

Every School a SUN Community School Work Group

Agenda

Thursday, January 20, 2011

10:00 – 11:30 a.m.

- Clarify charge for this work group: Develop Business Model for Every School a SUN CS Vision
 - By definition, this will include looking at several other key areas of Council work:
 - Educational/School Resources
 - Resource Development
 - Alignment with Cradle to Career
- Identify Key Components of the Every School a SUN CS Business Model
 - Definition of SUN Community School (what is it we are saying we want everywhere) – have existing document to review or build on
 - Essential services/programs – any specific services beyond a site manager/coordinator that we need to articulate
 - Different Levels of SUN CS (Exploring, SUN “lite”, SUN CS,) with articulated plan for folks to progress to deeper levels
 - Different site-level business/resource models (community/business-funded, fee structures, etc.)
 - Resource Development
 - Positioning SUN within Cradle to Career
 - Downsizing Protocol (when grants expire; funding is lost)
 - Minimum Threshold of resources/services – do we need consensus on the point at which we cut sites vs thin the soup?
- Priority Tasks:
 -
 -
 -
- Who else needs to be involved in this work group to accomplish these tasks?
 - Regularly
 - Review list from last meeting and identify individuals within sectors as possible
 - For specific tasks and at key decision/discussion points
 - Review Think Tank lists – will do follow up email to update them and offer opportunities to participate. Anyone specifically we should reach out to individually?
- Set next meeting
 - Understand group members’ meeting constraints
 - Meeting location
