Explanation of Revenues

This program is supported by General Fund revenues.

External revenues for the deferred compensation program are contractually negotiated with the County's deferred compensation provider through a revenue sharing agreement. All administrative costs associated with the program are paid for through the agreement. The revenue sharing enables the County to offer the program to employees at no cost to the County. The estimated reimbursement for FY 2022 is \$155,053 and is adjusted each following year by the CPI-W. In addition \$50,000 of BWC from FY 2021 is budgeted.
