① - Most clients should only have 1 Household set up on their profile &...

② - Household Type of "Other" shouldn't be used when it is obviously one of the other options

③ - Services should happen within an entry/exit episode. These MSI services happened before they were entered in that program.

④ - MSI entries should also include an Interim Review. We should see the number '1' on the interims icon.

⑤ - Since there is a household, other household members should have been included in the program entry
