Program Characteristic	s: One-Time-Only Request			

**Executive Summary** 

This program offer provides additional funding to complete the VoIP implementation for the building and infrastructure upgrades required to complete the phone system transition to the new County infrastructure and standards. This will also eliminate the single point of failure with the 17 year old obsolete, stand-alone phone system at the Hansen Building.

## **Program Summary**

This Program Offer supports the new VoIP technology and to mitigate the risk of failure of the old, unsupported systems at the Hansen building. This program offer will replace the Hansen Building's 17 year old phone system that is constantly having line and quality problems and the inability to add new features. This design supports the new Cisco-based telephony system and provides greater disaster prevention and continuity of operations for county voice communications.
