

TILMAAMAH A BAADHITAANKA GURIGA LAGU SAMEEYO EE iHEALTH

February 2, 2022 3:09 PM SOMALI

Waxaa muhiim ah inaad ogtahay kahor inta aadan bilaabin

- U akhri si taxaddar leh dhammaan tilmaamaha kahor inta aadan bilaabin.
- Waxaa jira tilmaamo la socda qalabka shaybaadhka. Eeg tilmaamahaasi si aad u hesho xog dheeri ah.
- Haddii aad ubaahato caawimo, wac Shaqaalahaga Caafimaadka ee Bulshada.
- Marka si sax ah loo isticmaalo baadhitaankan wax dhib ah ma keenayo.
- Shaybaadhkaaga waxaa la isticmaali karaa kaliya hal mar. Ha isticmaalin mar labaad shaybaadhka.
- Gacmahaaga haku taaban caaradda iswaabka ama xagga hore ee kaadhka.
- Umaydh gacmahaaga si fican ka hor iyo ka dib shaybaadhka.

1. Diyaarsa walxaha

- Fur baakadka kana soo saar
 - Kaadhka baarista ee ku jira jeebka
 - Tuyuubka uu ku jiro dareeruhu (extraction buffer)
 - Iswaabka oo ku jira waxa ku duuban
- Ku daa walxuhu sida ay u dhan yihiin iyagoo ku jira waxa ku duuban ilaa iyo inta loo baahanayo.
- Marka aad diyaar noqoto, kasoo saar kaadhka shaybaadhka jeebka. Dul dhig miis isku siman ama dusha kowntarka hortaada yaal.

Hal kaadh oo shaybaadhka COVID-19 ah ayaa ku jira jeebka

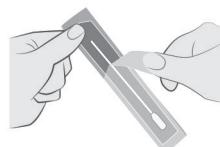

Hal tuyuub

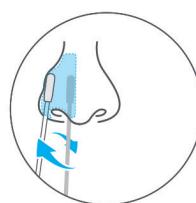

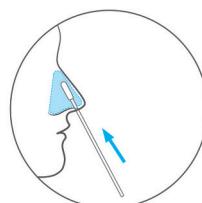

Hal iswaab

2. Qaadidda muunadda

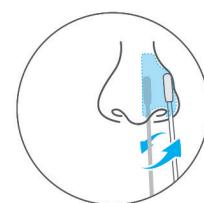

- Ka soo saar iswaabka waxa ku duuban. **Ka taxaddar oo ha taabanin caaradda.** Ha tuurin waxa ku duuban.
- Gali iswaabka mid kamid ah duleelka sanka. Si qoto dheer ha u gelinin, geli kaliya $\frac{1}{2}$ inshi (1.5 cm) inji illaa $\frac{3}{4}$ inshi (2 cm) inji.
- Ku cadaadi iswaabka gudaha duleelka sanka. Si tartiib ah oo wareeg ah iswaabka ugu xoq gudaha duleelka sankaaga.
 - Si tartiib ah oo wareeg ah iswaabka ugu wareeji gudaha duleelka sankaaga **5 jeer ama in ka badan.**
 - Waa inay ugu yaraan qaadataa **15 ilbidhiqsi.**
 - Xaqiji in aad si adag iswaabka ugu riixdo dhinacyada duleelka sankaaga.
- Isticmaal isla iswaabkaas kuna celi dhammaan tallaabooyinkaa adigoo ku samaynaya duleelka kale ee sanka.

