daughter due to all available computers being used by other patrons.
14025	7/10/2012	Hollywood branch is always busy.
14026	7/10/2012	It seems to always be full of people and children.
14027	7/10/2012	My local library is well used and much appreciated. I walked by it on my way to the store yesterday and in the minute or two it took me to walk past, two families came to the library entrance (it was closed Monday due to funding) and then walked away again, disappointed. We love the library at our house and count it as one of our neighborhood treasures!
14028	7/10/2012	Every time I walk in there are at least 10-15 people there, easily more, the community room is in use and the librarians are helping someone. It is a busy library for being so small. I think there are as many people there as there are at Gresham when I walk in there.
14029	7/10/2012	It's always very busy. I haven't found it a very helpful library when it comes to children's activities. I showed up once for a reading time. I was 15 minutes early and it was already full. Wasted trip. I haven't tried again. The room does not hold many people. When we used to live in North Portland, I took the kids to story time and other children's activities at the North Portland library. I miss it.
14030	7/10/2012	Having the local branch open is absolutely critical -- we love it and use it constantly! We are especially worried about potential neighborhood libraries closing for people (particularly youth) who don't or can't drive. It is so important to think about the population with fewer resources, which, these days, is a huge number of people. Poorer kids are at a special disadvantage and libraries help bridge that gap. Libraries stand against elitism. We love our library! Please keep all branches open -- and tell us what we can do to support you.

14031	7/10/2012	too used .. due to constant use or internet facilities .. some times a very questionable group of people. seems to be a baby-sitting situation at rockwood. have quit going there because of it.
14032	7/10/2012	very. highest turnover in the system?
14033	7/10/2012	I do not know
14034	7/10/2012	Seems very busy. I like that it is so close to an elementary school.
14035	7/10/2012	Very busy
14036	7/10/2012	Always well used and in demand.
14037	7/10/2012	always seems very busy. love it! I'm retired so I try to avoid visiting on the weekends :)
14038	7/10/2012	Always busy.
14039	7/10/2012	It always seems fairly busy.
14040	7/10/2012	North Portland is my local library and it seems moderately busy whenever I am there.
14041	7/10/2012	Very well used, it always appears to be busy
14042	7/10/2012	extremely!!!
14043	7/10/2012	My local library is always very busy with seniors, teens, children, and adults. It has made a huge impact in my neighborhood.
14044	7/10/2012	This is a very busy library. We also use the meeting rooms for our HOA.
14045	7/10/2012	Very well used. It's small and always full when we visit.
14046	7/10/2012	Very well used
14047	7/10/2012	It is always, always very busy with plenty of traffic, books and other materials being checked out, families using the children's section, and folks at the reference desk. A wonderful resource.
14048	7/10/2012	Seems quite busy to me.
14049	7/10/2012	all three are very well used
14050	7/10/2012	There always seems to be people in there.
14051	7/10/2012	My local library is very well used. Families with kids, people using the computers, it's always lively and busy.
14052	7/10/2012	It is always busy when I am there.
14053	7/10/2012	Always surprised at how busy and active they are
14054	7/10/2012	belmont always seems to be busy, all ages, all types. additionally, central is busy at all hours, too. beyond that, the library system in Multnomah County seems to be better than any other library system in any city or state in which I have lived, and I value the resources (books, media, computers, librarians, meeting place) the library provides.
14055	7/10/2012	very. There are people there all hours of all days reading, researching, surfing the internet... The Hillsdale branch is always full when I'm in there!
14056	7/10/2012	☐ The Capitol Hill branch is often full, and always in use.
14057	7/10/2012	Impressive tool in our community.
14058	7/10/2012	From my observation, very well used.

14059	7/10/2012	It seems to be busy every time I am there.
14060	7/10/2012	Very well used. I think the services, resources and technology is outstanding!
14061	7/10/2012	very well used and busy whenever i am there.
14062	7/10/2012	Seems like all the time it's busy.
14063	7/10/2012	By whom? Used as in visited?[] We consider our library to be a necessary resource of our community and love it.
14064	7/10/2012	(This question is badly phrased in that I'm not clear what you're asking.) Well used? We go once or twice a week and there are always people there.
14065	7/10/2012	It is the most wonderful and helpful resources for every one from the young to the old.
14066	7/10/2012	they are pillars of the community. albina and central are more than just librabries to most who frequent them. they are safe havens and invaluble tools for progression in life
14067	7/10/2012	Very well used. It is always busy, particularly in the summer and after school during the school year.
14068	7/10/2012	It seems to always be bussling and vital - helpful staff keep the lines moving too.
14069	7/10/2012	Holgate is very busy and the wait to check out or ask a question is too long. I prefer Midland or Clackamas county.
14070	7/10/2012	Albina is located next to a grocery store, so it's easy to do "dual duty" on the way home from work. There has always been a heavy patronage whenever I'm there. Wide spectrum of ages and economic strata.
14071	7/10/2012	I often arrive at the Gresham branch when it opens. There are always many people waiting outside. Most of those people use the computers. Access to media is so important, especially with the economic barriers many people have. [] Occasionally, I visit the library at other times, and it always seems busy.
14072	7/10/2012	It's always busy. Computers are always being used. I know many people who rely on library computers for job search. and resource info.
14073	7/10/2012	It is very well used by people of all ages. I regularly see kids reading or using computers. Adults come in to check out books or other media. Clubs meet at the library. It is one of the most important places in our community.
14074	7/10/2012	All three of the libraries we visit most often are very well used. We see people of all ages looking for books and other materials, studying, using computers and attending programs.
14075	7/10/2012	It's very loud and well used with not much space for quiet reading or work.
14076	7/10/2012	very used, please don't take it away
14077	7/10/2012	Belmont is kinda small, but every time I walk in to pick up my holds, the place has a decent sized crowd.
14078	7/10/2012	we love it
14079	7/10/2012	very well used and well loved.
14080	7/10/2012	Very
14081	7/10/2012	It's usually crowded when I go, so I think it's very well used.

14082	7/10/2012	Very well used
14083	7/10/2012	very
14084	7/10/2012	Always appears busy and well utilized regardless of day or time
14085	7/10/2012	Extremely well as far as I can tell.
14086	7/10/2012	Very well used
14087	7/10/2012	very busy!
14088	7/10/2012	It seems to be well used. People are always there.
14089	7/10/2012	well-used, though many are street people in for shelter & bathrooms
14090	7/10/2012	Always busy and story times for kids fill up.
14091	7/10/2012	Very well. Every time I go in there, the place has a lot of people using the facility.
14092	7/10/2012	Not sure since I rarely go inside. That being said, it seems quite busy whenever I do use it.
14093	7/10/2012	Well loved but in good condition.
14094	7/10/2012	Very well
14095	7/10/2012	It often seems pretty busy.
14096	7/10/2012	Very well used.
14097	7/10/2012	Very well used. Always buzzing with members!
14098	7/10/2012	very heavily used
14099	7/10/2012	Seems to be busy when I pick-up my selections.
14100	7/10/2012	Crowded, busy, almost every time we're there. Most times there's a line at checkout.
14101	7/10/2012	every time my family and I visit the library they are always very busy
14102	7/10/2012	Very well used. It is almost always packed with people.
14103	7/10/2012	Seems like there are always people there using the computers and browsing. I've seen some good programs happening, haven't utilized them myself but plan to in the future.
14104	7/10/2012	Central Library seems to be a shelter for the homeless a lot of the time. Hillsdale seems pretty well used
14105	7/10/2012	There are always people there.
14106	7/10/2012	Very. It's a popular library and has a great section for children and many activities for families.
14107	7/10/2012	Whenever we go it is hard to find parking up close because it's always busy... doesn't matter what time of day, or day of the week.
14108	7/10/2012	No matter what day or time of day there are always people using the computers, picking up books or kids having story time. Albina is such a small branch but it is well used and I am grateful to have it.
14109	7/10/2012	Very well used!! There are always people reading at the tables, using the computer, reading newspapers, parents with small children reading to them and of course patrons browsing for books. I see all ages represented the young, teens, adults and seniors. I appreciate that many of our librarians are bi-lingual and can help patrons who are not fluent in English yet.

14110	7/10/2012	There are always people in there when I visit, whether it is during a weekday, evening or weekend.
14111	7/10/2012	The ones that I use the most are always full when I go to them.
14112	7/10/2012	There always seem to be a good number of people there. The wait for a computer can be as high as over an hour at the belmont branch.
14113	7/10/2012	It appears to be very well used whenever I am there. I am particularly encouraged when I see younger children there actually checking out books which happens all the time.
14114	7/10/2012	It seems busy every time I am there. The library staff is fabulous and always at the ready for my 7 yr old to ask questions and get help finding books he wants. There are often lines waiting in the morning for the library to open. I have used the Multnomah County library system for my entire life and love being able to take my small children there and introduce them to the system and what a gift it is.
14115	7/10/2012	Both libraries seem to be very well used by the community. Capitol Hill is the branch I use most frequently, and whenever I go there, I notice that there are a lot of people picking up books and media; and using the computers. I don't know that I have ever entered this branch and seen it empty. Overall, I would consider it pretty heavily used by the community. The loss of library access on Mondays will definitely impact the community.
14116	7/10/2012	Every time we go into our Library the computers, tables, counters, and aisles are well peopled.
14117	7/10/2012	It always seems fairly populated when I go.
14118	7/10/2012	I'm not sure what this question is asking. There are always people there, though they are mostly using the computers.
14119	7/10/2012	Very
14120	7/10/2012	Very well used. It's a hoppin' place!
14121	7/10/2012	They both seem very well-used.
14122	7/10/2012	Very well used....it's always packed when I come in.
14123	7/10/2012	don't know seems busy
14124	7/10/2012	I think very well used. There is always something going on there and there are visitors all over the place. The staff is fantastic.
14125	7/10/2012	Well used. I think both the Hollywood Library (near my home) and the Central Library (near my office) are always busy and being used by people in the community.
14126	7/10/2012	Good
14127	7/10/2012	Very well used.
14128	7/10/2012	Both seem to have a good number of people in them when we go.
14129	7/10/2012	I think the Northwest location is a great little community hub and well-used for its size.
14130	7/10/2012	It is very well used. However, there are a lot of people that just "hang out."
14131	7/10/2012	Very well used. I always see kids and families in there.
14132	7/10/2012	It is very well used. Usually when going to use computers, there is a wait time!!
14133	7/10/2012	Don't know

14134	7/10/2012	all branches that we go to seem very well used
14135	7/10/2012	Very well used, from my observations. All the branches we frequent are always quite busy.
14136	7/10/2012	We love our library and use it often and it seems to always be fairly busy.
14137	7/10/2012	The libraries are a wonderful resource for everyone and I fully support any and all services they provide.
14138	7/10/2012	It's always full of adults and children. Seems like there are always people in the branch when I visit. The parking lot is usually about 1/3 to 1/2 full. The
14139	7/10/2012	computers are usually all in use, and there are usually people in about half of the chairs at the tables. Seems like it's busy, but not jammed packed or hectic.
14140	7/10/2012	The two we use most are the Downtown and North portland libraries - both busy whenever we're there. Extremely well used. Particularly in our current economic climate the library has become a resource for all segments of
14141	7/10/2012	society, from mothers with children learning to read, to the homeless looking for a warm and safe place to sit during the day, to business people expanding their skill sets. Central Library is always crowded and busy, which is one of the things I love most about visiting this branch. I love the smaller local branches for the same reason, but they are always a bit quieter. I love the library!
14142	7/10/2012	I've actually been working outside of the country for a few months. I don't know much of what is going on in the US right now much less back home in Portlan
14143	7/10/2012	It's a happening and hopping place. People of all sorts meet and mix there. Many races and religions are represented in the Caitol Hill Branch. Internet has high usage -- the queuing system is excellent -- but would prefer if all the reservation computers queued to one line rather than multiple lines (computer locations -- 3rd floor etc.). Media - movies: small selection -- this area could really use some funding -- maybe more classics, foreign films and learning videos (signing, gardening etc.). Periodicals - magazines -- high usage -- good selection. Perhaps we need an inhouse coffee shop. Calgary, Alberta Canada has a good set up for coffee -- second cup has a shop next door, with a "window" into the library where you can purchase coffee for consumption in the library. It's nice to have a coffee when you are purusing periodicals. Also notice that the books on CD selection is a little low.
14144	7/10/2012	
14145	7/10/2012	The three local libraries that I visit are all quite busy and have wide range of people (young and old) who visit.
14146	7/10/2012	very!
14147	7/10/2012	It's always busy.
14148	7/10/2012	well
14149	7/10/2012	It is always busy....
14150	7/10/2012	It always looks pretty busy.
14151	7/10/2012	Well used.
14152	7/10/2012	very well
14153	7/10/2012	It appears this particular library has high traffic, which is great.

14154	7/10/2012	very well used
14155	7/10/2012	Very well used
14156	7/10/2012	always busy
14157	7/10/2012	Always super busy!
14158	7/10/2012	Holgate is very well used.
14159	7/10/2012	It always has quite a lot of people there no matter what time of day I go.
14160	7/10/2012	It seems to be very well used.
14161	7/10/2012	My husband and I are both writers who depend on the library's resources and the ILL system daily. We used to live in NE and used the Hollywood library daily but have since moved to SE where we now use the Sellwood library daily.
14162	7/10/2012	Always seems busy.
14163	7/10/2012	The St. Johns library is ALWAYS busy with people using computers, children reading books and other perusing the shelves or working at the tables (research/studying). Our library is VERY well used and busy everyday.
14164	7/10/2012	Very well used
14165	7/10/2012	Very well used - it's always busy when we're there, and acts as a hub for the entire community.
14166	7/10/2012	Why are you asking me?
14167	7/10/2012	Very well used.
14168	7/10/2012	Kenton is always busy, friendly, and well-attended by a variety of folks.
14169	7/10/2012	It seems busy when I visit it
14170	7/10/2012	Very well used. It's always busy with computer users and individuals cheking out materials.
14171	7/10/2012	There is always a good crowd of people there. We need to keep our libraries open every day and as many hours possible.
14172	7/10/2012	Appears to be very well used. It is always crowded whenever I visit.
14173	7/10/2012	The libraries I use have many visitors. Occasionally the Book Babies programs are too full for all the parents/babies that want to attend.
14174	7/10/2012	It was open every day and when we are visiting our family in n.e. portland, we visit almost every day. It would be a shame to have the library closed on any day.
14175	7/10/2012	It is always busy! I have never visited when there were not many kids in the kids section, on the computer, etc., many adults perusing the shelves and folks hanging around outside chatting, ready to go in or leaving with their arms full of books.
14176	7/10/2012	No matter what time of day I visit, the Belmont branch is always bustling. There are always people waiting for computers, families with kids, young adults getting material that's been put on hold...
14177	7/10/2012	The library is usually busy. There is typically a short wait for the computer. The dvd selection is good. The woodstock library is nice and open, easy to find things. The holgate library seems more crowded, lots of people and a smaller space. Its easy to check out at both locations.

14178	7/10/2012	Albina is always busy. I have told you this once and it bears repeating. When my children were younger, I took them to the central library all the time. It is a short trip on the bus. Imagine my surprise when many of their playmates were even unaware of the public library (Albina) down the street. This is a working class neighborhood although even that is changing thanks to gentrification but closing this library will help no one except to keep the poor more ignorant.
14179	7/10/2012	Very well used! Central is 'central' to downtown!
14180	7/10/2012	I'm not sure, but it seems like it is well used by the neighborhood each time I'm in to pick up/drop off books
14181	7/10/2012	It seems busy when I am there. I have to wait for service sometimes but not an unreasonable amount of time. Just a couple minutes while staff is helping others. I love the on-line system and that I can pick up books at Sellwood which we visit the most. Our zipcode is 97219.
14182	7/10/2012	Great.
14183	7/10/2012	Seems very well used
14184	7/10/2012	uhh.. very
14185	7/10/2012	Poorly worded question.
14186	7/10/2012	It's always busy-we love the clerks there and visit at least once a week.
14187	7/10/2012	very
14188	7/10/2012	Always lots of people around!
14189	7/10/2012	The branches are always quite full and busy.
14190	7/10/2012	It seems to be well used. Usually many patrons in attendance, of all ages.
14191	7/10/2012	Well
14192	7/10/2012	Always buzzing with poeple when we go there.
14193	7/10/2012	Seems busy most of the times I'm there.
14194	7/10/2012	How well used? By others or myself beyond the above answers?
14195	7/10/2012	?
14196	7/10/2012	Very well used! Albina and Hollywood always seem to be bustling!
14197	7/10/2012	Very well used
14198	7/10/2012	very...always busy when open
14199	7/10/2012	It always seems busy but we typically go on the weekend.
14200	7/10/2012	It always has many other people there whenever we go.
14201	7/10/2012	It's always full of people. And people line up to get in when it opens. It is VERY used. It was expanded a few years back but should have been made even bigger.
14202	7/10/2012	The Gresham local library is always very busy.
14203	7/10/2012	It seems to be busy every time I go in there!
14204	7/10/2012	It is always very active when I am there.
14205	7/10/2012	Looks to be very busy every time I go!
14206	7/10/2012	Very busy

14207	7/10/2012	Always fairly crowded
14208	7/10/2012	Very well used, there are always lots of people coming and going and new book selections
14209	7/10/2012	very busy! well loved and well used.
14210	7/10/2012	I have property in Portland but live out of town and visit irregularly. It always seems well used when I am there. I also use Woodstock where I always see many children.
14211	7/10/2012	It is always busy, if that is what you mean. It's small though so we often have to request books to be sent to our branch.
14212	7/10/2012	My library is always busy. I think the library is the only opportunity and means many people who are not wealthy have to media, job hunting tools and information in its various forms.
14213	7/10/2012	It seemed to be used a lot as it is the main branch downtown.
14214	7/10/2012	Very well used - usually crowded on weekends, especially
14215	7/10/2012	It is okay and the librarians are friendly and very helpful.
14216	7/10/2012	Central is always busy. Always several people browsing on first floor, resting in lobby, etc. Lots of people on front sidewalk also doing polls, signature gathering, selling, begging, etc.
14217	7/10/2012	I tend to order materials online and use the local library solely for pick-up. In that short amount of time I am present in the library, it appears to always have a number of people there and the "call" items are always heavily stocked.
14218	7/10/2012	Very well used. We're probably using it far less than many of our neighborhood friends just because of our busy work schedules. But when we do use it (especially during the summer when school's out), we love it. It's a great neighborhood library for which we'd hate to see services lost or reduced.
14219	7/10/2012	It seems very well used. I mostly reserve online and pop in to pick up items. The staff are very helpful at Gregory Heights. There are a lot of Asian language materials and there are always lots of people using the computers there. They also host a Spanish/English language swap on the weekends in the community room which is very cool.
14220	7/10/2012	Very well used. There are always numerous people there.
14221	7/10/2012	Very. Every time we go in, the library is hustling with neighborhood teens, families, adults. It makes my children feel good about going and checking out more books to read because they see others doing the same.
14222	7/10/2012	Any time I visit the Albina branch it appears to be busy and well-used. The branch is very small but all computers are usually occupied, and there are people working on their own computers and reading at tables. There are usually people in every section of books. Despite being busy the service the library staff provide is excellent. I also know that when I try to renew my materials they are often in demand and cannot be renewed.
14223	7/10/2012	My local library is the Hillsdale branch and it is used extensively. I use my laptop to write and research my grant consultant business. People come in for computer access, check out books, and use their media resources.

14224	7/10/2012	Our Hollywood library is so well used. It could be at least twice as big. It is an important asset to our neighborhood. When my children were school age, we went to story time on a regular basis and we checked out books twice per week.
14225	7/10/2012	Library is well used. I visit ~ 2x's per week and it is frequently busy.
14226	7/10/2012	The Library is crowded every time we go there.
14227	7/10/2012	Very all used and cherished by those who use it, even if infrequently. The main library is a treasure and the Hollywood branch a neighborhood gathering place for all ages.
14228	7/10/2012	It's a popular place for all folks, always full of people. I guess it's one of the most important institutions in the county, well equipped, maintained and served. The importance of the LIBRARY is such that the mere question of budget reduction for library services should never be on the table. It should be exempt.
14229	7/10/2012	very busy!
14230	7/10/2012	Moderately
14231	7/10/2012	Always very crowded.
14232	7/10/2012	very well used, always busy.
14233	7/10/2012	Extremely well used
14234	7/10/2012	Very well used.
14235	7/10/2012	Very popular! There are always people using the computers, and the reserves shelf is always full.
14236	7/10/2012	It seems well used.
14237	7/10/2012	very well...always busy
14238	7/10/2012	extremely well.
14239	7/10/2012	very well
14240	7/10/2012	There are people there on computers and in the book aisles every time I am there.
14241	7/10/2012	Extremely well used. Always busy.
14242	7/10/2012	Very.
14243	7/10/2012	Always looks busy to me!
14244	7/10/2012	Whenever I go into my local library (Holgate branch), it is always filled with people.
14245	7/10/2012	Very well used!
14246	7/10/2012	It's always busy - it's a small library, so it's not surprising.
14247	7/10/2012	very well used... it's also in a stunning building. We also use NW which is also a nice library... but it's hard to beat Central.
14248	7/10/2012	Very well, constantly busy.
14249	7/10/2012	Always busy
14250	7/10/2012	I love the library and use the local library and the online resources. The library in my neighborhood always has a number of adults and children present and it's an important part of our community.
14251	7/10/2012	All three branches I use are busy whenever I stop by. The Belmont branch seems the busiest, and it seems to be the smallest of the three.

14252	7/10/2012	Always busy.
14253	7/10/2012	It appears to be extremely well used. Lots of patrons, regardless of day or time.
14254	7/10/2012	At Hillsdale we always have to wait in line and usually have to excuse ourselves around people as the sections we are in seem to be crowded.
14255	7/10/2012	VERY! We go at least once a week and it is always busy!
14256	7/10/2012	Very well used. Parking lot is almost always full. Hard to find an empty seat anywhere. Always lots of patrons present whenever I'm there.
14257	7/10/2012	Very well used! Always many people at the tables and checking out materials, as well as using the computers.
14258	7/10/2012	Always has quite a few people. The computers are always full. However, the library staff seems like they are not doing too much. I think the new self checkout has greatly lessened their work load.
14259	7/10/2012	It seems to be well used. I only go in to pick up holds. However, I used to use the Belmont branch and it was always very busy.
14260	7/10/2012	our branch is always busy, always full of people
14261	7/10/2012	Our most local library is the Hillsdale Library and it seems very well used. We feel that its use level warrants keeping it opened 7 days a week
14262	7/10/2012	It seems to be very well used. There are always many people of all ages in all areas of the library when we have been there My 2nd grader's school also had a field trip there near the end of the school year.
14263	7/10/2012	Very well-used. Perpetually difficult to find a parking spot nearby.
14264	7/10/2012	Somewhat ambiguous question. We use our local library often. It is often crowded/busy. We usually can find something of interest to check out.
14265	7/10/2012	Very well used
14266	7/10/2012	Both of the libraries are always busy but not overly full.
14267	7/10/2012	Very, it always seems busy when I go!
14268	7/10/2012	Very well used
14269	7/10/2012	It is always quite busy.
14270	7/10/2012	Its always busy.
14271	7/10/2012	always busy
14272	7/10/2012	Pretty well used, decent foot traffic when I visit
14273	7/10/2012	extremely well
14274	7/10/2012	Very. It always seems busy.
14275	7/10/2012	Midland is always pretty busy when I go into the library.
14276	7/10/2012	Seems pretty busy
14277	7/10/2012	quite well used
14278	7/10/2012	It's always busy

14279	7/10/2012	very well used - every time I go in there, most of the computers are in use and a few people are reading periodicals.
14280	7/10/2012	Every time I visit there are a lot of people. The Parking lot is always crowded.
14281	7/10/2012	A nice balance - it's busy enough, but not so bad there's an excessive wait for items.
14282	7/10/2012	Very well used
14283	7/10/2012	I love it!
14284	7/10/2012	It always looks full of people to us. We go several times a week with our children.
14285	7/10/2012	Belmont Library is always bustling with activity, very well-used, a cornerstone of the neighborhood.
14286	7/10/2012	There are always plenty of people in the libraries I visit. I am glad we have that resource!
14287	7/10/2012	Seems very well used. Especially children's programs. Tons of kids and stay at home moms in our neighborhood.
14288	7/10/2012	The Belmont branch, in particular, is always crowded when I visit--no matter the time of day.
14289	7/10/2012	It always seems busy when I'm in there, and since the North Portland renovation, it's become a very nice place to be. When I was job-searching in 2009, I spent many hours in there, surrounded by fellow job-seekers.
14290	7/10/2012	Very well used. It always is busy when I go in.
14291	7/10/2012	very
14292	7/10/2012	It always seems to be very busy when I go there.
14293	7/10/2012	It seems busy most of the times I visit.
14294	7/10/2012	Very busy inside. I do not sure the Belmont Branch to look around. I most often have books in mind, have them delivered there for pick up. For Central, I use that branch because the Librarian's Choice section is so very, very awesome.
14295	7/10/2012	Very well used. Clean and well lit.
14296	7/10/2012	Well loved and very well used. The library is a very popular spot.
14297	7/10/2012	Very well used, it's always filled with people.
14298	7/10/2012	All of the branches seem very very busy when I am there. sometime it is so busy that I am not able to get any assistance when I need it.
14299	7/10/2012	Always seems busy.
14300	7/10/2012	Extremely. I have rarely seen it with fewer than 20 people in it. The Hollywood and Albina libraries are always full of patrons. If I get there before they open, people are waiting to be let in.
14301	7/10/2012	If I get there right before they close, people are always rushing in for last minute items at the end of a work day. Many of us love our local libraries.
14302	7/10/2012	I always say tht the most valuable card I have in my wallet is the Multnomah library card
14303	7/10/2012	both libraries i use seem to be full of people when i go. either checking out items, using computers or attending an event.
14304	7/10/2012	It's my impression that Gregory Heights is heavily used.

14305	7/10/2012	Albina library is always used well by many people. No matter what time of day I go to the library, there are always many people in there. There are great programs for preschool children, and I've also noticed that when high school lets out, there are crowds of high schoolers happy to utilize the library's resources.
14306	7/10/2012	I moved recently, so I'm not as familiar with my local branch. I used to live near the Albina branch and it was always lively -- all computers were in use, lots of browsers in the stacks, frequent activities/programs for children.
14307	7/10/2012	Belmont branch does a great job - while not a large building, it is comfortable, friendly and busy. I pick up books on hold a couple times a week, and also check out the 'lucky day' selections on each visit.
14308	7/10/2012	I pass by the central library quite often and see people going in and out all the time. I think this is one location that would greatly benefit from being open 7 days a week. It's a beautiful building and I think it could also become a tourist destination if properly promoted (simply for it's architecture if nothing else).
14309	7/10/2012	I see people there all the time. I would think well enough to justify its' existence and operation.
14310	7/10/2012	I only just moved to this neighborhood and have only been to my local library (Holgate branch) a few times, and it appears to be a newish but well used building. I look forward to using it more (just put a book on hold this morning), though really the central branch is the only one that's really inviting in terms of spending a lot of time there nooked away reading or writing.
14311	7/10/2012	Not sure what this question is getting at. "Well used" meaning how efficient is the library or how users can find all they need I'll answer both. Well used re: how efficient: Researchers are always availalbe and knowledgeable, but it is hard to know where books are without a search or help. [] Well used as in find all that we need: Of course, the selection is rather limited so new books can be put on hold, but sometimes it's just easier to buy a new book.
14312	7/10/2012	It seems fairly busy.
14313	7/10/2012	Central appears to be busy most of the time. While there is rarely a line at the check out stations they are heavily used. [] I occasionally visit the Capitol Hill branch and it seems equally busy.
14314	7/10/2012	Hollywood library is very busy!
14315	7/10/2012	It is frequently busy with varying demographics.
14316	7/10/2012	Never
14317	7/10/2012	Extremely. Downtown branch is used more than ever, partly for library services, partly as a safe haven for the desperate and homeless.
14318	7/10/2012	All branches we use are always busy, smaller branches have hardly any empty seats for quiet reading (that's a good thing and a bad thing); mostly computer users (adults) and kids' programs and hold-pickups.

14319	7/10/2012	The Hillsdale branch seems to be intensively used, by people doing all sorts of different things.
14320	7/10/2012	Not well used. We use to live in Clackamas county and continue to use their library. We seldom use the Multnomah county library system for a number of reasons. The Capital Highway branch is so small it's not a browsing library which is why we prefer Lake Oswego's library. Multnomah's Capital Hwy branch is mostly a place to pick up books that are on hold. We also do NOT like that it has turned into a computer station. It's about books not surfing the internet. What we like least about the downtown library is that has become a haven for the homeless, sometimes foul smelling street people and crazy talking people. Not a safe feeling. It's a beautiful place that we would like to visit more often if we felt safer.
14321	7/10/2012	There are always people in this library when ever I go.
14322	7/10/2012	Seems to be used a lot
14323	7/10/2012	You mean in general, or by me? (odd wording of question) My local branch always appears busy to me. Especially in the hours after school lets out.
14324	7/10/2012	Very! It's always jam-packed!
14325	7/10/2012	Very used. Always busy.
14326	7/10/2012	It always seems well used when I am there
14327	7/10/2012	Very well attended.
14328	7/10/2012	Seems busy every time we're there
14329	7/10/2012	It's always packed when I come visit. Almost all of the computers are in use and there are always families there reading with their kids.
14330	7/10/2012	Very. It's always busy.
14331	7/10/2012	There always seems to be a healthy amount of diverse activity happening inside.
14332	7/10/2012	N/A- barely visit
14333	7/10/2012	Library seems great
14334	7/10/2012	I used this local library quite a bit.
14335	7/10/2012	Always bustling with activity when I go
14336	7/10/2012	seems to always have people at the computers
14337	7/10/2012	It's always busy when I'm there...
14338	7/10/2012	seems to have a fair amout of people when i'm there picking up books
14339	7/10/2012	It looks pretty busy to me!
14340	7/10/2012	Extremely! It is almost always crowded.
14341	7/10/2012	There are always people there when it's open. Whenever we go and find it not open, there are other people doing the same.
14342	7/10/2012	Very
14343	7/10/2012	It's very well used. I see a lot of individuals using it daily
14344	7/10/2012	It appears well used, always filled with people.

14345	7/10/2012	It is always in use! I love going there and every time I stop by there are bikes out front and the parking lot is full. It is great to see the neighborhood making use of the resource.
14346	7/10/2012	Moderately well used.
14347	7/10/2012	Very well occupied at all times, with friendly staff and good computer access.
14348	7/10/2012	Very well used!
14349	7/10/2012	Very well used. Many patrons each time I've been in, both weekday and weekend.
14350	7/10/2012	The Hollywood branch is very busy with patrons of all ages!
14351	7/10/2012	Hollywood always seems to have quite a few patrons there whenever I visit. Troutdale I mostly use the drop site.
14352	7/10/2012	There is always something going on at the library, usually a group of kids, and people using computers. I would say it is well used. Additionally, there is constant foot traffic around the library with people picking up, dropping off, etc.
14353	7/10/2012	I've never seen any of the libraries we frequent empty. Ever. Even around closing time. I've seen people waiting in line for the library to open, there is usually some sort of line for the computers... I would say that Albina and Hollywood, at least, are very well used.
14354	7/10/2012	Always busy when I go in.
14355	7/10/2012	It is always very busy. Every computer is in use at all times. People are in line to ask questions of the library staff.
14356	7/10/2012	It's usually pretty busy, never empty. I don't go to Belmont because it's overcrowded often and I prefer Hollywood the best.
14357	7/10/2012	It's always busy
14358	7/10/2012	The Hollywood branch is highly used. It is often quite full. Almost too many people for the size. The noise level in there is very loud.
14359	7/10/2012	the phrasing of this question is confusing. how well used? meaning worn in? or do i just see people using the library? either way, holgate is the closest to me but not very well stocked. belmont is much better.
14360	7/10/2012	I just got back from the Hillsdale library and it was packed! Parking was at a premium, and there were many patrons inside. I've never gone in this branch and found it devoid of patrons.
14361	7/10/2012	Seems constantly busy! In addition to my personal use, I know local urban schools, from pre-school and up, loce taking class trips to the central library. I think these experiences are invaluable to the students, to know these resources that are available to them.
14362	7/10/2012	There are frequently lots of people at the library when I go there. In addition there is almost always a waiting list for the books I want so that suggests to me that people are checking out books and using the library.
14363	7/10/2012	There are always a handful of people in the library at any given time but never over crowded.

14364	7/10/2012	Midland is always busy and parking is often an issue. Rockwood is small and has a good children's section so I go there occasionally with my daughter, but not often for myself even though it is closer. Gresham and Central are occasional browsing libraries for me, but Midland is my main branch.
14365	7/10/2012	Hollywood: lively with young families in the mornings; busy at other times.
14366	7/10/2012	Kenton: busy--I drop in on various days, times.
14367	7/10/2012	Both branches I go to are always very busy. Every time I visit any of the above branches, the library is bustling. The computers are busy, people are in the carols, sitting and reading, etc. A great hub of activity.
14368	7/10/2012	I'm a confused by the definition of "how well used" ... If it is referring to how "worn" or old the facility is, then the Hillsdale branch is in very good condition inside and outside. If it is referring to how many people "use" or visit the library, then it is very well used by the public as on every visit I've found almost every computer station in use, about half the desks occupied, and many people looking at books in the aisles.
14369	7/10/2012	Very busy anytime I am present at the facility. There are people waiting for it to open and there is a constant stream of people in and out of the library during the times I am there.
14370	7/10/2012	Both of the libraries (Central and Gregory Heights) that I usually go to have been fairly busy when I've gone and the computer stations are almost always full.
14371	7/10/2012	It is thriving with people, from a wide age range whenever I go. I think it is extremely well used
14372	7/10/2012	Very used.
14373	7/10/2012	All three libraries that our family requents are busy most days. We have never attended a class or event that wasn't full orvery close to capacity. The time we spend at our local libraries is valuable. We enjoy the busy environment and it helps our children learn to respect others' space, property and helps us teach waiting and patience.
14374	7/10/2012	It's always busy; always lots of patrons.
14375	7/10/2012	I take my granddaughter and nieces monthly. Everytime we've gone the library is always nicely crowded. We enjoy our time together and try to visit other libraries as often as we can.
14376	7/10/2012	Pretty well used, from what I can tell. Internet-access computers are almost always full, and we are pretty much never the only people in the children's area. (BTW, we use the library more like every two weeks, but there wasn't a box for that option.)
14377	7/10/2012	Always seems busy to me so I'd say that it is very well used.
14378	7/10/2012	very well. always people there, always computers being used. always a friendly staff
14379	7/10/2012	massive. very busy all the time.
14380	7/10/2012	I think pretty well (I don't really understand the question).

14381	7/10/2012	They all seem well used.
14382	7/10/2012	Always busy.
14383	7/10/2012	The Central library is very well used and important to the community, as well as the Sellwood branch.
14384	7/10/2012	Always busy.
14385	7/10/2012	It always seems busy.
14386	7/10/2012	It seems very well used.
14387	7/10/2012	very well used
14388	7/10/2012	There always seem to be lots of people in the library when I visit, predominately on the weekends.
14389	7/10/2012	VERY well used. Often there is a line outside the door when it opens in the morning.
14390	7/10/2012	it seems to be well used to me.
14391	7/10/2012	I think it is a great resource. We love our libraries.
14392	7/10/2012	Extremely well used and trafficked.
14393	7/10/2012	very well used
14394	7/10/2012	It is very nice, although it gets pretty loud sometimes.
14395	7/10/2012	very
14396	7/10/2012	It always seems busy.
14397	7/10/2012	It seems to be pretty well used.
14398	7/10/2012	Very well
14399	7/10/2012	Very! Lines waiting whenever you open and many books I want to read have extremely long hold lists on them.
14400	7/10/2012	Extremely well used, however not overcrowded.
14401	7/10/2012	I think it is very well used and always seems quite busy.
14402	7/10/2012	It seems very well used, always many people in the library when i visit.
14403	7/10/2012	Seems to be busy every time we are there.
14404	7/10/2012	Ventilation is poor. Always feels a bit stuffy.
14405	7/10/2012	Highly used.
14406	7/10/2012	It seems to be in use every hour that it is open. The tables seem full, the stacks are browsed, and there is a general coming-and-going that would indicate the branch is a dynamic part of the Northwest community.
14407	7/10/2012	Very well used. Always busy, always a lot going on.
14408	7/10/2012	I don't have another library system to compare it to, but anecdotally, it seems quite busy anytime I'm there.
14409	7/10/2012	Very, very busy all the time, esp when there are preschoolers and their moms there.
14410	7/10/2012	Very well used - it is always busy. I use the hold system a lot to be able to get what I want, which suggests there is a high circulation rate.
14411	7/10/2012	Extremely well used. I love my libraries!!!

14412	7/10/2012	The local library is always busy when we go there.
14413	7/10/2012	Don't know.
14414	7/10/2012	pretty well. i think it's a fantastic and loved resource by so many in the community. i think it's getting more use due to the economic climate, as well, but i only know what i hear from those i know. i've increased my usage, though, as has my partner.
14415	7/10/2012	very
14416	7/10/2012	Very well used. It's a diverse crowd in terms of age, race, etc.
14417	7/10/2012	I've no idea
14418	7/10/2012	Judging from the "crowd" that I observe I would say it is well used, especially by young families with children.
14419	7/10/2012	seems to be very well used
14420	7/10/2012	Each of the libraries I frequent is full of activity. Anytime I've arrived before the doors open, there are people lined up outside waiting to get in.
14421	7/10/2012	Since funding levels have resulted in curtailed hours, my family and I are rarely able to use the library because of our work schedules. In the past, my experience of our local library is that it is well used.
14422	7/10/2012	They seem to stay busy
14423	7/10/2012	Very well used. There is often a wait for the computer, and many of the seats around the tables are taken by people reading magazines, newspapers, books, using their laptops.
14424	7/10/2012	It is a very popular place for many different uses besides our family's
14425	7/10/2012	By me, very well used, I walk there everyday to pick up books, magazine and movies. By the neighborhood, also very, it is very crowded everytime I go in, there are often lines of people waiting for it to open, and people begging to be let in second before/after closing time.
14426	7/10/2012	Not exactly sure what you mean...but there's always other people in there when I go. There's almost always people at all of the computers and the hold shelves are full, so lots of people are ordering books, movies etc to be delivered and picked up at the Holgate library.
14427	7/10/2012	It is always busy. The kids' room table is covered with book each time we visit. This is a good thing.
14428	7/10/2012	Very! There are always loads of people inside! So many in fact that instead of the absolute silence you normally have in a library there is a low hum of many people in hushed conversations as well as many children with their parents.
14429	7/10/2012	there are always people there when I visit.
14430	7/10/2012	Gregory Heights is full almost every time I go there. My guess is that most of the patrons are children and foreign language speakers.
14431	7/10/2012	Seems like there's always a lot if people there.
14432	7/10/2012	very
14433	7/10/2012	Very.
14434	7/10/2012	It always looks busy.
14435	7/10/2012	It always seems quite busy when I'm there or when I pass by.

