

Appendix A: List of JOHS qualified vendors of Supportive Housing and related services

Overview: Appendix A includes two tables. The first table includes all organizations (or "suppliers") that are qualified by Multnomah County to provide Supportive Housing services. The second table includes organizations that qualified through the Washington County or Tri-County RFPQ in at least one of two service categories that are closely related to Supportive Housing (Connections to Stable Housing & Wrap-around Supports). Many organizations are qualified under multiple procurements, but the tables only include information about the relevant procurement with the latest expiration date.

Table 1: Organizations qualified to provide Supportive Housing - every proposal must include at least one of these organizations as a PSH service provider, these organizations are qualified to contract with the Joint Office to provide Supportive Housing services.
