

## 23.2 Jaggaer Release

### New Features Impacting End Users

<u><a href="#">General Site Enhancement</a></u>
<ul style="list-style-type: none"> <li>Product Release Library and Online Help Updates: The Product Release Library (PRL) has a new and improved look and feel, and Online Help has been updated to reflect the new PRL structure.</li> <li>Internet Explorer Browser: No Longer Supported for JAGGAER Solutions. The JAGGAER Solution can no longer be accessed via the Internet Explorer Browser.</li> </ul>
<u><a href="#">eProcurement</a></u>
<ul style="list-style-type: none"> <li>N/A</li> </ul>
<u><a href="#">Supplier Management</a></u>
<ul style="list-style-type: none"> <li>Supplier Search: A new experience view for supplier searches allows for better usability. The new user interface provides a consistent, modern, end-to-end experience for users with easier access to important functions, enhancing the user experience. Based on the devices being used, desktop, tablet or mobile - the new responsive layout also offers adaptive display sizes for user convenience. Users may now toggle from the classic view of the new experience view as follows:  To access the new experience view, go to <b>Suppliers &gt; Manage Suppliers &gt; Supplier Search</b>, then choose your experience by clicking the toggle  at the bottom-right of the screen, then select the search experience and "Save".  For more details, please refer to: <a href="#">UG-SP1 How to Search for a Supplier. View Supplier Record, and View Supplier Changes in MMP</a></li> </ul>
<u><a href="#">Sourcing</a></u>
<ul style="list-style-type: none"> <li>N/A</li> </ul>
<u><a href="#">Contracts+</a></u>
<ul style="list-style-type: none"> <li>Contract Term Functionality Updates: Users can define a contract term, allowing a contract end date to automatically update if the start date changes. Simply enter a start date, and then use Jaggaer's new option "Term" to have the expiration date automatically update as the Start Date is updated (by the amount of time designated in the Term).</li> </ul>
