# **Executive Summary**

Library Books - Acquisition & Processing provides the staff necessary to select, purchase, catalog and process books and other materials added to the library materials collection in order to meet the informational, recreational and cultural needs of Multnomah County residents.

### **Program Summary**

Selection librarians decide what materials to buy using professional reviews, customer suggestions, staff input and established criteria. Their purchasing decisions reflect the diverse interests and needs of Multnomah County residents.

Acquisitions staff place orders with vendors, receive shipments, approve invoices for payment, and monitor the various funds that make up the library materials budget.

Cataloging staff create bibliographic description records and assign classification numbers to enable discovery in the online catalog and to ensure logical shelving at locations, which enables browsing.

Processing staff prepare each item/volume for shelving and checkout. This includes applying property stamps and barcodes, repackaging materials to stand up to heavy patron use, and creating inventory records. Staff members visit neighborhood libraries each month to remove out-of-date and damaged materials to keep the collection current, accurate and attractive.

Program staff are responsible for accurate accounting and expenditure of public funds and private donations. They are also accountable for ensuring that the library collection reflects the needs and interests of Multnomah County residents. Effective management of the library materials collection allows residents to enjoy recreational reading, research specific topics, to stay current on local, national and global events and continue to learn at all ages.
