**Department:** District Attorney **Program Contact:** Kirsten Snowden

Program Offer Type: Existing Operating Program Program Offer Stage: As Requested

Related Programs: Misdemeanor Trial Unit

Program Characteristics: Out of Target

### **Executive Summary**

Restores a 1.00 FTE deputy district attorney position previously lost/reduced as part of a 2% budgetary constraint. This position reviews commitment and pre-commitment reports and investigations compiled by Multnomah County Forensic Investigators as part of the Civil Commitment process outlined in ORS 426.095. This position makes appearances on behalf of the committing jurisdiction, coordinates witnesses and presents evidence and argument to the court in connection with involuntary commitment hearings as outlined in ORS 426.095.

## **Program Summary**

Civil commitments: The deputy district attorney (DDA) in this position receives, reviews, organizes and presents evidence to the court in connection with the involuntary psychiatric civil commitments of persons who are alleged to be mentally ill and are a danger to self, danger to others, or are unable to provide for basic personal needs as necessary for health or safety as those terms are defined in ORS 426.005-426.390.

Civil Commitment proceedings are non-criminal proceedings required by statute (ORS 426.070) when a Circuit Court or community mental health program director or designee receives notice that a local health officer believes a person meets the criteria for involuntary commitment. At these Civil Commitment proceedings the allegedly mentally ill person (AMIP) is represented by counsel, and the has a right to examine treating physicians, and cross-examine all witnesses, evidence and persons conducting evaluations. The DDA in this position represents the "State's interest" and presents all evidence and arguments to the court; to include civilian witness testimony and the testimony of psychiatric experts.

By law a civil commitment hearing must be held within five judicial days of a hold initiated under ORS 426.070. These hearings are conducted at various hospitals and psychiatric facilities located throughout the county. They are not conducted in the courthouse where the DA's Office is located. Commonly the DDA in this position will travel to more than one facility per day to participate in these hearings. Due to an increased population with mental health issues, the workload requirements for this position has increased greatly. Due to the firm time constraints on when these hearings must occur, these hearings also commonly last in excess of the standard 8-hour working court day.

These hearings may be conducted by the County Attorney. Continued funding/ capacity reductions to MCDA, combined with the priority to pursue primary criminal core obligations that cannot be delegated to another county department make MCDA unable to continue this civil function without the restoration of this 1.00 FTE position.

## **Legal / Contractual Obligation**

ORS 426.005-426.390 requires by law that after a commitment proceeding is initiated a community mental health program director or designee will initiate an investigation, and that if based on said investigation a hold is placed, within 5 judicial days of said hold a representative of the "state's interest" must present evidence to the court establishing by clear and convincing evidence the criteria set out in 426.005 et al. These civil obligations can be fulfilled by other county entities.

## Significant Program Changes

## Last Year this program was:

This is a new program offer submitted to restore a 1.00 FTE DDA previously lost/reduced as part of a 2% budgetary constraint. As stated above, these hearings are non-criminal, but statutes do require a party to represent the "state's interest" and present evidence on behalf of the county at these hearings.