14436	7/10/2012	always people in it
14437	7/10/2012	It's always busy!
14438	7/10/2012	very well used, there's often people waiting for the doors to open!
14439	7/10/2012	Usually seems busy.
14440	7/10/2012	Central is very active. North Portland less so.
14441	7/10/2012	Very well used. Always people in there when open and often pretty crowded.
14442	7/10/2012	well used. always a line for computers, printers, check out... which I see as a good thing.
14443	7/10/2012	Very well, there are always people there.
14444	7/10/2012	It is usually busy with people.
14445	7/10/2012	It always seems to be busy when we go.
14446	7/10/2012	Not sure, Central always seems busy.
14447	7/10/2012	Very. There are always lots of people there on the computer, children, and families.
14448	7/10/2012	Very - there are always many people there.
14449	7/10/2012	Albina and Central Libraries appear busy always, especially the central library.
14450	7/10/2012	mostly for books to read, or to help burring schools.
14451	7/10/2012	Very well-used!
14452	7/10/2012	What does this question mean?
14453	7/10/2012	What????
14454	7/10/2012	I find it a very good place to go and read or research.
14455	7/10/2012	appears to be used frequently by many people
14456	7/10/2012	Very well used, I think.
14457	7/10/2012	seems like its always crowded when I go, so I can assume that it is used all the time
14458	7/10/2012	Seems well attended whenever I go. Book babies is usually close to full. Parking is always an issue at Hillsdale.[]
14459	7/10/2012	Those stupid charging stations don't help & is the money that powers them coming out of the library funding. It shouldn't since it has nothing to do with media.
14460	7/10/2012	There are usually about 10 or more patrons whenever I've been there.
14461	7/10/2012	Always bustling. Great resource, recognized by the community.
14462	7/10/2012	Very well use on daily basis.
14463	7/10/2012	very
14464	7/10/2012	Not sure but I think it is well used, at least that is my impression.

14468	7/10/2012	Very, it seems.
14469	7/10/2012	Very!
14470	7/10/2012	It's pretty busy most times I visit, which is usually twice a week.

14471	7/10/2012	Very!!
14472	7/10/2012	Very well used
14473	7/10/2012	I'm there at least once a month and the library is very full of people. I'd say it is well used.
14474	7/10/2012	I go to the Tigard Library almost exclusively
14475	7/10/2012	Very well used - not crowded by busy with people using the materials and resources that the library offers.
14476	7/10/2012	pretty well used.
14477	7/10/2012	Always busy when I am there.
14478	7/10/2012	Hollywood library is usually very busy place.
14479	7/10/2012	very well used and very comfortable...access by internet is extremely good
14480	7/10/2012	Not sure, the computers are always full but I'm not sure how many people use books anymore, besides us.
14481	7/10/2012	pretty well-used
14482	7/10/2012	The new troutdale library is a wonderful addition to the city! Whenever I go there people young and old are using and enjoying the services. Thanks for the consideration of providing Troutdale it's own facility.
14483	7/10/2012	I have no way to know that answer.
14484	7/10/2012	Pretty well - not crowded, but always busy.
14485	7/10/2012	it seems in good condition
14486	7/10/2012	Very
14487	7/10/2012	I feel that it's pretty darn well used! Always bustling when I'm in there!
14488	7/10/2012	I love seeing all the people in the library. The employees at Belmont are so helpful, the best really!
14489	7/10/2012	very well used
14490	7/10/2012	Any time we are at the library there are plenty of other people there. We visit the library about 3 times per week. More often in the winter months.
14491	7/10/2012	Very well used
14492	7/10/2012	Its very small but I always see people at the tables using the computers or internet access.
14493	7/10/2012	At the Kenton branch I always see it busy. The branch definitely is a vital part of the neighborhood.
14494	7/10/2012	Both libraries are always very busy with people of all ages.
14495	7/10/2012	Don't understand the question.
14496	7/10/2012	There are ALWAYS people there. It's actually surprising--I've really never seen the SJ library anything short of "bustling". It's a happening place in SJ and really sad that it's closed now on Monday...
14497	7/10/2012	It seems to be busy every time I am there.
14498	7/10/2012	Extremely. There is always a line waiting for it to open. The hold shelves are a significant portion of the shelving. We're constantly placing books on hold ourselves.

14499	7/10/2012	Pretty good, it seems. I am particularly amazed by the large number of books in the reserve section. And the carrels and tables also seem to be in heavy use. I feel proud of the fact the library is so useful to the community. And I love the little coffee shop attached.
14500	7/10/2012	VERY busy!
14501	7/10/2012	constantly and heavily
14502	7/10/2012	Very
14503	7/10/2012	Very well used.
14504	7/10/2012	Heavy use.
14505	7/10/2012	Very Busy
14506	7/10/2012	Seems very well used.
14507	7/10/2012	very!
14508	7/10/2012	Extremely well used.
14509	7/10/2012	Well used.
14510	7/10/2012	There are always many people there
14511	7/10/2012	Always lots of people there
14512	7/10/2012	Very wrll
14513	7/10/2012	Both are always busy!
14514	7/10/2012	very, lots of people there all the time
14515	7/10/2012	Very
14516	7/10/2012	Not sure what you mean by this question. Examples would help here.
14517	7/10/2012	very well used
14518	7/10/2012	Seemingly very busy all the time. Computer stations are always in use.
14519	7/10/2012	very well/always full of folks
14520	7/10/2012	Busy
14521	7/10/2012	Seems very well used.
14522	7/10/2012	The local library is very well utilized, but I imagine there are always opportunities for improvement (new programing and creative outreach)
14523	7/10/2012	They always appear to be busy and central to the community.
14524	7/10/2012	Whenever I go in, it's always busy - a line in front of the help desk, a waiting list for the computers. Kids peruse the children aisles and adults of all ages mill about, looking for the perfect novel or resource for their latest project or hobby.
14525	7/10/2012	Both the Central Library and North Portland branch library always seem like busy, active places...
14526	7/10/2012	The Midland library is always filled with patrons whenever I visit. I don't normally see people waiting in lines to use computers or check out, but I would say that these services are being fully utilized
14527	7/10/2012	Very well used. There are always a lot of people there.
14528	7/10/2012	Hollywood extremely well used

14529	7/10/2012	The library seems to be busy every time I've been there. When I've shown up just before they open in the morning, there has been a group of people waiting for the doors to be unlocked.
14530	7/10/2012	I feel that it is well used, the computers always have people accessing them, I've never seen less than 15-20 people in it.
14531	7/10/2012	The Hollywood library seems to be busy!
14532	7/10/2012	Belmont branch always seem full of people when I am there. I think it is very well used.
14533	7/10/2012	The Woodstock branch is always pretty busy when I'm there.
14534	7/10/2012	There always seems to be at least a dozen people in there at any given time. A lot of times I have had to wait for the computers.
14535	7/10/2012	It seems to have regular traffic. Increasingly I see less use of book and more computer access and media such as audio and video. I moved from Florida 6 years ago and noticed the same trend there.
14536	7/10/2012	The east county libraries, which are the ones that I go to most often, are nearly always busy: there are people lined up to get in every morning, the computers are always full, the programs are packed.
14537	7/10/2012	Very well used! It's almost always busy, with >10 people present at any time (and often many more). Using computers, browsing books, reading newspapers/magazines, etc. I volunteered weekly for a year, so I am confident that my impression of busy-ness is well founded.
14538	7/10/2012	Very.
14539	7/10/2012	Very!
14540	7/10/2012	I would say A LOT
14541	7/10/2012	I am usually only there on the weekends, but it always seems very full and bustling.
14542	7/10/2012	Central library is always busy; the Woodstock library slightly less so but still often full of people.
14543	7/10/2012	Well used. It is always busy.
14544	7/10/2012	Very well used.
14545	7/10/2012	Well used.
14546	7/10/2012	Very well used.
14547	7/10/2012	Well used, but I am no longer in the multnomah county.
14548	7/10/2012	It always seems lively!
14549	7/10/2012	It seems very busy every time we are there.
14550	7/10/2012	Looks pretty well used - there are always people in there.
14551	7/10/2012	It always looks busy when I go with people using the computers, reading, coming-and-going, and what-not.
14552	7/10/2012	I would say it is well used because there are always a lot of people in the library when I am.
14553	7/10/2012	Albina, the branch I go to the most, seems busy (and NOISY!!) at all times; perhaps because it is very small. Hollywood is quite a big bigger, though. and just as busy.
14554	7/10/2012	The Central library appears well used. There are people lined up outside before the 10am opening. When I go inside for a book there seem to be many people there.
14555	7/10/2012	Well used indeed. It's hard to park in the lot, in fact.

14556	7/10/2012	North Portland and Kenton Libraries always seem to be very busy. I enjoy their vitality.
14557	7/10/2012	The Northwest Branch seems to be heavily used for its size.
14558	7/10/2012	The one in Gresham seems to have heavy traffic. Not to say it is overrun but that many, many people use it everyday.
14559	7/10/2012	Seems busy all the time!
14560	7/10/2012	Definitely well used
14561	7/10/2012	It's always busy. It's a nice, safe, cool place people can hang out at.
14562	7/10/2012	Always appears to be very busy.
14563	7/10/2012	There are always people on the computers, checking out books, and asking reference questions when I stop in.
14564	7/10/2012	VERY well used since I use the central one because I work downtown.
14565	7/10/2012	It always seems very busy.
14566	7/10/2012	very well used
14567	7/10/2012	always busy
14568	7/10/2012	very well
14569	7/10/2012	Very well-used. We could actually use another one for my neighborhood - around 82nd Avenue & Glisan/Halsey there are no libraries, we either have to trek to Hollywood or trek to Holgate.
14570	7/10/2012	VERY WELL USED, MANY USERS DAILY AND EVERYTIME I GO IN THERE ARE SEVERAL PEOPLE USING COMPUTERS, RESOURCES AND CHECKING OUT BOOKS.

14573	7/10/2012	Very well used - consistent wait for computers -
14574	7/10/2012	The Belmont library is very well-used. It is always busy when I am there to pick up books, but I am still able to get in and out quickly. When I've been there at opening time, there has been a line of people waiting to enter the library...I think it's great that people are so eager to read!
14575	7/10/2012	My local library is always occupied with various people, whether they're using the computers, getting holds, browsing, etc.
14576	7/10/2012	Always busy.
14577	7/10/2012	always full of people, lines for the computers
14578	7/10/2012	Our branch is one of the busiest in the nation.
14579	7/10/2012	Seems to be fairly well used.
14580	7/10/2012	Very well. It is always busy from the moment it opens (people often waiting outside) to when it closes.
14581	7/10/2012	Very well used.
14582	7/10/2012	not sure. seems to be plenty of people there whenever i visit.

14597	7/10/2012	It is ALWAYS busy, and when it is closed, there is frequently people waiting outside for the doors to open. There are many families there that come looking for something to do on a rainy day. My toddler LOVES the library, and I am a self-proclaimed bookworm on a budget, so I buy less books these days, and check more out.
14598	7/10/2012	extremely well used. There were about 10 of us who couldn't enter today (a Monday) when I went by about 11 AM. So sad to see it closed.
14599	7/10/2012	It is very busy. Usually a line outside of the door before opening and is constantly in use during the day. Especially with bike riders and neighborhood people who walk. It really improves the value of our neighborhood in its walk score as well as overall liveability. Thanks for keeping it vibrant and available.
14600	7/10/2012	Love my library People are always there! a great resource for people who cannot afford or have access to all the information the library holds. Love it! I am in a book club and buying a book monthly is not an option for me so I love being able to go online and see if it is available and you will ship it to my branch for me, so nice!
14601	7/10/2012	We order books through the online library system and pick them up when we get our email. Very Very useful system for two busy professionals! We also use the inter library loan system. Multnomah County's system is easier to use than the OHSU Library's ILL system!
14602	7/10/2012	I believe Midland is very well used, there are always a lot of people there and the parking lot is quite full, both for the computers, the community room and the just for books and other media check out. The Gresham one seems well used also the parking lot is often full, but I don't see as many community meetings taking place there, although I could be going at the wrong time.
14603	7/10/2012	It is delightful to walk into Hillsdale Library. People of all ages visit. It is a safe place, especially for children and the elderly, to pursue their interests. I like to peruse the shelves even though I use the internet to borrow many of the books and films we enjoy. Hillsdale is so convenient for pick-up and return of the materials.

14636	7/10/2012	since the st johns library is across the street from james john it used often but I haven't ever been in there where I thought there were too many people that I had to leave.

14637	7/10/2012	It is always busy when I go there. There are people galore in the place and I know that the books are being checked out continuously. And I read about different programs being scheduled at both places all of the time thru the Sellwood Bee.
14638	7/10/2012	Seems to be used heavily at Central, and a little less so at the other branches, depends on the time of day and day of the week.
14639	7/10/2012	Albina - seems very busy whenever I am there.

14661	7/10/2012	Based on the chronic shortage of parking at Belmont Library, I would say it is very well used. The features I use most are reserving books online then picking them up when ready. Also really enjoy being able to check out electronic books for my Kindle. Thank you for the convenience and service.
14662	7/10/2012	very. many families with small children seem to visit it weekly (if not semiweekly or more often). there usually seem to be piles of books waiting to be checked in, there is always someone shelving reserves, and there is often a short wait up front. the storytimes and other children's programmes appear to be extremely well attended, if the queue of prams outside is any indication. :-)
14663	7/10/2012	The Belmont location is always bustling! People wait outside for it to open in the morning. The staff is fantastic and extremely helpful. 14717	7/10/2012	Over run by homeless that have brought in dogs and live there as a shelter. We can no longer hardly use the downtown main one. Do not want to sit in the same chairs or acquire diseases. Belmont Branch library is always full of people looking for books or waiting to use the computers. It is very small so I only use it for retrieving my holds.[]
14718	7/10/2012	[] [] The library can just cut out the 'Overdrive' and electronic books BS. That is a waste of money.
14719	7/10/2012	All the branches we frequent are always busy. I've lived in Portland over 30 years and have never seen the libraries here busier than they are now.

14776	7/10/2012	Seems to always be busy and used by all age groups.
14777	7/10/2012	Amazingly well. It is really central to the St John's community. Also, as a teacher at Roosevelt High School, the staff at the library will bend over backwards to help you in any way they can.

14779	7/10/2012	I think it is well used by the community and the local school students(K-12). Whenever I visit the library it is always full of people and families using the services that the library provides.

14781	7/10/2012	The Troutdale branch should never have opened, we have a Fairview library. Too much wasted resources for latinos to use the computers. I do not want my tax money to be used for internet porn and such!! I know this happens...I have witnessed it. I am sorry but you do NOT need a computer.
14782	7/10/2012	very well used The Gresham library is widely used by all generations.[]
14783	7/10/2012	We need to do whatever is necessary to see that all generations, and futurre generations, have the ability to access the world by use oof books and technology.[] The future of our younger generations depend on it.
14784	7/10/2012	Seems to be used by The high school kids a lot.

14785	7/10/2012	Central Library is very well used, though could use INCREASED staffing. It is an invaluable tool for casual readers and industry professionals alike. As a former publisher, the library's sponsorship of publishing related events was invaluable. As a writer, the writing center area provided an essential space that didn't require buying a cup of coffee in a Wi-fi coffee shop. As a children's writer, I can only say that Central Library's Beverly Cleary room telegraphs a profound statement about Portland's commitment to children's literature. The room's resources are an essential foundation for children's learning. Reading is the building block for opportunity and strengthening democracy through education. Future Beverly Clearys abound in this city. They only need a fighting chance. My only suggestion is to continue your outreach to the publishing industry and seek additional funding from companies that will promote learning in the digital age.
14786	7/10/2012	Very well used, always busy.

14796	7/10/2012	Used very often. Many people there.
14797	7/10/2012	Very well used.
14798	7/10/2012	I only just signed up. We plan on going to the story times and checking out books for our son, who is 6 months old. I've gone in once to get library cards and it seemed full and busy.
14799	7/10/2012	Very well used. A wonderful place.
14800	7/10/2012	There are always many people there, using the computer, reading books, or checking out books.
14801	7/10/2012	?
14802	7/10/2012	Very well used
14803	7/10/2012	You have the stats.
14804	7/10/2012	All the time
14805	7/10/2012	seems to be well used
14806	7/10/2012	My local library is always very busy.
14807	7/10/2012	Very well
14808	7/10/2012	It is very active, the computers are usually full or nearly full, There are some wonderful programs for children and families, and it is an invaluable resource for the community.
14809	7/10/2012	The Belmont library is very well used. The staff are VERY friendly and helpful. The collection is good. The facility is clean and user friendly. I love our neighborhood library.

14810	7/10/2012	very well used
14811	7/10/2012	Very!
14812	7/10/2012	it is hard to even find and open computer, so id say, pretty well used.
14813	7/10/2012	Very! Always full of people.
14814	7/10/2012	Belmont library seems busy a lot. Lots of computer users and parents with small children. It always seemed very well used.
14815	7/10/2012	Local Library is ALWAYS busy. Lots of families, young children and teenagers use the library for a variety of services.
14816	7/10/2012	Whenever I go there, parking is at a premium, most computers are already reserved, and lots of books on the "HOLD" shelf.
14817	7/10/2012	Not sure. The vast majority of my interaction with the library is online, checking out e-books.
14818	7/10/2012	It is extremely well used. Most of the time when I go there, there are lines waiting for the computers, lots of people reading, folks there for programs of some type, and folks interacting with library staff with questions, etc.
14819	7/10/2012	Not sure what you mean by this question but it is always busy when my sons and I go. We love the library and it is our go to thing to do when the rain sets in, as it usually does in Portland.
14820	7/10/2012	Our local library (Sellwood) always has people in it, studying, working on computers and searching the stacks. It is a well loved a and well used part of our neighborhood.
14821	7/10/2012	I do not feel safe bringing my kids to either library I've marked.[] Once while at the NW Library on NW 23rd there were two men hiding from police running through the library.[] Portland has got to realize that the main tax base comes from families and that libraries and schools will always suffer if one doesn't feel safe and it the quality is poor.[] It's highly unfortunate because the Central Library is exquisite!
14822	7/10/2012	Always busy
14823	7/10/2012	I love my local branch of the library and think it is very well used. Whenever I am there I see all areas of the library being used - whether it be people browsing and checking out books, families there for events or to check out materials, or people using the computers. It is a busy place and attracts patrons of all ages. I miss the branch being open on Monday and feel the impact of the earlier closing times. I often count on stopping to pick up books on my way home from work, so the earlier closing time already creates a difficulty in my accessing the library as often as I would like.
14824	7/10/2012	very
14825	7/10/2012	Seems to be well used, always busy.
14826	7/10/2012	very well used
14827	7/10/2012	Central. You tell me.
14828	7/10/2012	lots of people there, most times
14829	7/10/2012	very

14830	7/10/2012	It's always full.
14831	7/10/2012	very, the place is great.
14832	7/10/2012	I think that the local library is well used; I have always seen patrons reading, researching, using computers and other resources. I don't think I have ever walked into an empty library.
14833	7/10/2012	Very well used
14834	7/10/2012	It is a fabulous library!
14835	7/10/2012	Very. I can't imagine the neighborhood without it.
14836	7/10/2012	Very busy.
14837	7/10/2012	Well used, there are always other people there when I visit
14838	7/10/2012	Very well used.
14839	7/10/2012	Always busy and full, with a line for the computers. Great to see it so active. (Belmont)
14840	7/10/2012	Moderate
14841	7/10/2012	well used
14842	7/10/2012	There are always people there. It's in great condition and a very welcoming environment.
14843	7/10/2012	It is very popular! It's filled with people all the time (in a good way).
14844	7/10/2012	Fairly well used
14845	7/10/2012	Always seems busy when I'm there.
14846	7/10/2012	albina is very well used. it's always busy with people, young and old, on the computers, reading magazines, and checking out the book selection.
14847	7/10/2012	Extremely well-used. It is always crowded and both locations I go to could use more space.
14848	7/10/2012	Do you mean how well is it laid out, or do a lot of people use it? I believe it has all of the resources I need and it's easy to find what I need. It also seems to always be busy
14849	7/10/2012	It seems to be very well used Whenever I go there I see a fairly large number of people, including children , involved in browsing,, reading, at the computers, or in organized activity
14850	7/10/2012	I don't understand this question and what answer would be helpful, but I absolutely LOVE my library... it is a resource I constantly use and love being able to search and reserve online. I also very much appreciate the service of having books/media delivered to my branch... it is invaluable! I LOVE THE LIBRARY!
14851	7/10/2012	Up until I got a kindle, I checked out books at least once a month (loved reserving online and doing pickup).
14852	7/10/2012	jumping with all sorts of users - young, old, all races and last time, an addict accessing her email (behaving nicely, just kept nodding off).
14853	7/10/2012	I hate the computer check-out, I prefer to interact with real actual librarians. This question as posed makes little sense- how well-used? What is that supposed to mean? Are there patrons? Do I use it? Does it look "used?" There is no real indication of what you are looking for in this instance.

14854	7/10/2012	<p>I feel that the central library is well used. However, it has become a bit of a hang-out for homeless people. Because of this, I prefer not to spend very much time there. Rather, I like to reserve materials online and simply run in and pick things up as they become available. This ends up impeding my library/learning experience. ☐</p> <p>☐</p> <p>I do understand that we can't limit access to the library, but perhaps reducing the availability of internet-connected computers would be a good way to encourage actual reading rather than mindless web-surfing (some of which is inappropriate).</p>
14855	7/10/2012	<p>It seems like all libraries in Portland, not just the central library where I go most, are all getting used a great deal. I also feel that the fact that the online hold and checkout system is so effective that if you are not inclined to stay in the library and hang around, it makes it very easy to run in, grab your books and go. I love this feature of our libraries. I deeply feel that the portland library is a vital resource and I hope that funding doesn't get cut any further.</p>
14856	7/10/2012	<p>The library always seems to be busy with people looking at books, media, participating in programs or using the computers.</p>
14857	7/10/2012	<p>Very well, always many people there and many people need this kind of community service.</p>
14858	7/10/2012	<p>Very -- always full!</p>
14859	7/10/2012	<p>It seems very well used.</p>
14860	7/10/2012	<p>Always bustling, always cars going in and out of the parking lot.</p>
14861	7/10/2012	<p>Always looks busy.</p>
14862	7/10/2012	<p>usually appears busy</p>
14863	7/10/2012	<p>Very well used. The St. Johns Branch is always busy!</p>
14864	7/10/2012	<p>Very</p>
14865	7/10/2012	<p>Very well used.</p>
14866	7/10/2012	<p>Extremely well used.</p>
14867	7/10/2012	<p>Very! It's always bustling with adults and children when I go there.</p>
14868	7/10/2012	<p>Very well used.</p>
14869	7/10/2012	<p>It is always buzzing with people!</p>
14870	7/10/2012	<p>It is always very crowded and much too small for the size of the community it serves.</p>
14871	7/10/2012	<p>Well used. There are always lots of people there.</p>
14872	7/10/2012	<p>Always seems busy when I stop in to get books.</p>
14873	7/10/2012	<p>It's always really busy when I'm there!</p>
14874	7/10/2012	<p>Very well used.</p>
14875	7/10/2012	<p>I go in and it is almost always full of activity.</p>
14876	7/10/2012	<p>Very well used, it could even do with a bit more space for all the people it sometimes gets.</p>
14877	7/10/2012	<p>fairly well</p>
14878	7/10/2012	<p>The Troutdale and Gresham ones seem pretty busy whenever we're there.</p>

14879	7/10/2012	belmont- always lots of activity while we are there
14880	7/10/2012	Very well used. There is always people their studying and using the facility. I never see it empty.
14881	7/10/2012	Very well
14882	7/10/2012	Don't really know. But there are always people there when I visit. parents with kids, people using the computers, a wide cross section of ages.
14883	7/10/2012	It's always busy. Any time that I go in I see people using the computers, reading at tables and sifting through the books. There are
14884	7/10/2012	occasionally lines at check out (fewer now that there is the automated checkout machines), indicating good use during the times I go. The library is always in use when I stop in.
14885	7/10/2012	They appear to always be busy.
14886	7/10/2012	very My local library is always busy, and the staff is always helpful and pleasant - going beyond what I have grown to expect from government employees (once one myself).[]
14887	7/10/2012	[] I consider my local library to be the single most important resource in my community - for people of all ages and inclinations. I will support any and all funding levies targeting the library system.
14888	7/10/2012	Very well used. My family and I visit it several time per week and there are always people there, young and old and every age in between. Thank you for keeping hours on Sunday. I know a lot of people combine trips to the library with the Hillsdale Farmer's Market.
14889	7/10/2012	It seems to be well used.
14890	7/10/2012	It is always busy
14891	7/10/2012	Well used.
14892	7/10/2012	VERY well used.
14893	7/10/2012	Seems to be pretty well used
14894	7/10/2012	Whenever I am there, it seems pretty busy. I would say this branch is very well used.
14895	7/10/2012	Very well used. People are in there all the time.
14896	7/10/2012	very well used! always see people in, never a lull!
14897	7/10/2012	Frequently used. We are central to many neighborhoods. Belmont...
14898	7/10/2012	extremely
14899	7/10/2012	Always seems busy when I am there!
14900	7/10/2012	Very well used, usually crowded.like a library should .
14901	7/10/2012	It is always full of seniors, teens and small children with their families.
14902	7/10/2012	Very well
14903	7/10/2012	Don't know
14904	7/10/2012	The library is always a happy and bustling place. I always love visiting the library because it is such a wonderful way to experience community in Portland.

14905	7/10/2012	Very! It's always crowded, no matter what time of day I go there. The programs seem very well-attended, too. The few times I've taken my daughter to the story times, they've been maxed out.
14906	7/10/2012	Very well used!
14907	7/10/2012	The central library is always busy.
14908	7/10/2012	Everytime I pop in there are a lot of people in it. It's the closest one in the neighborhood (st. johns) but when I've used North Portland library, it's the same since it's so close to PCC.
14909	7/10/2012	always hopping
14910	7/10/2012	very well used, always teeming with people, staff busy with requests and delivering services
14911	7/10/2012	Very well utilized- and though it's always busy, the staff are always great to patrons.
14912	7/10/2012	Very well used
14913	7/10/2012	It's always packed when I go there. If I show up before the doors open (at holgate) there are at least 30 people waiting to go in.
14914	7/10/2012	not that often but there are a lot of people who can't afford to buy books or computers helps kids to read books its a great asset to the communtiy without it would be so devastating
14915	7/10/2012	"Local library" is a misnomer. I never go to the library closest to my house (Rockwood, I think), but rather to library closest to my commute: Central. It's very well used and I often see many people there, making use of its many services.
14916	7/10/2012	I don't know if you mean me or others. If you mean we I use the library as much as possible. Now that we can download books I don't go there physically but I use it as much as possible. I love that we can also download music.
14917	7/10/2012	Very.
14918	7/10/2012	Very heavily used.
14919	7/10/2012	Very busy place. We love it and use it regularly.
14920	7/10/2012	its always active
14921	7/10/2012	Very well
14922	7/10/2012	I feel like it is well used. There are always people there when I go to pick up or return books.
14923	7/10/2012	When I do go in, it is usually packed. However, most of the people are on the computers, not checking out books.
14924	7/10/2012	Well used in that there are always many people there. I do note that most are paying no attention to the books.
14925	7/10/2012	Always busy, Seems very well utilized.
14926	7/10/2012	Always seems very busy
14927	7/10/2012	well used
14928	7/10/2012	Very

14934	7/10/2012	Both Albina and Hollywood are always quite busy.
14935	7/10/2012	Very much so.
14936	7/10/2012	Seems well used.
14937	7/10/2012	I live by the North Portland library. It is always busy with people of all ages. There is always people waiting for computer access.
14938	7/10/2012	Very! It is always busy and is clearly a much needed and appreciated resource.
14939	7/10/2012	I couldn't say. It appears to be busy, parking is often scarce (although thos pesky electric car spots sit vacant most of the time.) I would guess it is busy.
14940	7/10/2012	Very well used. There are lots of people using the library every time I am there.
14941	7/10/2012	Seems very busy every time I am there. I am there at least once a week.
14942	7/10/2012	Pretty well used, I'd say. Always has lots of people during open hours, and it seems like people enjoy the various programs, too - story time, musical groups, etc.
14943	7/10/2012	Of the three branches I visit the most, they all look like they're being used a lot which I am glad to see, we need our libraries.
14944	7/10/2012	(Albina)[] [] Very heavily. ~12 patrons every time I go in.
14945	7/10/2012	The St. Johns Library is the primary library I use. It always appears to be well used whenever I am there, whether it is during the week or on the weekend and all times of the day.
14946	7/10/2012	It always seems very well attended, and popular with a wide range of folks.
14947	7/10/2012	My local library is always busy when I go in. And there's always a variety of patrons in there doing a variety of things, from checking out books to using the computers.
14948	7/10/2012	very! i love my local library!!
14949	7/10/2012	Always full of people--computers are always being used. Lots of people always reading magazines, newspapers, and books. Very, very well-used.
14950	7/10/2012	Albina is very well used. Don't know about NoPo yet as I have recently moved to its area.
14951	7/10/2012	They both are always busy.
14952	7/10/2012	very well
14953	7/10/2012	It is always busy.
14954	7/10/2012	Very busy all of the time
14955	7/10/2012	I always see the tables with at least one person on them. And 90% of the computers, at least, being used.
14956	7/10/2012	very - it is always busy
14957	7/10/2012	Pretty active. Lots of loud little children.
14958	7/10/2012	Very!

14959	7/10/2012	Seems to be used a lot
14960	7/10/2012	Very well used
14961	7/10/2012	The Central Library is always busy
14962	7/10/2012	consistently - there's always a line outside before it opens
14963	7/10/2012	Thoroughly used.
14964	7/10/2012	It seems to always be busy to me.
14965	7/10/2012	It is a very active library.
14966	7/10/2012	Not sure what you mean by this. It's always busy.
14967	7/10/2012	very.
14968	7/10/2012	well
14969	7/10/2012	It's very active every time we visit.
14970	7/10/2012	The NW library is busy every time we are there. So many people use that small facility.
14971	7/10/2012	Very.
14972	7/10/2012	Every branch I visit seems pleasantly bustling.
14973	7/10/2012	The Belmont library is the one we go to most and it seems very popular at the times we go there.
14974	7/10/2012	Extremely well used.
14975	7/10/2012	My local library, Albina, seems very well used. There are generally quite a few people using the facilities.
14976	7/10/2012	Always seems like its a full house.
14977	7/10/2012	I believe it has the most "traffic" of any of the libraries. Most of the time I'm there the reading tables are 80% filled and most of the computers are in use.
14978	7/10/2012	It seems VERY well used by the community as a whole. It is always busy when I go in, no matter what day of the week or time of day. I think it is a major hub.
14979	7/10/2012	The libraries always seem busy
14980	7/10/2012	It is very busy. My neighbors with young children depend on the story times and reading programs, I rely on being able to search for books online and pick them up while browsing the library. The computers are always in use, as well as the stacks. This leads me to believe that the neighborhood takes full advantage of the library and will be very sad to see librarians laid off, hours reduced, and closed on Mondays.
14981	7/10/2012	Very. there are always about 10 or so people in the libabry when i visit. the Capitol Hill library is not overly large, so this is a fair amount on people.
14982	7/10/2012	Local library mainly used to pick up items on hold.
14983	7/10/2012	The Midland branch is extremely well used. I've never had a visit when the library wasn't full of people and activities. Outer Southeast Portland is so under-supported, it's very encouraging to see a resource that's so strong and available to the community. It's quite unfortunate that this branch can't be open every day.
14984	7/10/2012	The Northwest Library seems to be used quite a bit.

14985	7/10/2012	Busy busy busy
14986	7/10/2012	Very well used (and loved)!
14987	7/10/2012	always filled with people
14988	7/10/2012	it's always busy when I go there. I wish Central was open longer.
14989	7/10/2012	The library is generally well used, with a mix of people from all age groups (little kids to seniors) and a mix of people from the neighborhood.
14990	7/10/2012	Very used! It's always busy in there.
14991	7/10/2012	very well
14992	7/10/2012	Very
14993	7/10/2012	Very
14994	7/10/2012	Very -- it is usually filled with people.
14995	7/10/2012	Kenton library is always busy when I pass by.
14996	7/10/2012	Usually busy
14997	7/10/2012	Always busy, usually lots of youngsters in the kids section. Kids who read turn out better than those who don't, so we need to support our libraries for the kids!
14998	7/10/2012	Seems pretty busy at all times I visit.
14999	7/10/2012	Always has an event or something going on- always seems populated
15000	7/10/2012	Not sure.
15001	7/10/2012	Always seems to be busy on my visits; I go on any given day at any given hour. Seems to be well located and always in use. :)
15002	7/10/2012	well used
15003	7/10/2012	I assume very. There are always lots of people when I am in there.
15004	7/10/2012	Very. It seems to always have people in it, using the Internet, browsing books, etc.
15005	7/10/2012	extremely well
15006	7/10/2012	It always seems busy to me
15007	7/10/2012	All of the locations I visit regularly appear to be very well-utilized. Admittedly this may have some sample bias as I am usually going on the weekends.
15008	7/10/2012	Very well used. If the library were open more hours, there would definitely be many patrons there.
15009	7/10/2012	Very, Very, Very well used! It's always busy when I come and I have many friends that use the library more than I do.
15010	7/10/2012	This is for Albina -- very well used. There is usually a waiting list for computers, lots of holds, usually a bunch of kids looking for books or using computers. Before the automated check out, there was usually a line to check out books.
15011	7/10/2012	Very well used. It would be well used for more hours on more days if its open hours were expanded.
15012	7/10/2012	VERY well used -- I don't think I've ever been into my local library without it being fairly busy. People of all ages seem to really enjoy our libraries.

15013	7/10/2012	there are always at least 20 people in the facility whenever i visit. And the children's story telling is packed...always! My grandchildren love this resource and the 5 and 8 year old became early readers due to thier love of books fostered by this program. (the 8 year old started to wake up at 5AM on school mornings to read his books....his parents had to almost bribe him to wait until 6AM so he could get his sleep)
15014	7/10/2012	I use Library2Go now much more than the library building itself. I only go to the library to pick up items I've had on hold. While any situation where funding for the library is reduced makes me feel badly - being closed one day a week would not be that much of an inconvenience for me personally. ☹ It is a sad state of affairs in a progressive state like Oregon that we can't seem to fund our schools and our libraries. I fear we have let the anti-tax narrative that has been so prevalent since the 1980's cause us to lose our way and forget what is truly important as a society.
15015	7/10/2012	Very well used.
15016	7/10/2012	very! Every time I go into the Albina branch, it's PACKED!
15017	7/10/2012	Seems pretty busy.
15018	7/10/2012	Computers are very well used by kids playing games.
15019	7/10/2012	Everything seems to be in good condition
15020	7/10/2012	Very well used.
15021	7/10/2012	very well, maybe overused
15022	7/10/2012	very well used
15023	7/10/2012	There are always people in the library. Well used.
15024	7/10/2012	Always busy :)
15025	7/10/2012	Very well used. Crowded, in fact.
15026	7/10/2012	Very popular
15027	7/10/2012	Very well used.
15028	7/10/2012	It is always busy when I come in!
15029	7/10/2012	Very!
15030	7/10/2012	very well used
15031	7/10/2012	very well used.
15032	7/10/2012	Very

15039	7/10/2012	Very well used I would say!

15040	7/10/2012	It is always full with people at computers and checking books out. There is usually a line at the door at opening.
15041	7/10/2012	I'm not sure. I usually order books through the website and go to pick them up. I have such a long list of books I want to read that I don't usually browse. When I go to pick up books, there are usually several people browsing and the computer stations are all full.
15042	7/10/2012	The Fairview library, which is the closest to me, is incredibly small, but there are always people in there when I go in.
15043	7/10/2012	The St. Johns library always has a lot of people in it when I visit. Popular with kids, it appears. I like to browse for books and CDs when I'm there.
15044	7/10/2012	It's always busy with kids, adults and seniors. We think the holgate location is great. We use the internet to order and pick up there. We love it!
15045	7/10/2012	It's fairly well used, there area always people accessing the internet on the computers and usually children in the kid's area. When I spend a lot of time there I see lots of people in and out checking out books and running in to people they know. There seems to be a real sense of community that exists in North Portland that I haven't experienced in other neighborhoods in town and the library is one of the hubs of that community.
15046	7/10/2012	Very -- it's always busy!
15047	7/10/2012	Very busy
15048	7/10/2012	very busy all the time

15053	7/10/2012	Typically I go to the Central branch, which always seems busy, but not crowded
15054	7/10/2012	Very well used!!!
15055	7/10/2012	very well
15056	7/10/2012	Very. We live across the street and see people coming and going all week long.
15057	7/10/2012	Very well used. I love it!
15058	7/10/2012	Very. It is always crowded when I go in.
15059	7/10/2012	Very
15060	7/10/2012	seems busy
15061	7/10/2012	Very well

15067	7/10/2012	It's always busy and active when I'm there, usually between 5 and 6 pm when everyone's getting done with their work day
15068	7/10/2012	there are lots of people in there at every time of the day.
15069	7/10/2012	Very. It's a wonderful system
15070	7/10/2012	They are used a lot.
15071	7/10/2012	The library is always full of people whenever I am there. The Kenton Library is especially useful as you can easily stop in when you are in the business district. It is the center of the neighborhood.
15072	7/10/2012	I think I use it pretty well. Appreciate staff and e-mail reminders on current programs.
15073	7/10/2012	Well used. Many resources in a small space.
15074	7/10/2012	its always packed....one of the few things left that people on fixed incomes can enjoy...
15075	7/10/2012	Very well, usually many people there utilizing its resources.
15076	7/10/2012	Belmont is of course very heavily used. I have never been there during a time when it seemed underutilized.
15077	7/10/2012	It's always packed when I'm there with book browsers and computer users. It is a tremendous benefit to the local community. While historically I've been there approximately once per month to check out books, lately I've expanded my use to checking out music and movies as well. Thanks for providing us such a valuable service.
15078	7/10/2012	The St. Johns is a small library, so it always seems busy and well enjoyed by the community. It's a friendly place which sees a LOT of use.¶ Central library has the issues of any major central-city public building (e.g., vagrants littered about) but is one of the most cosmopolitan places in the West End. Even the microfiche seems to get frequent usage.
15079	7/10/2012	extremely well!
15080	7/10/2012	very busy
15081	7/10/2012	Very. Hard to find a parking space no matter what time we go.
15082	7/10/2012	There always seem to be a lot of people in the library when I go there, so I'd say it's very well used.
15083	7/10/2012	Very!
15084	7/10/2012	Please don't close anymore extra days.
15085	7/10/2012	Always seems to be full of people
15086	7/10/2012	It is very well used. Always busy.
15087	7/10/2012	Seems moderately busy whenever I am there.
15088	7/10/2012	Both Albina and Hollywood are well used. Heavy traffic for the children's programs - a very vital link to the library.
15089	7/10/2012	Very well used.
15090	7/10/2012	There are always people there. i have noticed that people are in line to get in before they open

15095	7/10/2012	I haven't been for quite some time (I received a Nook for Xmas and now get my books via B&N.com), but it was always seemed to have a good flow of traffic.
15096	7/10/2012	Very well used. Used by all three members of our family and always busy when we go in.

