Program Characteristic	s:			

# **Executive Summary**

The County Medical Examiner's Office (ME) investigates and determines the cause and manner of deaths which occur under specific circumstances in Multnomah County. Approximately 2,200 of the County's 6,500 yearly deaths fall into this category. ME Office activities are highly visible to the public when a questionable death occurs in the community. ME staff are directly involved with the families, loved ones of deceased individuals, and the emergency response community, (police, fire, mortuary services, accident investigators) on a daily basis. The Office operates 24/7/365.

### **Program Summary**

Under ORS Chapter 146, the County is required to have a Medical Examiner (ME) Office investigate deaths that occur under specific circumstances. These include deaths a) that are apparently homicidal, suicidal or occurring under suspicious circumstances, b) resulting from unlawful use of controlled substances or toxic agents, c) following an accident or injury, d) occurring under incarceration or police custody, and e) during or arising from employment. They also include deaths that are sudden, unexpected or that are unattended by a physician.

As most deaths investigated by the ME are sudden and unexpected, the ME's Office is in a unique position to identify unusual and emerging causes of death and injury, and to contribute to preventive public health interventions. Examples include clusters of death due to an unknown illness, prescription medication, overdose, or illicit drug use.

ORS 146 establishes a hybrid state/county approach to ME services. Counties and the state share authority and responsibility for staffing, supervision, operations, and technical direction. Multnomah County staff carry out field death investigations, authorize removal of deceased persons from the place of death, notify next-of-kin, and protect decedents' property until a personal representative takes charge. They also work in collaboration with state physician Medical Examiners who perform autopsies and certify the cause and manner of death. The Multnomah County ME's Office is physically co-located with the Clackamas County and Oregon ME Offices in an Oregon State Police facility in Clackamas County.

	Performance Measures					
Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer		
Number of deaths requiring investigation	2,313	2,500	2,425	2,500		
Deputy Medical Examiner arrives on-scene within one hour for 90% of calls	72%	80%	70%	80%		
	Number of deaths requiring investigation Deputy Medical Examiner arrives on-scene within one	Primary MeasureActualNumber of deaths requiring investigation2,313Deputy Medical Examiner arrives on-scene within one72%	Primary MeasureActualPurchasedNumber of deaths requiring investigation2,3132,500Deputy Medical Examiner arrives on-scene within one72%80%	Primary MeasureActualPurchasedEstimateNumber of deaths requiring investigation2,3132,5002,425Deputy Medical Examiner arrives on-scene within one72%80%70%		

Output: Number of deaths in Multnomah County that require investigations. Because census data and occurrence deaths are tracked at the calendar year level, these data are based on calendar years.

Outcome: A Deputy Medical Examiner arrives on-scene in 90% of calls requiring on-scene investigation within one hour of first notification in order to support public safety, law enforcement, and affected members of the public.

# Legal / Contractual Obligation

ORS 146 specifies responsibilities and authorities for the Office (i.e. deaths requiring investigation; responsibility for investigation; notification of death; removal of body; authority to enter and secure premises; notification of next of kin; authority to order removal of body fluids; autopsies; disposition of personal property; unidentified human remains). ORS 146 also establishes a hybrid state/county program structure which limits the county's authority over operations, procedures, and technical functions.

#### Significant Program Changes

Last Year this program was: FY 2019: 40052A-19 Medical Examiner

The MC Medical Examiner's Office (MCMEO) has experienced an increase in budget costs related to collective bargaining, which increased staff salaries by 6% and increased both shift and relief shift differentials. The MCMEO currently employs a staff of 7 full-time Deputy Med. Examiners (aka, Death Investigators) and 1 Chief Deputy Med. Examiner to cover an ORS-required 24/7/365 operation. The MCMEO is physically co-located with the Clackamas County and Oregon ME Offices in an Oregon State Police facility in Clackamas County. In 2018, the MCMEO investigated 2,313 deaths. With the addition of a 7th investigator this year, the MCMEO has increased the number of scene responses to cases that were previously phone reviews (1,162 cases). Currently, the MCMEO has 2 scene vehicles for scene response. Due to the increased number of investigations, the MCMEO will purchase a 3rd vehicle to increase scene response times.
