Executive Summary

This offer restores a position in Budget, Grants Management, Accounts Payable, and Contract & Procurement, within the Business Operations division for a total of four positions.

Program Summary

Business Operations needed to cut 6 FTE or 8 percent of the staff to meet budgetary constraints. While all of the positions are essential, these positions are critical to the Health Departments capacity to support financial reporting, grant billing, invoice processing, and contract creation.

Maintaining this capacity is critical for maximizing grant revenue, ensuring contract and audit compliance, and supporting the wide financial monitoring needs of Health Department programs. While all of the positions are essential, these supporting programs are the areas most impacted by Workday. This new system is changing the way business functions are performed. These areas (Accounting, Contracting, Finance, Purchasing, Payroll and Human Resources) are still evaluating and learning what staffing changes will be required to optimize Workday. Eliminating essential positions at this juncture will hamper our ability to use the new system to its fullest.