15099	7/10/2012	It is very busy when I am there.
15100	7/10/2012	I'm not sure I understand the intent of this question. Is it, my opinion on how well this branch is being used by everyone in the community? Not sure how anyone but staffers could answer that.
15101	7/10/2012	Well used. There are always lots of people there using various different resources.
15102	7/10/2012	I order most of my material since its a very small branch.
15103	7/10/2012	I don't know what you are asking. Is it showing signs of wear and tear? Not that I notice. Is it busy when I'm there? It seems busy, but I find parking and don't have to wait more than 2-3 people in front of me. How many people come and go? I don't know.
15104	7/10/2012	The Gregory Heights library is always full of people using the computers, browsing through books/media, and taking special classes or engaging in group activities (i.e. knitting group on Tuesday evenings). My family and I are at the library at least 3 times a week. It feels like a critical resources for the Roseway community.
15105	7/10/2012	Extremely!! Always a crowd outside before opening, and inside it's a veritable "ant farm" of activity--people browsing, using the computers, reading magazines...just what a library should look like--
15106	7/10/2012	Very well, sometimes theres so many people, you meet new people around you. My library is in a great area! I have 9 brothers and sisters we walk to the library just to give us something to do and end up being there for hours !!! Love it and the people and staff (: 10 golden stars in my book <3

15113	7/10/2012	greatly
15114	7/10/2012	The parking lot is usually full.

15116	7/10/2012	Almost always packed.

15118	7/10/2012	Very!

15125	7/10/2012	There are always at least 20 or so patrons present every time I visit the St. Johns library. It is a bustling, vibrant branch.
15126	7/10/2012	(Belmont) Extremely well used. Usually busy, occasionally bustling, but not overcrowded.
15127	7/10/2012	Always busy with a diverse group - young and old and many ethnicities.
15128	7/10/2012	Always busy.
15129	7/10/2012	Very well-used. It's always bustling with activity. I feel quite proud to see this.
15130	7/10/2012	At the Hillsdale library common to see a line out front before opens...
15131	7/10/2012	It appears to have many visitors including a line to use the internet accessible computers.
15132	7/10/2012	I love love love my local library. We would be crushed if it were closed. Seems to be quite busy most of the time. We would be extremely saddened to hear of ANY branch closing.
15133	7/10/2012	I see many people using the local library. I am a student and I use it alot to do my research papers.
15134	7/10/2012	Very well used.... essential! I consider the public library to be vitally important and an asset to the community. Don't touch the library.... shut down the zoo instead!
15135	7/10/2012	I think its fairly busy
15136	7/10/2012	Very. It is wonderful There are always many people, and they are all always respetful. It is a great place to be.
15137	7/10/2012	I wish my neighbors and other community members used it more, and realized how great of a resource it is
15138	7/10/2012	Any of the three libraries that I visit are always busy. Personally, I have not used the library as much as I should. I have recently purchased an electronic reader and look forward
15139	7/10/2012	to accessing e-books from my local library. I have not reviewed the programs available for seniors, but I will be checking to see what is available.
15140	7/10/2012	Usually seems quite busy.
15141	7/10/2012	Always humming with activity.

15160	7/10/2012	Very well used. North Portland is my local branch, and every time I visit there are many people there, using the compeers, checking out books and media, and reading.
15161	7/10/2012	My local one is the branch at 23rd & Thurman. I choose to make the trek to the Central location downtown where I am more assured of finding what I'm looking for.
15162	7/10/2012	It is always really busy!

15181	7/10/2012	Very. It's always busy when I'm there.

15195	7/10/2012	More and less full depending on day and time but does serve an important role in the community obviously anytime I visit.
15196	7/10/2012	It seems that every time I go in there, they are busy. What i think is great is that many people come to use the computers and I feel this is a good way for those individuals who may be of lower socioeconomic background, to have access to a computer.
15197	7/10/2012	My local library is The Central Library
15198	7/10/2012	By me, or in general? Personally I use it mostly to pick up reserves and to drop off books. It seems busy in general, mostly for children's programs.
15199	7/10/2012	I don't understand this question. If the question is how many people use the library or how worn is the library's appearance then the answer would be that the library is well attended but not too much so that I can't get what I need and the facilities seem to be in good order.
15200	7/10/2012	I have no regular schedule for getting to the library, so I think I have a pretty good sampling of each day of the week. As far as I can tell, the Albina branch is almost always full of people using the computers or checking out books/media or attending a program. It gets a lot more use than it did 10 years ago.

15201	7/10/2012	REALLY often used! All children's events are well attended. People constantly use the reservation system to access media & books from across the county. Our libraries are small but super well staffed and always full.

15224	7/10/2012	Belmont library is always busy!
15225	7/10/2012	Not sure
15226	7/10/2012	very crowded with people waiting for the computers
15227	7/10/2012	The libraries are always busy during my visits.
15228	7/10/2012	Very well used, it is always busy.
15229	7/10/2012	Always busy but seems well organized and check out quickly
15230	7/10/2012	Very well
15231	7/10/2012	well-used! little kids, Internet people, all ages...
15232	7/10/2012	There are always people in there when I go. My little brother loves going to get books. Having a library always open is an incentive to learn how to read and read more often.

15233	7/10/2012	It is busy especially weekends
15234	7/10/2012	i so enjoy visiting the multnomah libraries.
15235	7/10/2012	it's always very full of people, it's not quiet like in the "olden days" but rather filled with laughter and talking and people moving about, all ages. i love the library and all it represents. it connects us to the community. i know my taxes are contributing to the library system, but it still feels like one of the best "free" things we have available.
15236	7/10/2012	very well used
15237	7/10/2012	always busy, well-used
15238	7/10/2012	Lots
15239	7/10/2012	Very
15240	7/10/2012	It is always busy.
15241	7/10/2012	Albina - the one we most frequently use, is well used. Always busy.
15242	7/10/2012	Quite well, from what I see.
15243	7/10/2012	Seems very well used.
15244	7/10/2012	very well used
15245	7/10/2012	I appreciate having a library in my neighborhood, however, I frequently use an on-line app to download books. I rarely walk into the physical library.
15246	7/10/2012	Very.
15247	7/10/2012	(Hollywood) -- very. Always busy.
15248	7/10/2012	It is always busy no matter what time or day we go.
15249	7/10/2012	They are both constantly (pleasantly!) busy.
15250	7/10/2012	Seems to be very well used every day of the week, especially for children's programs and computer access.
15251	7/10/2012	I would say very well used.
15252	7/10/2012	It is very used many people are always there no matter if its in the morning or in the afternoon.
15253	7/10/2012	By us? Well. We place things on hold and pick them up but then get distracted and end up hanging out.
15254	7/10/2012	Please rephrase the question, it's not clear.
15255	7/10/2012	It is always very busy when I am there. Also, I primarily use e-resources, and cannot speak to how well used those resources are as it is virtual!
15256	7/10/2012	Very busy when I come in, I have been doing the Library to Go quite a bit recently The libraries are also so crowded but well run. Everyone loves the library. Th E online Books are wonderful for Kindle
15257	7/10/2012	readers. Our kids love the library and know exactly where things are. We can't live w/o one and always consider a home close to the library when we buy a new home.
15258	7/10/2012	It appears that my library is always full of people, young and old. I also notice many minority groups, of all ages, using various services. It's pretty awesome.
15259	7/10/2012	Both are very well used - Kenton seems to be more by families and adults and North Portland but school-aged children.

15260	7/10/2012	I go weekly to check out books for school, add I am a teacher. I also love ordering online and having them delivered to my local branch
15261	7/10/2012	Very well used! Every time I have been to a branch or Central, no matter which day or what time of day, it is very busy.
15262	7/10/2012	I am new to the neighborhood but it seems to be a hub with it's central location in a storefront setting and the staff is very helpful.
15263	7/10/2012	There are always people in both the Northwest Branch and Central Libraries. When I pick up held books, I see many other such books waiting to be retrieved by those who reserved them. The magazine rack is always being used, and there are programs often being held in the room reserved for presentations. I love how much the library is used and by so many people, and I want hours and services to be made more available.
15264	7/10/2012	It is always busy.
15265	7/10/2012	Seems to be very well used.
15266	7/10/2012	Very
15267	7/10/2012	It looks very well used, lots of people there when I go.
15268	7/10/2012	Always crowded
15269	7/10/2012	Very well used! It's always packed.
15270	7/10/2012	Very well used, and very cherished in our community.
15271	7/10/2012	Used quite a bit.
15272	7/10/2012	Very, very well. It's a central place for the Sellwood/Moreland/Eastmoreland communities.
15273	7/10/2012	The local library is used very well.
15274	7/10/2012	Seems to be thriving every time we go! All ages!!!
15275	7/10/2012	It's very well used. The parking lot is constantly full whenever I try to visit. It's good to see a Library buzzing, albiet quietly.
15276	7/10/2012	Always crowded
15277	7/10/2012	Very well used, especially the Central branch.
15278	7/10/2012	pretty well used but not in disrepair
15279	7/10/2012	It appears to be heavily frequented each time I visit the library.
15280	7/10/2012	Every time I go into the library, I see many people sitting at computers, sitting at desks all working on different aspects of their lives or their creativity. The libraries are an incredible resource and something that we cannot afford to lose as a community.
15281	7/10/2012	Very busy.
15282	7/10/2012	I've never been in the North Portland library when it wasn't operating at what I considered full capacity.
15283	7/10/2012	It seems well occupied most of the time
15284	7/10/2012	I think it's too well-used by homeless and transient people. I try to run in, get my things and get out without touching anything or anyone. It's often uncomfortable to walk into this library.

15285	7/10/2012	When I am at the library, there always seems to be plenty of people using the library for a variety of reasons.
15286	7/10/2012	Very well-used, especially during special events and storytimes.
15287	7/10/2012	The computer terminals are always very busy and usually with a wait required. There are always a lot of books on hold at the Northwest library, lots of kids hanging around the kids section. I think this is a very well-used library by the local community.
15288	7/10/2012	There always seems to be people in the library when I go, I don't think I've ever been the only person in the Library.
15289	7/10/2012	it appears well used and busy.
15290	7/10/2012	There are always people in the library, and it is in a populated, family oriented area.
15291	7/10/2012	Seems to be well-used. It always seems to have at least 10-20 people when I visit. Once I arrived early and was one of 3-4 people waiting for the library to open.
15292	7/10/2012	I am not sure what this question is asking. It is not worn down, if that is what you are asking. If you are asking if others use the library, then I would say that it looks like is very well used.
15293	7/10/2012	Well used and loved; it is always a busy place. It is a great place in the community to go to further ones knowledge or obtain books and other media for personal enjoyment.
15294	7/10/2012	It has non-stop foot traffic. It amazes me. I don't get why the county is providing free computer access to the public, however, and that may account for some of it, but as a book library, it is very heavily used. I have never seen a branch library like it. I voted to increase the levy, and cannot imagine that anyone would not support it unless they were extremely strapped for cash, as some are.
15295	7/10/2012	very well. plenty of books, news papers including foreign language ones! I hope people will realize how important libraries' rolls in our society, after the budget cuts... Good luck.
15296	7/10/2012	Very well used. Whenever I go to the Gregory Heights facility, it has lots of people of all ages and ethnic groups. There are people looking for books, reading magazines, checking out A/V media, doing research on computers, and participating in community group discussions. It's a neighborhood social hub. It's value to the community is very great.
15297	7/10/2012	I have no insight into this information.
15298	7/10/2012	The library I use seems to always be busy. The parking lot is usually almost full and I rarely get an opportunity to park close to the door (it's not a problem, just an observation). I see a variety of clientele -- older, children, middle-aged, young adults / high school age - it appears to be a really good cross-section of the surrounding communities. I have had no need to use the meeting room(s), so cannot address that, but it seems that it is rarely unused - I usually see people in the meeting room when I enter the library. Selection of books & other media is very good, but most of the time I am online looking for books I want and putting a hold on them, so only go into the library to pick up the held materials when I get notice they are available.
15299	7/10/2012	It seems very well used
15300	7/10/2012	very

15301	7/10/2012	Very well used!
15302	7/10/2012	My library always seems busy and full of people using all the parts of it. It's never been empty when I come in on the weekends or after work.
15303	7/10/2012	Very well.
15304	7/10/2012	Very
15305	7/10/2012	quite well used...
15306	7/10/2012	Very well-used!
15307	7/10/2012	Always appears to be well used
15308	7/10/2012	Albina always seems busy, in all areas of the library.
15309	7/10/2012	It is very well used.
15310	7/10/2012	?
15311	7/10/2012	Well used.
15312	7/10/2012	Seems busy each time I visit
15313	7/10/2012	There are always people in there using computers, reading, browsing, etc... every time I've been in (which varies across the hours/days the library is open).
15314	7/10/2012	very well used, judging by the number of people i see regularly when i drop in.
15315	7/10/2012	Extremely busy and well used.
15316	7/10/2012	It's used more than I care for.
15317	7/10/2012	I believe it is well used
15318	7/10/2012	It seems very well used. Always a wait for computers at Albina. I love it.
15319	7/10/2012	It has been busy every time I have been there. Usually its hard to find a place to sit and read. I take the life, which means I have to wait an hour to be picked up. Usually I have to go the the children's area to find a place to sit and wait.
15320	7/10/2012	Well used, but not excessively busy. I see a good mixture of adults and children every time I visit.
15321	7/10/2012	The library is always full of people of all ages using the library in different ways
15322	7/10/2012	Whenever I go to the library there are at least a dozen or more people using it. Some are on the computers, others are looing for books, audio and video materials to check out, others are sitting and reading. I would say it is a very well used branch.
15323	7/10/2012	Extremely well used, always busy. The Staff take good care of customers, doing [] research, finding requested materials, explaining process and programs and maintaining the shelves. There are a great number of youngsters present at all times, pre-school and above, using the multi-language books and the computers. This is a fine local library, run efficiently and with local loyalties and service to the community.
15324	7/10/2012	Well used. Always busy. Right near a school. The steps are hard for me and the ramp is not much better when returning a books. Wish there was flat access. This is St Johns. I use Kenton when returning books because it is at street level.

15325	7/10/2012	Very well used. Every time I visit there are plenty of people using the library. Most of my visits are to the Kenton branch. My daughter loves the toddler reading hour with librarian Diana. I've been to several Portland library branches for the children's reading hour and Diana's is clearly the most popular. We really appreciate this service, and specifically Diana's applaudable work.
15326	7/10/2012	not very
15327	7/10/2012	Very well used
15328	7/10/2012	it always seems busy
15329	7/10/2012	Belmont is always full of people, on the computers, reading, checking out books & media
15330	7/10/2012	The Central library is very well used.
15331	7/10/2012	Seems to be used regularly.
15332	7/10/2012	It is very busy.
15333	7/10/2012	Very well
15334	7/10/2012	Very... I always see lots of people and activity at the Belmont library, which is where I go most of the time. Computers are often in high demand and there is usually a line at the book/media check out.
15335	7/10/2012	Unknown. I never visit in person, I just use the online resources.
15336	7/10/2012	Very, since I usually use Central.
15337	7/10/2012	Very well used. Often there is a line of people at the door waiting for the library to open.
15338	7/10/2012	It is always busy with people checking out books, using the computers, studying there, etc... no matter the date or time I go in. It is very well used!
15339	7/10/2012	Extremely well used. I went in about ten minutes after opening on Sunday, and it was full of people on computers, browsing books, hanging out in the children's section, picking up held items, and checking out. It is an important hub of activity.
15340	7/10/2012	It seems very popular. It is always full of people browsing books, using computers and attending classes. I bring my daughter to one or two book reading events each week, and they are always pretty full.
15341	7/10/2012	Always a large group of people whenever I take my children to check out books.
15342	7/10/2012	We are constantly using our library. It is an indispensable part of our community here in the Sellwood area. Whenever I go, I find it full of others. When children's programming is scheduled there are people lined up outside the door waiting for the library to open.
15343	7/10/2012	I use the library for work books, videos and pleasure reading...It is unusual for me not to have an item or two checked out...based on that I think the library is well used and an important part of my life
15344	7/10/2012	It is generally well-used. It seems to be used more than other branches I have visited in the past except Midland.
15345	7/10/2012	Very well used (North Portland)
15346	7/10/2012	It seems very busy. Always lots of kids and families when I visit.
15347	7/10/2012	usually very busy.
15348	7/10/2012	Always seems to be quite busy ...

15349	7/10/2012	It seems always to be busy and full of people.
15350	7/10/2012	Just fine, as far as I know.
15351	7/10/2012	Very busy from what I can tell.
15352	7/10/2012	Seems to always be bustling with activity
15353	7/10/2012	There are always a number of people at the library, most computers are in use and the children's section is full.
15354	7/10/2012	It's always very busy when I go in there. I normally don't stay very long, as I'm just there to drop off returns and pick up holds, but every time I go it's practically busier than Starbucks.
15355	7/10/2012	Very, very well used
15356	7/10/2012	It always appears busy.
15357	7/10/2012	Seems to me to be well used.
15358	7/10/2012	Seems pretty well used
15359	7/10/2012	Very!
15360	7/10/2012	Highly used. Always busy.
15361	7/10/2012	Very high traffic
15362	7/10/2012	Both locations seems well-used to me. Hollywood is busier than Hillsdale.
15363	7/10/2012	I live near the Hollywood Library and that's the one I use if I check out a book. However, I work near the main downtown Multnomah County Library and have visited it from time to time.
15364	7/10/2012	I was in there last week and it was busy with a constant stream of people coming in and out.
15365	7/10/2012	Very used
15366	7/10/2012	It's heavy use parking can be a pain..
15367	7/10/2012	It seems busy everytime I'm in there .
15368	7/10/2012	The local library is fairly busy every time I go there. However, the large majority of the users appear to be using the library for computer access.
15369	7/10/2012	Whenever I've been there; there are quite a few patrons; enough to say the library is fairly crowded.
15370	7/10/2012	It is always busy but under-utilized. Many more people need to be using library services.
15371	7/10/2012	The Hollywood Branch usually seems pretty crowded, so I'm guessing it's well used. Same for Gregory Heights.
15372	7/10/2012	By what metric?
15373	7/10/2012	very busy
15374	7/10/2012	Very well used. It's always packed with people.
15375	7/10/2012	It seems to be very busy.
15376	7/10/2012	Very well used. There are always people there and activities are held seemingly every day.
15377	7/10/2012	I think it's well used - it's always busy.
15378	7/10/2012	it is always busy.
15379	7/10/2012	Midland seems to be heavily used. The parking lot (which is too small) is generally full, the computers are always busy, and the self-check out machines almost always have somebody using them.

15380	7/10/2012	Very
15381	7/10/2012	I'm not sure.
15382	7/10/2012	I don't know.
15383	7/10/2012	It's in good shape cosmetically.
15384	7/10/2012	I typically go in after work or on the weekends to pick up books. There are always people on the computers and looking through books, so I would say pretty well used.
15385	7/10/2012	I think my branch is well used. It is always full of people and is a great thing for our neighborhood.
15386	7/10/2012	Every time I visit the library there are people there. At slow times I would guess there might only be 5 people there. At busy times I would guess it's more like 50. It's an important resource in our community.
15387	7/10/2012	I am saddened by the reduction in hours at the library. Our local Hillsdale library is always busy and often I wait to use the computer to look up books or reserve books. My children usually need to wait to use the library computers. The self check out stations are ALWAYS busy and I wait in line to check out books. The librarians and reference staff are helpful and friendly and I would definitely vote to support a levy to maintain and enhance our libraries. I don't mind waiting in lines for use of things at our library; I am glad the library is used by so many people. My family especially enjoys using the educational learning games on the kids computers. We also like the summer reading program and look forward to participating every year! I am an avid user of the hold system and place books on hold for pick up at the library. In fact, I will be going to the library today to pick up a few holds.
15388	7/10/2012	Very well used.
15389	7/10/2012	Very..seems pretty busy every time I'm there.
15390	7/10/2012	VERY
15391	7/10/2012	It's always busy.
15392	7/10/2012	very well used - always busy
15393	7/10/2012	Highly
15394	7/10/2012	Extremely well used.
15395	7/10/2012	Local library is the hollywood branch - very well used.
15396	7/10/2012	very well used. long lines with new clerks that are slow and don't seem to know how the system works.
15397	7/10/2012	There are always a lot of people there.
15398	7/10/2012	seems busy; but i am concerned about the access to inappropriate material on the internet; the library is not the same safe place that it was when i was growing up
15399	7/10/2012	Extremely well used.
15400	7/10/2012	heavily used
15401	7/10/2012	The Capitol Hill Library seems lightly used.
15402	7/10/2012	The library in Hillsdale always looks well populated and loved when I go there, especially on weekday afternoons when I see a lot of students working, doing research, and meeting in small groups.
15403	7/10/2012	Both libraries that I visit are always busy.
15404	7/10/2012	Seems very well used.

15405	7/10/2012	The library is always full when I visit. I go during the day, on weekends and after work.
15406	7/10/2012	Not much by me but seems well used when I've gone there.
15407	7/10/2012	I only use my local library to pick up books I've placed on hold and have been sent over from other libraries. I do not just browse the shelves at the North Portland library.
15408	7/10/2012	Our library is used very often, not only by my family but by the community. Every time we go, the library is full of people. I am a home-schooling mom and so I am always utilizing the library to supplement my children's education. Our family also attends events at the library on a monthly basis.
15409	7/10/2012	Always seems busy.
15410	7/10/2012	Extremely well used.
15411	7/10/2012	very well used
15412	7/10/2012	Always lots of people whenever we go.
15413	7/10/2012	Very well used.
15414	7/10/2012	It's always busy.
15415	7/10/2012	seems to be quite active whenever we're there
15416	7/10/2012	It's a community hub.
15417	7/10/2012	its always pretty busy
15418	7/10/2012	I would say it is very welll used.
15419	7/10/2012	Very busy, all the time.
15420	7/10/2012	Usually busy.
15421	7/10/2012	Very well used, as far as I can tell. There are always people there, we see friends there all the time.
15422	7/10/2012	Very busy.
15423	7/10/2012	Always hopping
15424	7/10/2012	I don't know what this question means
15425	7/10/2012	Very well.
15426	7/10/2012	extremely well used and probably the best library in the counrty
15427	7/10/2012	Very! Always busy with activity and staffed with wonderful knowledgable librarians!
15428	7/10/2012	
15429	7/10/2012	They always seems busy when I'm there (Central during the day on weekdays; Albina on weekday evenings and on weekends)
15430	7/10/2012	very
15431	7/10/2012	Very well used all day
15432	7/10/2012	It seems popular, but the hours are short for someone who works 9-5.
15433	7/10/2012	Well used - always people there.
15434	7/10/2012	very. Although I use the library website frequently.
15435	7/10/2012	Very popular. Usually busy.
15436	7/10/2012	very well used
15437	7/10/2012	Very well used. Hard to get a parking spot.

7

15438	7/10/2012	Seems to be very well used. Always people there when I pick up books I've requested.
15439	7/10/2012	Very well used.
15440	7/10/2012	Pretty well used.
15441	7/10/2012	i always see people in there
15442	7/10/2012	Always busy!

15446	7/10/2012	I think it is very well used. I always see people in there - programs for young ones, people using the computers, and people picking up books. I love my branch of the library (Albina) !!!
15447	7/10/2012	This question is rather vague. Do you want to know if the branch is busy?

15458	7/10/2012	I love my local library, its location and the friendly staff. I use the library as my go-to source for books instead of purchasing them.

15470	7/10/2012	I think that many people in my community benefit from using the library. Most of the people that I know have a library card and visit a library in Multnomah County.
15471	7/10/2012	Not sure what you mean by the question... if you mean how many people use it, it's a small library, and I'm sure your circulation department has numbers. If you mean how well do we use it, I think that our family knows its way around pretty well.
15472	7/10/2012	They seem popular, judging by number of people
15473	7/10/2012	it's usually full. there is generally a queue for the computers and the hold shelves are ALWAYS jam packed.

15489	7/10/2012	Pretty well used
15490	7/10/2012	The library branches always seem busy when I visit. I mostly use the online resources, however, such as the Library2Go.

15506	7/10/2012	It seems pretty busy regularly.
15507	7/10/2012	Very busy with a wide variety of services: computer access; quiet booths for study; programs for toddlers; the use of a large room for other events. Sometimes the library is crowded in various areas. Expanded shelves devoted to reserved books. □ So this is a very well used branch. I myself usually only check out books and other materials, sometimes may ask for research assistance or use the copy machine. Great branch and the expanded space is well used.
15508	7/10/2012	The Hillsdale branch is quite busy during the times we visit (usually weekends and occasionally evenings).
15509	7/10/2012	very well used by many patrons

15517	7/10/2012	TONS! I speak very highly of our library. I check out on average a 1,000 books a year as the kids and I read most nights 3-4 kid books before bed. I use the library LOTS. :)
15518	7/10/2012	Very well used. At Albina, I see people at the computers all the time, students during school hours doing research or after school doing homework, waiting for parents or friends. Story times for babies are always full and weekend programs for kids are usually packed too. The Hollywood Library is also always packed and well utilized.
15519	7/10/2012	Seems to be active use. Keep listening to the 'customers to find ways to stabilize costs, increase revenue sources! The tax well is nearing depletion.

15520	7/10/2012	It always seem s full, the number of book and other material holdss is very well utilized. It is just a good thing to be a part of. It is, perhaps, the single most-loved, most-used sytem in the county. In short, I love it!

15522	7/10/2012	There is often a crowd of seniors, parents with children, youth and adults waiting for the doors to open. Computers are always in use. I'd say the library is very well used.
15523	7/10/2012	Constantly crowded.
15524	7/10/2012	well
15525	7/10/2012	Very well used. Woodstock is a popular location. I have to say, I ran up a ton of fees because the staff made some errors on clocking materials back in and I ended up bagging my library card for awhile. I am now back into it but there will be hell to pay if that happens again.
15526	7/10/2012	lots of people coming and going; many moms and young kids; much computer use
15527	7/10/2012	I use it weekly.....and ENJOY spending time...reading books and using the computer in my local library

15535	7/10/2012	It seems to be well used whenever I am there. It is not uncommon for a line to form to check items out.
15536	7/10/2012	The library seems to be very busy. It's right by a bus line, which make it accessible[] for patrons. It always seems quite busy.[]
15537	7/10/2012	Both of my college attendee kids[] Use the library for resource materials and a convenient place to study between classes.
15538	7/10/2012	Very busy.

15540	7/10/2012	seems well attended
15541	7/10/2012	Extremely. Always a lot of people, many programs, generally a line at the door on weekends before they open.
15542	7/10/2012	Heavily used
15543	7/10/2012	I do not go to the library every day, but I do go more than once a week. It is always busy, and I love the library. Are there tax benefits for donating to the library? Is there a way to designate tax money to the library?

15544	7/10/2012	Very well used, I often find that books I would like are on hold.
15545	7/10/2012	They do the best they can.
15546	7/10/2012	Belmont is very well used, Woodstock is well used.
15547	7/10/2012	I use them on a regular basis, usually a couple times a week. All of the libraries I go to are always full of people checking out books and using the computers.
15548	7/10/2012	The Albina branch, which I go to most often, is usually very busy and seems to attract all ages. It is located in a shopping center so people seem to come in before or after shopping. I personally do not use many of the programs offered as I have not found any that would be appropriate for me.
15549	7/10/2012	Busy
15550	7/10/2012	It's always very busy. We have a lot of children in the area and there are always children and family members around, especially during the summer. Folks really depend on the library being there and open. Whenever I've been by just before opening it seems like there are people waiting for the doors to open.
15551	7/10/2012	Well used!
15552	7/10/2012	The library is always busy and the computers full.
15553	7/10/2012	Always busy!
15554	7/10/2012	It is always very busy.
15555	7/10/2012	The library often seems crowded.
15556	7/10/2012	Busy all the time.
15557	7/10/2012	quite well. It is busy, and the staff if friendly and helpful.
15558	7/10/2012	Very well used! There are always lots of people using the computers and checking out books. It's one of the few true community gathering places that is free to the public and promotes education.
15559	7/10/2012	Very well.
15560	7/10/2012	Many people use my library. Young, old, and in between. Lots of good people at the library.
15561	7/10/2012	Very!! Holgate is always busy, and I'm there a lot.
15562	7/10/2012	Very well used, in my experience.
15563	7/10/2012	Very well used!
15564	7/10/2012	It is always extremely busy.
15565	7/10/2012	I'd say it's very well used.
15566	7/10/2012	Usually a lot of people there doing a variety of activities.
15567	7/10/2012	Very. There is often a line waiting for it to open and the computers are popular. Many families bring children for reading times and activities.
15568	7/10/2012	It's usually quite busy. Lots of people on computers and kids everywhere.
15569	7/10/2012	When I visit, I see many patrons using the services; many on the computers. I've also seen patrons getting information about e-books.
15570	7/10/2012	Well used my kids loves going to the library. Wish it open longer.
15571	7/10/2012	All the libraries I frequent are vibrant and bustling.

15572	7/10/2012	Very
15573	7/10/2012	very well used--esp. by kids/families
15574	7/10/2012	Every time I have been in either a branch library or the Central Library the buildings have been teeming with patrons. The library staffs always seem busy. Kids are being read to, the public computer stations are full, the meetings rooms are in use.
15575	7/10/2012	It is always busy when we are there. I would also like to note that we visit more than once a week but not every day. We probably go two or three times a week.
15576	7/10/2012	quite a bit
15577	7/10/2012	Very
15578	7/10/2012	Holgate library is always packed! Sometimes I can't find a parking space and if I need the computer, I always have a long wait.
15579	7/10/2012	It's always busy. It's very well used. All of the Multnomah County Libraries are.
15580	7/10/2012	Very well used, especially on Tuesday and Wednesday evenings when it's open later.
15581	7/10/2012	I think it's used well by parents and, at least gregory heights, by the vietnamese community but not very much by the average white folk without kids. I tell them all and they're like oh I haven't been to the library since college/high school.
15582	7/10/2012	Very busy all the time....
15583	7/10/2012	Very - it's always busy.
15584	7/10/2012	It appears to be very well used, especially by younger people. Computer stations are full almost every time I go there.
15585	7/10/2012	Very!
15586	7/10/2012	It is busy every time I am there
15587	7/10/2012	Extremely.
15588	7/10/2012	It always seems busy.
15589	7/10/2012	Extremely well used. I wish MCL could expand the Belmont branch or build a much larger branch in a new location.
15590	7/10/2012	Very! We attend toddler story time almost weekly and it is usually quite full. My daughter and I also walk to the library almost weekly to check out books and it is always humming with activity. I love how it is a vibrant slice of our community.
15591	7/10/2012	Very well used
15592	7/10/2012	It is always busy.
15593	7/10/2012	very busy. Every time I go there are lots of people there.
15594	7/10/2012	Not sure
15595	7/10/2012	Gresham and Central are likely two of the most used libraries in the county. I use Gresham the most at about three times per week.
15596	7/10/2012	Very, very busy.
15597	7/10/2012	very

15598	7/10/2012	Very well used.
15599	7/10/2012	Well-used, a vital community resource
15600	7/10/2012	very well used
15601	7/10/2012	I moved here from Tigard and the Capitol Hill library isn't nearly as busy as Tigard. Although a lot of kids from Capitol Hill School go to the library right after school.
15602	7/10/2012	very well used. Even on beautiful afternoons/weekends, there are people there though not as many as on a gray wet day.
15603	7/10/2012	very
15604	7/10/2012	It appears to be busy when I visit the library.
15605	7/10/2012	VERY well used a cornerstone of the neighborhood.[]
15606	7/10/2012	[] People line up before it opens!
15607	7/10/2012	reasonably well
15608	7/10/2012	They have sstrong followings - lines at the door on weekends
15609	7/10/2012	Very well used, busy with families, retired folks, youth, every type of community member using the facility.
15610	7/10/2012	always busy.
15611	7/10/2012	our library is busy in all sections every time we visit.
15612	7/9/2012	MCL is the 2nd busiest in the nation overall. Albina's computers are fully utilized when I'm there, the hold shelf is bursting with titles to be picked up and staff are always busy with patrons.
15613	7/9/2012	It is quite busy - I especially like that I can reserve titles, pop in and pick up my stuff. Also my children are avid readers at ages 3 and 5 - they love the literacy programs on the computers as well as story time not to mention paging through books reading and chossing titles to take home
15614	7/9/2012	There are people ligned up everday, i can see even from the outside that the library is a downtown community hub
15615	7/9/2012	Albina needs to be expanded, or relocated to a larger square foot site if Whole Paycheck is the problem. That's how well my local library is used!
15616	7/9/2012	Very. Always crowded.
15617	7/9/2012	Very!
15618	7/9/2012	Central Library is very busy. There are always people waiting to get in before it opens and many seats are taken in the various rooms whenever I visit.
15619	7/9/2012	Well
15620	7/9/2012	It seems very busy with local citizens taking advantage of many services.
15621	7/9/2012	Belmont is very busy

15622	7/9/2012	VERY well used. I've never been in and seen it empty. I also know that number of bodies in the building does not necessarily equate with "well used" as a number of patrons access strictly online. I frequently see holds for items I am interested in borrowing and the group activities are always well attended (no matter what branch).
15623	7/9/2012	Always busy with enthusiastic clients. It is a true public meeting house/forum. I believe the library represents the best of our community spirit.
15624	7/9/2012	Busy
15625	7/9/2012	Constantly used.
15626	7/9/2012	Not so busy that it's inconvenient to visit the library at any given time, but busy enough to feel like either branch is a vital hub for their respective communities.
15627	7/9/2012	Very well used! Whenever I go there, the place seems full of people of a wide diversity of ages and ethnicities.
15628	7/9/2012	Very well used. I occasionally go to the Albina and North Portland branches, but usually Hollywood because it's so close to the Hollywood Senior Center to which I belong.
15629	7/9/2012	Usually, all the computer terminals are full and normally, I wait patiently in a short line to check out my books. When I read a review for a new book, the library already has a reserve waiting list. It is rare that a new book is freely available on the shelves. I am constantly amazed at how many books are on reserve and awaiting their patrons at the library. Thank goodness we can reserve books! Otherwise life would be impossible at the library!
15630	7/9/2012	Fabulously by our citizenry
15631	7/9/2012	It always seems to be busy.
15632	7/9/2012	Very well used
15633	7/9/2012	it always has many people inside - and on days when I get there before opening hour - there are people waiting outside to get in
15634	7/9/2012	Central, Hollywood, and Belmont look quite busy whenever I am there.
15635	7/9/2012	I select the less probable intended meaning of an ambiguous question: <p>The library is very well used by the people who use it for reading and research, but not so well used for other purposes. A "library" is by definition a collection of "books", a repository for such collections and a facility providing access to books. It is not a center for "programs" other than programs related to a library's functions. Sources of other media at little or nearly no cost are pervasive and cheap. There's no need for "library" money to be spent on housing and distributing such media. If it's deemed wise for the public to bear the cost of maintaining such media and the means to access for those for whom access by their own means is impracticable. we should do it. And if unrelated services are deemed to be a proper public responsibility, then we should provides. But such a services have nothing to do with libraries and the costs of providing them should not be attributed to libraries.</p>
15636	7/9/2012	Very busy

		Northwest Branch seems to be busy when I stop by to pick up a book I have placed on HOLD. I used to pick up my books at the Main Library but switched to the Northwest Library because I can usually find free parking. I almost always return my books to the Main Branch drive -by box because I live closer to it. I used to walk to the Main Branch on occasion.[]
15637	7/9/2012	<p>[]</p> <p>I am distressed that the Main Branch is closed on Monday. I think at least one branch ought to be open on Monday. It is the largest and has more services, PCs, etc.[]</p> <p>[]</p> <p>I was blind-sided by the plan to close the libraries on Monday even though the continuation levy passed. Maybe I didn't follow it closely enough because I had already decided to vote for the levy continuation.</p>
15638	7/9/2012	Very well used. We enjoy going there to look at and check out books, as well as periodic events for our 3 year old.
15639	7/9/2012	Very!
15640	7/9/2012	Very
15641	7/9/2012	hard to say
15642	7/9/2012	Exceptionally well-used by the homeless and transient population, apparently. I WILL NOT go to the restroom in Central Library for health and safety reasons. I will not spend any time in the library either as the ambiance is unattractive.
15643	7/9/2012	Very well used
15644	7/9/2012	Very well used.
15645	7/9/2012	I would say that it is very well used
15646	7/9/2012	very well used
15647	7/9/2012	it's always busy when i'm in there.
15648	7/9/2012	I don't know.
15649	7/9/2012	Very. Always lots of people there when I go in.
15650	7/9/2012	both libraries near us are very well-used it appears to be actively used - i enjoy going there from time to time on weekends to read magazines or just sit quietly and read or write in my journal...[]
15651	7/9/2012	<p>[]</p> <p>the resource librarians are excellent and so kind and helpful</p>
15652	7/9/2012	My local library is small but frequently used.
15653	7/9/2012	VERY well - I speak as a patron and a volunteer there.
15654	7/9/2012	there is always a wait to use computers at Rockwood.
15655	7/9/2012	There is always a line waiting for it to open and I have never seen it empty.
15656	7/9/2012	Very well- always lots of people and activity.
15657	7/9/2012	I mostly use central while on the way somewhere, and it usually seems quite busy

15658	7/9/2012	Very well used! This is an especially important local resource for the kids in the neighborhood.
15659	7/9/2012	We always see several people in the library at Belmont.
15660	7/9/2012	seems good, I'd always like to see more folks there, reading,etc
15661	7/9/2012	very well used, usually many visitors
15662	7/9/2012	Extremely crowded throughout the day.
15663	7/9/2012	Very well used. Always seems busy--people waiting to talk with library staff/ask them questions.
15664	7/9/2012	They both seem busy every time I go in. Rarely is something I ever want on the shelves.
15665	7/9/2012	I hardly ever use my local library. I live near Parkrose High School, but I use Hollywood Library (because I am familiar with this library) or Albina (because I grew up near Ablina Library and I take summer school classes at PCC Cascade). Both of these locations are well used and have supportive and helpful staff.
15666	7/9/2012	I always see lots of people everytime I visit. A large amount of ethnic users as well as native English speakers. If I happen to arrive just before the library opens for the day, usually there are many people waiting for the doors to be unlocked.
15667	7/9/2012	Very
15668	7/9/2012	very - always a bustling place when I'm there
15669	7/9/2012	It always looks busy. Lots of people reading and checking out books. But a portion of that also seems to be derelicts who have no where else to go.
15670	7/9/2012	It's always busy, but it seems to be used by the same small population of people--marketing should be directed at people who aren't using it!
15671	7/9/2012	very well used
15672	7/9/2012	I believe the North Portland library is very well used. It is an important resource for students attending Jefferson High School also.
15673	7/9/2012	It is very well used. Always busy.
15674	7/9/2012	That is a strangely phrased question. There are always lots of people there when I go, if that is what you mean, and everyone I know in the neighborhood (mostly parents of young children) uses it frequently.
15675	7/9/2012	Very well used.
15676	7/9/2012	Seems pretty active whenever I go in
15677	7/9/2012	Always seems busy when I go. Lots of kids at the library near my home.
15678	7/9/2012	It's extremely busy; Belmont is so crowded it needs to be larger!
15679	7/9/2012	Very well used
15680	7/9/2012	Very well used.
15681	7/9/2012	Very. It's busy at Central all through the day.
15682	7/9/2012	very heavily used
15683	7/9/2012	very well.
15684	7/9/2012	It's constantly packed, even though it's small. (Belmont)

15685	7/9/2012	A judgement question! I see both Hollywood and Northwest as busy, well used libraries.
15686	7/9/2012	My local library is the Central branch, which is of course very well used. It is a great place to visit. I've used several other branches and always find them active and busy.
15687	7/9/2012	My main library is Hillsdale, with periodic use of Capitol Hill and the Central Library. Hillsdale is well used.
15688	7/9/2012	Very
15689	7/9/2012	The parking lot is usually full.
15690	7/9/2012	I'm not sure what this is referring to.
15691	7/9/2012	Very
15692	7/9/2012	Very well used!
15693	7/9/2012	well used
15694	7/9/2012	VERY well used.
15695	7/9/2012	I think it is very well used,both by the community and myself.
15696	7/9/2012	To me it seems as if there are always a number of people and it is ofter rather full.
15697	7/9/2012	It is a well used center of our community life... Portland would simply not be the hyper-literate city it is without the library!
15698	7/9/2012	Our family uses the local library very much, traveling there to pick up holds roughly twice a week, depending. It seems to always be well used, with many people at the library all the time.
15699	7/9/2012	This question is poorly worded, and therefore impossible to answer.
15700	7/9/2012	It's almost always busy.
15701	7/9/2012	It seems like there are always plenty of people there when I go.
15702	7/9/2012	Very used! Lots of people there.
15703	7/9/2012	It is VERY busy all the time! We used it much more when the kids were younger and as they transition into young adults we are going back more often now as well.
15704	7/9/2012	I think that the libraries I go to are well attended and play an important role is helping all of the citizens but especially the kids in the local areas.
15705	7/9/2012	Very well used. It always has a lot of visitors when we go.
15706	7/9/2012	Very well used & accessed by everyone in my family.
15707	7/9/2012	very well used.
15708	7/9/2012	Very well used, great asset to the community, invaluable really
15709	7/8/2012	They seem to be very well used - always plenty of people there!
15710	7/8/2012	Seems very well used.
15711	7/8/2012	very
15712	7/8/2012	Fairly
15713	7/8/2012	Very! I see evidence of this every day. The check out area is always busy, the fiction room is filled with people getting help, holds, and materials. Computers are always in use.

