80% of students increased benchmark scores in Reading *

81% of students increased benchmark scores in Math *

Average daily attendance of SUN CS students was **88%**

***due to changes in state testing these numbers are
not available for this year**

SUN Spotlight

SUN School has a great relationship with our school’s PTA. We collaborate on many events with the goal of serving our families at a high level. The PTA recruits volunteers for the SUN program in addition to sponsoring classes during the school year. We collaborated on the end of the year school carnival where we had a great turnout of families. From the look on students’ faces they had a great time with face painting, jumping houses, chess, soccer, dance performers, raffles and a variety of other games and entertainment. Because of the collaboration between SUN and the PTA, we were able to provide our families with great opportunities and experiences throughout the school year.

*SUN Community Schools are a collaboration of Multnomah County, the City of Portland,
local school districts, nonprofits and community.*
