**Executive Summary** 

Medical Accounts Receivable is responsible for providing medical billing, cash collection and patient account services for the Health Department's primary care, dental, specialty clinics, pharmacy, lab, home and community based health services.

## **Program Summary**

The Medical Accounts Receivable Team is responsible for billing and collecting nearly \$75 million a year in medical revenue. This includes billing, collection, cash handling and patient account services for clinics (primary care, school based health clinics, specialty public health and dental) as well as ancillary (lab, pharmacy) and home and community based care (early childhood, healthy homes). The medical billing team maintains, bills and reconciles claims submitted to more than 200 different insurance carriers including Health Share of Oregon, Family Care and other Medicaid, Medicare, and commercial medical and dental insurance plans.

Measure		FY18	FY19	FY19	FY20
Туре	Primary Measure	Actual	Purchased	Estimate	Offer
Output	Number of encounters processed for payment	302,608	309,820	310,000	310,000
Outcome	Percent of Receivables aged (older than 90 days)	23%	21%	23%	21%
Quality	Days of Accounts Receivable	47	51	45	45

Number of encounters demonstrates volume of work. % of receivables older than 90 days should be a small and declining %, since the older a claim gets, the less likely it is to be paid. Finally there are many reasons why a claim might not be paid (e.g. client ineligible for service, didn't have insurance coverage on the date of service) but this should be a small and declining % of total claims.

## Revenue/Expense Detail

	Proposed General Fund	Proposed Other Funds	Proposed General Fund	Proposed Other Funds