15714	7/8/2012	Very! Hollywood is my main branch and the last I heard it had the largest (busiest?) circulation in the country: wow!
15715	7/8/2012	My local library is extremely busy with browsers, people picking up holds and lots of storytime families!
15716	7/8/2012	Quite well used.
15717	7/8/2012	very well used. we often see many people from all economic classes and situations checking out books, using computers, accessing resource material and participating in programs
15718	7/8/2012	Very well used.
15719	7/8/2012	There are always many patrons of all ages in the Sellwood library. Often, but not always, there is a wait for using a computer for internet access.
15720	7/8/2012	well used Very popular with all ages, but if there were more quiet reading spaces it would be better. ☐
15721	7/8/2012	I understand the need for computer facilities, but think they should be more separate from the browsing and reading areas instead of seeming to dominate the library space.
15722	7/8/2012	seems very busy when I am there
15723	7/8/2012	Albina library is always happily busy! It seems to be one of the few safe,productive places for teens to hang out, and there are always plenty of young families.
15724	7/8/2012	Seems to be busy most of the time.
15725	7/8/2012	very
15726	7/8/2012	Very well - there are always individuals and families both sitting in the library and going in and out.
15727	7/8/2012	Very well-used, as far as I can tell. There are always people browsing, using computers, and talking with the staff.
15728	7/8/2012	from when I am in the Central it varies during each day the number of people present.
15729	7/8/2012	Very well used!
15730	7/8/2012	It's extremely busy. Always a lot of people inside with the parking lot filled. Public omputers are always in use and staff are continually occupied with assisting library users with great service.
15731	7/8/2012	There are times when it is quite busy and times when it is less busy.
15732	7/8/2012	Very well used. There are always many visitors there when I go to the library. I've attended a few helpful seminars at my local library. I LOVE my local library!
15733	7/8/2012	Very well used - busy most of the times I'm in there.
15734	7/8/2012	Vigorously, extremely, crowded-ly!
15735	7/8/2012	Very well-used. Always bustling with activity.
15736	7/8/2012	Very well used
15737	7/8/2012	Very well used. There always seem to be quite a few people there.
15738	7/8/2012	It's always a busy and bustling place!
15739	7/8/2012	Almost always full of people

15740	7/8/2012	I don't know what I'd do without MCL. I literally feel like the library is part of my family. The materials I check out, the programs that I attend and the social connections that I make when visiting are all part of a truly enriching experience. I firmly believe that Portland is as desirable a city as it is because of MCL. It needs stable funding and it needs it now--for the sake of all citizens.
15741	7/8/2012	Very well
15742	7/8/2012	Very well used.
15743	7/8/2012	I have never been there when there is no crowd. I used to go to the library weekly, now I go less often. I have never seen an empty library in Portland
15744	7/8/2012	Very well used indeed. It remains a great asset to the city and to individual neighborhoods as well. I've been going to the library since I was a small child and we used to visit the Central branch weekly, first with my mother and then with my school. This was in the 1960's and to think of the possibility of them going away is very disturbing if not downright scary.
15745	7/8/2012	how would i know? how much? how well users behave? or what do you mean?
15746	7/8/2012	Well used...before the automated checkout stations, I had to often wait in line to check out materials.
15747	7/8/2012	It is in constant use, well known and well used.
15748	7/8/2012	Well used!
15749	7/8/2012	Very well-used
15750	7/8/2012	Gresham library is always full of patrons whenever I go there as is the Rockwood library, Holgate and woodstock.
15751	7/8/2012	Extremely well-used.
15752	7/8/2012	It's wonderfully busy.
15753	7/8/2012	Incredibly.
15754	7/8/2012	It is busy every time I am in there.
15755	7/8/2012	Very well used. Always lots of adults and kids there when I visit.
15756	7/8/2012	Its a great library. I might not check books out all the time but I do go in at least once a month. I always look for knitting books to check out. There are always people checking out books or using the computers. It might not got the same traffic as down in Sellwood or the main branch but it is a welcome place to go in this neighborhood. Especially since there isn't much else in St. John's except for a small bookstore, in this economic times, it is cheaper and more welcoming to go to the library up here.
15757	7/8/2012	It's used very well lots of people in it.
15758	7/8/2012	Very well used.
15759	7/8/2012	I think that our local library is very well used. There are always families reading to their children, kids working on puzzles, adults and teens at the computers, and people reading in little nooks. It's a very small library, but it always feels active.

15760	7/8/2012	The computers are always busy, books are always on hold and it's busy.
15761	7/8/2012	Very!
15762	7/8/2012	I'm not really sure what this means. When I go to the branches, my sense is that the library is used at a comfortable level. There are people using the computers, the checkout stations, reading the bulletin boards, looking at newspaper at the tables, going to events, but there aren't long lines for anything. I think they're used at the right level.
15763	7/8/2012	This library is always busy. I'm in there often, myself. I checked weekly, but sometimes more....
15764	7/8/2012	Very well used by most people I know.
15765	7/8/2012	It never seems to be quiet. There is always something going on. I love it that it is used so much.
15766	7/8/2012	VERY!!!!
15767	7/8/2012	fairly well used? Compared to what?
15768	7/8/2012	very
15769	7/8/2012	very well used
15770	7/7/2012	always seems really busy
15771	7/7/2012	Very well used.
15772	7/7/2012	one of the busiest in the entire country
15773	7/7/2012	VERY! There's always a crowd at the Woodstock or Sellwood Libraries.
15774	7/7/2012	Really, really well. I have almost always have at least a 10 minute wait for a computer. The crowd in front of the staff picks and lucky day books are usuually 2 deep. Sometimes a basic catalogue computer is not always available. There is tutors there working with shcool age and college students almost every time I am there. The children's section is usually packe with families including siblings doubling up on children computers so other families have access also. The hold shelks sem to be almost half of the library.
15775	7/7/2012	Very
15776	7/7/2012	Very well used.
15777	7/7/2012	very well used. there is always a wait for compters
15778	7/7/2012	Not sure (live far out in SE but work downtown so I use Central)
15779	7/7/2012	well used.
15780	7/7/2012	It is very popular, many families rely on the events for their young children and the summer reading program!! It keeps kids busy and more intellectually driven to succeed when going back to school.
15781	7/7/2012	Very well used, especially for a small branch.
15782	7/7/2012	Very well used.
15783	7/7/2012	My local library is great! I love being able to find any book I need. It seems that all of the computers are in use every time I go. I love being able to request books and go pick them up. The selection is always great and, while new books are often hard to come by, slightly older books are always in abundance. The self-checkout stations are helpful so I don't have to disturb the busy library staff to check out.

15784	7/7/2012	very busy
15785	7/7/2012	I think it is well used; it seems that the check-out traffic would be one point of evidence, as well as logins to the public computers.
15786	7/7/2012	It is always super busy from the minute they open to closing!!!!
15787	7/7/2012	Kenton branch seems pretty popular.
15788	7/7/2012	Very well used. There is always a good number of people in there everyday.
15789	7/7/2012	Holgate and Central are both very busy. It seems that the Holgate collection probably isn't really large enough for all those who I see browsing there.
15790	7/7/2012	When I am there, it is never lonely. Tutoring is often going on in the small rooms, children are in and about and happy (a delight to see), librarians super helpful, knowledgeable and insightful, computer terminals are busy and periodicals are being read.
15791	7/7/2012	Full story times, families with small children in and out several times a week, a large number of patrons who return weekly for computer use. Belmont is always busy; patrons line up before the doors open and are there up until closing time.
15792	7/7/2012	I have never seen it (Kenton) with less than other 5 patrons, even when I'm there just before closing.
15793	7/7/2012	I would say it is very well used: it's usually pretty busy but not so crazy that it's crowded beyond enjoyment. It's a pretty small branch, so I definitely frequent others, too, to find more book options, as well as media and audio books.
15794	7/7/2012	Always busy.
15795	7/7/2012	We are a family of seven and most days one of heads to the library to check out books. Some of my kids study at the library. We consult with the reference librarians and more. Our usual library, Gregory Heights is always full and busy.
15796	7/7/2012	Very.....
15797	7/7/2012	It seems like it is always pretty full of all kinds of people.
15798	7/7/2012	Very
15799	7/7/2012	We live in inner-Southeast Portland (S.E. 49th Avenue, near Powell). We are equidistant to Holgate AND Woodstock Libraries. Woodstock is the library we frequent most often, for reserves and general browsing. However, our teenage son has attended Summer Reading Program and other events at the North Portland, Hollywood and Holgate Libraries. He is currently volunteering at the Holgate Library. From our experience (and we are faithful library patrons), it seems as if North Portland, Holgate and Woodstock Libraries are always hopping. Holgate is exceptionally busy insofar as young patrons (children and teenagers) are concerned. There seems to be a lot of use of computers because, in a difficult economy, internet access is often something that is first to go, although it remains extremely important in order to job-hunt and be an informed citizen.
15800	7/7/2012	The Albina branch is always busy -- children's programs, job seekers, community artists and writers meeting in small groups, families browsing the stacks.... I love seeing how well used our branch is!
15801	7/7/2012	It is always busy

15802	7/7/2012	Well used indeed!
15803	7/7/2012	There are always people using the library and waiting outside for it to open.
15804	7/7/2012	Over used
15805	7/7/2012	Are you kidding? It's the Hollywood branch!
15806	7/7/2012	moderately
15807	7/7/2012	Very well. Every time I go in there are mothers and children exploring the youth books, lines for the computers, and people just browsing. It always feels like a positive and community-oriented space
15808	7/7/2012	There seems to be a lot of people there every time I go, including quite a few regulars.
15809	7/7/2012	Very Well!
15810	7/7/2012	Very well used by a very diverse group of community members.
15811	7/7/2012	The Belmont library is always full
15812	7/7/2012	very Really I think it's probably over used I work a late shift so I'm usually there in the mornings before work and you should see how many people are there waiting for the place to open. Its madness sometimes there are so many people waiting you cant even get through on the sidewalks
15813	7/7/2012	
15814	7/7/2012	Very well
15815	7/7/2012	The library I use most often is Midland, and it's always packed!
15816	7/7/2012	extremely. Always busy when I am there. The self service stations help reduce the checkout lines. I often need to wait to talk to reference staff with my questions. Meeting rooms fill upnquicklyvfor special programs and if I don't get there early to get admittance ticket or a seat, I lose out. Children get very disappointed when this happens.
15817	7/7/2012	
15818	7/7/2012	Very well used, always busy. It is well maintained but I would prefer longer hours daily.
15819	7/7/2012	Very well used. It is the Hollywood branch and it is packed all the time.
15820	7/7/2012	It is always packed, never empty, rarely even just "full"
15821	7/7/2012	very well. there are always people waiting outside in the morning before it opens.
15822	7/7/2012	It seems very busy on a daily basis.
15823	7/7/2012	very well- always busy
15824	7/7/2012	It generally seems very busy.
15825	7/7/2012	Always full of people - very popular. I see kids there often. Computers always in full use.
15826	7/7/2012	very used
15827	7/7/2012	lots of people, lots of activity, sometimes too much noise and distraction
15828	7/7/2012	It always buzzing with people from toddlers to senior citizens. It's a very important part of our community.
15829	7/7/2012	Hillsdale appears to be heavily used.
15830	7/7/2012	very well used
15831	7/7/2012	Very! Although not so much by me. : /

15832	7/7/2012	Holgate - well used by all races[] []
15833	7/7/2012	Hollywood - well used by mostly white race
15834	7/7/2012	Extensive use!! very!
15835	7/7/2012	Northwest is so undersized for the number of people using it. Hillsdale and Central are also extremely heavily used, but more appropriately sized.
15836	7/7/2012	VERY well used. Constantly busy, almost to the point of having to arrive early to get a seat or use a computer. I live in a lower-income neighborhood, and the children rely almost 100% on the Midland Branch for their computer usage and checking out books to keep them entertained during summers that can be boring for families with little money. The unemployed in our neighborhood visit to use the computers for job searches.
15837	7/7/2012	It is very busy with all ages and many different types of use.
15838	7/7/2012	It's great. A great resource!
15839	7/7/2012	always busy
15840	7/7/2012	It appears well used by both students and local residents--that includes some PCC students. The central library is also well used.
15841	7/7/2012	Very well used
15842	7/7/2012	Woodstock is always busy when I'm there. On the occasions that I'm early, there's always a cluster of folks waiting for the doors to open.
15843	7/7/2012	Very. Huge turnover, lots of holds. It was incredibly busy this morning.
15844	7/7/2012	very well used
15845	7/7/2012	I go to the library every other week or so to pick up holds. The library is busy in all areas; special programs, computer use, librarians helping with reference questions, library clerks showing people the check out system.
15846	7/7/2012	Very well used; a community resource and an oasis of knowledge!
15847	7/7/2012	INCREDIBLY WELL-USED!
15848	7/7/2012	Seems to always busy-
15849	7/7/2012	I am usually only there to pickup holds and drop off materials. Always seems busy though.
15850	7/7/2012	Very! It's always packed.
15851	7/7/2012	The central library is always busy. I love going there with my son. I also visit to check books out in the Spanish section to take to my Spanish preschool. The Northwest branch is also busy all the time, and a place we frequently go to.
15852	7/7/2012	very. I work in Kenton, the library is always full. Often people are waiting to get in on days that it opens late
15853	7/7/2012	very
15854	7/7/2012	Very well used

15855	7/7/2012	Overused
15856	7/7/2012	Very well used. A critical component in the culture of Sellwood-Moreland.
15857	7/7/2012	it is always busy when i am there.
15858	7/7/2012	It is always busy with lots of library users - on computers and perusing the aisles as well as a busy room for toddler sing-alongs.
15859	7/7/2012	I believe that my library is used very well.
15860	7/7/2012	Very much.
15861	7/7/2012	It's always bustling!
15862	7/7/2012	pretty busy
15863	7/7/2012	Quite. Every time I'm there the joint is packed.
15864	7/7/2012	It always has people lined up at opening time and requires the librarians to remind people they have closed at closing time. No matter what time of day I go in, the computers are in use and at least one person is checking out at the self checkout. As well I often find 2 or more librarians actively assisting patrons on the floor during my visits.
15865	7/7/2012	Very well used!
15866	7/7/2012	Woodstock is my local library. It seems to have a constant flow of people in and out of it.
15867	7/7/2012	very popular, always busy
15868	7/7/2012	the place is packed, especially now that you have cut hours
15869	7/7/2012	Very well used. By myself, my family, my neighbors, my daughter's preschool. It is a hub in our community!!
15870	7/7/2012	It is constantly PACKED!
15871	7/7/2012	Very well used
15872	7/7/2012	always busy
15873	7/7/2012	Very! Usually busy.
15874	7/6/2012	Very well used, if the parking lot is any indication! I can never find a place to park in the garage, and the library is always humming with patrons using the library for all sorts of purposes.
15875	7/6/2012	It's always very busy, and everyone is always helpful.
15876	7/6/2012	I have used the meeting room and check or hold and pick up book often
15877	7/6/2012	The Central Branch is always busy but is also surprisingly organize and clean for the amount of people I see. Some of the books I checked out - which is primarily fiction, poetry and graphic novels - are very well used, dirty and beaten up but never unreadable and these have usually been soft cover editions and hardcovers more than 15 years old.
15878	7/6/2012	Very! It is always packed and there are people of all ages coming in and going out regularly
15879	7/6/2012	Very. We see plenty of activity there daily by all ages and backgrounds.
15880	7/6/2012	Very well used. Nearly always packed.
15881	7/6/2012	Pretty well used.
15882	7/6/2012	The library is busy whenever I visit

15883	7/6/2012	Very busy most of the time.
15884	7/6/2012	The Hillsdale Branch is almost always bustling with folks from the community. It's wonderfully located and gets a lot of traffic from families with small children, school age and high school kids, as well as adults. Going to the library and then the park across the street is one of my daughter's favorite outings! (She's four.)
15885	7/6/2012	It is an easy to access neighborhood resource. The building is right on a major bus stop, has plenty of parking, and places to lock up our bikes.¶ It seems to be very busy each day, especially with reduced hours now. My Spanish, Asian, and Russian speaking neighbors are frequent users as well. The staff seem trained to accomodate their needs.
15886	7/6/2012	Very well used. High circulation; always a busy place.
15887	7/6/2012	These a usually well attended
15888	7/6/2012	Quite well used. Always full-ish when I go in!!
15889	7/6/2012	so well loved (aka used) it warms my heart to see people who love their library as much as i do! but it is kept clean and tidy. the people who work at the hollywood library are awesome!
15890	7/6/2012	Staff at Central are extraordinary. They bend over backward to help you. Your books are up-to-date. The re-stacking is done in a timely way. The library staff can find the answer to any question you'd ever think of asking. And that Carolyn Garcia is the best thing that ever happened to the Children's Library. Thank you for letting her use her considerable talents in the place where she can shine.
15891	7/6/2012	Always busy
15892	7/6/2012	Midlands and Troutdale both are always busy--especially for computer access.
15893	7/6/2012	Always seems very busy.
15894	7/6/2012	Very well used, it is a haven and a wonderful place.
15895	7/6/2012	Seems like kids programs, computer services and holds are the most used aspects of the library. Reference desk is also used heavily, but some of that seems unsuited to a library. Dmv now uses a triage system, could volunteers be used to help direct patrons to appropriate resources?
15896	7/6/2012	Kenton is our primary library and it seems very well-used -- never empty and a good turn-over in the books on the shelves.
15897	7/6/2012	The computers are always in use. The parking lot is usually full.
15898	7/6/2012	Very much used.
15899	7/6/2012	seems to be well used! not sure!
15900	7/6/2012	Lots of folks are in the library no matter what time of day me and my children stop by.
15901	7/6/2012	Busting at the seams!
15902	7/6/2012	Always busy
15903	7/6/2012	Always extremely busy!
15904	7/6/2012	I think that the librarys in the East county are used a lot. We really appreciate having the Troutdale Library,

15905	7/6/2012	One of the busiest libraries in the County. It's always busy. I've never gone in there and not had to wait for at least one person ahead of me to check out their books. It's not slow or bad service, it's just a popular branch. Since Belmont's not that big, I feel like it sees a lot of traffic, but maybe
15906	7/6/2012	not a lot of people hang out there for long periods of time. I don't know, I really only put stuff on hold online and then pick it up at Belmont because it's the closest branch to my house. I find the different locations delivery/pick-up system to be the best thing about the library system here. Well, and the reminders that my materials are due soon.
15907	7/6/2012	Around 500 patrons daily
15908	7/6/2012	Very! It is always packed and not nearly big enough.
15909	7/6/2012	Very well used
15910	7/6/2012	Very well used.
15911	7/6/2012	Very well.
15912	7/6/2012	Extremely well used.
15913	7/6/2012	My local library is very useful - with all the cut going on, I really missed the old time. Our library is one of our tools to learn. Do you mean: how busy? I use the Troutdale branch the most and it is always busy. I really like the LUCKY DAY selections.
15914	7/6/2012	I browse those weekly (in addition to routinely having several selections pending ON HOLD). I also often grab BRING 'EM BACK paperbacks for my wife.
15915	7/6/2012	well
15916	7/6/2012	Seems to be pretty busy whenever I visit.
15917	7/6/2012	All of the libraries that I go to (Rockwood, Midland, and Gresham) are always well-used.
15918	7/6/2012	Holgate generally seems pretty hoppin'
15919	7/6/2012	VERY
15920	7/6/2012	The brances we use appear to be well-attended, and we find them to be active, fulfilling environments for ourselves and our young children.
15921	7/6/2012	It always seems busy!
15922	7/6/2012	Very! It is a very active space and quite often I must wait in line (though not a long wait generally) to speak to staff or self-checkout.
15923	7/6/2012	very well used
15924	7/6/2012	Very well used/always busy
15925	7/6/2012	There really are very few books at the Belmont branch. We only use it to pick up items sent there from other branches.
15926	7/6/2012	It is always busy
15927	7/6/2012	very
15928	7/6/2012	Very well!
15929	7/6/2012	Very frequently
15930	7/6/2012	it's always busy when I go there. Packed!

15931	7/6/2012	Very Busy!
15932	7/6/2012	Very
15933	7/6/2012	It seems that they are both busy every time I visit, whether it is people checking out books, children in the children's library area, or people waiting for a computer.
15934	7/6/2012	Good crowd, activities, meeting room is often used. People there from opening to close. Sad about the new hours which limit my visits to three days a week (since I cannot go 8-5). Miss that 6pm close.
15935	7/6/2012	My local library is always buzzing. Sometimes it's hard to walk down the aisles because it's a small branch and there are a lot of people in there. I don't use the computers, but I notice that the screen with wait times shows that if there were more computers they would be used. When I go by the library just before it opens, there is always a group outside waiting to get in. In other words, my library gets used a lot.
15936	7/6/2012	It's overflowing using. There aren't even enough spaces to sit and read. People love it in our community!
15937	7/6/2012	quite extensively!
15938	7/6/2012	The computers are always full and lots of activities going on.
15939	7/6/2012	Extremely
15940	7/6/2012	it's always busy
15941	7/6/2012	The Gregory Heights branch is very well used, and the Holgate branch is a totally indispensable community space in the neighborhood where I work.
15942	7/6/2012	there is ALWAYS a hustle bustle going on☺
15943	7/6/2012	The parking lot at Midland (the branch I visit most) always looks busy when I drive by. It makes me happy to see it so well used.
15944	7/6/2012	Always looks full when I visit. Folks are using the computers, picking up books they put on hold, or looking at media and books to check out.
15945	7/6/2012	There are always patrons in the library -- am glad that the parking lot is rather large.
15946	7/6/2012	Extremely well used! We visit Central most often, but we also frequent Woodstock, Holgate, and Sellwood, and they're always full of library patrons.
15947	7/6/2012	The library always seems to be full whenever I visit. Each section - children's, computer stations, study tables, etc - are being used. I love the community feel.
15948	7/6/2012	Usually go to ROCKWOOD ---- VERY busy always crowded - few open chairs and long computer lines ---- has gotten a little better with the new Chromebooks being used.
15949	7/6/2012	Pretty Populated.
15950	7/6/2012	Very well-used. Never empty. People are there from open to close!
15951	7/6/2012	Very busy
15952	7/6/2012	Very well used. Great people assisting there too.
15953	7/6/2012	very busy
15954	7/6/2012	very well

15955	7/6/2012	Very busy!
15956	7/6/2012	It always seems busy when I go there.
15957	7/6/2012	It's very busy.
15958	7/6/2012	Very, I always see kids and adults on the computers or browsing for books.
15959	7/6/2012	It's always busy & a great place to run into people from the neighborhood.
15960	7/6/2012	Very popular.
15961	7/6/2012	Very heavily used.
15962	7/6/2012	Very well used. There are people lined up to enter before it opens and stay until the lights are turned out.
15963	7/6/2012	Tremendously so.
15964	7/6/2012	Uncertain - I don't visit enough to notice
15965	7/6/2012	Very well used. Whenever I go in there, there are lots of people there.
15966	7/6/2012	It always seems very busy.
15967	7/6/2012	it's very busy!!!!
15968	7/6/2012	Central and Belmont both seem fairly well used. Belmont seems more family oriented. Central is always busy.
15969	7/6/2012	Well-used? There are always people there, on the computers, searching the shelves, checking stuff out, participating in programs. So I guess it's well-used. □ [poorly worded question]
15970	7/6/2012	Very well used!
15971	7/6/2012	Very well used, the holds are extremely popular and there are often wait times for the public pcs.
15972	7/6/2012	Very well used and could use more space! There are only two tables where people (who aren't using computers) can sit.
15973	7/6/2012	Never seen it empty. Always busy.
15974	7/6/2012	Very well used
15975	7/6/2012	It always seems busy to me.
15976	7/6/2012	It is always well patronized, every time of the day that I frequent it.
15977	7/6/2012	There are always at least 20-30 people there and lots of kids to interact with my little one!
15978	7/6/2012	It is used quite extensively
15979	7/6/2012	Always busy with a variety of ages reading, searching for materials, on computers, and taking part in activities.
15980	7/6/2012	extremely well used
15981	7/6/2012	Very well used. Very busy location.
15982	7/6/2012	Very well used.
15983	7/6/2012	Very well used
15984	7/6/2012	Very busy and well loved
15985	7/6/2012	heavily

15986	7/6/2012	Quite busy, many young families, the houseless, seniors, and developmentally challenged young adults are here at Hollywood on a regular basis.
15987	7/6/2012	It always seems busy.
15988	7/6/2012	Very!
15989	7/6/2012	Albina is incredibly well used. It's always full of people of all ages. At times it can be difficult to find a place to sit because all the chairs are filled.
15990	7/6/2012	Very Well
15991	7/6/2012	Our local library, the North Portland branch, is always busy and is very well loved.
15992	7/6/2012	Well used.
15993	7/6/2012	Very.
15994	7/6/2012	Well used, well loved. :)
15995	7/6/2012	It's often crowded with a variety of people.
15996	7/6/2012	I observe more people using computer terminals and/or resting in chairs than people actually in the book stacks. I walk pas the Central Library daily and routinely see a lot of activity on the front steps and adults going in and out of the library, but the skeptic in me believes the many are there to use the bathroom facilities, find a safe place to sit, and/or get shelter from the rain.
15997	7/6/2012	Very well used. It is always busy, and generally has a line of people waiting to use computers. The Hold shelf is also well used.
15998	7/6/2012	VERY...always people in the library using computers and reading books. Great staff in both libraries I use. Nice to go in.
15999	7/6/2012	very well used - there are always people in there
16000	7/6/2012	Well used. There is no above category for using lmultco ibrary more than once a week, which I and other card holders would need to do to pick up any significant amount of hold items.
16001	7/6/2012	well used
16002	7/6/2012	It is always busy. I don't think I've seen fewer than a dozen people in there....ever.
16003	7/6/2012	Fairly well-used and visited.
16004	7/6/2012	Hillsdale Library is a very busy library. High School students use it for research. Young chidren come for story time. When our grandchildren visit we check out books and take advantage of story time.
16005	7/6/2012	sometimes it's so busy we can't get in!
16006	7/6/2012	It's *always* jamming!
16007	7/6/2012	So many people at my branch it's like being at the track after payday!
16008	7/6/2012	Very well used.
16009	7/6/2012	sometimes it's so crowded people are sitting on the floor with their laptops!
16010	7/6/2012	I have never seen a library empty it is always full people on the library computers, looking at books, music, and videos.
16011	7/6/2012	We are always using our library and occasionally visit others.
16012	7/6/2012	It seems to be busy every time I am in there.

16013	7/6/2012	It is always crowded when I go, often with people waiting for the computers. I typically reserve books online and pick them up. The hold shelves have continually grown to meet the needs of other library patrons like me.
16014	7/6/2012	Very well used
16015	7/6/2012	Well used!
16016	7/6/2012	By myself, I use it multiple times a week. I love it and the website is extremely helpful in placing holds on books and renewing.
16017	7/6/2012	Crowded each time I go--even when I'm just picking up material at random times.
16018	7/6/2012	Always seems well-populated when I go there. The Northwest one has a lot of parents with their kids. But in general, it seems like people go there less to browse and more to pick up things they've put on hold, because the footprint of both of the libraries I visit is pretty small (North Portland and Northwest). They both feel like outposts.
16019	7/6/2012	Very! Always busy with a huge diversity that utilizes its services
16020	7/6/2012	It's always busy when I'm there. Parking is hard to find.
16021	7/6/2012	Extremely well! It is always packed.
16022	7/6/2012	Very good. Many people.
16023	7/6/2012	I have never been the only person in the building. If I get there just before the building opens there are at least two other people waiting for the doors to open.
16024	7/6/2012	Always busy
16025	7/6/2012	I utilize the library services from home-finding books online, putting them on hold. I only go in the library to pick up books I've ordered. I never go online there or attend any programs-I used to when my kids were younger. I do really like the lucky day section, where I can check out books that weren't available online.
16026	7/6/2012	I always see people of all ages using the library when I visit.
16027	7/6/2012	Very well used- a community center
16028	7/6/2012	Very-- it's always busy.
16029	7/6/2012	It always seems pretty busy when I'm there. I've been there a few minutes before opening a few times, and there's always a line of people waiting to get in.
16030	7/6/2012	ALWAYS seems full of people.
16031	7/6/2012	Always busy
16032	7/6/2012	well used.
16033	7/6/2012	Often busy
16034	7/6/2012	Very. I use the library a few times a month.
16035	7/6/2012	The local library in my neighborhood (Midland) is very busy. I choose to use the Central branch because I work downtown and it is convenient.
16036	7/6/2012	Much so

16037	7/6/2012	It appears to me that it is used frequently by many people. I'm more of a put items on hold via the website type of patron so I don't spend much time hanging out but there are always at least a few people in every area no matter what time of day I go in to pick up my hold items.
16038	7/6/2012	Holgate is closest. Seems like its always busy now whatever day or time we go.
16039	7/6/2012	Both Belmont and Central are heavily used for many purposes. At Central, I see people looking for jobs all the time. Every time I enter a Multnomah County Library, it's full of kids and parents.
16040	7/6/2012	Heavily.
16041	7/6/2012	Extremely!
16042	7/6/2012	This question leaves much to interpretation. I would recommend changing the question to be more clear in what information you are seeking. My family uses the library for many things from checking out books and media to research and various programs. Whenever we are in the library it has been very busy. Many books that I have checked on have significant hold lists. I would say that the library is very heavily used.
16043	7/6/2012	Very well used. It is always crowded when we are there.
16044	7/6/2012	If parking is a reliable measure of public demand, the Hillsdale library is very well used. Too, when I visit I always see the computers filled, the children's reading area well populated by mothers and young readers, and lots of people checking books and media out. The circulation numbers must be impressive.
16045	7/6/2012	Seems busy
16046	7/6/2012	Usually in use by teens and families along with people like me who run in for holds. I also see people hanging out or working and studying.
16047	7/6/2012	It's always busy when I'm there. I miss the days when it was open more in the evenings for programs and community group meetings.
16048	7/6/2012	Always busy!
16049	7/6/2012	Have you been to the Central Library? It is probably the busiest place in Portland.
16050	7/6/2012	I don't understand the intent of this question. It seems busy, though, if that's what you're after.
16051	7/6/2012	Very well used. Always people in there of all ages, doing a cariety of things.
16052	7/6/2012	It seems well used. Alot of patrons on the computers updating their social networking sites, playing games and/or looking at pornography.
16053	7/6/2012	All three libraries I regularly visit are always hopping! I love seeing the mix of people that make up my fellow library users.
16054	7/6/2012	It's busy
16055	7/6/2012	There is always a line at the door before the library opens. After school hours there are always many students who flood in to use email.
16056	7/6/2012	Always many people, esp. Children, people reading newspapers and waiting to use cOmputers (this is nw)
16057	7/6/2012	Very well used

16058	7/6/2012	Very well used; I always see many people using computers, checking out books, and attending programs when I visit.
16059	7/6/2012	The Gregory Heights library is my home library and a real community resource. People from all walks of life and situations are there. Kids pile in for story time. People come for cultural celebrations and I always see kids being tutored or language classes happening. I treasure this library!
16060	7/6/2012	All the time!
16061	7/6/2012	They are all very busy when I am in using the library.
16062	7/6/2012	Very well used
16063	7/6/2012	Extremely. There are always waitlists for the computers, etc. Belmont is always extremely busy- kids and adults.[]
16064	7/6/2012	Midland is crazy busy too.[] Woodstock is also seldom quiet- there are always many families and school kids.
16065	7/6/2012	every library branch i visit is extremely busy almost all the time
16066	7/6/2012	VERY well used. The Sellwood-Moreland branch is absolutely integral to our neighborhood. The children's area (where I most commonly frequent, with my daughter) is always packed with book-hungry kids. It is truly heartening. Further, the story times are always full and the librarians who host them are beyond lovely. One of the things I love most about our home is that it is walking distance to this library. We go several times per week.
16067	7/6/2012	I'm not sure I understand this question. If you are asking if it gets a lot of use, I would say yes. The computers always look full. The staff is busy. The storytimes are full. There are always people reading at the tables, and the hold shelf is packed.
16068	7/6/2012	very
16069	7/6/2012	Very, It is busy all day every day. It is in easy walking distance for many and right on the max and bus lines. Its great.
16070	7/6/2012	Constantly busy any time or day of the week
16071	7/6/2012	The Sellwood library is a great example of a neighborhood library. There is always foot traffic, staff are friendly, always a buzz of activity for a small branch.
16072	7/6/2012	Very well!
16073	7/6/2012	very well used
16074	7/6/2012	Very. There's never a place to just sit down and read a book, let alone use a computer.
16075	7/6/2012	Very
16076	7/6/2012	Always busy.
16077	7/6/2012	well used
16078	7/6/2012	Its always busy
16079	7/6/2012	It seems to be fairly busy whenever I am there.
16080	7/6/2012	There is always a group waiting to get in every morning.
16081	7/6/2012	Very, if the traffic we see at various times of day are any indication.

16082	7/6/2012	It's always busy. I find it extremely heartening that I see so many parents with children there checking out tons of books for their kids and a few for themselves. Our little Kenton Library is tiny but it's very well used and well loved.
16083	7/6/2012	Both branches are well-used and rarely not busy with possible exception of evenings.
16084	7/6/2012	Wicked awesome. Very Busy - parking is sometimes an issue, always a crowd!!
16085	7/6/2012	☐ We need the Library 7 Days aweek - plus all the childrens classes, etc☐ are an institution!!
16086	7/6/2012	I think it is well used; the check outs are now self serve. There is a queue usually for computer access. There are fun surprises of the lucky day books.
16087	7/6/2012	the aisles aren't literally crowded, but there are always plenty of people around! :D
16088	7/6/2012	There are always lots of people there. Most of the computers are full, people are browsing for materials, and lots zip in an out picking up holds.
16089	7/6/2012	Very--parking is often hard to find and there are many people of all ages using all aspects of the library. As a teacher I find the library crucial to my classroom curriculum and I know I'm not alone in that!
16090	7/6/2012	always busy!
16091	7/6/2012	Very...the Woodstock library is always busy.
16092	7/6/2012	Pretty well used.
16093	7/6/2012	very very busy
16094	7/6/2012	My two branches are almost always packed with children, seniors and community folks using the computers and other resources. I am always thrilled when I have to stand in line to use the check out stand, or to ask a question.
16095	7/6/2012	It is always busy, and full of people reading, studying, using the computers and going to programs.
16096	7/6/2012	Very! The Hollywood Library is one of the busiest branch libraries in the entire country. In my opinion my local library is heavily used. Anytime my husband and I go in all almost all of the computers are occupied.
16097	7/6/2012	We have attended several community classes that are offered at our local library, the last one we attended was the DIY Terrariums.
16098	7/6/2012	If open parking spaces in the lot is any indication' it's used very well
16099	7/6/2012	Hillsdale branch - always busy when I visit.
16100	7/6/2012	It appears to be very well used. There are always people in there; often there are MANY patrons utilizing various services.
16101	7/6/2012	There's a heavy flow of traffic each time I stop in the library. It seems to be used heavily. Not sure what you mean by this question - how well do we use it or how well does the community use it? We use our local library frequently - at least once a week. And it seems well used by the community - always a fair number of other patrons in the library when I've visited.
16102	7/6/2012	
16103	7/6/2012	It's almost always packed.

