Program Characteristics: In Target

Executive Summary

This offer is for the operation of jail beds at the Multnomah County Detention Center. This includes beds for pretrial inmates and sentenced offenders requiring maximum security, as well as those with medical and psychological needs. MCDC, the only maximum-security facility operated by MCSO, supports local public safety and offender treatment systems. Option A opens 46 beds on the 4th floor and 18 beds in reception as well as establishing the necessary infrastructure for MCDC.

Program Summary

The 448 maximum-security detention beds at MCDC are offered to support public safety and offender treatment systems by providing safe and humane pretrial or sentenced offender space. The facility includes services such as family and professional visiting, medical, video conferencing, counseling, law library, and religious/educational services to all those detained.

This offer includes the Administration and Support for the facility, jail services such as medical and transport, and resources for the operation of 46 beds. Ten beds serve those with special medical needs, 16 beds are for administrative segregation, 10 beds are mental health services, 18 beds are used in reception and 10 beds are for disciplinary use. This offer captures functions needed to open the jail.

The Sheriff's Office has statutory authority to maintain capacity population levels. In the event of a population emergency, arrestees may be forced released into the community. This offering, in conjunction with the MCIJ offering, will reduce the potential for emergency releases. Operational budget figures are derived from staffing and essential service functions mandated in safe and humane corrections standards.

The program's mission is to ensure that inmates are not medically harmed during their jail stays, are medically and mentally stabilized, and are treated humanely. Suicide prevention is a primary goal.
