STATE INCOME TAX WITHHOLDING NOTIFICATION

401, 403(b), 408 and Governmental 457 Plan Distribution

NOTIFICATION

If you are a resident of Arkansas, California, Connecticut, Delaware, District of Columbia, Georgia, Iowa, Kansas, Maine, Maryland¹, Massachusetts, Michigan, Nebraska², North Carolina³, Oklahoma, Oregon, Vermont, or Virginia¹, your state requires state income tax withholding on the taxable portion of your distribution from your 401, 403(b), 408 Individual Retirement or Governmental 457 Plan. This state income tax withholding is in addition to the mandatory 20% (or, in some cases, 10%) federal income tax withholding. Please note, when a state cost basis differs from federal, the federal cost basis will be used in determining taxability for state income tax withholding purposes.

- If you are a resident of **California** or **Oregon** state income tax withholding will be calculated **unless** you elect "out" of state income tax withholding.
- If you are a resident of **Arkansas**, **North Carolina**³ or **Vermont**, state withholding will be automatically calculated when federal income tax withholding applies. If you do not elect "out" of 10% federal income tax withholding, you can still choose to elect out of state withholding. Requesting North Carolina withholding over mandatory amounts requires their Form NC-4P, Withholding Certificate for Pension or Annuity Payments.
- If you are a resident of **Iowa**, **Maine**, **Massachusetts**, **Nebraska**², or **Oklahoma**, state income tax withholding will be automatically calculated as these states do not allow an election "out" of state income tax withholding when federal income tax withholding applies.
- If you are a resident of **Delaware**, **Kansas** or **Maryland**¹ and are subject to mandatory 20% federal income tax withholding, state income tax withholding will be automatically calculated. State withholding is not required when 10% federal income tax withholding applies.
- If you are a resident of **Virginia**¹ or **Michigan**, state income tax withholding will be calculated automatically **unless** you meet certain criteria and claim an exemption from withholding. To claim an exemption or to request withholding over mandatory amounts, complete Form VA-4P for Virginia or Form MI-W4P for Michigan, and return the appropriate form to us with, and to the same designated location as, your Withdrawal Request.
- If you are a resident of the **District of Columbia** and are receiving a total distribution of your account balance, state income tax withholding will be automatically calculated. State withholding is not required for partial distributions.
- If you are a resident of **Georgia** and are receiving periodic payments, state income tax withholding will be automatically calculated unless you elect out.
- If you are a resident of **Connecticut** and are receiving partial non-periodic payments, state income tax withholding will be taken at the highest marginal rate unless you claim exemption from withholding and/or request additional withholding by completing Form CT-W4P. If you are receiving a total payment of your account balance, state income tax withholding will be taken at the highest marginal rate unless you request additional withholding by completing Form CT-W4P. You cannot claim exemption from withholding for a total payment. If you are receiving a periodic payment, state income tax withholding will be taken at the highest marginal rate unless you complete Form CT-W4P. Form CT-W4P must be returned to us with, and to the same designated location as, your Withdrawal Request.

¹Maryland and Virginia state income tax withholding is not required for distributions from 408 Plans.

²Nebraska state income tax withholding is not required for premature distributions from 408 Plans.

³North Carolina does not apply to distributions from NC state and local government or federal retirement systems for those vested as of 8/12/89.