16104	7/6/2012	by my observation? well used.
16105	7/6/2012	Super busy all the time!
16106	7/6/2012	Very well used!
16107	7/6/2012	Very well used. My family and I visit there more than once a week, but not every day. At least twice a week, if not more.
16108	7/6/2012	The Gresham library is always busy, and the Fairview library is busy but mostly on the weekends. I spent most of my time in the Troutdale library recently and I would say the traffic is low but reasonable. Probably my favorite branch just because it is quiet and serene.
16109	7/6/2012	Very
16110	7/6/2012	The St. Johns branch is always busy. We enjoy seeing how well used it is.
16111	7/6/2012	Very well used!
16112	7/6/2012	Swamped most the time-notice it is taking a lot longer to receive holds that have been ordered from other libraries
16113	7/6/2012	It is extremely well used - teaming with people, in fact.
16114	7/6/2012	It is always crammed with people, especially young parents with their children for various programs.
16115	7/6/2012	It seems very well used, from what I've seen.
16116	7/6/2012	Very. We need to get this on the ballot so that we can reinstate the hours and services. Our local Sellwood branch is very active most days and evenings.[]
16117	7/6/2012	It is a bad idea to close the libraries on Mondays. Monday's used to be a busy day at the Sellwood library. now it is closed, and that is a loss for the Portland economy and community.[] [] I think this is a detrimental decision for Sellwood.
16118	7/6/2012	Always busy seems very active
16119	7/6/2012	Incredibly.
16120	7/6/2012	hgtrgre
16121	7/6/2012	Every day I visit, the library is incredibly busy. It's a diverse crowd, ethnically and socioeconomically. Holgate is often so busy, the parking lot is full.
16122	7/6/2012	I see many people there every time I am there.
16123	7/6/2012	The Woodstock Branch is always busy especially the computers (adult and childrens)
16124	7/6/2012	Most of the computers are taken every time I go. There's usually 15-20 people at least .
16125	7/6/2012	I see people in there all the time. Most of the comfy chairs are filled. I love the library. We participate in the summer reading program, so we are in more often in the summer.
16126	7/6/2012	huh? I don't understand the question
16127	7/6/2012	Always seems busy
16128	7/6/2012	I would say it is very well-used.
16129	7/6/2012	It's constantly in use by people every time I go by it.
16130	7/6/2012	Very.

16131	7/6/2012	Very.
16132	7/6/2012	It's always busy when I'm there.
16133	7/6/2012	Very (Belmont). There is always a good sized crowd there.
16134	7/6/2012	It is always very busy.
16135	7/6/2012	Usually busy whenever I am there.
16136	7/6/2012	I'm not sure exactly what you mean by this. I've been using the library consistently quite a bit since as long as I can remember. The library gave me opportunities and access to things I never would have had otherwise. I would have turned out a very different person if it weren't for the public library system.
16137	7/6/2012	?
16138	7/5/2012	NW and Central seem very busy all the time.
16139	7/5/2012	For my household, we use it very frequently. We go several times a week. But I can also see that it is well used by others in the community.
16140	7/5/2012	I use it often and there are always people in there.
16141	7/5/2012	It is very busy. We also visit the North Portland and Hollywood branches and they are very busy as well.
16142	7/5/2012	Extremely well used. I have never seen the Albina branch empty.
16143	7/5/2012	Our library is the second most used library in the United States.
16144	7/5/2012	Holgate library is always full. I would say it could use more space. Belmont is most often a drop-off site for me when I am running errands in that direction. I do take my grandchildren there since it is near their house. It seems less "packed" with people than Holgate but it may be that it is light and airy and there for seems quite spacious. Of course the children's section IS bigger!
16145	7/5/2012	Very well used in a good way
16146	7/5/2012	Very, my main branch (Holgate) seems to be one of the least updated but with many multi-ethnic families in the neighborhood it seems the most diverse. □ I often encounter sizable lines of people waiting when the doors first open.
16147	7/5/2012	Not sure how to answer this...I stop by weekly to pick up items i've placed on hold and return items.
16148	7/5/2012	usually busy when I go in
16149	7/5/2012	I would be at a loss without our library.
16150	7/5/2012	Very
16151	7/5/2012	It always seems to be fairly busy. They always have customers scattered about...
16152	7/5/2012	It is always busy.
16153	7/5/2012	the parking lot is always full, or nearly so, and many additional people come in by bicycle or mass transit. I believe the Midland library is the largest branch in the system, so it's a very well used and well loved branch of the library. I have been a regular patron since I moved here from Northern California in 1999. I can't tell you how much the superior library system in Multnomah county means to me. It's just stupendous.

16154	7/5/2012	Always quite active whenever we visit! Or did you mean well used as in worn out? Then still in good shape!
16155	7/5/2012	Quite well used.
16156	7/5/2012	The Belmont branch (my neighborhood branch) is always very busy - families with young children, people using computers (license plates of cars in the parking lot are often from out of state)...
16157	7/5/2012	Very! It's always busy. :)
16158	7/5/2012	Very well used. It's always busy when I go in.
16159	7/5/2012	One of the busiest.
16160	7/5/2012	Very. Computers are always used. Folks always coming in to pick up holds.
16161	7/5/2012	st johns library is always busy!
16162	7/5/2012	Extremely well.
16163	7/5/2012	Always seems to have a good number of people using the facilities.
16164	7/5/2012	Very! I volunteer at my local branch every Tuesday morning and there is always a crowd waiting for the doors to open - usually over 30 people. This week, since it was the first week of the new reduced hours, there were over 100 people waiting when the library does opened at 11:00. My branch library is the busiest branch library in the country (literally!).
16165	7/5/2012	It is always busy and full of families. Downtown's central library seems to be a residence for many of the city's homeless.
16166	7/5/2012	Very! I always see kids and teens whenever it is open, never is it empty.
16167	7/5/2012	It seems to be moderately full every time I go in; the Central library is always the busiest.
16168	7/5/2012	Very popular!
16169	7/5/2012	Not sure; I do not really have a local library and take the max to the downtown Central location.
16170	7/5/2012	Very well used
16171	7/5/2012	It is always busy. We love the library....what a wonderful resource!
16172	7/5/2012	Very well used.
16173	7/5/2012	Always noisy and busy
16174	7/5/2012	It's Hollywood, need I say more?
16175	7/5/2012	very well - people would be lost without it
16176	7/5/2012	Pretty busy all the time.
16177	7/5/2012	It seems very busy! We live the quiet study rooms during the otherwise loud weekends.
16178	7/5/2012	Very well - I am particularly impressed with the Hollywood Library and, of course, the Central Library
16179	7/5/2012	Very well used.
16180	7/5/2012	It always seems busy.
16181	7/5/2012	Well used.
16182	7/5/2012	Hillsdale- full every day, books on hold with long wait lists, waiting time for computers..very well used and loved...
16183	7/5/2012	Seems very well-used, always full of people.

16184	7/5/2012	Very well
16185	7/5/2012	It is often vibrant, dynamic and tending to the wants and needs of patrons of all ages. I am consistently impressed by the staff at Holgate!
16186	7/5/2012	Very well used. Usually pretty full of people at all times we've visited, both in the evening during the week and weekend days.
16187	7/5/2012	Extremely well used!
16188	7/5/2012	Very!
16189	7/5/2012	Very crowded - could easily be doubled in size to accommodate everyone!
16190	7/5/2012	It always has a good number of people in it when I'm there.
16191	7/5/2012	It's always full. There isn't enough space to find a seat sometimes.
16192	7/5/2012	Always busy.
16193	7/5/2012	Very well used. Busy whenever I come in... which is often!
16194	7/5/2012	The Midland library is always very busy. Every time I visit a lot people are reading, using computers, and checking out books.
16195	7/5/2012	It seems very well used.
16196	7/5/2012	huh? couldn't you phrase this question better?
16197	7/5/2012	It's always busy. A lot of people are at the computer tables, a lot of people are picking up books on hold, and everyone else is browsing. LOVE IT.
16198	7/5/2012	Central is always crowded, so I would say that it is very well used.
16199	7/5/2012	there are always people in there, the programs are usually standing room only
16200	7/5/2012	The main portion of my local library (North Portland) branch seems to be well used, but the smaller portion (upstairs) seems to be used very little and is often closed.
16201	7/5/2012	Very! Capitol Hill has such a diverse usership and is always bustling with people using its resources.
16202	7/5/2012	It seems busy and helps define St. Johns as a community.
16203	7/5/2012	Very, very well used. There are always young people there, even tiny children making use of media. They seem to have a wonderful (if a bit loud) time.¶ We see older people reading magazines and resting there, also.
16204	7/5/2012	central is -always- busy. I most frequently reserve materials online and pick them up there, but I also love browsing the architecture, science, art, crafts, cooking sections as well. Belmont (which I go to less frequently now that I work downtown) was very busy during the day, especially for families with kids, people picking up materials on hold, and locals just going there to browse and use the computers. the non-kids sections are a little sparse so I normally only went there to pick up orders.
16205	7/5/2012	I know my whole girl scout troop dos the everybody reads program in the summer and all of my stay at home mom friends enjoy the children story times throughout the year.
16206	7/5/2012	Very!
16207	7/5/2012	quite well used
16208	7/5/2012	Belmont is VERY well used, the staff keeps a very small space well organized, clean and well stocked!

16209	7/5/2012	Always busy when we're there
16210	7/5/2012	Very well used.
16211	7/5/2012	Both branches are extremely well-used.
16212	7/5/2012	It's busy whenever I go
16213	7/5/2012	It's pretty good.
16214	7/5/2012	It is well used. There are always people of all ages looking at the books. Also the computers seem to be very busy.
16215	7/5/2012	Very!
16216	7/5/2012	Extremely well used. The tiny Belmont branch is always busy.
16217	7/5/2012	Very well used! Very busy.
16218	7/5/2012	Extremely. Central hums, and the Northwest branch is a meeting center for neighbors.
16219	7/5/2012	Well. Woodstock is my local one. Always people of all ages there whenever I go.
16220	7/5/2012	Always incredibly busy!
16221	7/5/2012	Very!
16222	7/5/2012	We go mostly to Kenton and it always seems busy. Always lots of kids of all ages which is great.
16223	7/5/2012	I believe it's pretty well used.
16224	7/5/2012	I don't know how to accurately address this question. I don't have to wait to check out items, and on the rare occasion that I do, it's for a minute or two. The internet computers seem to be near capacity or at capacity with some moderate time in the queue on most times I come in.
16225	7/5/2012	very popular - the hold shelves are always very full, the tables are all used and the computer stations are full most of the time. I know all the childrens' programs are well used as well.
16226	7/5/2012	Very well used. Having lived in several major cities, I think Portland has an excellent system.
16227	7/5/2012	Always PACKED
16228	7/5/2012	I see lots of people at Albina almost every time I visit! Central, too!
16229	7/5/2012	It's always very busy.
16230	7/5/2012	Always seems busy. Large holds shelf.
16231	7/5/2012	Both are well used, from my observation.
16232	7/5/2012	The Gresham library is very well used, there are always people using it to study, computer access, internet access and checking out materials. The Central library is always full with the same type of use. I have just started using the Belmont library and it seems to be a library that is used mainly for holds pick ups (this was joked about by a librarian at the Gresham library as well) and internet access. I have also seen schools making field trips to both the Central and Gresham libraries and lots of families taking advantage of the child programs at the Gresham library.
16233	7/5/2012	Pretty well used.
16234	7/5/2012	very
16235	7/5/2012	Extremely well used

16239	7/5/2012	It's usually packed. It's a high-traffic library.
16240	7/5/2012	Very well used- always people in there doing a variety of things. Checking things out, on the computers, looking for jobs, staying warm, participating in various programs.
16241	7/5/2012	very.
16242	7/5/2012	Very well used. The Central library is always busy.
16243	7/5/2012	Very well used and appreciated! I personally visit it at least once a weekly and am on the library website nearly daily. My family visits the library weekly as well and uses the website multiple times per week as well. There are always lots of people doing the same.
16244	7/5/2012	The Belmont library is ridiculously busy and full almost every time I go. The Woodstock branch is perfect.
16245	7/5/2012	Not sure.
16246	7/5/2012	Both neighborhood branches seem well used and popular.
16247	7/5/2012	Always buzzing
16248	7/5/2012	There's always a crowd when I visit. The branch could be a lot bigger.
16249	7/5/2012	Very heavily - it's always hopping.
16250	7/5/2012	Usually busy, good location
16251	7/5/2012	Very!
16252	7/5/2012	very

16259	7/5/2012	very
16260	7/5/2012	It's always busy when I visit, and it seems like it's being used by a broad demographic-- children, adults, seniors-- and a higher Latino and African-American proportion than in other areas of Portland. I've seen groups using the library for meetings, kids playing video games, adults browsing movies, etc. I'd say it's very well used!
16261	7/5/2012	Very well used--most computers are busy at all hours of the day. It seems that the majority of media is checked out.

16262	7/5/2012	The Kenton Library is pretty well used, always a bunch of people doing a variety of things and there are a lot of programming options. Same for the North Portland Library, not as many programming options though.
16263	7/5/2012	Seems very well used - always busy, always a line at check out
16264	7/5/2012	Very, it's swampy with folk.
16265	7/5/2012	Seems busy all the time.
16266	7/5/2012	Fullily!
16267	7/5/2012	Very well used! I live downtown and the Central Library is very well-appointed.

16269	7/5/2012	Extremely well used.
16270	7/5/2012	There is always a line at the door at opening time. It's very busy.
16271	7/5/2012	Very well used
16272	7/5/2012	VERY. It's busy all the time, which is fantastic. I take my children to Storytime every week and so do many of my friends. I check out several books a month. Every time I visit my branch it is full of people of all ages reading and using the computers. The library is very important to me, my family and my community.
16273	7/5/2012	
16274	7/5/2012	Very much!
16275	7/5/2012	It is very well used. The library is an invaluable source of information for the community! I'm not sure what this question is asking.[] []
16276	7/5/2012	I personally use the library often, at least twice a month and often once a week. Whenever I come into the Belmont branch it is bustling with activity, I would say it is very well used by the community.
16277	7/5/2012	It seems pretty well-used. There are always a fair amount of other people in there when I go.

16286	7/5/2012	Very! My husband went to the Midland branch Tuesday (after the first Monday closure) and he said it was a madhouse.
16287	7/5/2012	very
16288	7/5/2012	Very busy site!
16289	7/5/2012	heavily loved

16290	7/5/2012	Extremely well used. Very busy!
16291	7/5/2012	Very busy
16292	7/5/2012	It always seems busy to me.
16293	7/5/2012	Very well used - always seems busy
16294	7/5/2012	I believe that a strong library system is central to a healthy society. With that said, each branch that my family uses is well administered and actively utilized.
16295	7/5/2012	Very!
16296	7/5/2012	I'm not 100% sure what you mean by this, but there are always people at Woodstock when I go there. Usually one or two people waiting in line to check out books. I think my answer would be "reasonably well used."

1	7/31/2012	The economy creating an unstable future, where services can be cut too readily due to the county's responsibility for social services. A library district would create an avenue for dedicated library services with stable funding that would not have to compete continuously with those other needs. Having library services is part of the education system, in a sense, and helps create knowledgeable citizens capable of good jobs, thus having an effective economic environment that cuts down on the need for social service demands.
2	7/31/2012	theft, vandalism, security issues, deferred maintenance
3	7/31/2012	Not having the funding to keep up with the way individuals access information. Making sure that our community that lacks computer resources still has access to the growing amount of information available only online.
4	7/31/2012	the internet
5	7/31/2012	The seemingly inexorable assault on all public funding being carried out by a vocal cadre of close-minded anti-tax/anti-government nutjobs
6	7/31/2012	Uncontrolled expenses.
7	7/31/2012	The general American opposition to taxation (I was just in Denmark, and have returned rather bitter about this). Maybe also the internet.
8	7/31/2012	lack of clear and relevant vision - library purpose seems muddled, duplicative and tentative library's reluctance to come clean with taxpayers several major services going to the same funding source for the majority of funding

9	7/31/2012	I would like to see the Multnomah county library system respond more quickly to the reading habits of the community. I gifted myself a NOOK last Christmas. My ex-husband and youngest son purchased Kindle readers last month. I have visited the library maybe once in 2012. I much prefer going online to access reading materials. I think the library needs to rethink its purchases; rather than buying large numbers of a new book and waiting to purchase the same book in an e-version until somebody asks them to they should simply buy a few hard copies and the different e-versions.
10	7/31/2012	Other Government intrests
11	7/31/2012	The huge and continual increase in computer usage and electronic books/other reading materials.
12	7/31/2012	Death spiral -- cuts in funding lead to cuts in service that lead to lower use of the libraries that leads to further cuts in funding ... and so on, until the libraries can no longer survive.
13	7/31/2012	Less funding
14	7/31/2012	Our Libraries should be funded from recourses other than property taxes alone especially during these recessionary times.
15	7/31/2012	The community not realizing how useful they are.
16	7/31/2012	I'm inclined to hold to account a general decline of the perceived value of the book and deep literacy in our culture, in contrast to the influx of "easier" new (multi-) media.
17	7/31/2012	Libraries will always be an essential part of our community. The library system just has to ensure technological updates are as essential if not more essential than library access. The majority (99%) of my access to the library is mainly on-line using the Library2Go option. I rarely ever check out books, most of my visits to the physical library location have been for media files. However, the lack of newly released books and the wait time oh "hold" lists of the Library2Go system has made me enroll and purchase and utilize the Amazon.com lending library as a backup option for books that are unavailable digitally (kindle) on the Library2GO. I think more funding should be provided to the digital library to update and extend digital copies which will be an essential for the future of the libraries.
18	7/31/2012	I am guessing it is not enough funding
19	7/31/2012	The digital age!
20	7/31/2012	The plutocracy. The wealthy are not paying enough in taxes.
21	7/31/2012	Need for sustainable funding.
22	7/31/2012	Penny pinching tax haters.
23	7/31/2012	Lack of funding! Lack of resources!
24	7/31/2012	The biggest threat is not receiving funding because those with decision making power don't see the impact that libraries have on communities. I worry that people who are making decisions don't value the library system themselves or know what resources there are available at libraries. There are more than just books!
25	7/31/2012	funding cuts and books on line at home computers
26	7/31/2012	Poor management of the city/county/state budget.

27	7/31/2012	Becoming obsolete. E-Books are an easier, more convenient form of reading and the library is not keeping up with lending out e-books.
28	7/31/2012	Lack of funding.
29	7/31/2012	The media items being stolen or not returned to the cases. It's bad for the library and for the people who frequent the library.
30	7/31/2012	Not sure at the moment.
31	7/31/2012	The mobile telephone/computer craze seems to keep folks from reading books. Children need to learn that reading is both fun and educational, and that they don't need electronic devices to be smart, happy well-informed and successful.
32	7/31/2012	Funding
33	7/31/2012	If the library is not current, alive, and convenient due to budget cuts, it will be more difficult to access and attendance will fall off. I want to live in a community where everybody has equal and wonderful access to ideas, resources, learning, and information.
34	7/30/2012	Becoming outdated (no or few new release books and media) and/or losing the ability to level the playing field for those who otherwise wouldn't have access to internet, newspapers, etc.
35	7/30/2012	unstable, cyclical funding.
36	7/30/2012	Closure of branches, very narrow business hrs
37	7/30/2012	Lack of stable funding.
38	7/30/2012	Accessibility (location and time)
39	7/30/2012	nothing...what do you mean? threat? nothing, no threat here. libraries are not threatened.
40	7/30/2012	Crazy funding mechanisms
41	7/30/2012	Funding! People need to realize how important our local libraries are to our community and support funding for libraries instead of cutting libraries from the budget.
42	7/30/2012	Lack of funding.
43	7/30/2012	Those who believe in not having a free system for all.
44	7/30/2012	The availability of certain resources. When people want to use or research certain things, and those things are unavailable for them to use at the library, they will become uninterested while waiting for the resources to become available. People are impatient and most won't continue using the library if they have to wait around for things they need at the moment. Unless they are truly desperate, no one would wait around 2 hours for a computer or 2 months for a book.

45	7/30/2012	Poor decision making on of the day to day business of our libraries. Central library should never ever be closed on any week, and, in fact, the hours of operations to the the public should be longer. Yes, it is nice to have out lining libraries throughout the city from the city Central, but if the cost out weighs the the balance of the Central library then changes need to be made. Cuts are not pretty, but starving the main Central should never had been an option, and yet it is. Money is not the answer, making tough and hard choices are and they are not popular. [] [] Just as the heart is Central to our bodies, so to, is the Central library to the intellect.
46	7/30/2012	Not enough funding to keep qualified staff employed
47	7/30/2012	budget insecurity
48	7/30/2012	Budget cuts...
49	7/30/2012	lack of government funding and resources
50	7/30/2012	A loss of funding for the wrong reasons. The community need access to literature, research tools, programs and resources provided by the community.
51	7/30/2012	Funding threatened by voters not understanding the full benefits the library provides.
52	7/30/2012	No threat perceived.
53	7/30/2012	Inadequate funding.
54	7/30/2012	I do not know, but would guess that rising staffing costs, facilities maintenance and changing media sources are likely... People not understanding the library's funding situation, and wondering why it keeps coming onto the ballot at the same time that services are cut. I think there could be clearer communication here, to make sure that Portlanders don't vote "no" on the ballot this fall.
55	7/30/2012	Lack of consistent funding.
56	7/30/2012	Lack of consistent funding.
57	7/29/2012	People not connecting between various age levels and sub-cultures. We have stopped visiting the 'Friends of the Library' store after grey-haired woman was rude to my daughter about looking at a card. We do not venture that direction anymore.
58	7/29/2012	lack of resources and funding and the opinion that the libraries are not important
59	7/29/2012	Funding
60	7/29/2012	Adequate funding.[] Perhaps any change in our local culture of reading and overall support of healthy libraries.
61	7/29/2012	Lack of funding.
62	7/29/2012	not enough money
63	7/29/2012	Appears to be funding.
64	7/29/2012	Lack of funding,
65	7/29/2012	Lack of funding, clearly.
66	7/29/2012	Insufficient funding, privatization.

67	7/29/2012	1. 2. 3.[] Probably lack of money, that would be taxes paid by everyone.
68	7/29/2012	Short-sighted and selfish funding priorities. Fund Libraries!! Libraries benefit EVERYONE. Information available to all. This is critical to individual and societal development and growth.
69	7/29/2012	The daily freaks that you let run wild and shoot dope and change clothes in the bathroom. Meanwhile, I get harassed by staff if I answer my phone on silent and whisper as I sprint out to the lobby. Having your priorities that "upside down" can only chase away patrons that pay taxes.
70	7/29/2012	Not enough funding.
71	7/29/2012	Taxing district being voted in
72	7/29/2012	Electronic media.
73	7/29/2012	Funding ~ isn't that true of everything?
74	7/29/2012	Lack of consistent funding
75	7/28/2012	Lack of funding
76	7/28/2012	Ignorance. Easy access to books is a foundation of the strength of any society.
77	7/28/2012	Permanent closure do to participants, students, seniors ability to have access to the library. Its unfortunate that education is not one of the life tools that the county/state is interested in continuing. The biggest threat to our libraries is having the funding tied into our property taxes. Too many programs are dependent on funding through property taxes. Many people resent paying property taxes in the first place, so funding for critical programs, like education and our libraries, are voted down. Finding alternate funding sources, whether they are supplemental to property tax sources or new primary funding and endowments might be a way to maintain more consistent financial support.[]
78	7/28/2012	[] We could also try to keep Central open for selected hours each day with centrally located branches selected throughout the county for full service, so that a library is open within central proximity with the rest of the branches having a limited service schedule. I think that concept has been used when funding has been reduced in the past, but it could be a way to stretch the dollars to provide more current materials and the services most in demand.
79	7/28/2012	loss of books in favor of current and (temporal) social media trend

80	7/28/2012	<p>Bloated and unaccountable administration. I worked in the library for several years, and often saw how they manipulate public sentiment (often by planning a year or more in advance of funding votes by slowing hiring and limiting or threatening to limit services), as well as treating their own people poorly (the previous HR manager used to quell dissent in the ranks by threatening to get rid of the Page classification and hire high school students at minimum wage, instead, one of the reasons she gave for severing from Multnomah County) to get what they want. General mismanagement, using training funds to push issues that do not exist in the library system, little or no accountability for managerial staff who act inappropriately, inadequate or incomplete training for new employees. A too-cozy relationship between HR and the union, with employees going back and forth. ☐</p> <p>☐</p> <p>Government needs to be transparent and accountable to the public, and I have seen enough of the inner workings of MCL to know that it, especially, needs some light shone on its darker corners.</p>
81	7/28/2012	<p>Lack of leadership among the state's executive and legislative branches to develop a taxing and financing system that would provide stable, dependable, and sustainable long-term support for a robust and healthy library system (and education system, for that matter). Much of this lack of leadership comes from the nonsensical belief systems of the conservative and libertarian factions of the state who believe that society is better off with an inequitable economic system.</p>
82	7/28/2012	<p>The biggest threat to our local libraries is underfunding.</p>
83	7/28/2012	<p>funding, cutting employee hours and resources</p> <p>I would hate to see the doors closed. I think there can be a wise use of the monies that are brought in as extra taxes are difficult when there is already so much going out of our paychecks. ☐</p>
84	7/28/2012	<p>☐</p> <p>Or to lose the traditional libraries to the computerized books one can download. It seems so sad, not to check out a book anymore. There's something greatly lost in that.</p>
85	7/28/2012	<p>Funding</p>
86	7/28/2012	<p>closure!</p>
87	7/28/2012	<p>Closing due to no money.</p>
88	7/28/2012	<p>theft</p>
89	7/28/2012	<p>Not having enough money to stay open.</p>
90	7/28/2012	<p>I don't know. I was very surprised that even though I voted for the library in the last election the library reduced hours. I felt tricked in a way. I wish the library would have given me the choice to vote for a measure that would have kept the library open 7 days a week. Why didn't they?</p>
91	7/28/2012	<p>Inconsistent funding, having a hard time knowing how to budget for the long term.</p>
92	7/28/2012	<p>Overspending on materials. Overstaffing. Poor management. Too many computers. Losing patrons by the removal of all seating. Inefficiency. Monday closings.</p>
93	7/28/2012	<p>ebooks</p>

94	7/28/2012	People forgetting that we need to fund what we want in our community- losing a sense of reverence for the library. Throughout America few library systems compare to ours!
95	7/28/2012	Relying on levies and other short-term funding strategies. I'll always vote for them (and I always do), but unstable funding models are always a threat, even in a place where a lot of voters love the library.
96	7/28/2012	lack of funding
97	7/28/2012	Reduced hours that make libraries less accessible, which is a direct result of inadequate funding.
98	7/28/2012	Theft of materials Theft of materials Theft of materials
99	7/28/2012	Misspent funds. The artistic parking lot laid at the Rockwood library made me regret constantly voting for the library levys. The money that taxpayers give to the library system should be spent on materials for the library, not a fantastic parking lot.
100	7/28/2012	Socialism
101	7/28/2012	Lack of adequate funding
102	7/28/2012	Loss of funds
103	7/28/2012	Funding
104	7/28/2012	Libraries first and foremost should support literacy. I would be devastated if the local libraries lost the funding for the educational programs for children. The libraries here are more than a service, they are a part of our community. I feel at home in the library. I want to pass that feeling of both a fondness for a sense of community and an avid love of books on to my child.
105	7/28/2012	No funds
106	7/28/2012	Lack of funding.
107	7/28/2012	Lack of funding.
108	7/27/2012	resources and staff being stretched too thin.
109	7/27/2012	Lack of funding.
110	7/27/2012	funding
111	7/27/2012	Budge issues.
112	7/27/2012	funding
113	7/27/2012	Liberalism
114	7/27/2012	Nonesense like passing a funding measure then immediately cutting library hours. How does that make political sense?
115	7/27/2012	Lack of funding
116	7/27/2012	Drastic reductions in: funding/materials/needed computer availability
117	7/27/2012	funding cuts
118	7/27/2012	have gone beyond the realm of being a library
119	7/27/2012	Lack of money, but I'm satisfied with the way things are now

120	7/27/2012	Lack of funding.
121	7/27/2012	Limiting access to the way people use this resource may make it less relevant.
122	7/27/2012	apparently, according to you, funding. Even though the voters just approved funding which we understood would accomplish the above.
123	7/27/2012	I don't know. I don't always pay attention to that kind of thing. Maybe, budget cuts? I'm still not sure.
124	7/27/2012	Business that do not pay their fair share in state taxes.
125	7/27/2012	Money
126	7/27/2012	computers, lack of funding
127	7/27/2012	Lack of stable funding.
128	7/27/2012	Money money money... So many people use the Multnomah County libraries. It is such a shame that such a popular and necessary community resource is threatened due to lack of funds. If the reductions in hours were due to lack of use, I would totally understand and agree. But to take away something so vital because the money can't be found is a shame.
129	7/27/2012	Not enough funds to go around.
130	7/27/2012	Budget cuts
131	7/27/2012	lack of funding
132	7/27/2012	Funding
133	7/27/2012	buget cuts
134	7/27/2012	People who abuse the system.
135	7/27/2012	Lack of sustainable funding
136	7/27/2012	Not enough expanded hours for everyone who works. Why can't the library be open noon to 9:00 three or four days a week..
		I think the answer is somewhere between funding and use. Supply and demand. You have to increase the interest and increase the funding.[]
137	7/27/2012	Honestly, what keeps me from using the library is that I found a more easily accessible supply of tv shows and movies. Physical media is becoming less popular and digital is going up. What if the library could let us stream certain content? That would be very attractive, though I don't know if it's reasonable. Look at Blockbuster vs Netflix. I'm afraid the library is becoming Blockbuster. I would love to go back to using the library if more of its content were digital.
138	7/27/2012	This non-permanent source of funding - levies that need to be renewed every few years. The libraries are really a vital resource, and shouldn't be treated like some kind of side project that needs to be re-approved frequently. I think you should get a permanent, stable source of funding.

139	7/27/2012	Library management. For example, question #5 on this survey, which is designed to elicit results supporting greater hours and more spending on all materials, thereby allowing Lib Mgmt to claim the public supports paying more money. You withheld information at the last election, then immediately after your bond measure passed you reduced hours and made the pitch for over 30% increase in budget. All this during the worst recession in most of our lives. Shame on you.
140	7/26/2012	Funding
141	7/26/2012	The economic situation.
142	7/26/2012	Residents who are not willing to pay to keep our libraries as wonderful as they are.
143	7/26/2012	funds
144	7/26/2012	Closure.
145	7/26/2012	lack of money from government?
146	7/26/2012	Lack of funding. The services provided are so important to a wide array of people. It would be a shame if they were no longer available.
147	7/26/2012	Lack of funding
148	7/26/2012	Money is always an issue, whether building maintenance, salaries, or purchases. I also believe that reduced days and hours is a threat. Its hard for me to remember when the building is open so sometimes I don't go. Integration with electronic readers and smart phones impact library use. The library is where I learned to love books, and I'm not sure our society values physical books anymore. In addition to delivering a variety of current and classic materials, libraries need to be community buildings, where neighbors, especially children and elderly, can hang out, enjoy the resources, and be safe.
149	7/26/2012	lack of security guard
150	7/26/2012	Lack of knowledge about the importance of libraries. It seems many aren't aware of the benefits available to everyone. My family depends on our library for education and entertainment!
151	7/26/2012	ebooks and the economy.
152	7/26/2012	not enough book selection
153	7/26/2012	I dont know!
154	7/26/2012	The poor economy.
155	7/26/2012	Under-funding.
156	7/26/2012	Lack of funding
157	7/26/2012	funding
158	7/26/2012	Funding
159	7/26/2012	If they do not make the effort to serve the poor, and uneducated, and fail to engage with schools and other community institutions that could benefit from them, they will become irrelevant.
160	7/26/2012	lack of funds

161	7/26/2012	It seems to me that it's not having enough money. However, I would like to see reach out programs that take cultural/educational activities to the streets/parks. When more people becomes accustomed to the library services, they will demand the city to provide the library with more funds.
162	7/26/2012	our govt bureaucracy
163	7/26/2012	Increasing property taxes
164	7/26/2012	Unstable funding.
165	7/25/2012	lack of money
166	7/25/2012	Lack of money/funding.
167	7/25/2012	Lack of stable funding.
168	7/25/2012	That funding will stop and all those that need the library will have nothing. The library is an instrumental tool to learning and especially learning to LOVE reading - it is like a vacation away from stress.
169	7/25/2012	N/A
170	7/25/2012	A huge amount of waste on unnecessary management and administration at the expense of staff and materials to support the public at the library itself. Also a general lack of taxation on the very rich which is negatively affecting the entire community and shifting the tax burden onto the middle and lower class.
171	7/25/2012	non-reading voters
172	7/25/2012	Submitting a tax increase through a popular vote process is always a problem and is a significant threat. In addition, the city's shameful opposition to a permanent funding solution for the county library system represents a major threat.
173	7/25/2012	Material and hour budget cuts.
174	7/25/2012	Anti-tax activists. We need to raise taxes in order to pay for this and other vital programs.
175	7/25/2012	E-Books
176	7/25/2012	Dependence on fluctuating general fund levels and vulnerability to political power games.
177	7/25/2012	access
178	7/25/2012	I think the idea that paying taxes is bad is the biggest threat. Somehow people (not so much in Portland, maybe) don't realize that their taxes pay for useful services, like the library. I only wish I could choose to allocate more of my taxes to the library system, and am happy to vote on that, while understanding that it's a hard sell for many people, due to, I can only guess, ignorance of how many of the good things in life are supported by taxes (like libraries).
179	7/25/2012	shortage of funds
180	7/25/2012	Politicians allocating the funds that could be used for the library to their pet projects. Spending cuts made by people who don't understand how important the library is to children.
181	7/25/2012	funding.
182	7/25/2012	Lack of funding/support.
183	7/25/2012	The deadening effect of popular culture, and social and cultural apathy? I don't know.

184	7/25/2012	No money
185	7/25/2012	Maybe not a problem yet, but I think potentially the biggest threat is decreased access (hours and locations right @ public transportation hubs). In order for libraries to thrive long term, I believe parents must take advantage of easy access so their kids learn that library visits are routine.
186	7/25/2012	We have to be creative in our funding and not solely be dependent on taxes and levies
187	7/25/2012	ALEC!!!!!!! A.K.A. The American Legislative Exchange Council. They're looking to, in a nutshell, privatize everything. In your case, it'll look like Wal-Mart getting subsidies to carry more books while the library system is dismantled.

195	7/25/2012	All demographic groups continuing to have access to the community via the library.
196	7/25/2012	Continually expanded copyright law keeps knowledge out of the public domain and makes access to materials unnecessarily expensive.

215	7/24/2012	Not able to afford new materials
216	7/24/2012	<p>lack of funding to the extent it results in not just reductions to programs but essentially leads to their demise</p> <p>Apparently funding is the biggest threat. Though I still think it's an odd question.[]</p> <p>[]</p> <p>But here's the thing: why do you assume that all your money has to be forcibly extracted from the unwilling? That's theft. Call it whatever you like -- 'taxes' is as good a word as any -- but what it comes down to is you demanding money from people who don't want to give it to you, and somebody bigger than us giving you your way.[]</p> <p>[]</p> <p>What on earth is wrong with private donations? There was this guy once called Andrew Carnegie who set a perfectly good example. There's NPR -- another example. There are Bill and Melinda Gates, who can't seem to find enough worthwhile education-type charities to give their money to (so they give it to non-worthwhile ones). And it's not just The Rich you can be dunning. What about normal people who *use* the library? Or the ones who don't use it but believe that Other People should? It's an assumption that library funding can only come from government. That assumption was wrong to begin with and has since -- now that the government has eaten the economy, and now that we have the internet -- gotten even more wrong.[]</p> <p>[]</p> <p>And it doesn't even have to be charitable donations. I'd willingly pay a reasonable amount (either as a yearly subscription or as a fee-per-book -- only let's keep it small here; if I wanted to pay Kindle prices I'd be buying from Amazon -- think micropayments maybe) for the right (and the ability; let's keep non-functional sites in mind as well) to download all the books I want. Just toss them all up there, like gutenber.org does -- only, since you're a library, you do it with current books -- and let me grab them. You don't need any fancy interfaces designed to make life difficult. You don't need proprietary formats, or special arrangements with anybody else that impose more restrictions, or even a nifty-looking site. []</p> <p>[]</p> <p>I would never, of course, download free books from any illegal sites. But I can't help having noticed that there ARE sites that have plenty of books I would LIKE to download and that they make the process perfectly painless. Except for that threat of lawsuits. And they've done it without any tax money whatsoever. If THEY started charging a few cents per book, and used the money to bring the whole thing aboveboard, I would not ever come looking for a library site at all.[]</p>

218	7/24/2012	sweeping budget cuts that do not take into account the vast resources free libraries make to our communities
219	7/24/2012	Lack of funding!
220	7/24/2012	Apparently, lack of funding. I am not aware of any other "threats."
221	7/24/2012	Digital media
222	7/24/2012	Funding.
223	7/24/2012	Legislators and voters prioritizing perceived tax cuts (that actually only benefit the super-rich) over funding for public schools, libraries, and the arts.

224	7/24/2012	Lack of funding to keep our libraries accessible, current, culturally-relevant, and modern.
225	7/24/2012	no funding
226	7/24/2012	Inadequate funding
227	7/24/2012	That funding them is even considered a choice. It should be automatic and untouchable.
228	7/24/2012	A lack of understanding that without taxes services like libraries cannot be provided
229	7/24/2012	Funding
230	7/24/2012	Need to find stable funding. Donations from philanthropists... ☐ Threat is an increasing population in Mult. County and shrinking tax dollars.
231	7/24/2012	Reduced hours and staffing. Keeping staff in their buildings where they have a relationship with the library patrons they serve.
232	7/24/2012	Public funding
233	7/24/2012	Not enough money
234	7/24/2012	Funding -- not being properly prepared to anticipate projected resources
235	7/24/2012	Voters like me who are totally disenfranchised with the way in which our libraries are trying to be all things to all people rather than being a resource of good reading materials and encouraging a love of reading. Being involved with homework help (and I'm a public school teacher!!) is NOT the job of the library!!!!!!!!!!!! My tax dollars already pay teacher's salaries to teach children while they are AT school. I shouldn't have to pay AGAIN to help them with their homework!! Job search?? Not the job of the library!! My tax dollars already pay for the computer bank at the unemployment office. Internet cafe?? No way!! Let private business provide computers for playing games and scanning porn! That is NOT where I want my heard-earned tax dollars to go!! If I wanted to pay for p orn I would do so myself...BUT I DON'T! And I don't think I should have to foot the bill for someone else's disgusting habits!!! My children, grandchildren, students or myself should NEVER have to accidentally wee that stuff just because we entered a tax-funded public library!! Your WASTE of our hard-earned money for bleeding heart duplication of services is your biggest threat. I no longer use the library system and won't until it returns to a focus on promoting READING of decent and wholesome materials!!!

246	7/24/2012	Lack of funding, and lack of awareness about programs and services.
247	7/24/2012	The inability to adapt to people wanting immediate access electronically and less wanting a physical space to go to.

248	7/24/2012	Tax levies not passing because of economy
249	7/24/2012	Budget cuts?
250	7/24/2012	no funding
251	7/24/2012	Poor choices by government with the use of tax money.
252	7/24/2012	Funding and interest from community
253	7/24/2012	Theft and waste.
254	7/24/2012	Money - not enough resources to fund all the important services
		trying to be everything to everyone. with the world expanding, there may have to be a limit. Does the library need to have
255	7/24/2012	all the latest television shows on DVD? Sure, it's great, but is it within the function of the library? Maybe just classic movies and educational videos.

