### **SUSTAINABILITY IN COUNTY HUMAN SERVICES**

From the list below, please choose the sustainable practice/s you considered for this service and explain how you addressed sustainable practices in this procurement. Include any language you used in the space provide below. This section talks about the various sustainability practices that could be relevant to the service being procured. This could include considering the facilities being used for housing services, the waste management plan for events or housing, the types of vehicles being used to transport clients, or the type of processes, practices, materials used to provide the service.

For example: Sustainability in Residential Services could include restricting asthma triggering cleaning chemicals, implementing energy conservation practices, and implementing a composting program. Some of these considerations will be better suited to program design and scope of work. In this case you could then design evaluation criteria based on those specifications.

#### **8.) How have you incorporated sustainable practices into the service being procured**

- ☐ Transportation (i.e. fuel efficient vehicles; route optimization; idling restrictions)
- ☐ Energy Conservation (i.e. energy management plan; using energy efficient appliances; purchasing energy efficient materials)
- ☐ Water conservation (i.e. water conservation practices, using water conserving products; landscaping plan)
- ☐ Waste Management and Reduction (i.e. recycling plan; composting program; buying in bulk)
- ☐ Indoor air quality (i.e. green cleaning products; prohibiting asthma triggering chemicals; using low VOC paints and solvents)
- ☐ Janitorial/Green Cleaning (i.e. green cleaning plan; recycled content paper products; LEED based cleaning standards)
- ☐ Recycled content (i.e. purchasing products with Post Consumer Recycled content including paper and plastic products)
- ☐ Medical supplies (i.e. PVC free; mercury free; waste management; less toxic products)
- ☐ Other

**NOTE: If cleaning is a significant portion of the contracted service(s), please consider including green cleaning specifications in the scope of work and then use the evaluation criteria to establish the proposers' experience and proposed plans for green cleaning. This could include prohibiting certain chemicals rather than requiring the use of green cleaning products. This can depend on your service type and the needs of the population(s) being served.**
