Executive Summary

Health Clinical Data and Reporting includes the annual cost of the EPIC practice management and electronic health record system used by the Health Department. A small number of staff, under the direction of the Medical Accounts Receivable Manager, provide report development and analytical services to the department.

Program Summary

The majority of the costs in this program offer are the annual transactional costs, licencing fees and patient statement printing costs associated with the EPIC system hosted by OCHIN (Our Community Health Information Network). This system is used by Medical Accounts Receivable to process medical claims and record the payments for medical services (practice management). All of the medical services provided by the Health department use the practice management system including: primary care, dental, school based health clinics, corrections health, STD and other speciality Public Health clinics, early childhood and other community and homes based services, many also use the Electronic Health Record system.

Three staff --Data Analysts and a Business Process Consultant--under the direction of the Medical Accounts Receivable Manager, provide report writing and analytical to support to the staff and programs using EPIC and other large data systems (e.g. Accela, SAP).