256	7/23/2012	At this point the biggest threat is a failure to understand what a library district is and anger about cut hours. There was not enough info about what effect the levy would have on hours and services prior to the last election. Now people are confused and bitter about the result and not about to vote yes on a request for a library district. So for heaven's sake put more thought into how/when you ask for money and give thorough explanations of the effects. For years there was confusion about the the Friends of the Library and the Library Foundation --- probably still is. People were never clear on which of these groups does what. The same is about to happen to the plans for a library district Don't attempt to fashion your info for "the choir." Fashion it for those who easily throw up their hands in disgust over confusing messages. I'm a former library employee and have been approached on the bus, on the walking trail, etc. by loyal library patrons who want to say to someone ---- "that last levy request was a bust ... unfair ... there's no way people will vote "yes" again. In short .. take care!
257	7/23/2012	I'd argue the declining tax revenue that place greater budgetary pressure on all public services. Behind this is a notion that public services like libraries (health care, education, take your pick) are not worth the cost of funding them.
258	7/23/2012	Underfunding is the biggest threat.
259	7/23/2012	More shortened hours or possible closure of libraries due to lack of funding.
260	7/23/2012	Everybody uses them and no on wants to pay for them.
261	7/23/2012	Censorship aside, Under funding.
262	7/23/2012	The biggest threat is likely to be funding. We have one of the most used and loved systems in the country. We just need to keep it open.
263	7/23/2012	The harmful trend in American politics to privatize everything. Federal and local governments should take pride in a strong library system.
264	7/23/2012	The growth of electronic media and people not utilizing physical "books" as well as diminished funding due to higher unemployment rate and fewer tax dollars being collected to fund programs.
265	7/23/2012	Attitude about taxes and realities of the local economy
266	7/23/2012	The lack of adequate funding. However, continuing to increase property tax levies is placing a disproportionate burden on property owners, including many elderly and unemployed or underemployed who are just barely making it now. The funding issue is tied to a complete overhaul of the Oregon tax structure. I realize reformation of the Oregon tax structure is beyond the scope of the commission, but I encourage you to work with local and other county governments to pressure the legislature into fixing our revenue stream for the benefit of all Oregonians.
267	7/23/2012	Funding is clearly a huge threat. I think another potential threat is lack of use and therefore lack of voter support when budgeting becomes a concern. I know that I seriously reduced the number of visits I make to the library with my toddler when our story time changed from a weekday to Saturday.
268	7/23/2012	Inadequate management of the financial resources available, a bloated system that hasn't adjusted to the current economic conditions of the city and state. PERS

269	7/23/2012	The biggest threat is that the materials in them degrade / are not current. Content is key, it is the reason people go to the libraries (newest books, best reference sections, media). I am also not a believer in the library system being used as a proxy for other community service organizations. I only ranked the kids stuff last because I don't have them (and don't plan on having them). Book delivery for seniors is fine - but I think that is what the post office is for. Programs for job seekers should be left up to someone else, not libraries.
270	7/23/2012	Access and funding.
271	7/23/2012	Lack of funding.
272	7/23/2012	People tend to think about taxes as a personal cost and do not understand the large amount of influence a strong library has on a community as a resource and home base for community development and growth.
273	7/23/2012	Lack of stable funding
274	7/23/2012	less days open, shorter hours, enough money for new media
275	7/23/2012	Lack of understanding how important it is to have easy access to books. I grew up in a small town that did not have a public lending library and was very thankful that one of the used book stores was willing to share their books. I do not want to see the electronic age nullify the importance of reading for our younger generation.
276	7/23/2012	Government cuts from the top down, and by top I mean at the Federal Level--especially anything that benefits ordinary citizens. Our property taxes are killing us, \$700 a month. We've been in our house for 32 years, but we really can't afford to stay here and ever hope to retire. Pushing all these expenses down to the individual is not going to work. Most of us ardent supporter of schools and libraries, but when you flat don't have the money for any more increases, you're forced (for the first time in our lives) to vote against these most important services.
277	7/23/2012	The biggest threat to our libraries would be closing them on the WEEKENDS, especially in lower socioeconomic areas. Libraries are a safe-haven and refuge for many families and children on the weekends.
278	7/23/2012	Question #5 is invalid --- There is only one valid answer for our family --- that the library be open at least six days a week. None of the other answers matter, yet the computer defaults to select our choices which invalidates the question completely.

285	7/23/2012	Funding is the obvious answer.
286	7/23/2012	That funding will not keep up with increased demand for current and electronic materials.

287	7/23/2012	Homeless people taking advantage of the free services. i.e. not reading, learning, etc. but just loitering.
288	7/23/2012	Lack of funding - I would support a Multnomah Co. sales tax with some of the money going to libraries over continued property tax levies.

317	7/22/2012	Budget cuts and those making decisions about funding underestimating and ignoring the benefits of having a library.
318	7/22/2012	Apathy... and lack of funding. I wish we valued libraries as much as funding the military.
319	7/22/2012	Trying to address all the needs with declining resource base, i.e., loosing focus on the core mission of the public library. To me that mission is ensuring that citizens have access to up to date information and to encourage/promote literacy for all.

326	7/22/2012	I for one am never going to 'Vote Yes! On Libraries!', for precisely that reason. I would happily, however, vote No on daycare centers for illegal aliens, or cell phones for Welfare moms, or whatever the issue of the day is. Would this free up some money for you? Can you get it on the ballot? We can't buy everything. Are libraries more important than other stuff, or not?[] [] Also, libraries are for books, not 'programs'. 336	7/22/2012	The effect of the recession on attitudes toward tax increases.
337	7/22/2012	Failure to adhere to formal policies - should enforce fines & fees, including refusal to lend further materials for those whose account exceeds \$10. Should also limit lending to those with any fines or fees above \$1. Increase security & monitoring of noise levels: I've been in branches where teenage boys are harassing young women for sex - I've reported to branch personnel, who basically shrugged shoulders & did nothing (North Portland), even after 2 different episodes on 2 different occasions. I have stopped going to that branch as a result.
338	7/22/2012	Reduced hours and materials will cause people to use the library less, which will cause a further reduction in hours and materials, bad news for everybody.
339	7/22/2012	Funding and voter apathy
340	7/22/2012	Not adopting technology, and adopting too much technology. Digital readers are good for some types of reading (magazines, pop lit., general reference), but studies have shown that individuals retain more of what they read with tactile pages. That said, there are low-cost digital readers available that should have more publicity, especially for shut-ins.
341	7/22/2012	Keepin up with e-book and online alternatives to traditional library services.
342	7/22/2012	Funding.....people that have jobs or don't use the library, regardless of the reason, do not really see the value lost when funding is cut, hours are cut - it effects A LOT of people.

358	7/22/2012	<p>lack of funds, the current economy, being dependent on current types funding. Right now the new proposal will on the ballot at the same time as money for schools. The Oregonian ran an editorial suggesting that the library proposal be taken off this</p> <p>year's ballot because it saw schools and the library in conflict for funds during this time.</p> <p>I agree that that is a threat for the new library district. I don't have an opinion on if the library ballot should be withdrawn or not. 422	7/20/2012	loosing funding for all the amazing resources that they currently offer. Unfortunately technology presents a double edged sword. While bringing new avenues to a certain population it can be limiting for the masses. This poses the question to many, what is needed to thrive and remain in the mainstream verses what is wanted. Your task is daunting. To have the insight and vision to meet the future in a manner that is rich in knowledge for a broad human condition.
423	7/20/2012	
424	7/20/2012	I'm not entirely sure what is meant by this question? My opinion perhaps?[] I believe people will learn to adjust to a new schedule with the library being closed on Mon and reduced hours. I think what matters most is offering programs and open hours that meet the needs of the public and working families. So, please stay open till 8pm at least a few days and open Saturday. Job seekers have other resources through employment dept, etc. However, there are not as many other programs for elderly and toddlers, so those programs are critical in my opinion.

428	7/20/2012	County funds usurping library funds. Lack of autonomy.
429	7/20/2012	Budget cuts. I regard schools and libraries as our country's most important assets but these are the first to go when economic times get tough. Without a literate and educated population this country cannot prosper.
430	7/20/2012	People believing that google and netflix and kindles will fill all of our needs and that East Portlanders and other east Multnomah County people are less important than those who live in the PPS district. As an East Portlander, I'm very tired of city leaders paying so much attention to the inner core of Portland and neglecting everything east of 82nd. It would be nice if Multnomah County does not fall into that trap.

435	7/20/2012	Having to wait too long for materials.
436	7/20/2012	Closing down would be a real loss to the community in Kenton. Overall people should have access to reading and learning materials.
437	7/20/2012	Having to rank these extremely valuable services in order of importance because further reductions in any one of these categories will disproportionately hurt our most vulnerable citizens.
438	7/20/2012	Invisibility. The library needs to continue an aggressive outreach to make sure people understand the potential at their disposal. Most people don't even know what they accomplish at the library.
439	7/20/2012	Funding.
440	7/20/2012	People take libraries for granted and don't understand how valuable they are to a community.
441	7/20/2012	Government wasting our tax money on other things and claiming there's nothing left for schools and libraries. Stop raising taxes, just put schools/libraries first. They spend it all on bike racks and crap no one would vote for, so when they run out of money they can cry "schools and libraries!" and people vote to raise taxes. If the library were a priority for the local government, that would be a big help. [] [] Technology isn't a threat if libraries embrace and use it well. I love the iPad books available now!
442	7/20/2012	Lack of financial support, I think. Online materials are taking over many aspects of periodicals but the Multco Library seems to be doing a fabulous job of keeping up by offering electronic formats. I do think the library needs to make everything as convenient as possible for people. I love the online hold system but frequently don't have enough time to stop by the library to pick up materials, especially because of traffic/parking at the central location.

443	7/20/2012	Funding cuts
444	7/20/2012	I don't believe there are any threats to our local libraries. I don't believe property owners should bear the burden of funding the library. Why should one who owns property have to fund everything? The entire community should fund it. [] The library is a very important resource for many people, however, reduced days and hours is not reason to panic. I don't believe the library should be open on Sundays anyway, it should be a day of rest, as it used to be observed as one.
445	7/20/2012	the homeless problem.
446	7/20/2012	The biggest threat to our local libraries is the taxing authority being outside the pervue of the library and so closely tied to property taxes.
447	7/20/2012	tax compression. we need a new model for local government funding (remove the property tax limitation and allow taxes collected to actually reflect property values) that will protect funding for libraries (as well as other necessary services)
448	7/20/2012	Evidently funding.
449	7/20/2012	Apparently, funding.
450	7/20/2012	Funding.
451	7/20/2012	I feel like taxpayers at voting time don't understand what a crucial resource libraries are for the community. The biggest threat to our local libraries is "stop 7 days services" to the public. The reason is every person who using this libararies on daily basis will loose a day chance of service provided, ;such as person who check an email on daily basis.[] []
452	7/20/2012	I could see that we could keep 7 days service by shortening a daily hours of library's services could accomodate public needs rather 6 days services to meet budget cut requirements.[] Thank you.

465	7/20/2012	A lack of money.
466	7/20/2012	Not using funds efficiently. Too much money is spent on materials in foreign languages. There should be a much smaller collection of foreign materials. Bi-lingual materials are fine. There are also too many copies of the same book being purchased.
467	7/20/2012	The cut back hours and Monday being closed at all libraries. Also, the public stealing library items or damaging library materials.
468	7/20/2012	Funding challenges
469	7/20/2012	The biggest threat I think would be cutting the actual hours in the day the library is open and also days of the week. This is because it would limit the population to who could go to the library. Also then the next threat is probably all the resources (classes, job searching, etc.) that is highly needed.
470	7/20/2012	Not enough money to be open sufficient hours and to hire enough librarians
471	7/20/2012	THREAT? ☐ weird choice of words...
472	7/20/2012	Across-the-board cuts, and the attendant mistaken idea that they are the "fair" way to deal with times of economic difficulty. At times such as this, it is even more important to have library services available to everyone.
473	7/20/2012	Loss of funding
474	7/20/2012	Not sure....I don't mind the Monday closures, but hope it doesn't get much worse than that. Would rather have limited hours than branch closures.
475	7/20/2012	Outdated materials and cutting hours.
476	7/20/2012	The new Electronic books. Nook's, kindles, ect. The internet in general has obsoleted the use of a physical book other than the pure joy of holding a book in your hand, the traditional feel of a good book.

505	7/19/2012	Loss of funding is the biggest threat.
506	7/19/2012	Here I am ignorant. My personal fear is that as ebooks become more favored, physical books will fall by the wayside and receive less priority in supply and availability.

515	7/19/2012	A defunding spiral, in which cuts mean decline in service, decline in service means decrease in use, which means more defunding, etc.
516	7/19/2012	loss of funding due to economic conditions. as a result, voters could defeat ballot measures for library funding and enhanced resources.
		Reduced funding.[]
517	7/19/2012	For Central, I think the lack of social services makes this location a magnet for homeless and mentally ill people. It would benefit all patrons and the homeless if there was a more appropriate facility for these folks to use that offered more of the services they need (bathroom, laundry, place to be at least during the day).
518	7/19/2012	Not to be able to access materials
519	7/19/2012	The biggest threat is loss of public financial support of our libraries. The economy is poor, and people perceive their taxes as too high. People looking for a place to make budget cuts might see our libraries as a luxury rather than a service benefitting society as a whole. We need to keep plugging those services such as helping people with job searches and helping school children so that the library isn't seen as a luxury.
520	7/19/2012	A balanced and reasonable funding plan that is supported by a healthy majority of the (voting) population is needed. If costs will be too high, the whole system could come down. [] A base service level should be guaranteed and NOT be subject to every-few-year voting uncertainty. Additional functionality can then be added as optional/voted-on measures, such as charging a per-checked-out item charge of \$ 0.25 and annual membership fee versus increased property taxes.[] [] Having ballot measures being tied to all-or-nothing library (yes/no) is too risky: it can "force" people who support the library in concept to oppose it if the proposed cost is too high.....
521	7/19/2012	Not enough funding to purchase new books and to keep libraries at least 6 days a week.

527	7/19/2012	Funding for new books and programs. The funding for the library system should be consistent enough for long term planning and some be marketed to the public for the good that this service provides to the community.
528	7/19/2012	I wouldn't know that, but I'm assuming the threat of lack of funding.
529	7/19/2012	Underfunding

533	7/19/2012	Lack of stable funding.

535	7/19/2012	Reducing the levels of services with perhaps the incentive to save in the short term with the supposed intent to resume when the present economic crisis is over. This is the very worst thing which could be done; people need libraries more than usual at times like these to establish contacts via email, etc. and to email both alert, cognisant of world developments and to maintain their literacy and numeracy.

550	7/19/2012	Not enough funding. All of these things above are of the utmost important to the community.
551	7/19/2012	The Internet

552	7/19/2012	The corrupt and sold-out government, their greedy corporate puppeteers, and the lack of responsibility this country has right now for using OUR money to pay for the things we need most as people. It disgusts me that we even need to have this conversation. I say stop funding the war and start funding the libraries, teachers and schools again. That would make the libraries safe.
553	7/19/2012	A lack of comprehensive funding for libraries period, not just fomented by certain strains of anti-intellectualism, but from wasteful spending in the form of unnecessary spending to renovate or remodel libraries in at-risk neighborhoods. The threat from people who do not have homes and who abuse the library's patronage system is also a major threat for the Central Library.

It's inconvenient for the people who have computer/internet access at home and can spare the cash to buy a book on Amazon. But it is devastating for the people who need access because they don't have that at home.

591	7/19/2012	Inadequate funding
592	7/19/2012	Overspending on videos and music. I appreciate the up to date resources, but it seems like the Library treats their business model like a Netflix and then wants to continually hit voters up for more money. 606	7/18/2012	Funding. The economy will only continue to get worse. Things will not get better for several years. Instead of asking for a district at \$1.22, please consider a lower rate such as ~\$1.08. Yes, this would mean that we would have to cut some library services, but it's much more likely to pass than \$1.22. A 37% increase is a LOT to ask of voters considering that they will also be voting for other increases such as schools, police, fire, etc. Ask for a lower rate, get a district, reduce some services (but be open 7 days a week; do an excellent job of informing the public as to why this is), and then a few years from now you can go back out to voters and ask to increase the district amount, if necessary. You will have to ask for an increase anyway if the current levy runs to expiration in 2014.

629	7/18/2012	Lack of funding
630	7/18/2012	Lack of funding causing shortened hours. As it becomes more difficult to get to the library when it is open, people will get out of the habit of using it as a resource, creating a downward spiral.
631	7/18/2012	Do to lack of enough funding more branches will close and the void that is left may not be filled by other resources making it very difficult to fill the needs that the library fills for many patrons. People go to the library because they enjoy it and because it is a valuable resource for many things. I don't want to ever see this privilege eliminated from my life or community.
632	7/18/2012	I don't know. I guess funding by what is stated at the beginning of this survey. Not sure.
633	7/18/2012	loss of funding
634	7/18/2012	<p>1.Theft. □</p> <p>2.Indifferent attitude, people not aware they have to pay to have the fine services that the libraries provide.</p>
635	7/18/2012	Funding.
636	7/18/2012	rising expenses and economic pressures.
637	7/18/2012	The biggest threat is underfunding being done by the government.
638	7/18/2012	programs and hours reduction
639	7/18/2012	the internet.
640	7/18/2012	falling behind our kids technologically

641	7/18/2012	destroying their present character by making them into entertainment centers & not information & service centers
642	7/18/2012	THE APATHY OF VOTERS
643	7/18/2012	Short sightedness
644	7/18/2012	Funding I believe. People should be aware of all the different options you have at the library. I love the easy check out counters and being able to put books on hold and also renewing online is amazing. Thanks
645	7/18/2012	lack of adequate funding
646	7/18/2012	Lack of funding.
647	7/18/2012	The biggest threat to our local libraries is that the public has grown to expect all the of the programs above. You are correct to rank them because the least popular or needed programs should be cut or reduced to stay within the budget. The public will adjust to libraries opened less hours and with less services.
648	7/18/2012	Funding, theft rate was high in our branch, not sure if this has been resolved
649	7/18/2012	The internet.
650	7/18/2012	I don't think there is any threat.
651	7/18/2012	Funding. It's shocking that they can't be open 7 days a week with full hours. When decreasing library availability it pushes our kids into different avenues for entertainment and education.
652	7/18/2012	lack of funding
653	7/18/2012	Not having access for those who need it most: poor, kids with no computers and a safe place to study and do homework.
654	7/18/2012	The biggest threat to our libraries is online media.
655	7/18/2012	Multnomah County - just like all government entities, the salaries and benefits are more important than the service.
656	7/18/2012	Continued collapse of our economic system at all levels, here and abroad coupled with an undermining of the concept of contributing to the "commons" to the idea of the very idea of the public supporting cultural, art and social institutions, leaving such support, instead, to the private sector who increasingly provide advertising revenue, a "sell-off" of our public "brands." Then their is the largess of the "top 400 people, not percent, people, 400 own more wealth now than the bottom 185 million Americans taken together" (Gar Alperovtiz) so it follows that over time our Library system will need a makeover to emerge as not the Central library but the Schnitzer Information Center and the neighborhood branches to reflect the biggest employer and landlord (e.g. PSU EcoDistrict) or group of businesses such as Lloyd Center Library.
657	7/18/2012	Unreliability when not open 7 days a week.
658	7/18/2012	Lost or stolen materials.
659	7/18/2012	Diminishing revenues at a time when people need the service the most.
660	7/18/2012	New tech ways of reading and looking up information

661	7/18/2012	Lack of funding
662	7/18/2012	Nothing.
663	7/18/2012	Apple; the iPhone, iPad, computers...
664	7/18/2012	Budget cut that affected our local libraries. They are important educational and informational centers for our communities.
665	7/18/2012	The demise of the printed book mostly
666	7/18/2012	none
667	7/18/2012	Lack of funding
668	7/18/2012	Reduced funding. Besides hours open it is critical to have enough staff. Good, qualified librarians provide so much in terms of access and information. They are amazing resources and often know so much more than most people realize.
669	7/18/2012	People don't like to pay taxes.
670	7/18/2012	Budget deficits.
671	7/18/2012	Operating Costs
672	7/18/2012	Not enough funding and the move to digital media.
673	7/18/2012	I think the Biggest Threat to Any Institution is a Denial of the Evolving Needs or Trends of Society. The World is Going Digital, And the library is Embracing that Evolution. But to Evolve Completely the Budget and local library Accessibility Need to Reflect that Evolution. If that means the Budget Now in Place for limited Hour Availability Should be Embraced and Not Fought. I would Not Support any Further Tax measures to Extend local library Hours Beyond Current levels.
674	7/18/2012	lack of funding, cutting hours
675	7/18/2012	Lack of consistant and reliable funding.
676	7/18/2012	not enough money?
677	7/18/2012	Lack of funding.
678	7/18/2012	Lack of funding.
679	7/18/2012	probably lack of money coupled with more people using the library...
680	7/18/2012	Lack of funding.
681	7/18/2012	Those who don't use the library don't know the riches, both print and electronic, that are available; Nor are they aware of the help that one can get to access these resources. And they therefore don't see the necessity for continued funding of the library and its resources.[] [] I often see booths for non-profits at Farmer's Markets during the summer. Does Multnomah County Library ever send teams of library staff out to such venues?
682	7/18/2012	Homeless people at Central library Lack of funding.[]
683	7/18/2012	With a more restricting schedule you could see overall less use due to inconvenience of new limited schedule. There could also be more crowding/foot traffic within the during the new schedule.

684	7/18/2012	Lack of funding curtailing hours and availability of services
685	7/18/2012	The web redesign scares me. I sure wish it was in the hands of someone else.
686	7/18/2012	People's unwillingness to pay taxes.
687	7/18/2012	Funding.
688	7/18/2012	Funding
689	7/18/2012	Funding - of course, and sadly!
690	7/18/2012	The top three priorities I ranked here are my personal priorities, but I believe all of the six services listed in question 5 are important to the community, whether or not I need them or they apply to me.
691	7/18/2012	Funding cuts
692	7/18/2012	1. Property owners who do not see that libraries help everyone. They are the great equalizers. 2. Knowledge should be free, and some people don't understand that libraries ensure that everyone has access. 3. Indifference.
693	7/18/2012	Lack of funding.
694	7/18/2012	Lack of Funding
695	7/18/2012	Not enough money
696	7/18/2012	people not understanding the importance of libraries
697	7/18/2012	Cost of running the library
698	7/18/2012	Priorities - which are hard to put in order. Everyone has their favorites. I think that the gentle, nurturing presence and services of the the library are so important. As a community, we pay such pompous lip service to children and education but in the end those things are disregarded in favor of bike lanes? parking meter scams?
699	7/18/2012	Cost of doing business.
700	7/18/2012	Not being open enough robe reliable
701	7/18/2012	??
702	7/18/2012	Funding to operate and keep current
703	7/18/2012	budget cuts and too much technology
704	7/18/2012	Lack of money.
705	7/18/2012	not open enough hours.
706	7/18/2012	funding
707	7/18/2012	Unions and PERS system for retirement
708	7/18/2012	Lack of sufficient funds.
709	7/18/2012	The biggest threat to libraries is lack of understanding on the part of the public that to run a quality system it takes stable funding that can be counted on to develop budgets, plan program and adequately staff with highly qualified librarians.
710	7/18/2012	lack of funding
711	7/18/2012	lack of funding
712	7/18/2012	Funding and an increasing burden to fill in the gaps of the social safety net.

713	7/18/2012	Lack of stable and sufficient funding.
714	7/18/2012	funding and the economy
715	7/18/2012	The biggest threat to library is the current mis- management of funds and mis- representation perpetuated by upper management and the county as a whole. You have disrespected the very patrons that have supported your institution; and until you change you mindset you will continue to fail.
716	7/18/2012	The people who may not need to use its resources and do not know the importance of a library for those that do need it. They feel that it's a waste of taxpayer dollars and therefore will not vote for measures that support it.
717	7/18/2012	Sounds like lack of funding.
718	7/18/2012	The biggest threat is obviously funding. With the current economy, the library is dealing with less funding, as well as a high volume of people. With everyone trying to cut costs (and book chains such as Borders closing down) the library provides a free and safe haven for individuals and families. I think with an adequate amount of funding and donations (in media or money form) the library could continue operating well, but I don't know when or if that will ever happen. [] [] One thing I would suggest is a deisgnated area where patrons could make small donations. These might already exist, but if they do I never see them. While I am not rich, I definetly make enough to be able to donate a bit to the library here and there, and would gladly do it.
719	7/18/2012	Lack of consistent funding and the understanding of citizens in how the library is funded.
720	7/18/2012	Having to reduce in any way
721	7/18/2012	Lack of money available to keep them open.
722	7/18/2012	Lack of funding and lack of community using the library. I absolutely love that we have libraries and utilize them when I need them. I do not use the more than once a month but when I do use them, I need them. Please do not cut back on hours and funds to our libraries. They are such a valuable resource to me and I could not manage with out them. I check out videos, books, utilize classes, and also internet from time to time. Our libraries offer incredible resources at a cost that makes them usable to everyone in our community. I feel this is so important.[] Thank you.
723	7/18/2012	Apparently, lack of funding.
724	7/18/2012	Lack of funding.
725	7/18/2012	Lack of funding.
726	7/18/2012	When we consider that libraries are the intellectual brick yards of our civilization, fundamental to our survival and growth in providing knowledge of ourselves and the world around us, the biggest threat would be the lack of a stable source of funding.
727	7/18/2012	illiteracy
728	7/18/2012	I think that libraries should be open every day and long enough so people can go after work.

729	7/18/2012	The printing industry. My previous employment (as they went out of business) was working in accounting at a printing company for 20 years. I could see all of the corporate annual reports we printed every year and as the computer and internet got bigger and bigger the less and less we printed. Corporations would just put them up on their website and not print them anymore and save themselves money. So in the future as less and less printing is done and books are all e-books, the library will be used less and less as technology grows.
730	7/18/2012	The growing rate of families who don't read with their children, thus raising kids who lack an innate love of literature.
731	7/18/2012	Can't say
732	7/18/2012	funding.
733	7/18/2012	losing funding
734	7/17/2012	Homeless people making the library unappealing to visit (mostly downtown)
735	7/17/2012	Lack of funding
736	7/17/2012	Funding? It seems to me that the libraries are very well funded and do a good job allocating funds to serve constituents. Modernization (computers/electronic books/etc) might be a challenge.
737	7/17/2012	money of course
738	7/17/2012	Community at large does not know how well-used, busy and important our branch library system is to the children, adults and businesses in branch areas. Some folks are only thinking of their personal usage and not the well being, education and access to all that public libraries provide.
739	7/17/2012	nothing
740	7/17/2012	Funding
741	7/17/2012	unknown, as I am not involved with the library system.[] Media suggests underfunding.
742	7/17/2012	Lack of funding.
743	7/17/2012	Funding/going under "private" management. That would be a travesty.
744	7/17/2012	not enough money to fund all of the programs that we LOVE
745	7/17/2012	Taxpayers who are too cheap and myopic to see the value of public libraries.
746	7/17/2012	Our broken system of tax collection -- the disparity between the federal government's ability to raise revenue at the expense of the states. To a lesser extent, Oregon's reliance on income tax and the lack of a sales tax is a problem.
747	7/17/2012	Lack of funding.
748	7/17/2012	Sounds like funding if what I read in the paper is correct.
749	7/17/2012	Sustainable funding, therefore I would vote for a library district
750	7/17/2012	Shorter hours and folks losing their jobs.

751	7/17/2012	The wrong distribution of money by politicians and people in charge will make it harder and harder for libraries to operate to their full potential. As far as public facilities and access to such, libraries offer so much that to lose those resources would be terrible to our communities. When individuals stop thinking of themselves and their bank accounts and truly lead for the good of others, then money for libraries will not be thought of as expenses that can be cut off.
752	7/17/2012	over used/and way to many over paid employees,Cutiing back the hours after being told by the lib. employees standing out front of the branch (Which I believe should be looked into) All we were told was! with the pasing of the Bond that it would keep all services at current leval. Then 2 weeks after having it passed they cut hours.Maybe 5 hours on the weekends during the summer is ook.But they should keep the opening hours the same.I voted for the bond and feel I was duked by the lib. employees and their hard sell. That isnt a right thing for them to do.As I am writng this on Tuesday afternoon I can see lots of people working here I think all branches should cut 5% of the work force be open all week days at10 and maybe a 12-5 on Sunday and a 10am-5 on Saturdays.
753	7/17/2012	Deviating from core mission. Movies, cds, comics are not necessary. Extended hours, seven days a week not necessary. There are budget tradeoffs with schools, etc that need to be made. I love the library, and wish we could have a cadillac but reality is other services like schools are underfunded
754	7/17/2012	Lack of funding
755	7/17/2012	A NEEDED resource for al COMMUNITIES! We must keep libraries OPEN...to supprt educational and communit opportunities for ALL. Thanks!
756	7/17/2012	Inability to maintain structures and collections. The current reduced hours; library not open after 5 pm makes it challenging for working adults or families with children in childcare until after work to access the library.
757	7/17/2012	Funding, digital books, & shelf space.
758	7/17/2012	lack of funding
759	7/17/2012	Closure
760	7/17/2012	Don't know.
761	7/17/2012	hours and days being cut back
762	7/17/2012	Money
763	7/17/2012	Not being open when needed
764	7/17/2012	Lack of adequate funding.
765	7/17/2012	Pornography being accessed through the internet terminals.
766	7/17/2012	Cutting funding!
767	7/17/2012	amazon and multimedia accessible from home
768	7/17/2012	It sounds like budgeting.
769	7/17/2012	Lack of funding.

770	7/17/2012	Budget Challenges, reduced funding resulting from difficult economy and lack stimulus to restrain spending in much of government
771	7/17/2012	Short-sighted thinking
772	7/17/2012	Funding, it would seem. It is used resource. As a community we need to fund it. I do not know how the funding is spent, but I doubt it is wasted.
773	7/17/2012	The internet.
774	7/17/2012	Budget holders not understanding that libraries are the gateway to education and imagination. Libraries change lives. The 6 year old son of a friend browsed a book shelf, found a book on knights, developed a passion for fencing and became a junior champion in the sport. Browsing is vital for children.
775	7/17/2012	cut back on hours and staff
776	7/17/2012	Lack of sufficient funds. Fortunately, most people appreciate how important libraries are.
777	7/17/2012	Lack of funding
778	7/17/2012	No more than for all public services: prioritize services, control costs, funding
779	7/17/2012	Internet
780	7/17/2012	Funding. Apathy of community members who don't use the services or don't value them.
781	7/17/2012	lack of funding
782	7/17/2012	Teabaggers, if I may be bluntly political. Lack of sufficient finding.
783	7/17/2012	The biggest threat is going backward on many advances that have been made, such as services and programs for non-English speakers, children and senior citizens.
784	7/17/2012	Funding cuts!
785	7/17/2012	I am not sure, but I would guess funding.
786	7/17/2012	Public perception that libraries are outdated or useless because of the Internet, or that they are not necessary to be funded because that individual person never uses them.
787	7/17/2012	Lack of funding and lack of current resources. Education is at the core of all issues. The more the library can support access to information, the better.
788	7/17/2012	Lack of funding, I guess. Fire?
789	7/17/2012	Misunderstanding about the need for the new funding streams for the library... especially after just passing a recent levy. I think the communications efforts for the fall need to be very clear. I think it will be very easy for people to misunderstand the "ask" in the fall.
790	7/17/2012	poor budget management by the state government -- first schools, and now libraries are threatened? Ridiculous! Let's keep everyone illiterate and unemployed! Great plan.
791	7/17/2012	Not enough funding to keep all the branches open with the current wonderful level of services.
792	7/17/2012	Our current system of taxation, which results in fluctuations of income affecting services and programs reliant on them, with no reliable rainy day funds set aside to weather market slumps. We need a more stable source of funding and to maintain a rainy day fund to ensure this disaster doesn't worsen or repeat itself.

793	7/17/2012	lack of funding
794	7/17/2012	1) Development districts & other tax giveaways & 2) politicians overreaching to try to pass too big a levy increase. The increase should be no more than 20-25% in a 2 year period to be palatable to voters. There is no place to say this later on, but a jump from .89 to 1.19 is too big. I do NOT agree with the choices you provided, and only voted for the current level because there was no intermediate choice. To preserve people's ability to afford to live in Portland, property taxes need to increase slowly, and the total increase of taxes, water/sewer bills, etc needs to be considered together, especially as we are still in tight economic times. The way for the library to get more money is for the City of Portland to stop taking properties off the tax rolls needed to fund basic services - the City should be able to forgoe their own portion of tax revenue and spend it on development if they want, but should keep collecting taxes for County and library programs.
795	7/17/2012	Payroll and pension costs....prior commitments eating up resources before the money ever gets to the front door.
796	7/17/2012	Short-sighted politicians and inefficient bureaucrats. That, and a public backlash to voting more money to the libraries, only to have hours and services cut months later.
797	7/17/2012	People that don't understand the advantages and only see it as a tax burden. I encourage my friends to use the library instead of buying books. Great resource but don't feel that it needs to be open every day.
798	7/17/2012	Lack of funding and getting ignored by the community.
799	7/17/2012	funding
800	7/17/2012	Lack of understanding of the convenience and financial advantage of the shared resource.
801	7/17/2012	Tax cuts
802	7/17/2012	funding?
803	7/17/2012	Funding.
804	7/17/2012	Seems like funding. Having to pass levies on a regular basis seems like an unnecessary use of time, energy and money. Plus, voters are becoming so anti anything that might cost them a penny and from which they perceive they don't personally benefit, that I think it is crucial for the library to have stable, free-from-the-electorate funding.
805	7/17/2012	More reduced hours. Lack of funding.
806	7/17/2012	Im not sure
807	7/17/2012	Ignorance of the masses
808	7/17/2012	Competition for tax dollars.
809	7/17/2012	People not realizing how great of a public resource it is and not using it enough.
810	7/17/2012	Readers' (Kindles/iPads etc)
811	7/17/2012	funding cuts
812	7/17/2012	Not enough funding.
813	7/17/2012	that new books or content will not be available.

814	7/17/2012	local government, mis-management of revenues
815	7/17/2012	Economic squeeze' politics which aims to further deprive the neediest members of our population to the benefit of 'have's'.
816	7/17/2012	Lack of access, technology and quality materials.
817	7/17/2012	Trying to be too many things to too many people.
818	7/17/2012	Poor budgetary management coming from the state.
819	7/17/2012	That people do not realize how important they are until they are gone.
820	7/17/2012	Budget cuts are the biggest threat in my eyes. I find the politicization of library funding to be particularly annoying, as libraries play such an essential role in our community, and in my family's life personally.
821	7/17/2012	lack of funding; apathy by the community
822	7/17/2012	Lack of funding from budget cuts.
823	7/17/2012	Not sure. Cost? Lack of information around the funding issue? Education? Folks don't want to pay for a service they think should be free, or don't want to pay at all if they don't use it. Folks don't see how libraries make their communities stronger, whether or not they access them.
824	7/17/2012	That people think they're not important, and that an easy way to reduce their taxes would be to cut library funding.
825	7/17/2012	Trying to do too much. Not focusing on very specific goals.
826	7/17/2012	Lack of funding. People do not know the amount of resources we have available!
827	7/17/2012	Lack of funds to keep them open and to allow them to offer much needed programs to people who need the services there. Also, the growing use of electronic readers which download books are a false replacement but cannot AT ALL replace the services offered to children to instill a love of reading, or to those needing the classes and programs offered.
828	7/17/2012	e-books (which is a good thing in most cases)
829	7/17/2012	well it seems i need to investigate costs for running the library
830	7/17/2012	Not sure.
831	7/17/2012	Gradual cuts that will eventually cripple our library system. I'm afraid that the underfunded levy is the first step. I hope that the county decides to move forward with and actively support a library district which will demonstrate that our libraries are a core service and we won't stand for 20% cuts to this department.
832	7/17/2012	In this day and age children are so exposed to computers, televisions etc. We've got to introduce the library, books and reading early in life to encourage future book readers and library users or I feel as though they will be nonexistent.
833	7/17/2012	Money, of course!
834	7/17/2012	Lack of funding!
835	7/17/2012	Lack of funding due to taxing the lower classes of wage earners beyond their capacity.

836	7/17/2012	No question: the biggest threat to our local libraries is the idea that they would somehow not be funded. I can't even believe we are HAVING this discussion. The fact that somehow we need to have it is just beyond the pale. Libraries have always been a center of learning, discussion and community growth. I cannot even conceive of my community without its libraries. There are some things that are intrinsically worth paying for out of the pot of taxpayer dollars - libraries need to stay on that list.
837	7/17/2012	Budge cuts due to lack of use
838	7/17/2012	Illiteracy, I guess.
839	7/17/2012	Unstable funding.
840	7/17/2012	lack of funding
841	7/17/2012	Funding cuts. Our library system is used by everyone I have talked to and raved about. I get value from my tax dollar. Kids growing up using our libraries will make better community members as adults because their world is bigger than the neighborhood.
842	7/17/2012	That they will close.
843	7/17/2012	Anywhere delivery of information: cell phones, netbooks, iPads, laptops, and computers. The perception that books are the sole purpose of the library, especially by people who never go to the library. Most people don't read much. Negative feelings associated with "failures" at learning and a permanent school record to prove it.
844	7/17/2012	funding
845	7/17/2012	Lack of funding
846	7/17/2012	The unsustainable benefits received by public employees that continue to erode our ability to pay for anything else
847	7/17/2012	Poor regional economic health.
848	7/17/2012	Apathy, and lack of funding.
849	7/17/2012	I don't know enough about your situation to answer this based on any facts, but here's my guess. In an effort to constantly keep up with the latest technology, the libraries may find themselves choosing between "cool" new technology and basic library services, e.g. remaining open at least 6 days a week. For example, if I had to choose between having laptops available for use at the library and having my library open more hours, I would choose :more hours." Also, for example, if I had to choose between computer classes for seniors and book delivery for the homebound, I would choose book delivery.
850	7/17/2012	Nook and Kindle

		Zombies. []
851	7/17/2012	Kidding, I would guess the expansion of local financial disparities and a lack of understanding of community shared financial support for the system. Clarity and openness in financial needs, of the system, may assist in a motivation of those able to provide extended financial support. [] Also exposure and open "book" policy of city, county and state funding may provide increased personal financial participation.
852	7/17/2012	Oregon's over-taxed home owners. Let's get a sales tax going!
853	7/17/2012	Lack of funding making it less accessible to users.
854	7/17/2012	lack of funding
855	7/17/2012	people who can hide in their house with the net ;)
856	7/17/2012	Funding. citizens taking the service for granted[] []
857	7/17/2012	I do not think library has to be open 7 days a week or even 6, 5 days enough but its cannot be be monday to friday, so many workers need the weekend time. just because one must plan time to go does not mean service is inadequate.
858	7/17/2012	lack of funding; lack of awareness by city leaders of the critical role that libraries play in the community
859	7/17/2012	Right wing republican overlords denying food and insurance to the underclasses.
860	7/17/2012	Funding.
861	7/17/2012	people not turning their material in on time
862	7/17/2012	Community not viewing it as a resource.
863	7/17/2012	Funding, obviously.[] Lack of young people reading, interest in reading.
864	7/17/2012	The Kindle? I dunno. I don't think anyone should be barred from the libraries EVER, so I really don't have a solution for this, but it is a bit scary as a woman downtown having to wind your way through all the homeless that hang around outside. I think that has less to do with the library and more to do with needed other social services :)
865	7/17/2012	Internet... people don't read literature anymore. Funding.
866	7/17/2012	If they have to reduce hours, it will be harder for people with jobs to find time to stop in to pick up and return materials. I think that would reduce the amount that people would use the library.
867	7/17/2012	Lack of funding. materials being damaged, stolen, therefore increasing operating costs
868	7/17/2012	Reduced staffing and library hours. Library employees are a precious resource and need to be supported and maintained.
869	7/17/2012	Lack of funding, lack of new material
870	7/17/2012	couch potatoes who don't visit the library and thus don't support it.
871	7/17/2012	Funding.

