RE: Sauvie Island/Multnomah Channel Transportation System Plan (TSP) Update Hearing

A Sauvie Island/Multnomah Channel Transportation System Plan Update hearing is scheduled for the August 3rd Planning Commission Meeting. Attached to this memo are key documents that have been put together as part the TSP work and conversations that staff and our consulting team has been having with the Sauvie Island/Multnomah Channel Community Advisory Committee (CAC) and the community. At your meeting I will be going over the documents and highlighting the TSP process and findings with the aim of approval of the resolution and recommendation from the Planning Commission to the Board of Commissioners adoption of the Sauvie Island & the Multnomah Channel Rural Area Transportation System Plan 2015.
