Executive Summary

Rockwood Community Health Center (RCHC) provides comprehensive primary care, enabling and behavioral health services to the vulnerable and under-served residents in the East County Rockwood community. Rockwood clinic was strategically placed to provide culturally appropriate care to a population that may otherwise not have access to medical care. The clinic provides care to more than 5,100 patients that identify Rockwood Health Center as their medical home.

Program Summary

Rockwood Community Health Center primary care services are designed to be a person centered medical home (PCMH). This includes reducing barriers to access, integration of behavioral health services, providing continuity and coordination of services and collaboration with community partners. Culturally competent primary care services are provided which include, treatment of acute and chronic illnesses, behavioral health, family planning, prenatal and preventive services (well child, immunizations). Ancillary support services are operationally integrated and include pharmacy and lab. Enabling services include Medicaid eligibility screening, medical interpretation, transportation, case management and health education.

Rockwood Community Health Center plays a significant role in providing safety net medical services to residents in the community. Rockwood Health Center plays a significant role in providing safety net medical services to residents in the community.
