## Caawinta la qabsiga caruurta: Tilmaamaha loogu tala galay waalidiinta iyo daryeel bixiyeyaasha

**Waxaa laga yaabaa in aad aragto isbadalo dhanka dabeeecadda ah haddii canuggaagu dhibtoonayo:**

- Isbadalka dhanka shahsiga ah. Tusaale ahaan: Canugga aamusan oo daryeelka leh waxaa laga yaabaa in uu noqdo mid qaylo badan oo xanaaqaya. Canugga isagu bulshaawiga ahi waxaa laga yaabaa in uu noqdo mid xishood badan oo cabsanaya.
- Butaacinta shucuurta iyo muujinta xanaaqa.
- Qarowga ama cabsi inuu seexdo kaligii ama marka layrku dansanyahay.
- Ku tiirsanaanta dadka kale iyo oohin iyo cabaad ka badan sida caadiga ah.
- Ku laabashada dabeeecadda caruurnimo, sida ku kaadinta sariirta iyo nuugista suulka.

**Waxaa jira waxyaabo aad samayn karto si aad u kaalmayso canuggaaga:**

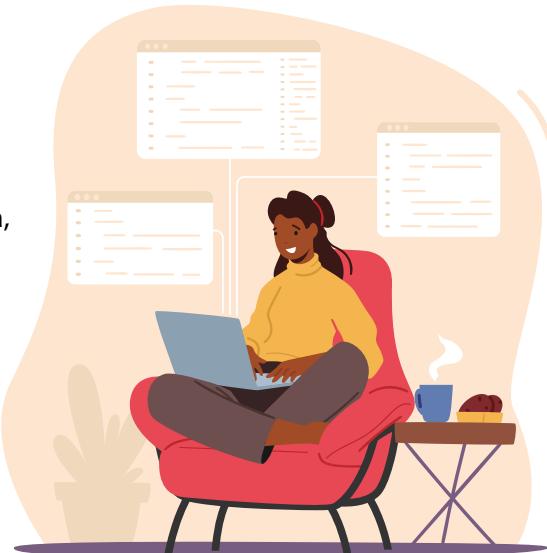

- **Ahow mid deggen.** Ku daji ereyo iyo ficio deggen.
- **U sharrax xaqiqooyinka.** Haka beensheegin xaaladda; sii macluumaad run ah oo fudud kaasoo ku saabsan waxa dhacaya iyo sida qofku badqabkiisa u ilaalinayo. Marka ay su`aalo ku weydiyaan, xaqiji in ay jawaabahaaga fahmeen. Ha siin macluumaad ka badan midka ay isticmaalayaan ama fahmi karaan.
- **Deji.** U sheeg in ay badqabaan, aan laga tagi doonin, aadna adigu u joogto si aad u ilaalso.
- **La falankee welwelkooda iyo baqdintooda.** U ogolow wakhti ay ku xalin karaan sida ay wax u dareemayaan waxa dhacaya. Ka taxaddar in aadan u muujin in aad xukumayso dareenkooda. Xasuusi in ay tahay caadi in la baqo. In aysan u baahnayn in ay geesi ahaadaan ama mid adag. In ay caadi tahay in la ooyo.
- **In ay raacaan ruutiinadoodii.** Cuntooyinka, howlaha, hurdada, iwm. waa in ay ahaadaan «caadi» sida ugu macquulsan.
- **Yaree ka la socoshada warbaahinta.** Tabinta wararka (ama barahha bulshada) kuwaas oo ku saabsan cudurka safmarka ah waxay kordhin kartaa welwelkooda.
- **U ogolow in ay dareenadooda ku muujiyaan farshaxan iyo muusig.** Ku dhiiri gali in ay wax sawiraan, riinjiyeeyaan, heesaan, qalabka ay ku ciyaraan, ama ay sheekoooyin sheegaan. Ku dhiiri gali in ay sheekadooda ku dhameeyaan, "Laakiin waanu naqaanaa sida loo ahaado mid badqaba."
- **Sii xabad galin badan, dhoola caddayn badan, iyo ereyo naxariis leh.** Taageer ubaahnaanshiyahoda ay u baahan yihiin inay kaa ag dhawaadaan.
- **Wax ka baddal shuruucda.** U ogolow in ay haystaan alaabta habeenkii ay isku maaweeliyan, sida caruuusadaha xayawaanka ah iyo iftiinada habaynkii.
- **Xaqiji in ay ogyihiin in aysan mas`uul ka ahayn** waxa dhacaya.
- **Qayb haka noqdaan dadaalada soo kabashada.** Sii shaqo ay si ammaan ah ku dhammayn karaan si aad awood ugu siiso ugana caawiso in ay u arkaan in waxkasta ay si wanaagsan u socdaan.
- **Iyaga sii xukun iyo awood.** Ayada oo waxyaabo badan ka bixi doonaan awooddooda, u tilmaan waxyaabaha ay wali maamuli karaan. U ogolow in ay maamulaan waxyaabaha fufudud sida waxa ay xiranayaan, waxa ay cunayaan, iyo halka ay seexanayaan.
- **Ha ceebayn.** U sheeg in aysan ahayn khaladkooda haddii ay ku laabtaan dabeeecaddoooda caruurnimo (sariir ku kaadinta, nuugista suulka) mar labaad; waxay la tacaalayaan isbaddal cabsi leh.

## U diyaar garow COVID-19: Qorshe samee!

Qaabka kale ee lagu yarayn karo welwelka iyo walbahaarka waa in horey qorshe loo sii sameeyo. Haddii adiga ama qof kamid ah qoyskaaga uu xanuunsado, waxa uu noqon karaa wakhti wareer iyo naxdin leh. Horey usii ogaanshaha waxa aad qaban doonto haddii ama marka uu wakhtigu yimaado wakhtiga adagi waa fikir fican iyo waana mid awood ku siinaysa.

### **Qorshe u samee sida aad adiga ama qoyskaagu daryeel ku heli lahaydeen haddii aad xanuunsataan.**

- Qor magaca iyo lambarka telefoonka dhaqtarkaaga ama xarunta caafimaad
- Qor dhibaato kasta oo caafimaad oo hadda jirta sida neefta ama sonkorowga qof kasta oo jooga gurigaaga
- Qor dhammaan daawooyinka uu qof kasta qaato
- Caddee qofka daryelaya caruurta, rabaayadda, ama dadka kale ee ku nool gurigaaga kuwaas oo u baahan kormeer ama daryeelka haddii midkood xanuunsado
- Kala hadal saaxiibada iyo dariska iskacaawinta waxyabaha loo baahan yahay sida adeegyada raashinka, adeegyada, ama daryeelka rabaayadda
- Xaqqiji in aad hesho daawooyin kugu filan, cunto, iyo adeegyada kale haddii aad u baahato in aad guriga joogto muddo todobaadyo ah marka aad xanuunsan tahay ama haddii aad u baahato in aad karantiilnaanto. Ka xaqijji farmashigaaga adeegyada iimaylka lagu dalbado
- La wadaag qorshahaaga qof kasta oo aad la nooshayah
