Performance

Hartford Life Insurance Company

Separate Accounts Performance
For the Period Ending 06/30/2010

Select landscape orientation when printing this page

PAST PERFORMANCE IS NOT INDICATIVE OF FUTURE RESULTS. Total return includes capital appreciation (depreciation), realized gains (losses), plus dividend or interest income. The investment return and principal value of an investment will fluctuate so that when units/shares are redeemed they may be worth more, or less, than the original cost. Results shown do not take into account personal income taxes or capital gains taxes. Current performance may be higher or lower than the performance data quoted. For current performance information to the most recent month-end, call The Hartford at 1-800-528-9009.

"The Hartford" is The Hartford Financial Services Group, Inc., and its subsidiaries, including issuing company Hartford Life Insurance Company.

* Returns are net of total fund operating expenses and a mortality and expense risk and administrative charge (ME&A). The maximum ME&A charge is 1.25%; however, the ME&A charge may be lower. Refer to a current fee schedule for charges applicable under The Hartford's program.

Investment options are available through a group variable annuity contract (HL-15811). All contracts are issued by Hartford Life Insurance Company (Simsbury, CT). Total return includes capital appreciation (depreciation), realized gain (loss), plus reinvested dividend or interest income. Performance is stated after total fund operating expenses, applicable separate account charges, and all other applicable contract fees. With respect to performance displayed, where inception of the underlying fund precedes that of the separate account, performance is given since the inception of the underlying fund (whereas the inception date for Separate Account 457 is 12/31/1998). In such cases, the performance given is hypothetical and is based on the actual performance of the underlying fund.

This presentation must be preceded or accompanied by currently effective disclosure documents (including the Program Overview, Investment Options Objectives and Investment Option Fee Schedule). Read this information carefully before you invest or send money. Questions should be directed to your local Hartford Representative, our Customer Service Center at 1-800-528-9009, or our website at <http://retire.hartfordlife.com>.

- Investments in foreign securities may involve different and additional risks associated with foreign currencies, investment disclosure, accounting, securities regulation, commissions, taxes, political or social instability, war or expropriation.
- The fund's investments are concentrated in a specific industry or sector, and are subject to greater risk than traditional diversified equity funds.
- Small Cap stocks generally have higher risk and return characteristics than large-company stocks.
- Mid Cap stocks generally have higher risk and return characteristics than large-company stocks.
- Closed to new contributions and incoming transfers. Please consult your Hartford Representative for details.
- The methodology used by The Hartford in the hypothetical performance calculations for the Janus investment options may differ from the methodology used by Janus. Therefore, the performance returns shown may differ from those provided directly by Janus for the same underlying funds for the same time periods, and may differ significantly at a particular point in time. Janus approves of The Hartford's use of an alternative method that is accepted in the industry to calculate hypothetical performance.
- Securities rated below investment grade "BBB" are commonly referred to as "high yield, high risk" securities, or "junk bonds."
