### COMMENTS FROM JUNE SURVEY:

What aspect(s) of the meeting were most useful?	What aspect(s) of the meeting were least useful?	Any additional feedback or comments?
Preparation materials. Preparation of Rich and Matt. Eryn's facilitation. Listening to members - clarifying and keeping forward momentum and timekeeping.	I did the survey the day of the meeting - and thus missed the point of the tally - I like the survey idea and just need to look at or be signaled that I need to look more quickly.	
Continued conversation		Productive meetings! Good leadership
