Executive Summary

Community Information provides direct library services via email, chat, telephone and other remote means. Community Information teams also develop virtual and in-person systemwide events.

Program Summary

Community Information addresses barriers to library access by providing remote services including library service-related inquiries, detailed information and research requests, assistance with homework, reading recommendations and information about community and library resources. Community Information also serves the public by developing and supporting events, classes and performances that reflect the library's priorities of leading with race and focusing resources to serve communities subjected to historical and ongoing marginalization.

Community Information teams collaborate with We Speak Your Language, Indigenous Community Services and Black Cultural Library Advocate teams to create culturally responsive events. Community Information teams also coordinate with library marketing and other subject matter experts to enhance and promote library events.

This program answers more than 150,000 phone calls, emails and chat sessions to provide trusted information each year, ranging from library hours of operation to rent assistance and housing stabilization programs. Community Information developed and provided logistical support for over 4,000 events, classes and programs attended by over 50,000 people last year.

Community Information will evaluate and create a plan for providing service by telephone in additional languages including Cantonese, Mandarin, Russian, Somali, Spanish, and Vietnamese in the next fiscal year. Community Information will work collaboratively with other library programs to evaluate and update practices for developing and supporting events in a way that optimizes the inclusion of input from communities subjected to historical and ongoing marginalization.

Legal / Contractual Obligation

The budget reflects the passage of Measure 26-143: "Form Library District with permanent rate to fund library services," November 2012 General Election. The district summary states in pertinent part: "If approved, the Multnomah County Library District would be formed with a permanent rate dedicated to library services, operations, books, materials, programs, activities and oversight of the district. Formation of a District would ... prevent reductions in services, programs and activities, and hours."
