Program Characteristic	s:			

**Executive Summary** 

Juvenile Detention protects the community by holding youth in custody when they have been determined to be a serious risk to public safety and/or are high risk to not appear for court. This offer funds 16 of the 72 beds required to meet the County's daily detention needs

## **Program Summary**

Of the 72 beds required to meet the County's daily detention needs, 33 beds are contracted and reserved for Clackamas and Washington Counties. The remaining 39 beds hold high risk Multhomah County youth who are NOT appropriate for community placement. Of those 39 beds, a unit of 16 beds must be kept available for female clients.

Funding for this offer's 16 beds allows for Intake and Admissions services and housing arrangements for youth who are awaiting a trial, who are parole violators, who have serious probation violations, or who are out-of-state holds awaiting to be returned to their jurisdiction.

In FY 2015 over 1,300 youth were brought to Juvenile Detention for intake screening. The ability to safely detain delinquent youth is mandated by Oregon law and is essential to community protection. Decisions to hold youth are based on the results of a validated detention screening system developed over the past 15 years along with policies developed collaboratively among system stakeholders. This system has saved Multnomah County millions of dollars by safely diverting lower risk youth into less costly community placement alternatives. The ability to house tri-county youth in one facility maximizes the use of space and provides the flexibility needed to structure units according to age and gender.
