Executive Summary

Public Services Division Management (PSDM) provides leadership and accountability for the library's direct service to the people of Multnomah County including the 19 public libraries, community services and integrated services. Public Services Division Management plans services, develops and evaluates programs and staff, and administers the budget for all public library locations, phone, virtual and outreach services and collections. PSDM also manages security efforts to create safe and welcoming environments for library users and staff and the program management and evaluation unit.

Program Summary

Public Services Division Management (PSDM) provides executive leadership and accountability for the county's 19 public libraries, community services and integrated services. PSDM staff communicate with staff at all levels of the organization; develop collaborative relationships with community and governmental organizations to maximize the impact of library services for county residents; set priorities and policies for libraries to best address community needs and county priorities; and implement best practices for safe and efficient operations. Staff provide resources to individual managers, staff, and workgroups to improve their performance through ongoing training, coaching, leadership development and assessments.

This program oversees safety for the library. This work includes advising locations on security staffing; safety and security training; and developing and implementing related policies and procedures in collaboration with library executive leadership. The program management and evaluation unit is also part of this program. This unit provides analysis to support management decision-making, coordinates data collection for the organization, and supports the implementation of major projects.

Public Services Division Management supports the library's focus on equity and inclusion by providing strategic direction and vision for culturally specific services to the county's Black, immigrant and refugee communities. In the coming year, PSDM will direct a data equity project and move to a data justice approach of measurement and surface the stories of those often underrepresented in dominant culture data approaches and work with staff and community to co-create more meaningful measurements for library services.

Legal / Contractual Obligation

The budget reflects the passage of Measure 26-143: "Form Library District with permanent rate to fund library services," November 2012 General Election. The district summary states in pertinent part: "If approved, the Multnomah County Library District would be formed with a permanent rate dedicated to library services, operations, books, materials, programs, activities and oversight of the district. Formation of a District would ... prevent reductions in services, programs and activities, and hours."
