Program Characteristics:

Executive Summary

The St. Johns Library renovates roughly 5,600 sf existing library with an approximately 1,500 sf addition on the existing site. Project decision considerations include Library pillars, priorities, environmental sustainability and operational efficiencies.

Program Summary

This multi-year project is expected to complete procurement of the design and construction teams and start community engagement in FY 2023. Plans are to renovate roughly 5,600 sf existing library with an approximately 1,500 sf addition on the existing site. The project has a minimum aspirational goal for COBID (Certification Office for Business Inclusion and Diversity) certified firm participation in construction of 20% over the life of the project.

The renovated St. John's Library will be a neighborhood library - a location smaller than 30,000 sf that provides limited amenities and a community-driven collection.

St. John's Library, an original 1921 Carnegie building, is an iconic symbol of the St. John's community and provides neighbors with limited, but highly valued, public meeting and programming space.
