**Executive Summary** 

The Community Health Council (CHC) is a federally mandated consumer-majority governing body that oversees community involvement in Health Center quality assurance, policy approvals, and management accountability for the Health Department's Integrated Clinical Services and also serves in an advisory capacity to Health Department programs and leadership. CHC Coordinator also provides contract management and oversight for the 14 Coalition of Community Health Clinics (CCHC) that have a pivotal role in serving individuals who are under or uninsured in Multnomah County.

## **Program Summary**

The Community Health Council must have no less than a 51% consumer – majority membership to meet federally mandated program requirements for FQHCs. The CHC offers an entry point for Health Center clients and non-consumer community members to give input about how the County can better meet the health needs of the community. The CHC has a critical role in assuring access to health care for our most vulnerable residents; it serves as the governing board required by HRSA's Bureau of Primary Health Care to provide oversight of policies and programs within the scope of the Primary Care Grant. At minimum, 51% of Council Members are county residents who use the Health Department's clinical services. Participation on the Council allows them to better understand and influence how the County system works. The Council is currently comprised of 10 members and is a fair representation of the communities served by Health Department's Health Center services.

The 14 member Coalition of Community Health Clinics (CCHC) are community-based clinics uniquely able to respond to changing demographics and offer culturally appropriate care while fulfilling their mission of improving and providing health care to the county's most vulnerable populations. The Coalition clinics provide free or low-cost health care to uninsured people. The County extends Federal Tort Claims coverage to the volunteer providers at the 15 Coalition of Community Health Clinics' (CCHC). Integrated Clinical Services provides licensing and credentialing for CCHC volunteer health care providers. MCHD extends opportunities for a limited number of OSHA required trainings to CCHC volunteer health care providers.

Through effective partnerships, the County has leveraged millions of dollars in local, state, and federal revenue, increasing access to services for vulnerable populations through funding of the Community Health Council and the Coalition of Community Health Clinics. The County's contract for volunteer indemnification provided an additional \$1,300,000.00 value in volunteer time with an estimated 60,356 total volunteer hours. The County's support of the coalition infrastructure and the Health Department's indemnification program assures access to critical health care for many who would otherwise be without care.

Performance Measures								
Measure Type	Primary Measure	FY14 Actual	FY15 Purchased	FY15 Estimate	FY16 Offer			
Output	Number of volunteer hours	60,356	55,000	55,000	55,000			
Outcome	Percentage of consumers involved	71%	51%	65%	51%			
Performance Measures Descriptions								

# of volunteer hours includes licensed health care volunteers at the 14 Coalition Clinics who utilize the County's indemnification program as well as Community Health Council volunteers. Percentage of consumers involved includes patient advisory boards represented through the CCHC and consumers represented on the CHC.

The Community Health Council is federally mandated by the Bureau of Primary Health Care.