Ilaa 3/4 inshi

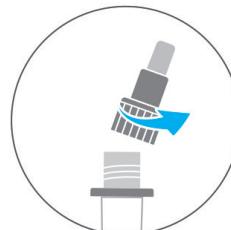

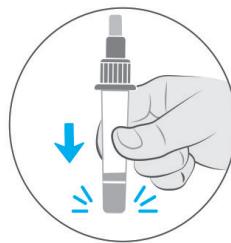

Si tartiib ah ugu buraaash garee 5x

Si tartiib ah ugu buraaash garee 5x

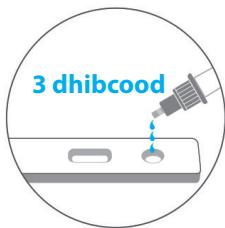

3. Taxliilinta muunadda

- Kor uqabo tuyuubka. Taabsii xagga hoose ee tuyuubka dusha miiska 2 illaa 3 jeer.
- Marooji daboolka weyn ee liimiga ah si aad ufurto quraarada. Ka taxaddar oo hadaadinin dareeraha.
- Geli caaradda iswaabka ee wata muunada tuyuubka **illaa ay ka taabanayso gunta tuyuubka**.
- Ku walaaq suufka dareeraha ku jira tuyuubka ugu yaraan **15 jeer**.
- Ku cadaadi dhinacyada tuyuubka iswaabka marka aad kasoo saarayso iswaabka tuyuubka. Tani waa inay sababto in woxoogaa dareera ahi ka tuujismo caarada iswaabka. Iswaabka waxa dib loogu celin karaa baakadkeegii hore waana la tuuri karaa.
- Dib ugu xidh daboolka liimiga ah quraarada.

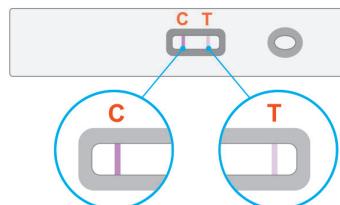

4. Ku dar muunadda oo sug

- Marooji daboolka yar ee cad ee tuyuubka illaa uu ka furmaayo.
- Dhanka kale urog tuyuubka kuna tuuji 3 dhibcood oo ah muunadda hoolka yar ee kaadhka shaybaadhka.
- Dib ugu xidh daboolka yar ee cad tuyuubka. Hoos dhig tuyuubka oo iswaabku ku jiro si aad u tuurto.
- Daa kaarku sidaa ha ahaado 15 daqiiqo. Ha taaban hana dhaqaajin.

5. Akhri natijada

- Ka dib marka aad sugto 15 daqiiqo, waxa aad akhriyi kartaa natijada baadhitaankaaga. Waa inaad akhrisadaa natijada **inta udhaxaysa 15 daqiiqo iyo 30 daqiiqo** ka dib marka aad ku tuujiso dhibcaha kaadhka. Ha akhriyin natijadaada **ka dib** marka ay 30 daqiiqo kasoo wareegtay.
- Natijada baadhitaankaagu waa mid sheegaysa inaad **CUDURKA QABTO** haddii aad aragto laba xarriijimo, mid ka hoosaysa "C" iyo mid ka hoosaysa "T".
 - » **Si dhow u firi!** Xarriijinta ka hoosaysa "T" da waxa ay noqon kartaa **midaan aad umuuqan**. Xarriijin **kasta** oo aad ku hoos arki karto "T" da waxa uu macnihiiyu yahay cudurka waad qabtaa.
 - » Fiiri tilmaamaha la socda baadhitaankaaga si aad u hesho sawirada dhabta ah ee natijooyinka muujinaya in cudurka aad qabto.
- Natijada baadhitaankaagu waa INAAN LAGAA HELIN CUDURKA haddii aad aragto kaliya hal xarriijin (waxa ay ka hoosayn doontaa "C" da).
- Baadhitaanku ma ahan mid shaqeeyay haddii aad aragto mid kamid ah waxyaabaha hoose:
 - » In wax xarriijimo ah aysan jirin
 - » Xarriijin kali ah oo ka hoosaysa "T" da
- Haddii baadhitaankaagu uusan shaqayn, samee baadhitaan kale ama wac Shaqalahaaga Caafimaadka Bulshada.

Next steps

- Akhri buugga yar ee "Waxa ay tahay inaad samayso haddii shaybaadhka cudurka lagaaga helo ama lagaaga waayo."
- Tuur qalabkaaga shaybaadhka.
- Gacmahaaga dhaq.

Tilmaamahani waa kuwo la fudeydiyay. Fadlan dib u eeg tilmaamaha la socda qalabkaaga baadhitaanka si aad u hesho tilmaamo buuxa. Haddii aad qabto wax su'aalo ah, fadlan la tasho xirfadle caafimaad.
