## **Executive Summary**

Health Department's Human Resources provides expertise, consultation and leadership to ensure a highly skilled and diverse workforce is hired and retained while upholding the department's core values of equity and inclusion, managing the compliance of personnel rules and legal requirements and developing and maintaining partnerships with labor unions and community stakeholders. The Human Resources team is staffed with individuals of diverse educational, professional, cultural and lived backgrounds that offer a high-level of expertise and competency and also reflect our departments workforce core values.

## **Program Summary**

With the staffing increases and changes throughout the workforce over the last several months, the volume of class comp requests have significantly increased. In order to improve the service and response time, a WOC HR Senior was created to help manage the class comp requests volume and workload distribution. Over 600 class comp actions were performed (a 50% increase since the added resource) including new position process, KSA requests, job profile development and position re-class requests. The added resource has also allowed more time to educate staff and managers on the class comp process and to help them better understand and navigate the steps when they are engaged in the process. Converting this position to regular status will continue our work to improve the service necessary to effectively support managers and staff with class comp needs.

Measure Type	Primary Measure	FY21 Actual	FY22 Budgeted	FY22 Estimate	FY23 Offer
Output	# of completed new, Limited Duration, Work out of Class, and Reclassifcation Requests	268	N/A	275	300
Outcome					

The Health Department has experienced a significant increase in requests for new position creation, reclassifications, Work out of Class/Temporary Appointments, and Limited Duration requests. The addition of a Work out of Class Human Resources Analyst Senior dedicated to class/comp, KSA, Work out of Class/Temp assignments and lead pay requests has given us the bandwidth to address the changing operational needs of our over 200 managers and supervisors.
