

Future Potential: Continuity of Care

April 13, 2018

Sheriff Michael Reese

Katie Burgard

Tim Hartnett

Opioids: A Threat to Public Safety

The threat of opioids is evolving:

- Individuals dependent on pharmaceutical opioids transition to heroin
- Deaths from Fentanyl and synthetic opioids are on the rise, **increasing 242%** between the first ten months of 2016 and the equivalent period in 2017¹

Coordinated efforts:

- Law enforcement and county jails must coordinate with health professionals to ensure individuals suffering substance use disorders receive care

PATH TO INTEGRATION

Continuity of Care

Opioids: A Threat to Public Safety

Needs

Enforcement resources, data,
intergovernmental coordination

DUAL FOCUS

Professionalism

Procedural Justice

PATH TO INTEGRATION

Opioids: A Threat to Public Safety

Dual Focus

Needs

Enforcement resources, data,
intergovernmental coordination

Overlapping missions:
Public Safety ↔ Treatment

DIVERSION

Pre-Booking

- Law Enforcement Assisted Diversion (LEAD)
- Homeless Outreach and Programs Engagement (HOPE)
- Mental Health Diversion

Post-Booking

- Treatment First
- Secure Transport/Transition Placement
- Pretrial Supervision Program (DCJ)
- Close Street Supervision (MCSO)

PATH TO INTEGRATION

Continuity of Care

Opioids: A Threat to Public Safety

Dual Focus

Diversion

Needs

Enforcement resources, data,
intergovernmental coordination

Overlapping missions:
Public Safety ↔ Treatment

Evaluation of existing efforts and
universal screening

CUSTODY

Facilities and Operational Use:

- Manage two facilities
 - *Multnomah County Detention Center*
 - *Multnomah County Inverness Jail*
- Dedicated, specialized housing
 - *Treatment Readiness Dorm, Mental Health Units, and Medical Services*
- Renovations
 - *Eye towards safety, calming esthetics, and interaction*
- Overarching Goal
 - *Least restrictive housing assignments*
 - *Increase out of cell time*
 - *Facilitate time to manage life and access programming*