872	7/17/2012	people who don't believe that libraries have anything more than books to offer. as in, "who needs libraries when we have google and e-books?" and libraries don't do a good-enough job of getting the word out that they have much, much more to offer than paper books.
873	7/17/2012	lack of funding because people might not see the importance of a library.
874	7/17/2012	Other than lack of funding? I'm not sure.
875	7/17/2012	Limited budgets to keep them open and the catalog stocked with relevant, current and useful materials.
876	7/17/2012	Funding cuts.
877	7/17/2012	It seems our libraries are stretched thin for services that can be and are provided by other places. i.e. programs for toddlers that could be provided by the community centers.
878	7/17/2012	Funding!!
879	7/17/2012	ebooks
880	7/17/2012	I use the library primarily to check out books and as study space, but I'm pretty sure I'm in the minority in really focusing on wanting a good fiction selection as to opposed to other media (research materials, music, movies, periodicals, etc.). I think the biggest threat to the library would be the widely divergent interests of the patrons and not being able to do enough with funding to make everyone happy.
881	7/17/2012	<p>The biggest threat to me when at either of my local libraries is the security. The Gresham library is bigger than Troutdale and requires a sheriff as the variety of people coming in to the Gresham library don't always get along. The manager of the Troutdale library has to work very diligently at keeping a sense of safety and security because there are groups of preteens and teenagers coming in that have trouble obeying the rules - in a crowded library (such as Troutdale because of its size) the rowdy teenagers can cause patrons like myself to become too uncomfortable with their presence and force me to leave before my planned time. With the Gresham library, the balance between providing library services and a sense of persona safety can be difficult when the library is crowded. However, the Gresham library's size makes having activities for all age groups more feasible.[]</p> <p>[]</p> <p>The library has changed dramatically since its inception. Societal changes, including computer technology, have placed more demands on library staff than ever before. Besides challenges in funding for the libraries, the need for training staff workers to be of better service to its patrons is the biggest threat to our local libraries, in my opinion. One of the areas of concern to me are behaviors of people with mental problems that disturb others. In a crowded library, it is no wonder that a sheriff would be needed as these behaviors can be quite scary.</p>
882	7/17/2012	Obsolete materials and programs
883	7/17/2012	Lack of funding.
884	7/17/2012	Cutting hours of availability. The PRIMARY purpose of the library is availability of books for the public. All other services are secondary to that. Shutting down branches and cutting days open should always come as a last resort after cutting other "programs."
885	7/17/2012	Not enough funding

886	7/17/2012	Limited hours and non-current materials.
887	7/17/2012	Parking and cutting hours
888	7/17/2012	not enough money, also the internet makes online research for students easier

891	7/17/2012	lack of funding, reduced hours when more people are depending on the libraries
892	7/17/2012	Funding!
893	7/17/2012	Only being open during the day and the week. Night and weekend hours work the most.
894	7/17/2012	Funding and lack of communication from the public about what the public wants, so this is a great step! :)
895	7/17/2012	Indifference of the local population.
896	7/17/2012	Lack of adequate funding
897	7/17/2012	Not enough funding?
898	7/17/2012	Budget cuts and Kindles
899	7/17/2012	on line resources and funding
900	7/17/2012	The biggest threat to our local libraries is an economy dominated by big corporations that see only increasing quarterly profits and high executive salaries as goals. The corporations with lobbyists are gobbling up all the wealth with impunity. It has made us all paranoid and defensive about paying taxes since the 99% are struggling every day financially to live up to standards of living we see on TV; and the 1% are too insulated from the 99% to comprehend the injustice of the stark wealth inequalities in this country.
901	7/17/2012	Funding

912	7/17/2012	Funding
913	7/17/2012	Kindles and electronic books.
914	7/17/2012	Don't know...I am guessing lack of public support, but perhaps the survey topic is leading me to say this...
915	7/17/2012	Not sure, but I would venture to guess it would be accessibility of patrons to utilize the libraries.

916	7/17/2012	Funding, it limits hours, staff and resources.
917	7/17/2012	Lack of funding!
918	7/17/2012	Lack of funding and e-readers.
919	7/17/2012	Lack of funding
920	7/17/2012	lack of education
921	7/17/2012	Lack of funding.
922	7/17/2012	The Internet.
923	7/17/2012	Lack of sufficient funding for the above listed items
924	7/17/2012	Reduced budgets. Closing the library and reducing hours, I think its great to keep them open *later* instead of opening at 8am and focusing on letting people pop in find a great book and leave.[]
925	7/17/2012	[] So many people have computer access to find jobs, and can usually do these things any part of the day but those who are employed suffer with limited library access constantly.
926	7/16/2012	Anti-tax sentiment
927	7/16/2012	Clearly funding, because usage is very high at this time.
928	7/16/2012	It seems obvious that lack of adequate funding is the biggest threat.
929	7/16/2012	Lack of understanding of importance of libraries in promoting literacy, providing expertise in obtaining information. Feeling among some voters that libraries are extraneous because of the internet and ebooks.
930	7/16/2012	not enough funding, ans SERIOUSLY re-check the people volenteering,. I have found many people that stopped going to the one in tigar because of the volenteers
931	7/16/2012	e-readers and television. People don't see the need for actual paper books anymore. Though I now own a kindle, and have checked out kindle books from the library, I don't think they should replace actual books.
932	7/16/2012	Lack of funding. Libraries provide such a great resource for people of all walks of life, particularly people who have less money. By removing funding, they remove the access to resources that the common person needs.
933	7/16/2012	Insufficient funding and citizens not willing to ante up with taxes to cover essential services. Library access being an essential service, in my view.
934	7/16/2012	loss of funding
935	7/16/2012	most members of the Rebulican party, and corporate and wealthy-eletists.
936	7/16/2012	I'm not really sure.
937	7/16/2012	Closure. Budget cuts. Putting money towards projects that should be considered secondary when compared to the importance of our libraries.
938	7/16/2012	Ignorance. People are not aware of all the programs that are available through the library and how it helps the community.

939	7/16/2012	Lack of funding? GODZILLA ATTACK! I have no idea. I imagine the greatest direct threat is suffocation by lack of funding, since money is needed to maintain the collections, to hire dedicated and competent librarians, and to provide all the extra educational and information-related social support programs. Thus, the second greatest threat is indifference, because a population that is indifferent to the services which a vibrant library system provides is not going to participate in the function of that system and is not going to complain when that system is threatened by resource diversions.
940	7/16/2012	
941	7/16/2012	Limiting access.
942	7/16/2012	Lack of funding, ebooks, people don't read as much anymore
943	7/16/2012	lack of access
944	7/16/2012	I think it is lack of a continuous revenue source.
945	7/16/2012	Lack of stable funding
946	7/16/2012	Lack of funding. The demand is there based on what I see on my frequent visits to the library.
947	7/16/2012	lack of funds
948	7/16/2012	Funding
949	7/16/2012	I'm not certain there is any threat, other than a slow eroding of available information due to electronic sources. Getting more money. Too much focus on being 'leading edge' and not enough focus on the basics. You installed new technology to enable patrons to check books out themselves, which should have resulted in labor savings as well. Find more ways of running efficiently (look to real manufacturing or businesses for process efficiency leadership) instead of offering more programs and services, so you can stay OPEN without asking for more money. Run yourselves like a real business, please.
950	7/16/2012	Inadequate funding? [] Lack of public support for increase in funding?[] Lack of security measures to deter theft of library materials?[]
951	7/16/2012	[] I'm not sure what you mean by "threat" - it would have been helpful to have some "threats" listed so that I could chose one from your list.
952	7/16/2012	funding due to lack of information/education in the community about the importance of libraries, reading, and access to information.
953	7/16/2012	Cuts to the services and funding
954	7/16/2012	no idea
955	7/16/2012	not being able to circulate e-media as widely and effectively as traditional media
956	7/16/2012	I don't know if it's the biggest, but e-Readers certainly aren't helping.
957	7/16/2012	Non-readers who don't want to help fund them.
958	7/16/2012	Securing enough money to keep these highly-trafficked cultural assets running smoothly and actually delivering on the opportunities that libraries create in Portland communities.

959	7/16/2012	Lack of funding
960	7/16/2012	Lack of funding

963	7/16/2012	loss of funding
964	7/16/2012	Internet.
965	7/16/2012	I can't tell you how many people don't know about the wonderful computer access the library offers. I use it all the time. I'd like to emphasize getting kids to the library because I think it starts a good habit. I don't even have children. All the priorities above are important!
966	7/16/2012	I honestly don't know. I suppose, of course, funding is the most important and probably the biggest threat.
967	7/16/2012	funding in tough economy.
968	7/16/2012	Loss of funding! Lack of current books.
969	7/16/2012	Lack of funding! And ignorance among some members of the community about what the library actually 'does'
970	7/16/2012	Lack of funding
971	7/16/2012	I get concerned with it is suggested that the patrons pay a fee for the books they check out.
972	7/16/2012	Lack of support in valuing it for the tremendous resource it is. Do not want to see a 'dumbing down' effect created by reducing and/or eliminating this precious and critical establishment for all. It is a constant boost for our society.
973	7/16/2012	Funding and gradual curtailment of hours and services is an obvious answer, but I think that publisher constraints on e-book loans are a huge challenge for all libraries in the long run.
974	7/16/2012	Funding and competition for resources with other county departments
975	7/16/2012	Lack of adequate funding.
976	7/16/2012	The service and the help
977	7/16/2012	Funding cuts due to the poor economy, due to persistently widening income gap etc.
978	7/16/2012	Libraries are often lower on the money priority list than emergency services, roads, and schools. These days money has to go further, and there's less of it.
979	7/16/2012	Cutting more services
980	7/16/2012	funding inadequate
981	7/16/2012	People forgetting what a great resource they are.
982	7/16/2012	Staying relevant with selection in eBooks, as well as appropriate number of licenses.
983	7/16/2012	The internet of course.
984	7/16/2012	Complacency
985	7/16/2012	staying relevant to younger generation
986	7/16/2012	Ignorance, immaturity, short-sightedness, and a lack of civic responsibility.
987	7/16/2012	Not having the funding to keep the doors open to all.

988	7/16/2012	Spending more on admistration costs, than on books. Also, trying to be everything to everyone.[] That is, Second language users, movies, baby reading are beyond the scope of what a library should be.
989	7/16/2012	Not being able to provide a place for knowledge
990	7/16/2012	I just think that people have less constructive time when the library is closed--the threat is to the community, not the library.
991	7/16/2012	Apparently, it's the shortage of funds.
992	7/16/2012	Lack of funding.
993	7/16/2012	Lack of funding.
994	7/16/2012	reduced funding that will cut services. libraries allow access to materials that most people would not be able to purchase. without them, the at risk population will really suffer.
995	7/16/2012	Lack of funding
996	7/16/2012	No state and federal funding available for basic programs that benefit all members of the community.
997	7/16/2012	Not sure.
998	7/16/2012	Lack of adequate, stable long-term funding and a poorly educated citizenry. These are actually one and the same problem. Because we have inadequately educated our citizens they have lost the understanding of the position a library holds within its community. Those issues which made the library relevant to the citizens of ancient Alexandria were the same issues which made libraries relevant to our foundling nation when Benjamin Franklin lobbied in favor of municipal libraries, and they are the same issues which make our library pertinent now. If we teach our citizens that "no new taxes" is not a valid political platform, is in fact an untenable one, then we might be able to convince these same people that supporting the public library system is a winning investment. Library funding is a "1 + 1" equation where the sum returned is always greater than 3.
999	7/16/2012	Please do not close local branches! Our libraries are such an incredible asset for each of the neighborhoods where they currently exist, for parents with young children, for teens, for the elderly, for job seekers, for those with limited incomes that need access to the internet and to books and media. I am so proud of the Multnomah County library system and think it is one of the most important benefits of living in Portland. Please do all that you can to protect what we currently have. I always support funding measures and am willing to contact local government officials in support of our libraries.
1000	7/16/2012	Lack of funding.
1001	7/16/2012	Lack of funding.
1002	7/16/2012	budget
1003	7/16/2012	In general, lack of use is the biggest threat. Luckily, that doesn't seem to be an issue in Multnomah county.
1004	7/16/2012	The agenda of politicians.

1005	7/16/2012	budget cuts which lead to programs being cut.
1006	7/16/2012	Taking them for granted. They are such a great resource for the entire community.
1007	7/16/2012	that we dont get the funding we need to keep them open, then we will be out of luck what will we do then?
1008	7/16/2012	Lack of operating funds.
1009	7/16/2012	Remaining relevant in the face of technology.
1010	7/16/2012	poor schools - no longer teaching people basic reading and writing skills
1011	7/16/2012	Not enough money to do everything it should: for materials, open hours, services to all.
1012	7/16/2012	?
1013	7/16/2012	Probably lack of funding.
1014	7/16/2012	Not putting the district on the ballot, ie not enough money.
1015	7/16/2012	lack of funding
1016	7/16/2012	Reduced support, resulting in fewer hours and/or falling behind in what current technology offers.
1017	7/16/2012	Lack of public support ie \$\$\$. Please note that question 5 in survey would not all me to rank importance on my blckberry.
1018	7/16/2012	The North Portland branch, I believe, is threatened by violent crime and drug-related crime that occurs at the nearby intersections (N. Haight and Killingsworth and environs). People don't want to risk their lives or safety to go to the library. I can't stress enough the importance of (a) the reading programs for young kids and teens to help them do well in school and see that life has options and (b) police and other security presence to ensure the safety of law-abiding library-goers. It might help to clean up the convenience store located nearby, which seems to be a magnet for unseemly activity.
1019	7/16/2012	Budget cuts
1020	7/16/2012	Middle class and wealthy non-library users who don't understand that not everyone can afford to have internet at home and buy all the media they want. The local library closes the digital divide between the haves and have-nots- that keeps them from being further polarized. I worry that the people calling the shots don't understand this.
1021	7/16/2012	Lack of public funding
1022	7/16/2012	The community becoming disengaged and deciding not to fully utilize the services
1023	7/16/2012	Not being able to sustain the great levels of service to the community
1024	7/16/2012	Projecting ways to keep up with changing technologies.[] [] I think voters generally approve tax levies for libraries. It is important to get the number right when a levy goes to voters for approval. Credibility is lost when voters approve a levy and then lose services anyway.
1025	7/16/2012	Crime from dangerous people hiding out inside.
1026	7/16/2012	Maintaining funding levels

1027	7/16/2012	Implementing services that are not cost effective, stick to core services and don't go chasing technology or services with marginal return. Unfortunately Libraries suffer during economic cycles. The economy is down and will probably stay down much longer than we ever imagined, or is actually the "new normal".
1028	7/16/2012	Their dependence on government funding and taxpayer money
1029	7/16/2012	lack of money and those who would censor
1030	7/16/2012	I'm not sure. I do wonder/worry that folks use the library for computer access solely, and not for books. Maybe that's ok - maybe that's the future. But I'm not sure I want my tax dollar to pay for internet access, yet maybe that's just another form of reading? I'm ok funding books - maybe I'm just 'old school'.
1031	7/16/2012	I think they should have dedicated funding and I would be okay with a tax to keep them open more. I used librarys when I was very young and they were always a place I loved to go.
1032	7/16/2012	That we loose them altogether or even that the hours get greatly reduced.
1033	7/16/2012	Poor budget management, which includes not planning for changes in the economy.
1034	7/16/2012	I think the library is trying to do too many things, then chooses to cut patron hours instead of opting to discontinue non-core programs.
1035	7/16/2012	on line and internet resources taking away the materials. Also, people not wanting to support it due to taxes. I think it's very important to keep up. I like the feel of the books and don't like reading on line. Also, my child checks and books and videos and want to keep that interest going.
1036	7/16/2012	Lack of funding
1037	7/16/2012	not enough money to stay open, provide services
1038	7/16/2012	theft, and people not returning books. What would help would be to have a volunteer system set up that you as a home owner would receive "tax" credit for volunteering at the library...
1039	7/16/2012	The increase in the lowlife population of Portland!
1040	7/16/2012	Not enough money for them, that biggest threat is funding. It's a national problem of course, but locally it's a problem wher funding is tied so exclusively to property tax revenue exclusively.
1041	7/16/2012	Ignorance[] under appreciated value of education[] poverty, issues of transportation for people to get to library, feel like they can go in becuaese of a lack of hygiene
1042	7/16/2012	Lack of funding. There seems to be a general misunderstanding that the library is not being used as much as it used to be but this is not true. The way that people seek information has changed and so the way in which they interact with the library have changed. Public libraries are needed more than ever in this economic environment.
1043	7/16/2012	I would assume budget and funding restrictions in this stumbling economy
1044	7/16/2012	Seems that funding for staff is the biggest threat. Certainly I would appreciate expanded hours- earlier in the day, open Mondays, etc.

1045	7/16/2012	Budget cuts
1046	7/16/2012	Lack of funding.
1047	7/16/2012	Funding.
1048	7/16/2012	funding
1049	7/16/2012	trying to be a community center in addition to being a library. You can't be all things to all people. Rich people who resist paying higher taxes. As a society, we need to agree on what we want and then commit to funding that, regardless of the economy. In hard times, such as these, the rich, not the poor, should pay the extra burden of maintaining the infrastructure that we are proud of.

1059	7/16/2012	Funding is always a problem -- over the past five years we have been associated with libraries in Harwich, MA, Lee County FL and now Gresham, OR. In every case the issues are the same...enthusiastic patrons, funding problems, and questions of reducing hours. MA and FL libraries were always closed one weekday and Sundays.
1060	7/16/2012	Our poor education system. Oregon's income tax reliant flimsy tax structure. Also, self-serving taxpayers throughout Oregon, who enshrined low taxes into the Oregon Constitution (with Measure 5) at the expense of everybody, but especially those who rely on the social safety net and the commons.

1074	7/16/2012	The biggest threat to local libraries is that they will receive less and less funding and disappear altogether. Even the wealthy seem uninterested in the preservation of society's most important assets and achievements: our stories, poems and records. If only the library had fought harder to awaken people to the importance of libraries, maybe they would have received the funding they needed to stay open with more desirable hours.

1078	7/16/2012	Lack of funding!
1079	7/16/2012	I would have to look into it more to actually know what I'm talking about, but it seems to me that libraries have been gradually becoming more of a place of entertainment than learning. It seems a large number of people use the library only to play computer games, rent DVDs or do other things that are purely for entertainment. I love the fact that I can freely rent past seasons of my favorite TV shows or movies that I don't have the money to watch in theaters, buy or pay to rent, but I don't really think tax dollars should be going to pay for unnecessary and noneducational entertainment. As much as I like using the library for entertainment as well as learning, I think money would be better spent keeping seven-day-a-week access to books and other educational materials than it is being spent on DVDs and such.
1080	7/16/2012	I don't really know...funding? But I think its important that they stay open money

1089	7/16/2012	Short-sighted idiots looking to decrease the funding for the library system.
1090	7/16/2012	The biggest threat is inadequate funding which leads to closures, hours restrictions and reduction of staff. A public library should be open and available to the public. Closures not only lead to a lack of access, but also to the reduction of staff, whose knowledge and experience make the library the complete resource it is.

1097	7/16/2012	Lack of funing
1098	7/16/2012	At least one of the biggest threats is thinking of libraries as just places to get books instead of recognizing them as a multi-faceted resource to access information. I've heard people say "books are obsolete, therefore libraries are obsolete". These people most likely do not use libraries, but if they are property owners and taxpayers, they need to be educated on the value of libraries to others in the community. They need to know what's in it for them to financially support a robust library system.

1131	7/16/2012	Libraries, unfortunately, are forced to do too much these days, especially being available for jobseekers to access the computer. Although I find this a very worthwhile role, it seems like it is somewhat outside the role of the library. Maybe more volunteers and assistance from the Oregon Employment Department (agency?) to help staff this role??? Not sure what the answer is, but our library does an amazing job of trying to do everything!!!
1132	7/16/2012	cutting back of funding - less opening days. People, especially young teenagers, will not have a safe and academic environment to visit, spend their time, and learn.

1149	7/16/2012	A cynical move as has already happened in Hood River County forcing the citizens to create a Library District must certainly be a temptation for the County Board. When the economy eventually rebounds and revenues return to normal, Hood River County Commissioners will not be restoring its former funding to the Library System to reduce the overall tax burden. They'll simply up funding for roads and the Sherif's Office.

1160	7/16/2012	I'm not totally sure what the biggest threat is but I just really don't want the libraries to close. I'm an avid book reader and can read multiple books in a week and I don't have enough money to buy tons and tons of books. My local library is my 'mecca', my sanctuary, the place I can go to escape from the world and hide in books. Please don't close the libraries, please.

1169	7/16/2012	The biggest threat is adequate funds to support an expanding array of services and constantl-increasing personnel costs. Our library system is a cadillac with programs expanded beyond the traditional concept of library services. Can we afford to keep operating this cadillac or should we be considering a more economical model? In addition, are personnel costs increasing at rates that are becoming unsustainable?

1183	7/15/2012	The quality of service and reputation our MCL has earned since we moved to Portland thirty-four years ago, will not be maintained. People of all ages will forget about the level of service and access they have come to rely on just as has tragically happened to school libraries. Certified school librarians working in the metropolitan public schools with well-funded materials budgets is almost nonexistent today. And were it not for the MCL, students, teachers, families and the public would be in dire straits.[] Lack of reliable, stable funding threatens our libraries at a time when our citizens need them most.

You told us that we needed to vote yes on the levy to maintain our access to libraries, and then after it was approved you cut access to our libraries. That was disingenuous, and it broke trust with me. You should have been more upfront with what would happen if the bond was approved, before we voted on it. 1203	7/15/2012	My guess is funding. I hope that taxpayers keep approving levy's but if we don't, the services provided by libraries would be significantly limited. I can't imagine there would be a time I wouldn't vote yes for library funding but I think when times get tough, people want to spend less - that includes for services like our libraries. I think censorship probably also impacts our libraries but it's not something I tend to experience b/c I don't access the internet at the library.

1211	7/15/2012	Unsure. Lack of funding?
1212	7/15/2012	closures due to budget. LACK OF FUNDING which can lead to the system being totally CLOSED, as has already happened elsewhere in Oregon. Result, ignorance.[]

1215	7/15/2012	Reducing the hours to less than 6 days a week. I don't think it needs to be open every single day, but any less than six would be difficult on some people who rely on the library for internet or research materials, etc.

		Your choice of hours - preventing job-holding voters from accessing the library to retrieve on-hold materials/use reference services and computers after work - on too many days. 1219	7/15/2012	Parents that employ reading services for kids do read. Days are long, their abilities to access services by themselves often poor.[] [] Lumping job-seekers, small businesses and school-work together is strange. 1252	7/15/2012	The concentration of wealth--the working and middle classes are being drained of income/money and will have less and less with which to pay to support the library. The tiny tiny tiny fraction of people with the wealth will not pay for a public library with their ill-gotten gains.
1253	7/15/2012	Funding is critical. Increasing use of internet from home seems to replace some general reading time.
1254	7/15/2012	Dwindling support and eventual closure or even more reduced hours/days.
1255	7/15/2012	Oregon refuses to get a sales tax which would alleviate the burden of taxes on property owners. We then find the population aging with limited income in retirement and these folks pay the most..then rents are raised..so the poor with children have no affordable housing...on and on. If we as Oregonians could fix taxes with a sales tax, AND make corporations pay their FULL amt , and get rid of the kicker (or whatever it is called when they return \$ to families, etc we could have a fully functioning state, thus county (because people would pay less at state level and be willing to give at county level) Here we are the most used library in the country and we aren't open at least 5 eves a week late so students can study and use the computer etc??? 1263	7/15/2012	Politicians thinking they are not important. I would rank funding for public libraries as important as funding for education and roads. If libraries go away because politicians think stadiums and paying contractors exorbitant amounts of money to build bridges we don't need and public transit that cannot be sustained even at current levels, the country has lost, and we can expect literacy to plummet.
1264	7/15/2012	Not being open to accommodate bus schedules or hours when people can come, e.g, current schedule makes it very difficult for people who work 8-5 or students who have to wait for parents to get home to get them there.
1265	7/15/2012	Not having the funds to buy recently-released books and materials that are in high demand.
1266	7/15/2012	We have a robust system in Multnomah County based on how popular and well used the libraries are, so it appears lack of funding is the main threat.

1267	7/15/2012	Though many of us support the levy, it seems that total county funds actually determine what the library system will ultimately receive. It's unsettling to realize that if the general fund and community economy are unstable and limited, that will negatively impact the libraries.
1268	7/15/2012	I am concerned with continue budge cuts. Appreciate the security present to keep homeless teens / audlts in line.
1269	7/15/2012	lack of funds
1270	7/15/2012	Sounds like funding is.
1271	7/15/2012	Lack of resources
1272	7/15/2012	Trying to do too much. Libraries should be for getting books, etc. Programs for specific groups are wonderful but being open every day should be number one concern. If there is money left over then implement programs.
1273	7/15/2012	Not enough funding to stay current so that the community forgets how important the services of libraries are. My mom was a librarian, so I've always understood the value of libraries.
1274	7/15/2012	Apathy, in the long term. Short term, I'm not sure, probably the economy.
1275	7/15/2012	Funding/bonds based on property taxes carried by home owners...the budget for libraries needs to take this weight off of the home owners..true I can claim my property tax as a deduction..I expect that this deduction through will sometime be cancelled..
1276	7/15/2012	budget cuts due to weak economy
1277	7/15/2012	Being closed, many people do not have computers at home they need access. Having books available for reading is extremely important for all.
1278	7/15/2012	too many bums hanging around the door begging
1279	7/15/2012	People not understanding or valuing what an important role equal access to information on all subjects and all points of view is to a democracy.
1280	7/15/2012	Mismanagement
1281	7/15/2012	Funding
1282	7/15/2012	Money
1283	7/15/2012	Re question 5, at least one library needs to be open 7 day per week-- that's most important re access. The libraries should be on differing schedules so if one must go to the library, another neighborhood would give one that option. Not all 19 or however many branches there are need to be open 7 days, but all libraries should not be cosed on Mondays.
1284	7/15/2012	Continual tax increases leading to funding fatigue. We just voted you an increase/continuation two months ago and now you're crying poverty.
1285	7/15/2012	not enough programs.
1286	7/15/2012	continuing to tax homeowners that cannot afford to keep their houses.
1287	7/15/2012	Lack of financial commitment from all stake holders.
1288	7/15/2012	First, cuts in funding. Second, a lack of funding to improve on an overtaxed yet great library system.

1289	7/15/2012	I believe that people do not know how to budget or use the facilities wisely. I have always supported the library system, but this time it is different. If there is a "threat" it could be that the "people" are getting tired of their continued support only to be asked for more. Remember when the library hired a new Head Librarian? Hours were cut and she got a huge pay raise. Now there are self serve machines checking books out, so where does the money go? So if there was a "threat" it would be from a revolt of the people. Taxes have increased while my household income has gone down. Maybe the library system should take a close look at their staff and see who is worth getting paid and who is not. Also, pet programs by administrators may need to be reviewed for their "value" to the community.
1290	7/15/2012	Lack of funding
1291	7/15/2012	People not realizing the breadth of offerings, and the number of ways the library supports our community, especially those with no where else to go. Teaching children a love of reading, engaging isolated seniors, helping support unemployed people get back to work or entrepreneurs fulfill their dreams of starting a business are all under-recognized methods of maintaining the fabric of our society and supporting the public sphere necessary for democracy. It is easy rhetoric to discount the importance of the library as a civil institution, but when one actually considers the work you do, and the number of places it contributes the overall impact is a bit staggering.
1292	7/15/2012	Funding! Get off the levy system so there is consistent funding!
1293	7/15/2012	Other than funding? Not sure.
1294	7/15/2012	I suppose it is lack of funding, and perhaps e-readers, but I really don't know.
1295	7/15/2012	Lack of funding based on poor education or awareness.
1296	7/15/2012	Lack of funding
1297	7/15/2012	overuse by kids and parents. They are costly programs, and it is parents and children who misuse the books, overtax staff and are often abusive to the building. The libraries have become babysitters and are not fair to other patrons.
1298	7/15/2012	defunding and a lack of public awareness around how essential libraries are to a democratic society.
1299	7/15/2012	Lack of funding to keep offerings fresh and in demand.
1300	7/15/2012	Underfunding.
1301	7/15/2012	Funding cuts. I would rather pay more than see any diminishment of materials, services, hours, or staff. The library is one of the few county provided services that we use, and our most loved. We can find education, enrichment, new interests, new people, and our friends and family all at the library. It is our community.
1302	7/15/2012	government withholding money from library
1303	7/15/2012	Losing librarians. We need them as much as they need us.
1304	7/15/2012	(the above question has problems and wouldn't record my answers)[] Probably lack of resources so it couldn't be open as often. Libraries should be available for us!!

1305	7/15/2012	The only thing I can think of is funds, because libraries are non-profit.
1306	7/15/2012	Ignorance and poverty.
1307	7/15/2012	spending too much money outside of the main purpose of providing books
1308	7/15/2012	Adaptability.
1309	7/15/2012	I think the biggest threat is under funding which leads all of the above six areas being downgraded. When the hours and staffing are cut the libraries do not get used as much and the people think that the quality is lower.
1310	7/15/2012	I don't know.
1311	7/15/2012	Measure 50
1312	7/15/2012	Funding!
1313	7/15/2012	i don't know
1314	7/15/2012	People not knowing the extent of how the library system can serve them.
1315	7/15/2012	more reduced hours
1316	7/15/2012	Budget cuts.
1317	7/15/2012	not staying current with technology, also not available to the public enough hours or days. If you wish to go to the library and it is closed you get an unhappy experience and tend to look elsewhere for the resources you needed from the library.
1318	7/15/2012	I am a bit of a luddite, but I fear that The Computer is a threat to hardcopy. Also, I believe that MultCo has been legilated out of allocating funding for itself, which means that we continue to look at annual cuts to our best programs.
1319	7/15/2012	Not enough hours or books.
1320	7/15/2012	Lack of funding.
1321	7/15/2012	Adequate funding.
1322	7/15/2012	I would imagine funding. I wouldn't mind paying higher fines to help keep our libraries.

1329	7/15/2012	Conservative political agendas...such as, no new taxes for anything Funding - people not wanting to pay for or support the library which is such an important resource for the community. I
1330	7/15/2012	think the Multnomah Library system is well utilized, and it's just a matter of getting the entire community (whether or not each person uses the library) to support it's ongoing presence.
1331	7/15/2012	The digitization of all reading material I think its a shame

1332	7/15/2012	not sure
1333	7/15/2012	Funding cuts
1334	7/15/2012	Not sure I understand the question.. but funding and open hours.
1335	7/15/2012	Public apathy. Failure of the library system to keep up with new technologies and new ways of using/distributing information. Failure to move from physical to digital media. Why is there no stable funding? How could the library be more self-supporting? ☐
1336	7/15/2012	Look to eliminate waste, too many staff at the library now that we have computerized check out. ☐ I have paid so many library fines over the years, where has all that money gone? Please cut out fluff.
1337	7/15/2012	Don't know.
1338	7/15/2012	Obviously this is a time when lean budgets are the biggest threats to our local libraries. City and County agencies are doing what they can to to make budgets stretch and unfortunately it means a cut to all of our public services.
1339	7/15/2012	Not having enough hours to meet the demand.
1340	7/15/2012	Lack of funding for sure - it makes a difference when people have access to current, popular materials (as well as classic or out of print offerings) in well-maintained spaces.
1341	7/15/2012	Lack of funding
1342	7/15/2012	Lack of public awareness on all they offer?
1343	7/15/2012	Republicans that earn over a \$100,000 and do not want to higher pay taxes. The money should come from a state income tax rather than property tax of just homeowners.
1344	7/15/2012	I've noticed a general downward turn in upkeep--i.e. bathrooms not well managed, lighting seems dim, shelves not always well organized. Our libraries should be enjoyable places to spend time. More places to sit with power source nearby.
1345	7/15/2012	Fewer users of the library.
1346	7/15/2012	Tenuous funding or lack of funding.
1347	7/15/2012	For wealthy families to grow indifferent to maintaining them due to their own personal ability to acquire materials through other sources.

1355	7/15/2012	lack of funding and a lack of understanding about all the great services the library provides

1356	7/15/2012	Not making them enough of a priority when it comes to funding. Libraries are a critical resource for all members of the public, especially as the economic crisis continues. Computer access whether you're employed or a job seeker is necessary in today's world. Access to free information in the form of books and magazines as well as movies, cds, and other media can enrich one's life and growth immeasurably. And, finally, the value of the space itself where people come together is tremendous. We must restore hours and work to expand all that the library is able to offer the community.
1357	7/15/2012	Closing branches and losing funding for programs for children
1358	7/15/2012	Lack of money. What else could there be? Oh, wait. Censorship fanatics limiting content could be a crisis, but we don't have too many of them.
1359	7/15/2012	Not enough funding to stay open or the resources to gain new books and new equipment. I think that its hard to get volunteers and workers.

1370	7/15/2012	Underfunding. We take this treasure for granted because it's always there and we check out as many books as we want for free. 1389	7/14/2012	Funding cuts!
1390	7/14/2012	Lack of funding for programs that make them such a good community resource. I would be willing to pay more in taxes to keep them operating.
1391	7/14/2012	<p>New program efforts that are not really the mission of a library system, that undermine the primary mission. The library should not be a community center, an entertainment center, a child-care center, or a school. The city, county, and the community have separate programs for those, funded under different mechanisms. It is not the library's responsibility to step in where the other systems are failing. Hours should not be restricted in order to fund "teach children to read" programs, for example.[]</p> <p>Finally, I feel the "closing on Mondays" really undermines those who are depending on library computer access for their job searches. I think that's unfair, and bad for the economy, whose recovery is the best way to restore prior levels of funding. would rather have a more creative approach to shortening overall hours that does not disenfranchise a key user group who has no where else to go. Alternatively, at least keep Central open 7 days a week.</p>
1392	7/14/2012	<p>The failure of our elected officials to understand that the library is more than just a place to check out books or videos but rather an important component of each local community. It IS a social service as critical as the others provided by the county. The library offers so many people a richness that goes beyond basic material needs. I am concerned that deeper understanding of what the library means and how it serves does not come into play in policy decisions.</p>

1405	7/14/2012	Lack of funding
1406	7/14/2012	Reduced funding and a restriction of hours. When people consistently are unable to use the library because it is closed, they won't go back to using it when/if it's opened.
1407	7/14/2012	Complacency and the Internet for those that can afford it. If those of us with access to alternatives stop using the library and more importantly, stop supporting it, then it might not be there for the rest of the community for whom it is essential.

The library may be quieter, however, not necessarily a better place. The disruptive element has gone underground, where there is, perhaps no 'needful boundaries" at all. This worries me. Youngsters need a broader spectrum to interact with for balanced maturation. It is possible to meet some stinkers, that does not mean we quit on 'em. They are all still out.

1480	7/14/2012	In my judgement, the biggest threat to our local libraries is a lack of use due to out-of-date resources and services. If the system doesn't keep up with the current pace of development in the digital realm, I'm afraid people will go to elsewhere for digital resources for research, job development, and multimedia. That said, it is the library's responsibility as well as that of the city and county governments to effectively communicate to the community at large the array of services available through local libraries.
1481	7/14/2012	THE FUCKING REPUBLICANS
1482	7/14/2012	The current approach to funding
1483	7/14/2012	As more electronic media becomes accessible, the cost of books will increase and the supply of books will decrease. This will reduce the number of people frequenting the libraries.
1484	7/14/2012	stupidity on the part of the electorate. Taxpayers who do not understand the value of or use the libraries.[]
1485	7/14/2012	People who only read the back of the cereal boxes and the TV schedule.[] Proliferation of electronic media to read or buy books.
1486	7/14/2012	Any intended and heinous attempt to privatize them! And possibly as Kindle takes hold, people will do less paper book reading. Yikes!

1487	7/14/2012	lack of funding
1488	7/14/2012	unsanitary conditions
1489	7/14/2012	Digital and electronic media making print materials obsolete.
1490	7/14/2012	funding
1491	7/14/2012	Loss of access due to reduction in bussiness hours. Failure to keep updated, current, media in good condition ... for example the latest books on CD. There is a mis-perception that digital ebooks are effective - rather, they are fraught with technology incompatibility problems and also require patrons to own expensive computer equipment as well as expensive online connectivity. Seattle Public Library system, for example, has made the elitist, inappropriate adoption of digital ebook media - BAD DECISION!
1492	7/14/2012	no one turning in there books and because there not that much jobs so no one paying there taxes so the library don't get payed
1493	7/14/2012	Funding to keep them not just open but for all their ongoing programs as well as for new projects.
1494	7/14/2012	REPUBLICANS
1495	7/14/2012	2 threats: not adjusting and adapting to new technologies and user needs.[] and secondly not being open enough so that people stop coming. People think we do not need them, WRONG![]
1496	7/14/2012	We need them now more than ever. People need to continue to read.[] We are growing a generation of people who can only text and not really speak to each other.[] Please, do not close the libraries.
1497	7/14/2012	Personally, I am most concerned that financial and other pressures mean too much emphasis is placed on providing the most current or most popular books, rather than serving as an archive for older, rarer titles which now get regularly purged. I like to think that if the library bought fewer copies of the hot new books, but found new ways to promote older but still worthwhile titles, patrons might end up being as content with their reading selections and the library would be a more valuable community resource.
1498	7/14/2012	Lack of funding
1499	7/14/2012	I don't know.
1500	7/14/2012	I think the largest threat to our libraries is the economic recession, which reduces the amount of funding the library gets through sources like levies and donations.
1501	7/14/2012	Funding cuts.
1502	7/14/2012	Taxes and loosing resources that maybe helping keep children out of the streets causing trouble
1503	7/14/2012	Tight funding for competing resources.
1504	7/14/2012	Poor communication. I would bet that very few people knew that a significant cut in hours was in the cards so soon after voting for the levy.
1505	7/14/2012	Taxpayers not being willing to pay for this amazing service -- one of the best utilized in the country!
1506	7/14/2012	That the loss of funding will reduce services for people in our community

1507	7/14/2012	Reduced funding, obviously. The desire is there. The need is there. The usage is there. The volunteers are there (aren't they?). We just need to put our money where it needs to be.
1508	7/14/2012	Funding
1509	7/14/2012	CLOSURE.
1510	7/14/2012	Lack of funding Severe reduction of hours at Central Library and branches.[]

1513	7/14/2012	Funding.[] Rules of behavior (protocal) posted and expected in the library.
1514	7/14/2012	the levy funding system. schools also have one and property owners are less willing to pay than in the past.
1515	7/14/2012	Not sure...lack of funding probably, but also vandalism?
1516	7/14/2012	Property tax fatigue and an unintuitive search engine.
1517	7/14/2012	closure
1518	7/14/2012	People not reading books, and publishers going out of business. While electronic books may be the future of libraries, I love having access to printed books. Funding is an issue of course.
1519	7/14/2012	kids not realizing what a great resource it is, and funding
1520	7/14/2012	?[] People not using them or being disrespectful to the library. The ranking program didn't show choices. Just reverted to the original numerical order.[]
1521	7/14/2012	[] Probably lack of funding. should be more in hard times.
1522	7/14/2012	funding i guess.
1523	7/14/2012	Lack of funding.
1524	7/14/2012	Lack of funding
1525	7/14/2012	Reduction of funding
1526	7/14/2012	I don't know.
1527	7/14/2012	people understanding how important the role public libraries are in so many peoples lies. in these poor economic times, I see more families with young children fill the library each afternoon. I see more people using the library as a social meeting place, both for personal and business. we (my family) borrow movies and music. we sit in the library to study or to work,
1528	7/14/2012	not raising taxes for people who earn high incomes
1529	7/14/2012	Funding and patrons stealing or vandalizing resources.

