Application Checklist: Submission of application documents begins the District's process of determining whether a Construction Permit is required for this project.

Are there existing District Facilities, such as streetlights, within the proposed project area?

Yes No

If no, please sign below and submit this application to District electronically at lightout@multco.us

If yes please continue.

Photometric Calculations are referenced in Administrative Rules Section 5.120

Complete photometric table by public street to determine if existing lighting levels meet District standards:

Public Street Name Intersection/Crosswalk	Functional Class	Pedestrian Activity	Minimum Average Illuminance	Uniformity Ratio

In addition, please attach the following documents:

- Photometric calculation points and results on site plan for all public streets conditioned for street lighting by County or City
 - Provide minimum average horizontal illuminance level (footcandles)
 - Provide uniformity ratio (avg/min and max/min)
 - Provide drawing showing point by point illuminance levels
