Program Characteristics	: One-Time-Only Request			

Executive Summary

This program offer provides additional funding to complete the VoIP implementation for the building and infrastructure upgrades required to complete the phone system transition of the Courthouse to the new County infrastructure and standards.

Program Summary

This program offer will support the new VoIP technology and mitigate the risk of failure of the old, unsupported systems at the Courthouse. This design supports the new Cisco-based telephony system and provides greater disaster prevention and continuity of operations for county voice communications. Due to the potential failure of the old phone system currently located in the Downtown Courthouse, this work must be completed prior to the building of the new Central Courthouse; however, the equipment will be transferable during the transition to the new building.