1530	7/14/2012	You have to realize I already support the library sys. with property taxes from 3 properties to the library budget. There is no more to give you. I cannot support 7 days a week with no CUTS to your budget. Look at the rest of Multnomah county. Look at the State's budget. Why would YOU go without cuts? This is unrealistic. Being closed one to two days a week is reasonable. And be thankful you have help from volunteers.
1531	7/14/2012	Funding cuts from those that don't realize the continued importance of libraries, and the varied resources they provide for the community.
1532	7/14/2012	Funding would run out and we would have to pay a yearly fee to use the library.
1533	7/14/2012	Cuts to hours and days closed.
		A large part of the population could use intensive fun seminars for are getting comfortable in the library. Knowing all of the tools that are available and how to use them without feeling intimidated. Maybe little educational tours with active participation practice. ¶
		¶
1534	7/14/2012	Communication to the whole community. We are a little non concerned with this survey as we thought stable funding had been resolved at least to some degree with the last library funding issue. ¶

		A public with a poor sense of priorities . When an electronic media provider can erase any particular content world wide with a single push of a button it is essential that we preserve the full scope of knowledge that can only be found in the library. Full media access for all is essential to community and the protection of information and ideas.
1535	7/14/2012	ourselves...¶ lack of resources
1536	7/14/2012	The biggest threat is not managing costs and work with in the budgets of funds that exist.
1537	7/14/2012	The depressed economy.
1538	7/14/2012	The Republican agenda
1539	7/14/2012	Lack of funding. Falling behind in technology.

1542	7/14/2012	Funding
		lack of use due to everything being accessible via the internet. Libraries need to compete with coffee shops that provide internet and coffee services, amazon and "kindles" are pushing "books" the old paper made out of the way. There needs to be community in the libraries, locations where people feel comfortable and connected to their neighbors and each other. A place to gather and read and appreciate learning. However a library can do that, that is what is important. Otherwise we will all become very solitary and sedentary. Having programs for children and parents, neighbors and other offerings is critical.
1543	7/14/2012	
1544	7/14/2012	Reducing hours. Inconsistent hours so that people are unsure whether the library is open or not.

1555	7/14/2012	The economy and apathy.
1556	7/14/2012	I don't know.
1557	7/14/2012	Ignorance upon the part of elected local officials and their constituents... No community is a great community without healthy libraries. Also, while the implementation of broader digital & computer services has been a great boon to libraries, there is no substitution for LIBRARIANS. Sadly, from universities to small rural libraries, the elimination of staff positions hurts far more than it helps patrons.
1558	7/14/2012	Not being used
1559	7/14/2012	Funding being cut, voter apathy, cultural shifts away from values associated with libraries and the utility of libraries themselves...etc
1560	7/14/2012	Surprised when we went to check out that the books could be stacked up & "scanned" as such to be checked out- if this kind of modern automation is a big expense why not have located the Troutdale library in a bigger location w/more books & large resourse books. We have to drive to the Gresham library when my children are doing a report. [] [] *Concerned w/the people who are using computers in the library for personal use & are not monitored. Safety would be a threat/concern.
1561	7/14/2012	Reduced hours.

1563	7/14/2012	Reduced days/hours.

1565	7/14/2012	lack of funding
1566	7/14/2012	I'm not very well educated about the current situation with our local libraries, so I can't give a very informed answer, but I suppose our economy is the biggest threat.

1567	7/14/2012	Keeping up with mainstream electronic technology in a way that continues to enrich lives. The age of personalized media on electronic devices makes it difficult to provide share-able services to the community.
1568	7/14/2012	Lack of funding.
1569	7/14/2012	I don't know
1570	7/14/2012	Republicans.
1571	7/14/2012	new programs that divert money from programs that people already depend on. The programs listed in questions five are excellent. I don't know that all libraries need to be open full hours. People will adjust their expectations. Saturday is important. Some days open until 8 is important. For Hillsdale, for example, you just closed on Mondays. Not a big deal.
1572	7/14/2012	The hours are so limited that it becomes inconvenient for people to use them
1573	7/14/2012	Lack of funding and decrease of the tax base to support libraries.
1574	7/14/2012	Illiteracy, Stupidity, The Republican Party
1575	7/14/2012	Lay offs, shorter open hours.

1578	7/14/2012	Cuts in funding
1579	7/14/2012	lack of funding - money going to completely unnecessary projects, like covering our already safe drinking water.

1581	7/14/2012	budget
1582	7/14/2012	Budget cuts.
1583	7/14/2012	Republicans
1584	7/14/2012	Upper level mismanagement and a lack of creativity in effectively managing the existing available funds. i.e rigid, outmoded, outdated thought. The whole management model apparently needs a re-boot. I contend that a retail style management model would find a way to have a consistent open hours schedule sensitive to when the library is statistically used the heaviest. It may be necessary for the county employees to have to work a less comfortable sort of rotating and/or split shift schedule to provide the required service coverage. It may also be appropriate to geographically consolidate smaller branches and require the public to travel slightly further distances. It may also be appropriate to reconsider which current library services actually "should" fall under the social authority of the library; mail delivery of books to housebound seniors could seem to be appropriate and cost effective using public institution media rate service; but private, in-home computer classes, while admirable, probably should be provided through a different social service organization. Library services should be contained within the physical Library establishments with exceptions limited to meeting some sort of mass-market need. i.e. public school outreach, public senior center outreach. I have always supported the Library levies but at this point would abjectly vote against an increase to \$1.22/\$1000.

1591	7/14/2012	Internet and ebooks
1592	7/14/2012	I don't see any threat. voters support the library consistently. I like the levy method as it requires the library to check in with voters very 5 years and I feel it holds them more accountable to us. I don't care for the district Idea. to me that is creating yet another government agency. And they no longer have to ask voters every 5 years: Are we still doing what you want? With a district they just get their money, they don't have to ask ever again if we like what they do with it. Plus it is not cost effiiecent. If the library froms a district they become a separate entitiy and will need to go out pay for all the shared services they now enjoy from the county at reduced rates, A district will just cost more money and not necessarily improve on the library
1593	7/14/2012	Rising costs of materials, diminished tax base/funding
1594	7/14/2012	I don't visit enough to say for sure. However, it sounds like a lack of funding.
1595	7/14/2012	Modern kindles, ipads, nooks, and all of the stuff that keeps people from communicating with each other. Today people text, email, facebook or twitter! We must keep reading alive~ I voted for[] the libraries to remain viable. One day the 'tech stuff will be a thing of the past' and we will still have our books!! Books are 'the real thing' and they will not go out of style~
1596	7/14/2012	its hard for the people who work and can not go to the library until weekends.. we enoy most sundays. its kind of our day together as a family, if being closed on sundays when would we attend as a family?
1597	7/14/2012	Loss of NEW BOOK funding to other library operating budgets.
1598	7/14/2012	I don't think generally people think to go to the library if they have access to internet and money to buy books. creating a space for people to gather to discover information is so important, but I think without increasing the staff and funding for materials and finding ways to let people know what the library can do for them, the library will become more and more absolete
1599	7/14/2012	The biggest threat to Multnomah County libraries is lack of funding.
1600	7/14/2012	Funding
1601	7/14/2012	Lack of funding

		People who have the fewest resources often don't have a voice. Children especially are at risk. Our libraries can do a lot to meet social, educational and other cultural needs. ¶
1602	7/14/2012	¶ I don't think it is reasonable that funding for our library is less than \$2 per 1000. ¶ ¶ It's hard to rank those above, I don't want any cuts in services to people who already depend on them.¶ When the economy is hot healthy, more people need these resources.
1603	7/14/2012	Lack of money and increased use of internet from home.
1604	7/14/2012	Budget Cuts.
1605	7/14/2012	The economy has made it more difficult for people to say yes to local referenda which would support our libraries financially.
1606	7/14/2012	I know and understand that the shortage of funds has a strong influence as to whether the libraries will remain open and have the materials available to all of us not matter what the age or circumstances of our lives. ¶ ¶ I thought that having volunteers at the library would have releave the strain of the lack of funds, Schools have volunteer teachers aids. Why not the library? There must be duties that volunteers could handle. I am retired and I know many retirees would love to be involved and help out. Plus young mothers who bring their children could also help.
1607	7/14/2012	Spending money efficiently. It's hard to ask the taxpayers for more, so the library needs to make sure they use our money wisely and that we get the most benefit for our taxes being used to fund the library.
1608	7/14/2012	I would guess funding.
1609	7/14/2012	budget restrictions
1610	7/14/2012	Too much is spent on free internet - this is OK for student's research but most people are simply "surfing the net for free".¶ ¶ Library should be charging adults for internet use.¶ ¶ Library should go back to being books & electronic versions of books - modest number of DVD's
1611	7/14/2012	Reducing service levels to the point where residents with higher socioeconomic status chose not to use the libraries because they can get their needs better met elsewhere, and then losing the financial support of those residents.
1612	7/14/2012	Not enough funding to stay open, provide materials, and run programs for the community
1613	7/14/2012	The community not being fully aware of just how much the library and the resources provided affect our lovely city for the best. We need to fund what will continue to help our future!

1614	7/14/2012	Funding sources. It seems to me that the funding for libraries is sort of precarious. I am not well educated in the details, but the idea of a library district, with a set funding source would be the way to go.¶ I am adamantly opposed to library personnel being paid less. I think the biggest threat to local libraries is the possibility of privatization if funding issues are not resolved. Privatization cannot be an option.
1615	7/14/2012	portland public school (PPS) district funding/petition drives. PPS will never have enough \$ and their continued asking makes many vote against any bond measure not road repair related.
1616	7/14/2012	Incompetence of library management. Could the top managers and county officials really not see the shortfall in revenue coming? And why not offer to take the hits themselves, then, and take responsibility for their lack of leadership, rather than pass them on to the public in reduced hours and to the front line staff in cuts and reassignments? The library managers are woefully lacking in leadership skills. They are being led around by the nose, as it were, by huge corporations (publishers, jobbers, vendors of computer equipment) who entice them to buy anything that is new and trendy rather than maintaining their independence and evaluating whether the public really needs these items and the revenue stream can support the purchase and maintenance of them.
1617	7/14/2012	Budgets cuts
1618	7/14/2012	?
1619	7/14/2012	I would say the biggest threat is that those who feel they don't need the library will ignore its necessity to the rest of the community.
1620	7/14/2012	Unappreciation leading to underfunding.
1621	7/14/2012	e-readers and less dependency on actual printed material. So much is available line that i wonder, at times, if not enough people will actually go to the library to check out books.
1622	7/14/2012	Unstable funding
1623	7/14/2012	Like any public service if it isn't funded and there the economy suffers, and the low income are most affected by any cutback.
1624	7/14/2012	Lack of adequate funding
1625	7/14/2012	The columbia river crossing taxes and a general anti intelliectual attitude that has been growing in this country.
1626	7/14/2012	Lack of funding.
1627	7/14/2012	lack of long-term staff who know the local clients
1628	7/14/2012	lack of funding
1629	7/14/2012	Budget cuts.

1630	7/14/2012	The lack of funding. Here we have people who use the library but they are unwilling to give a little to see that the library says afloat. It feels like a take take attitude, as soon as there is a ask for some support a no way becomes the song. Times change the people need to step up to the plate and help support the library for our government seems to think libraries are not important. The community needs libraries.
1631	7/14/2012	Computers.
1632	7/14/2012	Budget cuts
1633	7/14/2012	How would I know? The obvious answer is money. But you can't keep going back and asking for more and more. It's like OPB. For awhile there they had three different channels broadcasting stuff and the mentality of ever expanding their reach. Now they are down to two channels, the secondary one often running so-called "Classic" movies. Is that something were really need? Is that part of OPB's mission: endless Rick Steves repeats and old movies? So yes to stable funding, but how to achieve it, I don't really know.
1634	7/14/2012	i'd have to frame this as what i perceive as the best attribute of our library system which is awesome selection. the buyers are great at picking out not just the top mainstream stuff but the quasi underground music and books. so the biggest threat to me is loosing the great consistently great breadth of media.
1635	7/14/2012	#1. Unstable funding.[] #2. Inadequate funding.

1645	7/14/2012	Lack of funding. Good public libraries build local communities, and teach children and adults to love reading and learning. One of the reasons why I am a reader is because I can access a large selection of interesting books from the pubic library. Cuts to the public libraries are like cuts to public education. These are sad and dark times. Our community will suffer if we do not value reading and learning.
1646	7/14/2012	The county not being able to finance the libraries needs.

1653	7/14/2012	There's a lot. It's hard to pinpoint the most threatening.
1654	7/14/2012	A dearth of understanding by the general public of the importance of funding for public institutions and the lack of public involvement and informed voting.
1655	7/14/2012	loss of funding?
1656	7/14/2012	reduced hours
1657	7/14/2012	Other than Body Odor, i didn't know there was a threat. Are those Damn know-nothing Republicrats at it again, chiseling too much gratt and corruption from the War Widows and Orphan Fund, again?.
1658	7/14/2012	Loss of money
1659	7/14/2012	People not paying what they owe and not returning materials on time/at all. Also, of course, budget cuts.
1660	7/14/2012	Thinking small. We need to support and reward library staff for innovative thinking and solutions, as well as ways for supporters to "think outside the box" on solutions for this much-loved community resources.

1679	7/13/2012	Funding
1680	7/13/2012	The current economic climate is one. Another is the proliferation of e-readers and e-books.
1681	7/13/2012	Funding. Portland's readership and enthusiasm are high; it feels like the library's are well-used.
1682	7/13/2012	Adequate funding
1683	7/13/2012	loss of funding
1684	7/13/2012	Funding it seems.
1685	7/13/2012	The poor economy
1686	7/13/2012	Spending all the money available and then cutting services for lack of funds.
1687	7/13/2012	Funding reductions
1688	7/13/2012	Underfunding
1689	7/13/2012	funding.
1690	7/13/2012	The unstable funding, levy system.
1691	7/13/2012	The ubiquity of information on the Internet. However, I think by and large there are still people who value information that has been published (and hopefully peer reviewed) over random articles on the internet, so libraries still have importance in our society.
1692	7/13/2012	It is not having enough money to run the Library
1693	7/13/2012	Lack of funding to meet community members priorities for use of the library.Funding is a responsibility shared between the local taxpayer and the federal government. Local taxpayers are part of this threat if they are unwilling to tax themselves for the public good. The federal government is a threat, because through the Patriot Act and Bush era censorship/ terrorist scare tactics, it has forced Multnomah County residents to forgo federal funding that is rightfully ours, and should be currently applied to fund libraries with out censorship or tracking of library customer records.

1695	7/13/2012	1. Funding[]
1696	7/13/2012	2. Not providing programs or events that are of interest to their community.
1697	7/13/2012	Lack of funding. I unfortunately don't know enough about what's going on with the funding to have an appropriate response. I consider libraries and particularly their influence on child education and healthy development to be of primary importance in my community.
1698	7/13/2012	short attention spans. People not reading.
1699	7/13/2012	Probably lack of funding, and also people simply not knowing what resources are available through their local library.
1700	7/13/2012	competition among bureaus/agencies for funds
1701	7/13/2012	Perception by some people that the library is just a place where homeless and porn freaks hang out, therefore we shouldn't spend tax dollars on it.
1702	7/13/2012	The absurd yet growing belief that the Internet is some sort of replacement for them.

1703	7/13/2012	I do not appreciate the funding going to alternative agenda materials targeted at our youth. The library should be a place where research and reading happens and sex orientation and political agenda and book lists need to stay out of the children's section.
1704	7/13/2012	loss of funding
1705	7/13/2012	Ignorance of their value to the community is the biggest threat to local libraries.
1706	7/13/2012	Funding
1707	7/13/2012	Lack of funding
1708	7/13/2012	budget cuts
1709	7/13/2012	Honestly, some of the people hanging out there smell so bad, I can't enter the room they're in. It's also uncomfortable having so many homeless people sleeping at the tables. It is because of this I have stopped going.
1710	7/13/2012	Funding not being given appropriately. Libraries should be funded and accessible to all!
1711	7/13/2012	Not enough funding!
1712	7/13/2012	closing them down
1713	7/13/2012	Lack of sufficient funds
1714	7/13/2012	Lack of funding to update technology. [] Lack of funding to have kids programs available.
1715	7/13/2012	not being open all week long not enough spanish coverage at all at Gresham very crucial
1716	7/13/2012	I would imagine that it must be funding.
1717	7/13/2012	Funding
1718	7/13/2012	asking for too much money
1719	7/13/2012	Funding
1720	7/13/2012	mismanagement of spending and resources
1721	7/13/2012	Funding. Drug addicts and the homeless using Central Library for non-library purposes.
1722	7/13/2012	The Tea Party
1723	7/13/2012	NOthing
1724	7/13/2012	Safety and personal security and reduced funding
1725	7/13/2012	Budget cuts because that limits how many materials can be bought to be checked out, how often they are open, and how many programs can be offered.
1726	7/13/2012	Stable, continuous funding. The threat of privatization. Those who say libraries are obsolete because of Google. But libraries are more important than ever, especially in this economy. We need stable funding for the library to help our communities in this time of need.
1727	7/13/2012	Technology
1728	7/13/2012	poor management and poor selection of books/materials.
1729	7/13/2012	Inadequate funding
1730	7/13/2012	The lack of stable funding, and apathy.

1731	7/13/2012	Our libraries closing. Maybe all staff with the city over 20,000 yearly should be come salary. At 20,000 that would free up some money. Hey my neighbor gave me some dried beans and lasagna noodles. I could deliver.
1732	7/13/2012	I'm not sure what you mean by "threat". The worst scenario is not having libraries. Libraries are funded by property taxes, as is everything else. But property owners can't be expected to shoulder all responsibility for all city/county services. I use the library, I support the library but my salary does not increase each time the county or city comes to me for more money to support services. That's the real threat -- tapping out the money resources, i.e. me.
1733	7/13/2012	Funding cuts! Also ignorance about all that the library provides.
1734	7/13/2012	I don't know.
1735	7/13/2012	Apathy!
1736	7/13/2012	Unwise use of resources
1737	7/13/2012	Disinvestment
1738	7/13/2012	don,t know.....
1739	7/13/2012	I don't know - maybe low federal funding?
1740	7/13/2012	budget cuts
1741	7/13/2012	I'm not sure- I feel very fortunate and appreciative of Multnomah county, that we are literate and generally express our value of the public library system by supporting it in bond approvals. I can imagine that such a large percentage of funds coming from a bond needing voter approval would be threatening if our community's expressed values were to shift, but so far, so good. :)
1742	7/13/2012	Shrinking tax base coupled with voter apathy or lack of knowledge of the funding problem.
1743	7/13/2012	Economic system
1744	7/13/2012	As with all public services, funding. Specifically, when those who don't use the library fail to understand the value of its community function, then bad things can happen.
1745	7/13/2012	Funding
1746	7/13/2012	an internal threat--the computer!!!!!!!!!! The games on the computer are ridiculous and i watch young kids play games--- they should put only reading or math games on the computers--not these batting games i watch kids play! Go home and play those games...or better yet, read!!!!!!
1747	7/13/2012	Excessive city/county taxes
1748	7/13/2012	Lack of funding
1749	7/13/2012	Non-users who don't recognize the value of libraries and won't vote to support the cost of sustaining a public, free access to multi-media, multiple programs across the ages, e4tc.
1750	7/13/2012	We need people to want libraries for their community value. People who are only considering their own personal needs should try to reflect upon how all the different groups (age, income, race, ethnicity, education levels) benefit from their access to the various media format. Threat is not the word to use. I hope they change the question to "Why are our libraries underappreciated by the general public?"

1751	7/13/2012	A less and less literate society.
1752	7/13/2012	lack of funding to stay open 6 days a week
1753	7/13/2012	Lack of funding and the stigma created by homeless residents using the library system at Central. The public is in danger of misunderstanding the purpose of the library system and that it is open to everyone, even those people that we prefer to think don't exist.
1754	7/13/2012	Lack of money/funding.
1755	7/13/2012	People have access to books/ reading material via on-line options, can do everything from home.
1756	7/13/2012	Lack of funding/disgruntled users.
1757	7/13/2012	low funding
1758	7/13/2012	The general population not understanding how valuable the local library is, and therefore not making full use of the library's resources.
1759	7/13/2012	Not enough copies for popular material.
1760	7/13/2012	Unstable funding - the library keeps changing their hours.
1761	7/13/2012	Community apathy. The library is very popular and well used but people need to understand that a small cost in taxes gets a huge benefit. If voters don't respond to this need, the downward spiral can begin like it has in other Oregon library systems.
1762	7/13/2012	Lack of adequate funding.
1763	7/13/2012	Funding. Wear and tear on facilities.
1764	7/13/2012	Cut hours and loss of investment for new materials. Biggest threat: loss of budget to stay open. ☐ NOTE RE above - NUMBER 1 PRIORITY, HOURS and COMPUTER access first. (and REFERENCE people of course!). ☐ (if you're broke and don't have computer access you're out of every loop these days) - ALL above other and why is ANY money spent on promotion IN the library (pet peeve: the photo stickers at checkout stations. waste writ large. come ON! We are already IN the library.☐ Suggestion to "marketing department"...why not make people aware of how funding is determined so we can help support the library in our daily routine?☐ i.e. is it by circulation numbers? ☐ is it by a count of people at programs?☐ It might help to counter some of the misinformation floating around influencing people about "government" and UPA - "u.s.a p.a.t.r.i.o.t act" - as "big brother" - peeking at your library record (?) and your card connected to your computer searches... -- "little" erosions of privacy that might not seem invasive to some may keep other people away. 'There's even a public service announcement on the radio features a whiny-voiced librarian ostensibly reading titles out loud of items being checked out....(a "clever" list of about 5 or 6 "how to raise your kids" items...or some such). Yes, I know you aren't responsible for that, but the ALA or someone might contact the government agency that uses this library-negative radio ad and get it off the air. [it's on 620 AM KPOJ, that I know of]☐ ☐
1765	7/13/2012	

1766	7/13/2012	The Internet
1767	7/13/2012	lack of funding - our libraries are a huge resource for all ages and needs to be able to continue to function in an updated and efficient manner. The services provided by our communities are critical to people's lives, especially in a slow economy
1768	7/13/2012	Lack of government funding and a general societal aversion to public works and services.
1769	7/13/2012	<p>I would not have selected the items listed above at the top priorities. I don't think libraries need to be accessible seven days a week, but six days a week means that those who work can have a chance to go on weekends. []</p> <p>As for programs for the young, the old, and the unemployed: all of these are icing on the cake, nice to have when funding is rife but not, I would venture to say, the core mission. Nowhere in your list of priorities is 'sufficient funding to maintain an outstanding and diverse collection of books on a wide range of subjects in the humanities, social sciences, and natural sciences.' That is what I would put at the very top.[]</p> <p>I have no idea what the greatest threat is to our local libraries: I imagine that the answer you want is inadequate funding, but it could be winter mold because buildings have inadequate climate control, or vandalism to books and equipment. In general, however, this is not a good question to ask the general public-- those who do not make the library a career.</p>

1781	7/13/2012	lack of funding
1782	7/13/2012	No state, or federal funding.
1783	7/13/2012	Apparently lack of funding, since we keep approving measures to give them more funds but they have to resort to budget-saving measures such as limiting access (less days open).

1784	7/13/2012	My biggest concern is a lack of funding! We need both open, well-stocked libraries and to pay our excellent staff well and hire plenty of them. I think a lot of folks think the availability of more digital/internet resources means libraries are less crucial, but I feel strongly that our libraries are a vital space for community education about how to access and really use these new resources as well as more traditional ones: librarians are community teachers, and the library is the best community classroom we've developed in the U.S. ¶ In these economic times, especially, the dollars we spend on libraries come back to us in so many ways; this is not the time to relax our support for them.

1795	7/13/2012	Lack of funding
1796	7/13/2012	the biggest threat is underfunding. The library is a valuable resource for kids and adults wether its reading a book, catching up on homework with a tutor or just being able to access the internet. The library is a safe haven for many kids who otherwise might be out on the streets getting into trouble. I have seen kids getting tutored or learning how to read at the library. Many new citizens use the library to learn better english.

1818	7/13/2012	I believe, based on my observations, that increased funding to road work that is not visibly necessary as well as funding to the beautiful boys in blue has been the biggest threats. Families that have no desire for education or improvement of their children. Families who are dependent on Government or other agencies. They do not see the benefit or privilege of the US Library system, a system which which does not exist outside North America.

1823	7/13/2012	Trying to be all things to all people every day of the week.
1824	7/13/2012	I think that funding is very hard. While I know you can donate to the library, I think it would be good to do a larger campaign for library users and to push personal donations. It's something that most people just don't think about.
1825	7/13/2012	Hearing that libraries might be closed down due to funding issues is terrible. What is a community without a library?
1826	7/13/2012	Internet They are not welcoming places to study or read. My local branch **always** sounds like a preschool at recess. Whatever happened to 'quiet - you're in the library'? Adults merely check out their materials and leave, reading or working on the premises seems to be nearly impossible. Frankly, I think this results in a slightly hostile and chaotic atmosphere for adult patrons.
1827	7/13/2012	
1828	7/13/2012	over-use, we need more of them!

1829	7/13/2012	Lack of adequate, dedicated funding keeps the doors closed. I came with my son at 5pm, and our branch library was closed. I am concerned for working people who cannot use the library after working because it closes by 5pm. The library becomes a resource only for a select many, the jobless, at-home parents etc who deserve a full-service library. I remember the library as a standard resource in my life, with long hours open to the public and on every day of the week. Like coffee shops, pubs and cloudy days in Portland, the library should be an expected landmark for active participation. It's tough to rank library use, because toddlers, job-seekers and seniors should not have to compete for library resources. The public libraries are meant to be free, accessible to all and open most of the time. Let's do it!
1830	7/13/2012	Disinterest
1831	7/13/2012	Being closed hours they are needed most, evenings and weekends
1832	7/13/2012	ignorance. I think it is the city misunderstanding just how important libraries are in terms of the value of the services they provide.
1833	7/13/2012	Having libraries that are accessible and well-stocked is a key element of maintaining an educated population and supporting democracy. Funding cuts. As we come up against continued budget shortfalls the gaze of the city naturally turns to publicly funded institutions. I believe the public library system should NOT be the target of cuts and should if anything have bolstered hours and service. The public library is a one of a kind institution that allows citizens of all backgrounds to have access to a vast amount of information, provides internet access to those who cannot otherwise afford it, and its other resources such as job assistance, computer classes for the elderly, and reading programs for children are IMMENSELY valuable not just for the personal development of those it helps but also for the greater economy. Cutting library funding is a TERRIBLE thing. We must have free access to information and vital resources.[] [] Along these lines, cutting hours is also a huge threat. Some people, especially WORKING CLASS people, cannot always make it in to the library during the small windows that they are open. Expanded hours would be helpful not just for convenience but also for wider access.
1834	7/13/2012	
1835	7/13/2012	I remember being in a Kinko's to use the computer and make copies. This was in suburban Washington, DC. The night employees let the homeless sleep under the desks. Our library is quickly becoming this type of problem! never go because it has become a day care center, a drop in center for addicts and the mentally ill, who should be in other care, a geriatric day care center. noisy, dangerous and full of communicable diseases.
1836	7/13/2012	Too much automation and emphasis on a business model, rather than relationships between library staff and patrons that encourage community and the sharing of information among people, not machines. The emphasis on automation is killing the spirit of the library I love.

1837	7/13/2012	The reduced number of younger people who are using alternate methods than the library for their research and learning. If they're used to using the internet etc for homework, then they are less likely to think of the library when they are looking for books to read etc. A focused campaign that reaches out to young people and reminds them that the library can be fore fun as well as homework might lead to that increased traffic.
1838	7/13/2012	Limited access and resources to the public; cuts in resources that the public otherwise wouldn't have.[] I appreciate and use the Lucky day books,current new releases.We also check out many audio books.I like the later hours.[] [] I work for Head Start,home visitor with the famililes (with preschoolers living in poverty). Together we discuss the library,how the family uses their library and the resources. Many of these families rely on the library for resources that otherwise they would not have:children books,computer use,employment searches,ESL and citizenship classes.[] [] To offset staff budget/staff cuts; hire more community volunteeers,student interns (job training).
1839	7/13/2012	Jeff Cogen[] Chair, Multnomah County[] Dear Mr. Cogen: [] Please find another solution to funding libraries than through additional property taxes! We've had enough and would rathe see the faciiliies close than have taxes rise again. [] Thank you.

		In the current economy, I simply do not have the resources to vote in another property tax, or any other long term tax. My house is, literally, at risk.
1852	7/13/2012	Lack of a base of consistent, stable funding. Potential, future failure of voters to recognize the need to continue voting for financial support of libraries.[] Potential influence of spillover to library literacy programs of the national and state level pressures on schools to emphasize micro-level, skills-based literacy approach too much and too developmentally early. Stay aware and stay true!
1853	7/13/2012	An unwillingness to spend budgetary resources on the library system based on a view of libraries as a "nice-to-have" element of the community. When viewed as a necessity, libraries take on a position of budgetary importance alongside roads, emergency services, etc.

1857	7/13/2012	I'm sure it's money. Levies not being voted for, taxes diverted to other county projects, and the like. And apathy, which seems to be running rampant here in the economic downturn.

1873	7/13/2012	I have to watch every penny, cut back on my budget, why can't the Library do that in solidarity with the community at large? Once the economy is back, then ask for funding.
1874	7/13/2012	funding
1875	7/13/2012	I believe that the biggest threat to our libraries is the possibility for them to run out of funding.
1876	7/13/2012	Probably funding. I used to work at a public library and there were a lot of issued with homeless people who sometimes made it uncomfortable for patrons. I think this can be an issue too.
1877	7/13/2012	Lack of funding
1878	7/13/2012	The cutting of services to all citizens. It is one of the perks that the middle class citizen has. Changes in the media consumption habits and requirements of the general public followed closely by attempts by copyright holders to exploit these changes and reduce the ability of libraries to transition. The relevency of the library as a main repository for information and entertainment is threatened as demand for paper books continues to drop and the ability to provide other services in new formats is hindered by legislation and media publishers.

1881	7/13/2012	An election that has many bond measures, resulting in a high turn out of "no tax, no service" voters.
1882	7/13/2012	I love having a place to go to! Everything is so computerized now and lonely but the library offers a human touch which is so important.
1883	7/13/2012	People who forget how awesome it is to have a great public library and decide not to help fund it.
1884	7/13/2012	funding
1885	7/13/2012	folks not utilizing the library and therefore not voting for funding
1886	7/13/2012	money

1891	7/13/2012	Citizens not realizing the importance and benefits of free and open libraries in a culture of ebooks and electronic entertainment.
1892	7/13/2012	Funding. Instead of increasing the burden on property owners there needs to be an alternate source of funding. More book sales? Solicit for donations? Library banquet/silent auction? There has to be other ways of closing the gap.
1893	7/13/2012	politicians
1894	7/13/2012	Funding.

1895	7/13/2012	Dinosaurs. Americans don't seem to value books and reading as much as they used to.
1896	7/13/2012	Lack of funding.
1897	7/13/2012	inconsistent hours and days open- the public library needs to be just that- public, and open
1898	7/13/2012	Budget cuts, internet, sedentary lifestyle
1899	7/13/2012	No money for new materials
1900	7/13/2012	Lack of funding.
1901	7/13/2012	My guess is that it is funding. My feeling is that the library is very well used and loved in Portland.
1902	7/13/2012	being shut down
1903	7/13/2012	lack of funding support for resources and services
1904	7/13/2012	Funding
1905	7/13/2012	The library's challenge of finding a modern role in a web-enabled society.
1906	7/13/2012	The library not being available when the public needs it.
1907	7/13/2012	Cutting access and cutting materials. Let's be honest: The public library system is one of the best things about America. It is a gathering place for us to be equal, as long as access is maintained and what we have access to is diverse and rich. The homeless behavior at the Central Branch. The should have access; but behavior inside and in the area around the entrance it should be civil and non threatening.[]
1908	7/13/2012	[] Funding is an issue, and the messaging around funding. We vote for a levy and then without notice hours are cut because of fund short falls. This make me wonder if the library is well managed and deserving of any new funds or levies.
1909	7/13/2012	Less open hours and less materials
1910	7/13/2012	Funding. I would support a separate levy. While we don't use the facility very often, we do use the online service for genealogy work.
1911	7/13/2012	Lack of sustained funding at high level. Pressure to make libraries into technology centers. Not understanding its mission. [] [] I feel our library does too much at the expense of staying open. Programs for job seekers and sma businesses does not seem like the role of the library. []
1912	7/13/2012	[] It also seems like the library goes overboard on purchasing new materials. [] [] I'd appreciate seeing how upgrading to an automatic check out system and then reducing hours is beneficial to your patrons.
1913	7/13/2012	New media and technologies that decrease people's use of books.
1914	7/13/2012	Lack of commitment to services to local society. Less interest in sharing for the benefit of the group.
1915	7/13/2012	Programs will be cut and hours shortened

1916	7/13/2012	Cutting the programs for the community
1917	7/13/2012	Not being able to keep material up to date thus giving users the best service.
1918	7/13/2012	SPending cuts.
1919	7/13/2012	inadequate funding
1920	7/13/2012	Sounds like lack of funding. I for one would be willing to double or triple the current tax rate to support and expand our libraries.
1921	7/13/2012	What does a Librarian look like in 10 years? How important is print vs digital going forward? How to make the change and stay relevant.
1922	7/13/2012	I order my materials online and I'm always surprised and sometimes shocked at how many copies we have of certain books, movies and CDs. Especially with materials that have a surge in popularity, I wonder what happens to all those copies in a year or two down the line. It feels like a HUGE waste of money. And it's frustrating to see so much money spent on incredible amounts of copies when the libraries are shortening their hours.
1923	7/13/2012	The biggest threat is that dollars are diverted to other areas and that the libraries are slowly cut back until they disappear.

1926	7/13/2012	Lack of funding

1934	7/13/2012	Continued growth in e-readers
1935	7/13/2012	Financial stress and a lack of public knowledge to the local, library issues.
1936	7/13/2012	People forgetting how valuable of a resource the library is.
1937	7/13/2012	Funding? Another poorly written question.
1938	7/13/2012	Not sure. Lack of stable funding?
1939	7/13/2012	Funding

1940	7/13/2012	My concern is that the libraries will continue to increase in cost to the point that they will lose the support of those that pay for them through increasing property taxes. I am retired with no annual cost of living increase in income, as some public employees may assume all private sector retirees get, yet my taxes go up every year to the point where I am considering moving out of Portland city limits. When I move, it will be outside the city and county limits! Please limit the services that our library provides as to not repeat services offered by other public institutions.
1941	7/13/2012	non-funding
1942	7/13/2012	Foremost is a national policy priority predicated on reducing public resources and infrastructure. Also, a funding system based only on property taxes puts a perceived onus on homeowners.
1943	7/13/2012	Budget cuts that effect opening hours.
1944	7/13/2012	Funding. The city would rather fund mass transit and bike lanes than the education of our society.
1945	7/13/2012	that they will be eliminated and access to this resource destroyed
1946	7/13/2012	budget cuts
1947	7/13/2012	indifference from the general public and inactivity by the library itself. Libraries are no longer just about books - technology is changing the way libraries can and do interact with the public (spaces), for example with the use of new medias (ipad, smartphones, internet collaboration/connecting)...it is important for libraries to function within this changing world and adapt to it in order to be a part of it...see mediatheque in sendai, japan or seattle's public library for relevant examples. Funding is clearly the main obstacle to a library's sustainability, but funding will only come with a constant public dialogue/interaction between people and place/space in order to counter indifference by the public.

1951	7/13/2012	Budget cuts and the degradation of strong communities as socio-economic prosperity declines.
1952	7/13/2012	being shut down, and e books
1953	7/13/2012	Not engaging younger generations; cutting hours so much that libraries lose their role as community gathering spaces.
1954	7/13/2012	I don't know. The library is a cornerstone of our community and has services of vital importance to all ages and cultures. Maintaining access is key.
1955	7/13/2012	Limited hours.
1956	7/13/2012	Growing irrelevance.
1957	7/13/2012	I would imagine you know better than I, but I suppose the explosion of new media makes it difficult to focus and maintain a collection.

1958	7/13/2012	Ignorance? I'm fairly engaged but I have no idea how to answer when people ask me why the hours and services are being cut. I just respond with a vague reference to the economy, same as I do when I'm asked about Trimet issues. [] The way I simplified it to my kid was to explain that we don't like paying taxes and the money has to come from somewhere, and not enough money goes in the direction of the library. ldk.
1959	7/13/2012	Residents not valuing the service. Access to information should be free and hard copies of books should always be available.
1960	7/13/2012	Decreased funding, laying off librarians, shortened business hours.
1961	7/13/2012	Funding
1962	7/13/2012	cuts in programs and not being able to purchase enough books.
1963	7/13/2012	RFID chip usage.
1964	7/13/2012	Lack of funding - I would choose censorship, but I don't know of any cases locally. I think the biggest threat is people who aren't realistic about the financial condition of our city and county and aren't willing to cut back to be able to continue to enjoy SOME of the services instead of expecting the full spectrum of services they are used to having.
