### **Executive Summary**

The Work Crew Unit provides an opportunity for adults in custody to learn valuable job skills and earn time off their sentence. New in 2021, in collaboration with the MCSO counseling staff, the work crew program has introduced PEP (pathways to employment program). The PEP program provides training, resources, work experience, and a plan for employment after release from custody. While receiving training, mentoring, and work experience, adults in custody are able to earn time off sentences.

## **Program Summary**

The MCSO Work Crew Unit provides adults in custody with real world work experience in a safe environment that focuses on building positive relationships and comprehensive training in a variety of job skills. Deputies work with adults in custody to develop two types of work place skills. The first are general work place skills to include; time management, teamwork, professionalism, effective communication, attention to detail, and working safely. The second are job specific skills directly related to a job or field of work.

During the COVID-19 pandemic the Work Crew Unit has prioritized the safety of all workers in the program by stopping any work outside of the facility. In addition, a reduction in the overall jail population has limited the number of workers available. Like so many organizations in our community, this has led to a pivot in the unit's work that has led to an exciting new opportunity.

The Pathways to Employment Program (PEP) is a collaboration between MCSO's Corrections Counselors, Work Crew deputies and SE Works which provides a mechanism to schedule training and life skills classes, track work experience and training received from the work crew program, and assist adults in custody with a plan for employment after release from custody. The goal of the work crew program is to use training, relationships with outside partners, and real work experience to successfully transition adults in custody to gainful employment after release from custody.
